## Director Independence

The Board of Directors has adopted a formal set of categorical standards to form the basis for determinations of director independence required by NYSE rules. To be considered “independent” for purposes of these standards, the Board must affirmatively determine that a director does not have a material relationship with Farmer Mac other than as a director. The standards, which are included in Farmer Mac’s Corporate Governance Guidelines available on the Corporation’s website, [www.farmermac.com](http://www.farmermac.com), under the “Corporate Governance” tab of the “Investors” section, meet all requirements for director independence contained in SEC and NYSE rules. Farmer Mac defines a Director as lacking a material relationship and therefore “independent” if he or she:

- (a) is not and has not been employed by the Corporation within the past three years;
- (b) has not received more than \$100,000 per year in direct compensation from the Corporation, other than director and committee fees and pension or other forms of deferred compensation for prior service within the past three years;
- (c) is not and has not been for the past three years a significant advisor or consultant to the Corporation, and is not affiliated with a Corporation or a firm that is (revenue of the greater of 2% of the other Corporation’s consolidated gross revenues or \$1 million is considered significant);
- (d) is not and has not been for the past three years a significant customer or supplier of the Corporation nor affiliated with a Corporation or firm that is (revenue of the greater of 2% of the other Corporation’s consolidated gross revenues or \$1 million is considered significant);
- (e) is not and has not been for the past three years employed by or affiliated with an internal or external auditor of the Corporation that provided services to the Corporation within the past three years;
- (f) is not and has not been for the past three years employed by another Corporation where any of the Corporation’s present executives serve on that Corporation’s compensation committee;
- (g) is not a spouse, parent, sibling, child, mother- or father-in-law, son- and daughter-in-law and brother- and sister-in-law or any person (other than household employees) who shares a residence with any person described by (a) through (f);
- (h) is not and has not been for the past three years affiliated with a tax-exempt entity that received significant contributions from the Corporation (revenue of the greater of 2% of the entity’s consolidated gross revenues or \$1 million is considered significant); and
- (i) does not have any other relationships with the Corporation or the members of management of the Corporation that the Board has determined to be material not described in (a) through (h).

In applying the standards, the Board broadly considers all relevant facts and circumstances.

In April 2006, the Board considered all direct and indirect transactions and relationships between each director and the Corporation and its management. As a result of its review, the Board affirmatively determined that each of Farmer Mac’s current directors, other than Mr. Hodges, meets the director independence standards referred to above and, therefore, is independent. Mr. Hodges was determined to have a material relationship with Farmer Mac by virtue of

Farmer Mac's receipt of approximately \$829,785 in commitment fees in 2004 from Sacramento Valley Farm Credit, ACA, of which Mr. Hodges is the President. That amount was approximately 2.7 percent of Sacramento Valley Farm Credit, ACA's consolidated gross revenues for 2004, which was approximately \$31.0 million. During 2005, Farmer Mac received approximately \$736,000 in commitment fees from Sacramento Valley Farm Credit, ACA. That amount was approximately 1.8 percent of Sacramento Valley Farm Credit, ACA's consolidated gross revenues for 2005, which was approximately \$40.0 million. See "Compensation of Directors and Executive Officers—Compensation of Executive Officers—Certain Relationships and Related Transactions."

### **Report of the Audit Committee**

The following report of the Audit Committee shall not be deemed to be "soliciting material," or to be "filed" with the SEC, and will not be deemed to be incorporated by reference into any filing by the Corporation under the Securities Act of 1933 or the Securities Exchange Act of 1934, except to the extent that the Corporation specifically requests that such information be treated as soliciting material or specifically incorporates the report by reference into a document.

The Audit Committee reviewed and recommended reaffirmation of the Audit Committee Charter, which reaffirmation was approved by the full Board on February 2, 2006. The complete text of the charter, which reflects standards set forth in SEC regulations and NYSE listing standards, is available on the Corporation's website, [www.farmermac.com](http://www.farmermac.com), under the "Corporate Governance" tab of the "Investors" section and is also attached to this Proxy Statement as Appendix A. The Audit Committee and the Board reviews and approves changes to the Audit Committee Charter annually. The Board of Directors has determined that: (1) all the directors who serve on the Audit Committee are "independent," as defined in Farmer Mac's Corporate Governance Guidelines, SEC rules and NYSE listing standards; and (2) Timothy F. Kenny, a member of the Audit Committee, is an "audit committee financial expert," as defined in SEC rules.

#### Audit Committee Report for the Year Ended December 31, 2005

##### To Our Stockholders:

Management is primarily responsible for establishing and maintaining the financial public reporting process, including the system of internal accounting controls, and for the preparation of Farmer Mac's consolidated financial statements in accordance with accounting principles generally accepted in the United States. The Audit Committee, on behalf of the Board, monitors Farmer Mac's financial reporting processes and systems of internal accounting control, the independence and performance of the independent auditors and the performance of the internal audit function. The Corporation's independent auditors are responsible for auditing those consolidated financial statements and expressing an opinion as to their conformity with generally accepted accounting principles and on management's assessment of the effectiveness of the Corporation's internal control over financial reporting. In addition, the independent auditors will express their own opinion on the effectiveness of Farmer Mac's internal control over financial reporting.

Management has represented to the Audit Committee that Farmer Mac's audited consolidated financial statements were prepared in accordance with accounting principles generally accepted in the United States. The Audit Committee reviewed and discussed Farmer Mac's audited consolidated financial statements with both management and the Corporation's independent auditors prior to their issuance. The Audit Committee has discussed with the independent auditors their evaluation of the accounting principles, practices and judgments applied by management, and the Audit Committee has discussed any items required to be communicated to it by the independent auditors pursuant to rules and regulations promulgated by the Securities and Exchange Commission and the Public Company Oversight Board and the standards established by the American Institute of Certified Public Accountants, including matters required to be discussed pursuant to Statement on Auditing Standards No. 61 (Communication With Audit Committees).

With respect to the Corporation's independent auditors, the Audit Committee, among other things, received from Deloitte & Touche LLP the written disclosures as required by the Independence Standards Board Standard No. 1

(Independence Discussions with Audit Committees) and discussed with them their independence from the Corporation and its management. The Audit Committee has reviewed and pre-approved the audit fees of the independent auditors. It also has approved non-audit services and reviewed fees for such services to assure compliance with applicable provisions of the Securities Exchange Act of 1934, as amended, and applicable rules and regulations to assure compliance with the auditor independence requirements that prohibit independent auditors from performing specified services that might impair their independence as well as compliance with Farmer Mac's and the Audit Committee's policies.

The Audit Committee discussed with Farmer Mac's independent auditors the overall scope of and plans for its audit. Finally, the Audit Committee continued to monitor the scope and adequacy of the Corporation's internal auditing program, including proposals for adequate staffing and to strengthen internal procedures and controls where appropriate.

In reliance upon these reviews and discussions, the Audit Committee recommended to the Board of Directors that the Board approve the inclusion of the Corporation's audited consolidated financial statements in the Corporation's Annual Report on Form 10-K for the fiscal year ended December 31, 2005 for filing with the Securities and Exchange Commission, as filed on March 16, 2006.

## **Compensation of Directors and Executive Officers**

The Compensation Committee determines, subject to ratification by the Board of Directors, the salaries, benefit plans and other compensation of directors and officers of the Corporation. The current members of the Compensation Committee are Messrs. Cortese, Dailey, DeBriyn, Johnson and Brack (chairman). No member of Farmer Mac's Compensation Committee is or has been an officer or employee of the Corporation. As described in more detail in "Director Independence," the Board has determined that all members of the Compensation Committee are "independent," as defined in Farmer Mac's Corporate Governance Guidelines, SEC rules and NYSE listing standards.

The Compensation Committee adopted a charter on February 5, 2004, which adoption was reaffirmed by the full Board on February 2, 2006. The complete text of the charter, which reflects standards set forth in SEC and NYSE rules, is available on the Corporation's website, [www.farmermac.com](http://www.farmermac.com), under the "Corporate Governance" tab in the "Investors" section.

### **— Compensation of Directors**

The directors are required to spend a considerable amount of time preparing for, as well as participating in, Board and Committee meetings. In addition, they are often called upon for their counsel between meeting dates. For those services, each director receives the following compensation: (a) an annual retainer of \$12,500 (\$15,000 for the chairman of the Audit Committee and \$17,500 for the Chairman of the Board); (b) \$750 per day, plus expenses, for each meeting of the Board and each Committee meeting (if on a day other than that of the Board meeting) attended; and (c) with the prior approval of the President of the Corporation, \$750 per day, plus expenses, for certain other meetings and conferences with borrowers, lenders or other groups interested in the Farmer Mac program in which they participate. The total cash compensation received by all members of the Board of Directors in 2005 was approximately \$386,062. Since June 13, 1997, each director has been granted options annually to purchase shares of Class C Non-Voting Common Stock under the Corporation's 1997 Incentive Plan, with each such grant occurring on the date of each Annual Meeting of Stockholders and with the option price being determined as of such date. The 6,000 options granted to each member of the Board of Directors in 2005 had a present value of \$46,260<sup>2</sup> at the grant date. The total compensation, cash and options received by all members of the Board of Directors in 2005 was approximately \$1,080,000.

### **— Compensation of Executive Officers**

#### *General*

This section includes: (a) a report from the Compensation Committee of the Board of Directors on executive compensation; (b) a discussion of Compensation Committee interlocks and insider participation in Farmer Mac transactions; (c) a summary description in tabular form of executive compensation; (d) a summary of aggregate option holdings of the named executive officers; (e) a description of Corporation's equity compensation plans; (f) a description of the executive officers' employment agreements; (g) a discussion of certain relationships and related transactions with directors; and (h) comparisons of Farmer Mac's stock performance to market indices.

Notwithstanding anything to the contrary set forth in any of Farmer Mac's documents with respect to the offer or sale of securities ("Offering Circulars") or any previous corporate filings under the Securities Act of 1933 or Securities Exchange Act of 1934, neither the Compensation Committee Report on Executive Compensation nor the performance graphs shall be deemed to be incorporated by reference into any Offering Circular or any filing under the Securities Act of 1933 or the Securities Exchange Act of 1934, except to the extent Farmer Mac specifically incorporates such information by reference, and shall not otherwise be deemed to have been or to be filed under such Acts.

#### *Compensation Committee Report on Executive Compensation*

Farmer Mac's Compensation Policies. Farmer Mac was created by Congress to establish a secondary market for agricultural and rural housing mortgages that would increase the availability of credit for agricultural producers, provide greater liquidity and lending capacity for agricultural lenders and facilitate intermediate- and long-term agricultural funding. Farmer Mac's charter, particularly as revised in 1996, casts it in the mold of the other mortgage loan secondary market government-sponsored enterprises, Federal National Mortgage Association ("Fannie Mae") and the Federal Home Loan Mortgage Corporation ("Freddie Mac"), which, over the past 20 years, have established a mature secondary market for housing mortgages. From the outset, Farmer Mac's Board of Directors and its Compensation Committee recognized that the accomplishment of Farmer Mac's mission would require that it attract, retain and motivate highly qualified personnel capable of addressing the formidable tasks necessary to develop and operate a secondary market for agricultural mortgage loans where none had previously existed, and to persevere in their efforts through what would likely be a number of difficult and uncertain years. The Compensation Committee believes that this approach continues to be sound, inasmuch as the Corporation must compete in the general market for the services of individuals with the education, experience and prior achievements necessary to enhance the financial results and safety and soundness of Farmer Mac's expanding and increasingly complex operations. Accordingly, the Board and the Compensation Committee have undertaken to compensate those employees in a reasonable manner consistent with compensation for executives in other comparable businesses that involve similar duties and responsibilities, while recognizing that the Corporation would have to set special objectives as it progressed through developmental stages, whereby management would focus on mission, long-term structural, internal controls, pricing and capital objectives, balanced with near-term operating results.

Method of Determining Management Compensation. Farmer Mac's Board of Directors and Compensation Committee have adopted an approach to executive compensation that relies upon both subjective (qualitative) and objective (quantitative) evaluation criteria in establishing the compensation of the Chief Executive Officer ("CEO") and other senior members of management. That approach measures performance primarily on the basis of management's accomplishments in implementing business strategies designed to achieve the annual and long-term objectives defined in the Corporation's annual business plan, as approved each year by the Board of Directors, and achieving those objectives.

As part of its ongoing efforts to evaluate its approach and further refine the Corporation's compensation practices, the Compensation Committee has employed the services of a nationally-recognized independent compensation consulting firm. With significant input and assistance from that independent consultant, in 2005 the Compensation Committee continued its work to refine the Corporation's policies relating to executive compensation. Those policies include: (i) a system for comparative and competitive evaluation of base salaries; (ii) an approach to incentive compensation, including annual cash and long-term equity components; and (iii) a management performance evaluation form that has resulted in more quantitative measurement of management's performance against the achievement of the Corporation's business plan objectives.

Each year, the Corporation's independent compensation consultant reviews the Corporation's compensation practices and establishes an estimated range of compensation opportunities that are aligned with the Corporation's annual and long-term objectives keyed off of executive performance and comparable to those received by persons with similar qualifications and experience (but not necessarily the same position and title) at other peer corporations, particularly the other government-sponsored enterprises, to ensure that the Corporation's compensation structure is sufficiently competitive to attract and retain highly qualified executives. The Corporation's established practice is to cap compensation at Farmer Mac at no more than 15 percent above the 50<sup>th</sup> percentile of compensation for all components of comparable pay, to reflect the challenges and risks of its developmental and political characteristics.

On the basis of that comparative review and other related analyses, the Compensation Committee selects the range of, and maximum amounts for, total compensation as well as for each of the three significant components of compensation - salary, annual cash incentive pay and long-term non-cash incentive pay - and then makes recommendations to the Board of Directors as to the actual levels of compensation to be awarded. The cash and

non-cash incentive portions of the compensation package vary to reflect corporate performance, which is measured against business plan objectives and results. In measuring the achievement of those objectives and results, the Compensation Committee applies criteria established by the Board and management in the business plan. In 2004, Farmer Mac changed its business plan cycle, or business planning year, from June 1 through May 31, to July 1 through June 30, resulting in a 13-month transition planning year from June 1, 2004 to June 30, 2005. For that business planning year, the Compensation Committee established seven critical objectives focusing on mission, profitability, volume and quality control: (1) to continue to fulfill the Corporation's Congressional mission and serve rural America; (2) to continue to improve operating results; (3) to manage effectively the Corporation's interest rate risk and credit risk; (4) to optimize internal operations with the evolution of the Corporation's business, through effective risk management, internal controls, resource allocation and corporate governance; (5) to optimize use of the capital markets; (6) to maintain adequate capital; and (7) to maintain effective government, public and investor relations.

Method of Determining Management Compensation for the 2004-05 Business Planning Year. The Corporation's procedures for determining management compensation are re-evaluated each year and have remained consistent from year to year. Toward the end of the Corporation's June 30<sup>th</sup> business planning year, the Compensation Committee reviews management's performance against business plan objectives, taking into account the business conditions that prevailed during the preceding twelve months.

As a benchmark for compensation decisions, the Compensation Committee, assisted by the independent compensation consultant, compares the salary and annual and long-term incentive compensation of the CEO and other members of senior management with the corresponding range of competitive compensation received by persons with similar qualifications and experience (although not necessarily the same position and title) at other corporations, particularly the other government-sponsored enterprises. This comparison is made on both an annual and a multi-year basis, in order to take into account pay levels and rates of increase at Farmer Mac and similar companies.

The CEO provides detailed written performance evaluations of the members of senior management, other than himself, to the Compensation Committee members in advance, and these are discussed among the members and the CEO. The Compensation Committee members then meet in executive session (without the CEO present) to discuss the performance of the CEO. Thus, the CEO participates in the evaluation of each other senior member of management, but not in his own. The Compensation Committee includes the CEO in its consideration of the performance and total compensation of each of the other members of senior management and then considers the performance and total compensation of the CEO in an executive session without the CEO present and prepares a detailed written performance evaluation of the CEO. Based on those deliberations and input provided by the independent compensation consultant, the Compensation Committee makes recommendations consistent with the Corporation's compensation policies as to the terms of the contracts under which the CEO and other senior management are employed, and its ability to attract and retain a management team with the skills and talent necessary to achieve the Corporation's mission.

The Compensation Committee evaluated the performance of senior management, including the CEO, for the 2004-05 business planning year by reviewing the contribution of each individual to the accomplishment of the strategies and objectives under the 2004-05 business plan. The Compensation Committee also evaluated the Corporation's non-financial achievements during the business planning year, recognizing that the accomplishment of the Corporation's Congressional mission is a significant aspect of the continuing development of Farmer Mac. That mission involves the establishment of programs and products that provide greater liquidity and lending capacity to agricultural lenders, increase the availability of long-term credit to farmers and ranchers and facilitate capital market investments that result in long-term fixed-rate agricultural mortgages. In that regard, the Compensation Committee considered the significant business accomplishments and financial results achieved during the 2004-05 business planning year, including advancement of the Corporation's Congressional mission and the 12.7 percent increase in annualized core net income for the 2004-05 business planning year compared to the prior business planning year while maintaining loan delinquency rates at low levels. The Compensation Committee also recognized other important

business accomplishments during the planning year, including: improvements in internal controls; maximizing revenue through sophisticated investment techniques; and increasing the profitability of its programs by holding loans rather than securitizing them when market conditions were unfavorable. All of these factors were weighed carefully, with particular weight accorded to internal controls. On that basis, the Compensation Committee recommended, and the Board approved, the compensation to senior management disclosed below.

The proportion of the total compensation package representing incentive compensation (annual cash and long-term non cash incentive compensation) for the 2004-05 business planning year was 72.6 percent for the CEO and ranged between 0 percent and 65.4 percent for other executive officers. The Compensation Committee believes that equity compensation should represent a significant portion of incentive compensation in order to align the interests of senior management and stockholders. Accordingly, for the 2004-05 business planning year, long-term incentive compensation in the form of stock options represented 71.5 percent of the total incentive compensation package for the 2004-05 business planning year. The basis for determining the level of incentive compensation was the Compensation Committee's evaluation of each individual's contribution to the achievement of the business and financial accomplishments of the 2004-05 planning year, as well as an evaluation of each individual's performance, based on subjective standards including professional competence, motivation and effectiveness in implementing the strategies that led to the achievement of Farmer Mac's business plan objectives.

Basis for Determining the Compensation for the CEO. For the 2004-05 business planning year, Mr. Edelman received a base salary of \$536,036 and was awarded incentive compensation with a total estimated value of approximately \$1,525,106. With respect to the incentive compensation component of Mr. Edelman's total compensation, he received \$419,717 in cash as well as options to purchase 152,048 shares of Farmer Mac Class C Non-Voting Common Stock (the options, valued at \$1,105,389 as of the grant date, vest as follows: one-third will vest on May 31, 2006; one-third will vest on May 31, 2007; and the remaining one-third will vest on May 31, 2008). For a discussion of the factors and criteria upon which the CEO's compensation was based, see the preceding section of this report.

The Compensation Committee members believe that both the design of Farmer Mac's compensation structure, as maintained with the assistance of its outside independent compensation consultant, and the actual total compensation levels, as described herein, reflect careful consideration of what was reasonable and fair, in light of the Corporation's performance, from both management and stockholder perspectives.

*Compensation Committee Interlocks and Insider Participation*

Directors Brack, Cortese, Dailey, DeBriyn, and Johnson comprise the Corporation's Compensation Committee. None of these directors is, or has been, an officer or employee of the Corporation. None of Farmer Mac's executive officers serve, or have served, as a member of the Board or the Compensation Committee.

Director Brack, a Class A director, is President and Chief Executive Officer of Bath State Bank, which is a participant in both the Farmer Mac I and II programs. Director Cortese, a Class B director, is the chairman of the board of directors of Farm Credit Bank of Texas, which is the owner of 38,503 shares (or 7.7 percent) of Farmer Mac's Class B Voting Common Stock and a participant in the Farmer Mac I program. See "Compensation of Directors and Executive Officers—Compensation of Executive Officers—Certain Relationships and Related Transactions" for information about the transactions that occurred between Bath State Bank and Farmer Mac and between Farm Credit Bank of Texas and Farmer Mac during 2005.

<sup>6</sup> Options granted in 2005 are exercisable in installments: one-third vests on each of May 31, 2006, May 31, 2007 and May 31, 2008.

<sup>7</sup> The present value at grant date of options granted during 2005 has been estimated using the Black-Scholes option pricing model with the following assumptions: a dividend yield of 0.0%; an expected volatility of 46.3%; a risk-free interest rate of 3.9%; and an expected life of 7 years.

<sup>8</sup> For purposes of this calculation, the value of the in-the-money unexercised options is determined by multiplying the number of options by the

difference between the exercise price and the closing price (\$29.93) for the Class C Non-Voting Common Stock on December 31, 2005.

### *Equity Compensation Plans*

The following table sets forth certain information relating to compensation plans under which equity securities are authorized issuance as of December 31, 2005.

| <b>Plan category</b>                                   | <b>Number of securities to be issued upon exercise of outstanding options</b> | <b>Weighted average exercise price of outstanding options (per share)</b> | <b>Number of securities remaining available for future issuance under equity compensation plans</b> |

**General.** The purpose of Farmer Mac's stock option plans is to encourage stock ownership by directors, officers and other key employees, to provide an incentive for such individuals to expand and improve the business of Farmer Mac and to assist Farmer Mac in attracting and retaining key personnel. The use of stock options is an attempt to align more closely the long-term interests of employees and directors with those of Farmer Mac's stockholders by providing those individuals with the opportunity to acquire an equity interest in Farmer Mac. Farmer Mac's stock option plans are administered by the Compensation Committee of the Board. Because individuals are prohibited by law from owning shares of Farmer Mac's Voting Common Stock, the Corporation uses unrestricted Class C Non-Voting Common Stock for the purpose of granting options under its stock option plans. Under the plans, the option price is required to be paid in cash, and no option holder has any rights as a stockholder with respect to shares subject to an option until the option price has been paid and the shares are issued upon exercise of the option.

**1997 Plan.** In 1997, the Board adopted the 1997 Incentive Plan (the "1997 Plan"), a broad-based option plan for directors, officers and non-officer employees. The 1997 Plan, as amended, provides for the issuance of a maximum of 3,750,000 nonqualified stock options on Class C Non-Voting Common Stock at an option price determined as of the grant date, with a term of not more than 10 years from such date. The plan provides for the automatic annual grant to directors of 5-year options to purchase 6,000 (split-adjusted) shares of Class C Non-Voting Common Stock, with each grant to occur on the day of the annual meeting (including the Meeting), with the option price to be determined as of such day. Through 2003, options granted under the 1997 Plan vested one-third on the date of grant, one-third the following year and one-third the second following year. Beginning in 2004, options granted under the 1997 Plan vest one-third in each of the first three years following the date of option grant. The Board and management have determined that granting options to qualified non-officer employees would promote a sense of corporate ownership in the best interest of the Corporation. Accordingly, the 1997 Plan permits the grant of options to all employees (not just officers) based on their annual evaluations and to newly-hired employees.

Prior to 2004, the Board approved the issuance of shares authorized under the 1997 Plan to employees and officers, on an individual basis, as annual incentive compensation in connection with their annual evaluations. For officers, the stock vested immediately upon grant, but could not be transferred for one year; for other employees, the stock vested 50 percent after one year and 50 percent after two years. Between 1997 and 2003, the Board approved the issuance of

220,855 shares of Class C Non-Voting Common Stock as annual incentive compensation. Farmer Mac has not issued shares of stock as incentive compensation since June 2003.

If an option holder's employment with Farmer Mac terminates for any reason, including by reason of retirement, the option holder's rights to exercise any option under the 1997 Plan terminate on the earlier of the option expiration date or 90 days after termination (one year in the case of death or disability). Upon a termination for "cause," the options expire immediately. Following the termination of a director's service, vested options will remain exercisable until the earlier of the option expiration date or two years following termination. The 1997 Plan also provides for accelerated vesting of unvested options in the event of an option holder's death or disability.

As of December 31, 2005, options covering 2,975,240 shares (net of cancellations) have been granted under the 1997 Plan, of which 2,153,008 remain outstanding. As of December 31, 2005, 774,760 shares of Class C Non-Voting Common Stock remained available for future issuance of option grants under the 1997 Plan, excluding the shares underlying outstanding options. Options granted under the 1997 Plan during 2005 have exercise prices ranging from \$18.21 to \$29.93 per share.

#### *Employment Agreements with Officers*

The Corporation has entered into employment agreements (the "Agreements") with the members of senior management (for purposes of this section, the "officers"), including the named executive officers, in order to provide them with a reasonable level of job security, while limiting the Corporation's ultimate financial exposure. Significant terms of the Agreements address each officer's scope of authority and employment, base salary and incentive compensation (shown as "bonus" in the Summary Compensation Table), benefits, conditions of employment, termination of employment and the term of employment. Although the Agreements generally expire on dates approximately three to four years from the present,<sup>9</sup> The Agreements with the officers expire on June 1 of the following years: Henry D. Edelman, 2010; Timothy L. Buzby, Nancy E. Corsiglia and Tom D. Stenson, 2009; Jerome G. Oslick, 2007. The Agreement with Mary K. Waters expires July 1, 2007. the Corporation's exposure to severance pay and other costs of termination are capped on the basis of the lesser of two years (eighteen months in the case of dissolution) or the remaining term of each Agreement.

Under the Agreements, the officers are entitled to a base salary and discretionary incentive compensation. Base compensation for all officers is paid bi-weekly over the course of each year. The current base salaries for the named executive officers who, as of April 11, 2006, remain executive officers, are: Mr. Edelman, \$514,100; Mr. Buzby, \$226,560; Ms. Corsiglia, \$329,800; and Mr. Stenson, \$270,009. Awards of incentive compensation are considered annually at the end of the business planning year (July 1 to June 30, except that the 2004-05 business planning year was a 13-month transition year from June 1, 2004 to June 30, 2005) and are determined and payable under the circumstances discussed above in "Compensation Committee Report on Executive Compensation."

The Agreements provide that each officer is entitled to certain benefits, such as disability insurance, health insurance, dental insurance and life insurance, which are, in some cases, above the levels provided to employees generally. See the Summary Compensation Table for information on other benefits extended to the named executive officers.

The Agreements also provide that an officer's employment may be terminated "without cause" upon payment of severance pay consisting of all base salary scheduled to be paid over the lesser of the remaining term of the Agreement or two years. If the Board of Directors adopts a resolution authorizing a dissolution of the Corporation, the Agreements also may be terminated upon payment of severance pay consisting of all base salary scheduled to be paid until the later of the final date of dissolution or one and one-half years following the effective date of the dissolution. Upon termination of employment due to an officer's death or disability, the officer will generally be entitled to benefits on the same basis as "without cause"; however, the Corporation's obligations in such instances are substantially covered by insurance. The Agreements may be terminated by Farmer Mac for "cause," as defined in the Agreements, in which event the officer will be paid only accrued compensation to the date of termination.

*Certain Relationships and Related Transactions*

From time to time, Farmer Mac purchases or commits to purchase Qualified Loans under the Farmer Mac I program and USDA-guaranteed portions under the Farmer Mac II program from, or enters into other business relationships with, institutions that own five percent or more of a class of Farmer Mac's Voting Common Stock or that have an officer or director who is also a member of Farmer Mac's Board of Directors. These transactions are conducted in the ordinary course of business, with terms and conditions comparable to those applicable to entities unaffiliated with Farmer Mac.

Dennis L. Brack, a Class A director, is the President and Chief Executive Officer of Bath State Bank. The following transactions occurred between Bath State Bank and Farmer Mac during 2005:

- Farmer Mac purchased 39 USDA-guaranteed portions having an aggregate principal amount of approximately \$7.7 million from Bath State Bank under the Farmer Mac II program; and
- Farmer Mac received approximately \$50,000 in guarantee fees on Farmer Mac II Guaranteed Securities whose underlying USDA-guaranteed portions were sold to Farmer Mac by Bath State Bank.

Ralph W. "Buddy" Cortese, a Class B director, is the chairman of the board of directors of Farm Credit Bank of Texas, which holds approximately 7.7 percent of outstanding Class B Voting Common Stock. The following transactions occurred between Farm Credit Bank of Texas and Farmer Mac during 2005:

- Farmer Mac extended Long-Term Standby Purchase Commitments ("LTSPCs") on 106 loans having an aggregate principal balance of approximately \$45.6 million to Farm Credit Bank of Texas (the aggregate outstanding principal balance of the 568 loans underlying LTSPCs with Farm Credit Bank of Texas was approximately \$122.1 million as of December 31, 2005); and
- Farmer Mac received commitment fees of approximately \$512,000 attributable to transactions with Farm Credit Bank of Texas.

Paul A. DeBriyn, a Class B director, is the President and Chief Executive Officer of AgStar Financial Services, ACA ("AgStar"). The following transactions occurred between AgStar and Farmer Mac during 2005:

- Farmer Mac extended LTSPCs on 1,166 loans having an aggregate principal balance of approximately \$193.1 million to AgStar (the aggregate outstanding principal balance of the 3,974 loans underlying LTSPCs with AgStar was approximately \$382.5 million as of December 31, 2005);
- Farmer Mac received commitment fees of approximately \$1.1 million attributable to transactions with AgStar;
- In November 2004, Farmer Mac and AgStar entered into a strategic alliance agreement as part of Farmer Mac's efforts to capture a greater share of the market and to serve a cross-section of agricultural lenders in many areas of the nation. Under the terms of that agreement, Farmer Mac paid AgStar \$100,000 in 2005 for joint marketing expenses;
  - In 2005, AgStar received \$302,000 in servicing fees for its work as a Farmer Mac central servicer; and
- During 2005, Farmer Mac sold Farmer Mac I Guaranteed Securities to AgStar in the amount of \$6.6 million. Those sales did not result in a gain or loss to Farmer Mac.

AgStar's transactions with Farmer Mac in 2006 under the strategic alliance agreement have the potential to include transactions in which the amount involved exceeds \$60,000.

Dennis A. Everson, a Class A director, is the President and Manager of the Agri-business Division of First Dakota National Bank (“Dakota Mac”). The following transactions occurred between Dakota Mac and Farmer Mac during 2005:

- Farmer Mac purchased 1 loan having an aggregate principal amount of approximately \$725,000 from Dakota Mac under the Farmer Mac I program;

- Farmer Mac purchased 52 USDA-guaranteed portions having an aggregate principal amount of approximately \$11.1 million from Zions under the Farmer Mac II program, representing approximately 5.6 percent of that program's volume for the year;
- Farmer Mac sold approximately \$46.7 million of Farmer Mac Guaranteed Securities to Zions at no gain or loss;
  - The aggregate outstanding notional principal amount of all interest rate swap transactions between Farmer Mac and Zions was approximately \$225.6 million as of December 31, 2005. As of December 31, 2005, Farmer Mac had net interest payable to Zions under those contracts of approximately \$2.2 million;
- Farmer Mac received approximately \$2.4 million in guarantee fees on Farmer Mac Guaranteed Securities whose underlying loans were swapped or sold to Farmer Mac by Zions;
  - Farmer Mac paid Zions approximately \$10,000 in underwriting and loan file review fees;
    - Farmer Mac reimbursed Zions \$7,000 for audit fees for review of servicing;
      - Farmer Mac reimbursed Zions \$6,000 for litigation expenses;
- Zions received approximately \$1.5 million in servicing fees for acting as a central servicer in the Farmer Mac I program;
- Zions received approximately \$40,000 in commissions for acting as dealer with respect to approximately \$1.6 billion par value of Farmer Mac discount notes; and
- In May 2005, Farmer Mac entered into a 3-year lease agreement with Zions for office space in Ames, Iowa, under which the annual rental expense will be \$20,620. In 2005, Farmer Mac paid Zions \$11,169 under that lease agreement.

### *Performance Graph*

Farmer Mac has three classes of Common Stock: Class A Voting Common Stock, Class B Voting Common Stock and Class C Non-Voting Common Stock (collectively, the "Common Stock"). From January 1994 to June 1999, the Class A Voting Common Stock and the Class C Non-Voting Common Stock traded on The Nasdaq Stock Market.<sup>10</sup> Since June 1999, the Class A Voting Common Stock and the Class C Non-Voting Common Stock have traded on the NYSE.<sup>11</sup> As a result of the limited market for Class B Voting Common Stock and the infrequency of trades therein, the Class B Voting Common Stock does not trade on any market or exchange nor is Farmer Mac aware of any publicly available quotations or prices for Class B Voting Common Stock.

<sup>10</sup> The Class A Voting Common Stock was traded on the Nasdaq SmallCap Market tier of The Nasdaq Stock Market under the symbol FAMCA, and the Class C Non-Voting Common Stock was traded on the Nasdaq National Market tier of The Nasdaq Stock Market under the symbol FAMCK.

<sup>11</sup> The Class A Voting Common Stock is traded under the symbol AGM.A, and the Class C Non-Voting Common Stock is traded under the symbol AGM.

Representatives of Deloitte & Touche LLP are expected to attend the Meeting. They will have the opportunity to make a statement if they desire to do so and will be available to answer appropriate questions from stockholders present at the Meeting.

The Board of Directors recommends a vote FOR the proposal to ratify the selection of Deloitte & Touche LLP as independent auditors for the Federal Agricultural Mortgage Corporation for 2006. Proxies solicited by the Board of Directors will be so voted unless holders of the Corporation's Voting Common Stock specify to the contrary on their proxies, or unless authority to vote is withheld.

#### *Audit Fees*

Deloitte & Touche LLP billed Farmer Mac an aggregate \$1,293,078 and \$1,255,000 for professional services rendered for the audit of Farmer Mac's annual financial statements, the audit of management's assessment of the effectiveness of internal control over financial reporting under Section 404 of the Sarbanes-Oxley Act of 2002, and the reviews of the financial statements included in Farmer Mac's quarterly reports on Form 10-Q for 2005 and 2004, respectively.

#### *Audit-Related Fees*

Deloitte & Touche LLP billed Farmer Mac an aggregate \$84,447 and \$0 for assurance and related services that were reasonably related to the performance of the audit of Farmer Mac's annual financial statements and the reviews of the financial statements included in Farmer Mac's quarterly reports on Form 10-Q in 2005 and 2004, respectively, and are not reported in "Audit Fees." These services were for the issuance of comfort letters, various accounting consultations and other technical issues.

#### *Tax Fees*

Deloitte & Touche LLP billed Farmer Mac an aggregate \$28,250 and \$27,000 for professional services rendered for tax compliance, tax advice and tax planning for 2005 and 2004, respectively. These services were for the preparation of Farmer Mac's federal tax returns.

#### *All Other Fees*

Deloitte & Touche LLP did not bill Farmer Mac for any other fees in 2005 or 2004 other than the audit and review fees, audit-related fees and tax fees referred to above.

#### *Audit Committee Pre-Approval Policies*

Pursuant to the Audit Committee Charter adopted in February 2004 and reaffirmed in February 2006 and consistent with SEC policies regarding auditor independence, the Audit Committee considers and pre-approves, as appropriate, all auditing and permissible non-auditing services provided Farmer Mac's independent auditor prior to the engagement of the independent auditors with respect to such services. One hundred percent of the services provided by Deloitte & Touche LLP in 2004 and 2005 were pre-approved by the Audit Committee.

#### **Section 16(a) Beneficial Ownership Reporting Compliance**

Section 16(a) of the Securities Exchange Act of 1934 requires Farmer Mac's officers and directors, and persons who beneficially own more than ten percent of a registered class of Farmer Mac's equity securities, to file reports of ownership and changes in ownership on Forms 3, 4 and 5 with the SEC. Officers, directors and greater than ten percent stockholders are required by SEC regulation to furnish Farmer Mac with copies of all Forms 3, 4 and 5 filed.

Based solely on Farmer Mac's review of its corporate records, which include copies of forms it has received, and written representations from certain reporting persons that they were not required to file a Form 5 for specified fiscal years, Farmer Mac believes that all of its officers, directors and beneficial owners of greater than ten percent of any class of equity securities complied with all Section 16(a) filing requirements and timely filed all reports applicable to them for transactions during 2005, except that Zions Bancorporation, the holder of approximately 31 percent of Farmer Mac's Class A Voting Common Stock and approximately 10.5 percent of Farmer Mac's Class C Non-Voting Common Stock, filed a Form 4 with the SEC on March 10, 2005 reporting certain sales of Farmer Mac Class C Non-Voting Common Stock that took place between February 16, 2005 and March 10, 2005.

**Principal Holders of Voting Common Stock**

To our knowledge, as of the date of this Proxy Statement, the following institutions are the beneficial owners of either (i) 5 percent or more of the outstanding shares of Farmer Mac's Class A Voting Common Stock or Class B Voting Common Stock, or (ii) 5 percent or more of the total number of outstanding shares of Farmer Mac's Voting Common Stock (both Class A and Class B).

**Solicitation of Proxies**

The Corporation will pay the cost of the Meeting and the costs of soliciting proxies, including the cost of mailing the proxy material. The Corporation has retained Georgeson Shareholder Communications Inc. to act as the Corporation's proxy solicitation firm for a fee of approximately \$5,000. In addition to solicitation by mail, employees of Georgeson Shareholder Communications Inc. may solicit proxies by telephone, electronic mail, telegram or personal interview. Brokerage houses, nominees, fiduciaries and other custodians will be requested to forward solicitation material to the beneficial owners for shares held of record by them and will be reimbursed for their reasonable expenses by the Corporation.

**Other Matters**

In addition to the scheduled items of business set forth in this Proxy Statement, the enclosed proxy confers on the Proxy Committee discretionary authority to vote the shares represented thereby in accordance with the members' best judgment with respect to all matters that may be brought before the Meeting or any adjournment or postponement thereof and matters incident to the Meeting. The Board of Directors does not know of any other matter that may properly be presented for action at the Meeting. If any other matters should properly come before the Meeting or any adjournment or postponement thereof, the Proxy Committee named in the accompanying proxy intends to vote such proxy in accord with its best judgment.

**Upon written request, Farmer Mac will furnish, without charge, to each person whose proxy is being solicited a copy of its Annual Report on Form 10-K for the fiscal year ended December 31, 2005, as filed with the SEC, including financial statements thereto. Written requests should be directed to Jerome G. Oslick, Corporate Secretary, Federal Agricultural Mortgage Corporation, 1133 Twenty-First Street, N.W., Suite 600, Washington, D.C. 20036. A copy of Farmer Mac's most recent Form 10-K is also available on the Corporation's website, [www.farmermac.com](http://www.farmermac.com), in the "Corporate Governance" portion of the "Investors" section. Please note that all references to [www.farmermac.com](http://www.farmermac.com) in this proxy statement are inactive textual references only and that the information contained on Farmer Mac's website is not incorporated by reference into this proxy statement.**

**Appendix A—Audit Committee Charter**

**FEDERAL AGRICULTURAL MORTGAGE CORPORATION**

**AUDIT COMMITTEE CHARTER**

This Audit Committee Charter was adopted by the Board of Directors (the “Board”) of the Federal Agricultural Mortgage Corporation (“Farmer Mac”) on February 5, 2004 and reaffirmed on February 2, 2006.

*This Charter is intended as a component of the flexible framework within which the Board, assisted by its committees, directs the affairs of Farmer Mac. While it should be interpreted in the context of all applicable laws, regulations and listing requirements, as well as in the context of Farmer Mac’s Federal Charter and By Laws, it is not intended to establish by its own force any legally binding obligations.*

**I. PURPOSE**

The Audit Committee (the “Committee”) is appointed by the Board to assist the Board in fulfilling its responsibility to oversee management regarding: (i) the conduct and integrity of Farmer Mac’s financial reporting to any governmental or regulatory body, the public or other users thereof; (ii) Farmer Mac’s systems of internal accounting and financial and disclosure controls; (iii) the qualifications, engagement, compensation, independence and performance of Farmer Mac’s independent auditor, who is registered with the Public Accounting Oversight Board (the “Independent Auditor”), their conduct of the annual audit, and their engagement for any other services; (iv) Farmer Mac’s legal and regulatory compliance; (v) Farmer Mac’s codes of ethics as established by management and the Board; and (vi) the preparation of the audit committee report required by Securities and Exchange Commission (“SEC”) rules to be included in Farmer Mac’s annual proxy statement.

In discharging its oversight role, the Committee is authorized: (i) to investigate any matter that the Committee deems appropriate, with access to all books, records, facilities and personnel of Farmer Mac; and (ii) to retain independent counsel, auditors or other experts, with adequate funding provided by Farmer Mac.

**II. COMMITTEE MEMBERSHIP**

The Committee shall be comprised of not less than three members of the Board, each of whom shall be determined by the Board to be “independent” in accordance with applicable rules of the SEC and shall meet the independence and financial experience requirements of the New York Stock Exchange (the “NYSE”). In addition, at least one member shall be an “audit committee financial expert” as such term is defined under applicable SEC and NYSE rules. No member of the Committee may serve on the audit committee of more than three public companies, including Farmer Mac, unless the Board has determined that such simultaneous service would not impair the ability of such member to effectively serve on the Committee. Such determination shall be disclosed in the annual proxy statement.

**III. KEY RESPONSIBILITIES**

The Committee shall make regular reports to the Board.

The Committee shall:

1. Have the sole authority to retain (subject to ratification by the stockholders of Farmer Mac), evaluate, compensate and oversee the work of the Independent Auditor and, where appropriate, dismiss the Independent Auditor; and resolve any disagreements between management and the Independent Auditor regarding financial reporting. The Independent Auditor shall report directly to the Committee.
2. Consider and pre-approve, as appropriate, all auditing and non-auditing services provided by the Independent Auditor, and ensure that approvals are disclosed as appropriate in Farmer Mac's periodic public filings<sup>14</sup>
3. Review Farmer Mac's financial statements, including major issues regarding accounting and auditing principles and practices as well as the adequacy of internal controls that could significantly affect Farmer Mac's financial statements and, prior to public release, reviewing with management and the Independent Auditor Farmer Mac's annual and quarterly financial statements to be filed with the SEC, including (a) Farmer Mac's disclosures under "Management's Discussion and Analysis of Financial Condition and Results of Operations," and (b) any certifications regarding the financial statements or Farmer Mac's internal accounting and financial controls and procedures and disclosure controls or procedures filed with SEC by Farmer Mac's senior executive and financial officers.
4. Consider and review with management, including the Chief Financial Officer and the Vice President - Controller, the Independent Auditor and the internal auditor (i) any significant findings during the year, including the status of previous audit recommendations, (ii) any accounting adjustments that were noted or proposed by the auditors but were "passed" (as immaterial or otherwise), (iii) any communications between the audit team and the audit firm's national office respecting auditing or accounting issues presented by the engagement and (iv) any "management" or "internal control" letter issued, or proposed to be issued, by the Independent Auditor to Farmer Mac and review major changes to Farmer Mac's auditing and accounting principles and practices as suggested by the Independent Auditor, internal auditors or management.
5. Consider and review with management, including the Chief Financial Officer and the Vice President - Controller, and the Independent Auditor any significant risks or exposures and assess the steps management has taken to minimize such risks. Discuss with management, including the Chief Financial Officer and the Vice President - Controller, and the Independent Auditor and oversee Farmer Mac's underlying policies with respect to risk assessment and risk management.
6. Establish and oversee the maintenance of procedures for the receipt, retention and treatment of complaints received by Farmer Mac regarding accounting, internal accounting controls, or auditing matters, and the confidential, anonymous submissions by employees of concerns regarding questionable accounting or auditing matters.
7. Review and concur in the appointment, reassignment, replacement, compensation or dismissal of the Chief Financial Officer and the Vice President - Controller.
8. Review periodically with management the provisions of any code of business conduct and ethics (including Farmer Mac's policies and procedures concerning trading in Farmer Mac securities and use in trading of proprietary or confidential information) applicable to directors and senior officers (including financial officers), including any waivers sought under such code; any waiver to any executive officer or director granted by the Committee shall be reported by the Committee to the Board.
9. Review and discuss with management and the Independent Auditor (i) all critical accounting policies and practices used by Farmer Mac; (ii) any significant changes in Farmer Mac accounting policies; (iii) any material alternative accounting treatments within GAAP that have been discussed with management, including the ramifications of the use of the alternative treatments and the treatment preferred by the accounting firm; and (iv) any accounting and financial reporting proposals that may have a significant impact on Farmer Mac's financial reports.
- 10.

(a) Receive from the Independent Auditor, prior to the Independent Auditor's report on the published financial statements, a special report which shall, among other things, point out and describe each material item affecting the financial statements of Farmer Mac which might in the opinion of the Independent Auditor receive, under generally accepted accounting principles, treatment varying from that proposed for such statements; (b) decide, in the Committee's discretion, upon the treatment to be accorded such items; (c) take such other action in respect of the special report as the Committee may deem appropriate; and (d) transmit to the Compensation Committee a copy of the special report, together with the Committee's decision.

11. Set clear hiring policies for employees or former employees of the Independent Auditor.
12. Review the Independent Auditor's proposal letter, review the planning of the audit and approve the fees to be paid to the Independent Auditor. In addition to assuring the regular rotation of the lead audit partner as required by law, at least every 3 years, the Committee shall consider the rotation of the Independent Auditor.
13. Receive periodic reports from the Independent Auditor regarding the Independent Auditor's independence, discuss such reports with the Independent Auditor, and, if so determined by the Committee, recommend that the Board take appropriate action to satisfy itself of the independence of the Independent Auditor.
14. Have the ultimate authority to retain, evaluate, compensate and oversee the work of the internal auditor and, where appropriate, dismiss the internal auditor. The internal auditor shall report directly to the Committee.
15. Review with the Independent Auditor and the internal auditor the coordination of audit efforts to assure completeness of coverage, reduction of redundant efforts, and the effective use of audit resources.
16. Review the significant reports to management prepared by the internal auditor and management's responses.
17. At least annually, obtain and review a report by the Independent Auditor describing: (i) the firm's internal quality-control procedures; (ii) any material issues raised by the most recent internal quality-control review of the firm, or by any inquiry or investigation by governmental or professional authorities, within the preceding five years, regarding one or more independent audits carried out by the firm, and any steps taken to deal with any such issues; and (iii) all relationships between the Independent Auditor and Farmer Mac.
18. Review and discuss with the Independent Auditor the matters required to be discussed with the Independent Auditor by (i) Statement of Auditing Standards No. 61 including the auditor's responsibility under generally accepted auditing standards, the significant accounting policies used by Farmer Mac, accounting estimates used by the Company and the process used by management in formulating them, any consultation with other accountants and any major issues discussed with management prior to its retention, (ii) Statement of Auditing Standards No. 90 including whether Company accounting principles as applied are conservative, moderate, or aggressive from the perspective of income, asset, and liability recognition, and whether or not those principles reflect common or minority practices and (iii) Statement of Auditing Standards No. 100 including the review of the interim financial information of the Company and any material modifications that need to be made to the interim financial information for it to conform with GAAP.
19. Review with the Independent Auditor any problems or difficulties the Independent Auditor may have encountered and any management letter provided by the Independent Auditor and Farmer Mac's response to that letter. Such review should include:
  - a. Any difficulties encountered in the course of the audit work, including any restrictions on the scope of activities or access to required information.
  - b. Any changes required in the planned scope of the internal audit.

c. The responsibilities and budget for the internal audit.

20. Prepare the report required by the rules of the Securities and Exchange Commission to be included in Farmer Mac's annual proxy statement.
21. Review with Farmer Mac's General Counsel legal matters that may have a material impact on the financial statements, Farmer Mac's compliance policies and any material reports or inquiries received from regulators or governmental agencies.
22. Meet periodically with senior financial management, the Independent Auditor and the internal auditors in separate executive sessions.
23. Prepare a letter for inclusion in the proxy statement that describes the Committee's composition and responsibilities, and how they were discharged.
24. Discuss with management and the Independent Auditor, as appropriate, earnings press releases and financial information and earnings guidance provided to analysts and to rating agencies.
25. Meet four times per year or more frequently as circumstances require.
26. Conduct an annual self-evaluation of the performance of the Committee, including its effectiveness and compliance with this Charter.
27. Review and reassess the adequacy of this Charter annually and recommend any proposed changes to the Board for approval.

While the Committee has the responsibilities and powers set forth in this Charter, it is not the duty of the Committee to plan or conduct audits or to determine that Farmer Mac's financial statements are complete and accurate and are in accordance with generally accepted accounting principles. This is the responsibility of management and the Independent Auditor. The Committee recognizes that Farmer Mac's management and the Independent Auditor have more time, knowledge and detailed information about Farmer Mac than do Committee members. Consequently, in carrying out its oversight responsibilities, the Committee is not providing any expert or special assurance as to Farmer Mac's financial statements or any professional certification as to the Independent Auditor's work.

---

<sup>1</sup> The Committee may delegate the authority to grant pre-approvals to one or more members of the Committee, whose decisions must be presented to the full Committee at its scheduled meetings.
