 - Pre-commencement communications pursuant to Rule 13e-4(c) under the Exchange Act (17 CFR 240.13e-4(c))
-

Item 2.03. Creation of a Direct Financial Obligation or an Obligation under an Off-Balance Sheet Arrangement of a Registrant.

On January 15, 2013, Virtusa Corporation (the Company) purchased multiple foreign currency forward contracts designed to hedge fluctuation in the Indian rupee against the U.S. dollar and U.K. pound sterling. The U.S. dollar contracts have an aggregate notional amount of approximately 789,924,000 Indian rupees (approximately \$13,806,000) and have an average settlement rate of 56.48 Indian rupees. The U.K. pound sterling contracts have an aggregate notional amount of approximately 332,862,000 Indian rupees (approximately £3,606,000) and have an average settlement rate of 91.87 Indian rupees. These contracts will expire at various dates during the 24 month period ending on December 31, 2014. The Company will be obligated to settle these contracts based upon the Reserve Bank of India published Indian rupee exchange rates. Based on the U.S. dollar to U.K. pound sterling spot rate on January 15, 2013 of \$1.61, the blended weighted average Indian rupee rate associated with both the U.S. dollar and U.K. pound sterling contracts would be approximately 57.24 Indian rupees per U.S. dollar. Such blended, weighted average Indian rupee rate is subject to change, to the extent of any appreciation or depreciation in the U.K. pound sterling against the U.S. dollar, as compared to the spot rate listed above. Because these foreign currency forward contracts are designed to reduce volatility in the Indian rupee exchange rates, they not only reduce the negative impact of a stronger Indian rupee but also reduce the positive impact of a weaker Indian rupee on the Company's Indian rupee denominated expenses.

SIGNATURE

Pursuant to the requirements of the Securities Exchange Act of 1934, the Registrant has duly caused this report to be signed on its behalf by the undersigned hereunto duly authorized.
