PROXY STATEMENT For Annual Meeting of Stockholders To Be Held May 17, 2005

GENERAL

This proxy statement and the accompanying form of proxy are being furnished to the stockholders of Georgia Gulf Corporation on or about April 11, 2005 in connection with the solicitation of proxies by our board of directors for use at the annual meeting of stockholders to be held on May 17, 2005 at 1:30 p.m. local time in the Conference Center at the South Terraces, 115 Perimeter Center Place, Atlanta, Georgia 30346, and any adjournment of the meeting. Any stockholder who executes and delivers a proxy may revoke it at any time before its use by (i) giving written notice of revocation to our corporate secretary, (ii) executing a proxy bearing a later date, or (iii) appearing at the meeting and voting in person.

Unless otherwise specified, all shares represented by effective proxies will be voted in favor of:

election of the two nominees as directors; and

ratification of the appointment of Deloitte & Touche LLP to serve as our independent registered public accounting firm for the year ending December 31, 2005.

Our board of directors does not know of any other business to be brought before the meeting, but if any other business is properly brought before the meeting, proxies will be voted upon those matters in accordance with the judgment of the person or persons acting under the proxies.

We will pay the cost of soliciting proxies. In addition to use of the mails, proxies may be solicited in person or by telephone or facsimile by our directors and officers, who will not receive additional compensation for these services. We have retained W.F. Doring & Co. to assist in the solicitation of proxies for a fee not to exceed \$4,000. Brokerage houses, nominees, custodians and fiduciaries will be requested to forward soliciting material to beneficial owners of stock held of record by them, and we will reimburse those persons for their reasonable expenses in doing so.

Only holders of record of outstanding shares of common stock of Georgia Gulf at the close of business on March 28, 2005, are entitled to notice of, and to vote at the meeting. Each stockholder is entitled to one vote for each share of common stock held on the record date. There were 33,990,402 shares of common stock outstanding and entitled to vote on March 28, 2005.

When the holders of at least 50% of the common stock, referred to as a quorum, are represented at the meeting, the vote of the holders of a majority of the common stock present in person or represented by proxy will decide the action proposed on each matter identified in this proxy statement, except the election of directors, who are elected by a plurality of all votes cast. Abstentions and broker "non-votes" will be counted as present in determining whether the quorum requirement is satisfied. A "non-vote" occurs when a nominee holding shares for a beneficial owner votes on one proposal pursuant to discretionary authority or instructions from the beneficial owner, but does not vote on another proposal because the nominee has not received instruction from the beneficial owner and does not have discretionary power. The aggregate number of votes entitled to be cast by all stockholders present in person or represented by proxy at the meeting, whether those stockholders vote for or against the proposals or abstain from voting, will be counted for purposes of determining the minimum number of affirmative votes required for approval of the proposals, and the total number of votes cast for each of these proposals will be counted for purposes of determining whether sufficient affirmative votes have been cast. An abstention from voting by a stockholder on a proposal has the same effect as a vote against the proposal. Broker "non-votes" are not counted for purposes of determining whether a proposal has been approved.

PROPOSAL I ELECTION OF DIRECTORS

Our certificate of incorporation, as amended, provides that the board of directors be divided into three classes, each consisting, as nearly as possible, of one-third of the total number of directors constituting the board of directors, with each class to serve for a term of three years. The following nominees, each of whom is an incumbent class III director, are proposed for election in class III, to serve until 2008:

Independence of Directors

Georgia Gulf Corporate Governance Guidelines require that a majority of directors meet the independence standards of applicable law and the New York Stock Exchange listing requirements. The board of directors has determined that Messrs. Akitt, Chorba, Fleming, Henry, Kawashima and Satrum meet these standards for independence and are independent of management. Our Corporate Governance Guidelines, as well as our Code of Business Ethics, are publicly available on our website at <http://www.ggc.com> under investor relations.

Executive Sessions

Georgia Gulf's governance guidelines require that independent directors meet at regularly scheduled executive sessions without management. These directors appoint a presiding director at the beginning of each executive session. Stockholders may communicate with these directors in the manner described under "Communications with Directors" below.

Compensation of Directors

Directors are elected annually to serve until the expiration of the term of their class or until their successors are elected and qualified. The chairman, provided he is not employed by us, is paid an annual fee of \$42,000 and an attendance fee of \$1,500 per meeting, as well as receiving reimbursements for travel expenses. Directors who are not our executive officers are paid an annual fee of \$30,000 and an attendance fee of \$1,500 per meeting, as well as receiving reimbursements for travel expenses. Non-employee directors are eligible to participate in our 1998 and 2002 equity and performance incentive plans.

The Audit Committee

In 2004, the audit committee of the board of directors was comprised of Dennis M. Chorba, Patrick J. Fleming, Charles T. Harris III (until his resignation as a director in May 2004), Jerry R. Satrum, and Charles L. Henry (elected to the committee in May 2004.) All committee members are currently independent as defined by the Listed Company Manual of the New York Stock Exchange. The board has determined that Mr. Satrum is an "audit committee financial expert" as that term is defined by SEC regulations. The primary functions of the audit committee are to review the adequacy of the system of internal controls and management information systems, to review the results of our independent registered public accounting firm's quarterly reviews of our interim financial statements, and to review the planning and results of the annual audit with our independent registered public accounting firm. This committee held eight meetings in 2004. The board of directors has adopted a written charter for the audit committee. The audit committee charter is publicly available on our website at: <http://www.ggc.com> under investor relations.

The Equity Compensation Committee

In 2004, the equity compensation committee of the board of directors was comprised of John E. Akitt, Patrick J. Fleming, Charles T. Harris III (until his resignation as a director in May 2004), Charles L. Henry and Yoshi Kawashima. All committee members are currently independent as defined by the Listed Company Manual of the New York Stock Exchange. This committee's primary functions include overseeing our executive compensation and equity and performance incentive compensation plans and policies. This committee held four meetings in 2004. The equity compensation committee has adopted a written charter. The charter is publicly available on our website at: <http://www.ggc.com> under investor relations.

The Nominating and Governance Committee

In 2004, the independent nominating and governance committee was comprised of Dennis M. Chorba, John E. Akitt, Charles L. Henry and Yoshi Kawashima. All committee members are currently independent as defined by the Listed Company Manual of the New York Stock Exchange. This committee's primary function is to identify and recommend candidates to fill any board vacancies. This committee held four meetings in 2004. The nominating and governance committee has adopted a written charter. The charter is publicly available on our website at: <http://www.ggc.com> under investor relations.

The committee selects candidates based on their character, judgment, business experience and specific areas of expertise, among other relevant considerations, such as the requirements of applicable law and listing standards. The selection process may emphasize different qualities based on the board's composition at the time of the board vacancy. The committee works closely with executive management and other directors in developing its recommendations for new board members. The committee has the authority to retain an executive search firm as needed to identify director candidates.

This committee will consider nominees recommended by stockholders. Any recommendation should be addressed in writing to the Nominating and Governance Committee, c/o the Corporate Secretary, 115 Perimeter Center Place, Suite 460, Atlanta, Georgia 30346.

Communications with Directors

Any stockholder is welcome to communicate with any director or the board of directors by writing to the director, directors or the board, c/o the Corporate Secretary, 115 Perimeter Center Place, Suite 460, Atlanta, Georgia 30346.

Attendance

Option Grants in the Last Fiscal Year

The table below sets forth information regarding options to purchase shares of our common stock that were granted under the 2002 Equity and Performance Incentive Plan on March 2, 2004 to the named executive officers. The options become exercisable in three equal installments on the first, second and third anniversaries of the date of grant. If we experience a change in control, as defined in the plan, any options or portions of options that have not yet expired become immediately exercisable. Generally, a change in control will have occurred (i) if we are merged or consolidated with an entity or sell substantially all of our assets to an entity and immediately after that merger, consolidation or sale, our stockholders have less than a majority of the combined voting power of the outstanding securities of the combined or acquiring entity, (ii) in the case of an acquisition by a person of more than 33 1/3% of our common stock, or (iii) if specified changes in our board of directors occur.

- (1) The dollar amounts under these columns are the result of calculations at the 5% and 10% rates set by the Securities and Exchange Commission and therefore are not intended to forecast possible future appreciation, if any, of the price of our common stock. In order to realize the potential values set forth in the 5% and 10% columns, the per share price of our common stock would be \$44.32 and \$70.58, respectively.

Aggregated Option Exercises and Fiscal Year End Option Values

The table below lists information regarding option exercises in 2004 based on the difference between the fair market value and the exercise price and unexercised options held at the end of 2004 by the named executive officers, based on the value of options held by those officers on December 31, 2004. This value is calculated as the difference between the exercise price of the option and \$49.80 per share, which was the closing price of our common stock on that date as reported in the Record of

Composite Transactions for New York Stock Exchange listed securities and printed in *The Wall Street Journal*.

Salaried Employees Retirement Plan

Messrs. Schmitt, Seal, Beerman, Shannon and Doherty participate in our salaried employees retirement plan, a defined benefit plan. This plan provides annual payments to each officer after retirement, disability or other termination equal to 30% of his final annual salary during the last year of his employment. At the officer's death, the plan will continue to pay 50% of this amount to his surviving spouse for the remainder of the spouse's life. At December 31, 2004, the estimated annual benefits under the plan payable to Messrs. Schmitt, Seal, Beerman, Shannon and Doherty, upon retirement at age 62 are \$170,000, \$118,935, \$114,655, \$117,061 and \$122,494, respectively.

Termination of Split Dollar Life Insurance Plan

In 1998, we implemented a split dollar life insurance plan for the benefit of our officers. In accordance with the split dollar life insurance plan, each participating officer entered into an agreement that, subject to specified limitations, provided the officer with pre-retirement and post-retirement death benefits. We agreed to provide the benefits through the purchase of a life insurance policy by which we would be reimbursed for our premium costs from each policy's cash value or death benefit. If an officer engaged in specified competitive activity after termination, benefits under the split dollar life insurance plan were to be returned to us. Messrs. Schmitt, Seal, Beerman, Doherty, and Shannon participated in the split dollar life insurance plan.

Effective September 30, 2004, we terminated the split dollar life insurance plan for Messrs. Schmitt, Seal, Beerman, Shannon and Doherty. Each of those officers executed an agreement formally terminating his participation in the plan. The original insurance policies purchased as part of the plan are owned solely by Georgia Gulf and the executives acquired new insurance policies solely owned by them. In exchange for these agreements, we transferred a portion of the cash value of the original insurance policies to the new policies owned by each executive. The new policies owned by Messrs. Schmitt, Seal, Beerman, Shannon and Doherty were transferred cash values of \$1,234,352; \$161,644; \$148,250; \$60,228; and \$60,644 respectively. In addition, we paid the related tax withholdings on behalf of these executives. The agreement provides that Georgia Gulf may, in its sole discretion, pay premiums on the new policies.

Compensation Committee Interlocks and Insider Participation

In February 1998, we established the equity compensation committee in connection with the 1998 Equity and Performance Incentive Plan, and the committee's functions have continued under the 2002 Equity and Performance Incentive Plan. This committee has performed functions relating to all executive compensation, including those required by the equity and performance incentive plan, since February 2000. In 2004, the equity compensation committee of the board of directors was composed of Charles T. Harris III (until his resignation as a director in May 2004), John E. Akitt, Patrick J. Fleming, Charles L. Henry and Yoshi Kawashima.

REPORT ON EXECUTIVE COMPENSATION

The compensation of our executive officers is based on a policy of attracting, retaining and rewarding the executive officers by compensating them at a level competitive with similarly situated employees within the industry. This policy includes an appropriate balance between the need to attract and retain qualified executives and the desire to control overall costs to stockholders. Officer compensation consists of salary, bonus payments under our management incentive bonus plan, and the award of stock options and restricted stock. Officers participate in our savings and capital growth plan, salaried employees' retirement plan, and life insurance program. Federal tax legislation enacted in 1993 generally precludes public companies from taking a tax deduction for specified compensation in excess of \$1,000,000 paid to the corporation's chief executive officer and the four other most highly compensated executive officers. The directors making decisions regarding compensation monitor the impact of this legislation in an attempt to maximize the deductibility of executive officer compensation.

To determine that the annual compensation of our chief executive officer and our other officers is competitive with similarly situated employees in the industry, the equity compensation committee reviewed an analysis of executive officer compensation prepared by a compensation and benefits consulting firm hired at the direction of the committee. This analysis compared the compensation paid to our executives with information obtained from databases maintained by the consultants as well as publicly available proxy statement information relating to companies considered to be comparable to Georgia Gulf. Management and the equity compensation committee believe the information obtained reasonably reflects the practices of comparable companies. The information included both annual salary and total current compensation, which is comprised of salary and bonus. Total current cash compensation of the named executive officers is believed to be generally competitive based on a comparison to the information. The total current cash compensation of all named executive officers is within the median ranges reported in the analysis.

In 2004, our key employees, including the named executive officers, participated in our management incentive bonus plan. The objective of this plan is to motivate the performance of the participants by creating the potential for increased compensation tied directly to company profit. At the beginning of each year, participants are assigned a bonus level, set primarily by reference to their salary level. A corporate target for earnings is also established. The target is an EBITDA (earnings before interest, taxes, depreciation and amortization) return equal to our cost of capital plus 200 basis points.

If the target is reached, the named executive officers receive a payment equal to 70% of their points awarded. Payments are ratably reduced to a minimum, which is the greater of half of the corporate target or a risk-free rate of return (e.g. 10 year Treasury Bill), in which case participants receive a payment equal to 10% of their points awarded. The maximum that can be awarded under the plan is a payment of double the participants' points where earnings equal two times the corporate target. The plan also provides that payment adjustments will be made to reflect the performance of our peers in the chemical industry.

Our 2004 earnings, calculated in accordance with the management incentive bonus plan, resulted in a payment to participants equal to 169% of each participant's bonus points. The chief executive officer, therefore, received a payment equal to 1.69 times 70% of his awarded points.

Thirty percent (30%) of the named executives' bonus payments were awarded based on performance. After review of Mr. Schmitt's performance for 2004, the committee agreed to award Mr. Schmitt \$2 for each point for 30% of the points awarded to him. Actual bonuses paid to our named executive officers are listed on the summary compensation table.

Edgar Filing: GEORGIA GULF CORP /DE/ - Form DEF 14A

Executive officers were awarded stock options and restricted shares in 2004. These awards are intended to encourage key executives and managerial employees to become owners of our stock to increase their interest in our long-term success, to align their interests with stockholders, to provide incentive equity opportunities that are competitive with other similarly situated companies and to stimulate the efforts of employees by giving suitable recognition for services that contribute materially to our success.

Audit Committee Pre-Approval of Audit and Permissible Non-Audit Services of Independent Registered Public Accounting Firm

The audit committee pre-approves all audit and permissible non-audit services provided by the independent registered public accounting firm. These services may include audit services, audit-related services, tax services and other services. The audit committee has adopted a policy for the pre-approval of services provided by the independent registered public accounting firm.

Under the policy, pre-approval is generally provided for work associated with registration statements under the Securities Act of 1933 (for example, comfort letters or consents); statutory or other financial audit work for affiliated subsidiaries that is not required for the Securities and Exchange Act of 1934 audits or filings; due-diligence work for potential acquisitions or disposals; attest services required by statute or regulation; adoption of new accounting pronouncements or auditing and

disclosure requirements and accounting or regulatory consultations; internal control reviews and assistance with internal control reporting requirements; tax compliance, tax planning and related tax services, excluding any tax service prohibited by regulatory or other oversight authorities; and assistance and consultation on questions raised by regulatory agencies. For each proposed service, the independent registered public accounting firm is required to provide supporting documentation at the time of approval to permit the audit committee to make a determination whether the provision of such services would impair the independent registered public accounting firm's independence.

The audit committee has approved in advance certain permitted services whose scope is routine in nature. These services are (i) statutory or other financial audit work for affiliated subsidiaries that is not required for the 1934 Act audit, (ii) certain tax compliance services, and (iii) the audit of our employee benefit plans.
