PROXY STATEMENT

2007 ANNUAL MEETING OF STOCKHOLDERS

CanArgo Energy Corporation (the Company) is furnishing this Proxy Statement and the enclosed proxy in connection with the solicitation of proxies by the Board of Directors of the Company for use at the Annual Meeting of stockholders to be held on June 5, 2007 at 16th Floor, 101 Federal, Boston, MA 02110, U.S.A. and at any adjournments or postponements thereof (the Annual Meeting). The Proxy Statement and the enclosed proxy are first being sent to stockholders on or about May 4, 2007.

Only holders of the Company's Common Stock as of the close of business on April 23, 2007 (the Record Date) are entitled to vote at the Annual Meeting. Stockholders who hold shares of the Company in street name may vote at the Annual Meeting only if they hold a valid proxy from their broker. As of the Record Date, there were 238,487,390 shares of Common Stock outstanding. A majority of the outstanding shares of Common Stock entitled to vote at the Annual Meeting must be present in person or by proxy in order for there to be a quorum at the meeting. Stockholders of record who are present at the meeting in person or by proxy and who abstain from voting, including brokers holding customers' shares of record who cause abstentions to be recorded at the meeting and broker non-votes, will be included in the number of stockholders present at the meeting for purposes of determining whether a quorum is present.

Registration and seating will begin at 10.00 a.m. All stockholders attending the meeting will be asked to present valid picture identification, such as a driver's license or passport. Cameras, recording devices and other electronic devices will not be permitted at the meeting.

Each stockholder of record is entitled to one vote at the Annual Meeting for each share of Common Stock held by such stockholder on the Record Date. Stockholders do not have cumulative voting rights. Stockholders may vote their shares by using the proxy card enclosed with this Proxy Statement. All proxy cards received by the Company which are properly signed and have not been revoked will be voted in accordance with the instructions contained in the proxy cards. If a signed proxy card is received which does not specify a vote or an abstention and is not revoked prior to exercise, the shares represented by that proxy card will be voted as recommended by the Board of Directors as follows:

FOR the election of the director nominees.

FOR the approval of the amendment to the Company's Certificate of Incorporation.

The Company does not anticipate, as of the date hereof, of any matters to be voted upon at the Annual Meeting other than those stated in this Proxy Statement and the accompanying Notice of Annual Meeting of stockholders. If any other matters are properly brought before the Annual Meeting, to the extent allowed under Delaware Law, the enclosed proxy card gives discretionary authority to the persons named as proxies to vote the shares represented by the proxy card in their discretion.

Under Delaware law and the Company's Amended and Restated Certificate of Incorporation and Amended and Restated Bylaws, if a quorum exists at the meeting, the affirmative vote of a plurality of the votes cast at the meeting is required for the election of directors. A properly executed proxy marked "Withhold authority" with respect to the election of one or more directors will not be voted with respect to the director or directors indicated, although it will be counted for purposes of determining whether there is a quorum. Furthermore, with respect to the amendment of the Company's Certificate of Incorporation, the affirmative vote of a majority of the issued and outstanding shares of the Company's Common Stock is required for approval of the proposal and an abstention will result in a vote against the proposal. For each other item, the affirmative vote of the holders of a majority of the shares represented in

Table of Contents

person or by proxy and entitled to vote on the item will be required for approval. A properly executed proxy marked Abstain with respect to any such matter will not be voted, although it will be counted for purposes of determining whether there is a quorum. Accordingly, with respect to Proposal 2 an abstention will have the effect of a negative vote.

The Company requests that brokerage firms, bank nominees and other institutions that act as nominees or fiduciaries for owners of Common Stock, forward this Proxy Statement and proxies to persons for whom they hold shares and obtain authorization for the execution of proxies. If shares are held in the name of a brokerage firm, bank or nominee, only the brokerage firm, bank or nominee can sign a proxy with respect to stockholders' shares. Accordingly, such stockholder will not be able to vote their shares in person should they attend the meeting. Instead, the stockholder should contact the person responsible for their account and give instructions for a proxy representing their shares to be signed and voted as directed.

For shares held in street name through a broker, bank or other nominee, the broker, bank or nominee may not be permitted to exercise voting discretion with respect to some of the matters to be acted upon. Thus, if stockholders do not give their broker or nominee specific instructions, their shares may not be voted on those matters and will not be counted in determining the number of shares necessary for approval. Shares represented by such broker non-votes will, however, be counted in determining whether there is a quorum.

A stockholder of record may revoke a proxy at any time before it is voted at the Annual Meeting by (a) delivering a proxy revocation or another duly executed proxy bearing a later date to the Corporate Secretary of the Company or (b) attending the Annual Meeting and voting in person. Attendance at the Annual Meeting will not revoke a proxy unless the stockholder actually votes in person at the meeting.

The proxy card accompanying this Proxy Statement is solicited by the Board of Directors of the Company. The Company will pay all of the costs of soliciting proxies. In addition to solicitation by mail, officers, directors and employees of the Company may solicit proxies personally, or by telephone, without receiving additional compensation. The Company has retained Gambit H & K AS in Norway to assist in the solicitation of proxies in connection with the Annual Meeting. The Company will pay the firms customary fees, expected to total approximately \$10,000 plus expenses. The Company, if requested, will also pay brokers, banks and other fiduciaries who hold shares of Common Stock for beneficial owners for their reasonable out-of-pocket expenses of forwarding these materials to stockholders.

The Company's Annual Report on Form 10-K for the fiscal year ended December 31, 2006 is enclosed with this Proxy Statement for each stockholder.

PROPOSAL 1 ELECTION OF DIRECTORS

The current term of office of all of the Company's directors expires at the 2007 Annual Meeting. A majority of the independent directors has nominated all five persons to be elected directors at the annual meeting to hold office until the next annual meeting of stockholders and until the election of their respective successors. All of the nominees are currently serving as directors and have indicated that they are willing and able to serve as directors.

Directors are elected by a plurality of votes cast at the meeting; any shares not voted (by abstention, broker non-vote, or otherwise) have no impact on the vote. If you do not wish your shares to be voted for a particular nominee, you may so indicate in the space provided on the proxy form or withhold authority. All proxies received by the Board of Directors will be voted **FOR** the nominees listed below if no direction to the contrary is given. Each of the nominees has consented to serve if elected. In the event that any nominee is unable or declines to serve, the proxies will be voted for the election of any alternate nominee who is designated by the Board of Directors.

The nominees for director are Dr. David Robson, Vincent McDonnell, Michael Ayre, Russ Hammond and Nils Trulsvik.

Biographical information regarding each nominee is set forth in the section entitled Directors, Executive Officers and Corporate Governance - *Management of the Company* below.

**THE BOARD OF DIRECTORS RECOMMENDS A VOTE IN FAVOR OF THIS PROPOSAL (Proposal 1)
PROPOSAL 2 INCREASE OF AUTHORISED SHARE CAPITAL**

The Board of Directors has unanimously adopted a resolution authorizing an amendment to the Company's Certificate of Incorporation (the "Certificate") to increase the total number of the Company's authorized shares of Common Stock from 375,000,000 shares to 500,000,000 shares, par value \$0.10. The proposed amendment is subject to approval by the Company's stockholders.

The Common Stock, including the additional shares proposed for authorization, do not have pre-emptive or similar rights, which means that current stockholders do not have a prior right to purchase any new issue of capital stock of the Company in order to maintain their proportionate ownership thereof. Thus, the issuance of additional shares of Common Stock might dilute, under certain circumstances, the ownership and voting rights of stockholders. Each of the additional authorized shares of Common Stock will have the same rights and privileges as the currently authorized Common Stock.

The proposed amendment will modify the first sentence of paragraph (a) of Article Four of the Certificate to read as follows:

(a) The total number of shares of all classes of stock which the Corporation shall have authority to issue is five hundred and five million (505,000,000), consisting of:

(1) Five million (5,000,000) shares of Preferred Stock, par value ten cents (\$0.10) per share (the "Preferred Stock");

(2) Five hundred million (500,000,000) shares of Common Stock, par value ten cents (\$0.10) per share (the "Common Stock").

The Company is currently authorized to issue 380,000,000 shares of capital stock, of which 375,000,000 are designated as Common Stock and 5,000,000 shares are designated as Preferred Stock. The proposed amendment would increase the total number of shares of authorized capital stock to 505,000,000 shares and the number of shares of Common Stock authorized to 500,000,000. The authorized shares of Common Stock were last increased by the stockholders at the Annual General Meeting in May 2006, when the number of shares was increased from 300,000,000 to 375,000,000 shares.

As of April 23, 2007, 238,487,390 shares of Common Stock were issued and outstanding, no shares of capital stock were held by the Company as treasury stock and no shares of Preferred Stock were issued and outstanding. In relation to the 136,512,610 currently authorized but unissued shares of Common Stock, an aggregate of 95,655,214 shares have been reserved for future issuance: 45,270 shares in connection with the exchange of Exchangeable Shares previously issued by the Company in connection with an acquisition; 9,276,000 shares of Common Stock upon exercise of outstanding stock options granted under certain stock option plans; 26,800,000 shares issuable upon exercise of outstanding warrants; up to 8,568,667 reserved for issuance under our existing option plans; and up to 50,965,277 shares reserved for issuance in connection with certain existing contractual arrangements.

If the proposed amendment is adopted, it will become effective upon filing of the proposed amendment with the Delaware Secretary of State's office.

The Board of Directors believes that it is advisable and in the best interests of the Company to have available additional authorized but unissued shares of Common Stock in an amount adequate to provide for the future business needs of the Company and to take advantage of future corporate opportunities. The increase in authorized Common Stock will not have any immediate effect on the rights of existing stockholders. However, the additional shares will be available for issuance from time to time by the Company, at the discretion of the Board of Directors, without further authorization by vote of the stockholders unless applicable law or regulation or stock exchange requirements otherwise require such authorization. These shares may be issued for any proper corporate purpose including, without limitation, acquiring other businesses in exchange for shares of Common Stock; entering into

Table of Contents

joint venture arrangements with other companies in which Common Stock or the right to acquire Common Stock are part of the consideration; stock splits or stock dividends; raising capital through the sale of Common Stock or securities convertible into or exercisable or exchangeable for Common Stock; and attracting and retaining valuable employees and consultants by the issuance of additional stock, stock options or use of stock-based plans.

Although the Company may engage in the foregoing actions in the future, except for the issuance of additional stock options under the Company's 2004 Long Term Stock Incentive Plan, and the possible sale of shares of Common Stock or securities convertible into or exercisable or exchangeable for Common Stock to raise additional capital, no such actions involving the issuance of additional shares of Common Stock are pending as of the date hereof. The Board of Directors would intend to use any funds raised from any such possible issuances to finance principally the Company's existing and proposed activities in the Republic of Georgia, the Caucasus, the Black Sea region and South West Asia.

If the proposed amendment is approved, the Board of Directors would be able to authorize the issuance of shares of Common Stock without the necessity, and related costs and delays, of either calling a special stockholders' meeting or waiting for the next regularly scheduled meeting of stockholders in order to increase the authorized shares of Common Stock.

The issuance of the additional shares of Common Stock could have the effect of diluting earnings per share and book value per share, which could adversely affect the Company's existing stockholders. Issuing additional shares of Common Stock may also have the effect of delaying or preventing a change of control of the Company. The Company's authorized but unissued Common Stock could be issued in one or more transactions that would make more difficult or costly, and less likely, a takeover of the Company. The proposed amendment to the Certificate is not being recommended in response to any specific effort of which the Company is aware to obtain control of the Company and the Board of directors has no present intention to use the additional shares of Common Stock in order to impede a takeover attempt.

The affirmative vote of a majority of the issued and outstanding shares of Common Stock of the Company entitled to vote at the Annual Meeting is required for approval of this amendment to the Certificate to increase the Company's authorized shares of Common Stock. An abstention will, accordingly, result in a vote against the proposal.

The current term of office of all of the Company's directors expires at the 2007 Annual Meeting. A majority of the independent directors has nominated all five persons to be elected directors at the Annual Meeting to hold office until the Annual Meeting of stockholders in 2008 and until their successors are elected and qualified. All directors will hold office until the Annual Meeting of stockholders at which their terms expire and the election and qualification of their successors.

There are no family relationships among any of the Company's directors or executive officers.

Director Nomination

General. The Board does not have a nominating committee. The functions of the nominating committee are performed by a majority of the independent directors who consider candidates for Board membership suggested by Board members, as well as management and stockholders and make recommendations for the Board's selection. The Board may also retain a third-party executive search firm from time to time if it believes such engagement is advisable in order to identify suitable candidates.

Stockholder Nominees. A stockholder who wishes to recommend a prospective nominee for the Board should notify any independent director in writing with whatever supporting material the stockholder considers appropriate, including (a) all information relating to such nominee that is required to be disclosed pursuant to Regulation 14A under the Securities Exchange Act of 1934 (including such person's written consent to being named in the Proxy Statement as a nominee and to serving as a director (if elected)); (b) the names and addresses of the stockholders making the nomination and the number of shares of the Company's Common Stock which are owned beneficially and of record by such stockholders; and (c) appropriate biographical information and a statement as to the qualification of the nominee. A stockholder nomination should be submitted in the timeframe described in the Bylaws of the Company.

Process for Identifying and Evaluating Nominees. Once the independent directors have identified a prospective nominee, the Board makes an initial determination as to whether to conduct a full evaluation of the candidate. This initial determination is based on the information provided to the Board with the recommendation of the prospective candidate, as well as the Board's own knowledge of the prospective candidate, which may be supplemented by inquiries to the person making the recommendation or others. The preliminary determination is based primarily on the need for additional Board members to fill vacancies or to expand the size of the Board and the likelihood that the prospective nominee can satisfy the evaluation factors described below. If the Board determines, in consultation with the independent directors and other Board members as appropriate, that additional consideration is warranted, it may request a third-party search firm to gather additional information about the prospective nominee's background and experience and to report its findings to the Board. The Board then evaluates the prospective nominee against the following standards and qualifications, including:

the extent to which the prospective nominee contributes to the range of talent, skill and expertise appropriate for the Board;

Table of Contents

the prospective nominee's ability to dedicate sufficient time, energy and attention to the diligent performance of his or her duties, including the prospective nominee's service on other public company boards;

the prospective nominee's standards of integrity, commitment and independence of thought and judgment; and

the extent to which the prospective nominee helps the Board reflect the diversity of the Company's stockholders, employees, customers and communities in which the Company operates.

The Board also considers such other relevant factors as it deems appropriate, including the current composition of the Board, the balance of management and independent directors, the need for Audit Committee and technical expertise and the evaluations of other prospective nominees. In connection with this evaluation, the Board determines whether to interview the prospective nominee, and if warranted, one or more members of the Board, and others, including members of management, as appropriate. After completing this evaluation and interview, the Board determines the nominees after considering the recommendations and views of the directors and others as appropriate. The Board has adopted resolutions addressing the nominations process and such related matters as may be required under U.S. federal securities laws and the rules of The American Stock Exchange, Inc (the "AMEX") and the Oslo Stock Exchange. A copy of the resolutions is available on the Company's website (www.canargo.com).

To date, the Company has never received a proposal from a stockholder to nominate a director. Although the Company has not adopted a formal policy with respect to stockholder nominees, the directors expect that the evaluation process for a stockholder nominee would be similar to the process outlined above.

Process for Determining which Directors are Considered Independent. On April 21, 2004, the Company's Common Stock began trading on the AMEX. In connection with its Common Stock listing, the Company became subject to the listing standards adopted by the AMEX. The full text of the AMEX requirements can be found on its website (www.amex.com).

Pursuant to AMEX and Securities and Exchange Commission ("SEC") requirements, the Board undertook its annual review of director independence in March 2007. During this review, the Board considered transactions and relationships between each director or any member of his immediate family and the Company and its subsidiaries and affiliates, including those reported under *Certain Relationships and Related Transactions* below. The Board also examined transactions and relationships between directors or their affiliates and members of the Company's senior management or their affiliates. As provided in the AMEX and SEC requirements, the purpose of this review was to determine whether any such relationships or transactions were inconsistent with a determination that the director is independent.

As a result of this review, the Board affirmatively determined that, other than David Robson and Vincent McDonnell, all of the directors nominated for election at the Annual Meeting are independent of the Company and its management under the standards set forth in the requirements of the AMEX and the SEC. In addition, as further required by the AMEX listing standards, the Board has made an affirmative determination as to each independent director that no material relationships exist between any non-employee director and the Company which, in the opinion of the Board, would interfere with the exercise of their independent judgment. David Robson and Vincent McDonnell are considered inside directors because of their role as senior executives of the Company. We provide additional information regarding Mr. Hammond under *Certain Relationships and Related Transactions* below.

Board Nominees for the 2007 Annual Meeting. Each of the nominees listed in this Proxy Statement are current directors standing for re-election.

Director Compensation

The Company uses a combination of cash and stock-based incentive compensation to attract and retain qualified candidates to serve on the Board. In setting director compensation, the Company considers the significant amount of time that Directors expend in fulfilling their duties to the Company as well as the skill-level required by the Company of members of the Board.

Cash Compensation Paid to Board Members

In 2006 the Company paid directors fees to the non-employee directors (in UK Pounds Sterling) on an adjusted quarterly basis at a rate of \$97,905 per year plus \$1,958 for each meeting of the Audit Committee that they attend (using an exchange rate of £1 = \$1.9581 as at December 31, 2006 (as quoted on www.oanda.com). The Company also reimburses ordinary out-of-pocket expenses for attending Board and Committee meetings. Directors who are also employees of the Company receive no additional compensation for service as a director. The Company does not provide retirement benefits to directors under any current program.

Mr. Russ Hammond, a non-employee director of the Company, is also an Investment Advisor to Provincial Securities Limited who became a minority shareholder in the Norio and North Kumisi (Block XI^c) Production Sharing Agreement through a farm-in agreement to the Norio MK72 well. On September 4, 2003 the Company concluded a deal to purchase Provincial Securities Limited's minority interest in CanArgo Norio Ltd by a share swap for shares in the Company. The purchase was achieved by issuing 6 million restricted shares of Common Stock in the Company to the minority interest holders in CanArgo Norio Ltd. Provincial Securities Limited also had an interest in Tethys Petroleum Limited (Tethys), a Guernsey company, established to develop potential projects in Kazakhstan, in which the Company had a minority interest until June 2005 when the Company acquired the remaining 55% interest in Tethys which it did not own. Pursuant to this transaction, Provincial Securities Limited received 5,500,000 shares of the Company's Common Stock in exchange for its interest in Tethys. Mr. Hammond did not receive any compensation in connection with these transactions and

disclaims any beneficial ownership of Provincial Securities Limited or of any shares of the Company's common stock owned by Provincial Securities Limited. Mr. Julian Hammond, Mr. Hammond's son, is employed as a Vice-President of Tethys Petroleum Limited, currently a subsidiary of the Company, at an annual salary of £96,000 Pounds Sterling (£) and has been awarded an aggregate of 190,000 options to purchase shares of Common Stock under the Company's Stock Option Plans at a weighted average exercise price of \$0.82. Mr. Hammond disclaims ownership of his son's shares.

Transactions with affiliates and other related parties are reviewed and voted on by the Board with any potential related parties absent from such discussions or votes.

The Company is in the process of reviewing its policy with respect to the review, approval or ratification of related person transactions and to date a formal policy has not been adopted by the Board. However, the Company follows the rules adopted by the AMEX in respect of related party transactions and is annually required to review related person transactions. Further, on an annual basis, each Director and executive officer is obligated to complete a Director and Officer Questionnaire which requires disclosure of any transaction with the Company in which the Director and executive officer, or any member of his or her immediate family, have a direct or indirect material interest.

EXECUTIVE COMPENSATION

Compensation Discussion and Analysis

Compensation Committee

The Compensation Committee has two members and met two times during fiscal year 2006. The Compensation Committee is comprised solely of non-employee Directors, all of whom the Board has determined are independent pursuant to AMEX rules. A charter for the compensation committee has been compiled although this charter is currently subject to internal review and has not been formally adopted by the Board in the last three fiscal years.

Table of Contents

The Compensation Committee is responsible for setting and administering policies that govern the Company's executive compensation programs, including stock compensation plans, although these policies are in the process of internal review and have not been formally adopted by the Board. The Compensation Committee's responsibilities include, among other duties, the responsibility to:

- establish the base salary, incentive compensation and any other compensation for the Company's elected and appointed executive officers;

- exercise oversight with respect to and to supervise the compensation scheme for the other employees of the company;

- administer and grant awards under any stock option plan adopted by the Board;

- administer and grant awards under the Corporation's securities compensation plan adopted August 16, 1995 by a predecessor by merger to this Corporation;

- recommend to this Board any additional compensation, retirement or other employee benefit plan; and

- perform other functions or duties deemed appropriate by the Board.

Compensation decisions for all four executive officers of the Company, which includes the Chairman of the Board and Chief Executive Officer, are made by the Compensation Committee.

The agenda for meetings of the Committee is determined by the Chairman of the Compensation Committee with the assistance of the Chairman of the Board and Chief Executive Officer. Compensation Committee meetings are regularly attended by the Chairman of the Board and Chief Executive Officer. The Compensation Committee's Chairman reports the Committee's recommendations on executive compensation to the Board. The Chairman of the Board and Chief Executive Officer may be delegated authority to fulfill certain administrative duties regarding the compensation programs. The Compensation Committee, under its proposed charter, has authority to retain, approve fees for and terminate advisors, consultants and agents as it deems necessary to assist in the fulfillment of its responsibilities although during fiscal year 2006 it did not seek external assistance.

Role of Executive Officers in Compensation Decisions

The Compensation Committee makes all compensation decisions for all executive officers of the Company and approves recommendations regarding both equity and non-equity compensation. The Chairman of the Board and Chief Executive Officer regularly attends meetings of the Compensation Committee. The Chairman of the Board and Chief Executive Officer annually reviews the performance of each executive officer (other than the Chairman of Board and Chief Executive Officer whose performance is reviewed by the Committee). The conclusions reached and recommendations based on these reviews, including with respect to salary adjustments and annual award amounts are presented to the Committee. The Committee can exercise its discretion in adopting or modifying any recommendations or awards to executive officers.

Overview of Compensation Program

The Compensation Committee of the Board of Directors has responsibility for establishing, implementing and continually monitoring adherence with the Company's compensation philosophy. The Committee ensures that the total compensation paid to the executive officers of the Company is fair, reasonable and competitive.

Throughout this Proxy Statement, the individuals who served as the Company's Chairman of the Board and Chief Executive Officer, Chief Operating Officer and President, and Chief Financial Officer during fiscal year 2006, as well as the other individual included in the Summary Compensation Table on page 15, are referred to as the named officers.

Compensation Philosophy and Objectives

The philosophy of the Compensation Committee is to approve compensation programs intended to:

Attract and retain talented executive officers and key employees by providing total compensation competitive with that of other executives employed by companies of similar size, complexity and lines of business;

Table of Contents

Motivate executives and key employees to achieve strong financial and operational performance;

Emphasize performance-based compensation, which balances rewards for short-term and long-term results;

Reward individual performance;

Link the interests of executives with shareholders by providing a significant portion of total pay in the form of stock incentives; and

Encourage long-term commitment to the Company.

Setting Executive Compensation

Based on the foregoing objectives, the Compensation Committee has structured the Company's annual and long-term incentive based executive compensation to motivate executives to achieve business goals set by the Company. In furtherance of this, the Compensation Committee reviews data from annual reports and proxy statements issued by competitors to assess the Company's competitive position with respect to the following three components of executive compensation:

base salary;

short-term incentives; and

long-term incentives.

In making compensation decisions, the Committee reviews each element of total compensation against a peer group of publicly traded oil and gas companies. This peer group, which is periodically reviewed and updated by the Compensation Committee, consists of companies that the Committee believes are of similar stature to CanArgo Energy Corporation in terms of geographical operating environment and industry profile. The information derived from the peer group provides an indication of what executives might command from companies operating in a similar environment to that of CanArgo Energy Corporation. The companies comprising the peer group are as follows:

- o JKC Oil and Gas plc

- o Revus Energy AS

- o Lundin Petroleum

The Compensation Committee does not target a specific percentile in the range of comparative data for each individual executive or for each component of compensation. Instead, the Compensation Committee structures a total compensation package in view of the comparative data and such other factors specific to the executive, including level of responsibility, prior experience and expectations of future performance. The Compensation Committee uses peer group data and also information contained from a review of a wider selection of publicly available annual reports for oil and gas companies to test for reasonableness and competitiveness of its compensation package as a whole, but exercises subjective judgment in allocating compensation among executives and within each individual's total compensation package.

2006 Compensation Committee Activity

The Compensation Committee met two times during fiscal year 2006. The Chairman of the Board and Chief Executive Officer attended both meetings to provide his recommendations in respect of various elements of compensation to named officers reporting to him. During 2006, the Compensation Committee reviewed and recommended, for each named officer, the level of compensation for each individual executive compensation component. The Compensation Committee did not adopt any new compensation plans or programs during the year nor did it introduce any new compensation policies during the year. The Company is in the process of developing its

Table of Contents

general compensation policies and to date no general policy has been adopted by the Board. However, terms and conditions relating to each named officer are contained in their specific service agreements. All named officer service agreements are publicly available through previous SEC filings.

2006 Executive Compensation Components

For the fiscal year ended December 31, 2006, the principal components of compensation for named officers were:

base salary;

long-term incentive compensation; and

other personal benefits.

Base Salary

Base salaries for executives were determined based upon job responsibilities, level of experience, individual performance, comparisons to the salaries of executives in similar positions obtained from competitive data from the peer group and also information contained from a review of a wider selection of publicly available annual reports for oil and gas companies. The goal for the base pay component is to compensate executives at a level which approximates the median salaries of individuals in comparable positions with comparable companies in the oil and gas industry. The Compensation Committee approves all salary increases for executive officers.

Long-Term Incentive Compensation

The Compensation Committee has structured long-term incentive compensation to provide for an appropriate balance between rewarding performance and encouraging employee retention. Long-term incentives are granted primarily in the form of stock options. The purpose of stock options is to align compensation directly with increases in shareholder value. The number of options granted is determined by reviewing competitive data from the peer group and also information contained from a review of a wider selection of publicly available annual reports for oil and gas companies to determine the compensation made to other executives and management employees in comparable positions with comparable companies in the oil and gas sector. In determining the number of options to be awarded, the Compensation Committee also considers the grant recipient's qualitative and quantitative performance, the size of stock option awards in the past, and expectations of the grant recipient's future performance.

During 2006, stock options were awarded to two named officers from the Company's 2004 Long Term Stock Incentive Plan (2004 Plan). See the additional information regarding such grants appearing elsewhere in this Proxy Statement. No stock options were awarded to the Chairman of the Board and Chief Executive Officer. Stock options are granted at a price determined by the Committee, but not less than 100% of the fair market value of the stock on the date of the grant of the option. The Committee determined the price of granted options during the year at a 5% premium to the average price calculated over three days of the AMEX's closing price of the Company's Common Stock prior to the date of grant. The Committee did not and has never granted options with an exercise price that is less than the closing price of the Company's Common Stock on the grant date. Options granted by the Committee during 2006 have a term of 7 years from date of issue and vest 1/3 for each year over 3 years beginning immediately. Vesting and exercise rights cease three months after termination of employment except in the case of death, retirement or permanent disability.

Other Personal Benefits:

The Company provided named officers with the following other personal benefits that the Company and the Committee believe are reasonable and consistent with its overall compensation program to better enable the Company to attract and retain superior employees for key positions. The Committee periodically reviews the levels of other personal benefits provided to named officers.

Table of Contents

For each of the named officers, including the Chairman of the Board and Chief Executive Officer, the Company makes a monthly contribution of 9% of base salary to the named officer's individual personal pension plans, schemes or arrangements. Additionally, each named officer is provided with life assurance with death coverage of four times their annual salary, permanent health, critical illness; income protection and family healthcare insurance. The Company does not maintain or sponsor any Company pension plans.

During 2006, one named officer received a one off payment in respect of a disturbance allowance to reflect the unusual time located away from the executive officer's home residence.

Tax and Accounting Implications

Compliance with Section 162(m) of the Internal Revenue Code

Under Section 162(m) of the United States Internal Revenue Code of 1986, as amended, the Company may not deduct annual compensation in excess of \$1 million paid to certain employees; generally its Chief Executive Officer and its four other most highly compensated executive officers, unless that compensation qualifies as performance-based compensation. While the Compensation Committee intends to structure performance-related awards in a way that will preserve the maximum deductibility of compensation awards, the Compensation Committee may from time to time approve awards which would vest upon the passage of time or other compensation which would not result in qualification of those awards as performance-based compensation. It is not anticipated that compensation realized by any executive officer under the Company's plans and programs now in effect will result in a material loss of tax deductions.

Accounting for Stock-Based Compensation

For the year ended December 31, 2006 the Company accounted for its stock option program in accordance with the requirements of FASB 123 (Revised).

COMPENSATION COMMITTEE REPORT

The Report of the Compensation Committee does not constitute soliciting material and should not be deemed filed or incorporated by reference into any other Company filing under the Securities Act of 1933 or the Securities Exchange Act of 1934, except to the extent the Company specifically incorporates this Report by reference therein.

The Compensation Committee of the Board of Directors acts on behalf of the Board to establish and oversee the Company's executive compensation program in a manner that serves the interests of the Company and its stockholders.

The Compensation Committee of the Company has reviewed and discussed the Compensation Discussion and Analysis required by Item 402(b) of Regulation S-K with management and, based on such review and discussions, the Compensation Committee recommended to the Board that the Compensation Discussion and Analysis be included in this Proxy Statement.

REPORT OF THE AUDIT COMMITTEE

The following Report of the Audit Committee does not constitute soliciting material and should not be deemed filed or incorporated by reference into any other Company filing under the Securities Act of 1933 or the Securities Exchange Act of 1934, except to the extent the Company specifically incorporates this Report by reference therein.

The Audit Committee of the Board of Directors is responsible for the review and oversight of the Company's performance with respect to its financial responsibilities and the integrity of the Company's accounting and reporting practices. The Audit Committee, in its capacity as a Committee of the Board of Directors, is also responsible for the appointment, compensation, retention and oversight of the work of any registered public accounting firm engaged for the purpose of preparing or issuing an audit report or performing other audit, review or attest services for the Company (including resolution of disagreements between management and the auditor regarding financial reporting), and each such registered public accounting firm must report directly to the Audit Committee. The Board of Directors has determined that the members of the Audit Committee are independent in accordance with American Stock Exchange listing standards and the SEC requirements and are financially literate, as required by such requirements; as such qualification is interpreted by the Board of Directors in its business judgment. The Audit Committee is composed of three non-employee directors and operates and is governed under a written charter.

The Company, not the Audit Committee or the independent auditors, is responsible for the preparation of its financial statements and its operating results and for the appropriate safekeeping of the Company's assets. The independent auditor's responsibility is to attest to the fair presentation of the financial statements. The role of the Audit Committee is to be satisfied that both the Company and the independent auditors discharge their respective responsibilities effectively. However, no member of the Audit Committee is professionally engaged in the practice of accounting or auditing of the Company's accounts, including with respect to auditor independence. The Audit Committee relies, without independent verification, on the information provided to it and on the representations made by management and the independent auditors.

Table of Contents

The Audit Committee held four meetings during the fiscal year 2006 which occurred prior to the respective Form 10-Q Quarterly Reports and Form 10-K Annual Reports being filed with the SEC. The meetings were designed, among other things, to facilitate and encourage communication among the Audit Committee, the Company, and the Company's independent auditors, L J Soldinger Associates LLC.

The Audit Committee discussed with L J Soldinger Associates LLC the overall scope and plan for their audit, and met with L J Soldinger Associates LLC, with management present. The Audit Committee has reviewed and discussed the audited financial statements with management.

The Audit Committee has discussed with the independent auditors matters required to be discussed with audit committees under standards of the Public Company Accounting Oversight Board (United States), including, among other things, matters related to the conduct of the audit of the Company's consolidated financial statements, the Company's internal accounting controls and the matters required to be discussed by Auditing Standards AU380A

Communication with Audit Committees .

The Company's independent auditors have also provided to the Audit Committee the written disclosures and the letter required by Independence Standards Board Standard No. 1, *Independence Discussions with Audit Committee* , and discussed their independence from the Company. The Audit Committee has reviewed, among other things, the amount of fees paid to L J Soldinger Associates LLC for audit and non-audit services.

The Audit Committee Report and the Compensation Committee Report on Executive Compensation shall not be deemed to be soliciting material or to be filed with the Securities and Exchange Commission or subject to Regulation 14A or 14C under the Securities Exchange Act of 1934 and shall not be deemed incorporated by reference into any filing made by the Company under the Securities Act of 1933 or the Securities Exchange Act of 1934, notwithstanding any general statement contained in any such filing incorporating this proxy statement by reference, except to the extent the Company incorporates the Reports by specific reference.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Under Section 16(a) of the Securities Exchange Act of 1934 and SEC Rules, the Company's directors, executive officers and beneficial owners of more than 10% of any class of equity security are required to file periodic reports of their initial ownership, and changes in that ownership, with the Securities and Exchange Commission. Reporting persons are required by SEC Regulations to furnish the Company with copies of all forms they file pursuant to Section 16(a). OTHER MATTERS

As of the time of preparation of this Proxy Statement, neither the Board of Directors nor management intends to bring before the meeting any business other than the matters referred to in the Notice of Annual Meeting and this Proxy Statement. If any other business should properly come before the meeting, or any adjournment or postponement thereof, the persons named in the proxy will vote on such matters according to their best judgment.

STOCKHOLDERS SHARING THE SAME ADDRESS

Householding of Proxy Materials. The Securities and Exchange Commission has adopted rules that permit companies and intermediaries such as brokers to satisfy delivery requirements for proxy statements with respect to two or more stockholders sharing the same address by delivering a single proxy statement addressed to those stockholders. This process, which is commonly referred to as householding, potentially provides extra convenience for stockholders and cost savings for companies. The Company and some brokers household proxy materials, delivering a single proxy statement to multiple stockholders sharing an address unless contrary instructions have been received from the affected stockholders. Once you have received notice from your broker or us that they or we will be householding materials to your address, householding will continue until you are notified otherwise or until you revoke your consent. If, at any time, you no longer wish to participate in householding and would prefer to receive a separate proxy statement, or if you are receiving multiple copies of the proxy statement and wish to receive only one, please notify your broker if your shares are held in a brokerage account or us if you hold registered shares. You can notify us by sending a written request to the Corporate Secretary, CanArgo Energy Corporation, P.O. Box 291, St. Peter Port, Guernsey, GY1 3RR, British Isles or by facsimile to +44 1481 729 982.
