PROXY STATEMENT IN OPPOSITION  
TO SOLICITATION BY THE BOARD OF TRUSTEES OF THE  
First Trust/Value Line(R) & Ibbotson Equity Allocation Fund

ANNUAL MEETING OF SHAREHOLDERS  
To be held on December 11, 2006

This proxy statement and the enclosed [GREEN] proxy card are being furnished to holders of record on October 6, 2006 (the "Record Date") of shares of common stock ("Common Stock") of First Trust/Value Line(R) & Ibbotson Equity Allocation Fund (the "Fund" or "FVI") by Ralph W. Bradshaw (the "Soliciting Shareholder"), a shareholder of the Fund, in connection with the solicitation of proxies by the Soliciting Shareholder for use at the 2006 Annual Meeting of Shareholders of the Fund (the "Meeting") to be held at the offices of First Trust Advisors L.P. ("First Trust"), 1001 Warrenville Road, Suite 300, Lisle, Illinois 60532 on December 11, 2006 at 8:00 a.m. Central Time and any adjournment or adjournments thereof. The Soliciting Shareholder is soliciting a proxy to vote your shares at the Meeting and at any and all adjournments or postponements of the Meeting.

#### INTRODUCTION

This proxy statement and the enclosed [GREEN] proxy card are first being sent to shareholders of the Fund on or about November 10, 2006, for the following purposes:

- (1) To vote on an Agreement and Plan of Reorganization and the transactions it contemplates (the "Plan"), including the transfer of all of the assets of FVI to First Trust Value Line (R) Equity Allocation Index Fund ("FVI ETF"), in exchange for shares of FVI ETF, the assumption by FVI ETF of all of the liabilities of FVI and the distribution of such FVI ETF shares, on a tax-free basis for federal income tax purposes, pro rata to the shareholders of record of FVI in complete liquidation, dissolution and termination of FVI; and
- (2) To elect the Trustees of FVI; and
- (3) To vote on such other business as may come before the Annual Meeting and any adjournment or postponement thereof.

With respect to these matters, the Soliciting Shareholder is

soliciting a proxy to vote your shares:

- AGAINST the Agreement and Plan of Reorganization.
- FOR the election of the individuals whom the Soliciting Shareholder intends to nominate for election as Trustees of the Fund.

#### How Proxies Will Be Voted

All of the proposals scheduled by the Fund for a vote at the Meeting are included in the enclosed [GREEN] proxy card. If you wish to vote on any item, you may do so by completing and returning a [GREEN] proxy card.

If you return a [GREEN] proxy card to the Soliciting Shareholder or its agent, your shares will be voted on each matter as you indicate. If you do not indicate how your shares are to be voted on a matter, they will be voted AGAINST the Agreement and Plan of Reorganization and FOR the election of the nominees named in this proxy. If any other proposals are introduced at the Meeting, proxies will be voted by the Soliciting Shareholder in accordance with the best interests of the shareholders, in the sole judgment and opinion of the Soliciting Shareholder. The proxies may also temporarily decline to attend the Meeting, thereby possibly preventing a quorum, in order to solicit additional proxies or, if they deem it to be in the interest of the shareholders, for any other legal reason. If you return a [GREEN] proxy card, you will be granting the persons named as proxies discretionary authority to vote on any other matters of which they are not now aware that may come before the Meeting. These may include, among other things, matters relating to the conduct of the Meeting and proposals of other shareholders.

#### Voting Requirements

Only shareholders of record on the Record Date are entitled to vote at the Meeting. According to the Fund's proxy dated October 17, 2006, there were 6,505,236 issued and outstanding shares of common stock of the Fund. Shareholders will be entitled to one vote for each share held. Only shareholders of record at the close of business on October 6, 2006, will be entitled to vote at the Meeting.

Once this contest is established, "broker non-votes" (i.e., shares held by brokers or nominees as to which (a) instructions have not been received from the beneficial owners or persons entitled to vote and (b) the broker or nominee does not have discretionary voting power on a particular matter) will not be counted for purposes of determining whether a quorum is present for purposes of convening the Meeting. Abstentions will have the effect of a vote against Proposal 1. Nominees receiving the affirmative vote of a plurality of the shares present and entitled to vote at the Meeting will be elected to serve as Trustees of the Fund.

If a quorum is not present at the Meeting, the persons named as proxies may propose one or more adjournments of the Meeting to permit further solicitation of proxies. The proxies may also propose an adjournment for other reasons. An adjournment may require the affirmative vote of a majority of those shares present at the Meeting in person or by proxy. If such an adjournment of the Meeting is proposed, the persons named as proxies on the [GREEN] proxy card will vote for or against such adjournment in their discretion. The Soliciting Shareholder's decision would prevail.

#### Revocation of Proxies

You may revoke any proxy you give to management or the Soliciting Shareholder at any time prior to its exercise in the following ways:

Deliver a written revocation of your proxy to the Secretary of the Fund;

Execute and deliver a later dated proxy to the Soliciting Shareholder or to the Fund or our respective agents; or

Vote in person at the Meeting. (Attendance at the Meeting will not in and of itself revoke a proxy.)

There is no limit on the number of times you may revoke your proxy prior to the Meeting. Only the latest dated, properly signed proxy card will be counted.

#### INFORMATION CONCERNING THE SOLICITING SHAREHOLDER

The address of the Soliciting Shareholder is One West Pack Square, Suite 1650, Asheville, NC 28801.

As of the Record Date, the Soliciting Shareholder held the beneficial ownership of 1,201 shares of Common Stock of the Fund.

Following is a schedule showing the purchases and sales of Common Stock of the Fund by the Soliciting Shareholder within the past two years.

Date	Number of Shares Purchased
4/21/06	200
8/29/06	1
9/1/06	1000

The Soliciting Shareholder has made the decision to give shareholders a choice regarding the members of the Board of Trustees and an opportunity to vote on the Plan. In the Soliciting Shareholder's opinion, shareholders are not being well served by actions of the current Board, as he believes Trustees have taken steps that have the effect of limiting their accountability to shareholders and limiting the potential return on a shareholder's investment in the Fund.

There are no contracts, arrangements, or understandings of any kind between the Soliciting Shareholder and any other person with respect to how shares of the Fund owned by that person might be voted. Though there have been both personal

2

and professional relationships between the Soliciting Shareholder and Ronald G. Olin, one of FVI's large shareholders, a Schedule 13d with a filing date of November 6, 2006 by that shareholder supports this assertion.

#### REASONS FOR THE SOLICITATION

As disclosed in Barron's and other financial publications, almost one-third of General Equity Closed-End Funds, the category which includes FVI, reported trading at a premium to their net asset value ("NAV") on October 13, 2006, the last Friday before the Fund's proxy statement was released. This means that the market value of

the investment for the shareholders of these funds was HIGHER than the net assets under management. To my knowledge, there is no "magic bullet" that automatically moves a fund to trade at a premium to NAV, but it is apparent that some funds are being managed to further benefit the interests of their shareholders.

For most of FVI's life since inception, Fund records show that its shares have traded at a double-digit discount to its NAV, even with reasonable portfolio performance. When trading at a discount to NAV, other closed-end funds have taken a variety of steps to address this situation, including, for example, tender offers, share repurchases, and/or managed distribution policies. Though these steps may be beneficial to shareholders, they reduce the assets in the fund, and therefore the management fees to the fund's adviser, so they may not be adequately considered by some fund boards.

During the years where FVI traded at double-digit discounts, the Board could have authorized open-market share repurchases. These would have given multiple benefits to shareholders by providing liquidity in the market and by boosting NAV performance at the same time. If that had not solved the discount problem, the Board could have authorized tender offers for some or all of the Fund's shares at NAV. Neither of these actions was taken by the Board. The Fund's proxy statement discloses that options other than the Plan were considered by the Trustees but it does not elaborate on why they were not chosen.

The Soliciting Shareholder believes that the Fund and its shareholders can and should be better served.

The purpose of this proxy is to allow shareholders to vote on the Plan and to solicit your vote to elect Glenn W. Wilcox, Sr., Andrew A. Strauss, Edwin Meese III, Thomas H. Lenagh, and Ralph W. Bradshaw to the Board of Trustees.

As a shareholder of our Fund, I believe that the election of Messrs. Wilcox, Strauss, Meese, Lenagh, and Bradshaw as Trustees will provide shareholders with additional independent voices on important matters affecting the Fund. Their backgrounds testify to the fact that they will provide a great body of knowledge and experience in dealing with issues that are important to the Fund and its shareholders. Their election will give the Board new perspective and may help assure that measures intended to benefit shareholders are more actively considered. Each is committed to following the will of the shareholders.

Though the Board could decide in the future to appoint as investment adviser, or make a proposal that would have the effect of changing the investment adviser to, Cornerstone Advisors, Inc., with which the Soliciting Shareholder is associated, or another adviser, there is no current intention to terminate FVI's relationship with the Fund's existing investment adviser or other service providers. It is unknown whether or not First Trust would decide to continue service to FVI under a Board not of their choice.

Shareholders may be concerned about the risk that the discount to NAV for FVI shares might temporarily widen from present levels if the Plan were defeated. If shares of FVI do not trade above NAV, the Soliciting Shareholder commits to present to the Board by June 30, 2007, a proposal to provide to shareholders an option to receive NAV for their shares.

If you share these goals, I urge you to vote, using the enclosed [GREEN] proxy card.

#### CERTAIN CONSIDERATIONS

In deciding whether to give the Soliciting Shareholder your proxy, you should consider the following information.

The Soliciting Shareholder advocates the initiation of an aggressive managed distribution policy ("Managed Distribution Policy") by the Fund where shareholders would receive a regular, but not assured, periodic cash payment. The contemplated Managed Distribution Policy would make monthly distributions that would represent approximately 15% of the assets of the Fund on an annualized basis but would be subject to the Board's right to suspend, modify or terminate the Managed Distribution Policy at any time. There is, and can be, no assurance that a Managed Distribution Policy will close the Fund's

3

discount or, if this does occur, that it will persist over a longer term. Shares of several closed-end funds which have effectively employed a Managed Distribution Policy are trading at premiums to their NAV.

Adoption of a Managed Distribution Policy places restrictions on portfolio activities and requires additional monitoring and management skills. It is unknown whether or not First Trust would be willing to continue providing investment advisory services to the Fund with the contemplated Managed Distribution Policy in place. It is also unknown whether or not First Trust would be willing or able to effectively manage the portfolio within the limitations imposed by a Managed Distribution Policy.

The long-term Managed Distribution Policy would likely require exemptive relief from the Securities and Exchange Commission ("SEC") regarding relevant regulatory limitations on multiple capital gains distributions. Appropriate disclosure will be provided if the Managed Distribution Policy is adopted for FVI. It is likely that a Managed Distribution Policy could be initiated soon after deliberation and action by the Board but, because of the limited amount of publicly available information concerning the financial position and ongoing portfolio activities of the Fund, it is unclear if, or how long, the contemplated Managed Distribution Policy might be operated without modification being required.

This type of relief had been granted to numerous closed-end funds in the past until consideration by the SEC was suspended some years ago. Recent press reporting indicates that the SEC expects to once again consider new applications for this exemptive relief soon. There can be no assurance that the Fund would obtain such exemptive relief from the SEC within a certain time, if ever, or, if relief is granted, that it would not require modification of any Managed Distribution Policy that might be proposed or in place. With or without exemptive relief, it is likely that from time-to-time at least part of the distributions could be classified for tax purposes as a return-of-capital.

Even if these nominees are elected, there can be no assurance that the full Board of Trustees will take any actions that any individual may advocate or that such actions, if taken, will achieve their

intended goals. However, these nominees, if elected, will create a group of Fund trustees committed to follow the will of the shareholders.

Implementation of certain Board actions may require shareholder approval, and no assurance can be given that such approval will be obtained. In addition, various costs, which would be borne indirectly by shareholders, may be associated with certain actions, including but not limited to those associated with holding a special meeting of shareholders.

If the Plan were defeated but the Nominees named in this proxy were not elected to serve as Trustees of the Fund, there could be no assurance that the proposals discussed in this proxy would be adopted or even considered or that the Board would propose other options to address the Fund's discount problem.

As described in this proxy, shareholders are given the opportunity to vote on the Plan and to vote on the election of Trustees. Voting against the Plan and for the Nominees named in this proxy should be understood as supporting a Managed Distribution Policy for the Fund.

#### Proposal 1 - AGREEMENT AND PLAN OF REORGANIZATION

It is proposed that the assets of FVI, a closed-end fund, be transferred to FVI ETF. The Trustees of FVI are seeking approval of this Plan, which is discussed more fully in the Fund's proxy documents. According to these documents, "the Trustees considered that ETF's ... historically trade at or very close to their net asset value". Trustees recommended approval of the Plan noting that current shareholders after Reorganization would be able to "sell at a price closer to net asset value, which they would not have been able to receive based upon FVI's current discount".

As noted in the Fund's proxy, FVI shares closed at a 2.55% discount on the October 6, 2006 Record Date and have regularly traded in recent months at a discount to NAV less than 3.35%. Therefore, there is little remaining potential discount closure price improvement from approval of the Plan and shareholders have had opportunity for some time to liquidate their position in the Fund's shares at prices close to the NAV, if they so desired. However, approval of the Plan would likely reduce or eliminate the future possibility of shareholders receiving a price greater than NAV for their shares.

Shareholders should be aware of benefits to the Fund's investment adviser and the current Trustees if the Plan is approved. While assets in an ETF could either increase or decline, reorganization into an ETF could allow management fees to grow through the addition of new assets, which is much more difficult under the existing closed-end fund structure. The American

Stock Exchange does not require that an ETF hold an annual meeting of shareholders and so the direct accountability of the management and the current Trustees to the shareholders would be reduced.

In my opinion, it is in the best interest of shareholders that the Plan not be approved so that other options that may prove more favorable to

shareholders can be considered. The Soliciting Shareholder recommends that shareholders vote AGAINST approval of the Agreement and Plan of Reorganization.

Proposal 2 - ELECTION OF TRUSTEES

At the Meeting, shareholders will have the opportunity to elect five individuals as Trustees of the Fund.

The Soliciting Shareholder intends to nominate Glenn W. Wilcox, Sr., Andrew A. Strauss, Edwin Meese III, Thomas H. Lenagh, and Ralph W. Bradshaw for election as Trustees to fulfill these positions.

beneficially owned by each Nominee is as follows:

\*If elected as Trustees, the Nominees would not oversee any other registered investment company within the First Trust family of investment companies.

For a number of years, these nominees and I have served individually or together on the Boards of Directors of several closed-end funds. Each one of these nominees has worked to lead in serving the best interests of the fund and its shareholders. During this time, shareholders have been given opportunities to vote on a variety of proposals, including for example, open-ending, liquidation, merger, and modifying the investment focus. Sometimes the investment adviser chose to stay, sometimes they chose to leave, and sometimes they were replaced. Some proposals were initiated by the Boards and some by shareholders, some passed and some did not. Many of these required the approval of a majority of shares outstanding. Regardless, these individuals sought the will of the majority and followed it. Even years ago, these directors were proactive in introducing

6

managed distribution policies, that were both aggressive and innovative, in part to address discount problems. The two closed-end funds where we now jointly serve as directors both currently trade at a premium to their NAV.

Shareholders may be concerned about the risk that the discount to NAV for FVI shares might temporarily widen from present levels if the Plan were defeated. If shares of FVI do not trade above NAV, the Soliciting Shareholder commits to present to the Board by June 30, 2007, a proposal to provide to shareholders an option to receive NAV for their shares.

The Fund pays no compensation to the Fund's officers. Other than fees that may be payable by the Fund to its directors, the nominees named above have no arrangement or understanding with any person with respect to any future employment or any direct or indirect business relationship by or with the Fund or any affiliate of the Fund.

The persons named as proxies in the enclosed [GREEN] proxy card intend, in the absence of contrary instructions, to vote all proxies they are entitled to vote AGAINST the Plan of Reorganization and FOR the election of the nominees named above.

Extensive information about the nominees has been presented to the Fund for its review and each nominee has consented to stand for election and to serve if elected. If any is unable to serve, an event not now anticipated, the proxies will be voted for such other person, if any, designated by the Soliciting Shareholder.

Information regarding the persons now serving as directors and officers of the Fund, and additional information regarding the Fund, are contained in the Fund's proxy statement.
