PROSPECTUS

UP TO 24,085,777 SHARES OF COMMON STOCK

UP TO 15,914,209 SHARES OF NON-VOTING COMMON STOCK

This prospectus relates to the offer and sale of up to 24,085,777 shares of our common stock, par value \$1.00 per share (the “Common Stock”) and up to 15,914,209 shares of our non-voting common stock, par value \$1.00 per share (the “Non-Voting Common Stock”), by certain selling shareholders identified herein (the “Selling Shareholders”). We issued the Common Stock and the Non-Voting Common Stock (collectively, the “Securities”) in a private placement to the Selling Shareholders that closed on March 30, 2011 (the “Private Placement”). We are registering the resale of the Securities as required by the investment agreement and subscription agreements (the “Investment Agreements”) that we entered into with the Selling Shareholders.

The Selling Shareholders may sell all or a portion of the Common Stock from time to time, in amounts, at prices and on terms determined at the time of the offering. The Selling Shareholders may sell all or a portion of the Non-Voting Common Stock from time to time, in amounts and on terms determined at the time of the offering. The Non-Voting Common Stock will be sold by the Selling Shareholders at a price of \$9.50 per share, or at privately negotiated prices, until a market develops for the Non-Voting Common Stock, if any. We will not receive any proceeds from the sale of the Securities by the Selling Shareholders. The Securities may be sold by any means described in the section of this prospectus entitled “Plan of Distribution” beginning on page 13.

Our Common Stock is currently traded on the Nasdaq Global Select Market under the symbol “UCBID” to reflect the recent reclassification of our Common Stock. As of July 19, 2011, our Common Stock will resume trading on the Nasdaq Global Select Market under its former symbol, “UCBI”. On June 28, 2011, the last reported sale price of our Common Stock on the Nasdaq Global Select Market was \$10.18 per share. You are urged to obtain current market quotations of our Common Stock. The Non-Voting Common Stock is not listed on any stock exchange, and we do not intend to list any shares of such stock on a stock exchange.

Business

We are the third largest bank holding company headquartered in Georgia, with total consolidated assets of \$7.97 billion, total loans of \$4.19 billion, total deposits of \$6.60 billion and shareholders' equity of \$850 million as of March 31, 2011. We conduct substantially all of our operations through our wholly-owned Georgia bank subsidiary, United Community Bank (the "bank"), which operates with decentralized management that is currently organized as 27 separate "community banks" at 106 locations in north Georgia, the Atlanta metropolitan statistical area (or MSA), the Gainesville, Georgia MSA, coastal Georgia, western North Carolina and eastern Tennessee. While we enjoy the efficiencies of a single bank charter, each of our "community banks" is led by a local president and management team who collectively have significant experience in and ties to their respective communities. Our community banks offer a full range of retail and corporate banking services, including checking, savings and time deposit accounts, secured and unsecured lending, wire transfers, brokerage services and other financial services.

For a complete description of our business, financial condition, results of operations and other important information, we refer you to our filings with the Securities and Exchange Commission (the "SEC") that are incorporated by reference in this prospectus, including our Annual Report on Form 10-K for the year ended December 31, 2010 and our Quarterly Report on Form 10-Q for the period ended March 31, 2011. For instructions on how to find copies of these documents, see "Where You Can Find More Information".

Recent Developments

On June 17, 2011, United filed Articles of Amendment to its Restated Articles of Incorporation, as amended (the "Articles"), to effect a 1-for-5 reverse stock split of its Common Stock and Non-Voting Common Stock. Pursuant to the amendment, each 5 shares of United's Common Stock was reclassified into 1 share of Common Stock, and each 5 shares of United's Non-Voting Common Stock was reclassified into 1 share of Non-Voting Common Stock. The 1-for-5 reclassification is referred to herein as the "Reclassification". All share amounts and per share information presented herein have been adjusted to reflect the Reclassification as if it had occurred prior to the earlier period shown.

During the first quarter of 2011, United announced its plans to sell \$380 million of Common Stock and convertible preferred stock in the Private Placement to a group of investors. United entered into Investment Agreements with Corsair Georgia, L.P. ("Corsair Georgia") and a group of institutional investors (collectively, the "Investors") and closed the Private Placement on March 30, 2011. Pursuant to the Private Placement and following receipt of required shareholder approvals, the conversion of all preferred stock and the completion of the Reclassification, the Investors now own an aggregate of 24,085,777 shares of Common Stock and 15,914,209 shares of Non-Voting Common Stock. The Private Placement resulted in an increase to shareholders' equity of \$363 million.

In connection with the Private Placement, we agreed to appoint a director to our Board of Directors nominated by Corsair Georgia. Peter E. Raskind, who was appointed to our Board of Directors on April 21, 2011 and who was

re-elected at our 2011 annual meeting of shareholders, was Corsair Georgia's Board of Directors' nominee. For more information on the Private Placement, see our Current Report on Form 8-K, including the related exhibits, filed with the SEC on March 31, 2011 and our Proxy Statement related to our 2011 annual meeting of shareholders, filed with the SEC on April 25, 2011.

The bank is currently subject to a memorandum of understanding (the "MOU") with the Federal Deposit Insurance Corporation (the "FDIC") and Georgia Department of Banking and Finance (the "DBF") which requires, among other things, that the bank maintain its Tier 1 leverage ratio at not less than 8% and its total risk-based capital ratio at not less than 10% during the life of the MOU. Additionally, the MOU requires that, prior to declaring or paying any cash dividends to United, the bank must obtain the written consent of its regulators. Although the bank's Tier 1 leverage ratio was below the target level of 8% as of December 31, 2010, as a result of the March 30, 2011 closing of the Private Placement, United exceeded all capital ratio targets contained in the MOU as of March 31, 2011. Otherwise, the bank has met or surpassed all other goals and obligations contained in the MOU and is in full compliance with its terms.

Also, on March 30, 2011, after completion of the \$380 million Private Placement, the Board of Directors approved a plan to sell approximately \$293 million in substandard and nonperforming loans, and to accelerate the disposition of approximately \$142 million in foreclosed properties (the “Problem Asset Disposition Plan”) in the second and third quarters of 2011. The substandard and nonperforming loans were sold by the bank for an aggregate purchase price of approximately \$86.5 million in a bulk transaction (the “Bulk Loan Sale”) that closed on April 18, 2011 pursuant to an asset purchase and sale agreement (the “Asset Purchase Agreement”) entered into by the bank, CF Southeast LLC (“CF Southeast”) and CF Southeast Trust 2011-1 (“CF Trust” and together with CF Southeast, the “Purchasers”). At the end of the first quarter of 2011, United wrote down and transferred these substandard and nonperforming loans to loans held for sale. The write-downs were based on indicative bids received from potential buyers. As directed by the Board of Directors, United plans to sell substantially all of the foreclosed properties in the second and third quarters of 2011. United incurred foreclosed property costs of \$64.9 million for the first quarter of 2011, which was up \$54.1 million from the first quarter of 2010, reflecting higher write-downs on foreclosed properties to expedite sales under the Problem Asset Disposition Plan. As a result of the Bulk Loan Sale in the second quarter of 2011, we expect inflows to foreclosed properties to continue to decline as the loans with the highest probability of foreclosure were included in the Bulk Loan Sale. Correspondingly, we expect related foreclosure costs to continue to decline.

We were incorporated in 1987 as a Georgia corporation. Our principal executive offices are located at 125 Highway 515 East, Blairsville, Georgia 30512, and our telephone number is (706) 781-2265. Risk Factors

You should consider carefully the matters set forth under
“Risk Factors” beginning on page 7 of this prospectus
before deciding to purchase any of the Securities.

RISK FACTORS

An investment in the Securities involves a significant degree of risk. You should carefully consider the risks described below and all other information contained in this prospectus and the documents incorporated herein by reference before deciding to invest in the Securities. These risks and uncertainties are not the only risks we face. It is possible that risks and uncertainties not listed below may arise or become material in the future and affect our business.

Risks Associated with Our Business and Related to Regulatory Events

We have incurred significant operating losses and the timing of profitability is uncertain.

We incurred a net operating loss from continuing operations of \$142 million for the first quarter of 2011. This compared to a net operating loss from continuing operations of \$34.5 million for the first quarter of 2010. Diluted operating loss from continuing operations per common share was \$7.87 for the first quarter of 2011, compared to a diluted operating loss from continuing operations per common share of \$1.96 for the first quarter of 2010. The first quarter of 2011 operating loss largely reflects the Board of Director's decision to adopt the Problem Asset Disposition Plan described above under "Summary—Recent Developments" to quickly dispose of problem assets following our successful Private Placement also described in "Summary—Recent Developments". We incurred a net operating loss from continuing operations of \$143 million, or \$8.12 per share, for the year ended December 31, 2010; \$139 million, or \$12.37 per share, for the year ended December 31, 2009; and \$63.9 million, or \$6.81 per share, for the year ended December 31, 2008, in each case due primarily to credit losses and associated costs, including significant provisions for loan losses. We may continue to have a higher than normal level of nonperforming assets and substantial charge-offs in 2011, which would continue to adversely impact our overall financial condition and results of operations.

Our ability to use our deferred tax asset balances may be materially impaired.

As of March 31, 2011, our net deferred tax asset balance was approximately \$266 million, which includes approximately \$206 million of federal and state net operating losses. We currently have a valuation allowance of \$4.81 million against certain deferred state tax assets that have a very short carry forward period. Our ability to use these tax benefits would be substantially limited if we were to experience an "ownership change" as defined under Section 382 of the Internal Revenue Code of 1986, as amended, and related Internal Revenue Service pronouncements. As a result of the Private Placement we did not incur an "ownership change", but are close to the threshold.

In general, an "ownership change" would occur if our "5-percent shareholders", as defined under Section 382, collectively increased their ownership in United by more than 50% over a rolling three-year period. A corporation that experiences an ownership change will generally be subject to an annual limitation on the use of its pre-ownership change deferred tax assets equal to the equity value of the corporation immediately before the ownership change, multiplied by the long-term tax-exempt rate, which was 4.55% for ownership changes occurring in March 2011, the month in which United completed the Private Placement.

While we have taken measures to reduce the likelihood that future transactions in our stock will result in an ownership change, there can be no assurance that an ownership change will not occur in the future. More specifically, while the Tax Benefits Preservation Plan described below under "Description of Capital Stock—Tax Benefits Preservation Plan" provides an economic disincentive for any one person or group to become a Threshold Holder (as defined in the plan and described below) and for any existing Threshold Holder to acquire more than a specified amount of additional shares, there can be no assurance that the Tax Benefits Preservation Plan will deter a shareholder from increasing its

ownership interests beyond the limits set by the plan. Such an increase could adversely affect our ownership change calculations.

Our calculations regarding our current cumulative change and the likelihood of a future ownership change are based on current law. Any change in applicable law may result in an ownership change.

Other than the risk factors mentioned above, there have been no material changes from the risk associated with our business and industry, as well as the risks related to legislative and regulatory events, contained in the section entitled “Risk Factors” in our Annual Report on Form 10-K for the year ended December 31, 2010, which is incorporated in this prospectus by reference.

Risks Related to the Ownership of the Securities

It is unlikely that an active trading market for the Non-Voting Common Stock will develop.

The Non-Voting Common Stock will not be a liquid investment because no public trading market currently exists for such security and it is unlikely that a market will develop. Potential purchasers of the Non-Voting Common Stock should consider carefully the limited liquidity of such investment before purchasing any shares of the Non-Voting Common Stock. We are not obligated, and do not intend, to apply for the listing of the Non-Voting Common Stock on any securities exchange. Even if a trading market for the Non-Voting Common Stock were to develop, it may not continue, and a purchaser of such securities may not be able to sell such securities at or above the price at which they were purchased.

The resale and transfer of the Non-Voting Common Stock is subject to significant restrictions.

Under the terms of the Investment Agreements, pursuant to which the Non-Voting Common Stock was initially sold to the Selling Shareholders, the Non-Voting Common Stock is restricted and may only be transferred in an “Approved Transfer”. An “Approved Transfer” means a sale or other transfer (i) to an affiliate of the holder of the Non-Voting Common Stock to be transferred under common control with such holder’s ultimate parent, general partner or investment advisor but only if the transferee agrees in writing for the benefit of United to be bound by the terms of the applicable Investor Agreement; (ii) in a widely distributed public offering registered pursuant to the Securities Act; (iii) to a person that is acquiring at least a majority of United’s outstanding “voting securities” (as defined in the Bank Holding Company Act of 1956, as amended (the “BHC Act”), and any rules or regulations promulgated thereunder) not including any voting securities such person is acquiring from the holder of the Non-Voting Common Stock to be transferred or its affiliates; or (iv) upon certification by the holder of the Non-Voting Common Stock to be transferred in writing to United that such holder believes that the transferee shall not, after giving effect to such transfer, own for purposes of the BHC Act, or the Change of Bank Control Act of 1978, as amended (the “Change of Bank Control Act”), and any rules and regulations promulgated thereunder, more than 2% of any class of voting securities of United outstanding at such time.

The restrictions on transfer applicable to the Non-Voting Common Stock may significantly impair the liquidity of the Non-Voting Common Stock. Investors in the Non-Voting Common Stock may not be able to resell their shares at a favorable price or may not be able to resell them at all. Therefore, holders of the Non-Voting Common Stock may be required to bear the economic risk of their investment for an indefinite period of time.

The transferability of our Common Stock is limited as a result of our Tax Benefits Preservation Plan.

As described under “—Risks Associated with Our Business and Related to Regulatory Events—Our ability to use our deferred tax asset balances may be materially impaired”, our ability to use net operating loss carry-forwards to reduce future tax payments may be limited or restricted. We have generated significant deferred tax assets as a result of our recent losses. In order to reduce the likelihood that future transactions in our Common Stock will result in an ownership change under Section 382, on February 22, 2011, we adopted a Tax Benefits Preservation Plan, which provides an economic disincentive for any person or group to become an owner, for relevant tax purposes, of 4.99% or more of our Common Stock.

The Tax Benefits Preservation Plan has the effect of limiting transferability of our Common Stock because it makes it more difficult and more expensive to acquire our Common Stock under the circumstances described. If you acquire shares of our Common Stock, your ability to dispose of such shares may be limited due to the reduced class of potential purchasers for the shares.

Our Common Stock and Non-Voting Common Stock are equity and therefore are subordinate to our subsidiaries' indebtedness and our preferred stock.

Our Common Stock and Non-Voting Common Stock are equity interests and do not constitute indebtedness of United. Consequently, our Common Stock and Non-Voting Common Stock rank junior to all current and future indebtedness of United and other non-equity claims against us with respect to assets available to satisfy claims against us, including in the event of our liquidation or dissolution. We may, and the bank and our other subsidiaries may also, incur additional indebtedness from time to time and may increase our aggregate level of outstanding indebtedness.

Further, holders of our Common Stock and Non-Voting Common Stock are subject to the prior dividend and liquidation rights of any holders of our preferred stock that may be outstanding from time to time. Our Board of Directors is authorized to cause us to issue additional classes or series of preferred stock without any action on the part of our shareholders. If we issue preferred shares in the future that have a preference over our Common Stock and Non-Voting Common Stock with respect to the payment of dividends or distributions upon liquidation, or if we issue preferred shares with voting rights that dilute the voting power of our Common Stock, then the rights of holders of our Common Stock and Non-Voting Common Stock could be adversely affected. Further, the market price of our Common Stock and, to the extent a trading market exists, the market price of our Non-Voting Common Stock could be adversely affected.

We rely on dividends we receive from our subsidiary and are subject to restrictions on our ability to declare or pay dividends.

As a bank holding company, our ability to pay dividends depends primarily on the receipt of dividends from our wholly-owned bank subsidiary. Dividend payments from the bank are subject to legal and regulatory limitations, generally based on retained earnings, imposed by bank regulatory agencies. The ability of the bank to pay dividends is also subject to financial condition, regulatory capital requirements, capital expenditures and other cash flow requirements. As of March 31, 2011, pursuant to these restrictions, the bank did not have the ability to pay dividends to United without prior regulatory approval.

Future dividend payments are restricted by the terms of Treasury's equity investment in us and a Board resolution.

Beginning during the third quarter of 2008, we began to pay stock dividends in lieu of cash dividends to preserve capital and strengthen our tangible common equity levels. Under the terms of the Capital Purchase Program (the "CPP") of the United States Department of the Treasury ("Treasury"), until the earlier of December 5, 2011 or the date on which the Fixed Rate Cumulative Perpetual Preferred Stock, Series B (the "Series B Preferred Stock") we sold to Treasury under the CPP has been redeemed in whole or Treasury has transferred all of the Series B Preferred Stock to third parties, we are prohibited from increasing dividends on our Common Stock from the last quarterly cash dividend per share (\$.45) declared on our Common Stock prior to December 5, 2008, as adjusted for subsequent stock dividends and other similar actions, and from making certain repurchases of equity securities without Treasury's consent.

Furthermore, as long as the Series B Preferred Stock is outstanding, dividend payments and repurchases or redemptions relating to certain equity securities are prohibited until all accrued and unpaid dividends are paid on such Series B Preferred Stock, subject to certain limited exceptions. See "Item 1. Business—Payment of Dividends" in United's Annual Report on Form 10-K for the year ended December 31, 2010, which is incorporated herein by reference.

In addition, pursuant to a resolution adopted by our Board of Directors, we have agreed with the Federal Reserve Bank of Atlanta (the "Federal Reserve") to not incur additional indebtedness, pay cash dividends or repurchase outstanding capital stock without regulatory approval.

The current dividend rates on our outstanding preferred stock are as follows: (i) 6% with respect to our Series A Preferred Stock (defined below); 5% with respect to our Series B Preferred Stock; and (iii) 9.96% with respect to our Series D Preferred Stock (defined below). The annual dividend accrual for our outstanding preferred stock is \$13,020 on our Series A Preferred Stock, \$9,000,000 on our Series B Preferred Stock and \$1,654,655 on our Series D Preferred Stock. Other than shares of our Series C Preferred Stock (defined below) that may be purchased by one of our investors, Fletcher International, Ltd., we do not have any arrangement, agreement or understanding regarding the future issuance of additional preferred stock. Currently, no shares of the Series C Preferred Stock are outstanding.

If Fletcher acquires our Common Stock under existing agreements, our existing shareholders' interests may be diluted and the market price of our Common Stock may fall.

On April 1, 2010, we entered into a securities purchase agreement with Fletcher International, Ltd. ("Fletcher") and the bank entered into an asset purchase and sale agreement with Fletcher International, Inc. and certain affiliates thereof. As part of asset purchase agreement, Fletcher received a warrant to acquire United's Common Stock Equivalent Junior Preferred Stock (the "Junior Preferred Stock") that is convertible into 1,411,765 shares of our Common Stock at a price of \$21.25 per share. In accordance with the terms of the securities purchase agreement, prior to May 29, 2012, Fletcher has the right to purchase up to \$65 million of our Series C Preferred Stock, which is convertible by Fletcher into shares of our Common Stock at \$26.25 per share (2,476,191 shares). In addition, Fletcher will receive an additional warrant to purchase \$35 million of our Common Stock at \$30.10 per share (1,162,791 shares) when it purchases the last \$35 million of Series C Preferred Stock. All of the warrants settle on a cashless exercise basis and the net shares to be delivered upon cashless exercise will be less than what would have been issuable if the warrant had been exercised for cash.

Although all of the shares of Common Stock would be issued to Fletcher at a price that is significantly more than our tangible book value, the ownership interest of existing shareholders could be diluted if such stock is issued.

We may issue additional securities that could result in dilution of your investment.

Our Board of Directors may determine from time to time that there is a need to obtain additional capital through the issuance of additional shares of the Common Stock, Non-Voting Common Stock or other securities. These issuances would likely dilute the ownership interests of our investors and may dilute the per share book value of the Common Stock and Non-Voting Common Stock.

An entity holding as little as a 5% interest in our outstanding Common Stock could, under certain circumstances, be subject to regulation as a “bank holding company”.

Any entity, including a “group” composed of natural persons, owning or controlling with the power to vote 25% or more of our outstanding Common Stock, or 5% or more if the holder otherwise exercises a “controlling influence” over us, may be subject to regulation as a “bank holding company” in accordance with the BHC Act. In addition, (i) any bank holding company or foreign bank with a U.S. presence may be required to obtain the approval of the Federal Reserve under the BHC Act to acquire or retain 5% or more of our outstanding Common Stock and (ii) any person not otherwise defined as a company by the BHC Act and its implementing regulations may be required to obtain the approval of the Federal Reserve under the Change of Bank Control Act to acquire or retain 10% or more of our outstanding Common Stock.

A company that acquires “control” of a bank or a bank holding company will itself become a bank holding company. Although “control” for purposes of the BHC Act generally requires the acquisition of 25% or more of a class of voting shares or the ability to appoint a majority of the board of directors, the Federal Reserve has the authority to determine, after a hearing, that a company has the ability to exercise a controlling influence over a bank or a bank holding company. Becoming a bank holding company imposes statutory and regulatory restrictions and obligations, such as providing managerial and financial strength for any bank subsidiaries. Regulation as a bank holding company could require the holder to divest all or a portion of the holder’s investment in the Common Stock or those nonbanking investments that may be deemed impermissible or incompatible with bank holding company status, such as a material investment in a company unrelated to banking.

An investment in the Securities is not an insured deposit.

The Securities are not bank deposits and, therefore, are not insured against loss by the FDIC or any other public or private entity. Investment in the Securities is inherently risky for the reasons described in this “Risk Factors” section and elsewhere in this prospectus, including any documents incorporated herein by reference, and is subject to the same market forces that affect the capital stock in any company. As a result, if you acquire the Securities, you may lose some or all of your investment.

A WARNING ABOUT FORWARD-LOOKING STATEMENTS

This prospectus contains forward-looking statements within the meaning of Section 27A of the Securities Act of 1933, as amended (the “Securities Act”), and Section 21E of the Securities Exchange Act of 1934, as amended (the “Exchange Act”), about United and its subsidiaries. These forward-looking statements are intended to be covered by the safe harbor for forward-looking statements provided by the Private Securities Litigation Reform Act of 1995. Forward-looking statements are not statements of historical fact, and can be identified by the use of forward-looking terminology such as “believes”, “expects”, “may”, “will”, “could”, “should”, “projects”, “plans”, “goal”, “targets”, “potential”, “seeks”, “intends”, or “anticipates” or the negative thereof or comparable terminology. Forward-looking statements include discussions of strategy, financial projections, guidance and estimates (including their underlying assumptions), statements regarding plans, objectives, expectations or consequences of various transactions, and statements about the future performance, operations, products and services of United and its subsidiaries. We caution our shareholders and other readers not to place undue reliance on such statements.

Our businesses and operations are and will be subject to a variety of risks, uncertainties and other factors. Consequently, actual results and experience may materially differ from those contained in any forward-looking statements. Such risks, uncertainties and other factors that could cause actual results and experience to differ from those projected include, but are not limited to, the risk factors set forth in this prospectus and in our Annual Report on Form 10-K for the year ended December 31, 2010:

our ability to become profitable;

our ability to fully realize our deferred tax asset balances, including net operating loss carry-forwards;

the condition of the banking system and financial markets;

the results of our most recent internal stress test may not accurately predict the impact on our financial condition if the economy was to continue to deteriorate;

our ability to raise capital as may be necessary;

our ability to maintain liquidity or access other sources of funding;

changes in the cost and availability of funding;

the success of the local economies in which we operate;

our concentrations of residential and commercial construction and development loans and commercial real estate loans are subject to unique risks that could adversely affect our earnings;

changes in prevailing interest rates may negatively affect our net income and the value of our assets;

the accounting and reporting policies of United;

if our allowance for loan losses is not sufficient to cover actual loan losses;

we may be subject to losses due to fraudulent and negligent conduct of our loan customers, third party service providers or employees;

competition from financial institutions and other financial service providers;

Treasury may change the terms of our Series B Preferred Stock;

risks with respect to future expansion and acquisitions;

conditions in the stock market, the public debt market and other capital markets deteriorate;

the impact of the Dodd-Frank Act and related regulations and other changes in financial services laws and regulations;

the failure of other financial institutions;

a special assessment that may be imposed by the FDIC on all FDIC-insured institutions in the future, similar to the assessment in 2009 that decreased our earnings; and

regulatory or judicial proceedings, board resolutions, informal memorandums of understanding or formal enforcement actions imposed by regulators that occur, or any such proceedings or enforcement actions that is more severe than we anticipate.

All written or oral forward-looking statements attributable to us or any person acting on our behalf made after the date of this prospectus are expressly qualified in their entirety by the risk factors and cautionary statements contained in and incorporated by reference into this prospectus. Unless legally required, we do not undertake any obligation to release publicly any revisions to such forward-looking statements to reflect events or circumstances after the date of this prospectus or to reflect the occurrence of unanticipated events.

USE OF PROCEEDS

We will not receive any of the proceeds from the sale of the Securities offered by the Selling Shareholders. All proceeds from the sale of the Securities will be solely for the accounts of the Selling Shareholders.

PLAN OF DISTRIBUTION

We are registering the Securities covered by this prospectus to permit the Selling Shareholders to conduct public secondary trading of the Securities from time to time after the date of this prospectus. The aggregate proceeds to the Selling Shareholders from the sale of the Securities will be the purchase price of the Securities less any discounts and commissions. A Selling Shareholder reserves the right to accept and, together with their agents, to reject, any proposed purchases of the Securities to be made directly or through agents.

The Securities offered by this prospectus may be sold from time to time to purchasers:

directly by the Selling Shareholders and their successors, which include their donees, pledgees or transferees or their successors-in-interest; or

through underwriters, broker-dealers or agents, who may receive compensation in the form of discounts, commissions or agent's commissions from the Selling Shareholders or the purchasers of the Securities.

The Selling Shareholders and any underwriters, broker-dealers or agents who participate in the sale or distribution of the Securities may be deemed to be "underwriters" within the meaning of the Securities Act. As a result, any profits on the sale of the Securities by such Selling Shareholders and any discounts, commissions or agent's commissions or concessions received by any such broker-dealer or agents may be deemed to be underwriting discounts and commissions under the Securities Act. Selling Shareholders who are deemed to be "underwriters" within the meaning of Section 2(11) of the Securities Act will be subject to prospectus delivery requirements of the Securities Act. Underwriters are subject to certain statutory liabilities, including, but not limited to, Sections 11, 12 and 17 of the Securities Act.

The Securities may be sold in one or more transactions at:

fixed prices;

prevailing market prices at the time of sale;

prices related to such prevailing market prices;

varying prices determined at the time of sale; or

negotiated prices.

The sales may be effected in one or more transactions:

on any national securities exchange or quotation on which the Securities may be listed or quoted at the time of the sale;

in the over-the-counter market;

in transactions other than on such exchanges or services or in the over-the-counter market;

through the writing of options (including the issuance by the Selling Shareholders of derivative securities), whether the options or such other derivative securities are listed on an options exchange or otherwise;

in a public auction;

through the settlement of short sales; or

through any combination of the foregoing.

These transactions may include block transactions or crosses. Crosses are transactions in which the same broker acts as an agent on both sides of the trade.

In connection with the sales of the Securities, the Selling Shareholders may enter into hedging transactions with broker-dealers or other financial institutions which in turn may:

engage in short sales of the Securities in the course of hedging their positions;

sell the Securities short and deliver the Securities to close out short positions;

loan or pledge the Securities to broker-dealers or other financial institutions that in turn may sell the Securities;

enter into option or other transactions with broker-dealers or other financial institutions that require the delivery to the broker-dealer or other financial institution of the Securities, which the broker-dealer or other financial institution may resell under the prospectus; or

enter into transactions in which a broker-dealer makes purchases as a principal for resale for its own account or through other types of transactions.

To our knowledge, there are currently no plans, arrangements or understandings between any Selling Shareholders and any underwriter, broker-dealer or agent regarding the sale of the Securities by the Selling Shareholders. In the event any underwriter, broker-dealer or agent is engaged regarding the sale of the Securities by the Selling Shareholders, we will file a post-effective amendment to the registration statement, of which this prospectus forms a part, to disclose such material change in the plan of distribution.

There can be no assurance that any Selling Shareholder will sell any or all of the Securities under this prospectus. Further, we cannot assure you that any such Selling Shareholder will not transfer, devise or gift the Securities by other means not described in this prospectus. The Securities covered by this prospectus may also be sold to non-U.S. persons outside the U.S. in accordance with Regulation S under the Securities Act rather than under this prospectus. The Securities may be sold in some states only through registered or licensed brokers or dealers. In addition, in some states the Securities may not be sold unless they have been registered or qualified for sale or an exemption from registration or qualification is available and complied with.

The Selling Shareholders and any other person participating in the sale of the Securities will be subject to the Exchange Act. The Exchange Act rules include, without limitation, Regulation M, which may limit the timing of purchases and sales of any of the Securities by the Selling Shareholders and any other such person. In addition, Regulation M may restrict the ability of any person engaged in the distribution of the Securities to engage in market-making activities with respect to the Securities being distributed. This may affect the marketability of the Securities and the ability of any person or entity to engage in market-making activities with respect to the Securities.

We have agreed to indemnify the Selling Shareholders against certain liabilities, including liabilities under the Securities Act. We have agreed to pay substantially all of the expenses incidental to the registration of the Securities, including all registration, filing and listing fees, printing expenses, fees and disbursements of our counsel, blue sky

fees and expenses, expenses incurred in connection with any “road show”, the reasonable fees and disbursements of counsel for any Selling Shareholder, and expenses of our independent accountants in connection with reviews or audits in connection with the registration of the Securities. The Selling Shareholders will be required to pay all discounts, selling commissions and stock transfer taxes applicable to the sale of the Securities and fees and disbursements of counsel for any Selling Shareholder (other than fees and disbursements included in the registration expenses).

SELLING SHAREHOLDERS

The table below sets forth information concerning the resale of the Securities by the Selling Shareholders. The Selling Shareholders acquired the Securities in connection with the Private Placement. We will not receive any proceeds from the resale of the Securities by the Selling Shareholders. Except as discussed in footnote 5 below, the Selling Shareholders have not held any position or office or had any other material relationship with us or any of our predecessors or affiliates within the past three years.

The following table is based on information provided to us by the Selling Shareholders on or about June 24, 2011 and as of such date. Because the Selling Shareholders may sell all, some or none of the Securities, no estimate can be given as to the amount of shares that will be held by the Selling Shareholders upon termination of this offering. For purposes of the table below, we have assumed that no Securities will be held by the Selling Shareholders at such time.
