Item 2.05 Costs Associated with Exit or Disposal Activities.

On September 6, 2006, the management of FTI Consulting, Inc. (FTI) determined that it intends to restructure its U.K. operations and consolidate certain non-core practices in the U.S., primarily through reductions in workforce. FTI is taking these actions to address certain underperforming operations. FTI expects to record a one-time charge estimated at approximately \$20.0 million (\$0.28 per diluted share on an after tax basis) in connection with those actions. Included therein is a non-cash intangible impairment charge estimated at \$900,000. Of the \$20.0 million estimated charge, approximately \$18.5 million is estimated to be cash, primarily consisting of severance payments and related costs associated with the reduction in workforce. Substantially all of the reduction in workforce is expected to be completed by October 31, 2006. FTI estimates making the cash payments in connection with the reduction in workforce in 2006 through the year ending 2008.
