AMERICAN POST TENSION, INC.
NOTES TO THE UNAUDITED
CONSOLIDATED FINANCIAL STATEMENTS
JUNE 30, 2010

Note 1: BASIS OF PRESENTATION OF INTERIM PERIOD FINANCIAL STATEMENTS

The accompanying unaudited consolidated financial statements of the Company at June 30, 2010 and 2009 have been prepared in accordance with generally accepted accounting principles ('GAAP') for interim financial statements, instructions to Form 10-Q, and Regulation S-X. Accordingly, certain information and footnote disclosures normally included in financial statements prepared in accordance with GAAP have been condensed or omitted.

These consolidated financial statements should be read in conjunction with the financial statements and notes thereto included in the Company's annual report on Form 10-K for the year ended December 31, 2009. In management's opinion, all adjustments (consisting only of normal recurring adjustments) considered necessary for a fair presentation to make the Company's financial statements not misleading have been included. The results of operations for the periods ended June 30, 2010 and 2009 presented are not necessarily indicative of the results to be expected for the full year.

Use of Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities at the date of the financial statements and the reported revenues and expenses during the reporting periods. Actual results could differ from those estimates and those differences could be material.

Fair Value of Measurements

The Company follows accounting guidance relating to fair value measurements. This guidance establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value into three levels as follows:

Level 1 – quoted prices (unadjusted) in active markets for identical assets or liabilities that the Company has the ability to access as of the measurement date.

Level 2 – inputs other than quoted prices included within Level 1 that are directly observable for the asset or liability or indirectly observable through corroboration with observable market data.

Level 3 – unobservable inputs for the asset or liability only used when there is little, if any, market activity for the asset or liability at the measurement date.

AMERICAN POST TENSION, INC.
NOTES TO THE UNAUDITED
CONSOLIDATED FINANCIAL STATEMENTS
JUNE 30, 2010

Note 1: BASIS OF PRESENTATION OF INTERIM PERIOD (continued)

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the unobservable inputs.

The carrying value of the Company's outstanding line of credit approximates fair value based on Level 2 inputs.

Going Concern

The accompanying consolidated financial statements of the Company have been prepared on a going concern basis, which contemplates the realization of assets and satisfaction of liabilities in the normal course of business. The Company has suffered recurring losses and operating cash outflows. Its ability to continue as a going concern is dependent upon achieving profitable operations and generating positive cash flows. Due to the current state of residential housing in our target markets, the level of current operations may not sustain the Company's expenses and it may have to borrow additional funds to meet our cash needs. These factors, among others, could affect its ability to continue as a going concern.

The Company currently has approximately \$111,500 of unused capacity on the line of credit. Additionally, the Company's principal shareholders, Edward Hohman, President, and John Hohman, Chief Operating Officer, have committed to fund any operating shortfall for a reasonable amount of time and have each advanced \$250,000 in funds to the Company as long term loans during the quarter ended June 30, 2010.

There can be no assurances that the Company will be able to achieve profitable operations or obtain additional funding. These factors create substantial doubt about the Company's ability to continue as a going concern. The consolidated financial statements do not include any adjustments that might result from the outcome of the uncertainty.

Recent Accounting Pronouncements

In February 2010, the FASB issued Accounting Standards Update No. 2010-09 ("ASU 2010-09"), "Subsequent Events (Topic 855): Amendments to Certain Recognition and Disclosure Requirements," which amends ASC 855 to remove the requirement for an SEC filer to disclose the date through which subsequent events have been evaluated. This change alleviates potential conflicts between ASC 855 and the SEC's requirements. All of the amendments in this update are effective upon issuance of this update. Management has included the provisions of these amendments in the financial statements.

AMERICAN POST TENSION, INC.
 NOTES TO THE UNAUDITED
 CONSOLIDATED FINANCIAL STATEMENTS
 JUNE 30, 2010

Note 1: BASIS OF PRESENTATION OF INTERIM PERIOD (continued)

The Company has reviewed all recently issued, but not effective, accounting pronouncements and does not believe the future adoption of any such pronouncements may be expected to cause a material impact on its financial condition or the results of its operations.

Note 2: ACCOUNTS RECEIVABLE

Accounts receivable are summarized as follows:

		June 30, 2010		December 31, 2009
Accounts receivable	\$	1,490,387	\$	1,528,682
Allowance for doubtful accounts		(50,000)		(43,102)
Net amount	\$	1,440,387	\$	1,485,580

Note 3: RELATED PARTY TRANSACTIONS

The Company leases substantially all of its office, maintenance and warehouse facilities from entities that are owned and/or controlled by Ed Hohman, President, and John Hohman, Chief Operating Officer, who are the Company's principal shareholders. Rents were paid to the shareholders in the amount of \$62,720 during the three months ended June 30, 2010, compared to \$60,000 during the three months ended June 30, 2009.

Note 4: SHAREHOLDER LOANS AND LONG TERM DEBT

The Company's principal officers, Ed Hohman, President, and John Hohman, Chief Operating Officer, have a line of credit agreement with the Bank of Nevada in the total amount of \$1,700,000, on behalf of the Company. This line, which carries an interest rate of 6% on outstanding balances, had \$1,588,446 outstanding on it at June 30, 2010. The line matured on July 24, 2010 and was renewed for another one year term. In addition, each officer advanced \$250,000 in long-term loans to the Company for operating expenses.

Note 5: INCOME TAXES

The Company accounts for income taxes in accordance with accounting standards for Accounting for Income Taxes which require the recognition of deferred tax assets and liabilities for both the expected impact of differences between the financial statements and tax basis of assets and liabilities, and for the expected future tax benefit to be derived from tax loss and tax credit carry-forwards. Additionally, the standards require the establishment of a valuation allowance to reflect the likelihood of realization of deferred tax assets. Prior to 2003, the Company and its stockholders elected to be taxed under subchapter S of the Internal Revenue Code. As a result, all income and losses were reported by the Company's stockholders.

AMERICAN POST TENSION, INC.
NOTES TO THE UNAUDITED
CONSOLIDATED FINANCIAL STATEMENTS
JUNE 30, 2010

Note 5: INCOME TAXES (continued)

The following is a reconciliation of income taxes computed using the statutory Federal rate to the income tax expense in the financial statements for June 30, 2010.

Income tax provision at the federal statutory rate	34%
Income tax provision at the state statutory rate	5%
Effect of operating losses	(39)%

As of June 30, 2010, the Company has net operating losses for Federal income tax purposes totaling approximately \$5,544,495, which expire in 2030. The following is a schedule of deferred tax assets as of June 30, 2010 and December 31, 2009:

	June 30, 2010	December 31, 2009
Net operating loss	5,544,495	4,630,854
\$	\$	
Future tax benefit at 34%	2,054,000	1,718,000)
Less: Valuation allowance	(2,054,000)	(1,718,000)
Net deferred tax asset	--	--
\$	\$	

The valuation allowance changed by \$336,000 during the six months ended June 30, 2010.

Under Sections 382 and 269 (the ‘shell corporation’ rule) of the Code following an ‘ownership change,’ special limitations (‘Section 382 Limitations’) apply to the use by a corporation of its net operating loss, or NOL, carry-forwards arising before the ownership change and various other carry-forwards of tax attributes (referred to collectively as the ‘Applicable Tax Attributes’). The Company had NOL carry-forwards due to historical losses of Magic of approximately \$364,393 at December 31, 2006. This NOL carry-forward will expire through calendar year 2026 if not utilized and is subject to review and possible adjustment by the IRS. As a result of the Merger, the Company experienced an ownership change, and Section 382 Limitations will apply to the Applicable Tax Attributes of the Company.

The Company has adopted the provisions of FASB ASC 740-10-25. As a result of its implementation, the Company performed a comprehensive review of its uncertain tax positions in accordance with recognition and measurement standards established by FASB ASC 740-10-25. In this regard, an uncertain tax position represents the Company’s expected treatment of a tax position taken in a filed tax return, or expected to be taken in a tax return, that has not been reflected in measuring income tax expense for financial reporting purposes. The Company does not expect any reasonably possible material changes to the estimated amount of liability associated with uncertain tax positions through June 30, 2010. The Company’s continuing policy is to recognize accrued interest and penalties related to income tax matters in income tax expense.

AMERICAN POST TENSION, INC.
NOTES TO THE UNAUDITED
CONSOLIDATED FINANCIAL STATEMENTS
JUNE 30, 2010

Note 6: EQUITY

There were no shares issued during the quarter ended June 30, 2010. The only change in shareholders' equity during the three months ended June 30, 2010 was the net loss for the period.

ITEM 2. MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITIONS AND RESULTS OF OPERATIONS

FORWARD-LOOKING INFORMATION

To the extent that the information presented in this Quarterly Report on Form 10-Q for the quarter ended June 30, 2010 discusses financial projections, information or expectations about our products, services, or markets, or otherwise makes statements about future events or statements regarding the intent, belief or current expectations of American Post Tension, Inc. and its subsidiary (collectively the 'Company'), its directors or its officers with respect to, among other things, future events and financial trends affecting the Company, such statements are forward-looking. We are making these forward-looking statements in reliance on the safe harbor provisions of the Private Securities Litigation Reform Act of 1995. Although we believe that the expectations reflected in these forward-looking statements are based on reasonable assumptions, there are a number of risks and uncertainties that could cause actual results to differ materially from such forward-looking statements. Forward-looking statements are typically identified by the words 'believes,' 'expects,' 'anticipates,' and similar expressions. In addition, any statements that refer to expectations or other characterizations of future events or circumstances are forward-looking statements. Readers are cautioned that any such forward-looking statements are not guarantees of future performance and that matters referred to in such forward-looking statements involve known and unknown risks, uncertainties and other factors that may cause actual results, performance or achievements of the Company to be materially different from any future results, performance or achievements expressed or implied by such forward-looking statements. Such factors include, among other things, the pace of residential construction in our geographic markets, changes in mortgage interest rates, prices and availability of raw materials and supplies, our ability to locate, acquire, pay for, and integrate other businesses that complement ours, our ability to expand our business into the commercial construction field, our ability to attract and retain qualified personnel if and as our business grows, and risks associated with our stock being classified as a 'penny stock.' We undertake no obligation to publicly update or revise these forward-looking statements because of new information, future events or otherwise, except as required by law.

The following analysis of our financial condition and results of operations should be read in conjunction with our financial statements and the related notes thereto contained elsewhere in this Form 10-Q, as well as the risk factors included in our Form 10-K filed for the year ended December 31, 2009.

Operating Results

Net sales

Net sales totaled \$2,056,480 for the three months ended June 30, 2010, as compared to \$1,909,599 for the same period in 2009, an increase of 7.7%. Home Builders Research reported that new home sales remain stagnant in Las Vegas and the year to date 2010 metro Phoenix housing market continues at a pace below that of last year, although indications are that the housing market has stabilized in our principal market areas. Our revenue is derived from new construction of residential housing and is directly related to new home sales and permits for new residential construction. The decreased activity of new residential home construction has been pronounced in Las Vegas, Nevada and Phoenix, Arizona in the past two years and has resulted in reduced sales levels from the levels in 2007 and earlier periods..

Cost of sales

Cost of sales, including all installation expenses, during the three months ended June 30, 2010 was 92.7% of net sales, as compared to 91.5% in 2009. Our gross margin for the three months ended June 30, 2010 was \$150,845, compared to \$163,562 for the prior period, a decrease of 7.2 percent. This reflects the results of our determination to gradually increase our staff in anticipation of continued increases in revenues and activities in 2010.

Selling, general and administrative expenses

Selling, general and administrative expenses for the three months ended June 30, 2010 were \$629,548 or 30.6% of net sales as compared to \$670,166 or 35.1% of net sales during the same period of the prior year. Selling, general and administrative expenses decreased by \$40,618 for the three month period ending June 30, 2010 versus the three month period ending June 30, 2009.

Net profit

For the three months ended June 30, 2010, we had a loss of \$498,546, compared to a loss of \$515,504 for the same period in 2009, a decrease of 3.3%.

Provision for income taxes

We recorded no provision for income tax expense or benefit for the three months ended June 30, 2010, because of concerns regarding the potential realization of the benefits of the tax loss.

Liquidity and Capital Resources

We have historically met our capital requirements through profits generated from operations and/or borrowings on our line of credit with Bank of Nevada which was extended to July 2011. Our cash balance decreased \$27,587 from \$155,254 at December 31, 2009 to \$127,667 at June 30, 2010. In addition, our 2 officers and principal shareholders each advanced \$250,000 to the Company during the quarter as long term loans to be used for working capital.

In our opinion, available funds will satisfy our capital requirements for the next 12 months. However, we may need to borrow additional amounts on our \$1.7 million line of credit or increase the amount available on the line of credit.

Off-Balance Sheet Arrangements

None

Going Concern

Our ability to continue as a going concern is dependent upon us achieving profitable operations and generating positive cash flows. Due to the current state of residential housing in our target markets, the level of current operations may not sustain our expenses and we may have to borrow additional funds to meet our cash needs. These factors, among others, could affect our ability to continue as a going concern.

Recent Accounting Pronouncements

In February 2010, the FASB issued Accounting Standards Update No. 2010-09 (“ASU 2010-09”), “Subsequent Events (Topic 855): Amendments to Certain Recognition and Disclosure Requirements,” which among other things amended ASC 855 to remove the requirement for an SEC filer to disclose the date through which subsequent events have been evaluated. This change alleviates potential conflicts between ASC 855 and the SEC’s requirements. All of the amendments in this update are effective upon issuance of this update. Management has included the provisions of these amendments in the financial statements.

The Company has reviewed all recently issued, but not effective, accounting pronouncements and does not believe the future adoption of any such pronouncements may be expected to cause a material impact on its financial condition or the results of its operations.

Critical Accounting Policies

The accounting policies that we follow are set forth in the notes to our financial statements. The preparation of these financial statements requires us to make estimates on an on going basis, including those related to uncollectible accounts receivable, inventories, contingencies and litigation, and income tax valuation allowances. We base our estimates on historical experience and on various assumptions that we believe to be reasonable under the circumstances. Actual results may differ from these estimates under different assumptions or conditions, and those differences could be material.

ITEM 3. QUANTITATIVE AND QUALITATIVE DISCLOSURES ABOUT MARKET RISK

Not applicable

ITEM 4. CONTROLS AND PROCEDURES

a) Evaluation of Disclosure Controls and Procedures.

Under the supervision and with the participation of our management, including our Chief Executive Officer and Principal Accounting Officer, we evaluated the effectiveness of the design and operation of our disclosure controls and procedures (as such term is defined in Rule 13a-15(e) under the Securities Exchange Act of 1934 (the ‘Exchange Act’)). Disclosure controls and procedures are the controls and other procedures that we designed to ensure that we record, process, summarize and report in a timely manner the information we must disclose in reports that we file with or submit to the Securities and Exchange Commission under the Exchange Act. Based on this evaluation, our Chief Executive Officer and our Principal Accounting Officer concluded that our disclosure controls and procedures were effective as of the end of the period covered by this report.

Disclosure controls and procedures are controls and procedures that are designed to ensure that information required to be disclosed in our reports filed or submitted under the Securities Exchange Act is recorded, processed, summarized and reported, within the time periods specified in the Securities and Exchange Commission's rules and forms. Disclosure controls and procedures include, without limitation, controls and procedures designed to ensure that information required to be disclosed in our reports filed under the Exchange Act is accumulated and communicated to management, including our principal executive officer and our principal financial officer, as appropriate, to allow timely decisions regarding required disclosure.

(b) Changes in Internal Control over Financial Reporting.

During the quarter ended June 30, 2010, there was no change in our internal control over financial reporting (as such term is defined in Rule 13a-15(f) under the Exchange Act) that has materially affected, or is reasonably likely to materially affect, our internal control over financial reporting.

PART II OTHER INFORMATION

ITEM 1. LEGAL PROCEEDINGS

We have been involved in various legal and governmental proceedings incidental to our continuing business operations, all of which were resolved as of December 31, 2009. There were no continuing legal suits or any known pending litigation related to claimed construction defects as a result of services and products provide to our customers, or any other legal matters pending or known as of June 30, 2010.

ITEM 1A. RISK FACTORS

Investing in our common stock involves a high degree of risk. Certain of the risks related to an investment in our common stock were disclosed in our Annual Report on Form 10-K for the year ended December 31, 2009, under Item 1A, 'Risk Factors' which is hereby incorporated into this report by this reference. You should carefully consider those risk factors, as well as the following additional risk factors and other information in this report, before deciding whether to invest in shares of our common stock. The decreased activity of new residential home construction has been pronounced in Las Vegas, Nevada and Phoenix, Arizona and has resulted in significantly reduced sales and gross margin. Our revenue is derived primarily from new construction of residential housing and is directly related to new home sales and permits for new residential construction. The recent downturn in residential construction in Las Vegas, Nevada and Phoenix, Arizona has resulted in a significant reduction in our revenues for the three-month period ended June 30, 2010. We cannot predict whether or when residential construction activity will rebound in those markets. Prolonged sluggishness in residential construction, however, can be expected to continue to have a negative impact on our revenues and earnings.

ITEM 2. UNREGISTERED SALES OF EQUITY SECURITIES AND USE OF PROCEEDS.

There were no issuances of stock during the quarter ended June 30, 2010.
