FOR IMMEDIATE RELEASE

Q1 Results 2003

May 15th, 2003 Oslo, Norway CanArgo Energy Corporation (CanArgo) (OSE: CNR, OTCBB: GUSH) is pleased to announce its first quarter results for 2003.

CanArgo reported a small negative operating cash flow of \$110,673 for the quarter. Taking into consideration depreciation and other non-operating cash flow items the total loss was \$689,311 giving a net loss for the quarter of \$0.01 per share. Oil and gas sales were lower in the first quarter of 2003 due primarily to lower sales from inventory.

CanArgo Chairman and CEO Dr. David Robson commented, Our results are broadly in line with our expectations. We would expect the recent successful horizontal well on Ninotsminda field together with the cost reductions associated with our retrenchment programme to have a positive impact from the second quarter onwards. We have plans for further horizontal development wells on Ninotsminda later this year. At the same time we are actively seeking ways to progress our exploration programme. I look forward to briefing the shareholders more fully on our plans at our Annual General Meeting to be held in Oslo on 10th June, 2003.

CanArgo is an independent oil and gas exploration and production company with its oil and gas operations currently located in the Republic of Georgia, Ukraine and the Caspian Sea. Further information on the Company is available at www.canargo.com and at http://www.sec.gov.

The matters discussed in this press release include forward looking statements, which are subject to various risks, uncertainties and other factors that could cause actual results to differ materially from the results anticipated in such forward looking statements. Such risks, uncertainties and other factors include the uncertainties inherent in oil and gas development and production activities, the effect of actions by third parties including government officials, fluctuations in world oil prices and other risks detailed in the Company s reports on Forms 10-K and 10-Q filed with the Securities and Exchange Commission. The forward looking statements are intended to help shareholders and others assess the Company s business prospects and should be considered together with all information available. They are made in reliance upon the safe harbor provisions of Section 27A of the Securities Act of 1933, as amended, and Section 21E of the Securities Exchange Act of 1934, as amended. The company can not give assurance that the results will be attained.
