ITEM 2.01 COMPLETION OF ACQUISITION OR DISPOSITION OF ASSETS.

On or about July 28, 2005, the Company completed the last in a series of nine transactions by which it sold nine of its owned Re:Source dealer businesses. These businesses were part of a broader network of owned and non-owned (or “aligned”) floorcovering dealers. Eight of the nine businesses were sold to either the general managers of the respective businesses or an entity in which the general manager participated, and the other business was sold to the Company’s aligned, but not owned, dealer in the relevant geographic region. In each case, the business sold (or the purchaser thereof) has continued to participate in the Company’s aligned dealer network, which now consists entirely of non-owned dealers.

The aggregate net consideration received in connection with the sales was \$9.7 million plus the purchasers’ assumption of various liabilities and obligations. Of that dollar amount, an aggregate of \$7.5 million was paid in cash at the closings, with the remainder of \$2.2 million payable pursuant to promissory notes at interest rates ranging from prime to 12% and with maturities ranging from one to three years.

The nine dealer businesses sold were part of the fifteen Re:Source dealer businesses that were owned by the Company at the time its plan to exit its owned dealer businesses was announced on October 27, 2004. The Company has terminated all ongoing operations of the other six owned dealer businesses, and in some cases is completing their wind-down through subcontracting arrangements. The Company has reflected that plan by including these businesses in its financial statements as discontinued operations, which have been reflected in the Company’s balance sheets as of December 28, 2003 and January 2, 2005, and the related statements of operations, comprehensive income (loss) and cash flows for each of the three fiscal years ended January 2, 2005, and in all financial statements for subsequent periods. As a result, no pro forma financial information is required or provided in connection with this Report.
