IVG CORP.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS - UNAUDITED

MARCH 31, 2001

NOTE 1 - ORGANIZATION AND PRESENTATION

On March 9, 2001, IVG Corp. (the "Company") changed its name from Internet Venture Group, Inc. (formerly Strategic Ventures, Inc.) and its state of incorporation from Florida to Delaware. The name change and reincorporation were accomplished by merging Internet Venture Group, Inc. a Florida corporation, into IVG Corp., a Delaware corporation formed for the purpose of these transactions. Each issued and outstanding share of common stock of Internet Venture Group, Inc. was automatically converted in the merger into one share of common stock of IVG Corp. The Company was incorporated in the state of Florida on March 19, 1987 under the name Sci Tech Ventures, Inc. and changed its name to Strategic Ventures, Inc. in May 1991. On October 18, 1999, Strategic Ventures, Inc. changed its name to Internet Venture Group, Inc.

Effective December 31, 1999, Internet Venture Group, Inc. acquired all of the issued and outstanding shares of GeeWhiz.com, Inc. (a Texas corporation) for 26,537,402 shares of its stock by the purchase method. For accounting purposes, the acquisition was treated as a reverse acquisition, with GeeWhiz.com, Inc. as the acquirer and Internet Venture Group, Inc. as the acquiree. The merger qualified as a reverse acquisition because the officers and directors of GeeWhiz.com, Inc. assumed management control of the resulting entity and the value and ownership interest received by current GeeWhiz.com, Inc. stockholders exceeded that received by Internet Venture Group, Inc.

On September 28, 2000, Internet Venture Group, Inc. acquired ownership of approximately 88.5% of the issued and outstanding common shares of Swan Magnetics, Inc. (a California corporation), for shares of its stock. The transaction was accounted for under the purchase method of accounting. See Note 11.

The Company is a Houston-based human resource and technology company that focuses on the acquisition, development and operation of promising revenue-generating companies. The Company's business strategy is to acquire, develop and operate unique companies that are leaders in their commercial niche by virtue of a compelling business model, technology and/or proprietary service. The Company provides a value-added corporate structure intended to enable its portfolio companies to quickly leverage their expertise and deploy their business strategy by utilizing the management, financial and corporate resources of the Company.

The primary business of GeeWhiz.com, Inc., which now operates as a division of the Company, is the development, acquisition, marketing and distribution of proprietary products as specialty products and items for the worldwide gift, novelty and souvenir industries. Swan Magnetics, Inc., which operates as a majority-owned subsidiary of the Company, is involved in the development of a

Edgar Filing: IVG CORP - Form 10QSB

proprietary ultra-high capacity (UHC), flexible disk drive technology and currently has no revenue generating operations.

The Company's fiscal year end is December 31.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS - UNAUDITED - CONTINUED
MARCH 31, 2001

NOTE 2 - BASIS OF PRESENTATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The accompanying unaudited consolidated financial statements have been prepared in accordance with U.S. generally accepted accounting principles for interim financial information and with the instructions to Form 10-QSB and Item 310 of Regulation S-B. Accordingly, they do not include all of the information and footnotes required by U.S. generally accepted accounting principles for complete financial statements. In the opinion of management, all adjustments considered necessary for a fair presentation have been included. Operating results for the three months ended March 31, 2001 are not necessarily indicative of the results that may be expected for the year ended December 31, 2001.

These financial statements are presented on the accrual basis of accounting in accordance with U. S. generally accepted accounting principles. Significant accounting principles followed by the Company and the methods of applying those principles, which materially affect the determination of financial position, results of operations and cash flows, are summarized below:

Principles of consolidation

The accompanying unaudited consolidated financial statements include the accounts of the Company, including its divisions, and its majority-owned subsidiary. All significant intercompany accounts and transactions have been eliminated in consolidation.

Cash and cash equivalents

The Company considers all highly-liquid debt instruments with original maturities of three months or less when purchased to be cash equivalents. At March 31, 2001, \$1,500,000 of cash was restricted for payment of a note to a vendor.

Inventory

Inventory is stated at the lower of cost, determined using the first-in, first-out method (FIFO), or market. Finished products comprise all of the Company's inventory.

Property and equipment

Property and equipment is stated at cost. The cost of ordinary maintenance and repairs is charged to operations while renewals and betterments are capitalized. Depreciation is computed on the straight-line method over the estimated useful lives of five (5) years.

IVG CORP.
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS - UNAUDITED - CONTINUED
MARCH 31, 2001

Patents, trademarks and licenses

The Company capitalizes certain legal costs and acquisition costs related to patents, trademarks and licenses. Accumulated costs are amortized over the lesser of the legal lives or the estimated economic lives of the proprietary rights, generally seven to ten years, using the straight-line method and commencing at the time the patents are issued, trademarks are registered or the license is acquired.

Revenue recognition

Product sales are sales of on-line products and specialty items. Revenue is recognized at the time products are shipped. Other revenue and commission income is recognized when the earnings process has been completed.

Income taxes

The Company accounts for income taxes under Statement of Financial Accounting Standards No. 109 (SFAS 109), "ACCOUNTING FOR INCOME TAXES", which utilizes the asset and liability approach to accounting for income taxes. Under this method, deferred tax assets and liabilities are measured based on differences between financial reporting and tax bases of assets and liabilities using enacted tax rates and laws that are expected to be in effect when the differences are expected to reverse.

Net earnings (loss) per share

Basic and fully diluted net earnings (loss) per share information is presented under the requirements of Statement of Financial Accounting Standards No. 128 (SFAS 128), "EARNINGS PER SHARE". Basic net earnings (loss) per share is computed by dividing net earnings (loss) by the weighted average number of shares of common stock outstanding for the period, less shares subject to repurchase. Fully diluted net earnings (loss) per share reflects the potential dilution of securities by adding other common stock equivalents, including stock options, shares subject to repurchase, warrants and convertible preferred stock, in the weighted average number of shares of common stock for a period, if dilutive. All potentially dilutive securities have been excluded from the computation, as their effect is anti-dilutive.

Fair value of financial instruments

The carrying amount of cash, accounts receivable, accounts payable and accrued expenses are considered to be representative of their fair values because of the short-term nature of these financial instruments. The carrying amounts of the notes payable are reasonable estimates of fair value as the loans bear interest based on market rates currently available for debt with similar terms.

Edgar Filing: IVG CORP - Form 10QSB

IVG CORP.
 NOTES TO CONSOLIDATED FINANCIAL STATEMENTS - UNAUDITED - CONTINUED
 MARCH 31, 2001

Use of estimates

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and the disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from these estimates.

NOTE 6 - INCOME TAXES

The income tax provision relates to state minimum income taxes incurred by Swan Magnetics, Inc.

There has been no provision for U. S. federal or foreign income taxes because the Company has incurred losses in all periods for these jurisdictions.

Deferred income taxes reflect the net tax effects of temporary differences between the carrying amounts of assets and liabilities for financial reporting purposes and the amounts used for income tax purposes. Significant components of deferred tax assets are as follows as of March 31, 2001:

Deferred tax assets	
Net operating loss carryforwards	\$ 27,688,137
Valuation allowance for deferred tax assets	\$(27,688,137)

Net deferred tax assets	\$ 0
	=====

Realization of deferred tax assets is dependent upon future earnings, if any, the timing and amount of which are uncertain. Accordingly, the net deferred tax assets have been fully offset by a valuation allowance. The Company had tax net operating loss carryforwards of approximately \$27,688,137 as of March 31, 2001, which, unless utilized, expire beginning in 2003. Utilization of the tax net operating loss carryforwards may be subject to substantial annual limitation due to the ownership change limitations provided by the Internal Revenue Code and similar state provisions. The annual limitation could result in the expiration of the net operating loss before utilization.

NOTE 7 - CONVERTIBLE PREFERRED STOCK

After the acquisition of Swan Magnetics, Inc., there remained Swan convertible preferred stock outstanding, which had not been converted to Swan common stock or IVG common stock. There were 612,957 share of Series B outstanding with a historical cost of \$221,000; 2,010,000 shares of Series D outstanding with a historical cost of \$1,423,303; and 706,000 shares of Series G outstanding with a historical cost of \$3,512,000. Upon acquisition, the preferred stock has been valued at \$2,181,819, the liquidation preference value, due to the going concern question of the Company.

IVG CORP.
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS - UNAUDITED - CONTINUED
MARCH 31, 2001

The rights, preferences and privileges of the Swan Series B, D and G preferred stockholders are as follows:

Dividend rights

Dividends are non-cumulative and payable only upon declaration of the Board of Directors at a rate of \$0.132 per share for Series B preferred stock, \$0.05 per share for Series D preferred stock and \$0.05 per share for Series G preferred stock. No distributions will be made on any share of Series D stock. No distributions will be paid on any Series G preferred stock until holders of Series B and D have been paid.

Liquidation Preference

Holders of Series B shares have a liquidation preference over Series D and G and common shareholders of \$1.10 per share plus any declared but unpaid dividends, holders of Series D shares have a liquidation preference over Series G and common shareholders of \$2.50 per share plus any declared but unpaid dividends, and holders of Series G shares have a liquidation preference over common shareholders of Series G shares have a liquidation preference over common shareholders of \$5.00 per share plus any declared but unpaid dividends.

Conversion Rights

Each share of preferred stock is convertible into one share of common stock at the option of the holder, subject to protection against dilution. Preferred stock automatically converts upon an effective initial public offering or upon the vote or written consent of at least two-thirds of the number of outstanding shares of the preferred stock into common stock (except Series B which does not have this feature).

Voting Rights

There are outstanding common stock warrants attached to Series D and Series G preferred stock at March 31, 2001. The Series D preferred stock warrants gives the warrant holder the right to purchase one share of Swan common stock at \$0.83 per share. The Series G preferred stock warrant give the warrant holder the right to purchase shares of Swan common stock. None of the Series D or Series G warrants have been exercised through March 31, 2001. The Series D warrants expire in 2001 and the Series G warrants expire in 2006.

NOTE 8- STOCK COMPENSATION PLANS

Stock Option Plan

The Company has granted options to purchase shares of common stock to employees,

The fair value of each stock option was estimated on the date of grant using the Black-Scholes option-pricing model with the following weighted-average assumption on stock options issued on or before June 30, 2000: an expected life of four (4) years, expected volatility of 87%, and a dividend yield of 0% and on stock options issued after June 30, 2000: an expected life of 18 months, expected volatility of 90%, and a dividend yield of 0%.

2000 Omnibus Securities Plan

The 2000 Omnibus Securities Plan ("2000 Plan") was adopted in October 2000 and reserved 10,000,000 shares of IVG common stock for stock options, restricted stock awards, unrestricted stock awards, performance stock awards, dividend equivalent rights, and stock appreciation rights to directors, officers, and key employees of the Company and certain consultants.

IVG CORP.
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS - UNAUDITED - CONTINUED
MARCH 31, 2001

Shares available under the 2000 Plan as of March 31, 2001 totaled 7,937,800. In accordance with FASB No. 123, non-cash stock-based compensation expense of \$1,066,607 has been recognized in the accompanying statement of operations for the three months ended March 31, 2001 related to these stock awards. An equal amount has been recognized in shareholders' equity.

Non Employee Directors Stock Option Plan

The Non-Employee Directors Stock Option Plan adopted in July 2000 permitted the issuance of up to 900,000 shares of common stock to directors who are not employees of IVG. Under the plan, options to purchase 100,000 shares of common stock at the fair market value on the date of grant are granted to each non-employee director annually. As of March 31, 2001, options for 900,000 shares had been granted to three non-employee directors under this plan, of which 225,000 shares are available for exercise.

Accounting Issues Relating to all Stock Compensation Plans

The Company accounts for employee-based compensation under these plans under APB Opinion No. 25 and related interpretations under which no compensation cost has been recognized. Had compensation cost for these plans been determined using the fair value method of SFAS No. 123, pro forma net earnings and diluted earnings per share would not have been materially different than using APB Opinion No. 25.

NOTE 9- COMMITMENTS AND CONTINGENCIES

The Company is in the third year of a five-year operating lease, which commenced December 1997 for office and warehouse space located in Houston, Texas. Future minimum lease commitments for building lease approximate the following for each of the years ending December 31: 2001- \$ 8,386; 2002- \$73,907; and none thereafter. In 2001, the Company entered into a new lease for office space, which requires annual rent of \$119,856 through 2005.

NOTE 10- GOING CONCERN

The accompanying financial statements have been prepared in conformity with U.S. generally accepted accounting principles, which contemplates continuation of the Company as a going concern. The Company has incurred substantial operating losses. As shown in the financial statements, the Company incurred net losses of \$2,882,965 on gross sales of \$181,499 for the quarter ended March 31, 2001. These factors indicate there is substantial doubt about the Company's ability to continue as a going concern. The future success of the Company is likely dependent on its ability to obtain additional capital to develop its proposed products and ultimately, upon its ability to attain future profitable operations. There can be no assurance that the Company will be successful in obtaining such financing, or that it will attain positive cash flow from operations.

Edgar Filing: IVG CORP - Form 10QSB

IVG CORP.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS - UNAUDITED - CONTINUED

MARCH 31, 2001

Management believes that actions presently being taken to revise the Company's operating and financial requirements provide the opportunity for the Company to continue as a going concern. The Company has been able to continue based upon the financial support of certain of its stockholders, and the continued existence of the Company is dependent upon this support and the Company's ability to acquire assets by the issuance of stock. Management has recently been able to secure a \$1,100,000 loan from a group of institutional investors (see convertible notes footnote) and \$2,200,000 from Swan Magnetics, Inc. and has subsequently acquired businesses that management believes can provide additional cash for the Company's operations and be profitable in both the short and long-term. Management also intends to attempt to raise additional funds through private sales of the Company's common stock.

Although management believes that these efforts will enable the Company to continue as a going concern, there can be no assurance that these efforts will be successful.

NOTE 11- ACQUISITION OF SUBSIDIARY

On September 28, 2000, the Company acquired ownership of approximately 88.5% of the common stock of Swan Magnetics, Inc. Swan is a hardware development company specializing in ultra high capacity floppydisk drives and media. As part of a two step purchase transaction, the Company exchanged 20,000,000 shares of restricted common stock for approximately 88.5% of the outstanding common shares of Swan. The Company then offered, to those stockholders, an exchange of restricted common stock for warrants to purchase common stock at an exercise price equal to the market value on September 28, 2000, or \$1.75. Stockholders exchanged an aggregate of 9,091,793 shares of restricted common stock of the Company for common stock warrants. The fair value of the common stock warrants was estimated on September 28, 2000 using the Black-Schoales option-pricing model with the following weighted-average assumption on stock warrants issued: an expected life of 18 months, expected volatility of 90%, and a dividend yield of 0%. This transaction adjusted the purchase price to approximately \$19,005,131. The acquisition was accounted for using the purchase method. The assets and liabilities of Swan were recorded at fair market value, which approximates net book value on the date of acquisition. Upon consummation of the Swan acquisition, the Company expensed \$18,040,000 representing purchased in-process technology that had not reached technological feasibility and had no alternative future use.

NOTE 12- ACQUISITIONS

SES-Corp., Inc./Cheyenne Management Company, Inc.

On December 29, 2000 the Company entered into an Asset Purchase Agreement and Agreement and Plan of Merger by and among SES Acquisition 2001, Inc., Cheyenne Management Company, Inc. ("SES"), and certain other persons (the "Acquisition Agreement"). The Acquisition Agreement was amended on March 30, 2001. The Acquisition Agreement provided for both the Company's purchase of certain of the assets of Cheyenne Management Company,

Inc. and the merger of SES Acquisition 2001, Inc., a wholly owned subsidiary of the Company, with and into SES, with SES to be surviving corporation. The acquisition became effective April 1, 2001.

Under terms of the Acquisition Agreement, the former shareholders of SES were issued restricted shares equal to 25 percent of the IVG Corp. common stock outstanding at that date, approximately 11.8 million shares. An additional number of shares of IVG common stock equal to up to 8 percent of the issued and outstanding common stock of IVG prior to the merger may be issued in 2002, based upon the EBITDA of SES in 2001. Eighty-five percent of the shares initially issued under the transaction were placed in escrow to secure certain indemnification obligations of the former SES shareholders. The transaction will be accounted for as a reverse purchase due to the size of SES versus the Company. In addition, two SES executives will be appointed to the IVG Corp. Board of Directors in 2001.

The Company also acquired certain of the assets of Cheyenne Management Company, Inc in exchange for a number of shares of the Company's common stock to be determined by dividing the fair market value of the acquired assets as stated on Cheyenne's audited balance sheet as of December 31, 2000 by \$1.50.

SES is involved in various litigation, which could adversely affect net earnings for 2001. As of April 12, 2001, a judgement of approximately \$4,200,000 had been entered against SES. Additionally, the Internal Revenue Service is currently conducting an investigation into unpaid payroll taxes for the years 1996 through 2000. While the ultimate outcome of this investigation cannot be determined at this time, the final outcome could have a material adverse affect on the Company which could preclude it from continuing as a going concern.

CyberCoupons

On January 9, 2001, the Company executed a Reorganization Agreement and Plan of Exchange pursuant to which the Company exchanged up to 2,372,625 shares of its common stock for approximately 35% of the issued and outstanding common stock of Cybercoupons.com, Inc., a Houston, Texas-based company. The Company's investment in Cybercoupons was diluted immediately, in the sense that the Cybercoupons shares acquired in exchange for IVG common stock have a book value that is far less than the trading price of IVG common stock at January 9, 2001. No assurances can be given that the Company's investment in Cybercoupons will appreciate in value, or that it will appreciate to a value comparable to the value of IVG shares that were delivered to the Cybercoupons stockholders. No asset is recorded on the accompanying unaudited balance sheet as of March 31, 2001 related to this investment.

Cybercoupons was formed to be an Internet source for consumers to obtain on-line-printable manufacturer coupons for grocery, household and beauty products. Advertiser expenditures on coupons amounted to over \$6.2 billion in 1997. Much of this consisted of the printing, distribution and logistics associated with coupon-based marketing activities. Cybercoupons believes that the disintermediation of coupon distribution and redemption can result in a

significant saving to the billions of dollars spent by manufacturers to print, distribute and redeem paper coupons. Cybercoupons allows shoppers to select specific grocery coupons from its web site at a steep discount for use at local grocery outlets. For example, \$50 of coupons can be purchased for as little as \$9.95, with the user enjoying the benefit of being able to choose specific product coupons.

Cybercoupons believes that it is positioned to capitalize on the disintermediation of coupon distribution and redemption by offering on-line download of specific coupons and point-of-sale redemption of coupon face value.

Cybercoupons has established a web site for the purchase of specific grocery coupons (www.grocerycoupons.com) and is currently involved in key test markets with regional grocery stores for point-of-sale redemption of electronically downloaded coupons.

iTVr

Under the terms of a Research and Development Agreement, Swan Magnetics (an 88.5% owned subsidiary) received 3,000,000 shares of common stock of iTVr in exchange for a \$750,000 investment, giving Swan ownership of 46% of the outstanding common stock. Swan's initial \$250,000 investment was expensed as research and development expense in 2000. The remaining \$500,000 investment was made in January 2001. The investment has been accounted for under the equity method. As such, an investment has been recorded on the accompanying balance sheet and a loss equal to the Company's ownership percentage has been recorded in the statement of operations for the quarter ended March 31, 2001. Under the parties' agreement, Swan will receive additional 1,000,000 shares of common stock upon completion of iTVr's next round of financing.

iTVr has developed a high performance, multi function, low cost PVR for a variety of applications including time shift television recording digital imaging and manipulation, distance education, HDTV, karaoke, video conferencing, music videos, video emails and home gateway applications.

iTVr's business model is to provide cost-effective multi function solutions at affordable prices without requiring ongoing service charges. iTVr expects to begin shipments of its first product in China in the first quarter of 2001 with initial introduction to the European and US markets in mid 2001.

United Staffing of America, LTD.

On April 5, 2001, SES-Corp., Inc. signed a Letter of Intent to acquire United Staffing of America, LTD. (USA), a privately owned Professional Employer Organization located in Tampa, Florida. USA operates in 10 states, providing human resource administration to over 125 businesses. Staff Leasing Corporation

On April 12, 2001, SES-Corp., Inc. signed a Letter of Intent to acquire Staff Leasing Corporation ("Staff Leasing"), a privately owned Professional Employer Organization located in Palos Heights, Illinois. Staff Leasing operates in 24 states, offering human resource administration to over 1,200 worksite employees. The proposed transaction is structured as a stock for cash transaction, the terms of which are subject to certain conditions including shareholder approval and the execution of definitive agreements. Management anticipates that the acquisition will be completed in June 2001.

NOTE 13- CONVERTIBLE NOTES

In February 2001, the Company issued \$ 1,100,000 in 6% convertible notes with warrants to purchase 275,000 shares of IVG common stock attached. The conversion price of these notes is the lower of 120% of the closing bid price of IVG common stock for the five days prior to issue of the notes or 85% of the average of the three lowest closing bid prices for the 22 days prior to converting the notes. The purchase price of the common stock associated with the attached warrants is 120% of the closing bid price of IVG common stock for the five days prior to issue of the notes. The Company is to file a registration statement with the convertible notes and warrants and to cause to be declared effective within 135 days of issuance of the convertible notes and warrants. If the registration statement is no effective within 135 days of issuance, certain penalties will become effective.

ITEM 2. MANAGEMENT'S DISCUSSION AND ANALYSIS OR PLAN OF OPERATION.

FINANCIAL CONDITION

At March 31, 2001, the Company had current assets of approximately \$4,595,000 and total assets of approximately \$5,074,000. Current liabilities at March 31, 2001 were approximately \$5,214,000 and total liabilities were approximately \$7,396,000. The Company's stockholders' deficit at March 31, 2001 was approximately \$2,238,000.

RESULTS OF OPERATIONS

Comparison of the quarter ended March 31, 2001 to March 31, 2000

Revenues increased to approximately \$276,000 for the first quarter of 2001, compared to approximately \$84,000 for the first quarter of 2000. The increase was attributable principally to increased product sales and interest income. Cost of goods sold increased to approximately \$121,000 from \$32,000 for the same period last year. This increase was primarily the result of higher prices for materials and higher direct costs associated with manufacturing.

Other expenses, consisting of selling, general, and administrative expenses, and sales and marketing expenses, increased to approximately \$3,215,000 from approximately \$242,000. This increase was due primarily to increased stock-based compensation and costs associated with acquisition activity.

The Company's net loss for the quarter ended March 31, 2001 was approximately \$2,883,000, compared to a net loss of approximately \$157,000 for the quarter ended March 31, 2000. The loss in 2001 is related primarily to increased

Edgar Filing: IVG CORP - Form 10QSB

stock-based compensation and consulting, legal and accounting fees incurred in connection with acquisition activity.

LIQUIDITY AND CAPITAL RESOURCES

Operations for the quarter ended March 31, 2001 were financed through cash acquired in the September 2000 Swan Magnetics, Inc. (Swan) acquisition, through \$350,000 in loans from Swan, and through \$1,100,000 in loans obtained in February 2001 from institutional investors. Previously, operations have been financed through private sales of common stock and loans from management and stockholders. In addition, in 2001 and 2000, the Company obtained services or paid expenses through the issuance of common stock.

Net cash used by operating activities was approximately \$816,000 in the quarter ended March 31, 2001 and \$24,000 in the quarter ended March 31, 2000. The Company had \$4,054,000 in cash at March 31, 2001, of which \$1,500,000 was restricted for payment of a promissory note to a vendor.

In February 2001, the Company raised \$1,100,000 by issuing 6% convertible notes with warrants to purchase 275,000 shares of IVG common stock attached and has completed the acquisition of SES-Corp., Inc. and certain assets of Cheyenne Management Company, Inc., that management believes can provide additional cash for the Company's operations and be profitable in both the short and long-term. Management also intends to attempt to raise funds through private sales of the company's common stock. Although management believes that these efforts will enable the Company to meet its liquidity needs in the future, there can be no assurance that these efforts will be successful.

18

GOING CONCERN CONSIDERATION

The Company has continued losses from operations. These conditions raise substantial doubt about the Company's ability to continue as a going concern. The accompanying financial statements do not include any adjustments relating to the recoverability of reported assets or liabilities should the Company be unable to continue as a going concern.

The Company has been able to continue based upon the financial support of certain of its stockholders, and the continued existence of the Company is dependent upon this support and the Company's ability to acquire assets by the issuance of stock. Management has recently been able to raise \$1,100,000 from the issuance of 6% convertible notes with warrants attached from an investment group and has completed the acquisition of businesses that management believes can provide additional cash for the Company's operations and be profitable in both the short and long-term. Management also intends to attempt to raise additional funds through private sales of the Company's common stock. Although management believes that these efforts will enable the Company to continue as a going concern, there can be no assurance that these efforts will be successful.
