Executive Compensation Committee and its Report

The members of this Committee are Robert T. Monagan, Chairman, and Raymond E. Peet. The Committee held one meeting during fiscal 2003. The Committee has the responsibility for review and determination of executive compensation objectives and policies and the evaluation of the Corporation's executive officers. During the fiscal year, no executive officer of the Corporation served either as a director or as a member of the compensation committee of any other entity whose executive officers served either as a Director or as a member of the Executive Compensation Committee of the Corporation. Nominating Committee

Edgar Filing: CUBIC CORP /DE/ - Form DEF 14A

Cubic Corporation has had a Nominating Committee, consisting of two independent directors, since 1991. The current members of the Committee are Robert T. Monaghan, Chairman and Raymond E. Peet. The Committee held one meeting during fiscal 2003. The Committee does not have a Charter, but expects to adopt a Charter in fiscal year 2004. The Committee has not considered shareholder proposals for nomination as directors in the last five years and has not received an unsolicited proposal regarding a candidate who might possess appropriate background and experience during that time. The Board consists of seven directors, three of whom are independent. These independent directors were elected 4, 16 and 17 years ago and have served with distinction since their election. No replacement of these directors is contemplated. The Committee's policy is that it will consider recommendations of the security holders which are received by the Corporate Secretary at least 120 days prior to one year from the date of the previous annual meeting of shareholders. Recommendations of candidates who have at least 20 years of management and defense or transportation industry experience with a company with sales of at least 75% of that of the Corporation, or who could bring appropriate diversity to the Board, or who possess other relevant qualifications (for example finance and accounting, marketing) would be preferred. If a vacancy in the Board occurs, the Committee will consult with all Board members to identify candidates known to them or whom they would recommend be considered and would review any security holder recommendations on file. It would screen and then personally interview appropriate candidates and have those candidates meet with some additional Board members, certain members of management and the Chairman of the Board. The Committee would evaluate responses and recommend to the full Board the name of any candidate it felt should become a management and Board nominee for election or appointment.

- (A) The 2003 bonus includes cash compensation earned whether received or deferred at the election of the individual.
- (B) Amounts shown reflect the individual's interest in the Corporation's contribution to the Corporation's Employees' Profit Sharing Plan, premiums for executive life insurance coverage in accordance with I.R.S. tables, automobile allowances, and moving expense reimbursement.
- (C) Includes the long-term performance bonus for the three-year period ended in fiscal 2001 earned whether received or deferred at the election of the individual. This item also includes the split-dollar insurance plan, described below, which requires the Officer to make contributions toward acquisition of the life insurance. In October 1992, to offset the cost, including taxes, of the insurance premium contribution by Mr. Zable, the Board of Directors adopted a supplemental executive compensation program under the terms of which a predetermined sum would be paid annually. The amounts set forth above include the annual payments under this program. Payments may be discontinued at any time by the Board of Directors, and none have been made since 2001.

The remuneration shown for the named individuals includes deferred compensation under the Corporation's Deferred Compensation Plan for fiscal 2003. Under the Plan, selected key employees of the Corporation, including Officers, may defer all or any part of their compensation until termination of employment with the Corporation. The deferred compensation is held in the general funds of the

7

Corporation and credited to the account of the employee. Each account is credited with interest at the rate periodically set by the Secretary of the United States Treasury.

The Corporation also provides to certain Executive Officers normal management fringe benefits, including financial counseling and club memberships, which are not included in the Compensation Table. An undetermined part of these benefits might have been used for personal purposes in an amount which cannot be reasonably determined. Management has concluded that the aggregate amounts of any such benefits are not material and do not, in any event, exceed the lesser of \$50,000 or 10% of the compensation reported as to each person specified and, in any case, the aggregate amount of such other compensation is the lesser of \$25,000 times the number of persons in the group or 10% of the compensation reported above for the group.

The Corporation provides all full-time and certain part-time employees with life insurance coverage up to \$50,000, depending on their rate of compensation, and certain executives of the Corporation have the option to be provided \$150,000 of life insurance. In addition, full-time and certain part-time employees have the option to purchase additional life insurance in an amount of 1, 2, 3, or 4 times their base pay, up to a total maximum of \$750,000. All of the premiums for such additional life insurance are paid solely by each electing employee. Currently, premiums not paid by the executive for all life insurance coverage over \$50,000 are treated as compensation to those executives in accordance with Internal Revenue Service Tables and are included in the cash compensation shown.

There are no material proceedings to which any director, officer or affiliate of the Corporation, owner of record or beneficially of more than five percent of the Common Stock of the Corporation, or any associate of any such director, officer, affiliate or security holder is a party adverse to the Corporation or any of its subsidiaries or has a material interest adverse to the Corporation or any of its subsidiaries.

In 2000 Gerald R. Dinkel was employed by the Corporation as Vice President of the Corporation and President and Chief Executive Officer of the Defense Group. To assist Mr. Dinkel in the purchase of a home and the relocation of his family from Maryland to San Diego, California, the Corporation loaned Mr. Dinkel the sum of \$200,000 on a 5% interest bearing promissory note payable in five equal annual installments commencing in 2006 to be secured by a second trust deed on the property purchased.

In 2002, to assist Raymond L. deKozan in the purchase of a home and the relocation of Mr. deKozan and his family to the United States at the conclusion of a special assignment of numerous years in England, the Corporation loaned Mr. deKozan the sum of \$600,000. During fiscal year 2002, \$400,000 was repaid. The balance was repaid in 2003.

The remuneration shown for the named individuals includes their interest in the Corporation's contribution for fiscal 2003 to the Corporation's Employees' Profit Sharing Plan. The amount of the Corporation's annual contribution is determined by the Board of Directors in

its discretion. Employees, including executives, are permitted to contribute to the Plan on a pre-tax basis up to 10% of their compensation subject to a limitation contained in the Internal Revenue Code. Certain after-tax contributions may also be made. These contributions are included in the compensation shown above. Contributions to the Plan are invested in any of several mutual funds selected by a Company committee upon the recommendation of a financial advisor. Contributions and investments are managed by the Prudential Insurance Company of America. Each employee is given investment discretion over the contributions allocated to his or her account.

The compensation shown does not include contributions by the Corporation under its defined benefit Employees' Pension Plan because the amount of such contributions in respect to a specified

person cannot be readily calculated. Additional information regarding the Corporation's Employees' Pension Plan is set forth below:

The Corporation maintains a defined benefit Pension Plan ("Plan") for certain of its employees. The Corporation's contributions to the Plan are distributed among various funds held by an insurance company. They are actuarially determined for the total of all participants covered by the Plan. Therefore, the amount of contribution in respect to a specified person cannot be readily calculated. The contribution averages about 3% of the participants' remuneration. Generally, all participants in the Plan earn the right to receive a monthly pension at the Plan's normal retirement date of age 65 in an amount equal to 1/12th of 3/4ths of 1% of their total earnings (including bonuses) since 1974. The benefits to be paid under the Pension Plan are not subject to adjustments for Social Security benefits or other offsets.

Estimated Annual Benefits Under the Cubic Corporation Pension Plan				
Average Annual Compensation	At Retirement Age of 65 Years of Service			
	10	20	30	40
\$ 50,000	\$ 3,750	\$ 7,500	\$ 11,250	\$ 15,000
100,000	7,500	15,000	22,500	30,000
150,000	11,250	22,500	33,750	45,000
200,000	15,000	30,000	45,000	60,000

Compensation for purposes of the Plan is limited by ERISA regulations to \$200,000 during the year ended September 30, 2003.

The years of credited service in the Corporation's Pension Plan for the listed individuals are: 54 years for W. J. Zable, 41 years for W. C. Zable, 20 years for W. W. Boyle, 43 years for Raymond L. deKozan, and three years for Gerald R. Dinkel and Richard A. Johnson.

The Corporation is party to an agreement with a trust established by Mr. Walter J. Zable, CEO of the Corporation, and Mrs. Zable whereby the Corporation agreed to make advances of premiums payable on a split-dollar life insurance policy purchased by the trust on the life of Mrs. Zable. The advances are secured by a collateral assignment of the policy to the Corporation. If the assumptions made as to mortality experience, policy dividends and other factors were realized, at the death of Mrs. Zable the Corporation would recover all of its insurance premium payments as well as other costs associated with the policy. Due to changes in the tax law and other circumstances, the Corporation no longer considers the policy to be effective in fulfilling the original purpose intended by the Board. The Corporation and Mr. Zable are now discussing alternative courses of action including holding the policy to maturity, selling the Corporation's interest to the trust, selling the policy to a third party or surrendering the policy. The difference between policy premiums and other payments and the increase in the cash surrender value of the policy has been expensed or added to income in the year incurred although no policy premiums have been paid since 2001. The amount added to income in 2003, 2002 and 2001, due to increases in the cash surrender value, was \$245,000, \$308,000, and \$482,000, respectively. As of September 30, 2003, the cash surrender value of the policy exceeded the total of all premium payments made by the Corporation through that date. The Corporation may cause the agreement to be terminated and the policy to be surrendered at any time.

CHARTER OF THE AUDIT AND COMPLIANCE COMMITTEE

Organization

This charter governs the operations of the Audit Committee. The Committee shall review and reassess the charter at least annually and obtain the approval of the Board of Directors in respect of any revisions. The Committee shall be members of, and appointed by, the Board of Directors and shall comprise at least three Directors, each of whom are independent of management and the Company. Members of the Committee shall be considered independent as long as they do not accept any consulting, advisory, or other compensatory fee from the Company (other than in their capacity as a Board or Committee member) and are not an affiliated person (i.e. not directly or indirectly controlling, controlled by, or under common control) of the Company or its subsidiaries, and meet the independence requirements of the stock exchange listing standards. All Committee members shall be financially literate, and at least one member shall be an "Audit Committee Financial Expert," as defined by SEC regulations (see Qualifications below).

Purpose

The Audit Committee shall provide assistance to the Board of Directors in fulfilling their oversight responsibility to the shareholders, potential shareholders, the investment community, and others relating to: the integrity of the Company's financial statements; the financial reporting process; the systems of internal accounting and financial controls; the performance of the Company's internal audit function and independent auditors; the independent auditor's qualifications and independence; and the Company's compliance with ethics policies and legal and regulatory requirements. In so doing, it is the responsibility of the Committee to maintain free and open communication between the Committee, independent auditors, the internal auditors, and management of the Company.

In discharging its oversight role, the Committee is empowered to investigate any matter brought to its attention with full access to all books, records, facilities, and personnel of the Company and to engage independent counsel and other advisers as it determines necessary to carry out its duties.

Duties and Responsibilities

The primary responsibility of the Audit Committee is to oversee the Company's financial reporting process on behalf of the Board and report the results of their activities to the Board. It is not the duty of the Audit Committee to plan or conduct audits or to determine that the Company's financial statements are complete and accurate and are in accordance with generally accepted accounting principles. Management is responsible for the preparation, presentation, and integrity of the Company's financial statements and for the appropriateness of the accounting principles and reporting policies that are used by the Company. The independent auditors are responsible for auditing the Company's financial statements and for reviewing the Company's unaudited interim financial statements.

The Committee, in carrying out its responsibilities, believes its policies and procedures should remain flexible, in order to best react to changing conditions and circumstances. The Committee should take appropriate actions to set the overall corporate "tone" for quality financial reporting, sound business risk practices, and ethical behavior. The following shall be the principal duties and responsibilities of the Audit Committee. These are set forth as a guide with the understanding that the Committee may supplement them as appropriate.

The Committee shall be directly responsible for the appointment, setting compensation, the retention, and the termination of the independent auditors (subject, if applicable, to shareholder ratification of the appointment). The independent auditors shall report directly to the Audit

Committee. The Committee also shall be directly responsible for oversight of the work of the independent auditors, including resolution of disagreements between management and the auditor regarding financial reporting. The Committee shall pre-approve all audit and non-audit services provided by the independent auditors and shall not engage the independent auditors to perform specific non-audit services proscribed by law or regulation (see Prohibited Non-Audit Services, below). The Committee may delegate pre-approval authority to a member of the Audit Committee. The decisions of any Audit Committee member to whom pre-approval authority is delegated must be presented to the full Audit Committee at its next scheduled meeting.

At least annually, the Committee shall obtain and review a report by the independent auditors describing:

Edgar Filing: CUBIC CORP /DE/ - Form DEF 14A

The firm's internal quality control procedures.

Any material issues raised by the most recent internal quality control review, or peer review, of the firm, or by any inquiry or investigation by governmental or professional authorities, within the preceding five years, respecting one or more independent audits carried out by the firm, and any steps taken to deal with any such issues.

All relationships between the independent auditor and the Company (to assess the auditor's independence).

In addition, the Committee shall set clear hiring policies for employees or former employees of the independent auditors that comply with the SEC regulations and stock exchange listing standards.

The Committee shall discuss with the internal auditors and the independent auditors the overall scope and plans for their respective audits, including the adequacy of staffing and compensation. Also, the Committee shall discuss with management, the internal auditors, and the independent auditors the adequacy and effectiveness of the accounting and financial controls, including the Company's policies and procedures to assess, monitor, and manage business risk, and legal and ethical compliance programs.

The Committee shall meet separately periodically with management, the internal auditors, and the independent auditors to discuss issues and concerns warranting Committee attention. The Committee shall review with the independent auditor any audit problems or difficulties and management's response.

The Committee shall receive a report from the independent auditor, prior to the filing of its audit report with the SEC, on all critical accounting policies and practices of the Company, all material alternative treatments of financial information within generally accepted accounting principles that have been discussed with management, including the ramifications of the use of such alternative treatments and disclosures and the treatment preferred by the independent auditor, and other material written communications between the independent auditor and management.

The Committee shall review management's assertion on its assessment of the effectiveness of internal controls as of the end of the most recent fiscal year and the independent auditors' report on management's assertion.

The Committee shall monitor and advise management as necessary concerning policies for earnings press releases, and financial information and earnings guidance provided to analysts and rating agencies.

The Committee shall review the interim financial statements and disclosures under Management's Discussion and Analysis of Financial Condition and Results of Operations with management and the independent auditors prior to the filing of the Company's Quarterly Report on Form 10-Q. Also, the Committee shall discuss the results of the quarterly review and any other matters required to be

13

communicated to the Committee by the independent auditors under generally accepted auditing standards.

The Committee shall review with management and the independent auditors the financial statements and disclosures under Management's Discussion and Analysis of Financial Condition and Results of Operations to be included in the Company's Annual Report on Form 10-K (or the annual report to shareholders if distributed prior to the filing of Form 10-K), including their judgment about the quality, not just the acceptability, of accounting principles, the reasonableness of significant judgments, and the clarity of the disclosures in the financial statements. Also, the Committee shall discuss the results of the annual audit and any other matters required to be communicated to the Committee by the independent auditors under generally accepted auditing standards.

The Committee shall establish procedures for the receipt, retention, and treatment of complaints received by the Company regarding accounting, internal accounting controls, or auditing matters, and the confidential, anonymous submission by employees of the Company of concerns regarding questionable accounting or auditing matters.

The Committee shall receive and take appropriate action concerning reports from: (a) Company lawyers regarding evidence of a material violation of securities laws, breaches of fiduciary duty or other material issues, and (b) the independent auditors concerning any report of their discovery of an illegal action or omission. The Committee shall ensure that senior management will take timely and appropriate remedial actions concerning all such matters.

Edgar Filing: CUBIC CORP /DE/ - Form DEF 14A
