ITEM 3. SOURCE AND AMOUNT OF FUNDS OR OTHER CONSIDERATION

LVP is an investor in Tilion Inc. ("Tilion"). On September 20, 2002, SynQuest, Tilion and certain other Investors entered into an Amended and Restated Stock Purchase Agreement (the "Stock Purchase Agreement"). Under the terms of the Stock Purchase Agreement, Tilion agreed to purchase 5,280,000 shares of SynQuest Series A preferred stock ("Series A Preferred") at a purchase price of \$2.50 per share for an aggregate investment of \$13 million in cash. The closing for the Tilion investment occurred on November 15, 2002 (the "Closing").

Tilion's Board of Directors and a majority of its stockholders have approved a plan to distribute the shares of SynQuest Series A Preferred to the holders of Tilion's Series A and Series B Preferred Stock. In connection with the distribution, LVP will receive 890,848 shares of SynQuest Series A Preferred upon the liquidation of Tilion.

ITEM 4. PURPOSE OF THE TRANSACTION

Under the terms of the Stock Purchase Agreement, SynQuest agreed to issue up to 13.2 million shares of Series A Preferred stock, at a price of \$2.50 per share, to the Investors party to the Stock Purchase Agreement (the "Investors") for an aggregate investment of up to \$33 million (the "Private Placement"). The Stock Purchase Agreement permitted a portion of the investment to consist of conversion of up to \$7 million of bridge financing debt owed by SynQuest and Viewlocity, Inc., a Delaware corporation ("Viewlocity") that had entered into a related transaction with SynQuest (described further below), to certain of the Investors that may be outstanding prior to closing. At the closing for the Private Placement, SynQuest issued a total of 11,106,827 shares of Series A Preferred for an aggregate investment amount of \$27,767,067.50, consisting of cash and the conversion of outstanding debt. Tilion entered into the Stock Purchase Agreement for the purpose of investing in the Series A Preferred.

The terms of the Series A Preferred are set forth in the articles of amendment to SynQuest's Third Amended and Restated Articles of Incorporation. The following is a summary of the terms of the Series A Preferred:

- Dividends on the Series A Preferred will accrue at a rate of 7% per year and are cumulative.
- SynQuest will not declare or pay out any cash dividends during the two-year period following the closing.
- The Series A Preferred is convertible into common stock at any time at a ratio of one share of common stock for each share of Series A Preferred converted, subject to adjustments for stock splits and other customary events.
- Except as described below, the Series A Preferred has priority over the common stock in any liquidation, dissolution or winding up of SynQuest, and in connection with allocation of proceeds in any merger, acquisition, sales of all or substantially all of SynQuest's assets, or similar major corporate transactions (other than the merger and certain qualified public offerings) (collectively referred to as a "liquidation event"). In the event of a liquidation event, holders of the Series A Preferred will be entitled to receive \$2.50 per share and an additional amount such that the holders will receive a total return equal to a 15% internal rate of return (including dividends) per year compounded annually. Notwithstanding the Series A Preferred priority, in connection with any such liquidation event, the holders of common stock will be entitled to receive 8% of the proceeds available to SynQuest shareholders (pro rata, in accordance with share ownership) until the Series A Preferred liquidation preference is satisfied. After the Series A Preferred liquidation preference is

Edgar Filing: SYNQUEST INC - Form SC 13D

satisfied, the remaining proceeds will be distributed to the holders of the common stock.

- Generally, shares of Series A Preferred vote as one class with the common stock on an as-converted to common basis.
- The initial conversion rate of Series A Preferred to common stock is one to one, subject to adjustment in specific circumstances. Shares of Series A Preferred are convertible to common stock at any time at the option of the holder. Shares of Series A Preferred will be automatically converted to SynQuest common stock upon (i) a public offering of SynQuest common stock meeting certain thresholds, (ii) the vote of two-thirds of the then outstanding shares of Series A Preferred, or (iii) SynQuest common stock attaining a \$10.00 closing price for at least 100 of 120 consecutive trading days.
- The Series A Preferred is not redeemable.

On August 30, 2002, SynQuest and Viewlocity entered into definitive agreements to merge the companies with SynQuest remaining as the surviving legal entity (the "Viewlocity Merger"). The Viewlocity Merger occurred on November 15, 2002. As consideration for the Viewlocity Merger, SynQuest issued a total of 2,946,867 shares of its common stock (which equaled the number of shares of SynQuest common stock outstanding at the time the agreement was entered into) to Viewlocity's Series F Preferred stockholders. Holders of other classes and series of Viewlocity capital stock received nominal cash consideration.

The details of the Stock Purchase Agreement and the Viewlocity Merger are described in greater detail in SynQuest's filings under the Exchange Act.

SynQuest also entered into an Amended and Restated Registration Rights Agreement ("Registration Rights Agreement"), dated as of September 20, 2002, with the Investors in the Private Placement, stockholders of Viewlocity who will receive shares of SynQuest common stock in the Viewlocity Merger, Warburg Pincus, SynQuest's majority shareholder, and North Bridge, Venrock and LVP. This group of stockholders is referred to as the "registration rights holders." The Registration Rights Agreement is the agreement that governs the terms under which SynQuest has agreed to register the sale of the common stock to be issued to these holders. Most of Tilion's preferred stockholders who will receive shares of SynQuest Series A preferred stock at the time of the liquidation of Tilion have also become parties to the Registration Rights Agreement. Holders of SynQuest Series A Preferred will have registration rights only as to the shares of common stock underlying their shares of Series A Preferred. The following summarizes the terms of the Registration Rights Agreement.

SynQuest has agreed to file a "shelf" registration statement within 180 days after the closing of the transactions registering resales of SynQuest common stock from time to time by the registration rights holders, and to use all commercially reasonable efforts to cause the registration statement to become effective as soon as practicable. Once effective, the shelf registration statement will permit the registration rights holders to sell their shares of common stock into the open market from time to time using the methods of distribution to be described in the shelf registration statement. However, the registration rights holders have signed lockup agreements providing that no sales will be made until one year after the closing date of the transactions.

The Registration Rights Agreement grants additional registration rights, known as "piggyback" registration rights, to the purchasers. The piggyback investors are the Investors who will receive Series A Preferred in the transactions. The piggyback registration rights require SynQuest to give these investors notice of SynQuest's intention to file registration statements covering its equity securities with the SEC. If the piggyback investors indicate that they wish to have some or all of the shares of common stock underlying their shares of Series A Preferred included in the registration, SynQuest has agreed to include these shares of common stock. The piggyback registration rights include the following specific terms:

- If the registration relates to an underwritten public offering and the managing underwriter, or underwriters, imposes a limit on the number of shares that may be included, SynQuest is required to include only the number of shares of the piggyback investors' common stock as is permitted to be included by the managing underwriter.
- If SynQuest originally commenced the registration in order to effect a sale of its shares, then the shares registered for the piggyback investors shall be excluded from the registration on a pro rata basis among the piggyback investors, up to the full number of shares that were requested to be included, before any shares proposed to be included by SynQuest are excluded.
- If SynQuest originally commenced the registration in order to effect a sale of its shares by a shareholder who had the right to demand that SynQuest file a registration statement, then the shares registered for the piggyback investors shall be excluded from the registration together with any shares to be offered by SynQuest, pro rata, based on the number of shares sought to be included by SynQuest and each of the piggyback investors.

SynQuest has the right to delay the filing of any registration statement under the Registration Rights Agreement, and the right to require the registration rights holders to refrain from selling shares of common stock pursuant to an effective registration statement, from time to time for up

Edgar Filing: SYNQUEST INC - Form SC 13D

to an aggregate of 90 days in any 12-month period, if a material activity exists. A material activity means that: (i) there is an event, or state of facts, relating to SynQuest; (ii) such event, or state of facts, is material to SynQuest; and (iii) such event, or state of facts, would require disclosure in order for the registration rights holders to sell shares of common stock pursuant to a registration statement.

On September 20, 2002, SynQuest, North Bridge, Venrock, Lucent and the Investors in the Private Placement also entered into an Amended and Restated Shareholders Agreement ("Shareholders Agreement"), pursuant to which they have agreed to vote their respective shares of SynQuest Common Stock received in the Private Placement (i) to fix the number of directors of SynQuest at seven, and (ii) to elect to the board of directors (a) one member designated by North Bridge Venture Partners, (b) one member designated by Battery Ventures, (c) the Chief Executive Officer of SynQuest, and (d) four members to be designated annually by a majority of the full board of directors, at least three of whom must be independent. The Shareholders Agreement also grants North Bridge, Venrock, LVP and the Investors in the Private Placement, a right of first refusal with respect to additional issuances of equity securities of SynQuest, (including any securities convertible into equity securities), excluding management stock options, securities issued in connection with acquisitions and strategic alliances, securities issued in connection with debt financings and securities issued in a "qualified offering" (as defined in the Shareholders Agreement).

The Shareholders Agreement provides that directors designated by North Bridge and Battery will also be represented on the compensation committee and, subject to compliance with applicable federal law and the rules issued by any national securities exchange or automated quotation system on which SynQuest's securities are then listed, the audit committee of SynQuest's board of directors. For a period of two years following the date of the shareholders agreement, each Investor has agreed that if, upon the recommendation of SynQuest's board of directors, SynQuest makes a tender offer for our outstanding shares of common stock using SynQuest's then-existing funds or additional funds invested by the Investors in SynQuest's other equity securities, the Investor will not tender any shares of SynQuest common stock, including any shares of our common stock issuable upon conversion of any Series A Preferred, held by the Investor.

Should the Private Placement and Viewlocity Merger be deemed by the NASDAQ SmallCap Market to constitute a reverse merger under the Marketplace Rules, SynQuest will be required to meet the initial listing requirements under the Marketplace Rules and it is possible that SynQuest may not be able to satisfy these requirements. In that event, SynQuest's Common Stock may be delisted from the NASDAQ SmallCap Market.

ITEM 5. INTEREST IN SECURITIES OF THE ISSUER

(a) LVP individually beneficially owns 890,848 shares of SynQuest Common Stock (approximately 5.2 % of the shares of the SynQuest Common Stock). The percentage is calculated based upon 17,000,482 shares of Common Stock outstanding, which is the sum of (a) 2,946,797 shares of Common Stock outstanding as reported by SynQuest in its most recently filed quarterly report on Form 10-Q as filed with the Securities and Exchange Commission, (b) 2,946,857 shares of Common Stock issued in the Viewlocity Merger and (c) 11,106,828 shares of Common Stock underlying the shares of Series A Preferred. The percentage in the foregoing paragraph assumes the full conversion of the Series A Preferred into shares of Common Stock.

(b) LVP has the power to vote or to direct the vote and power to dispose or to direct the disposition of 890,848 shares of Common Stock.

(c) On September 20, 2002, SynQuest and the Investors entered into the Stock Purchase Agreement and SynQuest, the Investors, North Bridge, Venrock and LVP entered into the Shareholders Agreement.

(d) Each of the Investors (excluding C.J. Simpson), North Bridge, Venrock and LVP have the power to direct more than five percent of the class of Common Stock.

(e) Not applicable.

ITEM 6. CONTRACTS, ARRANGEMENTS, UNDERSTANDINGS OR RELATIONSHIPS WITH RESPECT TO SECURITIES OF THE ISSUER

Other than as described in Items 3, 4 and 5, to the knowledge of the Reporting Persons, there are not contracts, arrangements, understandings or relationships (legal or otherwise) among the persons named in Item 2 and between such persons and any person with respect to any securities of the Issuer, including but not limited to transfer or voting of any of the securities, finder's fees, joint ventures, loan or option arrangements, puts or calls, guarantees of profits, division of profits or loss, or the giving or withholding of proxies.
