## Edgar Filing: GEN RX INC - Form 10-K

GEN/Rx, Inc. ( GEN/Rx or, when referring to GEN/Rx and its subsidiaries, the Company ) effectively ceased operations on or about June 30, 1996.

GEN/Rx was originally incorporated as American Veterinary Products, Inc. under the laws of the State of Colorado in 1976. In January 1988, American Veterinary Products, Inc. was acquired by Transmed Express, Inc.( Transmed ), a publicly held company incorporated under the laws of the State of New York, in a stock-for-stock transaction. In March 1993, American Veterinary Products, Inc. changed its name to GEN/Rx, Inc.

Historically, GEN/Rx was a holding company which, through its subsidiaries, was engaged in the business of developing, manufacturing and distributing generic injectable drugs. GEN/Rx had three wholly-owned subsidiaries: AUSA, Inc. ( AUSA ), which was sold in June 1996 to the Company's principal stockholder and principal creditor, Apotex Corp. (formerly known as Apotex USA, Inc.; Apotex ); American Veterinary Products, Inc. ( AVP ), which discontinued operations in December 1995; and Collins Laboratories, Inc. ( Collins ), which has been inactive since its inception.

The Company experienced significant operating losses since its inception resulting in a deficit equity position as described in greater detail below. The Company has not been engaged in substantive business activity for nearly ten years and we have no plans to engage in any substantive business activity in the foreseeable future. We are currently considering various business alternatives relating to the Company including, without limitation, commencing new business operations, seeking a purchaser or business combination for the Company and dissolution of the Company. The commencement of any business endeavor will be preceded by the consideration and adoption of a business plan by our Board of Directors. Due to the limited current and proposed business activities of the Company described herein, it is classified as a blank check company. The Securities and Exchange Commission and many states have enacted statutes, rules and regulations limiting the sale of securities of blank check companies. Management does not intend to undertake any efforts to cause a market to develop in the Company's securities until such time as the Company has successfully developed and implemented a business plan. We are unable to predict at this time when and if it may actually participate in any specific business endeavor.

### **Business History**

## Edgar Filing: GEN RX INC - Form 10-K

On April 13, 1995, the Company completed the merger (the Merger ) of AUSA into and with GEN/Rx Acquisition Subsidiary, Inc., a wholly-owned subsidiary of the Company. As a result of the merger, AUSA, a company engaged in the distribution of injectable drugs, became a wholly-owned subsidiary of the Company.

---

Prior to the Merger, AUSA had been a subsidiary of Apotex. As part of the Merger, the Company issued to Apotex 15,353,840 shares of common stock, \$.004 par value (the Common Stock ), as a result of which Apotex became the owner of approximately 74% of the outstanding Common Stock of the Company. In addition, the Company issued warrants to certain employees and consultants of Apotex to purchase 270,000 shares of Common Stock of GEN/Rx at a price of \$1.50 per share.

***Loan Arrangements***

## Edgar Filing: GEN RX INC - Form 10-K

In connection with the Merger, the Company entered into a loan agreement, dated April 13, 1995, with Apotex (the "Original Loan Agreement"), pursuant to which Apotex agreed to provide the Company with a term loan in the principal amount of \$500,000 evidenced by a term note (the "Term Note") and a revolving line of credit loan in the principal amount of \$2 million evidenced by a revolving line of credit note (the "Revolving Note" and together with the Term Note, the "Notes"). Interest on the amounts outstanding under the Notes was at the rate of 1% per annum over the prime rate and was payable on the first business day of each March, June, September and December. The Company's repayment of the loans was secured by all of the assets of the Company. The Notes had an original maturity date of April 13, 1998. In connection with the loans, Apotex received warrants to purchase a number of shares of the Company's Common Stock in an amount equal to one share for each dollar advanced under the Loan Agreement at an exercise price of \$1.00 per share. The warrants were exercisable for a period of three years and have now expired.

On November 29, 1995, the Company and Apotex entered into an amendment to the Original Loan Agreement (the "Amended Loan Agreement") to provide for additional advances. Under the Amended Loan Agreement Apotex agreed from time to time, in its sole discretion, to advance to the Company additional sums in excess of the aggregate principal amount under the Notes of \$2.5 million which sums would be due on demand or, in any event, on or prior to December 22, 1995, and which sums would otherwise be treated as if they had been advanced pursuant to the Original Loan Agreement. Additional advances to the Company through December 31, 1995 totaled approximately \$325,000. The Company agreed that failure to repay the amounts when due would constitute a default under the Amended Loan Agreement. In connection with the Amended Loan Agreement, the Company also issued to Apotex warrants to purchase an additional 813,783 shares of the Company's Common Stock at an exercise price of \$.75 per share. The warrants were exercisable for a period of three years and have now expired.

At December 31, 1995, the Company was indebted to Apotex in the amount of approximately \$3,563,000, including \$447,000 of accounts payable which had been converted to notes pursuant to the Amended Loan Agreement. The Company's failure to pay amounts due on December 22, 1995 constituted an event of default under the Amended Loan Agreement and Apotex notified the Company that it was accelerating the entire amount of indebtedness of the Company. As a result of the acceleration, on January 5, 1996, the Company turned over to Apotex all of the collateral securing the loans under the Loan Agreement, as amended, including AVP's manufacturing plant in Fort Collins, Colorado. The Company continued to receive additional advances from Apotex in 1996 which aggregated \$862,000.

In January 1996, Apotex sought and received the appointment of a receiver for AVP's Fort Collins manufacturing plant in a proceeding before the Federal District Court in Larimer

County, Colorado. The order permitted the receiver to exercise control over AVP's bank accounts, accounts receivable and inventory. As a result of the Amended Loan Agreement and the appointment of a receiver, AVP stopped receiving any advances under the Apotex loans and was forced to discontinue operations. See Item 1. Business - Discontinued Operations of AVP below. The receiver liquidated substantially all of AVP's assets at its three locations in or near Fort Collins, Colorado, for proceeds aggregating approximately \$670,000 which proceeds were used for the disposal of hazardous and other wastes at the Fort Collins manufacturing plant and for continued care of AVP's inventory and other payroll and non-payroll related expenses. Upon final order of the Court, dated September 22, 1998, directing final payments from the court supervised account, all remaining cash in the account, amounting to approximately \$40,000 was paid to Apotex as the principal creditor. In addition, pursuant to the Amended Loan Agreement, accounts receivable of AUSA were assigned to Apotex and collections thereof were deposited into the bank accounts of Apotex. Apotex subsequently purchased all of the outstanding capital stock of AUSA on July 1, 1996. See

Item 1. Business - Sale of AUSA below. At June 30, 1996, the Company was indebted to Apotex for an aggregate of \$5,296,659 (before the sale of AUSA) including \$747,423 of accounts payable converted to additional debt pursuant to the Amended Loan Agreement.

In January 1997, the Fort Collins manufacturing plant was conveyed to Apotex by deed in lieu of foreclosure proceedings. In May 1997, Apotex sold the Fort Collins plant to an unrelated third party for \$365,000 in cash and a promissory note in the amount of \$100,000, bearing interest at the rate of 10% per annum, payable monthly, which note was paid to Apotex in full on the one-year anniversary of such sale. Nonetheless, even after Apotex's receipt of such proceeds from the liquidation of the Company's assets and sale of the Fort Collins property, the Company remained indebted to Apotex in the amount of approximately \$4,400,000 at June 30, 1997.

As of December 31, 2005, the Company remains indebted to Apotex in the amount of approximately \$4.4 million.

#### *Sale of AUSA*

## Edgar Filing: GEN RX INC - Form 10-K

In February 1996, in light of the Company's losses, the Company retained the services of the investment banking firm Hill Thompson Capital Markets, Inc. (Hill Thompson), to assist management in its efforts to identify steps and strategies to reduce losses, generate returns on the Company's assets and maximize shareholder value. Hill Thompson recommended the sale of AUSA, identified potential purchasers for AUSA, prepared a confidential descriptive memorandum and sought to solicit interest in AUSA on behalf of the Company. Hill Thompson was not successful in identifying any interested parties.

On June 28, 1996, the Company held an auction to sell all of the issued and outstanding shares of AUSA common stock which were subject to a perfected security interest in favor of Apotex. The auction was held at the offices of Hill Thompson and the minimum bid price for the AUSA shares was set at \$1 million. Apotex was the only bidder at the auction bidding the minimum bid price of \$1 million. The sale was consummated on July 1, 1996. Apotex's acquisition of AUSA from the Company resulted in a reduction of the Company's indebtedness in favor of Apotex by \$1 million. At September 30, 1996, after the sale of AUSA to Apotex, the

Company's indebtedness to Apotex totaled approximately \$4.4 million, all of which was due and payable.

*Discontinued Operations of AVP*

## Edgar Filing: GEN RX INC - Form 10-K

In connection with an inspection by the U.S. Food and Drug Administration ( FDA ) of AVP 's manufacturing plant from October 1994 through May 1995, AVP received a warning letter from the Denver District Office of the FDA setting forth certain alleged deviations from current good manufacturing practice regulations ( GMPs ) and alleged violations of related provisions of the Federal Food, Drug and Cosmetic Act.

In June 1995, following new management 's investigation of the matters set forth in the warning letter, management suspended indefinitely the manufacture of products. In December 1995, management determined to discontinue the operations of AVP upon concluding that the time and financial commitment required to rehabilitate AVP 's operations made it economically unfeasible to do so. In connection with management 's decision to discontinue the operations of AVP, the Company laid-off substantially all of its personnel at this facility and recorded a provision of \$5,646,000 in its 1995 financial statements.

### **Present Lack of Operations**

## Edgar Filing: GEN RX INC - Form 10-K

The Company has not conducted any business operations since the sale of AUSA on June 30, 1996. All activities of the Company after such date related principally to the liquidation of the AVP assets by the receiver and the sale of the Fort Collins manufacturing plant.

The Company does not have any employees or executive officers, other than Jack Margareten, who serves as part-time Acting President and Chief Financial Officer. The Company's Board of Directors has four seats, three of which are vacant. Jack Margareten is the sole director of the Company. Mr. Margareten was appointed sole director and elected as Acting President of the Company and its subsidiaries in May 2001 after then-President, Chief Executive Officer and sole director Jack M. Schramm resigned from such positions. Mr. Schramm also served as President of both Apotex, which owns approximately 74% of the Company, and AUSA, a former subsidiary of the Company acquired by Apotex effective July 1, 1996. Mr. Margareten, who, prior to May 1997, served as Chief Financial Officer of the Company and Apotex, also replaced Mr. Schramm as Acting President of Apotex in May 1997.

After the Company was placed in receivership and AUSA was sold to Apotex, periodic reports under the Securities Exchange Act of 1934, as amended (the Exchange Act) relating to the Company were no longer filed with the Securities and Exchange Commission. Reports for the period from December 31, 1996 through September 30, 2002 were filed on May 23, 2003. Subsequent reports have been filed on a current basis.

### ***Financial Statements Presentation***

## Edgar Filing: GEN RX INC - Form 10-K

With respect to the Company's financial information set forth in this Annual Report relating to the years ended December 31, 2005 and 2004, the financial statements are presented on a liquidation basis. All of the operations of AVP and AUSA are treated as discontinued operations.

**Item 1A. Risk Factors**

## Edgar Filing: GEN RX INC - Form 10-K

The Company's business is subject to numerous risk factors including the following:

***The Company has no operating history, revenue and only minimal assets.***

The Company has virtually no assets or financial resources and has had no operating history nor any revenues or earnings from operations for at least nine years. The Company will, in all likelihood, incur operating expenses without corresponding revenues, at least until it consummates a business combination assuming that is the course we choose. There can be no assurance that, if we choose to seek a business combination, that we will be successful in identifying a party with which to undertake such combination and that we will be able to consummate such a combination on acceptable terms.

***The Company may be deemed to be a blank check company until we adopt a business plan.***

The limited business operations of the Company, as now contemplated, involve those of a blank check company. The only activities to be conducted by our Company are managing current limited assets and seeking out and investigating the commencement or the acquisition of any viable business opportunity by purchase or exchange for securities of our Company or pursuant to a reorganization or merger through which securities of our Company will be issued or exchanged.

***There is no market for the Company's common stock.***

There is currently no established trading market for our common stock and there can be no assurance that such a market will ever develop or, if developed, will be maintained. Any market price for shares of our Company's common stock would likely be very volatile and numerous factors beyond the control of our Company may have a significant effect. In addition, the stock markets generally have experienced and continue to experience extreme price and volume fluctuations which have affected the market price of many small capital companies.

For purposes of this Annual Report, the Company's office is c/o Jack Margaretten, its Acting President and Chief Executive Officer and Chief Financial Officer, at 600 Woodmere Boulevard, Woodmere, New York 11598.

### **Item 3.** Legal Proceedings

## Edgar Filing: GEN RX INC - Form 10-K

The Company is not currently a party to any legal proceedings. However, the Company is indebted to Apotex in the amount of approximately \$4.4 million and has previously had a receiver appointed for its subsidiary, AVP. See Item 1. Business Loan Arrangements above.

As a result of the failure to timely file reports under the Exchange Act relating to the Company since the Company's cessation of operations in 1996, the Securities and Exchange Commission may, in its discretion, institute one or more actions against the Company and/or its officers and directors (and former officers and directors) seeking monetary or other penalties that may be imposed under the Exchange Act. Any such penalties could materially adversely affect the Company.

**Item 4.** Submission of Matters to a Vote of Security Holders

## Edgar Filing: GEN RX INC - Form 10-K

No matters were submitted to a vote of the security holders of the Company through the solicitation of proxies or otherwise during the fiscal year ended December 31, 2005.

**Item 5.** Market For Common Equity And Related Stockholder Matters And Issuer Purchases Of Equity Securities

## Edgar Filing: GEN RX INC - Form 10-K

The Company's Common Stock is traded in the Over-the-Counter Bulletin Board (the "OTCBB") and is quoted on the "Pink Sheets" under the ticker symbol "GNRX.PK". There is no established public trading market for the Common Stock. There can be no assurance that a trading market will ever develop or, if such a market does develop, that it will continue.

As of the date of this report, the most recent trade date for the Common Stock was November 15, 2001, on which date 1,100 shares were sold for \$0.001 per share.

As of December 31, 2005, and the date of this report, there were approximately 224 holders of record of the Company's Common Stock.

The Company has not paid cash dividends on its Common Stock since inception. The payment of future dividends on its Common Stock is subject to the discretion of the Board of Directors and is dependent on many factors, including whether the Company establishes operations.

The Company has no equity compensation plans at this time.

**Item 7.** Management's Discussion And Analysis Of Financial Condition And Results Of Operations

## Overview

With respect to the Company's financial information set forth in this Annual Report on Form 10-K for the fiscal years ending December 31, 2005 and 2004, the financial statements are presented on a liquidation basis. The Company has not conducted any business operations since the sale of AUSA on June 30, 1996. All activities of the Company after such date have related principally to the liquidation of the AVP assets by the receiver and the sale of AVP's Fort Collins manufacturing plant.

The Company did not conduct any business operations in the fiscal years ended December 31, 2005, 2004 and 2003 and, accordingly, no comparisons have been made between the 2005 and 2004 or the 2003 and 2002 fiscal years. The Company has adopted the liquidation basis of accounting and, as such, the net assets of the Company at December 31, 1997 are stated at liquidation value whereby assets are stated at their estimated net realizable values and liabilities which include estimated liquidation expenses to be incurred through the date of final dissolution of the Company are stated at their anticipated settlement amounts.

## Liquidity and Capital Resources

## Edgar Filing: GEN RX INC - Form 10-K

At December 31, 2005 and at present, the Company has cash of \$31,000 and lacks the liquidity to carry on any business activities. The Company has virtually no assets and no capital resources. Effective June 30, 1996, the Company ceased all business operations upon the sale of AUSA to Apotex. All activities of the Company after such date have related principally to the liquidation by the receiver of the AVP assets and the sale of AVP's Fort Collins manufacturing plant. We are currently considering various business alternatives relating to the Company including, without limitation, commencing new business operations, seeking a purchaser or business combination for the Company and dissolution of the Company. The commencement of any business endeavor will be preceded by the consideration and adoption of a business plan by our Board of Directors. Due to the limited current and proposed business activities of the Company described herein, it is classified as a blank check company. The Securities and Exchange Commission and many states have enacted statutes, rules and regulations limiting the sale of securities of blank check companies. Management does not intend to undertake any efforts to cause a market to develop in the Company's securities until such time as the Company has successfully developed and implemented a business plan. We are unable to predict at this time when and if it may actually participate in any specific business endeavor.

Historically, while the Company was engaged in operations, it was dependent on Apotex for financing. At September 1996, after the sale of AUSA to Apotex, the Company was indebted to Apotex in the amount of approximately \$4.4 million. Since 1996, the Company has not made any payments to Apotex on this debt. Apotex has not charged interest on the indebtedness and has not instituted any legal proceedings for collection. It is not expected that Apotex will advance any additional funds to the Company and the Company presently has no available financing alternatives. Notwithstanding the previous sentence, the costs and expenses related to the preparation and filing of this Annual Report (including, but not limited to, legal and accounting fees) and the other Exchange Act reports being filed by the Company in an effort to

comply with the Exchange Act, will be paid by Apotex. It is not expected that Apotex will charge the Company for such expenses.

As of December 31, 2005, the Company remains indebted to Apotex in the amount of approximately \$4,400,000.

#### **Off-Balance Sheet Arrangements**

As of December 31, 2005, we did not have any off-balance sheet arrangements as defined in Item 303(a)(4)(ii) of Regulation S-K promulgated under the Securities Act of 1934, as amended.

#### **Contractual Obligations and Commitments**

As of December 31, 2005, we did not have any contractual obligations or commitments other than our outstanding debt described under Liquidity above and under Item 1. Business Loan Arrangements.

#### **Item 7A. Quantitative and Qualitative Disclosures About Market Risk**

## Edgar Filing: GEN RX INC - Form 10-K

Market risk is the sensitivity of income to changes in interest rates, foreign exchanges, commodity prices, equity prices and other market-driven rates or prices. We are not presently engaged in any substantive commercial business. Accordingly, we are not and, until such time as we consummate a business combination, we will not be, exposed to risks associated with foreign exchange rates, commodity prices, equity prices or other market-driven rates or prices.

### **Item 8.** Financial Statements And Supplementary Data

The Company's consolidated Financial Statements appear on Pages F-1 through F-8. See Index to Financial Statements after the signature page.

**Item 9. Changes In And Disagreement With Accountants On Accounting And Financial Disclosure**

Not applicable.

**Item 9A. Controls And Procedures**

As of the end of the period covered by this Annual Report on Form 10-K, the Company's sole officer acting as principal executive officer and principal financial officer and director has evaluated the effectiveness of the disclosure controls and procedures of the Company. Disclosure Controls, as defined in Rule 13a-15(e) of the Securities Exchange Act of 1934, as amended, are procedures that are designed with the objective of ensuring that information required to be disclosed in the Company's reports filed under the Exchange Act is recorded, processed, summarized and reported within the time periods specified in the Securities and Exchange Commission's rules and forms. Disclosure Controls are also designed with the objective of ensuring that such information is accumulated and communicated to management

including the principal executive and principal financial officer as appropriate to allow timely decisions regarding required disclosure.

The Company's management does not expect that the Company's disclosure controls and procedures would prevent all errors and all frauds. A control system, no matter how well conceived and operated, can provide only reasonable, not absolute, assurance that the objective of the control system are met. Further the design of a control system must reflect the fact that there are resource constraints and the benefits of controls must be considered relative to their costs. Because of the inherent limitations in all control systems, no evaluation of controls can provide absolute assurance that all issues and instances of error and fraud, if any within a company have been identified.

As the Company currently has no operations and no revenues and only one officer, the Company has limited disclosure controls and procedures in place. Based on the evaluation conducted prior to the filing date of this Annual Report on Form 10-K, the Company's principal executive officer and principal financial officer determined that the Company's disclosure controls and procedures have functioned effectively so as to provide the officer with the information necessary to determine whether:

(i) this Annual Report on Form 10-K contains any untrue statement of a material fact or omits to state a material fact necessary to make the statements made, in light of the circumstances under which such statement were made, not misleading with respect to the period covered by this Annual Report on Form 10-K, and

(ii) the financial statements and other financial information included in this Annual Report on Form 10-K fairly present in all material respects the financial condition, results of operations and cash flows of the Company as of, and for, the periods presented in this Annual Report on Form 10-K.

## Edgar Filing: GEN RX INC - Form 10-K

There have been no significant changes in the Company's internal controls or in other factors since the date of the evaluation by the sole officer and director that could significantly affect these internal controls, including any corrective actions with regard to significant deficiencies and material weaknesses.

### **Item 9B.** Other Information

**PART III**

**Item 10.** Directors And Executive Officers Of The Registrant

## Edgar Filing: GEN RX INC - Form 10-K

Prior to May 1997, Jack H. Schramm, then 48, was sole Director of the Company and Acting President and Chief Executive Officer of the Company. ### **Item 11.** Executive Compensation

## Edgar Filing: GEN RX INC - Form 10-K

As previously described above under Item 1. Business, in December 1995, the Company discontinued the operations of AVP and laid off its AVP employees and in June 1996, the Company sold AUSA to Apotex. As a result, the Company has no business operations and does not employ any employees or executive officers for compensation. Jack Margareten is Chief Financial Officer and Acting President of the Company and, since the Company's cessation of operations in June 1996, has been compensated by Apotex for any services rendered on behalf of or for the Company. Such services and related compensation have been minimal. Accordingly, there is no compensation table shown for the fiscal years ended December 31, 2005, 2004 or 2003.

### *Code of Ethics*

The Company has not yet adopted a Code of Ethics for our executive officers as of the date of this Annual Report. The Board of Directors anticipates that it will adopt a Code of Ethics upon adopting a business plan.

Based solely on review of the copies of such forms furnished to the Company (if any), the Company believes that during fiscal year 2004 its sole officer and director and ten percent (10%) beneficial owners complied with all Section 16(a) filing requirements.

**Item 13.** Certain Relationships And Related Transactions

## Edgar Filing: GEN RX INC - Form 10-K

On April 13, 1995, the Company completed the merger (the Merger) of AUSA into and with GEN/Rx Acquisition Subsidiary, Inc., a wholly-owned subsidiary of the Company. As a result of the merger, AUSA, a company engaged in the distribution of injectable drugs, became a wholly-owned subsidiary of the Company.

Prior to the Merger, AUSA had been a subsidiary of Apotex. As part of the Merger, the Company issued to Apotex 15,353,840 shares of common stock, \$.004 par value (the Common Stock), as a result of which Apotex became the owner of approximately 74% of the outstanding Common Stock of the Company. In addition, the Company issued warrants to certain employees and consultants of Apotex to purchase 270,000 shares of Common Stock of GEN/Rx at a price of \$1.50 per share.

Since the former stockholders of AUSA own 74% of the Company, the transaction was accounted for as if AUSA acquired the net assets of the Company for the previously issued and outstanding shares of Common Stock of the Company.

In connection with the Merger, Apotex made certain loans to the Company. See Item 1. Business – Loan Arrangements – above for a full description of such loan arrangements. As more fully described above, the Company failed to pay amounts due under the loan arrangements which resulted in acceleration of the debt by Apotex, appointment of a receiver for the assets of one of the Company's subsidiaries, AVP and the turn over to Apotex of all of the other collateral securing the loans. AVP subsequently discontinued operations. The accounts receivable of AUSA were assigned to Apotex and collections thereof were deposited into the bank accounts of Apotex and on June 30, 1996, Apotex purchased from the Company at an auction all of the outstanding shares of AUSA for \$1 million. At December 31, 2005, the Company remained indebted to Apotex in the amount of approximately \$4.4 million.

Since the Company's cessation of operations in June 1996, Jack Margaretten, the Company's Chief Financial Officer and Acting President, has been compensated by Apotex for any services rendered or out of pocket expenses incurred on behalf of or for the Company. Such services and related compensation have been minimal. It is not expected that Apotex will charge the Company for such expenses.

**REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM**

Director and Stockholders

GEN/Rx, Inc.

We have audited the accompanying consolidated statements of net assets (liquidation basis) of GEN/Rx, Inc. and subsidiaries as of December 31, 2005 and 2004 and the related consolidated statements of changes in net assets (liquidation basis) for each of the years in the three year period ended December 31, 2005. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

As described in Note A[3] to the financial statements, the Company reports on the liquidation basis of accounting.

In our opinion, the consolidated financial statements enumerated above present fairly, in all material respects, the consolidated net assets (in liquidation) of GEN/Rx, Inc. and subsidiaries as of December 31, 2005 and 2004 and the changes in their consolidated net assets (in liquidation) for each of the years in the three year period ended December 31, 2005 in conformity with accounting principles generally accepted in the United States of America applied on the liquidation basis as described in the preceding paragraph.

**GEN/RX, INC. AND SUBSIDIARIES**

**Notes to Consolidated Financial Statements**

**December 31, 2005**

**Note A - The Company**

## Edgar Filing: GEN RX INC - Form 10-K

GEN/Rx, Inc. ( GEN/Rx ), through its wholly-owned subsidiaries, AUSA, Inc. ( AUSA ) and American Veterinary Products Inc. ( AVP ), was formerly engaged in the distribution of generic pharmaceutical products and veterinary products (collectively, the Company ).

### [1] AUSA:

On July 1, 1996, pursuant to an auction, GEN/Rx sold its shares of the capital stock of AUSA in exchange for forgiveness of \$1 million of indebtedness owed to Apotex USA Inc. ( Apotex ), a Delaware corporation and the Company's principal stockholder and principal creditor.

Although Apotex's acquisition of AUSA from the Company resulted in a reduction of the Company's indebtedness to Apotex, approximately \$4.4 million of indebtedness remains outstanding after the sale.

### [2] AVP:

In connection with an inspection of its manufacturing facility from October 1994 through May 1995 by the U.S. Food and Drug Administration ( FDA ), AVP received a warning letter from the Denver District Office of the FDA setting forth certain alleged deviations from current good manufacturing practice regulations and alleged violations of related provisions of the Federal Food, Drug and Cosmetic Act.

In June 1995, following management's investigation of the matters set forth in the warning letter, management suspended the manufacture of products indefinitely. In December 1995, management decided to discontinue the operations of AVP. AVP was put into receivership in January 1996 by Apotex, its principal secured creditor.

The receiver liquidated all of AVP's assets and used the proceeds therefrom for disposal of hazardous and other wastes at AVP's property and for continued care of AVP's inventory. Upon final court order, after all liabilities of the receivership were paid, all remaining cash, amounting to approximately \$40,000 was paid to Apotex. No provision or liability has been recorded for potential environmental or other costs associated with the sale of AVP's property.

### [3] Basis of presentation:

As of July 1, 1996, the Company has adopted the liquidation basis of accounting. Accordingly, the net assets of the Company are stated at liquidation value, whereby assets are stated at their estimated net realizable values and liabilities, which include estimated liquidation expenses to be incurred through the date of final dissolution of the Company, are stated at their anticipated settlement amounts. The Company has total obligations of \$4,400,000 and net assets of \$31,000. Accordingly, the liabilities reflected on the consolidated statement of net assets represents solely the amounts for which the Company has available assets

**Note B - Notes Payable - Apotex**

## Edgar Filing: GEN RX INC - Form 10-K

The Company and Apotex, the principal stockholder and principal creditor of the Company, entered into certain lending arrangements under a loan agreement, dated April 13, 1995 (the "Original Loan Agreement"), pursuant to which Apotex agreed to lend to the Company \$500,000 in the form of a term loan and up to \$2 million in the form of a revolving line of credit loan. Both loans were evidenced by promissory notes, each dated April 13, 1995, maturing on April 13, 1998. The Company borrowed up to the full credit limit on the line of credit, and the aggregate indebtedness of \$2.5 million was outstanding. Interest on the loans was at the rate of 1% over prime and was payable on the first business day of each March, June, September and December. The Company failed to pay certain accrued and unpaid interest when due.

The Company's repayment of the loans was secured by all of the assets of the Company, including AVP's manufacturing plant in Fort Collins, Colorado. As additional consideration for the loans, the Company issued in favor of Apotex, warrants to purchase a number of shares of the Company's common stock equal to one share for each dollar of cash loaned at an exercise price of \$1 per share. The warrants were exercisable for a period of three years.

On November 29, 1995, the Company entered into an agreement with Apotex to amend the Loan Agreement to provide for additional extensions of cash by Apotex to the Company (the "Amended Loan Agreement"). The Amended Loan Agreement permitted Apotex, in its discretion, to advance sums in excess of the \$2.5 million which additional amounts would be due on demand or, in any event, on or prior to December 22, 1995, but would otherwise be treated as if they had been advanced pursuant to the Original Loan Agreement. The Company requested additional advances and Apotex advanced to the Company approximately \$325,000 through December 31, 1995. The Company also agreed that failure to repay the amounts when due would constitute a default under the Amended Loan Agreement. In connection with the Amended Loan Agreement, the Company issued to Apotex a warrant to purchase an additional 813,783 shares of the Company's common stock at an exercise price of \$.75 per share. The warrants were exercisable for a period of three years.

At December 31, 1995, the Company was indebted to Apotex for an aggregate of \$3,563,000 including \$447,000 of accounts payable converted to notes pursuant to the Amended Loan Agreement. The Company received additional advances from Apotex aggregating \$862,000 in 1996. The Company's failure to make payments when due constituted events of default under the Amended Loan Agreement and, by letter dated January 2, 1996, Apotex accelerated the entire amount of indebtedness of the Company and its subsidiaries, which are jointly and severally liable for the debt, which required the Company to turn over to Apotex all of the collateral on January 5, 1996.

Apotex sought and received the appointment of a receiver for AVP's manufacturing plant in a proceeding in Larimer County, Colorado, on January 4, 1996. The order permitted the receiver to exercise control over AVP's bank accounts, accounts receivable and inventory (see Note A). As a result of the Amended Loan Agreement and the appointment of a receiver, AVP stopped receiving any cash proceeds.

As of December 31, 2005, the Company remains indebted to Apotex in the amount of approximately \$4,400,000. In addition, in each of 2005, 2004 and 2003 Apotex paid, on behalf of the Company, approximately \$110,000, \$47,000 and \$33,000, respectively, of expenses, representing primarily legal, accounting and administrative costs which are not reflected on the accompanying financial statements and for which Apotex has agreed not to charge the Company.

**Note C - Capital Deficit**

**Warrants:**

## Edgar Filing: GEN RX INC - Form 10-K

Pursuant to the Original Loan Agreement and the Amended Loan Agreement, the Company issued to Apotex warrants to purchase shares of the Company's common stock at the rate of one share for each dollar of loan advanced. Under the terms of the loan agreement, Apotex received warrants to purchase 2,500,000 shares of the Company's common stock exercisable at \$1.00 per share; warrants to purchase 813,783 shares of the Company's common stock exercisable at \$.75 per share and warrants to purchase 498,032 shares of the Company's common stock exercisable at \$.75 per share.

### **Note D - Income Taxes**

## Edgar Filing: GEN RX INC - Form 10-K

In accordance with the relevant provisions of the Internal Revenue Code, the change of ownership of the Company which occurred in 1996 curtails, in all material respects the ability of the Company to carry forward previously generated net operating losses.
