Under this shelf registration process, the selling stockholders may, from time to time, offer and sell, in one or more offerings, the securities described in this prospectus.

This prospectus only provides you with a general description of the securities that may be offered. Each time the selling stockholders sell securities using this shelf registration, we may provide a supplement to this prospectus that will contain specific information about the terms of that offering, including the specific amounts, prices and terms of the securities offered. The prospectus supplement may also add, update or change information contained in this prospectus. If there is any inconsistency between the information in this prospectus and any applicable prospectus supplement, you should rely on the information in the applicable prospectus supplement. Statements contained in this prospectus and any accompanying prospectus supplement about the provisions or contents of any agreement or other document are only summaries. If SEC rules require that any agreement or document be filed as an exhibit to the registration statement, you should refer to that agreement or document for its complete contents. Any summaries of such agreement or documents set forth in this prospectus or any accompanying prospectus supplement are qualified in their entirety by reference to such agreement or document as filed with the SEC.

You should not assume that the information in this prospectus, any accompanying prospectus supplement or any document incorporated by reference herein is accurate as of any date other than the date on the front of each document, regardless of the time of delivery of this prospectus, any accompanying prospectus supplement or any sale of securities. Our business, financial condition, results of operations and prospects may have changed since then. We have not authorized anyone to provide you with information that is different. This prospectus may only be used where it is legal to sell these securities. Any information we incorporate by reference in accordance with SEC rules into this prospectus or any accompanying prospectus supplement shall be updated by any subsequent filings we may make with the SEC that revise, amend or supplement the terms of this prospectus.

Our Company

Cross Country Healthcare, Inc. is a national leader in providing healthcare recruiting, staffing and workforce management solutions. With more than 30 years of experience, we are dedicated to placing highly qualified nurses and physicians as well as allied health, advanced practice, clinical research, and case management professionals. We provide both retained and contingent placement services for physicians, as well as retained search services for healthcare executives. We have approximately 4,300 active contracts with a broad range of clients, including acute care hospitals, physician practice groups, nursing facilities, rehabilitation and sports medicine clinics, government facilities, as well as nonclinical settings such as homecare and schools. Through our national staffing teams and network of more than 70 branch office locations, we are able to place clinicians for travel and per diem assignments, local short-term contracts and permanent positions. We are a market leader in providing flexible workforce management solutions, which include managed services provider, workforce assessments, internal resource pool consulting and development, electronic medical record transition staffing and recruitment process outsourcing. In addition, we provide education and training programs for healthcare professionals through seminars and e-learning tools. Our results are reported in three business segments: Nurse and Allied Staffing, Physician Staffing, and Other Human Capital Management Services.

Our healthcare clients use our diversified service offerings to manage their changing workforce needs due to fluctuations in patient census, normal attrition, leaves of absence, seasonality, EMR technology conversions, facility expansions, and the uncertainty of workforce needs created by the Patient Protection and Affordable Care Act of 2010, among other things. By utilizing our diversified healthcare solutions, clients are able to flex their workforce up and down, streamline their purchasing needs, access specialties not available in their local area, and access quality healthcare personnel to provide continuity of care in order to improve patient outcomes.

Nurses, allied professionals and physicians work with us for a variety of reasons, such as the ability to explore different geographic areas of the country, work flexible shifts, gain clinical experience by working in prestigious healthcare facilities, and position themselves for permanent positions. Our fees are paid directly by our clients and in certain instances by vendor managers. As a result, we have no direct exposure to Medicare or Medicaid reimbursements.

Our operations reflect a diversified revenue mix across healthcare customers. For the full year 2013 and the nine months ended September 30, 2014, our revenue from continuing operations was \$438 million and \$430 million, respectively. Our nurse and allied staffing business segment was 62% and 72%, respectively, of revenue and is comprised of travel nurse, travel allied and branch-based local nurse and allied staffing. Our physician staffing business segment was 29% and 22%, respectively, of our revenue and consists of physician, certified registered nurse anesthetists (CRNAs), nurse practitioners (NPs) and physician assistants (PAs) staffing services with placements across multiple specialties. Our other human capital management services business segment was 9% and 6%, respectively, of our revenue and consists of education and training, as well as retained search services related primarily to physicians and healthcare executives.

Recent Developments

On June 30, 2014, we acquired substantially all of the assets and certain liabilities of Medical Staffing Network Healthcare, LLC (MSN) for an aggregate purchase price of \$48.1 million, subject to a post-closing net working capital adjustment. We paid \$44.9 million, net of cash acquired at closing, including \$1.0 million placed into an escrow account for the net working capital adjustment. In the fourth quarter of 2014, the net working capital adjustment was finalized as a reduction to purchase price with a payment to us of \$0.2 million from the escrow. An additional \$2.5 million of the purchase price was deferred for a period of one year and will be used to fund the seller's COBRA obligations during that time with any residual being remitted to the seller at the end of the period. To date we have paid \$0.1 million of the deferred purchase price toward the COBRA obligations.

We financed the purchase price using \$55.0 million in new subordinated debt consisting of a \$30.0 million, 5-year term loan and \$25.0 million of convertible notes having a 6-year maturity and a conversion price of \$7.10. We also amended our loan agreement with Bank of America, N.A. to increase our borrowing capacity under our senior secured asset-based revolving credit facility from \$65.0 million to \$85.0 million.

At the time of the acquisition, MSN had 55 locations throughout the U.S. that provide per diem, local, contract, travel, and permanent hire staffing services. This acquisition increases our branch network and market share, diversifies our customer base and brings new service lines. Management believes it positions us to serve our customers better and to increase earnings growth through improved fill rates, expansion of its managed service programs and per diem activities, and the recognition of cost synergies.

Table of Contents

The following is a summary of the transactions relating to the securities being registered hereunder:

Private Placement of Convertible Notes

On June 30, 2014, we and certain of our domestic subsidiaries entered into a Convertible Note Purchase Agreement (the "Note Purchase Agreement"), with certain note holders (collectively, "the Noteholders"). Pursuant to the Note Purchase Agreement, we sold to the Noteholders an aggregate of \$25.0 million of the Convertible Notes. The proceeds from the Note Purchase Agreement were used by us to pay a portion of the consideration paid in the acquisition of MSN (the "MSN Acquisition") and related fees and expenses.

The Convertible Notes are convertible at the option of the holders thereof at any time into shares of the common stock, at an initial conversion price of \$7.10 per share, or 3,521,127 shares of common stock. After three years, we have the right to force a conversion of the Convertible Notes if the volume-weighted average price ("VWAP") per share of the common stock exceeds 125% of the then conversion price for 20 days of a 30 day trading period. The conversion price is subject to adjustment pursuant to customary weighted average anti-dilution provisions including adjustments for the following: common stock dividends or distributions; issuance of any rights, warrants or options to acquire common stock; distributions of property; tender offer or exchange offer payments; cash dividends; or certain issuances of common stock at less than the conversion price. Upon conversion of the Convertible Notes, we will exchange, for the applicable conversion amount thereof a number of shares of common stock equal to the amount determined by dividing (i) such conversion amount by (ii) the conversion price in effect at the time of conversion. No fractional shares of common stock will be issued upon conversion of the Conversion Notes. In lieu of fractional shares, we shall pay cash in respect of each fractional share equal to such fractional amount multiplied by the thirty day VWAP as of the closing of business on the Business Day (as defined in the Note Purchase Agreement) immediately preceding the conversion date as well as any unpaid accrued interest.

The Convertible Notes bear interest at a rate of 8.00% per annum, payable in quarterly cash installments; provided, however, that, at our option, up to 4.00% of the interest payable may be "paid-in-kind" through a quarterly addition of such "paid-in-kind" interest amount to the principal amount of the Convertible Notes. The Convertible Notes will mature on June 30, 2020, unless repurchased, redeemed or converted earlier. Subject to certain exceptions, we do not have the option to redeem the Convertible Notes until June 30, 2017. If we redeem the Convertible Notes on or after June 30, 2017, we are required to pay a premium equal to 15% of the amount of principal of the Convertible Notes redeemed.

If the Convertible Notes are redeemed prior to June 30, 2017, we are required to pay a premium equal to the greater of (i) the sum of (a) the amount of principal of the Convertible Notes redeemed, plus (b) the accrued but unpaid interests on the principal amount so redeemed to the date of the redemption, plus (c) a "make whole" amount (described below) and (ii) the sum of (x) the thirty day VWAP per share of common stock multiplied by the number of shares of common stock that the redeemed Convertible Notes are then convertible into and (y) the accrued but unpaid interest on the Convertible Notes. The "make whole" amount is equal to the excess, if any, of (1) the present value at the date of redemption of (A) 115% of the principal amount of the Convertible Notes redeemed, plus (B) all remaining scheduled interest due on the principal amount of the notes being redeemed through June 30, 2017 (excluding accrued but unpaid interest to the date of redemption) computed using a discount rate equal to the Treasury rate as of the date of redemption plus 50 basis points over (2) the outstanding principal amount of the Convertible Notes then redeemed.

We granted the Noteholders preemptive rights with respect to future equity issuances by us, subject to customary exceptions.

Edgar Filing: CROSS COUNTRY HEALTHCARE INC - Form 424B3

In connection with the placement of the Convertible Notes, on June 30, 2014, we entered into a registration rights agreement (the "Registration Rights Agreement") with the Noteholders, which sets forth the rights of the Noteholders to have the shares of common stock issuable upon conversion of the Convertible Notes registered with the SEC for public resale under the Securities Act. Pursuant to the Registration Rights Agreement, we were required to file this registration statement with the SEC on or prior to January 2, 2015, registering the shares of common stock issuable upon conversion of the Convertible Notes. We were also required to use our reasonable best efforts to have this registration statement declared effective as promptly as possible following the filing hereof and, in any

event, by no later than by March 31, 2015. In addition, the agreement gives the Noteholders the ability to exercise certain piggyback registration rights in connection with registered offerings by us.

The selling stockholders may also sell any qualifying shares of common stock under Rule 144 rather than pursuant to this prospectus.

The selling stockholders may negotiate and pay broker-dealer commissions, discounts or concessions for their services. Broker-dealers engaged by the selling stockholders may allow other broker-dealers to participate in resales. Any broker-dealers involved in the sale or resale of the shares of common stock may qualify as *underwriters* within the meaning of the Section 2(11) of the Securities Act. In addition, the broker-dealers' commissions, discounts or concessions may qualify as underwriters' compensation under the Securities Act. Any underwriters will be named in a prospectus supplement. We will pay all expenses incident to the offering and sale of the shares of common stock to the public other than any commissions and discounts of underwriters, dealers or agents and any transfer taxes.

The shares will be sold only through registered or licensed brokers or dealers if required under applicable state securities laws. In addition, in certain states the shares may not be sold unless they have been registered or qualified for sale in the applicable state or an exemption from the registration or qualification requirement is available and is complied with.

Unaudited Pro Forma Condensed Combined Financial Information

for the Nine Months Ended September 30, 2014

On June 30, 2014, we acquired substantially all of the assets and certain liabilities of Medical Staffing Network Healthcare, LLC (MSN) for an aggregate purchase price of \$48.1 million, subject to a post-closing net working capital adjustment. We paid \$44.9 million, net of cash acquired at closing, including \$1.0 million placed into an escrow account for the net working capital adjustment. In the fourth quarter of 2014, the net working capital adjustment was finalized as a reduction to purchase price with a payment to us of \$0.2 million from the escrow. An additional \$2.5 million of the purchase price was deferred for a period of one year and will be used to fund the seller's COBRA obligations during that time with any residual being remitted to the seller at the end of the period. To date we have paid \$0.1 million of the deferred purchase price toward the COBRA obligations.

The Company financed the purchase price using \$55.0 million in new subordinated debt consisting of a \$30.0 million, 5-year term loan and \$25.0 million of convertible notes having a 6-year maturity and a conversion price of \$7.10. The Company also amended its loan agreement with Bank of America, N.A. to increase its borrowing capacity under its senior secured asset-based revolving credit facility from \$65.0 million to \$85.0 million.

The acquisition has been accounted for in accordance with FASB ASC 805, *Business Combinations*, using the acquisition method. The results of the acquisition's operations have been included in the consolidated statements of operations from their respective dates of acquisition.

The unaudited pro forma condensed combined statement of operations for the nine months ended September 30, 2014 gives effect to the MSN acquisition as if the transaction had occurred at January 1, 2013.

The unaudited pro forma combined financial information is based on the historical statements of the acquired business and the Company giving effect to the transaction under the acquisition method of accounting and the assumptions and adjustments described in the accompanying notes to the pro forma condensed combined financial information.

The pro forma information does not purport to be indicative of the combined results of operations that actually would have taken place if transactions had occurred on such dates.
