PROXY STATEMENT

General Information

Our Board of Directors is furnishing this proxy statement and the accompanying Annual Report to Stockholders, notice of annual meeting and proxy card in connection with its solicitation of proxies for use at our 2009 annual meeting of stockholders or any adjournment thereof. The annual meeting will be held on Tuesday, June 9, 2009, beginning at 11:00 a.m., Pacific Daylight Time at the following location:

Nautilus World Headquarters

16400 SE Nautilus Drive

Vancouver, Washington 98683

Our Board of Directors has designated the two persons named on the enclosed proxy card, Edward J. Bramson and Wayne M. Bolio, to serve as proxies in connection with the annual meeting. These proxy materials and the accompanying Annual Report to Stockholders are being mailed on or about May 6, 2009 to our stockholders of record as of April 27, 2009.

Our principal executive offices are located at 16400 SE Nautilus Drive, Vancouver, Washington 98683. As used in this proxy statement, the terms we, our, us, Nautilus, and Company refer to Nautilus, Inc. and its subsidiaries.

Revocability of Proxies

You may revoke any proxy you execute at any time prior to its use at the annual meeting by:

delivering written notice of revocation to our Secretary;

delivering an executed proxy bearing a later date to our Secretary; or

attending the annual meeting and voting in person.

Record Date

Our Board of Directors has fixed the close of business on April 27, 2009 as the record date for determining which of our stockholders are entitled to notice of and to vote at the annual meeting. At the close of business on the record date, 30,614,336 shares of our common stock were outstanding.

Voting; Quorum

Each share of common stock outstanding on the record date is entitled to one vote per share at the annual meeting. Stockholders are not entitled to cumulate their votes. The presence, in person or by proxy, of the holders of a majority of our outstanding shares of common stock is necessary to constitute a quorum at the annual meeting.

Votes Required to Approve each Proposal

If a quorum is present at the annual meeting:

(i) the six nominees who receive the greatest number of votes cast for the election of Directors by the shares present and voting in person or by proxy will be elected as Directors; and

Table of Contents

(ii) the ratification of Deloitte & Touche LLP as our independent registered public accounting firm will be approved if the number of votes cast in favor of the proposal exceeds the number of votes cast against it.

Effect of Abstentions

If you abstain from voting, your shares will be deemed present at the annual meeting for purposes of determining whether a quorum is present. Directors are elected by a plurality of the votes cast, and only votes cast in favor of a nominee will have an effect on the outcome. Therefore, abstention from voting will not affect the outcome of the election of Directors. Abstentions will also not affect the outcome of the proposal to ratify Deloitte & Touche LLP as our independent registered public accounting firm.

Effect of Broker Non-Votes

If you hold your shares in street name through a broker or other nominee, your broker or nominee may not be permitted to exercise voting discretion with respect to the proposals to be voted upon at the annual meeting of stockholders. Thus, if you do not give your broker or nominee specific voting instructions, your shares may not be voted on these matters. Such broker non-votes will be counted for determining whether there is a quorum, but will not be counted as votes for or against. Thus broker non-votes will not have any effect on the proposal for ratification of Deloitte & Touche LLP as our registered independent public accounting firm.

Proxy Procedure

When a proxy card is properly dated, executed and returned, the shares it represents will be voted at the annual meeting in accordance with the instructions specified in the proxy. If no specific instructions are given, the shares will be voted FOR the election of the Director nominees described below, and FOR the ratification of Deloitte & Touche LLP as our registered independent public accounting firm. If other matters come before the annual meeting, the persons named in the accompanying proxy will vote in accordance with their best judgment with respect to such matters.

Cost of Proxy Solicitation

The Company does not plan to hire a proxy solicitor in connection with the annual meeting, but to the extent the Company chooses to use proxy solicitor services, the Company will pay the related fees and expenses.

Procedures for Stockholder Proposals and Nominations

Under Nautilus Bylaws, nominations for Directors at an annual meeting may be made only by (1) the Board of Directors or a committee of the Board, or (2) a stockholder entitled to vote who has delivered notice to the Company within 90 to 120 days before the first anniversary of the

Edgar Filing: NAUTILUS, INC. - Form DEF 14A

date of the mailing of the notice for the preceding year's annual meeting.

Our Bylaws also provide that business may not be brought before an annual meeting unless it is (1) specified in the notice of meeting (which includes stockholder proposals that the Company is required to include in its proxy statement under SEC Rule 14a-8), (2) brought before the meeting by or at the direction of the Board, or (3) brought by a stockholder entitled to vote who has delivered notice to the Company (containing certain information specified in the Bylaws) within 90 to 120 days before the first anniversary of the date of the mailing of the notice for the preceding year's annual meeting. In addition, you must comply with SEC Rule 14a-8 to have your proposal included in the Company's proxy statement.

A copy of the full text of the Company's Bylaws may be obtained upon written request to the Corporate Secretary at the address provided on page 1 of this proxy statement.

INFORMATION CONCERNING THE BOARD OF DIRECTORS

The Board of Directors oversees the overall performance of the Company on your behalf. Members of the Board stay informed of the Company's business through discussions with the Chief Executive Officer and other members of the executive team of the Company, by reviewing materials provided them, and by participating in regularly scheduled Board and committee meetings.

Corporate Governance

Edgar Filing: NAUTILUS, INC. - Form DEF 14A

The Nautilus Board of Directors is elected by the stockholders to govern the business and affairs of the Company. The Board selects the senior management team, which is charged with conducting the Company's

Table of Contents

business. Having selected the senior management team, the Board acts as an advisor to senior management and monitors their performance. The Board reviews the Company's strategies, financial objectives and operating plans. It also plans for management succession of the Chief Executive Officer, as well as other senior management positions, and oversees the Company's compliance efforts.

The Board of Directors has determined that each of Ronald P. Badie, Richard A. Horn, Marvin G. Siegert, and Michael A. Stein qualify as an independent director for purposes of the Company's Corporate Governance Guidelines (available on the Company's website at www.nautilusinc.com), Section 303A.02 of the Listed Company Manual of the New York Stock Exchange, and applicable rules of the SEC, and that each such person is free of any relationship that would interfere with the individual exercise of independent judgment. The Board of Directors has further determined that each member of the three committees of the Board of Directors meets the independence requirements applicable to those committees prescribed by the Listed Company Manual and the SEC, including Rule 10A-3(b)(1) under the Securities Exchange Act of 1934 (the Exchange Act) related to audit committee member independence.

Ronald P. Badie has served as the Lead Independent Director since August, 2007. The Lead Independent Director presides at the executive sessions of the Board of Directors and reviews and consults with the Chairman and Chief Executive Officer concerning the agenda for each regular meeting of the Board. The Lead Independent Director may also periodically help schedule or conduct separate meetings of the independent directors and perform such other duties as may be determined by the Board of Directors.

The Board met twelve times in 2008, and all of the directors attended at least 75% of the meetings of the Board and of the meetings held by the committee(s) on which they served. All of our directors attended the Company's 2008 annual meeting of stockholders, although there is no formal policy regarding director attendance at such meetings.

Transactions with Related Persons

The Company's Board of Directors recognizes that related person transactions present a heightened risk of conflict of interest and/or improper valuation (or the perception thereof) and, therefore, has adopted a policy which shall be followed in connection with all related person transactions. Specifically, this policy addresses our procedures for the review, approval and ratification of all related person transactions.

The Board of Directors has determined that the Audit Committee of the Board is best suited to review and approve related person transactions. Accordingly, any related person transactions recommended by management shall be presented to the Audit Committee for approval at a regularly scheduled meeting of the Audit Committee. Any transaction with a related person (as such terms are defined in Item 404 of Regulation S-K) shall be consummated or shall continue only if the Audit Committee approves the transaction, the disinterested members of the Board of Directors approve the transaction, or the transaction involves compensation approved by the Company's Compensation Committee.

The Company's largest shareholder, Sherborne Investors LP (Sherborne) undertook a successful action to replace four of the Company's Directors with Sherborne nominees in a December 2007 special meeting of shareholders. In May 2008, shareholders approved the reimbursement of up to \$0.6 million of expenses incurred by Sherborne in connection with the shareholder action. Payment requires the approval of the disinterested members of the Company's Board and is not anticipated until some time after the Company returns to profitability.

In February 2009, the disinterested members of the Company's Board of Directors approved a separate agreement with Sherborne Investors Management (Sherborne Investors) under which the Company is obligated

to reimburse Sherborne Investors, \$20,000 per month, for the use of Sherborne's New York office space and administrative, information technology and communications services to support the Company's Chief Executive Officer.

Committees of the Board

The Nautilus Board of Directors currently has three standing committees: an Audit Committee, a Compensation Committee, and a Nominating and Corporate Governance Committee. Each committee is governed by a written charter that may be amended by the Board at any time. The full text of each committee charter and our Corporate Governance Guidelines are available on the Company's website located at www.nautilus.com or in print to all interested parties who request it. Requests should be sent to the Corporate Secretary at the address provided on page 1 of this Proxy Statement.

The Audit Committee

In fulfilling the duties outlined in its charter, the Audit Committee, among other things, shall:

have the sole authority and responsibility to select, evaluate and, where appropriate, replace the registered independent public accounting firm;

review management's report on internal control over financial reporting and discuss with management and the registered independent public accounting firm any significant deficiencies or material weaknesses in the design or operation of internal controls; and

Edgar Filing: NAUTILUS, INC. - Form DEF 14A

establish procedures for the receipt, retention and treatment of complaints regarding accounting, internal accounting controls or auditing matters, including procedures for the confidential, anonymous submission by employees of the Company of concerns regarding questionable accounting, auditing matters or violations of the Company's code of conduct.

The Audit Committee consists of three independent Directors, Marvin G. Siegert (Chairman), Richard A. Horn and Michael A. Stein. Mr. Siegert has served as Chairman of the committee since May 2007. Mr. Horn and Mr. Stein were appointed to the Committee on December 31, 2007. Each current member of the Audit Committee meets the independence, financial literacy and experience requirements contained in the corporate governance listing standards of the New York Stock Exchange (NYSE) relating to audit committees. The Board of Directors has determined that all Audit Committee members qualify as audit committee financial experts

under the regulations of the SEC. Although all members of our Audit Committee meet the current NYSE regulatory requirements for accounting or related financial management expertise, and the Board of Directors has determined that each of them qualifies as an audit committee financial expert, members of our Audit Committee are not professionally engaged in the practice of auditing or accounting and are not technical experts in auditing or accounting. The Audit Committee met eight times during 2008.

A copy of the full text of the Company's Audit Committee Charter can be found on our website at www.nautilusinc.com.

The Compensation Committee

The Compensation Committee is responsible for overseeing the Company's compensation, including equity-based plans, and employee benefit plans and practices, including the compensation and benefits of the Company's executive officers. The Compensation Committee also acts as the administrator of the Company's 2005 Long Term Incentive Plan.

In fulfilling the duties outlined in its charter, the Compensation Committee, among other things, shall:

review periodically the Company's executive compensation plans in light of the Company's goals and objectives with respect to such plans, and, if the Committee deems appropriate, adopt, or recommend to the Board the adoption of, new, or the amendment of existing, executive compensation plans;

evaluate annually the performance of the CEO and, with the CEO's participation and input, the executive officers in light of the goals and objectives of the Company's executive compensation plans. Determine and approve the CEO's and, with the CEO's participation and input, other executive officer's compensation levels based on this evaluation;

approve any equity compensation awarded to any officer of the Company, subject to the requirements of the applicable compensation plans;

with respect to SEC reporting requirements, review and discuss with management the Company's compensation discussion and analysis, and oversee the preparation of, and approve, the Committee report on executive compensation to be included in the Company's Proxy Statement.

Executive Summary

In late 2007 and early 2008, considerable changes occurred in the membership of the Board of Directors, the Compensation Committee of the Board of Directors (Committee) and the Company s named executive officers. These changes and the current economic downturn have had a profound impact on the Company and how it approaches executive compensation, resulting in the following:

Changed compensation philosophy to increase targeted ratio of variable compensation to total compensation;

Modified incentive program to include more explicit, measurable short-term restructuring and turnaround objectives;

Suspension of annual equity awards; and,

Implementation of a new process for reviewing executive compensation.

Governance of the Company s Executive Compensation Program

The Committee has overall responsibility for the evaluation, approval and oversight of the Company s compensation plans, policies and programs and the total direct compensation of the Company s executive officers.

The Committee has sole responsibility for determining the Chief Executive Officer s compensation and reviewing it with the Board of Directors. The Chief Executive Officer provides recommendations to the Committee on compensation matters for the other executive officers. The Committee seeks input from an independent consultant who advises the Committee regarding executive compensation matters.

Compensation Philosophy

The Company s executive compensation program is designed with two primary objectives in mind:

Attracting, retaining and motivating key executives critical to the Company s turnaround and future success; and,

Rewarding executives for meeting ambitious financial and performance goals and taking effective actions which are expected to increase shareholder value over time.

Consistent with these objectives, the Company offers a mix of base salary, short-term incentive compensation, long-term equity based incentives, health and welfare benefits and employment contracts. While we do not target a specific percentage allocation for base salary,

Edgar Filing: NAUTILUS, INC. - Form DEF 14A

short-term incentive compensation or long-term incentives (as a percent of total direct compensation), we operate under the general philosophy of targeting a total direct compensation opportunity that is competitive within our market for executive talent. Relative to our peer group, we believe that we generally target a greater percentage of the executives' total direct compensation opportunity as variable compensation.

At least annually, the Committee reviews the compensation of our executive officers. Because of significant changes in the Board of Directors and the Committee, which occurred in late 2007 and early 2008, the Committee did not conduct an executive compensation analysis in 2008. Late in 2008 and early 2009, the Committee implemented a new process for executive compensation review, analysis and approval which is described herein at the section entitled New Process for Executive Compensation Review, Analysis and Approval.

Chief Executive Officer Compensation

Mr. Bramson, Chief Executive Officer and Chairman of the Board, has elected not to take any salary, benefits or incentives from the Company. As a partner of Sherborne Investors Management LP, a significant

Table of Contents

shareholder of Nautilus, Inc., Mr. Bramson hopes to realize substantial economic benefit in the form of appreciation in the value of Nautilus, Inc. stock which is beneficially owned by him.

The Company reimburses Sherborne Investors Management LP, \$20,000 per month, for the use of New York office space and administrative, information technology and communications services to support Mr. Bramson in his role as the Company's Chief Executive Officer. The Company also reimburses Mr. Bramson for customary travel and other business expenses incurred while conducting Company business.

Base Salaries of Executives Other Than the Chief Executive Officer

Base salaries for the executive officers other than Mr. Bramson are typically considered by the Committee on an annual basis in conjunction with the Company's annual performance review process. Base salaries are also considered in connection with the hiring of a new executive from outside the company, a promotion or other changes in an incumbent executive's job responsibilities. Base salaries for executives are determined by evaluating the responsibilities of the position and experience of the individual, and by referencing the competitive marketplace median for corporate executives in comparable positions (similarity in scope, duties and responsibilities). We obtain competitive marketplace salary information from a pre-defined peer group (discussed later herein) and also reference published compensation surveys which provide additional market-based analytical data for executive pay at companies similar in industry and annual revenues.

Compensation studies were conducted in connection with the hiring of Mr. Goulet on May 6, 2008 as Senior Vice President, Operations, and the promotion of Mr. Fish, on November 11, 2008, to the position of Chief Financial Officer. In each case, competitive survey information was obtained from an independent consultant used by the Company. A recommendation from the Chief Executive Officer was provided to the Committee, taking into consideration the market data, as well as the individuals' experience, level of responsibility and, in the case of Mr. Fish, his prior performance at the Company. The Committee approved the compensation arrangements in each instance. Mr. Goulet's base salary was positioned to approximate the market 50th percentile, with total cash compensation (i.e., base pay plus short-term incentive) targeted at the 75th percentile. Mr. Fish's base salary, as a newly appointed Chief Financial Officer, was positioned to approximate the market 25th percentile, with total cash compensation targeted at the 50th percentile.

Short-Term Incentive Program for Executives Other Than the Chief Executive Officer

The Company's short-term incentive program for executives other than the Chief Executive Officer is designed to reward accomplishment of strategic financial and individual goals. Achievement relative to measurable, pre-determined Company goals provides the basis of the program. Individual goals are also established which further impact the potential to earn a short-term incentive. The Company's short-term incentive program evolved in 2008 as described herein.

In February 2008, the Committee approved the original 2008 annual incentive program. The performance objectives were a combination of operating income achievement, based on the operating plan presented to the Board of Directors by the then Chief Executive Officer, and individual management objectives established for each executive.

Company Performance Criteria

Table of Contents

Individual bonus targets for executive officers ranged from 40% to 100% of annual eligible wages. The payout under the plan could range from 0 to 150% of the bonus target, based on operating income achievement. However, minimum achievement of 80% of plan operating income was required in order to earn any short-term incentive. Thereafter, an additional individual performance multiplier would be applied to the result based on Company performance, as follows:

Eligible Named Executive Officer	Individual Bonus Target (as a % of eligible wages)	Individual Performance Multiplier
Robert S. Falcone ⁽¹⁾	100%	N/A
William D. Meadowcroft	50%	80%-120%
Timothy J. Joyce	50%	80%-120%
Kenneth L. Fish	40%	80%-120%
Wayne M. Bolio	40%	80%-120%
Darryl K. Thomas ⁽¹⁾	50%	80%-120%
Stephen L. Eichen ⁽¹⁾	40%	80%-120%

- (1) Employment ended during the first half of 2008. These employees are not subsequently reflected as participants in the program for the remaining portion of the year.

No payouts were earned under this program for the period January through June 2008.

Following Mr. Bramson's appointment as Chief Executive Officer of the Company, on March 26, 2008, this program was modified, effective July 1, 2008, to intensify focus on specific short-term objectives to improve the Company's financial performance and accelerate needed turnaround efforts. The modified program was intended to reward achievement relative to specific Company and individual performance criteria, with quarterly measurements and payments. Bonus targets were increased, reflecting the Company's emphasis on leveraging variable pay upon achievement of ambitious performance objectives. The modified incentive program continues in effect in 2009.

Earnings per share (EPS) was the sole Company performance metric for the 2008 third quarter. For the 2008 fourth quarter, the Company performance metrics included both an EPS target (50% weighting) and a Consolidated Net Debt target (50% weighting). For the 2009 first quarter, the Company performance metrics included both a Consolidated Operating Income/Loss target (50% weighting) and a Consolidated Net Debt target (50% weighting).

- (1) Levels of financial performance between the percentages shown will result in a multiplier that is determined on a linear basis.
- (2) Financial results calculated after giving effect to earned incentives.
- (3) Measures of achievement may be adjusted to exclude non-recurring, one-time and/or other unusual items, subject to review with the Committee.

In addition to Company performance criteria, individual performance objectives are established for each executive in the form of formal written goals. The specific, measurable actions, for example, included but were not limited to expense reduction targets, accounts receivable and inventory reductions, on-time product delivery, closure of the Company's Tulsa, Oklahoma facilities and transition of production to other locations, and specific product milestones.

Individual bonus targets for executive officers ranged from 50% to 100% of quarterly eligible wages. The payout under the plan could range from 0% to 150% of target based on achievement of the Company performance criteria, subject to a specified minimum performance threshold required to earn any incentive under the plan. Thereafter, an additional individual performance multiplier would be applied to the result based on Company performance, as follows:

Eligible Named Executive Officer	Individual Bonus Target (as a % of eligible wages)	Individual Performance Multiplier
Timothy J. Joyce	100%	0% - 100%
Sebastien R. Goulet	100%	0% - 100%
Kenneth L. Fish ⁽¹⁾	75% / 100%	0% - 100%
William D. Meadowcroft ⁽²⁾	50% / n/a	0% - 100%
Wayne M. Bolio	50%	0% - 100%

- (1) Mr. Fish's bonus target changed to 100% after the 2008 third quarter, as a result of his promotion to Chief Financial Officer in November 2008.
- (2) Mr. Meadowcroft was not eligible in the 2008 fourth quarter due to his pending separation of employment.

Since certain Company and individual performance targets were achieved in the fourth quarter of 2008, the named executive officers earned the following short-term incentive amounts:

Name	Fourth Quarter 2008
Timothy J. Joyce	\$ 12,858
Sebastien R. Goulet	\$ 24,682
Kenneth L. Fish	\$ 8,966
Wayne M. Bolio	\$ 4,651

A holdback provision requires 20% of each quarterly incentive earned be withheld, with payment to be made after year-end audited annual financial results are available.

Other Cash Incentives

Mr. Bolio received a discretionary bonus, in the amount of \$25,000, in May 2008, in connection with his work on the sale of the Company's apparel business. The bonus was recommended by Mr. Bramson and reviewed and approved by the Committee.

Equity Compensation

Long-term incentives are intended to focus executive behavior on making decisions that meaningfully contribute to the long-term success of the Company, as reflected in the Company's stock price. Under the 2005

Table of Contents

Long-Term Incentive Plan (the Plan), the Committee may grant equity awards (stock options, stock appreciation rights, restricted stock, performance units or stock units) to executive officers and other employees. Stock options are priced at fair market value as defined by the Plan. In granting these awards, the Committee may establish conditions or restrictions it deems appropriate.

Executive officers are generally provided an equity grant upon commencement of employment with the Company. Additionally, an executive's overall equity position is reviewed at the time of promotion and an additional grant may be considered.

Prior to 2009, the Company had a practice of granting annual equity awards to executive officers. In February 2008, the Company granted options to eligible executive officers and other employees, as part of the annual grant process. The size of the overall grant pool was recommended by the then Chief Executive Officer and was consistent with prior year grant pools.

The executive grants (excluding the Chief Executive Officer) were recommended by the Chief Executive Officer and approved by the Committee. Executive officers, who had not received a new hire grant in the past 6 months, received a grant of options for 18,000 shares, vesting 25% annually over a period of four years. Due to concerns about executive retention, each executive officer was also awarded a retention grant of options for 18,000 shares, vesting 50% annually over two years. The decision to award the same size grant to each executive was made because of the numerous changes that occurred early in the year, including the changes in Committee membership and new Chief Executive Officer.

In view of the current stock price and market conditions, the Committee has opted to suspend regular annual equity grants. The Company will consider equity awards for new hires, promotions and retention purposes, on a case by case basis. The annual grant program may be resumed in the future.

A grant of options for 200,000 shares of Company common stock was provided to Mr. Goulet upon commencement of his employment with the Company. The grant vests on the anniversary date of Mr. Goulet's employment, over three years, at a rate of 25%, 25% and 50%, respectively. The award was intended to provide a competitive long-term grant, without recurring annual grants.

A grant of options for 75,000 shares was provided to Mr. Fish upon his promotion to Chief Financial Officer in November 2008. The grant vests at a rate of 25% at the end of each of the second and third years after the grant date, and 50% at the end of the fourth year after the grant date.

Mr. Goulet's and Mr. Fish's grants were recommended to the Committee by Mr. Bramson. The Committee considered input from an independent compensation consultant prior to approving the stock option grants.

New Process for Executive Compensation Review, Analysis and Approval

In October 2008, the Committee engaged Compensia to serve as its independent compensation consultant. Compensia will assist the Committee in reviewing the Company's compensation practices and will provide advice to the Committee regarding compensation of the Company's executive officers.

Compensia reports directly to the Committee and will support the Committee by:

Providing information on executive compensation best practices and current trends;

Reviewing compensation guiding principles and recommending assessment methodologies;

Conducting detailed executive compensation assessments and providing preliminary recommendations for executive compensation adjustments; and,

Providing conceptual guidance and design advice on short-term and long-term incentive programs.

Table of Contents

As a first step, the Committee asked Compensia to assess the competitiveness of the Company's executive compensation relative to an appropriate peer group.

A consumer products industry peer group was established, with the Company trending toward middle of the range, based on total annual revenues. Secondly, the Committee also considered equity market capitalization. In the Committee's judgment total annual revenues and product/market similarity were deemed most important. Based upon the selection criteria, the following companies were chosen for the peer group:

Audiovox Corporation (VOXX)	Movado Group, Inc (MOV)
Flexsteel Industries, Inc. (FLXS)	National Presto Industries Inc. (NPK)
Golfsmith International Holdings, Inc. (GOLF)	Plantronics, Inc. (PLT)
Johnson Outdoors Inc. (JOUT)	Salton, Inc. (SFPI)
Leapfrog Enterprises, Inc. (LF)	Select Comfort Corp.(SCSS)
Libbey Inc. (LBY)	Steinway Musical Instruments, Inc. (LVB)
Lifetime Brands, Inc. (LCUT)	

Peer group data will be used to compare the Company's compensation program for top executives with that of executives in comparable roles at peer group companies. The compensation comparison will include base salaries, and short-term and long-term incentive targets. Peer group data will be supplemented by data from published compensation surveys, providing additional market-based analytical data for corporate executive pay at companies similar in industry and annual revenues.

Compensia's initial analysis and recommendations were presented to the Committee in February 2009, including an overview of current trends and best practices, a summary executive compensation assessment and a pay-for-performance analysis. The Committee discussed and established a desired competitive position for target total cash compensation levels in the 50th to 75th percentile range of the peer group. Placement of individuals within this range would also be reflective of experience, performance and potential.

The analysis summarized the current position of executive officers, noting base salaries generally below the market 50th percentile, target total cash compensation averaging near the market 65th percentile, and equity granted in 2008 between the market 25th and 50th percentiles. Given current business and market conditions, the decision was made not to make any changes to current cash compensation levels at this time. The Chief Executive Officer and the Committee, working with its independent consultant, will continue to evaluate all elements of executive compensation on a periodic basis.

Perquisites and Other Benefits

Executive officers are eligible to participate in the Company's medical, dental, vision, flexible spending, life, disability, and 401(k) programs on substantially the same terms as eligible non-executive employees, subject to legal limits on the amounts that may be contributed or paid to executive officers under these plans.

In 2008, the Company discontinued reimbursement of income tax return preparation services to executives.

Edgar Filing: NAUTILUS, INC. - Form DEF 14A

The Company generally does not provide tax gross ups to executive officers. However, in connection with Mr. Goulet's employment, the Compensation Committee approved a partial tax gross up, resulting in \$6,859 of additional compensation, related to certain travel expenses incurred by Mr. Goulet during 2008.

Post-Employment Obligations

The Company believes that modest post-employment benefits are an important factor in maintaining stability of the executive management team, especially at a time when there is significant uncertainty about market conditions for the Company's products and the economy in general.

Table of Contents

The Company has a separate severance arrangement with each executive officer under their respective employment agreements. These agreements outline the terms and conditions of the post employment benefits. The agreements generally provide that the Company will pay severance, ranging from six months to twelve months of the employee's base salary, in the event of an involuntary termination of employment for reasons other than cause. In general, the definition of "cause" includes: indictment or conviction of the employee for a crime that, in the Company's judgment, makes the employee unfit or unable to perform his or her duties, or adversely affects the Company's reputation; employee dishonesty related to his or her employment; violation of key Company policies; insubordination; serious conflicts of interest or self-dealing; intentional or grossly negligent conduct by the employee that is significantly injurious to the Company; certain serious performance failures by the employee; and, death or disability of the employee.

Severance payments are made in accordance with the Company's normal payroll cycle over the severance period. The agreements also generally provide for continuation, during the severance period, of health benefits under COBRA for the employee and covered dependents, at active employee premium rates. Refer to the table entitled Other Potential Post-Employment Payments and related notes, elsewhere herein, for information regarding severance and post-employment benefits that may be payable to our named executive officers upon their termination.

Tax and Accounting Considerations

Section 162(m) of the Internal Revenue Code limits to \$1 million the amount the Company can deduct for compensation paid to its Chief Executive Officer and three other most highly compensated executive officers (excluding the Chief Financial Officer) in any year. The limit on deductibility does not apply to performance-based compensation meeting certain requirements.

Our general philosophy is to structure executive compensation to maximize deductibility under Section 162(m). In 2008, 100% of our executive compensation was deductible by the Company. Stock option awards granted to named executive officers under our 2005 Long-Term Incentive Plan meet the performance-based compensation exception of Section 162(m). Base salary is not performance-based under Section 162(m), and our short-term incentive awards do not meet the performance-based compensation requirements of Section 162(m) because these awards are not granted under a shareholder-approved plan. However, we were able to deduct all of this compensation because no named executive officer exceeded the \$1 million limit. Should executive officer compensation approach \$1 million in the future, our Compensation Committee will consider deductibility of compensation under Section 162(m) as one (but not the sole) factor in setting executive compensation.

AUDIT COMMITTEE REPORT TO STOCKHOLDERS *

Each current member of the Audit Committee meets the independence, financial literacy and experience requirements contained in the corporate governance listing standards of the New York Stock Exchange (NYSE) relating to audit committees. The Board of Directors has determined that all Audit Committee members qualify as audit committee financial experts under the regulations of the SEC. Although all members of our Audit Committee meet the current NYSE regulatory requirements for accounting or related financial management expertise, and the Board of Directors has determined that each of them qualifies as an audit committee financial expert, members of our Audit Committee are not professionally engaged in the practice of auditing or accounting and are not technical experts in auditing or accounting.

The Audit Committee oversees Nautilus, Inc.'s financial reporting process on behalf of the Board and operates under a written charter, approved by the Audit Committee and ratified by the Board. In fulfilling its oversight responsibilities, the Audit Committee reviewed the audited financial statements in the Annual Report on Form 10-K with management, including a discussion of the quality, not just the acceptability, of the accounting principles, the reasonableness of significant judgments, and the clarity of disclosures in the financial statements.

Management has the primary responsibility for the preparation, presentation and integrity of the Company's financial statements and the reporting process, including internal control over financial reporting and disclosure controls and procedures. Management is responsible for maintaining and evaluating appropriate accounting and financial reporting principles and internal controls and procedures designed to ensure compliance with accounting standards and applicable laws and regulations.

The Audit Committee reviewed with the independent registered public accounting firm, which is responsible for expressing an opinion on the conformity of Nautilus, Inc.'s audited financial statements with accounting principles generally accepted in the United States, their judgments as to the quality, not just the acceptability, of the Company's accounting principles. The Audit Committee also has discussed with the independent registered public accounting firm the matters required to be discussed by Statement on Auditing Standards No. 61, as amended, as adopted by the Public Company Accounting Oversight Board in Rule 3200T, *Communication with Audit Committees*. In addition, the Audit Committee has received from the independent registered public accounting firm the written disclosures and letter required by Independence Standards Board Standard No. 1, as adopted by the Public Company Accounting Oversight Board in Rule 3600T, has discussed with the independent registered public accounting firm their independence from the Company and its management, and has considered whether the independent registered public accounting firm's provision of non-audit services to the Company is compatible with maintaining such firm's independence.

The Audit Committee discussed with the Company's independent registered public accounting firm the overall scope and plans for their audit. In addition, the Audit Committee met with the independent registered public accounting firm, with and without management present, to discuss the results of their examination, their evaluation of the Company's internal control over financial reporting, and the overall quality of the Company's financial reporting for the year ended December 31, 2008.

In reliance on the reviews and discussions referred to above, the Audit Committee recommended to the Board, and the Board has approved, that the audited financial statements and management's report on internal control over financial reporting be included in the Annual Report on Form 10-K for the year ended December 31, 2008, for filing with the SEC. The Audit Committee has determined that provision by Deloitte & Touche LLP of other non-audit services is compatible with maintaining Deloitte & Touche LLP's independence. The Audit Committee and the Board have also recommended, subject to stockholder ratification, the selection of Deloitte & Touche LLP as the Company's independent registered public accounting firm for the year ending December 31, 2009.

Respectfully Submitted,

Marvin G. Siegert, Chairman

Richard A. Horn

Michael A. Stein

PROPOSAL NO. 2:

RATIFICATION OF APPOINTMENT OF REGISTERED INDEPENDENT PUBLIC

ACCOUNTING FIRM FOR 2009

The Audit Committee has appointed Deloitte & Touche LLP (Deloitte & Touche) as our registered independent public accounting firm to audit our consolidated financial statements for the year ended December 31, 2009. Although we are not required to seek stockholder approval of this appointment, the Board has determined it to be sound corporate governance to do so. If the appointment is not ratified by stockholders, the Audit Committee will investigate the possible bases for the negative vote and will reconsider the appointment in light of the results of its investigation.

We employed Deloitte & Touche as our registered independent public accounting firm during 2008. There have been no disagreements with Deloitte & Touche on any matter of accounting principles or practices, financial statement disclosure or auditing scope or procedure which, if not resolved to the satisfaction of Deloitte & Touche, would have caused Deloitte & Touche to make reference to the matter in their report. A representative of Deloitte & Touche is expected to be present at the annual meeting. The representative will be given the opportunity to make a statement on behalf of Deloitte & Touche if the representative so desires, and the representative will be available to respond to appropriate stockholder questions.

We understand the need for Deloitte & Touche to maintain objectivity and independence in its audit of our financial statements. To minimize relationships that could appear to impair the objectivity of Deloitte & Touche, our Audit Committee has restricted the non-audit services that Deloitte & Touche may provide. These determinations are among the key practices adopted by the Audit Committee in its Policies and Procedures for the Approval of Audit and Non-audit Services Provided by the Independent Auditor, effective April 2003.

Under these policies, with Audit Committee pre-approval, the Company may use Deloitte & Touche for the following categories of non-audit services: merger and acquisition due diligence and audit services; tax services; internal control reviews; employee benefit plan audits; and reviews and procedures that the Company requests Deloitte & Touche to undertake to provide assurances on matters not required by laws or regulations.

The aggregate fees and expenses billed for professional services rendered by Deloitte & Touche for the years ended December 31, 2008 and 2007 were as follows:

Type of Fees	2008	2007
Audit Fees	\$ 1,551,000	\$ 1,469,000
Audit-Related Fees		170,000
Tax Fees	126,000	198,000
All Other Fees	28,000	63,000
Total	\$ 1,705,000	\$ 1,900,000

Edgar Filing: NAUTILUS, INC. - Form DEF 14A

Audit fees are fees we paid Deloitte & Touche for professional services for the audit of our consolidated financial statements included in our Form 10-K and review of financial statements included in our Form 10-Qs, or for services that are normally provided by the accountant in connection with statutory and regulatory filings or engagements, including the audit required by Section 404 of the Sarbanes-Oxley Act of 2002.

Audit-related fees are fees billed by Deloitte & Touche for assurance and related services that are reasonably related to the performance of the audit or review of our financial statements.

Tax fees are fees for tax compliance, tax advice and tax planning.

All other fees are fees billed by Deloitte & Touche to us for any services not included in the first three categories.

Table of Contents

None of the services disclosed above under "Audit Related Fees," "Tax Fees," or "All Other Fees" were approved by the Audit Committee pursuant to the waiver of pre-approval provisions set forth in applicable rules of the SEC.

The Audit Committee believes that the foregoing expenditures are compatible with maintaining the independence of the Company's registered independent public accounting firm.

THE BOARD UNANIMOUSLY RECOMMENDS THAT THE STOCKHOLDERS VOTE FOR THE RATIFICATION OF THE AUDIT COMMITTEE'S APPOINTMENT OF DELOITTE & TOUCHE LLP AS OUR REGISTERED INDEPENDENT PUBLIC ACCOUNTING FIRM.
