**Summary of 3rd Quarter Business Report of Kookmin Bank**

On November 14, 2003, Kookmin Bank filed a 3<sup>rd</sup> quarter business report (the Business Report ) with the Financial Supervisory Commission of Korea pursuant to the Securities and Exchange Act of Korea. This is a summary of the Business Report translated into English.

All references to Kookmin Bank mean Kookmin Bank on a non-consolidated basis, and all references to we or us the Bank mean Kookmin Bank and, as the context may require, its subsidiaries. Kookmin Bank means a new entity established by a consolidation with former Kookmin Bank and H&CB on the consolidation date of October 31, 2001. Sometimes we refer it to New Kookmin Bank. On the other hand, we use the Former Kookmin Bank for the name of the former Kookmin Bank, which had been another entity before it merged H&CB.

We were formed through a consolidation between the Former Kookmin Bank and H&CB, which formed a new corporation named Kookmin Bank effective November 1, 2001. Accordingly, financial information in this Business Report since the merger date reflects the impact of the merger. Under generally accepted accounting principles in Korea, the Former Kookmin Bank is deemed the accounting acquirer of H&CB in the consolidation, and we have accounted for the acquisition using the purchase method of accounting. However, trust accounts are not accounted by the purchase method accounting according to the Korean Financial Supervisory Service s guidelines.

Therefore, unless indicated otherwise, any comparative description or table of year 2000 1) for bank accounts is based on the Former Kookmin Bank s results and 2) for trust accounts is based on simply consolidated numbers of Former Kookmin Bank s and H&CB s results.

All references to Won or W in this document are to the currency of the Republic of Korea.

- Exercise price = 51,200 Won x (1 + the increase rate of KOSPI Banking Industry Index x 0.4) / 100. The increase rate of KOSPI Banking Industry Index = (KOSPI Banking Industry Index as of the starting date of exercise period 207.25) / 207.25 x 100.
- Conditional options up to 200,000: Additional shares shall be granted if the average closing price of Kookmin Bank's stock from August 17, 2004 to November 16, 2004 (or for the three months prior to his resignation, if he resigns earlier than his original tenure) is higher than the stock prices of any other bank listed on the Korea Stock Exchange. The number of options to be granted shall be based on total score, which calculated by the earned total scores of both ROE and market capitalization on November 17, 2004 (or on the date of his resignation, if he resigns earlier than his original tenure). The additional shares will not be exercisable if the CEO works less than 18 months or the earned total score is less than 80 points.

**5.1. Board of Directors**

The board of directors holds regular meetings every quarter. The board of directors consists of directors and resolves each following matter:

- n matters relating to business objectives and performance evaluation;
- n matters relating to amendments of the Articles of Incorporation;
- n matters relating to budget and accounting including salaries of directors and employees;
- n matters relating to major organizational changes such as dissolution, business transfer and merger;
- n matters relating to internal control standards; or
- n other matters determined by law and the board of directors regulations.

We currently have six management committees that serve under the board:

- n the Board Steering Committee;
- n the Management Strategy Committee;
- n the Risk Management Committee;
- n the Audit Committee;
- n the Compensation Committee; and
- n the Non Executive Director Nomination Committee.

## Edgar Filing: KOOKMIN BANK - Form 6-K

Each committee member is appointed by the board of directors, except for members of the Audit Committee, who are elected at the general meeting of stockholders. For list of our directors, see 7. Directors, Senior Management and Employees / 7.1. Executive Directors and 7.2. Non-Executive Directors.

### 5.2. Audit Committee

Audit Committee oversees our financial reporting and approves the appointment of and interaction with our independent auditors, compliance officers, management personnel and other committee advisors. The committee also reviews our financial information, auditor's examinations, key financial statement issues and the administration of our financial affairs by the board of directors. In connection with the general meetings of stockholders, the committee examines the agenda for, and financial statements and other reports to be submitted by, the board of directors to each general meeting of stockholders. The committee holds regular meetings every quarter and as-needed basis.

**Table of Contents****5.3. Voting Rights of Shareholders**

Each outstanding share of our common stock is entitled to one vote per share.

If the method of written resolution at the general meeting of shareholders is adopted by resolution of the board of directors, at which the convening of the general meeting of shareholders is determined, the shareholders may exercise their voting rights in writing without participating the meeting in person. In this case, the Bank is required to send the documents and references necessary for exercise of voting rights, together with the convening notice.

If a shareholder intends to exercise his/her voting rights in writing, the shareholder is required to fill in a certain form and submit it to the Bank one day before the date set for the general meeting of shareholders.

**5.4. Compensation to the Directors**

For the 9 months ended September 30, 2003, the aggregate of the remuneration paid by us to 1) the Chairman, President & CEO and our other executive directors and 2) our non-executive directors was 2,483 million Won, 389 million Won, respectively. **Report of Independent Accountants**

To the Board of Directors and Shareholders of

Kookmin Bank

We have reviewed the accompanying non-consolidated balance sheet of Kookmin Bank ( the Bank ) as of September 30, 2003, the related non-consolidated statements of operations and cash flows for the three-month and nine-month periods ended September 30, 2003, and statement of operations for the nine-month period ended September 30, 2002, expressed in Korean Won. These financial statements are the responsibility of the Bank s management. Our responsibility is to issue a report on these financial statements based on our review. We have not performed a review of the statement of operations of the Bank for the three-month period ended September 30, 2002 presented herein for comparative purposes.

We conducted our review in accordance with the quarterly and semi-annual review standards established by the Securities and Futures Commission of the Republic of Korea. These standards require that we plan and perform the review to obtain moderate assurance as to whether the financial statements are free of material misstatement. A review is limited primarily to inquiries of the Bank s personnel and analytical procedures applied to financial data and thus provides less assurance than an audit. We have not performed an audit and, accordingly, we do not express an audit opinion.

Based on our reviews, nothing has come to our attention that causes us to believe that the accompanying non-consolidated financial statements are not presented fairly, in all material respects, in accordance with financial accounting standards generally accepted in the Republic of Korea.

We previously audited in accordance with auditing standards generally accepted in the Republic of Korea, the non-consolidated balance sheet as of December 31, 2002, and the related non-consolidated statement of operations, appropriations of retained earnings, and of cash flows for the year then ended, not presented herein, and in our report dated February 7, 2003, we expressed an unqualified opinion on those non-consolidated financial statements. In our opinion, except for the restatement made pursuant to the provisions under Statement of Korean Financial Accounting Standards No. 6, the balance sheet as of December 31, 2002 provided herein for comparative purposes does not differ, in all material respects, from the balance sheet from which it has been derived.

**Table of Contents**

As discussed in Note 2 to the accompanying non-consolidated financial statements, as of December 2002, the Bank changed the rates for determining the allowances for losses from consumer loans and credit card loans, in anticipation of the increasing risk of loan losses due to the increase in consumer loans and credit card loans, as follows:

Credit Risk Classification	Allowance Rates	Allowance Rates after Changes	
	before Changes	Consumer	Credit Cards
Normal	0.50%	0.75%	1.00%
Precautionary	2.00%	8.00%	12.00%
Sub-standard	20.00%	20.00%	20.00%
Doubtful	50.00%	55.00%	60.00%
Estimated loss	100.00%	100.00%	100.00%

As a result of the above change, the Bank's allowances for loan losses as of September 30, 2003 are increased by (Won)326,451 million for consumer loans and (Won)381,300 million for credit card loans compared to the amounts that which would have been recorded under the previous rates.

As discussed in Note 33 to the accompanying non-consolidated financial statements, on May 30, 2003, the Bank obtained approval from the Board of Directors to enter into a merger agreement with Kookmin Credit Card Co., Ltd. (the Subsidiary), its majority-owned subsidiary. According to the resolution of the Board of Directors, the Bank merged with the Subsidiary on September 30, 2003. The merger was effected through an exchange of shares with the shareholders of the Subsidiary as of July 24, 2003, besides the Bank, receiving 0.442983 share of the Bank's common stock for each share of the Subsidiary. The total assets and liabilities of the Subsidiary as of September 30, 2003 are (Won)10,595,409 million and (Won)9,391,897 million, respectively.

As discussed in Note 17 to the accompanying non-consolidated financial statements, the Bank sold to Sun Capital Inc., 65.43% of its 85.43% investment in, and (Won)172,024 million of its loans to, Alpha Capital Corp., for (Won)145,000 million on August 30, 2002. The Bank also sold an additional 5.03% of its investment in Alpha Capital Corp. to Sun Capital Inc. for (Won)900 million on October 28, 2002.

As discussed in Note 17 to the accompanying non-consolidated financial statements, the Bank sold its 87.00% investment in Kookmin Investment Trust Management Co., Ltd. to Morgan Stanley Private Equity (the M&A private funds led by Morgan Stanley Global Emerging Markets Inc. and affiliated funds) on May 29, 2002 and sold its 88.66% investment in Kookmin Leasing Co., Ltd. to Sun Capital Inc. on December 27, 2002.

As discussed in Note 4 to the accompanying non-consolidated financial statements, KB Investment Co., Ltd., Frontier Investment Co., Ltd., and Kookmin Investment Co., Ltd. were all previously subsidiaries of the Bank. To avoid duplicate investments, KB Investment Co., Ltd. merged with Frontier Investment Co., Ltd. and Kookmin Investment Co., Ltd. on December 31, 2001 and June 27, 2002, respectively.

**Table of Contents**

As discussed in Note 17 to the accompanying non-consolidated financial statements, the operations of the Bank may be directly or indirectly affected by the generally unstable economic conditions, and the impact of the implementation of structural reforms in the Republic of Korea. As of September 30, 2003, the Bank's total exposure (including debt securities, beneficiary certificates, and loans) to domestic credit card companies and capital companies amount to (Won)3,204,091 million. Currently, securities issued by credit card companies and capital companies, which are experiencing liquidity problems, are not widely traded in the bond market. The ultimate effect of these circumstances on the financial position of the Bank as of the balance sheet date cannot be presently determined, and accordingly, no adjustments related to such uncertainties have been recorded in the accompanying non-consolidated financial statements.

Accounting principles and review standards and their application in practice vary among countries. The accompanying financial statements are not intended to present the financial position, results of operations and cash flows in conformity with accounting principles and practices generally accepted in countries and jurisdictions other than the Republic of Korea. In addition, the procedures and practices used in the Republic of Korea to review such financial statements may differ from those generally accepted and applied in other countries. Accordingly, this report and the accompanying non-consolidated financial statements are for use by those who are knowledgeable about Korean accounting principles or review standards and their application in practice.

**1. The Bank**

Kookmin Bank ( the Bank ) was established in 1963 under the Citizens National Bank Act to provide and administer funds for financing the general public and small businesses. Pursuant to the repeal of the Citizens National Bank Act, effective January 5, 1995, the Bank has conducted its operations in accordance with the provisions of the General Banking Act.

The Bank merged with Korea Long Term Credit Bank ( KLB ) on December 31, 1998 and with Daegu, Busan, Jeonnam Kookmin Mutual Savings & Finance Co., Ltd. on August 22, 1999. Also, under the decision of the Financial Supervisory Commission in accordance with the Structural Improvement of the Financial Industry Act, the Bank purchased certain assets, including loans classified as normal or precautionary, and assumed most of the liabilities of Daedong Bank as of June 29, 1998. Also, the Bank completed the legal consolidation with H&CB as of October 31, 2001 (Note 32) and merged with Kookmin Credit Card Co., Ltd. (the Subsidiary , its majority-owned subsidiary, on September 30, 2003 (Note 33).

The Bank had its shares listed on the Korea Stock Exchange since September 1994. As a result of the business combination with H&CB, the former shareholders of the Bank and H&CB received new common shares of the Bank on the basis of a pre-determined ratio. The new common shares of the Bank were relisted on the Korea Stock Exchange as of November 9, 2001. As of September 30, 2003, the Bank's paid-in capital amounts to (Won)1,681,896 million and 35,729,664 shares of the Bank are listed on the New York Stock Exchange as American Depositary Shares ( ADSs ).

The Bank engages in the banking and trust businesses according to the provisions of the General Banking Act and the Trust Business Act and operates through 1,255 domestic branches and offices (excluding ATMs) and three overseas branches as of September 30, 2003.

**2. Summary of Significant Accounting Policies**

The significant accounting policies followed by the Bank in the preparation of its non-consolidated financial statements are summarized below.

**Basis of Financial Statement Presentation**

## Edgar Filing: KOOKMIN BANK - Form 6-K

The Bank maintains its official accounting records in Korean Won and prepares statutory financial statements in the Korean language in conformity with financial accounting standards generally accepted in the Republic of Korea. The accompanying financial statements have been condensed, restructured and translated into English from the Korean language non-consolidated financial statements. Certain accounting principles applied by the Bank that conform with financial accounting standards and accounting principles in the Republic of Korea may not conform with generally accepted accounting principles in other countries. Accordingly, these financial statements are intended for use by those who are informed about Korean accounting principles and practices.

The preparation of the non-consolidated financial statements in conformity with financial accounting standards requires management to make estimates and assumptions that affect amounts reported therein. Although these estimates are based on management's best knowledge of current events and actions that the Bank may undertake in the future, actual results may be different from those estimates.

### **Application of the Statements of Korean Financial Accounting Standards**

The Bank's non-consolidated interim financial statements were prepared in accordance with financial accounting standards generally accepted in the Republic of Korea and Statements of Korean Financial Accounting Standards No. 2 through No. 9, in effect for the fiscal periods beginning after December 31, 2002.

The significant accounting policies adopted by the Bank in the preparation of its interim financial statements are identical to the accounting policies followed by the Bank in the preparation of its annual financial statements for the year ended December 31, 2002, except for the classification of securities. The statements of cash flows for the three months and nine months ended September 30, 2002 are not presented pursuant to the transition provision of Statement of Korean Financial Accounting Standards No. 2.

The financial statements of prior periods, presented herein for comparative purposes, were reclassified in accordance with Korean Financial Accounting Standards applicable to the Bank as of September 30, 2003. Such reclassification does not affect either prior year net income or net assets.

**Recognition of Interest Income**

The Bank recognizes interest income on loans and debt securities on an accrual basis. However, interest income on delinquent and dishonored loans and debt securities, other than those collateralized with security deposits or guaranteed by financial institutions, is recognized on a cash basis. As of September 30, 2003, the Bank has non-accrual loans and securities of (Won)10,681,874 million and (Won)380,497 million, respectively, with related foregone interest of (Won)665,046 million and (Won)191,727 million, respectively. However, loan balance of Kookmin Credit Card Co., Ltd. was not included in the above amount.

**Translation of Foreign Currency**

Assets and liabilities denominated in foreign currencies are translated into Korean Won at exchange rates announced by Seoul Money Brokerage Services, Ltd. (September 30, 2003, USD 1:(Won)1,150.2) at the balance sheet date. The resulting exchange gains or losses are reflected in other operating income or expenses.

**Allowances for Loan Losses**

The Bank applies its internal credit rating system, the Forward Looking Criteria ( FLC ), to corporate loans in order to classify the borrowers and to determine the allowances for loan losses. Effective as of January 1, 2002, the classification of corporate borrowers was changed from 10 credit risk categories (AAA, AA, A, BBB, BB, B, CCC, CC, C, D) to 12 credit risk categories (AAA, AA, A, BBB, BB, BB-, B, B-, CCC, CC, C, D). The credit risk classification under the FLC is based on a scaled valuation of financial and non-financial risks with additional consideration of the loan type, collateral and/or guarantees.

Allowances are determined by applying at minimum the following rates to the outstanding balances of each credit risk classification:

<u>Credit Risk Classification</u>	<u>Credit Ratings</u> <u>before Changes</u>	<u>Credit Ratings</u> <u>after Changes</u>	<u>Allowance Rates</u>
-----------------------------------	--	---	------------------------

Edgar Filing: KOOKMIN BANK - Form 6-K

Normal	AAA ~ B	AAA ~ B	0.5%
Precautionary	CCC	B-, CCC	2%
Sub-standard	CC	CC	20%
Doubtful	C	C	50%
Estimated loss	D	D	100%

However, the Bank does not apply the FLC to small-sized corporate loans, consumer loans, and credit card loans. Alternatively, the bank classifies such loans by considering the current financial status including delinquent number of days, bankruptcies and collateral value. As of December 2002, the rates used for determining the allowances for losses from corporate loans, consumer loans, and credit card loans were changed as follows:

Credit Risk Classification	Allowance Rates	Allowance Rates after Changes		
	before Changes	Corporate	Consumer	Credit Cards
Normal	0.50%	0.50%	0.75%	1.00%
Precautionary	2.00%	2.00%	8.00%	12.00%
Sub-standard	20.00%	20.00%	20.00%	20.00%
Doubtful	50.00%	50.00%	55.00%	60.00%
Estimated loss	100.00%	100.00%	100.00%	100.00%

As a result of the above change, the Bank's allowances for loan losses as of September 30, 2003 are increased by (Won)326,451 million for consumer loans and (Won)381,300 million for credit card loans compared to the amounts which would have been recorded under the previous rates.

**Present Value Discounts**

Troubled debt restructuring loans, which are modified as to outstanding principal, interest rate, and/or maturity under programs such as workout, court receivership, court mediation, or debt restructuring agreements of parties concerned, are carried at present value if the difference between the book value and the present value of the restructured loan is significant. When estimating the present value of the loans, the Bank applies the interest rate as of the inception of the loans, except for the interest rate of variable rate loans and extended maturity loans, which are adjusted to reflect the interest rate as of the restructuring date. The present value discounts are recorded by reclassifying allowances for loan losses and if additional allowances need to be provided for, the additional allowances are provided and recognized as provision for loan losses of the current period. These present value discounts are amortized using the effective interest method and are recognized as other interest income. Allowances for loan losses on the restructured loans are provided for based on the loan balances net of present value discounts.

The Bank recorded (Won)13,940 million of present value discounts as of September 30, 2003 on long-term deposits placed with Hansol Mutual Savings & Finance Co., Ltd. (previously, Bukook Mutual Savings & Finance Co., Ltd.), a subsidiary of the Bank sold in December 1999 (See Note 3). The receivables from the disposal of foreclosed assets that are redeemed in long-term installments are recorded in the balance sheet net of the related present value discounts.

**Securities**

Securities that are bought and held principally for the purpose of generating profits on short-term differences in price, and which are actively and frequently bought and sold, are classified as trading securities. Debt securities with fixed or determinable payments and fixed maturity, and which the Bank has the positive intent and ability to hold to maturity are classified as held-to-maturity securities. Investments classified as neither trading securities nor held-to-maturity securities are classified as available-for-sale securities.

Trading and available-for-sale securities are carried at fair value, except for non-marketable equity securities classified as available-for-sale securities, which are carried at cost. Trading and available-for-sale debt securities are carried at fair value as provided by private bond pricing institutions.

Unrealized holding gains or losses on trading securities are charged to current operations and those resulting from available-for-sale securities are recorded as capital adjustments, the accumulated amount of which shall be charged to operations when the related securities are sold or when an impairment loss on the securities is recognized.

Held-to-maturity securities are generally carried at amortized cost. Premiums and discounts on debt securities are amortized over the maturity period using the effective interest method.

Impairment losses are recognized in current operations when the recoverable amounts are less than the acquisition cost of equity securities or amortized cost of debt securities.

### **Investments in Associates**

Investments in associates, over which the Bank exercises significant control or influence, are accounted for under the equity method. Under the equity method, the Bank records changes in its proportionate ownership of the associate in current operations, as capital adjustments or as adjustments to retained earnings, depending on the nature of the underlying change in the book value of the investment in associate.

The Bank discontinues the equity method of accounting for investments in associates when the Bank's share of accumulated losses equals the costs of the investments and until the subsequent cumulative changes in its proportionate net income of the associate equal its cumulative proportionate net losses not recognized during the periods when the equity method was suspended.

Differences between the initial purchase price and the Bank's initial proportionate ownership of the net book value of the associate are amortized or accreted using the reasonable method and are charged to current operations.

Gains and losses recorded by the Bank from inter-company transactions with associates are fully eliminated. Gains and losses recorded by the associates from these transactions are proportionately eliminated, based on the Bank's percentage of ownership.

**Fixed Assets and Related Depreciation**

Tangible assets are recorded at cost, except for upward revaluation of certain assets in accordance with the Korean Asset Revaluation Law. Depreciation is calculated based on the estimated average useful lives of the assets and is presented as accumulated depreciation, which is a contra account of tangible assets in the financial statements.

The estimated useful lives and depreciation methods of the tangible assets are as follows:

<u>Tangible assets</u>	<u>Depreciation Method</u>	<u>Estimated Useful Life</u>
Buildings and structures	Straight-line method	40 years
Leasehold improvements	Declining balance method	4-5 years
Equipment and vehicles	Declining balance method	4-5 years

Expenditures that enhance the value or extend the useful life of the assets involved are capitalized as additions to tangible assets. Routine maintenance and repairs are recognized as expenses as incurred.

Foreclosed assets acquired through, or in lieu of, loan redemption are stated at cost and are not depreciated. A valuation allowance is recorded where the latest bidding price at a public auction is below the book value, and is presented as a contra account of foreclosed assets in the financial statements.

Intangible assets are amortized based on the following estimated average useful lives and are presented in the financial statements net of accumulated amortization:

<u>Intangible Asset</u>	<u>Amortization Method</u>	<u>Estimated Useful Life</u>
Goodwill	Straight-line method	9 years
Development costs	Straight-line method	5 years
Trademarks	Straight-line method	1-10 years

Others

Straight-line method

7-30 years

The Bank estimated the useful life of endowment assets that are beneficial upon usage, classified under other intangible assets, as 30 years based on the term of the contract.

The Bank recorded goodwill as a result of the merger with H&CB for the cost of the merger exceeding the fair value of the net assets acquired.

Development costs directly related to new technology or new products (including costs related to software development) are capitalized as intangible assets to the extent that the estimated future benefits are probable.

The Bank adjusts the book value of a fixed asset to its recoverable amount and recognizes the difference as an impairment loss when the recoverable amount is significantly below the book value due to obsolescence or decline in market value. The subsequent increase in recoverable amount in excess of the book value is recognized, to the extent of the pre-impairment book value, as reversal of fixed asset impairment losses.

#### **Stock Issuance Costs and Debenture Issuance Costs**

Stock issuance costs are deducted from paid-in capital in excess of par value. Debenture issuance costs are recorded as discounts on debentures and amortized over the maturity period of the debentures using the effective interest method.

#### **Accrued Retirement Benefits-**

Employees and directors with more than one year of service as of June 30, 2003 are entitled to receive a lump-sum payment upon termination of their employment with the Bank, based on their length of service and rate of pay at the time of termination. Additionally, the Bank records the contributions to pension funds, which grant the payment rights to its employees, and contributions to the National Pension Fund, as contra accounts of accrued retirement benefits.

**Guarantees and Acceptances**

The Bank applies the credit risk classification used for loans to outstanding guarantees and acceptances, and provides allowances for losses of 20%, 50% and 100% of the outstanding guarantees and acceptances classified as sub-standard, doubtful, and estimated loss, respectively.

**Deferred Income Taxes**

The Bank records the future tax effects of temporary differences between the financial and tax bases of assets and liabilities as deferred tax assets or liabilities. The tax effects of temporary differences arising from the cumulative effects of accounting changes are adjusted in retained earnings.

**Bonds under Repurchase/Resale Agreements**

Securities bought under resale agreements are recorded in loans as bonds purchased under resale agreements. Securities sold under repurchase agreements are recorded in borrowings as bonds sold under repurchase agreements. Interest from bonds purchased under resale agreements and bonds sold under repurchase agreements are recognized as interest income on loans and interest expense on borrowings, respectively.

**Derivatives Instruments**

Derivative instruments for trading or hedging purpose are recorded at fair value and resulting unrealized gains and losses are recognized in current operations, except for the effective portion of derivative transactions entered into for the purpose of cash-flow hedges, which is recorded as an adjustment to shareholders' equity.

Fair value hedge accounting is applied to a derivative instrument with the purpose of hedging the exposure to changes in the fair value of an asset or a liability or a firm commitment that is attributable to a particular risk. The gain or loss, both on the hedging derivative instrument and on the hedged item attributable to the hedged risk, is reflected in current operations.

Cash flow hedge accounting is applied to a derivative instrument with the purpose of hedging the exposure to variability in expected future cash flows of an asset or a liability or a forecasted transaction that is attributable to a particular risk. The effective portion of the gain or loss on a derivative instrument designated as a cash flow hedge is recorded as a capital adjustment and the ineffective portion is recognized in current operations. The effective portion of the gain or loss recorded as a capital adjustment is reclassified to current operations in the same period during which the hedged forecasted transaction affects earnings. If the hedged transaction results in the acquisition of an asset or the incurrence of a liability, the gain or loss recognized as a capital adjustment is added to or deducted from the asset or the liability.

### **Stock Options**

The Bank applies the intrinsic value method, as it expects the settlement of stock options in cash. Accordingly, the Bank recognizes the compensation cost, which is the difference between the exercise price and the stock price as of the balance sheet date, by allocating the amount over the contracted service period ( Note 13).

### **National Housing Fund**

The Bank, as designated by the Korean Government under the Housing Construction Promotion Law, manages the sources and uses of funds of the National Housing Fund (the NHF ) and records the related NHF account in other liabilities. In addition, the Bank pays interest, which is computed by multiplying the average balance of the NHF account by the passbook deposit interest rate, to the NHF.

**Gains and Losses on Trust Management**

The Bank's trust accounts (the Trust Accounts) recognize as an expense the trust commissions paid to the banking accounts, which is equivalent to the total trust revenue less total trust expenses and trustee benefits (including the guaranteed principal and minimum rate of return). The Bank recognizes these trust commissions as a gain on trust management in other operating income. The trust fees on money trusts consist of base fees of 0.5% ~ 2.0% (depending on trust fund types) and special fees applied to the invested capital.

Under the Trust Business Act, reserves for future losses are set up in the trust accounts for losses related to those trust funds with a guarantee of the principal or of a certain minimum rate of return. The reserves are used to provide for the losses on such trust funds and, if the losses are incurred in excess of the reserves for future losses, the excess losses are compensated by the Bank. Accordingly, the banking accounts recognize the compensation paid as a loss on trust management in other operating expenses and the trust accounts recognize the corresponding compensation as compensation from banking accounts. There were no compensations paid for the nine-month period ended September 30, 2003.

**Translation of the Foreign Currency Financial Statements of Foreign Entities**

Accounting records of the overseas branches are maintained in the foreign currency prevailing in their respective countries. For the purpose of presentation in the accompanying financial statements, the financial statements of the branches have been translated into Korean Won, using exchange rates published by Seoul Money Brokerage Services, Ltd. as of September 30, 2003.

**Statement of Cash Flows**

The Bank had applied the fair value method using an option-pricing model in measuring compensation cost until September 30, 2002. However, as of October 1, 2002, expecting a high probability of grant and exercise of the options as stock appreciation rights, the Bank changed the measurement method to the intrinsic value method. As a result, previous amounts recorded in capital adjustments (stock options) have been reclassified into accrued expenses. Compensation costs are summarized as follows (in millions of Won):

	Series 1	Series 2	Series 3	Series 5	Series 6	Series 10	Increase due to merger	Total

**16. Derivatives**

The Bank's derivative instruments are divided between hedge derivatives and trading derivatives based on the purpose of the transaction. The Bank enters into hedge transactions mainly for purposes of hedging fair value risks related to its assets and liabilities.

Trading derivatives include future contracts, forward contracts, swaps, and options entered into by the Bank to meet the financing needs of its customers and to gain profit from arbitrage transactions between customers and other banks. The Bank also uses derivative instruments in managing its own trading and asset-liability management exposures to fluctuations in interest rates and foreign exchange risks.

Hedge derivatives mainly comprise of interest rate swaps to hedge the fair value changes of debentures arising from the interest rate fluctuations. Some hedging transactions do not qualify for hedge accounting and are thus accounted for as trading derivatives. These transactions include the hedge relationships where the hedged item is an asset or liability that is re-measured with the changes in fair value attributable to the hedged risk reported in current operations or where the hedged item cannot be specifically identified.

**17. Commitments and Contingencies**

As of September 30, 2003, 213 pending legal actions with an aggregate amount of damages of (Won)114,113 million are charged against the Bank and the Bank had also filed 152 lawsuits, which are still pending with an aggregate amount of claims of (Won)218,635 million. Management believes that the actions against the Bank are without merit and that the ultimate liability, if any, will not materially affect the Bank's financial position.

The Bank, under the Mutual Savings & Finance Company Act, is liable for the payment of the deposits of Orange Mutual Savings & Finance Co., Ltd. (previously, Kookmin Mutual Savings & Finance Co., Ltd.) and Hansol Mutual Savings & Finance Co., Ltd. (previously, Bukook Mutual Savings & Finance Co., Ltd.), previously the Bank's subsidiaries but were sold during 1999, if they enter into bankruptcy within three years of sale. Orange Mutual Savings & Finance Co., Ltd. is currently undergoing bankruptcy procedures due to the disapproval of its business by the Financial Supervisory Commission. Korea Deposit Insurance Corporation (KDIC) has paid for the deposit money subject to the Depositor Protection Act. Despite the fact that Resolution and Finance Corp. (a subsidiary of KDIC) has filed a lawsuit against the Bank for the recovery of the repayment, such lawsuit is not expected to cause losses that would materially affect the Bank's financial position.

The Bank has entered into commitments to provide a credit line of (Won)4,819,100 million, and to purchase commercial paper amounting to (Won)1,621,000 million, with asset securitization companies. Under these commitments, the Bank provides money, in case of a temporary fund shortage, for the principal and interest repayment of these companies' senior bonds within the contracted term and amounts. As of September 30, 2003, loans outstanding under the credit line commitment amounted to (Won)33,924 million, and there is no balance for commercial papers purchased under the purchase commitment. The Bank has arranged various methods to compensate for losses on these credit line commitments including payment guarantees, repurchase contracts, surety certificate guarantees, and cash reserves. Also, a reserve was recognized for the resulting expected losses amounting to (Won)69,396 million as other allowances (Note 14).

The Bank has an off-shore loan commitment, limited to USD 12,367 thousand, and the loan balance under the commitment as of September 30, 2003 is USD 4,323 thousand.

As of September 30, 2003, the Bank has an outstanding obligation to repurchase and/or indemnify for losses on the loans and securities sold to Kookmin 6th-ABS Specialty Co., Ltd. and Jooeun 5th-ABS Specialty Co., Ltd. (collectively, the SPEs) with a ceiling of (Won)72,000 million and (Won)36,957 million, respectively. A reserve was recognized for the resulting expected losses amounting to (Won)3,435 million as other allowances (Note 14).

## Edgar Filing: KOOKMIN BANK - Form 6-K

Also, the Bank has an outstanding obligation to repurchase and/or indemnify for losses on the loans sold to Kookmincard 1st-ABS Specialty Co., Ltd. and Kookmincard 14th-ABS Specialty Co., Ltd. (collectively, the SPEs ) with a ceiling of (Won)9,458 million and (Won)33,001 million . No adjustments have been made in the accompanying financial statements related to such uncertainties.

As of September 30, 2003, post settlements on the loan sales transaction with Korea Asset Management Corporation ( KAMCO ) have been completed and the Bank has provided allowances of (Won)1,014 million for losses from possible future repurchase of loans from KAMCO under the repurchase agreement with a ceiling of (Won)5,280 million ( Note 14).

The Bank sold to Sun Capital Inc., 65.43% of its 85.43% investment in, and (Won)172,024 million of its loans to, Alpha Capital Corp., for (Won)145,000 million on August 30, 2002. The Bank also sold an additional 5.03% of its investment in Alpha Capital Corp. to Sun Capital Inc. for (Won)900 million on October 28, 2002.

The Bank sold its 87.00% investment in Kookmin Investment Trust Management Co., Ltd. to Morgan Stanley Private Equity (the M&A private funds led by Morgan Stanley Global Emerging Markets Inc. and affiliated funds) on May 29, 2002 and sold its 88.66% investment in Kookmin Leasing Co., Ltd. to Sun Capital Inc. on December 27, 2002.

As of September 30, 2003, the Bank holds the unexpired rights to claim from borrowers or guarantors for loans, in accordance with the relevant law, which have already been written off, amounting to (Won)7,008,730 million. Also, as of September 30, 2003, the Bank holds endorsed bills

amounting to (Won)9,434 million.

The Bank entered into an alliance with Koram Bank, Woori Credit Card, Citibank, The Fisheries Cooperative Union and Nonghyup for to operate a credit card business. Accordingly, the Bank shares the related revenue from such operation.

The Bank has current account agreements with two banks including Korea Exchange Bank and has provided two blank notes to financial institutions for borrowings.

In response to the generally unstable economic conditions, the Korean government and the private sector have been implementing structural reforms to historical business practices. Implementation of these reforms is progressing slowly, particularly in the areas of restructuring private enterprises and reforming the banking industry. The Korean government continues to apply pressure to Korean companies to restructure into more efficient and profitable firms. The Bank may be either directly or indirectly affected by these generally unstable economic conditions and the reform program described above. The accompanying non-consolidated financial statements reflect management's assessment of the impact to date of the economic situation on the financial position of the Bank. Actual results may differ materially from management's current assessment. As of September 30, 2003, the Bank's total exposure (including debt securities, beneficiary certificates, and loans) to domestic credit card companies and capital companies amounts to (Won)3,204,091 million. Currently, securities issued by credit card companies and capital companies, which are experiencing liquidity problems, are not widely traded in the bond market. The ultimate effect of these circumstances on the financial position of the Bank as of the balance sheet date cannot be presently determined, and accordingly, no adjustments related to such uncertainties have been recorded in the accompanying financial statements.

**18. Capital Stock**

As of September 30, 2003, the Bank has 1,000,000,000 common shares (par value per share: (Won)5,000) authorized and 336,379,116 shares issued. ING Insurance International B.V. and the Korean government own 3.78%, and 9.10%, respectively, of the total issued shares. As of September 30, 2003, 35,729,664 common shares, equivalent to 10.62% of the total issued shares, are listed on the New York Stock Exchange as ADSs and are managed by the Bank of New York, the trustee of the Bank.

Under the General Banking Act, if a single entity, other than the government or a foreign investor, owns more than 4% of total outstanding voting shares, the entity's voting rights are limited to those of 4% shareholders.

As a result of the legal consolidation with H&CB, the shareholders of the Bank and H&CB, listed on the Register of Shareholders at October 31, 2001, received 179,775,233 new shares and 119,922,229 new shares of the Bank, respectively, at the exchange ratio of one new common share of the Bank for 1.688346 old shares of the Bank and 1 share of H&CB, respectively. The new shares of the Bank were relisted on the Korea Stock Exchange as of November 9, 2001. In addition, the Bank issued 8,120,431 shares as a result of the merger with Kookmin Credit Card Co., Ltd.

The Bank is authorized to issue to non-shareholders convertible bonds and bonds with stock purchase warrants up to total par value amounts of (Won)2,500 billion and (Won)500 billion, respectively.

**19. Capital Surplus**

The movements in capital surplus for the nine-month period ended September 30, 2003 are as follows (in millions of Won):

	<u>Beginning Balance</u>	<u>Changes</u>	<u>Ending Balance</u>
Paid-in capital in excess of par value	(Won) 5,287,708	(Won) 368,344	(Won) 5,656,052

	<u>(Won) 5,864,752</u>	<u>(Won) 368,293</u>	<u>(Won) 6,233,045</u>

The increase in paid-in capital in excess of par value is the difference between the price of shares issued for the merger with Kookmin Credit Card Co., Ltd. and the net asset value of Kookmin Credit Card Co., Ltd.

The gain on business combination is due to the difference between the business combination consideration and the net asset value acquired from the merger with KLB on December 31, 1998, and the current period change in other capital surplus is due to the loss on disposal of treasury stock.

**20. Retained Earnings**

The General Banking Act requires the Bank to appropriate as a legal reserve a minimum of 10 percent of annual net income until the legal reserve equals paid in capital. This reserve is not available for payment of cash dividends but may be transferred to capital stock by an appropriate resolution by the Bank's Board of Directors or used to reduce accumulated deficit, if any, by an appropriate resolution of the Bank's shareholders.

In accordance with the regulations regarding securities issuance and disclosure (formerly the provisions of the Financial Control Regulation for publicly listed companies), the Company is required to appropriate, as a reserve for improvement of financial structure, a portion of retained earnings equal to a minimum of 50 percent of its annual income plus at least 10 percent of the net gain from the disposal of property, plant and equipment after deducting related taxes, until equity equals 30 percent of shareholders' equity. As of September 30, 2003, the Bank has no reserve for improvement of financial structure.

Pursuant to the Tax Exemption and Reduction Control Law, the Bank is required to appropriate, as a reserve for business rationalization, amounts equal to tax reductions arising from tax exemptions and tax credits. This reserve is not available for the payment of cash dividends, but may be transferred to capital stock or used to reduce accumulated deficit, if any.

As of September 30, 2003, other reserves are appropriated for the operations of overseas branches.

The Bank has retroactively applied Statement of Korean Financial Accounting Standards No. 6, *Subsequent Events*. The financial statements as of and for the year ended December 31, 2002 have been retroactively restated for the change, which resulted to a decrease in liability and an increase in retained earnings for the amount of (Won) 325,233 million.

**21. Capital Adjustments**

## Edgar Filing: KOOKMIN BANK - Form 6-K

Diluted EPS is computed by dividing diluted net income, which is adjusted by adding back the after-tax amount of interest expenses on any convertible debt and dividends on any convertible stocks by the weighted average number of common shares and diluted securities outstanding during the year.

Diluted ordinary income per share is computed by dividing diluted ordinary income allocated to common stock which is diluted net income allocated to common stock as adjusted by extraordinary gains or losses net of related income taxes by the weighted average number of common shares and diluted securities outstanding during the year assuming conversion into common shares at the beginning of the year.

Weighted average number of common shares outstanding before and after dilution for the nine-month period and three-month period ended September 30, 2002 are calculated as follows:

	<u>Nine-month period</u>	<u>Three-month period</u>
Weighted average number of common shares before dilution	317,390,563	316,906,681
Convertible bonds	10,581,269	10,581,269
Employee stock option	303,019	
Diluting shares	10,884,288	10,581,269
Diluted weighted average number of common shares	328,274,851	327,487,950

for the three-month and nine-month periods ended September 30, 2003 and 2002

(Unaudited - See Independent Accountant's Report)

Diluted EPS for the nine-month periods ended September 30, 2003 is calculated as follows (in millions of Won):

	<u>Nine-month period</u>	<u>Three-month period</u>
Net income after income taxes	(Won) 1,512,868	(Won) 348,844
Interest expenses on convertible bonds	4,556	1,533
Stock compensation expenses	431	
	<u>1,517,855</u>	<u>350,377</u>

Weighted average number of common shares outstanding	328,274,851	327,487,950
	<u>4,624</u>	<u>1,070</u>
Diluted earnings per share (in Won)	(Won)	(Won)

The interest expenses on convertible bonds and stock compensation expenses used in the calculation of the diluted EPS are net of the tax effect. The number of common shares assumed to be convertible bonds is calculated by dividing the total convertible bond amount by the conversion price per share.

Earnings(Loss) per share, ordinary income per share, diluted EPS and diluted ordinary income per share for the three-month period ended March 31, 2003, for the three-month period ended June 30, 2003 and for the year ended December 31, 2002, are calculated as follows.

	<u>December 31, 2002</u>	<u>March 31, 2003</u>	<u>June 30, 2003</u>
Earnings(Loss) per share	(Won)4,123	(Won)227	(Won) (-)352
