-

Item 2.02. Results of Operations and Financial Condition

On October 27, 2010, Virtusa Corporation (the Company) announced its financial results for the second quarter fiscal 2011 ended September 30, 2010. The full text of the press release issued in connection with the announcement is attached as Exhibit 99.1 to this Current Report on Form 8-K.

The information in this Form 8-K (including Exhibit 99.1) shall not be deemed filed for purposes of Section 18 of the Securities Exchange Act of 1934 (the Exchange Act) or otherwise subject to the liabilities of that section, nor shall it be deemed incorporated by reference in any filing under the Securities Act of 1933 or the Exchange Act, except as expressly set forth by specific reference in such filing.

Item 2.03. Creation of a Direct Financial Obligation or an Obligation under an Off-Balance Sheet Arrangement of a Registrant.

On October 21, 2010, the Company purchased multiple foreign currency forward contracts designed to hedge fluctuation in the Indian rupee against the U.S. dollar and U.K. pound sterling and to minimize volatility in Indian rupee denominated expenses. The U.S. dollar contracts have an aggregate notional amount of approximately 436,609,000 Indian rupees (approximately \$9,566,000) and an average settlement rate of 45.64 Indian rupees per U.S. dollar. The U.K. pound sterling contracts have an aggregate notional amount of approximately 229,080,000 Indian rupees (approximately £3,215,000) and have an average settlement rate of 71.26 Indian rupees per U.K. pound sterling. These contracts will expire at various dates during the period ending on September 30, 2012. Upon expiration, the Company will be obligated to settle these contracts based upon the Reserve Bank of India published Indian rupee exchange rates. Based on the U.S. dollar to U.K. pound sterling spot rate on October 21, 2010 of \$1.58, the blended weighted average Indian rupee rate associated with both the U.S. dollar and U.K. pound sterling contracts would be approximately 45.48 Indian rupees per U.S. dollar. Such blended, weighted average Indian rupee rate is subject to change, to the extent of any appreciation or depreciation in the U.K. pound sterling against the U.S. dollar, as compared to the spot rate listed above. Because these foreign currency forward contracts are designed to reduce volatility in the Indian rupee exchange rates, on the Company's Indian rupee denominated expenses they not only reduce the negative impact of a stronger Indian rupee but also reduce the positive impact of a weaker Indian rupee.

Item 9.01. Financial Statements and Exhibits

(d) Exhibits

The following exhibit relating to Item 2.02 shall be deemed to be furnished, and not filed:

99.1 Press Release issued by Virtusa Corporation on October 27, 2010.
