**PROXY STATEMENT FOR THE
2004 ANNUAL MEETING OF SHAREHOLDERS**

The Company's Board of Directors is furnishing you with this Proxy Statement to solicit proxies to be voted at the 2004 Annual Meeting of Shareholders. The Annual Meeting will be held at 10:00 a.m. on Wednesday, May 5, 2004 at the Wrigley Building, 410 N. Michigan Avenue (Lower Level), Chicago, Illinois 60611. The proxies also may be voted at any adjournments or postponements of the meeting.

The mailing address of our principal executive offices is One East Wacker Drive, Chicago, Illinois 60601. We began sending these proxy materials on or about March 29, 2004 to all shareholders entitled to vote at the 2004 Annual Meeting.

All properly executed proxy cards, and all properly completed proxies submitted by telephone or through the Internet, that are delivered in response to this solicitation will be voted at the Annual Meeting in accordance with the directions given in the proxy, unless the proxy is revoked before the meeting.

**QUESTIONS AND ANSWERS ABOUT
THE ANNUAL MEETING AND VOTING**

Proxy and Proxy Statement

What is a proxy?

A proxy is your legal appointment of another person to vote the stock you own. That other person is called a proxy. If you appoint someone as your proxy in a written document, that document is also called a proxy or a proxy card. We have designated the Company's Chairman and Chief Executive Officer, Richard C. Vie, and the Company's Executive Vice President and Chief Financial Officer, Eric J. Draut, to act as proxies for the Annual Meeting. You do not need to attend the Annual Meeting to vote your shares if you provide a proxy in the manner described in this Proxy Statement.

What is a Proxy Statement?

A Proxy Statement is a document that sets forth the information required by the federal securities laws and regulations administered by the Securities and Exchange Commission (SEC) which is intended to allow you to vote on an informed basis at the Annual Meeting.

Voting and Record Date

What am I being asked to vote on?

The following three proposals will be voted on at the Annual Meeting:

1. Election of Directors (See page 13 for a list of the Director Nominees);

Table of Contents

2. Approval of the Unitrin, Inc. Incentive Bonus Plan; and
3. Approval of the extension of the term of the Unitrin, Inc. 1995 Non-Employee Director Stock Option Plan.

How does the Board of Directors recommend that I vote?

The Board of Directors recommends that you vote *FOR* each of the nominees to the Board, *FOR* approval of the Incentive Bonus Plan and *FOR* approval of the extension of the term of the 1995 Non-Employee Director Stock Option Plan.

Who can vote?

You are entitled to vote at the Annual Meeting if you owned Unitrin common stock at the close of business on March 15, 2004. This date is called the record date.

How many shares of Unitrin stock are eligible to be voted at the Annual Meeting?

At the close of business on the record date of March 15, 2004, there were 68,182,345 shares of Unitrin common stock issued and outstanding. Accordingly, 68,182,345 shares of Unitrin common stock are eligible to be voted at the Annual Meeting. Unitrin had no other voting securities outstanding on March 15, 2004.

How many votes do I have?

Each share of Unitrin common stock that you owned on the record date entitles you to one vote. Your proxy card indicates the number of shares of Unitrin common stock that you owned on March 15, 2004 which are eligible to be voted at the Annual Meeting.

How do I vote in person?

If you owned Unitrin common stock in your own name on March 15, 2004, your name will appear on the list of record shareholders of the Company and, if you wish to attend in person, you will be admitted to the Annual Meeting and may vote by written ballot or by delivering a signed proxy card. However, if your shares are held in the name of a broker, bank or other institution, you must present written evidence at the Annual Meeting from the institution indicating that you were the beneficial owner of the shares on March 15, 2004 and that you have been authorized by that institution to vote your shares in person. This written evidence is generally called a Legal Proxy and should be submitted to the Company's Secretary, Scott Renwick, prior to the commencement of the Annual Meeting.

How do I give a proxy to vote my shares?

How you give a proxy to vote your shares depends on whether you hold your shares of Unitrin common stock (i) as a shareholder of record or (ii) in street name through an institution, such as a stock brokerage firm or bank. The shares of a shareholder of record are registered with the Company's transfer agent, Wachovia Bank, N.A., in the shareholder's own

Table of Contents

name. Shares held in street name are registered with the Company's transfer agent in the name of the stock brokerage firm or other institution (or the name of its nominee), but not in the shareholder's own name. In this case, the institution maintains its own internal records showing the shareholder as the actual beneficial owner of the shares.

Shareholders of record: If you hold your shares of Unitrin common stock as a shareholder of record (or through the Company's employee 401(k) savings plan), you may give a proxy to vote your shares by one of the following methods:

Complete, sign and date the enclosed proxy card and return it for delivery no later than the commencement of the Annual Meeting in the postage-paid envelope provided;

Call the toll-free telephone number on the proxy card and follow the recorded instructions no later than 3:00 p.m. Eastern Daylight Saving Time on Tuesday, May 4, 2004;

Access the proxy voting website at the internet address identified on the proxy card and follow the instructions no later than 3:00 p.m. Eastern Daylight Saving Time on Tuesday, May 4, 2004; or

Attend the Annual Meeting in person and deliver a signed proxy or ballot to one of the ushers when requested to do so.

The telephone and internet voting procedures are designed to authenticate shareholders' identities, to allow shareholders to give their voting instructions, and to confirm that shareholders' instructions have been recorded properly. Shareholders who wish to give proxy voting instructions over the Internet should be aware that there may be costs associated with electronic access, such as usage charges from internet access providers and telephone companies. In addition, in choosing among the available alternatives for proxy voting, shareholders should be aware that there may be some risk that a vote either by telephone or over the Internet might not be properly recorded or counted because of an unanticipated electronic malfunction. As described above, please note that the ability of shareholders of record to submit voting instructions by telephone and over the Internet ends at 3:00 p.m. Eastern Daylight Saving Time on the day before the Annual Meeting. The reason for this cut off is to allow for the timely assembly and tabulation of telephonic and internet voting instruction data.

Shares held in street name: If you hold your shares of Unitrin common stock in street name through an institution, the institution generally will supply you with its own form of proxy card requesting you to provide your voting instructions in writing or, in some cases, by telephone or over the Internet. Following its receipt of your voting instructions, the institution will be authorized to provide a proxy to vote your shares in accordance with your instructions.

How will my proxy be voted?

If you properly sign your proxy card and send it to Wachovia Bank, N.A., or timely deliver your voting instructions by telephone or the Internet, the individuals named on your proxy card (i.e. the designated proxies) will be authorized to vote your shares as you have directed. With respect to Proposal 1 regarding the election of directors, you are given the

Table of Contents

choice of voting for all nominees for director or withholding authority to vote for some or all nominees. With respect to Proposals 2 and 3, you are given the choice of voting *FOR* or *AGAINST*, or to *ABSTAIN* from voting.

If you sign the proxy card but do not make specific choices, the designated proxies will vote your shares as recommended by the Company's Board of Directors. The Board of Directors recommends that you vote in favor of all of the nominees in Proposal 1, and in favor of Proposals 2 and 3.

What is the effect of marking the proxy card to withhold authority in the election of directors?

A proxy card that has been marked to withhold authority with respect to one or more nominees for director will be considered as part of the voting power present with respect to the election of directors and will have the effect of a vote against any such nominees.

What is the effect of marking the proxy card to abstain from voting on Proposals 2 or 3?

A proxy card marked *ABSTAIN* from voting on Proposals 2 or 3 will be treated as present for purposes of determining a quorum and counted as votes cast against the proposal(s).

What are broker non-votes and how might they affect voting?

Broker non-votes can occur in some instances when a stockbroker holding securities in street name for its customer does not receive voting instructions from the customer. In these cases, the applicable New York Stock Exchange rules (the *Rules*) governing stockbrokers allow brokers to exercise discretionary voting power with respect to some matters (called *discretionary matters*) but not others (called *non-discretionary matters*), depending on the subject matter of the proposal being voted upon. Under the *Rules*, Proposals 1 and 2 involve discretionary matters for brokers, and a broker not receiving voting instructions from a customer generally will be free to cast a vote in its discretion as to these matters. Proposal 3 involves a non-discretionary matter under the *Rules*, and so a broker not receiving voting instructions from a customer on this matter may not vote in its discretion on Proposal 3. In such case, if a broker cannot use its discretion to vote a share, the resulting non-vote will be used to determine quorum only, and will have no other effect on voting.

How will voting on any other business be conducted?

The Company's management is aware of no business that may come before the Annual Meeting other than the voting on Proposals 1, 2 and 3 as described in this Proxy Statement. However, if any other business should properly come before the Annual Meeting, your proxy card will authorize the persons named in the proxy to vote on any such matters in their discretion.

Table of Contents

May I revoke my proxy or change my voting instructions?

If you are a shareholder of record, you may revoke your proxy or change your voting instructions as follows:

Deliver to Wachovia Bank, N.A. another signed proxy card with a later date anytime prior to the commencement of the Annual Meeting;

Notify Unitrin's Secretary, Scott Renwick, in writing prior to the commencement of the Annual Meeting that you have revoked your proxy;

Call the toll-free telephone number on the proxy card and re-vote anytime prior to 3:00 p.m. Eastern Daylight Saving Time on Tuesday, May 4, 2004;

Access the proxy voting website at the internet address identified on the proxy card and re-vote anytime prior to 3:00 p.m. Eastern Daylight Saving Time on Tuesday, May 4, 2004; or

Attend the Annual Meeting in person and deliver a new signed proxy or ballot to one of the ushers when requested to do so.

If you own your shares of Unitrin common stock in street name, you should contact your stockbroker or other institution holding your shares to determine the procedures, if any, for revoking or changing your voting instructions. Please refer to the discussion under the above question *How do I give a proxy to vote my shares?* regarding shareholders of record and shares held in street name.

If I plan to attend the Annual Meeting, should I give my proxy?

Whether or not you plan to attend the Annual Meeting, we urge you to give a proxy. Returning your proxy card or giving voting instructions by telephone or through the Internet will not affect your right to attend the Annual Meeting and vote in person. However, giving a proxy will ensure that your shares are represented at the Annual Meeting in the event that you are unable to attend.

What does it mean if I receive more than one proxy card?

If your Unitrin shares are held under different names or in more than one account, you will receive more than one proxy card. Each proxy card will indicate the number of shares you are entitled to vote on that particular proxy card.

Quorum and Required Vote

What is a quorum?

In order to conduct business at the Annual Meeting, a quorum must be present; that is, a majority of Unitrin's common stock outstanding as of the record date must be represented in person or by proxy at the Annual Meeting. If you properly submit a proxy, your shares covered by that proxy will be counted toward a quorum.

Table of Contents

How many votes are required to elect the Nominees for the Board of Directors?

If a quorum is present, directors are elected by the vote of the holders of a majority of the Company's outstanding stock having voting power present, in person or by proxy, at the Annual Meeting.

How many votes are required to approve Proposals 2 and 3?

If a quorum is present, the outcome of Proposals 2 and 3 will be determined by the vote on each matter of the holders of a majority of the Company's outstanding stock having voting power present, in person or by proxy, at the Annual Meeting.

Shareholder Proposals, Nominations and Communications

May a shareholder nominate someone at the Annual Meeting to be a director of Unitrin or bring any other business before the Annual Meeting?

The Company's Amended and Restated By-Laws (By-Laws) require advance notice to the Company if a shareholder intends to attend an annual meeting of shareholders in person and to nominate someone for election as a director or to bring other business before the meeting. Such a notice may be made only by a shareholder of record within the time period established in the By-Laws and described in each year's proxy statement. The deadline for notices in relation to the 2004 Annual Meeting has expired and the Company did not receive any such notices during the prescribed notice period. Accordingly, no such director nominations or other business proposed from the floor of the 2004 Annual Meeting will be in order. The procedures for shareholder nominations and other proposals relating to the 2005 Annual Meeting are summarized below in the answers to the following two questions.

How can a shareholder nominate someone to be a director of Unitrin or bring any other business before the 2005 Annual Meeting?

In accordance with the advance notice requirements of the By-Laws described above, if a shareholder of record wishes to nominate directors or bring other business to be considered by shareholders at the 2005 Annual Meeting, such proposals must be made in writing to the Company no later than March 6, 2005 and no earlier than February 4, 2005. However, if the date of the 2005 Annual Meeting is advanced by more than 30 days or delayed by more than 60 days from the anniversary date of the 2004 Annual Meeting (*i.e.*, May 5, 2005), then such nominations and proposals must be delivered in writing to the Company no earlier than 90 days prior to the 2005 Annual Meeting and no later than the

Edgar Filing: UNITRIN INC - Form DEF 14A

close of business on the *later* of (i) the 60th day prior to the 2005 Annual Meeting, or (ii) the 10th day following the day on which public announcement of the date of the 2005 Annual Meeting is first made.

All shareholder proposals and notices should be submitted to Scott Renwick, Secretary, Unitrin, Inc., One East Wacker Drive, Chicago, Illinois 60601.

Please note that these requirements relate only to matters intended to be proposed from the floor of the 2005 Annual Meeting. They are separate from certain SEC requirements which must be met in order to have shareholder proposals included in the Company's Proxy Statement, as described immediately below.

Table of Contents

When are shareholder proposals due so that they may be included in Unitrin's Proxy Statement for the Annual Meeting of Shareholders to be held in 2005?

Pursuant to regulations of the SEC, shareholders who intend to submit proposals for inclusion in the Company's proxy materials for the 2005 Annual Meeting must do so no later than November 29, 2004. Certain other SEC requirements must also be met to have a shareholder proposal included in the Company's Proxy Statement. In addition, these requirements are independent of the advance notice requirements of the Company's By-Laws described immediately above. Under SEC rules in effect on the date of this Proxy Statement, shareholder nominations of persons for election to the Board of Directors are not eligible for inclusion in the Company's proxy materials. All shareholder proposals and notices should be submitted to Scott Renwick, Secretary, Unitrin, Inc., One East Wacker Drive, Chicago, Illinois 60601.

How may a shareholder communicate with the Board of Directors?

Shareholders may communicate with the non-management directors by calling the Unitrin Corporate Responsibility Hotline at 888-217-7925 or submitting a report online at <http://www.tnwinc.com/webreport>.

The Hotline is managed by an independent company, and reports can be made anonymously or confidentially. Communications addressed to the non-management directors will be directed to the Chairman of the Nominating & Corporate Governance Committee.

Cost of Proxy Solicitation

What are the costs of soliciting these proxies and who pays them?

The Company has retained the services of W.F. Doring & Co., Inc. (Doring) to aid in the solicitation of proxies. Doring estimates that its fees and expenses for these services will not exceed \$15,000. The Company will bear the total expense of the solicitation which will include, in addition to the amounts paid to Doring, amounts paid to reimburse banks, brokerage firms and others for their expenses in forwarding solicitation material. Although the principal solicitation of proxies is being made by mail, additional proxy solicitation may be made through direct communication with certain shareholders or their representatives by directors, officers and employees of the Company and its subsidiaries, who will receive no additional compensation for such solicitation.

REPORT OF THE AUDIT COMMITTEE

The Securities and Exchange Commission rules require the Company to include in its Proxy Statement a report of the Audit Committee of the Board of Directors. The following report concerns the Audit Committee and its activities regarding the Company's financial reporting and auditing process.

The Audit Committee consists of the following members of the Company's Board of Directors: William E. Johnston, Jr. (Chairman), Douglas G. Geoga, Reuben L. Hedlund, Wayne Kauth and Ann E. Ziegler.

Management is responsible for the Company's financial reporting process, including its system of internal controls, and for the preparation of consolidated financial statements in accordance with accounting principles generally accepted in the United States. The Company's independent auditors are responsible for auditing those financial statements. Our responsibility as the Audit Committee is to review and monitor these processes on behalf of the Board of Directors.

In this context, the Audit Committee has reviewed and discussed the Company's audited financial statements with management. The Audit Committee has discussed with Deloitte & Touche LLP, the Company's independent auditors for the fiscal year ended December 31, 2003, the matters required to be discussed by Statement on Auditing Standards No. 61 (Communication with Audit Committees). The Audit Committee has received and discussed with Deloitte & Touche LLP their written disclosures and letter regarding their independence required by Independence Standards Board Standard No. 1 (Independence Discussion with Audit Committees) and has discussed with the firm its independence. The Audit Committee has considered whether the provision of any services by Deloitte & Touche LLP as described in this Proxy Statement is compatible with maintaining the independence of Deloitte & Touche LLP.

Table of Contents

In reliance upon these reviews and discussions, and the report of the independent auditors, the Audit Committee recommended to the Board of Directors that the Company's audited financial statements for the year ended December 31, 2003 be included in the Company's Annual Report on Form 10-K for that year for filing with the Securities and Exchange Commission.

Pre-Approval of Services

Under its charter, the Audit Committee has sole authority to retain, evaluate, terminate and replace the Company's independent public accountant, including the prior approval of audit engagement fees and terms, as well as prior approval of all permitted non-audit engagements with the independent public accountant. Prior approval of non-audit services may be delegated to the Chairman of the Audit Committee. Under the Audit Committee's policies and procedures, all proposed services by the independent public accountant must be presented in advance to the Audit Committee for its review and consideration, and only services approved by the Audit Committee may be provided to the Company. All services provided to the Company by the independent public accountant for the year ended December 31, 2003 were approved by the Audit Committee in compliance with its pre-approval policies and procedures.

Selection of Independent Public Accountant for 2004

The Audit Committee selected the certified public accounting firm of Deloitte & Touche LLP to serve as the independent public accountant to audit the Company's financial statements for 2004. It is expected that representatives from Deloitte & Touche LLP will be present at the Annual Meeting. Such representatives may make a statement if they desire to do so and will be available to respond to appropriate questions.

Change in the Company's Independent Public Accountant in 2002

Under SEC rules, the Company is required to report the following information if, during the two most recent fiscal years or any subsequent period, there has been a change in the independent accountant who was previously engaged as the principal accountant to audit the Company's financial statements. The Company's independent auditor for 2001 was the certified public accounting firm of KPMG LLP. On November 7, 2001, the Company's Board of Directors selected the certified public accounting firm of Deloitte & Touche LLP to serve as the independent auditor to audit the Company's financial statements for 2002. On November 8, 2001, the Company advised KPMG LLP of the engagement of Deloitte & Touche LLP and that KPMG LLP would not be re-engaged by the Company following completion of its audit engagement for 2001. The decision to change the Company's independent public auditor from KPMG LLP to Deloitte & Touche LLP was recommended to the Board of Directors by its Audit Committee. The reports of KPMG LLP on the financial statements of the Company for the fiscal years ended December 31, 2001 and 2000 do not contain any adverse opinion or a disclaimer of opinion, nor was any such report qualified or modified as to uncertainty, audit scope, or accounting principles. During such fiscal years, there were no disagreements between KPMG LLP and the Company on any matter of accounting principles or practices, financial statement disclosure or auditing scope or procedure which, if not resolved to the satisfaction of KPMG LLP, would have caused it to make reference to the subject matter of the disagreement in connection with its reports. Further, during such fiscal years, there were no reportable events involving KPMG LLP and the Company of the kinds listed in Item 304 of SEC Regulation S-K.

Table of Contents

The Company has furnished KPMG LLP and Deloitte & Touche LLP with a copy of this disclosure and acknowledged that each such firm may present its views in a brief statement to be included in this Proxy Statement if it believes that the above statements regarding the change in the Company's certifying accountant are incorrect or incomplete. Neither KPMG LLP nor Deloitte & Touche LLP submitted such a statement for inclusion in this Proxy Statement.

COMPENSATION COMMITTEE INTERLOCKS AND INSIDER PARTICIPATION

The Compensation Committee of the Company's Board of Directors consists of James E. Annable, Douglas G. Geoga, William E. Johnston, Jr. and Wayne Kauth. None of these individuals is a current or former officer or employee of the Company or any of its subsidiaries.

As described elsewhere in this Proxy Statement, one of the Company's directors, Mr. Sarofim, is the Chairman of the Board, President, a director, and the majority shareholder of Fayez Sarofim & Co. (FS&C), a registered investment advisory firm. Certain of the Company's insurance company subsidiaries and FS&C are parties to agreements under which FS&C provides investment management services to these subsidiaries. In addition, FS&C provides investment management services with respect to certain funds of the Company's pension plans. The agreements governing these arrangements are terminable by either party at any time on 30 days advance written notice.

Under these investment advisory arrangements, FS&C is entitled to a fee calculated and payable quarterly based upon the fair market value of the assets under management. At December 31, 2003, the Company's subsidiaries and the Company's pension plans had approximately \$161.0 million and \$71.0 million, respectively, in assets with FS&C for investment management. During 2003, the Company's subsidiaries and the Company's pension plans paid \$0.5 million in the aggregate to FS&C.

With respect to the Company's 401(k) Savings Plan, one of the alternative investment choices afforded to participating employees is the Dreyfus Appreciation Fund, an open-end, diversified management investment fund (the Fund). FS&C provides investment management services to the Fund as a sub-investment advisor. According to published reports filed by FS&C with the SEC, the Fund pays monthly fees to FS&C according to a graduated schedule computed at an annual rate based on the value of the Fund's average daily net assets. The Company does not compensate FS&C for services rendered to the Fund. As of December 31, 2003, Company employees participating in the Company's 401(k) Savings Plan had allocated approximately \$24.1 million for investment in the Fund, representing approximately 12% of the total amount invested in the Company's 401(k) Savings Plan.

The Company believes that the transactions described above have been entered into on terms no less favorable than could have been negotiated with unrelated third parties.

REPORT OF THE COMPENSATION COMMITTEE

The Company compensates its executive officers with two principal forms of compensation: cash compensation and stock options. Cash compensation consists of base salary and performance-based bonuses, and may include discretionary bonuses. Executive officers currently are eligible to receive stock options under the Unitrin, Inc. 1997 and 2002 Stock Option Plans. Although the type and terms of options granted under these Plans may vary, the Compensation Committee in 2003 granted non-qualified options with exercise prices equal to the fair market value of the Company's Common Stock on the date of grant, with terms of ten years, and which become exercisable in four equal annual installments beginning six months after the date of grant. In addition, each option grant in 2003 was accompanied by a tandem stock appreciation right which entitles the holder to surrender all or a portion of an unexercised vested option in exchange for shares of Common Stock having an aggregate value equal to the embedded gain in the surrendered option.

Base salaries of the Company's executive officers depend on the Compensation Committee's subjective assessment of the individual officer's work performance with respect to such officer's normal job responsibilities. In its compensation deliberations in 2003, the Compensation Committee had available to it information regarding the salary compensation of the chief executive officers and certain other senior officers of a group of insurance and diversified financial services companies. While the Compensation Committee noted this information in establishing the base salary compensation of the Company's Chief Executive Officer for 2003, such information was not determinative of his compensation, and the Compensation Committee did not target a specific level within the range of such data for his 2003 compensation. Similarly, such information was noted in establishing the compensation of the Company's other executive officers but was not determinative.

Based on attainment of designated corporate performance criteria, the Company's executive officers generally have been eligible to receive cash bonuses under the terms of the Company's 1998 Bonus Plan for Senior Executives (the 1998 Bonus Plan) and, subject to shareholder approval at the 2004 Annual Meeting, generally will be eligible beginning in 2004 to receive cash bonuses under the terms of the Company's Incentive Bonus Plan (Incentive Bonus Plan). For 2003, the Company's executive officers generally were eligible for cash bonuses of up to 70% of their base salaries based on formulas adopted by the Compensation Committee at its February 2003 meeting relating to growth in revenues and operating earnings of designated Company operating units. All bonuses shown in the Summary Compensation Table for 2003 are formula bonuses under the 1998 Bonus Plan.

The Compensation Committee endorses the concept that the interests of the executive officers are more closely aligned with those of the shareholders through the award of stock options. The number of stock options granted to executive officers, including the Chief Executive Officer, is determined by the Compensation Committee's subjective evaluation of the particular officer's ability to influence the long-term growth and profitability of the Company, given his particular job responsibilities. In light of the Chief Executive Officer's overall responsibility for the Company's operations and financial results, he would ordinarily

Table of Contents

be deemed to have the greatest ability to influence the long-term growth and profitability of the Company and would therefore generally receive a greater number of options than the other executive officers. In determining the number of stock options to grant a particular officer, the Compensation Committee also takes into account the number of options already held by such officer. While the Compensation Committee encourages long-term ownership of the Company's stock by the executive officers, it has no predetermined goal for a particular level of stock ownership by such officers.

Section 162(m) of the Internal Revenue Code of 1986, as amended, generally disallows a tax deduction to a public company for compensation in excess of \$1 million paid to its chief executive officer and any of its four other most highly compensated executive officers. Certain performance-based compensation is specifically exempt from the deduction limit. All outstanding stock options that have been granted to the Company's executive officers through the end of 2003 are exempt from Section 162(m) because they qualify as performance-based compensation under Section 162(m), as interpreted by final regulations promulgated by the Internal Revenue Service thereunder, and therefore are not subject to the deduction limit under such section. The 1998 Bonus Plan and the Incentive Bonus Plan are designed to qualify as performance-based compensation programs under Section 162(m) in order to preserve the Company's federal income tax deduction for bonuses paid thereunder.

The Company's stock option plans include provisions to automatically grant restorative stock options (Restorative Options) to replace shares of previously-owned Common Stock that an exercising option holder surrenders, either actually or constructively, in order to satisfy the exercise price and/or tax withholding obligations relating to the exercise. Restorative Options are subject to the same terms and conditions as the original options, including the expiration date, except that the exercise price of a Restorative Option is equal to the fair market value of Common Stock on the date of its grant.

Table of Contents

Restorative Options cannot be exercised until six months after the date of grant. The grant of a Restorative Option does not result in an increase in the total number of shares and options held by an option holder, but changes the mix of the two. For further discussion of Restorative Options, please refer to footnote (a) of the following table, captioned Option/SAR Grants in 2003 Fiscal Year. Each option granted under the 2002 Stock Option Plan is coupled with a tandem stock appreciation right (SAR). A SAR entitles the holder to surrender all or a portion of an unexercised vested option in exchange for shares of Common Stock having an aggregate value equal to the embedded gain in the surrendered option.

- (a) Grants in this table marked with an asterisk represent awards made to the named executive officers by the Compensation Committee in 2003. Grants not so marked represent Restorative Options. Restorative Options are granted when an option holder exercises a stock option and makes payment of the exercise price and/or the resulting tax obligations using shares of previously-owned Common Stock. In such a case, the option holder is granted a Restorative Option for the total number of shares used to make such payment. A Restorative Option becomes fully exercisable six months after its date of grant and expires on the same date as the original option.

A Restorative Option is intended to enable an option holder to remain in essentially the same economic position with respect to potential appreciation of the Common Stock as if he or she had continued to hold the original option unexercised. All options granted in 2003 were non-qualified

options for federal income tax purposes. All options granted to the named executive officers under the Unitrin, Inc. 1990 and 1997 Stock Option Plans include Restorative Options. All options granted under the 2002 Stock Option Plan include Restorative Options and tandem SARs.

- (b) Exercise prices were set in all cases at the fair market value of the Company's Common Stock on the date of grant.
- (c) The Black-Scholes option pricing model was used to estimate the fair value of each option/SAR on the grant date. The assumptions used in the pricing model were as follows: (i) the expected dividend yield used was between 4.24% and 4.65% for 2003; (ii) the weighted-average expected volatility used was between 20.8% and 26.0% for 2003; (iii) the weighted-average risk-free interest rate used was the average yield on zero coupon U.S. Government securities with a maturity comparable to the expected life of each option; and (iv) the expected lives of the options ranged between 1 to 7 years. The Company's use of the Black-Scholes model should not be viewed as a forecast of the future performance of the Common Stock.

- (a) Substantially all option exercises by the named executive officers in 2003 were exercises in which the officers surrendered previously acquired shares of Common Stock as payment for the exercises. (See footnote (a) to the table captioned "Option/SAR Grants in 2003 Fiscal Year" beginning on page 26.) The shares reflected in this column are the gross shares issued in the exercise transactions, without deduction of the shares surrendered as payment. The actual net increase in the number of shares issued to these officers as a result of such transactions was as follows: Vie (37,771); Southwell (4,024); Draut (3,740); Renwick (2,341); and Konar (1,345).
- (b) The "value realized" represents the difference between the exercise price of the shares acquired and the market price of such shares on the date or dates of exercise, without regard to any related tax obligations.
- (c) The value of unexercised in-the-money options/SARs is calculated by subtracting the applicable exercise price from \$41.41 (the closing price of the Common Stock on December 31, 2003) and multiplying the resulting difference by the number of shares covered by the options/SARs in question.

The foregoing benefits are illustrated as straight-life annuities and are not subject to reduction for Social Security or other offset amounts. Average final compensation represents the average annual covered compensation (defined below) paid for the 60 consecutive months with the highest covered compensation in the 120-month period ending three months prior to retirement. These benefit estimates assume retirement in 2004 at age 65 or older.

The years of credited service in the Pension Plan as of December 31, 2003 for each of the Company's named executive officers are as follows: Mr. Vie (12); Mr. Southwell (7); Mr. Draut (12); Mr. Renwick (12); and Mr. Konar (12). Compensation covered by the Pension Plan is the participant's base salary and bonuses as defined in the Pension Plan, but does not include compensation attributable to the exercise of stock options. The covered compensation for the executive officers named in the Summary Compensation Table beginning on page 24 is the total of their salary and bonus amounts.

Table of Contents

Mr. Vie formerly participated in a defined benefit retirement plan sponsored by a subsidiary of the Company. His participation in that plan was suspended on January 1, 1992 and no further contributions will be made on his behalf; however, he will be entitled to benefits under the plan upon retirement based on contributions made through the end of 1991. If he were to retire at his current age of 66, Mr. Vie would receive annual benefits of \$20,971 under that plan.

Change of Control Arrangements

The Company has entered into individual severance agreements with the currently serving named executive officers (the Agreements). The Agreements provide various severance benefits to such officers in the event their employment is involuntarily terminated (other than for cause, disability or death) or voluntarily terminated, in either case within two years after a change of control. Such benefits are also payable to such officers in the event their employment is involuntarily terminated (other than for cause, disability or death) or voluntarily terminated for certain specified reasons, in either case in anticipation of a change of control. A change of control is deemed to occur if any person is or becomes, directly or indirectly, the beneficial owner of 25% or more of the voting power of the Common Stock, or the individuals who comprised the Company's Board of Directors on the date of the Agreement, or any of the individuals they nominate, cease to comprise a majority of the Board. Each executive officer would be entitled under the Agreements to: (i) a lump sum severance payment based on a multiple (specified below) of his annualized salary; (ii) continuation for up to three years of the life and health insurance benefits that were being provided by the Company to such officer and his family immediately prior to termination; and (iii) outplacement services at the Company's expense for up to fifty-two weeks. The Agreements contain identical terms and conditions, except that the severance compensation multiple is 3.0 for Mr. Vie and 2.0 for the other executive officers.

The Agreements are not employment contracts. Benefits payable are to be grossed-up to the extent that a recipient would be subject to an excise tax under Section 4999 of the Internal Revenue Code (including any interest or penalties imposed with respect to such tax) due to the receipt of such benefits or any other benefits that constitute excess parachute payments for purposes of Section 280G of the Internal Revenue Code. In determining whether there are excess parachute payments, consideration must be given to payments triggered by a change in the Company's control. Depending on what actions are taken by the Company's Board of Directors under the Company's stock option plans in connection with a change in control, certain amounts relating to nonqualified stock options would be factored into the determination regarding excess parachute payments. If severance benefits along with potential stock option amounts had become payable on December 31, 2003 as a result of a change of control on that date, no executive officers would have received gross-ups for excess parachute payments.

PROPOSAL 2:

APPROVAL OF THE UNITRIN, INC.

INCENTIVE BONUS PLAN

On February 3, 2004, the Compensation Committee of the Board of Directors adopted the Unitrin, Inc. Incentive Bonus Plan (the "Incentive Bonus Plan"), subject to shareholder approval. The following plan description is only a summary. For a full description of the Incentive Bonus Plan, please see the copy of the Incentive Bonus Plan attached as Appendix A to this Proxy Statement.

General

The purpose of the Incentive Bonus Plan is to motivate and reward eligible executives of the Company and its subsidiaries for achieving the Company's financial performance objectives. The Incentive Bonus Plan is designed to qualify as a performance-based compensation program under Section 162(m) of the Internal Revenue Code of 1986, as amended, and the regulations and interpretations promulgated thereunder (the "Internal Revenue Code") in order to preserve the Company's federal income tax deduction for bonuses paid under the Incentive Bonus Plan.

Proposal

The Board of Directors has adopted the Incentive Bonus Plan to replace the Unitrin, Inc. 1998 Bonus Plan for Senior Executives (the "1998 Plan"), subject to approval by the Company's shareholders at the 2004 Annual Meeting. The Incentive Bonus Plan is substantially identical to the 1998 Plan, and reflects clarifications related to persons eligible to participate and non-substantive technical changes.

Administration

The Incentive Bonus Plan is to be administered by a committee (the "Committee") consisting solely of at least two directors of the Company who qualify as "outside directors" under Internal Revenue Code Section 162(m). The Compensation Committee, currently comprised of Messrs. Annable, Geoga, Johnston and Kauth serves and will continue to serve as such Committee unless and until a different committee is appointed by the Company's Board of Directors.

Eligibility

The eligible participants of the Incentive Bonus Plan are (i) the executive officers of the Company other than the Company's principal accounting officer and controller (Eligible Officers), and (ii) such other key employees of the Company and its subsidiaries as the Committee may designate in its discretion. A participant must generally be employed by the Company or one of its subsidiaries on the last day of a given year in order to receive payment of a bonus for such year. As of January 1, 2004, seven Eligible Officers and 64 other key employees were eligible to participate in the Incentive Bonus Plan.

Table of Contents**Determination of Bonus**

Each year, the Committee will establish objective performance criteria for such year by not later than the latest date permitted under Internal Revenue Code Section 162(m). Such criteria may (but need not) differ for each participant in the Incentive Bonus Plan, but shall be based on one or more of the following factors, individually or in combination: (a) net income from operations and/or average increase in dollars of operating income of the Company or any of its subsidiaries or operating units; (b) operating earnings per share of the Company; (c) bad debt experience of the Company's consumer finance business; (d) return on revenues, assets or equity; (e) increases in revenues or cash flow; (f) reductions in costs; or (g) the market value of the Company's Common Stock. The award of a bonus for any given year is conditioned on the attainment of the relevant performance criteria as certified by the Committee.

Plan Benefits

Each year, the Committee will set the detailed formulas associated with the performance criteria for the upcoming year. The formulas that the Committee has established for 2004 are not disclosed in this Proxy Statement based on the Committee's belief that such formulas include confidential commercial or business information, the disclosure of which would adversely affect the Company. Because performance criteria may vary from year to year and from participant to participant, and because the Company's performance varies from year to year, benefits payable for future years under the Incentive Bonus Plan are not presently determinable.

The following table shows the actual bonuses paid under the 1998 Plan for 2003. Actual bonuses payable under the Incentive Bonus Plan for 2004 are not presently determinable, as they depend upon the Company's performance results for the 2004 fiscal year. Non-employee directors are not eligible to participate in the Incentive Bonus Plan.

bonus payments for 2003 were approximately 58% of the maximum amounts potentially payable. Pursuant to the formulas adopted under the Incentive Bonus Plan for 2004, the maximum bonuses which could be paid for 2004 are \$7,162,199 in total, which are approximately 108% of the maximum bonuses which could have been paid for 2003 under the 1998 Bonus Plan.

Limits on Awards

No bonus awarded under the Incentive Bonus Plan may exceed 100% of the participant's base salary. The amount of each participant's base salary that will be used in computing a bonus for a given year will be fixed at the same time as the Committee establishes the performance criteria for such year.

Amendment and Termination

The Committee may amend, terminate or suspend the Incentive Bonus Plan at any time, but no such action shall alter or invalidate any bonus if the relevant performance criteria for such bonus have been attained. Once established by the Committee, the performance criteria for a particular year may not be changed. Incentive Bonus Plan amendments will be submitted to the Company's shareholders for approval only to the extent required by applicable law or to continue to meet the deductibility requirements of Internal Revenue Code Section 162(m).

PROPOSAL 3:

**APPROVAL OF THE EXTENSION OF THE TERM OF THE
UNITRIN, INC. 1995 NON-EMPLOYEE DIRECTOR STOCK OPTION PLAN**

The Unitrin, Inc. 1995 Non-Employee Director Stock Option Plan was adopted by the Board of Directors on August 2, 1995 and was approved by the Company's shareholders at the 1996 Annual Meeting. Under the existing terms of the 1995 Non-Employee Director Stock Option Plan, as amended and restated (the "Director Option Plan"), no new grants may be made after August 2, 2005. On February 4, 2004, the Board of Directors approved a ten-year extension of the Director Option Plan, subject to shareholder approval. The following description of the Director Option Plan is only a summary. For a full description of the Director Option Plan, please see the copy of the Director Option Plan attached as Appendix B to this Proxy Statement.

General

The purpose of the Director Option Plan is to encourage ownership in the Company by non-employee directors and to attract and retain qualified non-employee directors. As described hereafter, four types of stock option grants may be issued under the Director Option Plan: initial option grants; annual option grants; restorative option grants; and retainer option grants. All options that may be granted under the Director Option Plan are referred to collectively as Options.

Proposal

As of the date of this Proxy Statement, Options covering 240,000 shares of the Company's Common Stock remain available for future grants under the Director Option Plan. At the current annual rate of Option grants, this remaining authorization would support annual grants for at least eight more years (including 2004). However, unless extended as proposed herein, the Director Option Plan will prohibit any grants after August 2, 2005. In order to fully utilize the Options and shares initially authorized by the Board and the Company's shareholders in 1996, the Board has approved the extension of the Director Option Plan for an additional ten years, subject to approval by the Company's shareholders at the 2004 Annual Meeting. No other changes to the Director Option Plan are being proposed.

Administration

The Director Option Plan is administered by a committee (Committee) consisting of two or more individuals who qualify as Non-Employee Directors under SEC Rule 16b-3 promulgated under the Securities and Exchange Act of 1934, as amended (Exchange Act). The Compensation Committee serves as the Committee unless and until a different Committee is appointed by the Board of Directors.

Shares Subject to the Plan

The shares offered under the Director Option Plan consist of the Company s authorized but unissued shares or treasury shares of Common Stock and, subject to adjustment as

Table of Contents

discussed below, the aggregate number of shares which may be subject to Options may not exceed 400,000 over the life of such Plan. As noted above, out of this aggregate authorization of 400,000 shares, 240,000 shares remain available for issuance presently. If any Option granted under the Director Option Plan shall expire or terminate for any reason without having been exercised or vested, the unpurchased shares subject thereto will again be available for Options to be granted under the Director Option Plan. Options granted under the Director Option Plan will not be qualified as incentive stock options under Section 422 of the Internal Revenue Code.

Eligibility

Each director of the Company who (i) first becomes a director after November 1, 1993 and is not an employee of the Company or any subsidiary of the Company, or (ii) has retired as an employee of the Company or a subsidiary of the Company, is eligible to participate in the Director Option Plan (Eligible Director).

Terms of Options

Initial Option Grants

An Option covering 4,000 shares of Common Stock is granted to each Eligible Director on the date that he or she first becomes an Eligible Director.

Annual Option Grants

An Option covering 4,000 shares of Common Stock is granted to each Eligible Director automatically at the conclusion of each Company Annual Meeting.

Restorative Option Grants

If an Eligible Director elects to pay some or all of the exercise price of an Option granted on or after May 3, 2000 and which is not scheduled to expire within six months (Underlying Option) with previously owned shares of Common Stock, then the Eligible Director shall be issued an Option covering shares of Common Stock equal to the number of shares used to pay the exercise price (Restorative Option). A Restorative Option shall have an exercise price equal to the fair market value of the Common Stock on the date the Underlying Option is exercised, and will fully vest six

months after it is granted. All other terms of the Restorative Option, including its expiration, shall be identical to the terms of the Underlying Option.

Retainer Option Grants

Eligible Directors may file with the Committee at least six months prior to the commencement of a fiscal year of the Company (Plan Year) an irrevocable election to receive an Option in lieu of the Annual Retainer for service during such Plan Year (Retainer Option). An Annual Retainer refers to the annual fee which an Eligible Director would be entitled to receive for serving as a director during a Plan Year, but does not include separate

Table of Contents

fees paid for attendance at meetings or any sums payable to such Eligible Director for any other services provided to the Company. Any Retainer Options are granted on the first business day of a Plan Year and encompass the nearest number of whole shares determined by dividing the Annual Retainer by the fair market value (as hereafter described) of a share of Common Stock on the date of grant.

If a director first becomes an Eligible Director less than six months before the commencement of a Plan Year, such director may receive a Retainer Option for such Plan Year by filing an election with the Committee. In such case, the Retainer Option shall be granted on the first business day which is six months and one day after the date of such election. Such Retainer Option shall pertain only to that portion of the Annual Retainer remaining to be paid during such Plan Year on or after the date of grant.

Duration of Options

Except for Restorative Options, as described above, each Option and all rights associated therewith shall expire ten years from the date of grant, subject to earlier termination as a result of the director's termination from service, death or disability, as described below under Termination of Directorship.

Purchase Price

The purchase price of a share of Common Stock covered by an Option shall be the fair market value of such share on the date of grant of such Option, as defined in the Director Option Plan and summarized below.

Exercise of Options

Except for Restorative Options, as described above, each Option shall be exercisable in full one year after the date of its grant. The purchase price for shares may be paid in cash, shares of Common Stock already held by the Option holder or through a broker-assisted cashless exercise transaction. Shares of Common Stock used to satisfy the exercise price of an Option shall be valued at their fair market value on the date of exercise.

Fair Market Value of Common Stock

For purposes of the Director Option Plan, the fair market value of a share of Common Stock shall be determined by reference to the closing price on the New York Stock Exchange as reported by *The Wall Street Journal* for the date on which the Option is granted or exercised, as the case may be. Under this formulation, the fair market value of Common Stock as of March 15, 2004 was \$40.91.

Grants Under the Director Option Plan

The number of Annual and Retainer Options to be granted to Eligible Directors under the Director Option Plan in 2004 are set forth in the table below. As all current Eligible Directors

Table of Contents

were Board members prior to 2004, none will receive Initial Options in 2004. The number of Restorative Options which may be issued in 2004 is not determinable at this time, since Restorative Options result from the exercise of Underlying Options and the timing and amounts of such exercises are within the discretion of the Eligible Directors holding such Options. No Restorative Options were issued to Eligible Directors in 2003.

- (a) Messrs. Sarofim, Draut, Southwell and Vie are not eligible to participate in the Director Option Plan.
 (b) Since the inception of the Director Option Plan, no Retainer Options have been issued.

Transferability

Options are not transferable, other than by will or the laws of descent and distribution, and may not be pledged or otherwise encumbered either voluntarily or by operation of law, except to the extent transfer is permitted by Rule 16b-3 of the Exchange Act and approved by the Committee.

Termination of Directorship

All rights of a director in an Option, to the extent that the Option has not been exercised, terminate three months after the date of the termination of his or her services as a director for any reason other than: (i) the death of the director; (ii) cessation of services as a director because the individual, although nominated by the Board of Directors, is not elected by the shareholders to the Board of Directors; or (iii) retirement because of total and permanent disability as defined in Section 22(e)(3) of the Internal Revenue Code (collectively, Termination Events). If a director ceases to be a director of the Company because of a Termination Event, his or her unvested Options shall vest immediately. All vested Options expire twelve months after the date of a Termination Event.

Adjustment Provisions

If the outstanding shares of Common Stock are increased, decreased, changed into or exchanged for a different number or kind of shares or securities of the Company through

Table of Contents

reorganization, recapitalization, reclassification, stock dividend, stock split, reverse stock split or other similar transaction, an appropriate and proportionate adjustment shall be made in the maximum number and kind of shares as to which Options may be granted under the Director Option Plan. A corresponding adjustment will be made to previously granted, unexercised Options.

Upon the dissolution or liquidation of the Company, or upon a reorganization, merger or consolidation of the Company with one or more corporations as a result of which the Company is not the surviving corporation, or upon a sale of substantially all the property or more than eighty percent (80%) of the then outstanding stock of the Company to another corporation, the Director Option Plan will terminate, and all Options theretofore granted thereunder will immediately become exercisable.

Duration, Amendment and Termination

The Board of Directors may at any time terminate the Director Option Plan. The Board of Directors may also at any time amend or revise the terms of the Director Option Plan, provided that no such amendment or revision will become effective without the approval of the Company's shareholders if such approval is required in order to comply with Rule 16b-3 of the Exchange Act or any other applicable law or regulation. Director Option Plan provisions relating to the amount, price and timing of Options may be amended only by action of the shareholders, but not more than once every six months, other than to comport with changes in the Internal Revenue Code or the Employee Retirement Income Security Act of 1974, as amended, or the rules in effect thereunder.

Federal Income Tax Information

Under the Internal Revenue Code, the grant of a nonqualified stock option has no tax effect on the Company or the Option holder. Generally, the exercise of an Option will result in ordinary income to the Option holder equal to the excess of the fair market value of the shares at the time of exercise over the Option exercise price. If the Option holder pays cash to exercise the Option, the Option holder's tax basis in the shares received will be the aggregate exercise price paid by the Option holder plus the amount of taxable income recognized upon exercise. Upon any subsequent disposition of such shares, gain or loss will be capital gain or loss, and will be long-term if such shares are held more than one year after exercise. Generally, the Company will be allowed, at the time of recognition of ordinary income by the Option holder, to take a deduction for federal income tax purposes in an amount equal to such recognized income.

If the Option holder pays the exercise price by delivering existing shares of Common Stock, the tax treatment of the income from the difference between the Option price and the fair market value of the stock received is the same as described above. Generally, there is no gain recognized by the Option holder on the transfer of the Option holder's existing stock; instead, the corresponding number of shares received on exercise of the Option will be treated as if they are the same as the shares used to pay for the exercise of the Option. Thus, gain on

Table of Contents

the shares used to pay the Option price will be deferred until the substituted shares received are later sold. The basis in the remaining shares received upon exercise of the Option will be equal to the income recognized as a result of such exercise.

APPENDIX A

UNITRIN, INC.

INCENTIVE BONUS PLAN

1. PURPOSE

The purpose of the Unitrin, Inc. Incentive Bonus Plan (**Bonus Plan**) is to motivate and reward eligible executives of Unitrin, Inc. (the **Company**) and its subsidiaries for achieving the Company's financial performance objectives. The Bonus Plan is designed to qualify as a performance-based compensation program under Section 162(m) of the Internal Revenue Code of 1986, as amended, and the regulations and interpretations promulgated thereunder (the **Code**) in order to preserve the Company's federal income tax deduction for bonuses paid hereunder. This Bonus Plan shall not be effective and no bonus shall be paid hereunder unless and until the Bonus Plan has been approved by the stockholders of the Company. Participation in this Bonus Plan shall not preclude the Company or any subsidiary from paying any other bonus or other remuneration to any employee who has been designated a participant in the Bonus Plan.

2. THE COMMITTEE

The Bonus Plan will be administered by a committee (the **Committee**) consisting solely of at least two directors of the Company who qualify as **outside directors** under Code Section 162(m). The Committee shall have the sole authority to administer and interpret the Bonus Plan, provided that all provisions of the Bonus Plan shall be interpreted whenever possible in a manner to comply with Code Section 162(m).

3. COVERED INDIVIDUALS

The individuals entitled to participate in this Bonus Plan are: (i) the executive officers of the Company other than the Company's principal accounting officer and controller (**Eligible Officers**), and (ii) such other key employees of the Company and its subsidiaries as are designated as participants by the Committee from time to time in its sole discretion. Except for the Eligible Officers, the designation of any employee as a participant in the Bonus Plan for a particular year shall not confer on such employee any right to be a participant in any successive year.

4. DETERMINATION OF BONUSES

The Committee shall establish objective performance criteria for each calendar year of the Company not later than the latest date permitted under Code Section 162(m). Such criteria may differ for each participant in the Bonus Plan, but shall be based on one or more of the following factors, individually or in combination: (a) net income from operations and/or average increase in dollars of operating income of the Company or any of its subsidiaries or operating units, (b) operating earnings per share of the Company, (c) bad debt experience of the Company's consumer finance business, (d) return on revenues, assets or equity,

A-1

Table of Contents

(e) increases in revenues or cash flow, (f) reductions in costs, or (g) the market value of the Company's common stock. The Committee shall also establish a maximum bonus for each participant, which shall not exceed 100% of such participant's base salary. The amount of each participant's base salary that shall be used in computing a bonus for a given year shall be fixed at the same time as the Committee establishes the performance criteria for such year. Bonuses shall be awarded for a given calendar year based on attainment of the established performance criteria for such year, as certified in writing by the Committee.

5. PAYMENT OF BONUSES

The payment of a bonus for a given year requires that the participant be employed by the Company or one of its subsidiaries as of the last day of such calendar year. The Committee may, in its discretion, make exceptions to this requirement in the case of retirement, death or disability.

6. AMENDMENT, TERMINATION AND SUSPENSION

The Committee reserves the right to amend, terminate or suspend this Bonus Plan at any time; provided that no such amendment, termination, or suspension shall alter, terminate, suspend or otherwise invalidate any bonus for a given year if the relevant performance criteria for such year have been attained. Once established by the Committee, the performance criteria for a particular year may not be changed by the Committee or the Company. Bonus Plan amendments will require stockholder approval only to the extent required by applicable law, or to continue to meet the deductibility requirements of Code Section 162(m).

7. MISCELLANEOUS

Nothing in this Bonus Plan confers the right on any participant to continue in the employ of the Company or any of its subsidiaries or to any remuneration or benefits not set forth in the Bonus Plan. The Bonus Plan is intended to constitute an unfunded plan for incentive compensation. Nothing in this Bonus Plan shall give any participant any rights greater than those of a general unsecured creditor of the Company with respect to any bonuses which have been awarded but not paid.

APPENDIX B

UNITRIN, INC.

1995 NON-EMPLOYEE DIRECTOR STOCK OPTION PLAN

Amended and Restated

as of February 4, 2004

1. Purpose.

The purpose of this 1995 Non-Employee Director Stock Option Plan (Plan) of Unitrin, Inc. (Company) is to encourage ownership in the Company by non-employee directors of the Company and to attract and retain qualified non-employee personnel to serve as directors of the Company.

2. Administration.

The Plan will be administered by a committee or committees (which term includes subcommittees) consisting of two or more persons appointed by the Board of Directors of the Company. The composition of any committee responsible for administration of the Plan shall comply with the applicable requirements of the Securities Exchange Act of 1934, as amended (Exchange Act). Members of a committee will serve for such term as the Board of Directors may determine, subject to removal by the Board of Directors at any time. With respect to any matter, the term Committee refers to the committee that has been delegated authority with respect to such matter.

Subject to the provisions of the Plan, the Committee shall have authority: (i) to construe and interpret the Plan; (ii) to define the terms used herein; (iii) to prescribe, amend and rescind rules and regulations relating to the Plan; (iv) to make such changes to the Plan as may become necessary or advisable to comply with the Exchange Act or other legal requirements; and (v) to make all other determinations necessary or advisable for the administration of the Plan. All determinations and interpretations made by the Committee shall be binding and conclusive on all participants in the Plan and their legal representatives and beneficiaries.

3. Shares Subject to the Plan.

The shares to be offered under the Plan shall consist of authorized but unissued shares or treasury shares of the Company's common stock (Common Stock) and, subject to adjustment as provided in paragraph 13 hereof, the aggregate amount of Common Stock which may be subject to options granted pursuant to paragraphs 5a, 5b and 5c hereunder (Options) shall not exceed 400,000 shares. If any Option granted under the Plan shall expire or terminate for any reason, without having been exercised or vested in full, as the case may be, the unpurchased shares subject thereto shall again be available for Options to be granted under the Plan. Options granted under the Plan will not be qualified as incentive stock options under Section 422 of the Internal Revenue Code of 1986, as amended (Code). All Options granted under the Plan shall be granted on or before August 2, 2015, except for restorative options which may continue to be granted after August 2, 2015 until the expiration

B-1

Table of Contents

dates of the original options to which such restorative options relate, subject to the limitation in the last sentence of paragraph 5f.

4. Eligibility.

Each director of the Company who first becomes a director after November 1, 1993 and is not an employee of the Company or any subsidiary of the Company and each director who has retired as an employee of the Company or a subsidiary of the Company shall be eligible to participate in the Plan (Eligible Directors). Each Option granted under the Plan shall be governed by an agreement in such form as the Committee shall from time to time approve.

5. Stock Option Grants.

a. Initial Option Grants.

An Option covering 4,000 shares of Common Stock shall be granted to such director on the date that he or she first becomes an Eligible Director.

b. Annual Option Grants.

An Option covering 4,000 shares of Common Stock will be granted to each Eligible Director automatically at the conclusion of each Company Annual Meeting.

c. Retainer Option Grants.

Eligible Directors may file with the Committee or its designee at least six months prior to the commencement of a fiscal year of the Company (Plan Year) an irrevocable election to receive an Option in lieu of the Annual Retainer for service during the Plan Year (Retainer Option). Retainer Options will be granted on January 2 of a Plan Year (or if January 2 is not a business day, on the next succeeding business day) for service during such Plan Year. The number of shares of Common Stock to be subject to a Retainer Option shall be equal to the nearest number of whole shares determined by dividing the Annual Retainer by the fair market value of a share of Common Stock on the date of grant. For these purposes Annual Retainer shall mean the amount of money which the Eligible Director would be entitled to receive for serving as a director during the Plan Year, but shall not include the amount of money which the Eligible

Director would be entitled to receive for any other services to be provided to the Company.

Notwithstanding the foregoing, elections to receive Retainer Options may be made at any time during a Plan Year so long as such elections are made at least six months in advance of receiving the corresponding Retainer Options and the director making such election first becomes an Eligible Director less than six months before the commencement of the subject Plan Year. In any such case, the Retainer Option shall be granted on the first business day which is six months and one day after the date of the director's election to receive a Retainer Option. Such Retainer Option shall pertain only to that portion of the Annual Retainer remaining to be paid during such Plan Year on or after the date of grant.

B-2

Table of Contents

d. Duration of Options.

Subject to paragraph 9, below, each Option granted pursuant to this paragraph 5 and all rights associated therewith shall expire ten years from the date of grant.

e. Purchase Price.

The purchase price of the stock covered by each Option shall be the fair market value (as defined in paragraph 6) of a share of Common Stock as of the date of the grant of such Option.

f. Exercise of Options.

Options granted hereunder shall be exercisable during an Option holder's lifetime only by the Option holder or by his or her guardian or legal representative. Each Option granted under this Plan shall be exercisable in full one year after the date of the grant. No Option may be exercised for a fraction of a share and no partial exercise of any Option may be for less than: (i) one hundred (100) shares; or (ii) the total number of shares then eligible for exercise, if less than one hundred (100) shares.

The purchase price for the shares shall be paid in full at the time of exercise: (i) in cash or by check payable to the order of the Company; (ii) by constructive or actual delivery of shares of Common Stock already owned by, and in the possession of, the Option holder; (iii) by wire transfer to an account specified by the Company or (iv) by delivering a properly executed exercise notice together with irrevocable instructions to a broker to deliver promptly to the Company the amount of sale or loan proceeds to pay the Option price (in which case the exercise will be effective upon receipt of such proceeds by the Company). Shares of Common Stock used to satisfy the exercise price of an Option shall be valued at their fair market value determined in accordance with paragraph 6 hereof. For purposes hereof, the term "constructive or actual delivery" means either: (i) presentation to the Company of a recent brokerage account statement or other written evidence satisfactory to the Committee evidencing beneficial ownership by an Eligible Director of shares of Common Stock other than shares held in 401(k), pension, IRA or similar accounts, or (ii) physical delivery of certificates evidencing shares of Common Stock, properly indorsed for transfer to the Company or with an appropriately executed stock power.

Subject to the remaining provisions of this paragraph 5f, if an Eligible Director elects to pay some or all of the exercise price of an Option granted on or after May 3, 2000 (the "Underlying Option") by constructive or actual delivery, then such Eligible Director shall be granted an Option to purchase additional shares of Common Stock equal to the number of shares used by constructive or actual delivery to pay the exercise price (a "restorative option"). The exercise price of a restorative option shall be equal to one hundred percent (100%) of the fair market value of the

Common Stock on the date the Underlying Option is exercised. The restorative option shall be fully vested beginning six months after the date of its grant and shall expire on the expiration date of the Underlying Option. All other terms of the restorative option shall be identical to the terms of the Underlying Option. No restorative option shall be granted if, on the date of exercise of the Underlying Option such Option would be scheduled to expire within six months.

B-3

Table of Contents

6. Fair Market Value of Common Stock.

For purposes of the Plan, the fair market value of a share of Common Stock shall be determined by reference to the closing price on the New York Stock Exchange (or the principal stock exchange or market on which the Common Stock is then listed) or, if the Common Stock is not then listed on a stock exchange or market, by reference to the mean between the bid and asked price of a share as supplied by the National Association of Securities Dealers (or its successor in function), in each case as reported by *The Wall Street Journal*, for the date on which the Option is granted or exercised, as the case may be, or if such date is not a business day, for the business day immediately preceding such date or, if for any reason no such price is available for such date, then by reference to the most recent closing price or the mean between the bid and asked price of a share for the last date on which the Common Stock was traded.

7. Withholding Tax.

Upon the exercise of Options issued hereunder, the Company shall have the right to require the Option holder to pay the Company the amount of taxes, if any, which the Company may be required to withhold with respect to such shares.

8. Transferability.

Options granted hereunder shall not be transferable, other than by will or the laws of descent and distribution, except to the extent: (i) transfer is permitted by Rule 16b-3 of the Exchange Act; and (ii) approved by the Committee. Subject to the foregoing, Options shall not be assigned, pledged or otherwise encumbered by the holder thereof, either voluntarily or by operation of law.

9. Termination of Directorship.

All rights of a director in an Option, to the extent that the Option has not been exercised, shall terminate three months after the date of the termination of his or her services as a director for any reason other than: (i) the death of the director; (ii) cessation of services as a director because the individual, although nominated by the Board of Directors, is not elected by the shareholders to the Board of Directors; or (iii) retirement because of total and permanent disability as defined in Section 22(e)(3) of the Code (collectively, Termination Events). If a director ceases to be a director of the Company because of a Termination Event, his or her unvested Options shall vest immediately. All vested Options shall expire twelve months after the date of a Termination Event.

10. No Right to Continue as a Director.

Neither the Plan nor the granting of an Option under the Plan shall constitute or be evidence of any agreement or understanding that any director has a right to continue as a director for any period of time or at any particular rate of compensation.

B-4

Table of Contents

11. Restrictions on Disposition of Shares.

Each Option shall provide that the holder, by accepting such Option, represents and agrees, for the Option holder and the Option holder's permitted transferees, that none of the shares acquired upon exercise of such Option will be acquired with a view towards any sale, transfer or distribution of said shares in violation of the Securities Act of 1933, as amended, and the rules and regulations promulgated thereunder, or any applicable blue sky laws, and the holder of such Option shall furnish evidence satisfactory to the Company (including a written and signed representation) to that effect in form and substance satisfactory to the Company, including an indemnification of the Company in the event of any violation by such person of the Securities Act of 1933, as amended, or state blue sky law.

12. Privileges of Stock Ownership.

No Option holder shall have any of the rights or privileges of a shareholder of the Company in respect of any shares of Common Stock issuable with respect to such Option until certificates representing such shares shall have been issued and delivered. No shares shall be issued and delivered upon the exercise of an Option unless and until there shall have been full compliance with all applicable requirements of the Securities Act of 1933, as amended (whether by registration or satisfaction of exemption conditions), all applicable listing requirements of the National Association of Securities Dealers or any national securities exchange on which shares of the same class are then listed and any other requirements of law or of any regulatory bodies having jurisdiction over such issuance and delivery.

13. Adjustments.

If the outstanding shares of the Common Stock are increased, decreased, changed into or exchanged for a different number or kind of shares or securities of the Company through reorganization, recapitalization, reclassification, stock dividend, stock split, reverse stock split or other similar transaction, an appropriate and proportionate adjustment shall be made in the maximum number and kind of shares as to which Options may be granted under this Plan. A corresponding adjustment changing the number or kind of shares allocated to unexercised Options, which shall have been granted prior to any such change, and to the number of shares covered by initial and annual Option grants under paragraph 5, shall likewise be made. Any such adjustment in the outstanding Options shall be made without change in the aggregate purchase price applicable to the unexercised portion of the Options but with a corresponding adjustment in the price for each share or other unit of security covered by the Option. Share amounts specified in paragraphs 3, 5a and 5b of this Amended and Restated Plan have been restated in accordance with this paragraph 13 to reflect the Company's 2-for-1 stock split effective March 26, 1999.
