**Item 1.01 Entry into a Material Definitive Agreement.**

***Backstop Commitment Agreement***

On August 2, 2010, Brigade Capital Management, LLC ( *Brigade* ) and Senator Investment Group LP ( *Senator* ) and, together with Brigade, the Backstop Purchasers ) entered into a commitment letter agreement with Aventine Renewable Energy Holdings, Inc. ( *Aventine* ) and its subsidiaries (the *Backstop Commitment Agreement* ). The Backstop Commitment Agreement provides that, to the extent less than all of the \$50 million in aggregate principal amount of Aventine's 13% Senior Secured Notes due 2015 (the *Notes* ) offered in a private placement of the Notes (the *Placement* ) are subscribed for, each Backstop Purchaser will, subject to certain conditions specified in the Backstop Commitment Agreement, purchase 66.67% and 33.33% of the remaining unsold Notes, respectively, up to an aggregate principal amount of \$50 million, not purchased by other investors on or after August 15, 2010 until September 15, 2010, at which time the Backstop Purchasers will have the right to terminate the Backstop Commitment Agreement if the offering has not been consummated on or before such date. In consideration for their commitment, the Backstop Purchasers are entitled to agreed upon compensation.

Aventine has agreed to indemnify and hold harmless the Backstop Purchasers and their affiliates from certain liabilities and to reimburse the Backstop Parties for certain reasonable expenses incurred.

Brigade and Senator are significant holders of Aventine's common stock and Notes. Two of Aventine's directors, Carney Hawks and Douglas Silverman, are employees of Brigade and Senator, respectively.

***Debt Commitment Letter***

Concurrently, on August 2, 2010, Aventine entered into a commitment letter (the *Debt Commitment Letter* ) with Citigroup Global Markets, Inc. ( *Citi* ), under which Citi has agreed, at a subsequent time, to use its best efforts to arrange a syndicate of lenders that will provide Aventine with a term loan of \$175 million (the *Term Loan Facility* ), and to act as lead arranger, bookrunner, administrative agent and collateral agent for the Term Loan Facility, on the terms and subject to the conditions set forth in the Debt Commitment Letter. Consummation of the debt financing is subject to various conditions set forth in the Debt Commitment Letter, including the absence of certain material adverse effects with respect to Aventine and its subsidiaries, taken as a whole.

The Term Loan Facility will mature on the fifth anniversary of the closing date of the Term Loan Facility. The Term Loan Facility will require Aventine to maintain a specified minimum liquidity and a specified maximum debt to capitalization ratio. Additionally, the Term Loan Facility will contain other customary affirmative and negative covenants concerning the conduct of Aventine's business operations. The Term Loan Facility will also contain customary events of default. Upon the occurrence of an event of default, Aventine's obligations under the

Term Loan Facility may be accelerated and all indebtedness thereunder would become immediately due and payable.

In connection with the Term Loan Facility, Aventine intends to redeem the entire outstanding principal amount of the Notes at a redemption price of 105% of the principal amount, plus accrued and unpaid interest.

**Item 7.01 Regulation FD Disclosure.**

In accordance with General Instruction B.2. of Form 8-K, the following information shall not be deemed filed for purposes of Section 18 of the Securities Exchange Act of 1934, as amended, nor shall it be deemed incorporated by reference in any filing under the Securities Act of 1933, as amended (the Securities Act ), or the Securities Exchange Act of 1934, as amended (the Exchange Act ), except as shall be expressly set forth by specific reference in such a filing.

***Business Outlook***

As previously disclosed on Current Report on Form 8-K filed June 15, 2010, Aventine anticipates acquiring the Canton, Illinois ethanol facility (the Canton facility ) for which it has signed a letter of intent, sometime in the third quarter of 2010 for approximately \$16.5 million. However, Aventine has not entered into definitive documentation with respect to the Canton facility, has not reached a binding agreement with the seller on the terms of the acquisition (including with respect to the purchase price), and can give no assurances that the Canton facility will be acquired by the company at that purchase price or on terms favorable to Aventine, or at all. If the Canton facility is acquired, Aventine expects to make capital expenditures of \$7 million during the remainder of 2010 on the facility.

On June 29, 2010, Aventine temporarily shut down its dry mill plant in Aurora, Nebraska (NELLC) to make some mechanical improvements to the facility. The shutdown was extended during this period of depressed margins to accelerate a required power outage at both facilities to complete some necessary electrical work for the Aurora West facility which is currently under construction. Aventine expects the work to be completed the first week of August 2010 and the plant to become operational if margins have improved.
