This annual report on Form $10-\mathrm{K}$ contains both historical and "forward-looking statements" within the meaning of the Private Securities Litigation Reform Act of 1995. Words such as "anticipates", "believes", "expects", "intends", "future", and similar expressions identify forward-looking statements. Any such "forward-looking" statements in this report reflect the Company's current views with respect to future events and financial performance, and are subject to a variety of factors that could cause the actual results or performance to differ materially from historical results or from the anticipated results or performance expressed or implied by such forward-looking statements. Because of such factors, there can be no assurance that the actual results or developments anticipated by the Company will be realized or, even if substantially realized, that they will have the anticipated results. The risks and uncertainties that may affect the Company's business include, but are not limited to: economic conditions, governmental regulations, technological advances, pricing and competition, acceptance by the marketplace of new products, retention of key personnel, the sufficiency of financial resources to sustain and expand the Company's operations, and other factors described in this report and in prior filings with the Securities and Exchange Commission. Readers should not place undue reliance on such forward-looking statements, which speak only as of the date hereof, and should be aware that except as may be otherwise legally required of the Company, the Company undertakes no obligation to publicly revise any such forward-looking statements to reflect events or circumstances that may arise after the date hereof.

ITEM 1. BUSINESS.

General

The Company is a Delaware corporation whose principal executive offices are located at 823 Eleventh Avenue, New York, New York 10019-3535. Unless the context otherwise requires, the terms "Company" or "Registrant" as used herein refer to Gristede's Foods, Inc. (which is a holding corporation) and its wholly owned subsidiaries.

As of December 2, 2001, the Company operated 42 supermarkets (the "Supermarkets"), and two free standing pharmacies offering health and beauty aids and general merchandise. Thirty-seven Supermarkets and the two pharmacies are located in Manhattan, New York, three Supermarkets are located in Westchester County, New York, one Supermarket is located in Brooklyn, New York and one Supermarket is located in Long Island, New York. All of the supermarkets/pharmacies are operated under the "Gristede's" name. The Company leases all of its Supermarket locations and its two pharmacies. During fiscal 1999 the Company embarked on a plan to open in-store pharmacies in select Supermarket locations. The Company is currently operating six in-store pharmacies and two free standing pharmacies.

During fiscal 2001 the Company opened one new in-store Gristede's pharmacy.

The Company also owns City Produce Operating Corp. ("City Produce"), a corporation that operates a warehouse used as an internal distribution center, on leased premises in Bronx County, New York. The warehouse operation supplies the Company's Supermarkets with groceries and fresh produce. The warehouse also sells wholesale fresh produce to third parties. During fiscal 1999 the warehouse operation leased an additional 20,000 square feet next to its current premises in order to meet its increasing demands for merchandise.

## -2-

The Company competes on the basis of providing customer convenience, service and a wide assortment of food products, including those that are appealing to the clientele in the neighborhoods where its Supermarkets are located. The Supermarkets, like most Manhattan supermarkets, are smaller than their suburban counterparts, ranging in size from approximately 3,000 to 24,500 square feet of selling space and averaging 9,700 square feet of selling space.

The Supermarkets offer, at competitive prices, broad lines of merchandise, including nationally and regionally advertised brands, private label and generic brands. Merchandise sold includes food items such as fresh meats, produce, dry groceries, dairy products, baked goods, poultry and fish, fresh fruits and vegetables, frozen foods, and delicatessen and gourmet foods, as well as many non-food items such as cigarettes, soaps, paper products, and health and beauty aids. Check-cashing services are available to qualified customers holding check-cashing cards and, for a small fee, the Company will deliver groceries to a customer's apartment door. The Supermarkets accept payment by Mastercard, Visa, American Express, IGT and Discover credit cards. Most of the Supermarkets are open sixteen hours per day, seven days a week and on holidays, including Christmas, New Year's and Thanksgiving. Most of the Supermarkets close two hours earlier on Sundays.

The Company's predecessor was incorporated in 1956 in New York. In 1985, the Company's domicile was changed to Delaware by merging the predecessor corporation into a newly formed Delaware corporation, incorporated for such purpose. The Company became a public company in 1968 and listed its Common Stock on the American Stock Exchange in 1972. Until 1992, the Company engaged in the jewelry business, operating under the name Designcraft Industries, Inc. for most of such time. The Company changed its name to Sloan's Supermarkets, Inc., in September 1993 and to Gristede's Sloan's, Inc., in November 1997. The Company changed its name to Gristede's Foods, Inc. in August 1999 to reflect its strategy of changing its "Sloan's" banner locations to "Gristede's" subsequent to a store remodeling.

Growth Strategy

On November 10, 1997, a Merger Agreement was consummated pursuant to which 29 Supermarkets directly or indirectly owned by Mr. Catsimatidis, (the "majority shareholder") merged into wholly owned subsidiaries of the Company (the "Merger"). The Company believes that the Merger has allowed it to realize synergies and increased operating leverage while providing management with the necessary resources and focus to streamline operations, automate facilities and capitalize on strategic opportunities. The Company also believes that the Merger has enabled it to achieve the critical mass necessary to execute its future growth strategy.

Subsequent to the Merger, the Company embarked on a capital expenditure program for its Supermarkets that includes extensive remodelings, the introduction of a centralized point-of-sale information system and the opening of in-store pharmacies in select Supermarket locations. The Company has a $\$ 32,500,000$ revolving credit and term loan facility from certain banks maturing in November 2004 and December 2006 , respectively and lease finance facilities from third party leasing companies to finance such capital improvements. (see Item 7, "Management's Discussion and Analysis of Financial Condition and Results of Operation-Liquidity and Capital Resources").

## Edgar Filing: GRISTEDES FOODS INC - Form 10-K

During the fiscal year ended December 2, 2001, six stores were remodeled, and one store added a new in-store pharmacy. The aggregate capital expenditures, including such remodelings and new store openings, was approximately $\$ 12,200,000$. Subject to the availability of financing, during the fiscal year ending December 1, 2002, the Company anticipates it will spend approximately $\$ 8$ to 10 million in aggregate capital expenditures, including additional remodelings and new store and pharmacy openings. The Company anticipates that it will continue opening new stores and pharmacies in future years. The modernized larger Supermarkets are being re-named "Gristede's Mega Stores".

Average sales increases at the remodeled stores have exceeded $50 \%$. Modernization has resulted in a more enjoyable shopping atmosphere with more rapid check-out lines due to scanners and improved lighting facilities.

The Company may also expand its operations through the acquisition of supermarkets and/or the acquisition of businesses that the Company believes would complement its core supermarket business. However, pursuant to an order embodying a Settlement Agreement between the Federal Trade Commission (the "FTC"), John Catsimatidis, the Company and certain other companies controlled by Mr. Catsimatidis (collectively, the "Companies"), for a period of ten years from March 6, 1995, the Company cannot, without prior FTC approval, acquire any interest in any existing supermarket in a designated area in Manhattan. The order does not restrict the Company from acquiring an interest in a supermarket (in such designated area) by leasing or purchasing a new location that at the time of acquisition (and for six months prior to the acquisition) is not (or was not) being operated as a supermarket. There are no restrictions on the Company acquiring supermarkets that are located outside the designated area.

## Marketing

The Company advertises in local newspapers on a weekly basis. The Company's advertising emphasizes competitive prices and a variety of merchandise. Some of the Company's vendors offer cooperative advertising allowances, which the Company receives for advertising particular products in its newspaper advertisements.

## Competition

The Company's retail business is subject to intense competition, characterized by low profit margins and requiring regular advertising. All of our Supermarkets are in direct competition with Food Emporium, D'Agostino, A\&P, Pathmark and independent supermarket/grocery operators which do business under the names "Pioneer", "Key Food" and "Associated", many of which are larger and have substantially greater resources than the Company. The Supermarkets also compete with other outlets that sell products sold by supermarkets in New York City. Those outlets include gourmet food stores, health and beauty aid stores, drug stores, produce stores, bodegas, delicatessens and other retail food establishments.

$$

Sources of Supply; Inventory Policy
During fiscal 2001 the Company obtained approximately 39\% of the merchandise sold in its stores from one principal merchandise supplier, White Rose Foods, and the balance from other vendors, none of which accounted for more than $10 \%$ of merchandise purchased by the Company. The Company believes that its supplier relationships are currently satisfactory. The Company is not dependent on these supplier relationships since merchandise is readily available from numerous sources under different brand names, subject to conditions affecting

# Edgar Filing: GRISTEDES FOODS INC - Form 10-K 

food supplies generally.
The Company's policy is to have its Supermarkets fully stocked with merchandise at all times. This policy requires the Company to carry significant amounts of inventory. As stated above, replenishment merchandise is readily available from the Company's suppliers, and, on average, approximately $90 \%$ of the Company's inventory is sold before the Company is required to pay its suppliers.

Tradenames

The Company owns the "Gristede's" tradename. Such name has an established reputation in the areas served by the Supermarkets for convenience, competitive prices, service and a wide variety of quality produce and merchandise. "Gristede's" is a federally registered trademark.

Labor Contracts
All of the employees of the Company other than 127 administrative employees and executives and 64 store managers and co-managers are represented by unions. The table below sets forth the name of each union with which the Company has a collective bargaining agreement and the expiration date of such agreement.

## Employees

At February 1, 2002, the Company had approximately 1,748 employees, 1,596 of which are employed at the Supermarkets or the City Produce warehouse, and 152 of which are employed at the Company's executive offices. Approximately 605 of the employees were employed on a full-time basis of which 454 work in the Supermarkets.

## Seasonality

The Company's Supermarkets are predominantly located in the borough of Manhattan in New York City and serve a more affluent clientele often referred to as the "carriage trade." Owing to the significant exodus of such customers during the summer months for vacation and holiday, together with an increased

## Edgar Filing: GRISTEDES FOODS INC - Form 10-K

propensity by resident customers for out of home dining during such period, the Company traditionally incurs up to a $20 \%$ seasonal drop in sales during the months of July and August each year. The seasonal decline in sales does not have a material impact on the level of inventories carried by the company.

## Environmental Compliance

Compliance by the Company with Federal, State and local provisions that have been enacted or adopted regarding the discharge of materials into the environment, or otherwise relating to the protection of the environment, does not have a material financial impact on the Company.

ITEM 2. PROPERTIES.

The Company leases all 42 supermarket locations, its two free standing pharmacies and the warehouse and distribution center operated by City Produce. Four of such leases expire prior to 2003 , 23 of such leases expire on dates from 2003 through 2011 and 19 of such leases expire on dates from 2012 through 2020 (the warehouse is subject to three leases). Several leases have optional renewal periods. It is generally the Company's intention to exercise such options for viable stores. The supermarkets range in size from approximately 3,000 to 24,500 square feet of selling space, averaging 9,700 square feet of selling space. All of the stores are air-conditioned, have all necessary fixtures and equipment and are suitable for the retail operations conducted therein.

ITEM 3. LEGAL PROCEEDINGS.

1) RMED International Inc. v. Sloan's Supermarkets Inc. and John A. Catsimatidis.

On August 8, 1994, a lawsuit against the Company and Mr. Catsimatidis was instituted in the United States District Court for the Southern District of New York by RMED International, Inc. ("RMED"), a former stockholder of the Company.

The complaint alleges, among other things, that RMED and a purported class consisting of persons who purchased the Company's common stock on or after March 19, 1993 were damaged by alleged nondisclosures in certain filings made by the Company with the Securities and Exchange Commission between January 1993 and June 1994 relating to an investigation by the FTC. The complaint alleges that such nondisclosures constituted violations of Federal and New York State securities laws, as well as common law fraud, and seeks damages (including punitive damages) in an unspecified amount (although in discovery proceedings, the named plaintiff has claimed that its damages were approximately $\$ 800,000$ ) as well as costs and disbursements of the action. On June 2, 1994, the Company issued a press release that disclosed the FTC action.

On September 30, 1994, the defendants filed a motion to dismiss for failure to state a cause of action and for lack of subject matter jurisdiction over the state claims. The motion was denied. In June 1995, the plaintiff filed a motion for class certification, which motion was granted in March 1996 . Fact discovery was completed by the end of June 1998. Expert discovery was completed by the end of 1998. Plaintiff's expert prepared a report claiming that plaintiffs have suffered damages in an amount in excess of $\$ 3,000,000$. In August 1999, defendants moved to exclude plaintiff's expert report, which motion was denied. In June 2000, the Company filed a motion for summary judgment. In February 2002 , the court dismissed plaintiff's state law claim under Article 23-A of the General Business Law of New York, as well as plaintiff's claim for breach of fiduciary duty, but denied the Company's motion with respect to the plaintiff's

## Edgar Filing: GRISTEDES FOODS INC - Form 10-K

claim under Section $10(b)$ of the Securities Exchange Act of 1934, as amended and Rule $10(\mathrm{~b})-5$ promulgated thereunder, as well as plaintiff's claim of fraud under state common law, finding that there were outstanding issues of fact which needed to be determined at trial. Pre-trial conference has been scheduled for March 4, 2002.

At this state of the litigation, the outcome cannot be predicted with certainty. However, the Company believes that it has a viable defense that may result in dismissal of RMED's claims.
2.) Ansoumana v. Great Atlantic \& Pacific Tea Company, Inc. d/b/a/ A\&P, Shopwell Inc. - d/b/a Food Emporium, Gristede's Operating Corp, Duane Reade, Inc., Charlie Bauer, individually and d/b/a B\&B Delivery Service a/k/a Citi Express, Scott Weinstein and Steven Pilavan, ind. and d/b/a Hudson Delivery Service Inc., Chelsea Trucking, Inc. a/k/a Hudson York.

On January 13, 2000 plaintiffs, commenced a class action lawsuit in the U.S District Court for the Southern District of New York. Their complaint alleges violations of the Fair Labor Standands Act and the New York Labor Law. Plaintiffs are claiming damages for the differential between the amount they were paid by The Great American Delivery Service Company and what the minimum wage was in each specific year dating back to 1994. To date, 35 employees have opted into the class action.

## -7-

Specifically, the Company was one of the parties sued in this litigation by delivery workers claiming they are not being paid the minimum wage. The delivery workers are employees of the Great American Delivery Company (formerly known as $B \& B$ Delivery Service or Citi Express), not employees of the Company. The Company is under contract with Great American to deliver groceries to the Company's customers.

In its answer, the Company denied the allegations and cross-claimed against the delivery service co-defendants Weinstein and Bauer, based upon their own negligence, theories of contribution and contractual indemnity.

When allegations of underpayment first emerged last summer, the Company, on August 2, 2000, entered into a new contract with Great American. This contract was entered into in order to assure the Company that these delivery men would be properly and legally paid for their services. The legal hourly wages referred to in the contract were discussed with the New York Attorney General's office.

The Company is conducting an investigation of Great American to determine whether or not Great American is in compliance with the contract and the legal options available with respect to the contract terms.

Management expects the matter will be resolved in the near future. The Company will vigorously defend the fact that these workers are employees of Great American, and not employees of the Company.

On July 23, 2001, the Company terminated its Delivery Service Agreement with Great American Delivery Co., Inc. ("Great American") because Great American breached the terms of the contract. Based upon that termination, Great American commenced a breach of contract action in Supreme Court, Nassau County, against the Company and obtained a preliminary injunction compelling the Company to retain Great American as its delivery service contractor.

Thereafter, Great American was found to be in contempt of several orders and added as a party-defendant by motion to amend the complaint in the Ansoumana v.

## Edgar Filing: GRISTEDES FOODS INC - Form 10-K

the Company's action. In response to those proceedings, Great American filed for bankruptcy. Hence, the breach of contract action commenced by Great American against the Company was stayed. The Company transferred the case to the United States Bankruptcy Court in the Eastern District of New York and is moving to have the case transferred further to the judge assigned to Ansoumana v. Gristede's in the United States District Court of the Southern District of New York. When this is done, the Company will move the Court to have the matter dismissed.
3.) Red Apple Supermarkets, Inc., Gristede's Supermarkets, Inc., Supermarket Acquisition Corp., and Gristede's Sloan's Inc., Plaintiffs, against Rite Aid Corporation and Rite Aid of New York, Inc., Defendants

Pursuant to a settlement agreement dated Feburary 22, 1999 (the "Settlement Agreement"), between the Company and Rite Aid Corporation ("Rite Aid"), Rite Aid agreed to compromise a dispute between the parties arising out of a written lease purchase agreement dated September 2, 1994 (the "Lease Purchase Agreement). Pursuant to the Settlement Agreement, Rite Aid agreed to pay the sum of $\$ 400,000$ (the "Settlement Sum") to the Company in full and final satisfaction of certain claims and disputes regarding defendants' breaches of the Lease Purchase Agreement. However, to date, Rite Aid
-8-
has failed and refused to pay any portion of the settlement sum as required by the Settlement Agreement. Consequently, on June 5, 2000, plaintiffs filed a complaint in the Supreme Court of the State of New York (New York County) which alleged: Breach of Settlement Agreement, Breach of Good Faith and Fair Dealing and Breach of Lease Purchase Agreement. Such complaint seeks judgment against Rite Aid in the full amount of the Settlement Sum, together with interest from February 22, 1999.

As alleged in the complaint, the Lease Purchase Agreement contemplated defendants' purchase of certain commercial leasehold interests held by plaintiffs, in two stores. Pursuant to the Lease Purchase Agreement, defendants agreed to purchase plaintiffs' leasehold interest in the two stores for $\$ 1,950,000$. However, in violation of the Lease Purchase Agreement - as well as their duty of good faith and fair dealing thereunder - defendants negotiated and obtained their own leasehold interest for both stores directly from each landlord, and failed to compensate plaintiffs as agreed.

To date, no depositions have been taken. At this stage of litigation, it is too early to determine the outcome of the litigation. However, it is the opinion of the Company's counsel that the likelihood of success on the Company's claim for breach of the Settlement Agreement is substantial. A receivable in the amount of $\$ 400,000$ from Rite Aid is included in receivables as of December 2, 2001.

ITEM 4. SUBMISSION OF MATTERS TO A VOTE OF SECURITYHOLDERS.

An Annual Meeting of Stockholders of the Company was held on November 30, 2001. The stockholders approved an amendment to the Certificate of Incorporation of the Company to change the term for which the Class 2 directors shall serve from three years to one year. The number of votes cast in favor of this proposal was 18,050,150. There were no votes cast against and 4,610 abstentions. In addition, each of Martin Bring and Frederick Selby was elected as a Class 2 director to serve for a term expiring at the 2003 Meeting of Stockholders.

ITEM 5. MARKET FOR REGISTRANT'S COMMON EQUITY AND RELATED STOCKHOLDER MATTERS.

Market Information

The Company's Common Stock is listed and traded on the American Stock Exchange. Since November 12, 1997 the Common Stock has been quoted under stock symbol "GRI." Prior thereto it was quoted under the symbol "SLO." For the years ended December 2, 2001 and December 3, 2000, the quarterly high and low price range for such common stock is shown in the following tabulation.

|  | Fiscal Decemb | $\begin{aligned} & \text { Ended } \\ & 2001 \end{aligned}$ | Fiscal Year Ended December 3, 2000 |  |
| :---: | :---: | :---: | :---: | :---: |
| Quarter | High | Low | High | Low |

| Third | 1.85 | 0.91 | 2.63 | 1.50 |
| Fourth | 1.45 | 0.78 | 2.25 | 0.88 |

The approximate number of holders of record of the Company's Common Stock on February 28, 2002 was 212. The Company believes that there are a significant number of shares of the Company's Common Stock held in street name and, consequently, the company is unable to determine the actual number of beneficial owners.

Dividends

The Company has never paid a cash dividend on its Common Stock and does not expect to pay a cash dividend in the near future.

Percentages of individual line items (as a percent of sales) have been rounded to the nearest tenth of a percent, and therefore, the totals may not add to $100 \%$.

Results of Operations (2001 Compared to 2000)

Sales for the year 2001 were $\$ 229,988,315$ as compared to sales for the year 2000 of $\$ 216,325,214$. The sales increase in fiscal 2001 compared to the sales in fiscal 2000, offset by the sales for the extra week in fiscal 2000 of approximately $\$ 4.5$ million, is mainly attributable to sales increases due to new or remodeled stores opened in fiscal 2001 or full years sales for those new or remodeled stores opened during 2000. Same store sales for the year 2001 were $5.5 \%$ ahead of 2000 .

Gross profit was $\$ 90,807,349$ or $39.5 \%$ of sales as compared with $\$ 85,065,986$ or $39.3 \%$ of sales for 2000 . The increase in gross profit during 2001 period was primarily due to fewer promotional price reductions in connection with the grand re-opening periods of the new and newly remodeled stores.

Store operating, general and administrative expenses were $\$ 71,596,708$ or $31.13 \%$ of sales for the year 2001 as compared to $\$ 67,550,165$ or $31.23 \%$ of sales for the year 2000. The virtually unchanged result in store operating, general and administrative expenses as a percentage of sales in the 2001 period was mainly due to effective cost controls in relation to the increased sales. Advertising expenses included in store operating, general and administrative expense were $\$ 1,572,963$ and $1,555,707$ for the years 2001 and 2000 , respectively.

Pre-store opening startup costs were $\$ 165,000$ or $0.1 \%$ of sales for the year 2001 as compared to $\$ 518,981$ or $0.2 \%$ of sales for the year 2000 . There were six stores remodeled in 2001 compared to eight in 2000 , leading to reduced pre-store opening startup costs in 2001.

Non-store operating expenses were $\$ 8,329,559$ or $3.6 \%$ of sales for the year 2001 as compared to $\$ 7,435,949$ or $3.4 \%$ of sales for the year 2000 . Administrative payroll and fringes were $2.4 \%$ of sales for the 2001 period as compared with $2.3 \%$ of sales for the 2000 period. The increase in the 2001 period reflects the addition of department and divisional managers to handle the additional business generated by the store remodeling program. General office expenses as a percentage of sales were $0.9 \%$ for the 2001 period as compared to $0.8 \%$ for the 2000 period. The increase during the 2001 period was primarily due to additional back office expenses in relation to the increased sales. Professional fees were $0.3 \%$ of sales for both the 2001 period and the 2000 period. Corporate expenses as a percentage of sales were $0.1 \%$ for both the 2001 period and the 2000 period.

Depreciation expense was $\$ 7,204,281$ or $3.1 \%$ of sales for the year 2001 as compared to $\$ 6,284,971$ or $2.9 \%$ of sales for the year 2000 . The increase was primarily a result of significant capital expenditures incurred in connection
with the Company's store renovation and remodeling program.

Management has filed claims with its insurance carriers as a result the September 11 terrorist attacks for its losses, including business interruption, and estimates net proceeds of approximately $\$ 1.5$ million, along with costs incurred of approximately $\$ 1.1$ million. The Company has suffered property damage losses, including inventory, costs to repair and clean fixtures and facilities and loss of revenue. The Company received an advance of $\$ 300,000$ against these claims in October 2001.

Interest expense was $\$ 3,537,281$ or $1.5 \%$ of sales for year 2001 as compared to $\$ 3,761,941$ or $1.7 \%$ of sales for year 2000 . The decrease in the 2001 period was primarily attributable to lower prevailing interest rates under the Company's bank credit facility, partially offset by increased capitalized equipment leasing.

Interest income for the year 2001 was $\$ 9,016$ as compared with $\$ 24,113$ for the year 2000. The decrease in the 2001 period was due to lower prevailing interest rates in the 2001 period.

$$
-14-
$$

Other income (expenses) for the year 2001 was $\$ 173,112$ as compared with $(\$ 27,000)$ for the year 2000 . This mainly results from the sale of a store lease resulting from a closed store.

Bad debt expense (credits) was $\$ 250,354$ for the year 2001 as compared with $(\$ 350,000)$ for the year 2000. As a result of the increase in the amount of the Company's receivables, in the 1999 period, management deemed it prudent to set up an allowance for doubtful accounts in the amount of $\$ 500,000$ in the 1999 period, and to reduce that amount by $\$ 350,000$ in the 2000 period as a result of progress in pursuing collection of a $\$ 400,000$ receivable. Bad debt expense increased in the year 2001 primarily as a result of the Company's expansion of its pharmacy business and systems relating thereto and the resulting increase in third party receivables.

As a result of the items discussed above, the income before provision for income taxes for the year 2001 was $\$ 373,897$ as compared to a loss of $\$ 138,908$ for the year 2000 .

Results of Operations (2000 Compared to 1999)

Sales for the year 2000 were $\$ 216,325,214$ as compared to sales for the year 1999 of $\$ 181,980,204$. The sales increase in fiscal 2000 compared to the sales in fiscal 1999, other than the sales for the extra week in fiscal 2000 of approximately $\$ 4.5$ million, is mainly attributable to sales increases due to new or remodeled stores opened in fiscal 2000 or full years sales for those new or remodeled stores opened during 1999. Same store sales for the year 2000 were $8.8 \%$ ahead of 1999.

Gross profit was $\$ 85,065,986$ or $39.3 \%$, of sales for 2000 as compared with $\$ 69,414,264$ or $38.1 \%$ of sales for 1999 . The increase in gross profit during 2000 period was primarily due to fewer promotional price reductions in connection with the grand re-opening periods of the new and newly remodeled stores as well as the recovery of certain stores from unusually low gross margins during the fourth quarter of fiscal 1999.

Store operating, general and administrative expenses were $\$ 67,550,165$ or $31.2 \%$ of sales for the year 2000 as compared to $\$ 57,632,921$ or $31.7 \%$ of sales for the year 1999. The decrease in store operating, general and administrative
expenses as a percentage of sales in the 2000 period was mainly due to better cost controls in relation to the increased sales. Advertising expenses included in store operating, general and administrative expense were $\$ 1,555,707$ and $1,290,121$ for the years 2000 and 1999 , respectively.

Pre-store opening startup costs were $\$ 518,981$ or $0.2 \%$ of sales for the year 2000 as compared to $\$ 799,529$ or $0.4 \%$ of sales for 1999 . There were five stores remodeled in 2000 compared to seven in 1999, leading to reduced pre-store opening startup costs in 2000.

Non-store operating expenses were $\$ 7,435,949$ or $3.4 \%$ of sales for the year 2000 as compared to $\$ 5,917,305$ or $3.3 \%$ of sales for the year 1999 . Administrative payroll and fringes were $2.3 \%$ of sales for the 2000 period as compared with $2.2 \%$ of sales for the 1999 period. The increase in the 2000 period reflects the addition of supervisory and data processing personnel to handle the additional business generated by the store remodeling program and the conversion and updating of the Company's information technology systems. General office expenses as a percentage of sales were $0.8 \%$ for the 2000 period as compared to $0.6 \%$ for the 1999 period. The increase during the 2000 period was primarily due to additional back office expenses in relation to the increased sales.

$$

Professional fees were $0.3 \%$ of sales for both the 2000 period and the 1999 period. Corporate expenses as a percentage of sales were $0.1 \%$ for both the 2000 period and the 1999 period.

Depreciation expense was $\$ 6,284,971$ or $2.9 \%$ of sales for the year 2000 as compared to $\$ 4,668,645$ or $2.6 \%$ of sales for the year 1999. The increase was primarily a result of significant capital expenditures incurred in connection with the Company's store renovation and remodeling program.

Interest expense was $\$ 3,761,941$ or $1.7 \%$ of sales for year 2000 as compared to $\$ 2,528,677$ or $1.4 \%$ of sales for the year 1999 . The increase in the 2000 period was primarily attributable to increased borrowings under the company's bank credit facility, increased capitalized equipment leasing and increased interest rates.

Interest income for the year 2000 was $\$ 24,113$ as compared with $\$ 82,865$ for the year 1999. The decrease in the 2000 period was due to the reduction in outstanding notes receivable as compared to the 1999 period.

Other income (expenses) for the year 2000 was ( $\$ 27,000$ ) as compared with $\$ 308,773$ for the year 1999. Other income for the 1999 period represents net income from the buyout of a lease on a non-productive store.

Bad debt expense (credits) was $(\$ 350,000)$ for the year 2000 as compared with expense of $\$ 500,000$ for the year 1999 . As a result of the increase in the amount of the Company's receivables, in the 1999 period, management deemed it prudent to set up an allowance for doubtful accounts in the amount of $\$ 500,000$ in the 1999 period, and to reduce that amount by $\$ 350,000$ in the 2000 period as a result of progress in pursuing collection of a $\$ 400,000$ receivable.

As a result of the items discussed above, the net loss before provision for income taxes for the year 2000 was $\$ 138,908$ as compared to a net loss of $\$ 2,241,175$ for the year 1999 .

Liquidity and Capital Resources

Liquidity:

The consolidated financial statements of the Company indicate that at December 2, 2001 current assets exceed current liabilities by $\$ 5,074,115$ and stockholders' equity was $\$ 11,592,501$. Management believes that cash flows generated from operations, supplemented by financing from its banks facility, third party leasing companies and/or additional financing from the Company's majority shareholder, will be sufficient to pay the Company's debts as they may come due, provide for its capital expenditure program and meet its other cash requirements.

Debt and Debt Service:
Effective October 2001, the Company's credit agreement with a group of banks was amended and increased to an aggregate total of $\$ 32,500,000$, consisting of a $\$ 15,500,000$ term loan and a $\$ 17,000,000$ revolving line of credit. As of December 2, 2001, the credit facility as amended, provides for (i) a maturity date of November 28, 2004 for the revolving line of credit, and December 3, 2006 for the term loan, at which time all amounts outstanding thereunder are due, (ii) certain financial covenants, and (iii) amortization of the term

## -16-

loan in monthly amortizations totaling $\$ 2,000,000, \$ 2,300,000, \$ 2,600,000$, $\$ 2,900,000$ and $\$ 3,200,000$ respectively in each year during its term, and a $\$ 2,500,000$ balloon payment at maturity.

Borrowings under the facility bear interest at a spread over either the prime rate of the bank acting as agent for the group of banks or a LIBOR rate, with the spread dependent on the ratio of the Company's funded debt to EBITDA ratio, as defined in the credit agreement. The average interest rate on amounts outstanding under the facility during the year 2001 was $5.77 \%$ per annum.

The credit facility contains covenants, representations and events of default typical of credit facility agreements, including financial covenants which require the Company to meet, among other things, a minimum tangible net worth, debt service coverage ratios and fixed charge coverage ratios, and which limit transactions with affiliates. The facility is secured by equipment, inventories and accounts receivable.

The Company's majority shareholder, through affiliates, has contributed in excess of $\$ 15,300,000$ through December 2, 2001, in the form of unsecured non-interest bearing demand loans, with $\$ 12,800,000$ subordinated to the current bank lender. The liability presently does not bear interest. However, the Company's credit agreement with its banks permits the Company to pay interest on such subordinated debt provided the Company has a positive net income.

The Company has available approximately $\$ 3,250,000$ in third party and affiliate leasing lines of credit to lease finance equipment for its store remodeling and expansion program.

Capital Expenditures:

Capital expenditures for fiscal 2001, including property acquired under capital leases, were $\$ 12.2$ million compared to $\$ 14.3$ million for fiscal 2000 and $\$ 12.4$ million for fiscal 1999. During fiscal 2001, the Company remodeled six stores and added one new in-store pharmacy.

The Company has not incurred any material commitments for capital expenditures, although it anticipates spending approximately $\$ 8$ million to $\$ 10$ million on its store remodeling and expansion program in fiscal 2002. Such
amount is subject to adjustment based on the availability of funds.

Cash Flows:

Cash provided by operating activities amounted to $\$ 9.3$ million in fiscal 2001 compared to $\$ 8.5$ million in fiscal 2000 . The change in cash flow from operating activities was primarily due to cash provided by operating assets and liabilities and a net profit compared to a loss. Cash used for investing activities was $\$ 6.3$ million in 2001 compared to $\$ 8.6$ million in 2000, resulting from decreased capital expenditures. Cash provided by (used in) financing acitivities was (\$3.0) million in 2001 compared with $\$ 0.2$ million in 2000 reflecting the bank financing drawn upon in 2001, the additional proceeds provided by an affiliate, offset by repayments of bank loans and capital leases.

Recent Accounting Pronouncements:

In June 1998, the Financial Accounting Standards Board issued Statement of Financial Accounting Standards No. 133, "Accounting for Derivative Instruments and Hedging Activities" ("SFAS No. 133"). SFAS No. 133 represents a comprehensive framework of accounting rules that standardizes

$$
-17-
$$

the accounting for all derivatives. SFAS No. 133 applies to all entities and to all types of derivatives, and is effective as amended in fiscal year 2001 . The adoption of SFAS 133 in fiscal 2001 did not affect the financial statements of the Company.

In June 2001, the Financial Accounting Standards Board finalized FASB Statements No. 141, Business Combinations (SFAS 141), and No. 142, Goodwill and Other Intangible Assets (SFAS 142). SFAS 141 requires the use of the purchase method of accounting and prohibits the use of the pooling-of-interests method of accounting for business combinations initiated after June 30, 2001. SFAS 141 also requires that the Company recognize acquired intangible assets apart from goodwill if they meet certain criteria. SFAS 141 applies to all business combinations initiated after June 30, 2001 and for purchase business combinations completed on or after July 1, 2001. It also requires, upon adoption of SFAS 142 that the Company reclassify the carrying amounts of intangible assets and goodwill based on the criteria in SFAS 141. The Company believes that the adoption of SFAS 141 will not materially affect the financial statements of the Company.

SFAS 142 requires, among other things, that companies no longer amortize goodwill, but instead test goodwill for impairment at least annually. In addition, SFAS 142 requires that the Company identify reporting units for the purposes of assessing potential future impairments of goodwill, reassess the useful lives of other existing recognized intangible assets, and cease amortization of intangible assets with an indefinite useful life. An intangible asset with an indefinite useful life should be tested for impairment in accordance with the guidelines in SFAS 142. SFAS 142 is required to be applied in fiscal years beginning after December 15, 2001 to all goodwill and other intangible assets recognized at that date, regardless of when those assets were initially recognized. It also requires the Company to complete a transitional goodwill impairment test within six months from the date of adoption. The Company is also required to reassess the useful lives of other intangible assets within the first interim quarter after adoption of SFAS 142. The Company believes that the adoption of SFAS 142 will not materially affect the financial statements of the Company.

ITEM 7A. QUANTITATIVE AND QUALITATIVE DISCLOSURES ABOUT MARKET RISK.

Market risk represents the risk of loss that may impact the consolidated financial position, results of operations or cash flow of the Company due to adverse changes in financing rates. The Company is exposed to market risk in the area of interest rates. This exposure is directly related to its term loan and borrowing activities under the working capital facility. The Company does not currently maintain any interest rate hedging arrangements due to the reasonable risk that near-term interest rates will not rise significantly. The Company is continuously evaluating this risk and will consider implementing interest rate hedging arrangements when deemed appropriate.

|  | Position with the Company or |  |
| :--- | :---: | :---: |
| Name and Age | Director | Other Principal Occupation |
| $--------~$ | Since | for the Past Five Years |

Mr. Dennis E Berberich (62) was a director of the Company until February 21, 2002, when he passed away.

Section $16(a)$ Beneficial Ownership Reporting Compliance

Section $16(a)$ of the Securities Exchange Act of 1934, as amended (the "Exchange Act"), requires directors and officers of the Company and persons who own more than 10 percent of the Company's common stock to file with the Securities and Exchange Commission (the "Commission") initial reports of ownership and reports of changes in ownership of the common stock. Directors, officers and more than 10 percent stockholders are required by the Exchange Act to furnish the Company with copies of all Section $16(a)$ forms they file.

To the Company's knowledge, based solely on a review of the copies of such reports furnished to the Company and written representations that no reports were required during fiscal 2001, all Section $16(a)$ filings applicable to its directors, officers and more than 10 percent beneficial owners were timely filed.

The closing sales price of the Common Stock on the American Stock Exchange on November 30, 2001 (the last trading day before December 2, 2001) was $\$ 1.30$. On December 2, 2001 Mr . Catsimatidis held options to purchase 275,000 shares of Common Stock at $\$ 3.75$ per share and options to purchase 250,000 shares at $\$ 2.875$ per share. Mr. Pokrassa held no options.

Compensation of Directors

Non-officer directors receive a quarterly stipend of $\$ 1,500$ and $\$ 500$ for each meeting attended. Directors who serve on committees receive $\$ 500$ for each meeting attended.

Compensation Committee Interlocks and Insider Participation

The Board of Directors has a Compensation Committee consisting of Frederick Selby and Martin Steinberg. During fiscal 2001, none of the Directors on the Compensation Committee were employees or officers of the Company nor had a relationship with the Company requiring disclosure under Item 13, "Certain Relationships and Related Transactions." Mr. Dennis E Berberich (62) was a member of the Compensation Committee until February 21, 2002, when he passed away.

Report on Executive Compensation
During fiscal 2001, the Compensation Committee did not meet. Compensation of the Company's executive officers for fiscal 2001 was determined by the Company's Board of Directors.

During fiscal 2001, the stock option committee did not meet.

Total compensation for executive officers of the Company consists of a combination of salaries, bonuses when applicable, and stock option awards.

Stock option awards are intended to attract and retain senior management personnel by offering them an opportunity to receive additional compensation based upon the performance of the Company's Common Stock. No stock options were granted to the executive officers during fiscal 2001. See table - Options Granted in Last Fiscal Year.

## ITEM 12. SECURITY OWNERSHIP OF CERTAIN BENEFICIAL OWNERS AND MANAGEMENT.

The following table sets forth certain information regarding ownership of Common Stock on February 27, 2002 by: (i) each stockholder known to the Company to own beneficially more than $5 \%$ of the outstanding shares of Common Stock; (ii) each of the Company's directors; and (iii) all officers and directors of the Company as a group. Except as otherwise indicated, the address of each person is c/o Gristede's Foods, Inc., 823 Eleventh Avenue, New York, N.Y. 10019-3535. The Company believes that ownership of the shares by the persons named below is both of record and beneficial and such persons have sole voting and investment power with respect to the shares indicated.

## ITEM 13. CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

Under a management agreement dated November 10, 1997 (the "Management Agreement"), Namdor Inc., a subsidiary of the Company, performs consulting and managerial services for supermarkets owned by corporations controlled by the majority shareholder. In consideration of such services, Namdor Inc. is entitled to receive, on a quarterly basis, a cash payment of one and one-quarter (1.25\%) percent of all sales of inventory and merchandise made at or from the managed supermarkets. During 2001, 2000, and 1999, management fee income was $\$ 47,222$, $\$ 66,244$, and $\$ 99,732$, respectively.

Effective as of January 1, 1994, the Company entered into Indemnification Agreements with each of its directors and officers other than Kishore Lall. The Company entered into an Indemnification Agreement with Kishore Lall effective as of October 30, 1997, and also entered into Indemnification Agreements with two former officers effective March 17, 1998, Martin Steinberg effective July 21, 1998, Dennis Berberich effective August 18, 1998, Edward Salzano effective August 12, 1999, and Gary Pokrassa effective November 10, 2000. Said agreements supplement the indemnification provisions of the Company's By-laws and the Delaware General Corporation Law. The stockholders of the Company authorized the Company to enter into such agreements with each of its directors at the Annual Meeting of Stockholders held on August 21, 1987. The Board of Directors has authorized the Company to enter into such agreements with each of its officers.

Certain stores have entered into capital and operating leases with an affiliate, C \& S Acquisition Corp. (formerly Red Apple Leasing, Inc). (a company wholly owned by the majority shareholder). Such leases are primarily for store operating equipment. Obligations under capital leases at December 2, 2001 and December 3, 2000 were $\$ 1,409,251$ and $\$ 63,042$, respectively and require monthly payments of $\$ 76,790$ through July 2003. In January 2002, the Company entered into an amendment of these leases, which will result in additional financing of $\$ 2,750,000$ and will be treated on its books as a new transaction. Such monthly payments will be extended through March 2007 and will constitute the debt service on the new financing.

By virtue of his ownership of Common Stock (see Item 12. "Security Ownership of Certain Beneficial Owners and Management") and his position as Chairman of the Board of the Company, John Catsimatidis may be deemed to be a "parent" of the Company under rules promulgated by the Commission.

The Company leases the following locations: a 25,000 square foot warehouse, its office facilities and five store locations from affiliates. During fiscal 2001 the Company paid to such affiliates $\$ 1,610,000$ for rent and real estate taxes under such leases. The lease terms provide for an aggregate of $\$ 1,935,000$ per year in lease payments for fiscal 2002. The leases are triple net whereby the tenant pays all real estate taxes, insurance and maintenance.

Certain stores have entered into capital leases with an affiliate, United Acquisition Leasing Corp. (a company wholly owned by the majority shareholder). Such leases are primarily for store equipment. Obligations under capital leases at December 2, 2001 were $\$ 1,416,433$ and require monthly payments of $\$ 31,609$ through November 2006.

Wolf, Block, Schorr and Solis Cohen, LLP, a law firm of which a director of the Company was a partner, charged the Company $\$ 65,906, \$ 225,322$, and $\$ 235,260$ in fees for rendering legal services to the Company during 2001, 2000, and 1999, respectively.

Amounts due to an affiliate, United Acquisition Corp., a corporation indirectly wholly owned by the majority shareholder, represent liabilities in

## Edgar Filing: GRISTEDES FOODS INC - Form 10-K

connection with the consummation of the merger as discussed in Note 1 and additional advances made by the affiliate since the merger. The affiliate

## -25-

has agreed not to demand payment of these liabilities in the next fiscal year. Accordingly, the liability has been classified as noncurrent. As part of post-closing adjustments in connection with the Food Group Acquisition, approximately $\$ 3,600,000$ in due from affiliates has been offset against the amounts due to United Acquisition Corp. The net amount due to affiliate at December 2, 2001 was $\$ 15,318,843$. Of this amount $\$ 12,800,000$ was subordinated to the Company's banks. The liability does not bear interest.

MCV Advertising Associates Inc., a company owned by the majority shareholder, had provided advertising services to the Company. During 2000 and 1999, costs incurred were $\$ 1,306,218, \$ 1,191,957$, respectively. The Company no longer uses MCV and buys advertising direct instead.

Due from related parties - trade, represents amounts due from affiliated companies for merchandise shipped from the Company's subsidiary City Produce Operating Corp. in the ordinary course of business and for which payments are made to such subsidiary on a continuous basis under extended terms, as well as management fees receivable for administrative and managerial services performed for the affiliated companies by the Company. During 2001 and 2000, merchandise sales to affiliates were $\$ 1,792,174$ and $\$ 636,562$, respectively. This affiliate purchased its merchandise from a third party prior to 2000 .

On February 6, 1998, the Company agreed to purchase substantially all of the assets and assumed certain of the liabilities of a supermarket located at 1644 York Avenue, New York City, that was owned by a corporation controlled by the majority shareholder. On March 1, 2000 the Company and the affiliate determined to restructure the transaction by rescinding the purchase effective as as of February 6, 1998, and entering into an operating agreement which gives the Company full control of the supermarket and the right to operate the supermarket for the account of the Company. The operating agreement presently terminates on December 1, 2002, but the term shall be extended for additional one year periods unless either party shall give notice of termination not later than 90 days prior to the end of the then current term of the agreement. Under the operating agreement, the Company shall pay to the affiliate $\$ 1.00$ per annum, plus such other consideration as may be approved by the Company's directors (excluding John Catsimatidis). Pursuant to the operating agreement the Company or any designee of the Company, also has the option until December 31, 2005 to purchase the supermarket for $\$ 2,778,000$, which price is the fair market price of the supermarket established on October 11,1999 by the Company's directors (excluding John Catsimatidis).

In May 2000, another affiliate and the Company entered into a similar operating agreement for a store owned by the affiliate. As consideration, the affiliate receives the nominal amount of $\$ 1$ per annum, plus such other consideration as may be approved by the Company's directors (excluding John Catsimatidis). The operating agreement presently terminates on May 10, 2003, but the term shall be extended for additional one year periods unless either party shall give notice of termination not later than 90 days prior to the end of the then current term of the agreement. Pursuant to the operating agreement, the Company, or any designee of the Company, also has the option until December 31, 2005 to purchase the supermarket for the fair market price of the supermarket as established by the Company's directors (excluding John Catsimatidis) using a valuation criterion similar to that issued for valuing the store at 1644 York Avenue, New York City. It is management's opinion that the fair market value of this store is approximately $\$ 3$ million.

The affiliates' intention in entering into these two operating agreements where the Company enjoys full benefits of ownership for the nominal consideration of $\$ 1$ per annum per store was to effect post closing adjustments in connection with the Food Group acquisition. If the option

$$

$$

to purchase the supermarkets is exercised, the excess of the purchase price over the net book value of the assets will be shown as a charge to equity.

In connection with the restructure of the transaction relating to the supermarket located at 1644 York Avenue, $\$ 3,072,000$ was included in "Due from related parties - other" on the accompanying balance sheet as of December 3, 2000. Such amount has been paid or offset against amounts due from affiliates during Fiscal 2001.

Independent Auditors' Report

Board of Directors of
Gristede's Foods, Inc.
New York, New York

We have audited the accompanying consolidated balance sheets of Gristede's Foods, Inc. and subsidiaries (the "Company") as of December 2, 2001 and December 3, 2000, and the related consolidated statements of operations, stockholders' equity, and cash flows for the fifty-two weeks, fifty-three weeks and fifty-two weeks ended December 2, 2001, December 3, 2000 and November 28, 1999, respectively. These financial statements are the responsibility of the company's management. Our responsibility is to express an opinion on the financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the consolidated financial statements referred to above present fairly, in all material respects, the financial position of Gristede's Foods, Inc. and subsidiaries as of December 2, 2001 and December 3, 2000, and the results of their operations and their cash flows for the fifty-two weeks, fifty-three weeks and fifty-two weeks ended December 2, 2001, December 3, 2000 and November 28, 1999, respectively, in conformity with accounting principles generally accepted in the United States of America.

Gristede's Foods, Inc. and Subsidiaries

Notes to Consolidated Financial Statements

## 1. Business and Basis of Presentation

As of December 2, 2001, Gristede's Foods, Inc. and subsidiaries (the "Company") operates 42 supermarkets, two pharmacies and a distribution facility in the New York Metropolitan area.

On August 12, 1999, the Company changed its name from Gristede's Sloan's Inc., ("Sloan's") to Gristede's Foods, Inc. to reflect its strategy of changing its "Sloan's" banner locations to "Gristede's" subsequent to a store remodeling.

On November 10, 1997, the Company acquired certain assets, net of liabilities, of 29 selected supermarkets and a wholesale distribution business ("The Food Group") controlled by John Catsimatidis (the "majority shareholder") of the Company. The transaction was accounted for as the acquisition of Sloan's by The Food Group pursuant to Emerging Issues Task Force $90-13$ as a result of The Food Group obtaining control of Sloan's after the transaction. The assets and liabilities of The Food Group (the "Acquiror") are recorded at their historical cost. The assets and liabilities were recorded at their fair value to the extent acquired. Consideration for the transaction was based on an aggregate of $\$ 36,000,000$ in market value of the Company's common stock and the assumption of $\$ 4,000,000$ of liabilities. The Company issued $16,504,298$ shares of common stock on the date of the acquisition based on a market price of $\$ 2.18$ per share.

The Company did not recognize any gain or loss as a result of the above acquisition. The Company underwent an "Ownership Change" within the meaning of Section 382 of the Internal Revenue Code of 1986 , as amended, as a consequence of the transaction. As a result, the Company's ability to offset its net operating loss carryforwards against income earned after the transaction is limited.

```
2. Summary of Significant Accounting Policies
Principles of Consolidation
The consolidated financial statements include the accounts of Gristede's Foods, Inc. and its wholly-owned subsidiaries. All material intercompany accounts and transactions have been eliminated in consolidation.
```

## Fiscal Year

The Company's fiscal year ends on the Sunday closest to November 30. The fiscal years ended December 2, 2001, December 3, 2000 and November 28, 1999 include 52, 53 and 52 weeks respectively.

Cash and Cash Equivalents

Cash and cash equivalents consist of cash on hand, and highly liquid investments which are readily convertible to known amounts of cash and which have maturities of three months or less.

Revenue Recognition

The Company recognizes revenues from the sale of merchandise at the time merchandise is sold.

Deferred Income

Rebates received from vendors that are based on future purchases are initially deferred and are recognized as a reduction of cost of goods sold when the related inventory is purchased. Rebates not tied directly to purchases are recognized as a reduction of cost of goods sold on a straight-line basis over the related contract term.

Store Pre-opening Expenses and Closing Costs

Statement of Position 98-5, "Accounting for Start-up Costs", requires an entity to expense all start-up related costs as incurred for fiscal years beginning after December 15,1998 and to write down the unamortized portion of such costs previously capitalized. The Company adopted SOP 98-5 during 1999, and accordingly, costs incurred prior to the opening of a new store, associated with a remodeled store, or related to the opening of a

$$
F-9
$$

## Edgar Filing: GRISTEDES FOODS INC - Form 10-K

distribution facility are charged against earnings as pre-store opening start-up costs when incurred. When a store is closed, the Company expenses unrecoverable costs and accrues a liability equal to the present value of the remaining lease obligations, net of expected sublease income. As a result of this adoption in 1999 the Company took a one-time, non-cash charge reflecting the cumulative effect of a change in an accounting principle in the amount of $\$ 610,000$, representing such costs capitalized as of the beginning of fiscal year 1999. During 2001, 2000 and $1999, \$ 165,000, \$ 519,000$ and $\$ 800,000$ of pre-store opening start-up costs were expensed, respectively.

## Significant Concentrations

During fiscal 2001, 2000 and 1999, the Company purchased approximately 39\%, 38\% and $40 \%$, respectively, of its merchandise from a single supplier. If the Company's relationship with this supplier were disrupted, the Company could purchase from other suppliers without negative impact on its business.

## Inventories

Store inventories are valued principally at the lower of cost or market with cost determined under the retail method.

Property, Equipment, Depreciation and Amortization

Property and equipment are stated at cost. Depreciation of furniture, fixtures and equipment is computed by the straight-line method over the estimated useful lives of the assets, with lives ranging from seven to ten years. Leasehold interest and improvements are amortized over the shorter of their estimated useful lives or the lease term, on a straight-line basis, including optional periods where the Company intends to exercise its option.

## Software Costs

The Company follows the provisions of the American Institute of Certified Public Accountants' Statement of Position 98-1,

Gristede's Foods, Inc. and Subsidiaries

Notes to Consolidated Financial Statements

#### Abstract

"Accounting for the Costs of Computer Software Developed or Obtained for Internal Use" ("SOP 98-1"). SOP 98-1 requires the capitalization of certain internally generated software costs. In fiscal 2001 the Company capitalized $\$ 500,000$ of such software costs. In previous years the amount was not material. Such software is amortized over three years and for fiscal 2001 the Company recorded amortization expense of $\$ 18,000$.

Leases

The Company charges the cost of operating lease payments and beneficial leaseholds to operations on a straight-line basis over the lives of the leases.

## Advertising Expense

The Company expenses advertisement costs when the advertisement is first shown. During 2001, 2000 and 1999, $\$ 1,572,963, \$ 1,555,707$ and $\$ 1,290,121$ of advertising
costs were expensed, respectively.

Other Assets

Other assets consist mainly of acquisition, prescription lists and financing costs and are amortized on a straight-line basis over five to ten years. Non-compete agreements generally are amortized over the life of the agreement up to ten years.

Income Taxes

Deferred tax assets and liabilities are recognized for the future tax consequences attributable to differences between the financial statement carrying amounts of existing assets and liabilities and their respective tax bases. Deferred tax assets and liabilities are measured using enacted tax rates expected to apply to taxable income in the years in which those temporary differences are expected to be recovered or settled. The effect on deferred tax assets and liabilities of a change in tax rates is recognized in operations in the period that includes the enactment date.

## Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts of assets, liabilities, income and expenses and disclosures of contingencies. Actual results could differ from those estimated.

Stock-Based Compensation Plans

Statement of Financial Accounting Standards ("SFAS") No. 123, "Accounting for Stock-Based Compensation" allows either adoption of a fair value method of accounting for stock-based compensation plans or continuation of accounting under Accounting Principles Board ("APB") Opinion No. 25, "Accounting for Stock Issued to Employees," and related interpretations with supplemental disclosures.

The Company has chosen to account for all stock-based compensation arrangements under APB Opinion No. 25 with related disclosures under SFAS No. 123. Pro forma net earnings (loss) per common share amounts as if the fair value method had been adopted are presented in Note 10.

Fair Value of Financial Instruments

SFAS No. 107, "Disclosure About Instruments" requires companies to disclose the fair value of financial instruments. The carrying values of cash and cash equivalents, accounts receivable and accounts payable reported in the accompanying consolidated balance sheets approximate fair value due to the short-term maturities of these assets.

The fair value of long-term debt, consisting of the term loans and revolving loan payable as of December 2, 2001 and December 3, 2000 , approximates the recorded book value because of the fluctuating interest rates. It was not practical to determine the fair value of the amount due to affiliate, because of
the uncertain repayment terms.

Long-Lived Assets

During 1995, SFAS No. 121, "Accounting for the Impairment of Long-lived Assets and for Long-lived Assets to Be Disposed Of", was issued. SFAS No. 121 requires the Company to review long-lived assets and certain identifiable assets related to those assets for impairment whenever circumstances and situations change such that there is an indication that the carrying amounts may not be recoverable. If the undiscounted future cash flows of the enterprise are less than their carrying amounts, their carrying amounts are reduced to fair value and an impairment loss is recognized. No impairment losses have been necessary through December 2, 2001.

Earnings (Loss) per Share

The Company follows SFAS No. 128, "Earnings Per Share," ("EPS") which requires a presentation of basic EPS and diluted EPS. Basic EPS excludes dilution and is computed by dividing earnings available to common stockholders by the weighted average number of common shares outstanding for the period. Diluted EPS assumes conversion of convertible debt and the issuance of common stock for all other potentially dilutive equivalent shares outstanding. Diluted EPS is not shown since the options which could potentially dilute basic EPS would have been anti-dilutive for the periods presented.

Reclassification

Certain reclassifications were made to the fiscal 2000 and 1999 consolidated financial statements to conform to the fiscal 2001 presentation.

Recent Accounting Pronouncements

In June 1998, the Financial Accounting Standards Board issued Statement of Financial Accounting Standards No. 133, "Accounting for Derivative Instruments and Hedging Activities" ("SFAS No. 133"). SFAS No. 133 represents a comprehensive framework of accounting rules that standardizes the

accounting for all derivatives. SFAS No. 133 applies to all entities and to all types of derivatives, and is effective as amended in fiscal year 2001. The adoption of SFAS 133 in fiscal 2001 did not affect the financial statements of the Company.

## Edgar Filing: GRISTEDES FOODS INC - Form 10-K

In June 2001, the Financial Accounting Standards Board finalized FASB Statements No. 141, Business Combinations (SFAS 141), and No. 142, Goodwill and Other Intangible Assets (SFAS 142). SFAS 141 requires the use of the purchase method of accounting and prohibits the use of the pooling-of-interests method of accounting for business combinations initiated after June 30, 2001. SFAS 141 also requires that the Company recognize acquired intangible assets apart from goodwill if they meet certain criteria. SFAS 141 applies to all business combinations initiated after June 30, 2001 and for purchase business combinations completed on or after July 1, 2001. It also requires, upon adoption of SFAS 142, that the Company reclassify the carrying amounts of intangible assets and goodwill based on the criteria in SFAS 141. The Company believes that the adoption of SFAS 141 will not materially affect the financial statements of the Company.

SFAS 142 requires, among other things, that companies no longer amortize goodwill, but instead test goodwill for impairment at least annually. In addition, SFAS 142 requires that the Company identify reporting units for the purposes of assessing potential future impairments of goodwill, reassess the useful lives of other existing recognized intangible assets, and cease amortization of intangible assets with an indefinite useful life. An intangible asset with an indefinite useful life should be tested for impairment in accordance with the guidelines in SFAS 142. SFAS 142 is required to be applied in fiscal years beginning after December 15, 2001 to all goodwill and other intangible assets recognized at that date,

$$
\mathrm{F}-14
$$ and Subsidiaries

Notes to Consolidated Financial Statements
regardless of when those assets were initially recognized. It also requires the Company to complete a transitional goodwill impairment test within six months from the date of adoption. The Company is also required to reassess the useful lives of other intangible assets within the first interim quarter after adoption of SFAS 142. The Company believes that the adoption of SFAS 142 will not materially affect the financial statements of the Company.

## 3. Related Party Transactions

a) On February 6, 1998, the Company agreed to purchase substantially all of the assets and assumed certain of the liabilities of a supermarket located at 1644 York Avenue, New York City, that was owned by a corporation controlled by the majority shareholder. On March 1, 2000 the Company and the affiliate determined to restructure the transaction by rescinding the purchase effective as as of February 6, 1998, and entering into an operating agreement which gives the Company full control of the supermarket and the right to operate the supermarket for the account of the Company. The operating agreement presently terminates on December 1, 2002, but the term shall be extended for additional one year periods unless either party shall give notice of termination not later than 90 days prior to the end of the then current term of the agreement. Under the operating agreement, the Company shall pay to the affiliate $\$ 1.00$ per annum, plus such other consideration as may be approved by the Company's directors (excluding John Catsimatidis). Pursuant to the operating agreement the Company or any designee of the Company, also has the option until December 31, 2005 to purchase the supermarket for $\$ 2,778,000$, which price is the fair market price of the supermarket established on October 11, 1999 by the Company's directors (excluding John Catsimatidis).

In May 2000, another affiliate and the Company entered into a similar operating agreement for a store owned by the affiliate. As
$\mathrm{F}-15$

consideration, the affiliate receives the nominal amount of $\$ 1$ per annum, plus such other consideration as may be approved by the Company's directors (excluding John Catsimatidis). The operating agreement presently terminates on May 10, 2003, but the term shall be extended for additional one year periods unless either party shall give notice of termination not later than 90 days prior to the end of the then current term of the agreement. Pursuant to the operating agreement, the Company, or any designee of the Company, also has the option until December 31,2005 to purchase the supermarket for the fair market price of the supermarket as established by the Company's directors (excluding John Catsimatidis) using a valuation criterion similar to that issued for valuing the store at 1644 York Avenue, New York City. It is management's opinion that the fair market value of this store is approximately $\$ 3$ million.

The affiliates' intention in entering into these two operating agreements where the Company enjoys full benefits of ownership for the nominal consideration of $\$ 1$ per annum per store was to effect post closing adjustments in connection with the Food Group acquisition. If the option to purchase the supermarkets is exercised, the excess of the purchase price over the net book value of the assets will be shown as a charge to equity.

In connection with the restructure of the transaction relating to the supermarket located at 1644 York Avenue, $\$ 3,072,000$ was included in "Due from related parties - other" on the accompanying balance sheet as of December 3, 2000. Such amount has been paid or offset against amounts due from affiliates during Fiscal 2001.

In consideration of such services, Namdor Inc. is entitled to receive, on a quarterly basis, a cash payment of one and one-quarter (1.25\%) percent of all sales of inventory and merchandise made at or from the managed supermarkets. Obligations under capital leases at December 2, 2001 and December 3, 2000 were $\$ 1,409,251$ and $\$ 63,042$, respectively and require monthly payments of $\$ 76,790$ through July 2003. In January 2002, the Company entered into an amendment of these leases, which will result in the availability of additional financing of $\$ 2,750,000$. Such monthly payments will be extended through March 2007 and will constitute the debt service required of the Company on the new financing.

The Company leases the following locations: a 25,000 square foot warehouse, its office facilities and five store locations from affiliates. During fiscal 2001 the Company paid to such affiliates $\$ 1,610,000$ for rent and real estate taxes under such leases. The lease terms provide for an aggregate of $\$ 1,935,000$ per year in lease payments for fiscal 2002. The leases are triple net whereby the tenant pays all real estate taxes, insurance and maintenance. (See Note 6.)

## 5. Due to Affiliate

Amounts due to an affiliate, United Acquisition Corp., a corporation indirectly wholly owned by the majority shareholder, represent liabilities in connection with the consummation of the merger as discussed in Note 1 and additional advances made by the affiliate since the merger. The affiliate has agreed not to demand payment of these liabilities in the next fiscal year. Accordingly, the liability has been classified as noncurrent. As part of post-closing adjustments in connection with the Food Group Acquisition, approximately $\$ 3,600,000$ in due from affiliates has been offset against the amounts due to United Acquisition Corp. The net amount due to affiliate at December 2, 2001 and December 3, 2000 was $\$ 15,318,843$ and $\$ 12,129,031$, respectively. Of these amounts $\$ 12,800,000$ and $\$ 9,000,000$, respectively was subordinated to the Company's banks. (See Note 8.) The liability presently does not bear interest. However, the Company's credit agreement with its banks permits the Company to pay interest on such subordinated debt provided the Company has a positive net income.

## 6. Commitments and Contingencies

The Company operates primarily in leased facilities under non-cancellable operating leases expiring at various dates through 2020. Certain leases provide for contingent rents (based upon store sales exceeding stipulated amounts or on the Consumer Price Index), escalation clauses and renewal options ranging from five to fifteen years. The Company is obligated under all leases to pay for taxes, insurance and common area maintenance expenses.

The Company also leases operating equipment. The Company is obligated under all equipment leases to pay for taxes, insurance and maintenance costs incurred in the operation of such equipment.

Related party rent expense for equipment leases was $\$ 484,856$ for each of the years ended December 3, 2000 and November 28, 1999, respectively. By the terms of amendments to these leases, they became capital leases in the year ended December 2, 2001.

## 7. Income Taxes

The Company reports the effects of income taxes under SFAS No. 109, "Accounting for Income Taxes". The objective of income tax reporting is to recognize (a) the amount of taxes payable or refundable for the current year and (b) deferred tax liabilities and assets for the future tax consequences of events that have been recognized in the financial statements or tax returns. Under SFAS No. 109, the measurement of deferred tax assets is reduced, if necessary, by the amount of any tax benefits that, based on available evidence, are not expected to be realized. Realization of deferred tax assets is determined on a more-likely-than-not basis.

The Company has net operating loss carryforwards for tax purposes and other deferred tax benefits that are available to offset future taxable income. The net operating loss carryforwards are attributable only to operating activities.

As of December 2, 2001, the Company had net operating loss carryforwards of approximately $\$ 8.6$ million, which expires through fiscal 2020.

Internal Revenue Code Section 382 provides for the limitation on the use of net operating loss carryforwards in years subsequent to a more than 50\% cumulative change in ownership. The Company believes that a more than $50 \%$ cumulative change in ownership occurred in November 1997. (See Note 1) As a future consequence of the transaction, the Company's ability to offset its net operating loss carry forwards of approximately $\$ 5.7$ million at the merger against income earned after the transaction may be limited. If any of the Federal net operating loss carryforwards are realized, any tax benefit will be credited to additional paid-in capital.

The Company had net deferred tax assets of approximately $\$ 9$ million at December 2, 2001 and

$$
F-23
$$

Notes to Consolidated Financial Statements

December 3, 2000. At December 2, 2001 and December 3, 2000, a valuation allowance has been provided against the deferred tax assets since management cannot predict, based on the weight of available evidence, that it is more likely than not that such assets will be ultimately realized. Accordingly no deferred income taxes were recognized in any of the periods.

The provision (benefit) for income taxes for fiscal 2001, 2000 and 1999

consisted of state and local income taxes only which amounted to approximately $\$ 99,000, \$ 52,000$ and $\$ 22,000$, respectively.

Deferred tax (assets) liabilities at December 2, 2001 and December 3, 2000 are comprised of the following elements:

Effective October 2001, the Company's credit agreement with a group of banks was amended and increased to an aggregate total of $\$ 32,500,000$, consisting of a $\$ 15,500,000$ term loan and a $\$ 17,000,000$ revolving line of credit. As of December 2, 2001, the credit facility as amended, provides for (i) a maturity date of November 28, 2004 for the revolving line of credit, and December 3, 2006 for the term loan, at which time all amounts outstanding thereunder are due, (ii) certain financial covenants, and (iii) amortization of the term loan in monthly amortizations totaling $\$ 2,000,000, \$ 2,300,000, \$ 2,600,000, \$ 2,900,000$ and $\$ 3,200,000$ respectively in each year during its term, and a $\$ 2,500,000$ balloon payment at maturity.

## 9. Retirement Plan

The Company participates in various defined contribution multi-employer union pension plans, which are administered jointly by management and union representatives, and which sponsor most full-time and certain part-time union employees. The pension expense for these plans approximated $\$ 1,052,000, \$ 999,000$
and $\$ 740,000$ for 2001,2000 and 1999, respectively. The Company could, under certain circumstances, be liable for unfunded vested benefits or other expenses of jointly administered union/management plans.
10. Stock Option Plans

On October 7, 1994, the Company granted the Chairman a non-qualified stock option to purchase an aggregate of 275,000 shares of common stock at a price of $\$ 3.75$ per share (the fair market value at that date).

On August 12, 1996, the Company granted the Chairman a non-qualified stock option to purchase an aggregate of 250,000 shares of common stock at a price of $\$ 2.875$ per share.

The Company currently has one incentive grant and five nonqualified grants under which stock options may be granted to officers, directors and key employees of the Company. The options to purchase shares of common stock generally are issued at fair market value on the date of the grant, begin vesting over three to five years, and expire ten years from issuance and are conditioned upon
continual employment during the vesting period.

Under the incentive grant and the nonqualified grants, the Company granted options to purchase up to 927,500 shares of common stock.

In addition to the one incentive grant, the Company has granted stock options to certain key executives and directors. The options vest over three to five years and contractual lives of these grants are similar to that of the incentive plan.

The Company applies APB Opinion No. 25, "Accounting for Stock Issued to Employees," and related interpretations for its stock option grants. Generally, compensation expense is not recognized for stock option grants.

In accordance with SFAS No. 123, "Accounting for Stock-based Compensation", the Company discloses the pro forma impact of recording compensation expense utilizing the Black-Scholes model. The Black-Scholes option valuation model was developed for use in estimating the fair value of traded options, which have no vesting restrictions and are fully transferable. In addition, option valuation models require the input of highly subjective assumptions including the expected stock price volatility. Because the Company's stock options have characteristics significantly different from those of traded options, and because changes in the subjective input assumptions can materially affect the fair value estimate, in management's opinion, the Black-Scholes model does not necessarily provide a reliable measure of the fair value of its stock options.

SFAS No. 123 requires the Company to provide pro forma information regarding net loss and earnings per share as if compensation cost of the Company's stock option plans had been determined

in accordance with the fair value based method prescribed in SFAS No. 123. The Company estimates the fair value of each stock option at the grant date by using the Black Scholes option-pricing model with the following weighted average assumptions used for grants. During 2000 and 2001 there were no options granted.

11. Litigation

1) RMED International Inc. v. Sloan's Supermarkets Inc. and John A. Catsimatidis.

On August 8, 1994, a lawsuit against the Company and Mr. Catsimatidis was instituted in the United States District Court for the Southern District of New York by RMED International, Inc. ("RMED"), a former stockholder of the Company.

The complaint alleges, among other things, that RMED and a purported class consisting of persons who purchased the Company's common stock on or after March 19, 1993 were damaged by alleged nondisclosures in certain filings made by the Company with the Securities and Exchange Commission between January 1993 and June 1994 relating to an investigation by the FTC. The complaint alleges that

such nondisclosures constituted violations of Federal and New York State securities laws, as well as common law fraud, and seeks damages (including punitive damages) in an unspecified amount (although in discovery proceedings, the named plaintiff has claimed that its damages were approximately $\$ 800,000$ ) as well as costs and disbursements of the action. On June 2, 1994, the Company issued a press release that disclosed the FTC action.

On September 30, 1994, the defendants filed a motion to dismiss for failure to state a cause of action and for lack of subject matter jurisdiction over the state claims. The motion was denied. In June 1995, the plaintiff filed a motion for class certification, which motion was granted in March 1996 . Fact discovery was completed by the end of June 1998. Expert discovery was completed by the end of 1998. Plaintiff's expert prepared a report claiming that plaintiffs have suffered damages in an amount in excess of $\$ 3,000,000$. In August 1999, defendants moved to exclude plaintiff's expert report, which motion was denied. In June 2000, the Company filed a motion for summary judgment. In February 2002, the court dismissed plaintiff's state law claim under Article 23-A of the General Business Law of New York, as well as plaintiff's claim for breach of

fiduciary duty, but denied the Company's motion with respect to the plaintiff's claim under Section $10(b)$ of the Securities Exchange Act of 1934 , as amended and Rule $10(\mathrm{~b})-5$ promulgated thereunder, as well as plaintiff's claim of fraud under state common law, finding that there were outstanding issues of fact which needed to be determined at trial. Pre-trial conference has been scheduled for March 4, 2002.

At this state of the litigation, the outcome cannot be predicted with certainty. However, the Company believes that it has a viable defense that may result in dismissal of RMED's claims.
2.) Ansoumana v. Great Atlantic \& Pacific Tea Company, Inc. d/b/a/ A\&P, Shopwell Inc. - d/b/a Food Emporium, Gristede's Operating Corp, Duane Reade, Inc., Charlie Bauer, individually and d/b/a B\&B Delivery Service a/k/a Citi Express, Scott Weinstein and Steven Pilavan, ind. and d/b/a Hudson Delivery Service Inc., Chelsea Trucking, Inc. a/k/a Hudson York.

On January 13, 2000 plaintiffs, commenced a class action lawsuit in the U.S District Court for the Southern District of New York. Their complaint alleges violations of the Fair Labor Standands Act and the New York Labor Law. Plaintiffs are claiming damages for the differential between the amount they were paid by The Great American Delivery Service Company and what the minimum wage was in each specific year dating back to 1994 . To date, 35 employees have opted into the class action.

Specifically, the Company was one of the parties sued in this litigation by delivery workers claiming they are not being paid the minimum wage. The delivery workers are employees of the Great American Delivery Company (formerly known as B\&B Delivery Service or Citi Express), not employees of the Company. The Company is under contract with Great American to deliver groceries to the Company's customers.

In its answer, the Company denied the allegations and

cross-claimed against the delivery service co-defendants Weinstein and Bauer, based upon their own negligence, theories of contribution and contractual indemnity.

When allegations of underpayment first emerged last summer, the Company, on August 2, 2000, entered into a new contract with Great American. This contract was entered into in order to assure the Company that these delivery men would be properly and legally paid for their services. The legal hourly wages referred to in the contract were discussed with the New York Attorney General's office.

The Company is conducting an investigation of Great American to determine whether or not Great American is in compliance with the contract and the legal options available with respect to the contract terms.

Management expects the matter will be resolved in the near future. The Company will vigorously defend the fact that these workers are employees of Great American, and not employees of the Company.

On July 23, 2001, the Company terminated its Delivery Service Agreement with Great American Delivery Co., Inc. ("Great American") because Great American breached the terms of the contract. Based upon that termination, Great American commenced a breach of contract action in Supreme Court, Nassau County, against the Company and obtained a preliminary injunction compelling the Company to retain Great American as its delivery service contractor.

Thereafter, Great American was found to be in contempt of several orders and added as a party-defendant by motion to amend the complaint in the Ansoumana v. the Company's action. In response to those proceedings, Great American filed for bankruptcy. Hence, the breach of contract action commenced by Great American against the Company was stayed. The Company transferred the case to the United States Bankruptcy Court in the Eastern District of New York and is moving to have the case transferred further to

the judge assigned to Ansoumana v. Gristede's in the United States District Court of the Southern District of New York. When this is done, the Company will move the Court to have the matter dismissed.
3.) Red Apple Supermarkets, Inc., Gristede's Supermarkets, Inc., Supermarket Acquisition Corp., and Gristede's Sloan's Inc.,Plaintiffs, against Rite Aid Corporation and Rite Aid of New York, Inc., Defendants

## Edgar Filing: GRISTEDES FOODS INC - Form 10-K

Pursuant to a settlement agreement dated Feburary 22, 1999 (the
"Settlement Agreement"), between the Company and Rite Aid Corporation ("Rite Aid"), Rite Aid agreed to compromise a dispute between the parties arising out of a written lease purchase agreement dated September 2, 1994 (the "Lease Purchase Agreement). Pursuant to the Settlement Agreement, Rite Aid agreed to pay the sum of $\$ 400,000$ (the "Settlement Sum") to the Company in full and final satisfaction of certain claims and disputes regarding defendants' breaches of the Lease Purchase Agreement. However, to date, Rite Aid has failed and refused to pay any portion of the Settlement Sum as required by the Settlement Agreement. Consequently, on June 5, 2000, plaintiffs filed a complaint in the Supreme Court of the State of New York (New York County) which alleged: Breach of Settlement Agreement, Breach of Good Faith and Fair Dealing and Breach of Lease Purchase Agreement. Such complaint seeks judgment against Rite Aid in the full amount of the Settlement Sum, together with interest from February 22, 1999.

As alleged in the complaint, the Lease Purchase Agreement contemplated defendants' purchase of certain commercial leasehold interests held by plaintiffs, in two stores. Pursuant to the Lease Purchase Agreement, defendants agreed to purchase plaintiffs' leasehold interest in the two stores for $\$ 1,950,000$. However, in violation of the Lease Purchase Agreement - as well as their duty of good faith and fair dealing thereunder - defendants negotiated and obtained their own leasehold interest for both stores directly from each landlord, and failed to compensate plaintiffs as agreed.

Notes to Consolidated Financial Statements

To date, no depositions have been taken. At this stage of litigation, it is too early to determine the outcome of the litigation. However, it is the opinion of the Company's counsel that the likelihood of success on the Company's claim for breach of the Settlement Agreement is substantial. A receivable in the amount of $\$ 400,000$ from Rite Aid is included in receivables as of December 2, 2001.
12. Impact of the Terrorist Attacks of September 11, 2001

The Company has two stores in the World Trade Center area of Manhattan, which were forced to close as a result of the terrorist attacks of September 11, 2001. One store reopened for business on October 1, 2001, the other is being renovated. The Company has suffered property damage losses, including inventory, costs to repair and clean fixtures and facilities and loss of revenue. Management has filed claims for the above losses with its insurance carriers, including business interruption, and estimates net proceeds of approximately \$1.5 million, along with costs incurred of approximately \$1.1 million. The Company received an advance of $\$ 300,000$ against these claims in October 2001. Management believes it is probable that payment will be received for the claim in the upcoming fiscal year.
