Business Outlook

On September 12, 2011, Aventine Renewable Energy Holdings, Inc. (the Company) issued a press release announcing it is delaying the start-up of its ethanol plant located in Canton, Illinois until early next year.

The Company noted the delay is due to uncertainty surrounding its ability to secure critical third-party technical and engineering support in the time frame needed to re-commission the plant as well as its ability to fully complete the remaining scheduled work prior to the arrival of winter weather. The Company previously anticipated starting up the facility mid-October this year.

The press release is attached as Exhibit 99.1 hereto and is hereby incorporated by reference into this Item 8.01..
