**PROXY STATEMENT
FOR ANNUAL MEETING OF STOCKHOLDERS**

To Be Held on June 5, 2006

This proxy statement contains information about the 2006 Annual Meeting of Stockholders of Southwall Technologies Inc. The meeting will be held on Thursday, June 5, 2006, beginning at 3:00 p.m., local time, at our principal executive offices at 3975 East Bayshore Road, Palo Alto, California.

This proxy statement is furnished in connection with the solicitation of proxies by our Board of Directors for use at the annual meeting and at any adjournment of that meeting. All proxies will be voted in accordance with the instructions they contain. If no instruction is specified on a proxy, it will be voted in favor of Proposals 1 and 2 set forth in the notice of the meeting. A stockholder may revoke any proxy at any time before it is exercised by giving our corporate secretary written notice to that effect.

Our Annual Report to Stockholders for the fiscal year ended December 31, 2005 is being mailed to stockholders with the mailing of these proxy materials on or about May 5, 2006. The Annual Report does not constitute any part of this proxy statement.

INFORMATION ABOUT THE ANNUAL MEETING AND VOTING

We have included the following discussion of the matters to be presented at the annual meeting to provide summary answers to some of the questions that you might have about the annual meeting and the proposals to be presented to our stockholders at the annual meeting. You are encouraged to read the entire proxy statement. The information below is qualified in its entirety by the full text of this proxy statement.

What is the purpose of the annual meeting?

At the annual meeting, stockholders will consider and vote on the following matters:

1. The election of directors to serve for the ensuing year.
2. The ratification of the selection of Burr, Pilger & Mayer LLP as our independent registered public accounting firm for the year ending December 31, 2006.

The stockholders will also act on any other business that may properly come before the meeting.

Who may vote at the annual meeting?

Only holders of our common stock at the close of business on the record date, April 21, 2006, are entitled to receive notice of, and to vote their shares at, the annual meeting. As of the record date, there were issued and outstanding 26,900,091 shares of common stock. Shares of our Series A 10% Cumulative Preferred Stock, or the Series A shares, are not entitled to vote on the matters to be presented at the meeting.

How many votes do I have?

At the annual meeting, you will be entitled to one vote for each share of common stock you held on the record date.

Is my vote important?

1

Table of Contents

Your vote is important regardless of how many shares you own. Please take time to vote. Take a moment to read the instructions below.

How do I vote?

You can vote your shares in four ways. You can vote by mail, over the Internet, by telephone, or in person at the meeting.

You may vote by mail. You may vote by completing and signing the proxy card that accompanies this proxy statement and promptly mailing it in the enclosed postage-prepaid envelope. You do not need to put a stamp on the enclosed envelope if you mail it in the United States. The shares you own will be voted according to the instructions on the proxy card you mail. If you return the proxy card but do not give any instructions on a particular matter described in this proxy statement, the shares you own will be voted in accordance with the recommendations of our Board of Directors. The Board of Directors recommends that you vote FOR Proposals 1 and 2.

You may vote over the Internet. If you have Internet access, you may vote your shares from any location in the world by following the "Vote by Internet" instructions set forth on the enclosed proxy card.

You may vote by telephone. You may vote your shares by following the "Vote by Phone" instructions set forth on the enclosed proxy card.

You may vote in person. If you attend the meeting, you may vote by delivering your completed proxy card in person or you can vote by completing a ballot. Ballots will be available at the meeting.

May I revoke my proxy?

Yes. Even if you complete and return a proxy, you may revoke it at any time before it is exercised by taking one of the following actions:

- send written *notice* that you wish to revoke your proxy to Sylvia Kamenski, our corporate Secretary, at our address set forth in the Notice of Annual Meeting appearing before this proxy statement;
- send us *another* signed proxy with a later date; or
- attend the annual meeting, notify Ms. Kamenski that you are present, and then vote in person.

If, however, you elect to vote in person at the annual meeting and a broker or other nominee holds your shares, you must bring to the annual meeting a legal proxy from the broker or other nominee authorizing you to vote the shares.

What if a broker holds my shares in "street name"?

If your shares are held in "street name" by a bank or other nominee, your bank or nominee, as the record holder of your shares, is required to vote your shares according to your instructions. You should instruct your broker or other nominee to vote your shares by following the procedure provided by your broker or other nominee. Even if you do not give your broker or other nominee instructions as to how to vote on the other proposals described in this proxy statement, your broker or other nominee may be entitled to use its discretion in voting your shares in accordance with industry practice and applicable law. You may also attend the annual meeting and vote in person. If you elect to vote in person, however, you must bring to the annual meeting a legal proxy from the broker or other nominee authorizing you to vote the shares.

How many shares must be present in person or by proxy to transact business at the annual meeting?

Our by-laws require that shares representing a majority of the votes entitled to be cast by the holders of common stock outstanding on the record date be present in person or by proxy at the annual meeting to constitute a quorum to transact business with regard to each of the proposals. Shares as to which holders abstain from voting as to a particular matter and broker non-votes will be counted in determining whether there is a quorum of stockholders present at the annual meeting.

How many votes are required to approve the proposals?

2

Table of Contents

The votes necessary to approve each of the proposals is as follows:

- *Election of Directors.* The seven nominees receiving the highest number of votes cast at the annual meeting will be elected, regardless of whether that number represents a majority of the votes cast.
- *Other Matters.* The affirmative vote of a majority of the total number of shares cast at the meeting is needed to approve other matters to be voted on at the meeting, including the ratification of the independent registered public accounting firm.

Abstentions and broker non-votes will not be counted as votes in favor of a proposal, and will also not be counted as votes cast or shares voting on such proposal. Accordingly, abstentions and broker non-votes will have no effect on the outcome of voting with respect to Proposal 1 (election of directors) or Proposal 2 (ratification of independent registered public accounting firm), because each of those proposals requires an affirmative vote of a plurality, in the case of Proposal 1, and a majority, in the case of Proposal 2, of the shares voting on such matter.

Who will count the votes?

The votes will be counted, tabulated and certified by our transfer agent and registrar, Computershare Trust Company, N.A. A representative of Computershare Trust Company, N.A. will serve as inspector of elections at the meeting.

What if additional proposals are presented at the annual meeting?

If other proposals are properly presented at the annual meeting for consideration, the persons named in the proxy card that accompanies this proxy statement will have the discretion to vote on those proposals for you. As of the date of the mailing of this proxy statement, we do not know of any other proposals to be presented at the annual meeting.

Will any other business be conducted at the meeting or will other matters be voted on?

The Board of Directors does not know of any other matters that may come before the meeting. If any matter properly comes before the meeting, the persons named in the proxy card that accompanies this proxy statement will exercise their judgment in deciding how to vote, or otherwise act, at the meeting with respect to that matter or proposal.

Where can I find the voting results?

We will report that voting results in our quarterly report on Form 10-Q for the second quarter of 2006, which we expect to file with the Securities and Exchange Commission, or the SEC, on or before August 14, 2006.

How and when may I submit a stockholder proposal for the 2007 annual meeting?

If you are interested in submitting a proposal for inclusion in the proxy statement for the 2007 annual meeting, you need to follow the procedures outlined in Rule 14a-8 of the Securities Exchange Act of 1934. To be eligible for inclusion, your stockholder proposal intended for inclusion in the proxy statement for the 2007 annual meeting of the stockholders must be received by us at our principal corporate offices in Palo Alto, California as set forth below no later than January 5, 2007.

If a stockholder wishes to present a proposal before the 2007 annual meeting of stockholders, but does not wish to have the proposal considered for inclusion in the proxy statement and proxy card, the stockholder must also give written notice to us at the address written below. If a stockholder fails to provide timely notice of a proposal to be presented at the 2007 annual meeting of stockholders by no later than March 21, 2007, the proxies designated by our

Board of Directors will have discretionary authority to vote on that proposal.

Any proposals or notices should be sent to:

Mr. Salas was appointed to our Board of Directors in November of 2005. Mr. Salas has been President of Dolphin Asset Management Corporation and its related companies (“Dolphin”) since he founded it in 1988. Dolphin and its affiliates are the beneficial owners of approximately 22.0% of the Company’s outstanding capital stock, as set forth under the heading “Security Ownership of Certain Beneficial Owners and Management.” Prior to founding Dolphin, he was with J.P. Morgan Investment Management, Inc. for ten years. Mr. Salas is currently a director and Chairman of the Board of both Tengasco, Inc. (AMEX: TGC), an independent oil and gas producer, and of ACT Teleconferencing, Inc. (OTC: ACTT), a global teleconferencing provider. He is also a director of Williams Controls, Inc. (OTCBB: WMCO), a manufacturer of electronic throttle controls, and Boston Restaurant Associates, Inc. (OTCBB: BRAI), a restaurant company in the New England. Mr. Salas received an A.B. degree from Harvard in 1978.

The Board of Directors recommends a vote “FOR” the election of all of the above nominees that are nominated for election as directors.

CORPORATE GOVERNANCE

General

We believe that good corporate governance is important to ensure that Southwall is managed for the long-term benefit of its stockholders and are committed to having sound corporate governance principles. During the past year, we continued to review our corporate governance policies and practices and to compare them to those suggested by various authorities in corporate governance and the practices of other public companies. We have also continued to review the provisions of the Sarbanes-Oxley Act of 2002, the new and proposed rules of the SEC and the Nasdaq listing standards. As noted below, we have attempted to continue to comply with Nasdaq listing standards relating to corporate governance even though we are no longer listed on Nasdaq.

You can request copies of the current charters of our Audit Committee, Compensation Committee and Nominating and Corporate Governance Committee, as well as our Corporate Governance Guidelines and Code of Business Conduct and Ethics, by writing to:

Determination of Independence

Our Board of Directors has determined that none of Messrs. Berry, Boyadjieff, Horn or Salas, Dr. Goodson or Ms. Nachtsheim has a material relationship with us (either directly or as a partner, shareholder or officer of an organization that has a relationship with us) and that each of these directors is “independent” within the meaning of Nasdaq’s director independence standards. In addition, our Board of Directors has determined that each of the members of each of our Audit Committee, Compensation Committee and Nominating and Corporate Governance Committee has no material relationship with us (either directly or as a partner, shareholder or officer of an organization that has a relationship with us) and is “independent” within the meaning of Nasdaq’s director independence standards.

Director Candidates

Our stockholders may recommend director candidates for inclusion by the Board of Directors in the slate of nominees that the Board recommends to our stockholders for election. The qualifications of recommended candidates will be reviewed by our Nominating and Corporate Governance Committee. If the Board determines to nominate a stockholder-recommended candidate and recommends his or her election as a director by the stockholders, the name will be included in our proxy card for the stockholders meeting at which his or her election is recommended.

Stockholders may recommend individuals for the Nominating and Corporate Governance Committee to consider as potential director candidates by submitting their names and background to the “Southwall Technologies Inc. Nominating and Corporate Governance Committee” c/o Southwall Technologies Inc., 3975 East Bayshore Road, Palo Alto, California 94303, Attention: Secretary. The Nominating and Corporate Governance Committee will consider a recommendation only if appropriate biographical information and background material is provided on a timely basis. The process followed by the Nominating and Corporate Governance Committee to identify and evaluate candidates includes requests to Board members and others for recommendations, meetings from time to time to evaluate

biographical information and background material relating to potential candidates and interviews of selected candidates by members of the Nominating and Corporate Governance Committee and the Board. Assuming that appropriate biographical and background material is provided for candidates recommended by stockholders, the Nominating and Corporate Governance Committee will evaluate those candidates by following substantially the same process, and applying substantially the same criteria, as for candidates submitted by Board members.

Table of Contents

In considering whether to recommend any candidate for inclusion in the Board's slate of recommended director nominees, including candidates recommended by stockholders, the Nominating and Corporate Governance Committee will apply the criteria set forth in Southwall's Corporate Governance Guidelines. These criteria include the candidate's integrity, business acumen, age, experience, commitment, diligence, conflicts of interest and the ability to act in the interest of all stockholders. The Nominating and Corporate Governance Committee does not assign specific weights to particular criteria and no particular criterion is necessarily applicable to all prospective nominees. We believe that the backgrounds and qualifications of the directors, considered as a group, should provide a significant composite mix of experience, knowledge and abilities that will allow the Board to fulfill its responsibilities. We have not paid, to date, any third party a fee to assist in evaluating and identifying nominees. During 2005, Messrs. Horn and Salas were recommended to us as candidates for the Board by Needham and Dolphin, respectively. Needham and Dolphin are each beneficial owners of more than 5% of our common stock.

Communications from Stockholders and Other Interested Parties with the Board

The Board of Directors will give appropriate attention to written communications on issues that are submitted by stockholders and other interested parties, and will respond if and as appropriate. Absent unusual circumstances or as contemplated by committee charters, the Chairman of the Nominating and Corporate Governance Committee will, with the assistance of our legal counsel, (1) be primarily responsible for monitoring communications from stockholders and other interested parties and (2) provide copies or summaries of such communications to the other directors as he or she considers appropriate.

Communications will be forwarded to all directors if they relate to substantive matters and include suggestions or comments that the Chairman of the Nominating and Corporate Governance Committee considers to be important for the directors to know. In general, communications relating to corporate governance and long-term corporate strategy are more likely to be forwarded than communications relating to personal grievances and matters as to which we tend to receive repetitive or duplicative communications. Stockholders and other interested parties who wish to send communications on any topic to the Board should address such communications to:

Board of Directors Meetings and Committees

The Board of Directors has responsibility for establishing broad corporate policies and reviewing our overall performance rather than day-to-day operations. The Board's primary responsibility is to oversee the management of the company and, in so doing, serve the best interests of the company and its stockholders. The Board selects, evaluates and provides for the succession of executive officers and, subject to stockholder election, directors. It reviews and approves corporate objectives and strategies, and evaluates significant policies and proposed major commitments of corporate resources. It participates in decisions that have a potential major economic impact on us. Management keeps the directors informed of company activity through regular written reports and presentations at Board and committee meetings.

The Board of Directors met six times in 2005. During 2005, each of our directors attended 75% or more of the total number of meetings of the Board of Directors and the committees of which such director was a member. The Board has standing Audit, Compensation and Nominating and Corporate Governance Committees. Each committee has a

charter that has been approved by the Board. Each committee must review the appropriateness of its charter and perform a self-evaluation at least annually. Mr. Hood is the only director who is also an employee of Southwall. He does not participate in any meetings at which his compensation is evaluated. All members of all committees are non-employee directors.

Executive sessions of non-management directors will be held at least three times per year, and during 2005, there were six such sessions. The sessions are scheduled and chaired by Mr. Boyadjieff. Any non-management director can request that an additional executive session be scheduled.

Table of Contents

It is our current policy to have the Chairman of the Board and the Chief Executive Officer attend the annual meetings of stockholders. Two of our directors, the Chairman and the Chief Executive Officer, attended the 2005 annual meeting of stockholders.

Audit Committee

The current members of our Audit Committee are Messrs. Berry (Chairman), Boyadjieff and Horn and Dr. Reagan. Dr. Reagan has decided not to stand for reelection to the Board of Directors and, therefore, will no longer be a member of the Audit Committee following the 2006 annual meeting. Each of Messrs. Berry, Boyadjieff and Horn and Dr. Reagan qualifies as an “audit committee financial expert” under SEC rules. Each of Messrs. Berry, Boyadjieff and Horn and Dr. Reagan is an “independent director” under the Nasdaq rules governing the qualifications of the members of audit committees. In addition, our Board of Directors has determined that each member of the Audit Committee is financially literate. None of Messrs. Berry, Boyadjieff and Horn serve on the audit committees of more than two other public companies. The Audit Committee, of which Mr. Horn was not a member during 2005, met four times during 2005. The responsibilities of our Audit Committee and its activities during 2005 are described in the Report of the Audit Committee contained below in this proxy statement.

Compensation Committee

The current members of the Compensation Committee are Dr. Reagan (Chairman), Ms. Nachtsheim and Messrs. Salas and Sedgwick. Dr. Reagan and Mr. Sedgwick have decided not to stand for reelection to the Board of Directors and, therefore, will no longer be members of the Compensation Committee following the 2006 annual meeting. In addition, the Board expects that, following the 2006 annual meeting, Ms. Nachtsheim will cease to serve on the Compensation Committee and Dr. Goodson will be appointed. The Board has determined that each of Drs. Reagan and Goodson, Ms. Nachtsheim and Messrs. Salas and Sedgwick is independent as defined under Nasdaq rules. Our Compensation Committee held eight meetings during 2005. The Compensation Committee evaluates and sets the compensation of our Chief Executive Officer and makes recommendations to our Board of Directors regarding the salaries and bonuses of our other executive officers. The Compensation Committee also oversees the evaluation of management by the Board of Directors. The Compensation Committee also grants stock options and other stock incentives (within guidelines established by our Board of Directors) to our officers and employees. The responsibilities of our Compensation Committee and its activities during 2005 are described in the Report of the Compensation Committee on Executive Compensation contained below in this proxy statement.

Nominating and Corporate Governance Committee

The current members of the Nominating and Corporate Governance Committee are Ms. Nachtsheim (Chair) and Messrs. Boyadjieff and Sedgwick. Mr. Sedgwick has decided not to stand for reelection to the Board of Directors and, therefore, will no longer be a member of the Nominating and Corporate Governance Committee following the 2006 annual meeting. In addition, the Board expects that, following the 2006 annual meeting, Mr. Boyadjieff will cease to serve on the Nominating and Corporate Governance Committee and Messrs. Horn and Salas will be appointed. The Board has determined that each of Ms. Nachtsheim and Messrs. Boyadjieff, Horn, Salas and Sedgwick is independent as defined under Nasdaq rules. The purpose of the Nominating and Corporate Governance Committee is to identify individuals qualified to become Board members, recommend to the Board the persons to be nominated by the Board for election as directors at the annual meeting of stockholders, develop and recommend to the Board a set of corporate governance principles and oversee the evaluation of the Board. The Nominating and Corporate Governance Committee is authorized to retain any such advisers or consultants. For information relating to nominations of directors by our stockholders, see “—Director Candidates” above. Our Nominating and Corporate Governance Committee met six times in 2005.

Audit Committee's Pre-approval Policy and Procedures

Our Audit Committee pre-approves all services, including both audit and non-audit services, provided by our independent registered public accounting firm for the purpose of maintaining the independence of our independent registered public accounting firm. For audit services, each year the independent registered public accounting firm provides us with an engagement letter outlining the scope of the audit services proposed to be performed during the year, which must be formally accepted by the Audit Committee before the audit commences. The independent registered public accounting firm also submits an audit services fee proposal, which also must be approved by the Audit Committee before the audit commences.

Table of Contents

Each year, management also submits to the Audit Committee a list of non-audit services that it recommends the independent registered public accounting firm be engaged to provide and an estimate of the fees to be paid for each. Management and the independent registered public accounting firm must each confirm to the Audit Committee that the performance of the non-audit services on the list would not compromise the independence of the independent registered public accounting firm and would be permissible under all applicable legal requirements. The Audit Committee must approve both the list of non-audit services and the budget for each such service before commencement of the work. Management and the independent registered public accounting firm report to the Audit Committee at each of its regularly scheduled meetings as to the non-audit services actually provided by the independent registered public accounting firm and the approximate fees incurred by us for those services.

During 2005, no services were provided to us by Burr, Pilger & Mayer LLP, our independent registered public accounting firm, or any other accounting firm other than in accordance with the pre-approval policies and procedures described above.

(1) Option grants were made under our 1997 Stock Incentive Plan. Of these options, 25% become vested six months from the date of grant. Thereafter, the remainder of these options vest in 36 equal monthly installments. In the event of certain corporate transactions such as an acquisition or sale of our assets, the outstanding options of the named executive officers will become immediately exercisable for fully vested shares of common stock, unless the options are assumed or substituted with a comparable option by the acquiring company or its parent. In any event, our Compensation Committee may accelerate the vesting of outstanding options upon certain corporate transactions or involuntary terminations following a corporate transaction.

(2) The potential realizable values at assumed 5% and 10% annual rates of compounded stock price appreciation for the terms of the options are based on the fair market value or deemed fair market value of the common stock used by us for accounting purposes, as applicable, and do not represent our estimates or projections of its future stock prices. Actual gains, if any, on stock option exercises will be dependent on the future performance of our common stock.

Fiscal Year-End Option Values

The following table sets forth information required under applicable SEC rules concerning the number and value of unexercised stock options held as of December 31, 2005, by each of the named executive officers. None of the named executive officers exercised any options in 2005. We determined the value of unexercised in-the-money options by calculating the difference between the exercise price per share payable upon exercise of these options and the closing price of our common stock on the Over-the-Counter Bulletin Board Market at December 31, 2005, which was \$0.61 per share.

Through March 15, 2006, we had issued 1,535,147 shares under the 1997 Employee Stock Purchase Plan. In addition, an offering period under the Plan is currently in effect and scheduled to expire on May 31, 2006, on which date we will issue an additional number of shares to be determined at such time.

Severance Agreements

We have a severance policy that covers all of our officers, including the named executive officers, and some of our key employees, under which they may become entitled to annual benefits in connection with certain changes in control of Southwall affected by merger, liquidation or tender offer. Under the policy, each participant may become entitled to a lump sum severance payment upon his or her involuntary termination within 24 months after a change in control. The cash payment will be equal to (i) in the case of our chief executive officer, two times the sum of the chief executive officer's annual rate of base salary in effect at the time of his or her involuntary termination plus the bonuses earned by him or her for the immediately preceding fiscal year and (ii) in the case of each other participant, between one and one and one-half times, as determined by our Board of Directors, the sum of the participant's annual rate of base salary in effect at the time of his or her involuntary termination plus the bonuses earned by him or her for the immediately preceding fiscal year. In addition, the amount paid to each participant will be grossed up if the amount received by the participant is subject to federal excise tax as an "excess parachute payment."

If benefits had become due as of December 31, 2005, under the severance policy, the maximum cash amounts payable to each of the named executive officers would be as follows: Mr. Hood, \$600,000; Mr. Heinze, \$449,648; Mr. Bergstrom, \$500,000; Mr. Westra, \$304,883; and Mr. Capovilla, \$334,470.

REPORT OF THE COMPENSATION COMMITTEE ON EXECUTIVE COMPENSATION

It is the duty of the members of the Board of Directors to set the base salary of certain executive officers and to administer our benefit plans. In addition, the Board approves the individual bonus programs to be in effect for certain executive officers each fiscal year. The Board acts pursuant to recommendations of our Compensation Committee. The Compensation Committee administers the 1997 Plan, under which stock option grants may be made to such officers and other key employees. The Compensation Committee held eight meetings during 2005. During 2005, the Compensation Committee consisted of three members, Dr. Reagan, Ms. Nachtsheim and Mr. Sedgwick. Mr. Salas was added to the Compensation Committee in March 2006. Dr. Reagan and Mr. Sedgwick have decided not to stand for reelection to the Board of Directors and, therefore, will no longer be members of the Compensation Committee after the 2006 annual meeting.

For 2005, the Board established the compensation payable to Mr. Hood, President and Chief Executive Officer, and all other of our executive officers.

General Compensation Policy. Our executive compensation policy is competitive in order to recruit, retain and motivate people of needed capabilities. For executives, we strive to link total compensation to performance. Base compensation, benefits and perquisites are intended to be competitive. Incentive compensation is provided in the form of cash bonuses and stock options. We anticipate that the compensation levels of our executive officers will generally be reviewed in the early part of each fiscal year.

Factors. Several of the more important factors that were considered in establishing the components of each executive officer's compensation package for 2005 are summarized below.

Base Salary. The base salary for each executive officer is set on the basis of personal performance and salary levels for comparable positions at companies with revenue levels comparable to that of Southwall. Information regarding comparable salary levels is obtained from published surveys of companies that may or may not be in industries comparable to that of Southwall. Generally, we target base salaries at the mid-point of such market data.

Annual Incentive Compensation. The annual pool of bonuses for executive officers is determined solely on the basis of our achievement of the financial performance targets established at the start of the fiscal year. Actual bonuses paid reflect an individual's accomplishment of both corporate and functional objectives, with substantially greater weight being given to achievement of corporate rather than functional objectives. In particular, approximately 70% of an executive's target bonus is based on achieving corporate objectives and the balance on achieving the executive's functional objectives, such as profitability improvement, asset management, market position, product leadership and key projects. These factors are evaluated on a subjective basis without specific weighting.

Long-Term Incentive Compensation. In 2005, the Compensation Committee approved stock option grants to each of the named executive officers under our 1997 Plan. The grants are designed to align the interests of each of the named executive officers with those of the stockholders and provide each such individual with a significant incentive to manage Southwall from the perspective of an owner with an equity stake in Southwall. The decision to award options to certain officers and the number of shares subject to each such option grant was based upon the officer's type and level of function, criticality of function, contribution and performance against objectives as described above. The Committee considers the number of options already held by executives when approving new options to executives. Each option grant allows the officer to acquire shares of common stock at a fixed price per share (the market price on the grant date) over a specified period of time (up to seven years). Accordingly, the option will provide a return to the executive officer only if the market price of the common stock appreciates over the option term.

CEO Compensation. The annual base salary for 2005 for our President and Chief Executive Officer, Mr. Hood, was established primarily on the basis of Mr. Hood's personal performance and the range of base salaries paid to the chief executive officers of companies with comparable revenue levels. Mr. Hood's 2005 salary was within the range of base salaries paid to the chief executive officers of comparable companies. The option grants made to Mr. Hood that were based upon his position and a subjective evaluation of his performance, were intended to place a significant portion of his total compensation at risk, since the options will have no value unless there is appreciation in the value of the common stock over the option term.

Deduction Limit for Executive Compensation. Section 162(m) of the Internal Revenue Code of 1986, as amended, limits federal income tax deductions for compensation paid after 1993 to the chief executive officer and the four other most highly compensated officers of a public company to \$1 million per year, but contains an exception for performance-based compensation that satisfies certain conditions. We do not believe that the components of our compensation will be likely to exceed \$1 million per year for any executive officer in the foreseeable future and, therefore, concluded that no further action with respect to qualifying such compensation for federal income tax deductibility was necessary at this time. In the future, we will continue to evaluate the advisability of qualifying its executive compensation for such deductibility. Our policy is to qualify its executive compensation for deductibility under applicable tax laws as practicable.

REPORT OF THE AUDIT COMMITTEE

The Audit Committee oversees our financial reporting process on behalf of the Board of Directors. Management has the primary responsibility for the financial statements and the reporting process including the systems of internal controls. The primary duties and responsibilities of the Audit Committee are to: (1) select and approve our independent registered public accounting firm; (2) serve as an independent and objective party to monitor our financial reporting process and internal control systems; (3) review and appraise the audit efforts of our independent registered public accounting firm and internal audit department; (4) review the independent registered public accounting firm's fee; and (5) provide an open avenue of communication among the independent registered public accounting firm, financial and senior management and the Board of Directors.

During 2005, the Audit Committee consisted of three members, Messrs. Boyadjieff and Berry and Dr. Reagan. Mr. Horn was added to the Audit Committee in March of 2006. Dr. Reagan has decided not to stand for reelection to the Board of Directors and, therefore, will no longer be a member of the Audit Committee following the 2006 annual meeting. Each of Messrs. Boyadjieff, Berry and Horn and Dr. Reagan is independent (as defined by listing standards that govern companies, the shares of which are listed on Nasdaq). The Board of Directors has determined that the members of the Audit Committee satisfy the requirements of Nasdaq as to independence, financial literacy and expertise. In addition, the Board of Directors has determined that Mr. Berry is an audit committee financial expert as defined by the SEC and has the requisite financial sophistication to satisfy the requirements of Nasdaq. The Audit Committee operates under a written charter, approved by the Board of Directors, which was last amended in April 2004.

In fulfilling its oversight responsibilities regarding the 2005 financial statements, the Audit Committee reviewed with management the audited financial statements in the Annual Report, including a discussion of the quality, not just the acceptability, of the accounting principles, the reasonableness of significant judgments, and the clarity of disclosures in the financial statements. The Audit Committee's review included discussion with the independent registered public accounting firm of matters required to be discussed pursuant to Statement of Auditing Standards No. 61 (Codification of Statements on Auditing Standards), including the process used by management in formulating particularly sensitive accounting estimates and the basis for the conclusions of the independent registered public accounting firm regarding the reasonableness of those estimates.

The Audit Committee reviewed with the independent registered public accounting firm, who are responsible for expressing an opinion on the conformity of those audited financial statements with generally accepted accounting principles, their judgment as to the quality, not just the acceptability, of Southwall's accounting principles and such other matters as are required to be discussed with the Audit Committee under generally accepted auditing standards. In addition, the Audit Committee has discussed with the independent registered public accounting firm their independence from management and Southwall, including the matters in the written disclosures required by the Independence Standards Board Standard No. 1 (Independence Discussions with Audit Committees) and received by the Committee.

The Audit Committee discussed with Southwall's independent registered public accounting firm the overall scope and plans for their audits in 2006. The Audit Committee meets with the independent registered public accounting firm, with and without management present, to discuss the results of their examinations, the evaluations of Southwall's internal controls, and the overall quality of Southwall's financial reporting. The Audit Committee held four meetings during 2005.

In reliance on the reviews and discussions referred to above, the Audit Committee recommended to the Board of Directors, and the Board has approved, that the audited financial statements be included in the Annual Report on Form 10-K for the year ended December 31, 2005, for filing with the SEC.

The following performance graph assumes an investment of \$100 on December 31, 2000 and compares the changes thereafter in the market price of our common stock with a broad market index Hemscott Market Index—Composite Market Value and an industry index Hemscott Industry Index—General Building Materials. These indices are the same as those we have used in proxy statements for previous years; however, the provider of these indices Hemscott, Inc., formerly known as Coredata, Inc., has changed its corporate name and the titles of its indices. We paid no dividends during the periods shown; the performance of the indexes is shown on a total return (dividend reinvestment) basis. The graph lines merely connect fiscal year-end dates and do not reflect fluctuations between those dates.

PROPOSAL 2
RATIFICATION OF THE SELECTION OF INDEPENDENT
REGISTERED PUBLIC ACCOUNTING FIRM

Our Audit Committee has selected Burr, Pilger & Mayer LLP, or BPM, an independent registered public accounting firm, to audit our financial statements for the fiscal year ending December 31, 2006. BPM audited our financial statements for the fiscal year ended December 31, 2005. Although stockholder approval of the selection of BPM is not required by law, our Board of Directors believe that it is advisable to give stockholders the opportunity to ratify this selection. We expect that representatives of BPM will be present at the 2006 annual meeting, with the opportunity to make a statement if they so desire, and will be available to respond to appropriate questions from stockholders.

The Board of Directors recommends that you vote “FOR” the ratification of the selection of BPM as our independent registered public accounting firm, and proxies solicited by the Board will be voted in favor thereof unless a stockholder has indicated otherwise on the proxy.

PRINCIPAL INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM FEES AND SERVICES

The following table shows the fees paid or accrued by us for the audit and other services provided by our principal independent registered public accounting firms for 2005 and 2004.

	2004	2005
Audit fees(1)	\$ 455,280	\$ 237,620
Tax fees(2)	27,570	—
All other fees	—	—
Total	\$ 482,850	\$ 237,620

- (1) Audit fees represent:
- fees (in the amount of \$266,700 with respect to 2004) for professional services provided by PricewaterhouseCoopers LLP in connection with reviews of quarterly reports on Form 10-Q filed during 2004; and
 - fees (in the amount of \$188,580 with respect to 2004 and \$237,620 with respect to 2005) for professional services provided by Burr, Pilger & Mayer LLP in connection with the audit of our financial statements for the fiscal years ended December 31, 2004 and December 31, 2005, and the review of quarterly reports on Form 10-Q filed during 2004 and 2005.

- (2) Tax fees consisting of fees for tax compliance, tax advice and tax planning were paid to Burr, Pilger & Mayer LLP.

All audit and non-audit services provided by our independent registered public accounting firm are approved by the Audit Committee, which considers whether the provision of non-audit services is compatible with maintaining the independent registered public accounting firm’s independence.

On August 16, 2004, PricewaterhouseCoopers LLP, or PwC, was dismissed as our independent registered public accounting firm with the approval of our Audit Committee, and, with the approval of our Audit Committee, we engaged Burr, Pilger & Mayer LLP to audit our financial statements for the year ending December 31, 2004.

PwC’s reports on our financial statements as of and for the years ended December 31, 2002 and 2003 included an explanatory paragraph regarding uncertainty. These explanatory paragraphs noted our incurrence of net losses and negative cash flows from operating activities during each fiscal year and our significant debt service and other contractual obligations at the end of each fiscal year. These factors raised a substantial doubt about our ability to continue as a going concern. Other than these explanatory paragraphs, the reports of PwC on the financial statements

as of and for the years ended on or about December 31, 2002 and 2003 contained no adverse opinion or disclaimer of opinion and were not qualified or modified as to uncertainty, audit scope or accounting principle.

During the years ended on or about December 31, 2002 and 2003 and through August 16, 2004, there were no disagreements between us and PwC on any matter of accounting principles or practices, financial statement disclosure or auditing scope or procedure, which disagreements, if not resolved to the satisfaction of PwC, would have caused PwC to make reference thereto in its reports on our financial statements for such years.

Table of Contents

During the years ended on or about December 31, 2002 and 2003 and through August 16, 2004, there were no reportable events (as defined in Item 304(a)(1)(v) of Regulation S-K promulgated by the SEC), except that, as detailed in our annual reports on Form 10-K for the years ended on or about December 31, 2002 and 2003, material weaknesses in our internal control environment were identified. These material weaknesses were caused by a reduction in force that occurred during 2002 and 2003 and related to the inadequacy of review and supervision of the preparation of accounting records and the untimely reconciliation of certain accounts. The Audit Committee discussed these material weaknesses with PwC. We have taken steps to attempt to improve our internal controls and our control environment. We have hired a new Corporate Controller, a new Director of Financial Planning and Analysis, a new Senior Cost Accountant, and a new Senior Accountant for our German subsidiary; appointed a new Plant Manager for our U.S. manufacturing operations; initiated re-training of personnel on the correct use of our new ERP system; initiated procedures to attempt to ensure all accounts are reconciled and reviewed on a timely basis; and are in the process of documenting our procedures and reviewing our internal controls to ensure compliance under section 404 of the Sarbanes-Oxley Act. We have authorized PwC to respond fully to inquiries of successor independent accountants concerning such material weaknesses.

Prior to engaging BPM as our new independent registered public accounting firm on August 16, 2004, we did not consult with BPM regarding any matter that was a reportable event or the application of accounting principles to a specified transaction, either completed or proposed, or the type of audit opinion that might be rendered on our financial statements, with respect to which a written report or oral advice was provided to us that BPM concluded was an important factor considered by us in reaching a decision as to the accounting, auditing or financial reporting issue.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Securities Exchange Act of 1934, as amended, or the Exchange Act, requires our officers and directors and persons who own more than ten percent of our common stock to file reports with the SEC disclosing their ownership of stock in Southwall and changes in such ownership. Officers, directors and 10% stockholders are required by SEC regulations to furnish us with copies of all Section 16(a) forms they file. Based solely on a review of the copies of such reports received by us and the written representations received from one or more such persons, we believe that during 2005 all such filing requirements were complied with in a timely fashion, except that Forms 4 were filed late in connection with single grants of stock options to each of Thomas Hood, Dennis Capovilla, Wolfgang Heinze, Sicco W.T. Westra, Neil Bergstrom and Sylvia Kamenski.

OTHER BUSINESS

We know of no other business that may be presented for consideration at the 2006 annual meeting.
