Charmed Homes Inc.
(A Development Stage Company)
Notes to the Consolidated Financial Statements
July 31, 2009
(Expressed in US dollars)
(unaudited)

1. Nature of Operations and Continuance of Business

Charmed Homes Inc. (the "Company") was incorporated in the State of Nevada on June 27, 2006. The Company is a Development Stage Company, as defined by Statement of Financial Accounting Standard ("SFAS") No.7, "Accounting and Reporting by Development Stage Enterprises". The Company's principal business is the sale of constructed or purchased homes.

These consolidated financial statements have been prepared on a going concern basis, which implies the Company will continue to realize its assets and discharge its liabilities in the normal course of business. The Company has generated revenues of \$505,665 since inception and has never paid any dividends and is unlikely to pay dividends or generate earnings in the immediate or foreseeable future. The continuation of the Company as a going concern is dependent upon the continued financial support from its shareholders, the ability of the Company to obtain necessary equity financing to continue operations, and the attainment of profitable operations. As at July 31, 2009, the Company has accumulated losses of \$130,438. These factors raise substantial doubt regarding the Company's ability to continue as a going concern. These financial statements do not include any adjustments to the recoverability and classification of recorded asset amounts and classification of liabilities that might be necessary should the Company be unable to continue as a going concern.

2. Summary of Significant Accounting Policies

a) Basis of Presentation

These consolidated financial statements and related notes are presented in accordance with accounting principles generally accepted in the United States, are expressed in US dollars and include the accounts of the Company and its wholly-owned subsidiary, Charmed Homes Subsidiary, Inc., which was incorporated on November 26, 2008. All intercompany transactions and balances have been eliminated upon consolidation. The Company's fiscal year-end is January 31. The Company has evaluated all subsequent events through the time at which the Company's Form 10-Q for the quarter ended July 31, 2009 was filed with the SEC on September 14, 2009.

b) Interim Financial Statements

These interim unaudited financial statements have been prepared in accordance with accounting principles generally accepted in the United States for interim financial information and with the instructions to Securities and Exchange Commission ("SEC") Form 10-Q. They do not include all of the information and footnotes required by generally accepted accounting principles for complete financial statements. Therefore, these financial statements should be read in conjunction with the Company's audited financial statements and notes thereto for the year ended January 31, 2009, included in the Company's Annual Report on Form 10-K filed April 30, 2009 with the SEC.

The financial statements included herein are unaudited; however, they contain all normal recurring accruals and adjustments that, in the opinion of management, are necessary to present fairly the Company's financial position at July 31, 2009, and the results of its operations and cash flows for the six month periods ended July 31, 2009 and 2008. The results of operations for the period ended July 31, 2009 are not necessarily indicative of the results to be expected for future quarters or the full year.

c)

Use of Estimates

The preparation of financial statements in conformity with US generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. The Company regularly evaluates estimates and assumptions related to donated expenses and deferred income tax asset valuations. The Company bases its estimates and assumptions on current facts, historical experience and various other factors that it believes to be reasonable under the circumstances, the results of which form the basis for making judgments about the carrying values of assets and liabilities and the accrual of costs and expenses that are not readily apparent from other sources. The actual results experienced by the Company may differ materially and adversely from the Company's estimates. To the extent there are material differences between the estimates and the actual results, future results of operations will be affected.

(A Development Stage Company)
Notes to the Consolidated Financial Statements
July 31, 2009
(Expressed in US dollars)
(unaudited)

2. Summary of Significant Accounting Policies (continued)

d) Earnings Per Share

The Company computes earnings (loss) per share in accordance with SFAS No. 128, "Earnings per Share". SFAS No. 128 requires presentation of both basic and diluted earnings per share ("EPS") on the face of the income statement. Basic EPS is computed by dividing earnings (loss) available to common shareholders (numerator) by the weighted average number of shares outstanding (denominator) during the period. Diluted EPS gives effect to all dilutive potential common shares outstanding during the period using the treasury stock method and convertible preferred stock using the if-converted method. In computing Diluted EPS, the average stock price for the period is used in determining the number of shares assumed to be purchased from the exercise of stock options or warrants. Diluted EPS excludes all dilutive potential shares if their effect is anti dilutive. There are no dilutive securities outstanding at July 31, 2009.

e) Comprehensive Loss

SFAS No. 130, "Reporting Comprehensive Income," establishes standards for the reporting and display of comprehensive loss and its components in the financial statements. As at July 31, 2009 and 2008, the Company has no items that represent a comprehensive loss and, therefore, has not included a schedule of comprehensive loss in the financial statements.

f) Cash and Cash Equivalents

The Company considers all highly liquid instruments with maturity of three months or less at the time of issuance to be cash equivalents.

g) Inventory

Inventory consists of real estate purchased for resale and is valued at the lower of cost and net realizable value. Cost is determined using the specific identification method.

h) Financial Instruments and Fair Value Measurements

SFAS No. 157 "Fair Value Measurements" requires an entity to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value. SFAS No. 157 establishes a fair value hierarchy based on the level of independent, objective evidence surrounding the inputs used to measure fair value. A financial instrument's categorization within the fair value hierarchy is based upon the lowest level of input that is significant to the fair value measurement. SFAS No. 157 prioritizes the inputs into three levels that may be used to measure fair value:

Level 1

Level 1 applies to assets or liabilities for which there are quoted prices in active markets for identical assets or liabilities.

Level 2

Level 2 applies to assets or liabilities for which there are inputs other than quoted prices that are observable for the asset or liability such as quoted prices for similar assets or liabilities in active markets; quoted prices for identical

assets or liabilities in markets with insufficient volume or infrequent transactions (less active markets); or model-derived valuations in which significant inputs are observable or can be derived principally from, or corroborated by, observable market data.

Level 3

Level 3 applies to assets or liabilities for which there are unobservable inputs to the valuation methodology that are significant to the measurement of the fair value of the assets or liabilities.

(A Development Stage Company)
Notes to the Consolidated Financial Statements
July 31, 2009
(Expressed in US dollars)
(unaudited)

2. Summary of Significant Accounting Policies (continued)

h) Financial Instruments and Fair Value Measurements (continued)

The Company's financial instruments consist principally of cash and accounts payable. Pursuant to SFAS No. 157, the fair value of the Company's cash equivalents, when applicable, is determined based on "Level 1" inputs, which consist of quoted prices in active markets for identical assets. The Company estimates that the recorded values of all of its other financial instruments approximate their current fair values because of their nature and respective maturity dates or durations. Financial instruments that potentially subject the Company to concentrations of credit risk consist primarily of cash in excess of federally insured amounts. To date, the Company has not incurred a loss relating to this concentration of credit risk.

The Company's operations are in Canada, which results in exposure to market risks from changes in foreign currency rates. The financial risk is the risk to the Company's operations that arise from fluctuations in foreign exchange rates and the degree of volatility of these rates. Currently, the Company does not use derivative instruments to reduce its exposure to foreign currency risk.

i) Income Taxes

The Company accounts for income taxes using the asset and liability method in accordance with SFAS No. 109, "Accounting for Income Taxes". The asset and liability method provides that deferred tax assets and liabilities are recognized for the expected future tax consequences of temporary differences between the financial reporting and tax bases of assets and liabilities, and for operating loss and tax credit carryforwards. Deferred tax assets and liabilities are measured using the currently enacted tax rates and laws that will be in effect when the differences are expected to reverse. The Company records a valuation allowance to reduced deferred tax assets to the amount that is believed more likely than not to be realized.

j) Foreign Currency Translation

The Company's functional and reporting currency is the United States dollar. Significant transactions may occur in Canadian dollars and management has adopted SFAS No. 52, "Foreign Currency Translation". Monetary assets and liabilities denominated in foreign currencies are translated using the exchange rate prevailing at the balance sheet date. Non-monetary assets and liabilities denominated in foreign currencies are translated at rates of exchange in effect at the date of the transaction. Average monthly rates are used to translate revenues and expenses. Gains and losses arising on translation or settlement of foreign currency denominated transactions or balances are included in the determination of income.

k) Revenue Recognition

The Company recognizes revenue in accordance with SFAS No. 66, "Accounting for Sales of Real Estate". The sale of constructed or purchased houses will be recognized in full once the real estate property has been sold, the profit is determinable, collectibility of the sales price is reasonably assured, and the earnings process is virtually complete whereas the Company is no longer further obligated to perform significant activities after the sale to earn the profit.

l) Recent Accounting Pronouncements

Edgar Filing: Charmed Homes Inc. - Form 10-Q

In June 2009, the Financial Accounting Standards Board (“FASB”) issued SFAS No. 168, “The FASB Accounting Standards Codification and the Hierarchy of Generally Accepted Accounting Principles – a replacement of FASB Statement No. 162”. Under SFAS No. 168, the FASB Accounting Standards Codification (Codification) will become the sole source of authoritative U.S. GAAP to be applied by nongovernmental entities. SFAS No. 168 is effective for financial statements issued for interim and annual periods ending after September 15, 2009. The adoption of this statement will have no material impact on the Company’s consolidated financial statements but will require that interim and annual filings include references to the Codification.

Notes to the Consolidated Financial Statements
July 31, 2009
(Expressed in US dollars)
(unaudited)

2. Summary of Significant Accounting Policies (continued)

l) Recent Accounting Pronouncements (continued)

In June 2009, the FASB issued SFAS No. 167, "Amendments to FASB Interpretation No. 46(R)". SFAS No. 167 amends the accounting for variable interest entities ("VIEs") and changes the process as to how an enterprise determines which party consolidates a VIE. SFAS No. 167 also defines the party that consolidates the VIE (the primary beneficiary) as the party with (1) the power to direct activities of the VIE that most significantly affect the VIE's economic performance and (2) the obligation to absorb losses of the VIE or the right to receive benefits from the VIE. Upon adoption of SFAS No. 167, the reporting enterprise must reconsider its conclusions on whether an entity should be consolidated, and should a change result, the effect on its net assets will be recorded as a cumulative effect adjustment to retained earnings. SFAS No. 167 is effective for fiscal years beginning after November 15, 2009, and interim periods within those fiscal years and early application is prohibited. Management is currently evaluating the impact of this statement.

In June 2009, the FASB issued SFAS No. 166, "Accounting for Transfers of Financial Assets - an amendment of FASB Statement No. 140". SFAS No. 166 limits the circumstances in which a financial asset may be derecognized when the transferor has not transferred the entire financial asset or has continuing involvement with the transferred asset. The concept of a qualifying special-purpose entity, which had previously facilitated sale accounting for certain asset transfers, is removed by SFAS No. 166. SFAS No. 166 is effective for financial asset transfers occurring in fiscal years beginning after November 15, 2009, and interim periods within those fiscal years and early application is prohibited. Management is currently evaluating the impact of this statement.

m) Recently Adopted Accounting Pronouncements

In May 2009, the FASB issued SFAS No. 165 "Subsequent Events". SFAS No. 165 provides general standards of accounting for and disclosure of events that occur after the balance sheet date but before financial statements are issued or are available to be issued. The statement sets forth the period after the balance sheet date during which management of a reporting entity should evaluate events or transactions that may occur for potential recognition or disclosure in the financial statements. The statement also sets forth the circumstances under which an entity should recognize events or transactions occurring after the balance sheet date in its financial statements. Furthermore, this statement identifies the disclosures that an entity should make about events or transactions that occurred after the balance sheet date. The Company adopted SFAS 165 in the quarter ended July 31, 2009 and had no impact on the consolidated financial results. See related disclosure included in Note 2(a).

In May 2008, the FASB issued SFAS No. 162, "The Hierarchy of Generally Accepted Accounting Principles". SFAS No. 162 identifies the sources of accounting principles and the framework for selecting the principles used in the preparation of financial statements of non-governmental entities that are presented in conformity with generally accepted accounting principles in the United States. SFAS 162 became effective November 15, 2008. The adoption of SFAS 162 did not have a material effect on the Company's consolidated financial statements.

In March 2008, the FASB issued SFAS No. 161, "Disclosures about Derivative Instruments and Hedging Activities – an amendment to FASB Statement No. 133". SFAS No. 161 is intended to improve financial standards for derivative

instruments and hedging activities by requiring enhanced disclosures to enable investors to better understand their effects on an entity's financial position, financial performance, and cash flows. Entities are required to provide enhanced disclosures about: (a) how and why an entity uses derivative instruments; (b) how derivative instruments and related hedged items are accounted for under Statement 133 and its related interpretations; and (c) how derivative instruments and related hedged items affect an entity's financial position, financial performance, and cash flows. Effective February 1, 2009, the Company adopted SFAS 161. The adoption of SFAS 161 did not have a material effect on the Company's consolidated financial statements.

(A Development Stage Company)
Notes to the Consolidated Financial Statements
July 31, 2009
(Expressed in US dollars)
(unaudited)

2. Summary of Significant Accounting Policies (continued)

m) Recently Adopted Accounting Pronouncements (continued)

In December 2007, the FASB issued No. 160, "Noncontrolling Interests in Consolidated Financial Statements - an amendment of ARB No.51". SFAS No. 160 requires consolidated net income to be reported at amounts that include the amounts attributable to both the parent and the noncontrolling interest. It also requires disclosure, on the face of the consolidated statement of income, of the amounts of consolidated net income attributable to the parent and to the noncontrolling interest. SFAS No. 160 also requires that a parent recognize a gain or loss in net income when a subsidiary is deconsolidated. SFAS No. 160 also requires expanded disclosures in the consolidated financial statements that clearly identify and distinguish between the interests of the parent's owners and the interests of the noncontrolling owners of a subsidiary. Effective February 1, 2009, the Company adopted SFAS 160. The adoption of SFAS 160 did not have a material effect on the Company's consolidated financial statements.

In December 2007, the FASB issued SFAS No. 141 (revised 2007), "Business Combinations". This statement replaces SFAS No. 141 and defines the acquirer in a business combination as the entity that obtains control of one or more businesses in a business combination and establishes the acquisition date as the date that the acquirer achieves control. SFAS No. 141 (revised 2007) requires an acquirer to recognize the assets acquired, the liabilities assumed, and any noncontrolling interest in the acquiree at the acquisition date, measured at their fair values as of that date. SFAS No. 141 (revised 2007) also requires the acquirer to recognize contingent consideration at the acquisition date, measured at its fair value at that date. Effective February 1, 2009, the Company adopted SFAS 141. The adoption of SFAS 141 did not have a material effect on the Company's consolidated financial statements.

3. Related Party Transactions

Commencing July 1, 2006, the President of the Company provided management services and office space to the Company with a fair value of \$300 and \$200 per month, respectively. During the six months ended July 31, 2009, the Company recorded donated services of \$1,800 (2008 - \$1,800) and donated rent of \$1,200 (2008 - \$1,200).

4. Commitment

On January 8, 2009, the Company entered into a merger agreement (the "Agreement") with IntelaSight, Inc. ("IntelaSight"). Under the Agreement, the Company will engage in a 1 for 2 reverse stock split and IntelaSight's stock and derivative securities will be exchanged for stock and derivative securities of the Company at a ratio of one share of the Company's common stock for one share of IntelaSight. IntelaSight will merge with the Company's subsidiary, Charmed Homes Subsidiary, Inc. The Agreement is subject to the satisfaction of closing conditions and shareholder approval.

ITEM 2. MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS.

This section of the report includes a number of forward-looking statements that reflect our current views with respect to future events and financial performance. Forward-looking statements are often identified by words like: believe, expect, estimate, anticipate, intend, project and similar expressions, or words which, by their nature, refer to future events. You should not place undue certainty on these forward-looking statements, which apply only as of the date of this report. These forward-looking statements are subject to certain risks and uncertainties that could cause actual results to differ materially from historical results or our predictions.

We are a development-stage corporation and at this point we have realized a nominal profit on our first project.

Our auditors have issued a going concern opinion. This means that our auditors believe there is substantial doubt that we can continue as an on-going business for the next twelve months unless we obtain additional capital to pay our bills. This is because we have not purchased any contracts and only generated nominal revenues from the first development. We must raise cash from operations. Our only other source for cash at this time is investments by others in our company. We must raise cash to implement our project and begin our operations. Even with the money we raised from our public offering, we do not know how long the money will last, however, we do believe it will last twelve months. Operations are now under way since we raised the money from our public offering.

To meet our need for cash, we have raised money through the public offering. We cannot guarantee that once we begin operations we will stay in business after operations have commenced. Further, if we are unable to attract enough clients to utilize our services, we may quickly use up the proceeds from the minimum amount of money from our public offering and will need to find alternative sources, like a second public offering, a private placement of securities, or loans from our officers or others in order for us to maintain our operations. At the present time, we have not made any arrangements to raise additional cash, other than through our public offering.

If we need additional cash and cannot raise it, we will either have to suspend operations until we do raise the cash, or cease operations entirely. We believe the amount raised from our public offering will last a year but with limited funds available to develop growth strategy. If at some point we need more money, we will have to revert to obtaining additional money as described in this paragraph. Other than as described in this paragraph, we have no other financing plans.

Operation to Date

With the success of our offering, we were able to begin our operations. We established our office and acquired the equipment we needed to begin. We did not hire any employees up to this point and our officers and directors are handling the administrative duties.

We located a suitable piece of land in order to start our first project. The lot was acquired in the community of Lake Chaparral.

Once the land was located, we chose a home plan which best suited the property. The blueprints were drawn up, specifications outlined and decisions on materials made.

Initial financing through the bank was avoided by obtaining an interest free loan of \$25,000 from our President, Ian Quinn. The plot plan and blueprint were submitted to the developer of the subdivision and approvals were received.

The process of tendering out for construction was avoided by working with Shane Homes, who have all the suppliers and trades people in place. Construction of the home was completed at the end of December, approximately three months earlier than expected.

The home was listed as soon as it was completed as it was decided that with the slowing in the market it would be best to market the home once it was showing its best.

The home is now sold, but with the significantly slower market in Calgary and area, it took much longer than expected to sell and we did not realize the profit we had anticipated. The sale of the home was just on June 3, 2008.

Due to the state of the Calgary housing market, there is a tremendous amount of new home inventory available and house prices are dropping significantly. Therefore we have discontinued our operations in home building.

Future Operations

Because of the change in the economy, we believed that it was in the best interests of our shareholders to change our business course.

On November 12, 2008, we entered into a letter of intent with IntelaSight, Inc., a Washington corporation d/b/a Iveda Solutions ("Iveda"). Under the Letter of Intent ("LOI"), we have agreed to merger with Iveda whereby Iveda will become our wholly-owned subsidiary and Iveda's shareholders will receive approximately 10 million shares of our common stock. Prior to the merger, we will engage in a 1-for-2 reverse stock split to reduce the number of our outstanding shares.

Iveda provides remote video monitoring services and currently has clients in Arizona and California. Iveda offers a proactive security solution using network cameras, real-time Internet-based surveillance system, and a remote monitoring facility with trained intervention specialists. Based in Mesa, Arizona, Iveda's core monitoring service offers private and public entities what Iveda management believes to be a more affordable, reliable, and effective security solution than either security guards or closed circuit television on-site monitoring.

As part of the merger, we have agreed to change our name to "Iveda Corporation." After the filing of the amended articles of incorporation with the Secretary of State of the State of Nevada, we will cease using the corporate name "Charmed Homes Inc." and do business as "Iveda Corporation."

Limited operating history; need for additional capital

There is limited historical financial information about us upon which to base an evaluation of our performance. We are in start-up stage operations and have not generated any revenues. We cannot guarantee we will be successful in our business operations. Our business is subject to risks inherent in the establishment of a new business enterprise, including limited capital resources and possible cost overruns due to price and cost increases in services and products.

We have no assurance that future financing will be available to us on acceptable terms. If financing is not available on satisfactory terms, we may be unable to continue, develop or expand our operations. Equity financing could result in additional dilution to existing shareholders.

Results of operations

From Inception on June 27, 2006 to July 31, 2009

During this period we incorporated the company, hired the attorney, and hired the auditor for the preparation of our registration statement. We have also completed and sold our first house. Our loss since inception is \$130,438 of which \$109,675 is for professional fees; \$18,500 is for donated rent and services; \$3,634 is for filing fees and general office costs; \$1,320 is for property tax and utilities and \$12,376 is for foreign exchange loss. We have changed our proposed business operations and will continue to complete the merger with Iveda Corporation.

Since inception, we have issued 5,000,000 shares of common stock to our officers and directors for cash proceeds of \$5,000. On August 2007, we completed our public offering by selling 1,690,000 shares of common stock and raising \$169,000.

Liquidity and capital resources

On June 15, 2006, we issued 5,000,000 shares of common stock pursuant to the exemption from registration contained in section 4(2) of the Securities Act of 1933. This was accounted for as a sale of common stock. In August 2007, we also issued 1,690,000 shares of common stock to 54 individuals. This was also accounted for as a sale of common stock.

As of July 31, 2009, our total assets were \$64,233 comprised of \$64,233 in cash and our total liabilities were \$2,171, comprised of accounts payable of \$2,171.

On June 3, 2008, we sold our real property for consideration of CDN\$510,000.

Recent accounting pronouncements

In June 2009, the Financial Accounting Standards Board ("FASB") issued SFAS No. 168, "The FASB Accounting Standards Codification and the Hierarchy of Generally Accepted Accounting Principles – a replacement of FASB Statement No. 162". Under SFAS No. 168, the FASB Accounting Standards Codification (Codification) will become the sole source of authoritative U.S. GAAP to be applied by nongovernmental entities. SFAS No. 168 is effective for financial statements issued for interim and annual periods ending after September 15, 2009. The adoption of this statement will have no material impact on the Company's consolidated financial statements but will require that interim and annual filings include references to the Codification.

In June 2009, the FASB issued SFAS No. 167, “Amendments to FASB Interpretation No. 46(R)”. SFAS No. 167 amends the accounting for variable interest entities (“VIEs”) and changes the process as to how an enterprise determines which party consolidates a VIE. SFAS No. 167 also defines the party that consolidates the VIE (the primary beneficiary) as the party with (1) the power to direct activities of the VIE that most significantly affect the VIE’s economic performance and (2) the obligation to absorb losses of the VIE or the right to receive benefits from the VIE. Upon adoption of SFAS No. 167, the reporting enterprise must reconsider its conclusions on whether an entity should be consolidated, and should a change result, the effect on its net assets will be recorded as a cumulative effect adjustment to retained earnings. SFAS No. 167 is effective for fiscal years beginning after November 15, 2009, and interim periods within those fiscal years and early application is prohibited. Management is currently evaluating the impact of this statement.

In June 2009, the FASB issued SFAS No. 166, “Accounting for Transfers of Financial Assets - an amendment of FASB Statement No. 140”. SFAS No. 166 limits the circumstances in which a financial asset may be derecognized when the transferor has not transferred the entire financial asset or has continuing involvement with the transferred asset. The concept of a qualifying special-purpose entity, which had previously facilitated sale accounting for certain asset transfers, is removed by SFAS No. 166. SFAS No. 166 is effective for financial asset transfers occurring in fiscal years beginning after November 15, 2009, and interim periods within those fiscal years and early application is prohibited. Management is currently evaluating the impact of this statement.

In May 2009, the FASB issued SFAS No. 165 “Subsequent Events”. SFAS No. 165 provides general standards of accounting for and disclosure of events that occur after the balance sheet date but before financial statements are issued or are available to be issued or available to be issued. The statement sets forth the period after the balance sheet date during which management of a reporting entity should evaluate events or transactions that may occur for potential recognition or disclosure in the financial statements. The statement also sets forth the circumstances under which an entity should recognize events or transactions occurring after the balance sheet date in its financial statements. Furthermore, this statement identifies the disclosures that an entity should make about events or transactions that occurred after the balance sheet date. The Company adopted SFAS 165 in the quarter ended July 31, 2009 and had no impact on the consolidated financial results.

In May 2008, the FASB issued SFAS No. 162, “The Hierarchy of Generally Accepted Accounting Principles”. SFAS No. 162 identifies the sources of accounting principles and the framework for selecting the principles to be used in the preparation of financial statements of non-governmental entities that are presented in conformity with generally accepted accounting principles in the United States. SFAS 162 became effective November 15, 2008. The adoption of SFAS 162 did not have a material effect on the Company’s consolidated financial statements.

In March 2008, the FASB issued SFAS No. 161, “Disclosures about Derivative Instruments and Hedging Activities – an amendment to FASB Statement No. 133”. SFAS No. 161 is intended to improve financial standards for derivative instruments and hedging activities by requiring enhanced disclosures to enable investors to better understand their effects on an entity's financial position, financial performance, and cash flows. Entities are required to provide enhanced disclosures about: (a) how and why an entity uses derivative instruments; (b) how derivative instruments and related hedged items are accounted for under Statement 133 and its related interpretations; and (c) how derivative instruments and related hedged items affect an entity’s financial position, financial performance, and cash flows. Effective February 1, 2009, the Company adopted SFAS No. 161. The adoption of SFAS No. 161 did not have a material effect on the Company’s consolidated financial statements.

In December 2007, the FASB issued No. 160, "Noncontrolling Interests in Consolidated Financial Statements - an amendment of ARB No.51". SFAS No. 160 requires consolidated net income to be reported at amounts that include the amounts attributable to both the parent and the noncontrolling interest. It also requires disclosure, on the face of the consolidated statement of income, of the amounts of consolidated net income attributable to the parent and to the noncontrolling interest. SFAS No. 160 also requires that a parent recognize a gain or loss in net income when a subsidiary is deconsolidated. SFAS No. 160 also requires expanded disclosures in the consolidated financial statements that clearly identify and distinguish between the interests of the parent's owners and the interests of the noncontrolling owners of a subsidiary. Effective February 1, 2009, the Company adopted SFAS No. 160. The adoption of SFAS No. 160 did not have a material effect on the Company's consolidated financial statements.

In December 2007, the FASB issued SFAS No. 141 (revised 2007), "Business Combinations". This statement replaces SFAS No. 141 and defines the acquirer in a business combination as the entity that obtains control of one or more businesses in a business combination and establishes the acquisition date as the date that the acquirer achieves control. SFAS No. 141 (revised 2007) requires an acquirer to recognize the assets acquired, the liabilities assumed, and any noncontrolling interest in the acquiree at the acquisition date, measured at their fair values as of that date. SFAS No. 141 (revised 2007) also requires the acquirer to recognize contingent consideration at the acquisition date, measured at its fair value at that date. Effective February 1, 2009, the Company adopted SFAS No. 141. The adoption of SFAS No. 141 did not have a material effect on the Company's consolidated financial statements.

ITEM 3. QUANTITATIVE AND QUALITATIVE DISCLOSURES ABOUT MARKET RISK.

3.

We are a smaller reporting company as defined by Rule 12b-2 of the Securities Exchange Act of 1934 and are not required to provide the information under this item.

ITEM 4. CONTROLS AND PROCEDURES.

Under the supervision and with the participation of our management, including the Principal Executive Officer and Principal Financial Officer, we have evaluated the effectiveness of our disclosure controls and procedures as required by Exchange Act Rule 13a-15(b) as of the end of the period covered by this report. Based on that evaluation, the Principal Executive Officer and Principal Financial Officer have concluded that these disclosure controls and procedures are effective. There were no changes in our internal control over financial reporting during the quarter ended July 31, 2009 that have materially affected, or are reasonably likely to materially affect, our internal control over financial reporting.

PART II. OTHER INFORMATION

ITEM 1A. RISK FACTORS.

We are a smaller reporting company as defined by Rule 12b-2 of the Exchange Act and are not required to provide the information required under this item.

ITEM 6. EXHIBITS.

The following documents are included herein:

Exhibit No.	Document Description
31.1	Certification of Principal Executive Officer and Principal Financial Officer pursuant to Section 302 of the Sarbanes-Oxley Act of 2002.
32.1	Certification of the Chief Executive Officer and Chief Financial Officer pursuant to Section 906 of the Sarbanes-Oxley Act of 2002.

SIGNATURES

Pursuant to the requirements of the Securities Exchange Act of 1934, this report has been signed below by the following person on behalf of the Registrant and in the capacities on this 14th day of September, 2009.
