The exact stock prices and effective dates may not be set forth in the table above, in which case if the stock price is between two stock price amounts in the table or the effective date is between two effective dates in the table, the number of additional shares will be determined by a straight-line interpolation between the number of additional shares set forth for the higher and lower stock price amounts and the two dates, as applicable, based on a 365-day year. If the stock price is:

- greater than \$100.00 per share (subject to adjustment), the conversion rate will not be increased; or
- less than \$10.50 per share (subject to adjustment), the conversion rate will not be increased.

Notwithstanding the foregoing, in no event will the total number of shares of the Issuer's common stock issuable upon conversion exceed 95.2381 per \$1,000 principal amount of the Convertible Senior Notes (which number shall equal the quotient obtained by dividing \$1,000 by the closing sale price of the Issuer's common stock on the Pricing Date), subject to adjustments in the same manner as the conversion rate as set forth under "Description of notes Conversion rate adjustments" in the preliminary prospectus supplement dated April 28, 2009 for the Convertible Senior Notes Offering.

### **Convertible Note Hedge and Warrant Transactions**

Convertible Note Hedge and Warrant Transactions: The convertible note hedge transactions cover, subject to anti-dilution adjustments, approximately 41,142,870 shares of the Issuer's common stock. The warrant transactions have an initial strike price equivalent to 150% of the Reference Price. The cost of the convertible note hedge transactions, after being partially offset by the proceeds from the sale of the warrants, was approximately \$40.5 million.

The Issuer has filed a registration statement (including preliminary prospectus supplements each dated April 28, 2009 and an accompanying prospectus dated July 28, 2008) with the Securities and Exchange Commission, or SEC, for the offerings to which this
