**Item 2.06. Material Impairments.**

On August 22, 2011, Gleacher & Company, Inc. (the Company ) filed a Current Report on Form 8-K (the Original 8-K ) disclosing the implementation of a new strategic plan. As a result of the termination of certain investment banking employees and an associated realignment of the business in connection with the strategic plan, the Company concluded that a material charge for impairment of intangible assets, including goodwill, related to its investment banking business was required under generally accepted accounting principles. At the time that the Original 8-K was filed, the Company was unable to quantify the charge expected to be incurred. Subsequently, as of October 21, 2011, the Company determined that approximately \$80.2 million in goodwill and intangible assets related to the investment banking division had been impaired for financial reporting purposes. An impairment charge for that amount is reflected in the Company s financial results for the three months ended September 30, 2011. The Company does not expect any portion of this charge to result in future cash expenditures.
