and

timing of development projects, future production volumes, increases in production and infrastructure capacity, the identification

and, without limitation, other statements typically containing words such as "intends", "expects", "anticipates", "targets", "plans"

statements speak only as at the date of this presentation. These statements are based on current expectations and beliefs and, by

risks and uncertainties that could cause actual results, performance and achievements to differ materially from any expected future

by such forward-looking statements. The forward-looking statements are based on numerous assumptions regarding BHP Billiton

in which BHP Billiton and Rio Tinto will operate in the future and such assumptions may or may not prove to be correct.

There

are

a

number

of

factors

that

could

cause

actual

results

or

performance

to

differ materially from those expressed or implied in the forward-looking statements. Factors that could cause actual results or performance to differ materially from those described in the forward-looking statements include, but are not limited to, the following:

- the operations of BHP Billiton and Rio Tinto and the synergies expected from the combination, the presence of a competitive proposal in relation to Rio Tinto, satisfaction of any conditions to any proposed transaction, including the receipt of required regulatory and anti-trust approvals, Rio Tinto's willingness to enter into a transaction, as well as additional factors such as changes in global, political, economic, business, competitive, market or regulatory conditions, interest rates,

future
business
combinations
or
dispositions
and
the
outcome
of
litigation
and
government
actions.

Additional
risks
and
factors
that
could
cause
