WYNN RESORTS, LIMITED AND SUBSIDIARIES

NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS

(Unaudited)

1. Organization and Basis of Presentation

Organization

Wynn Resorts, Limited, a Nevada corporation (together with its subsidiaries, Wynn Resorts or the Company), was formed in June 2002 and completed an initial public offering of its common stock on October 25, 2002.

In June 2002, the Company's indirect subsidiary, Wynn Resorts (Macau), S.A. (Wynn Macau, S.A.), entered into an agreement with the government of the Macau Special Administrative Region of the People's Republic of China (Macau), granting Wynn Macau, S.A. the right to construct and operate one or more casino gaming properties in Macau. Wynn Macau, S.A.'s first casino resort in Macau is hereinafter referred to as Wynn Macau.

The Company currently owns and operates casino hotel resort properties in Las Vegas, Nevada and Macau. In Las Vegas, Nevada, the Company owns Wynn Las Vegas, which opened on April 28, 2005 and was expanded with the opening of Encore at Wynn Las Vegas on December 22, 2008. In Macau, the Company owns Wynn Macau, which opened on September 6, 2006. In addition, the Company is constructing Encore at Wynn Macau, an expansion of Wynn Macau which is expected to open in the first half of 2010.

Basis of Presentation

The accompanying condensed consolidated financial statements include the accounts of the Company and its majority-owned subsidiaries. Investments in the 50%-owned joint ventures operating the Ferrari and Maserati automobile dealership and the Brioni mens' retail clothing store inside Wynn Las Vegas are accounted for under the equity method. All significant intercompany accounts and transactions have been eliminated.

The accompanying condensed consolidated financial statements have been prepared by the Company pursuant to the rules and regulations of the Securities and Exchange Commission (SEC). Certain information and footnote disclosures normally included in financial statements prepared in accordance with accounting principles generally accepted in the United States of America have been condensed or omitted pursuant to such rules and regulations, although the Company believes that the disclosures herein are adequate to make the information presented not misleading. In the opinion of management, all adjustments (which include only normal recurring adjustments) necessary for a fair presentation of the results for the interim periods have been made. The results for the three and nine months ended September 30, 2009 are not necessarily indicative of results to be expected for the full fiscal year. These condensed consolidated financial statements should be read in conjunction with the consolidated financial statements and notes thereto for the year ended December 31, 2008 contained in the Current Report on Form 8-K filed August 7, 2009. The Form 8-K reflects the retrospective application of the Company's accounting for convertible debt under new accounting standards that were adopted on January 1, 2009, as required.

2. Summary of Significant Accounting Policies

Cash and Cash Equivalents

Cash and cash equivalents are comprised of highly liquid investments with purchase maturities of three months or less. Cash equivalents are carried at cost, which approximates fair value. Cash equivalents of \$954.5 million and \$762.1 million at September 30, 2009 and December 31, 2008, respectively, were invested in money market accounts and U.S. treasuries. The Company utilized Level 1 inputs as described in Note 9 to determine fair value.

Table of Contents*Accounts Receivable and Credit Risk*

Financial instruments that potentially subject the Company to concentrations of credit risk consist principally of casino accounts receivable. The Company issues credit in the form of markers to approved casino customers following investigations of creditworthiness. At September 30, 2009 and December 31, 2008, approximately 76% and 78%, respectively, of the Company's markers were due from customers residing outside the United States, primarily in Asia. Business or economic conditions or other significant events in these countries could affect the collectibility of such receivables.

Accounts receivable, including casino and hotel receivables, are typically non-interest bearing and are initially recorded at cost. Accounts are written off when management deems them to be uncollectible. Recoveries of accounts previously written off are recorded when received. An allowance for doubtful accounts is maintained to reduce the Company's receivables to their estimated carrying amount, which approximates fair value. The allowance is estimated based on specific review of customer accounts as well as management's experience with collection trends in the casino industry and current economic and business conditions.

Inventories

Inventories consist of retail, food and beverage items, which are stated at the lower of cost or market value, and certain operating supplies. Cost is determined by the first-in, first-out, average and specific identification methods.

Revenue Recognition and Promotional Allowances

Casino revenues are measured by the aggregate net difference between gaming wins and losses, with liabilities recognized for funds deposited by customers before gaming play occurs and for chips in the customers' possession. Hotel, food and beverage, entertainment and other operating revenues are recognized when services are performed. Advance deposits on rooms and advance ticket sales are recorded as deferred revenues until services are provided to the customer.

Revenues are recognized net of certain sales incentives which are recorded as a reduction of revenue. Consequently, the Company's casino revenues are reduced by discounts, certain commissions and points earned in customer loyalty programs, such as the players club loyalty program.

The retail value of accommodations, food and beverage, and other services furnished to guests without charge is included in gross revenue and then deducted as promotional allowances. The estimated cost of providing such promotional allowances is primarily included in casino expenses as follows (amounts in thousands):

	Three Months Ended September 30,		Nine Months Ended September 30,	
	2009	2008	2009	2008
Rooms	\$ 11,743	\$ 9,041	\$ 37,340	\$ 26,603
Food and beverage	20,839	19,450	64,409	59,163
Entertainment, retail and other	3,471	3,409	8,849	7,755
Total	\$ 36,053	\$ 31,900	\$ 110,598	\$ 93,521

Gaming Taxes

The Company is subject to taxes based on gross gaming revenues in the jurisdictions in which it operates, subject to applicable jurisdictional adjustments. These gaming taxes are an assessment on the Company's gaming revenues and are recorded as an expense within the Casino line item in the accompanying Condensed

Table of Contents

Consolidated Statements of Operations. These taxes totaled approximately \$223.2 million and \$231.6 million for the three months ended September 30, 2009 and 2008, respectively, and \$642.2 million and \$733.6 million for the nine months ended September 30, 2009 and 2008, respectively.

Advertising Costs

The Company expenses advertising costs the first time the advertising takes place. Advertising costs incurred in development periods are included in pre-opening costs. Once a project is completed, advertising costs are included in general and administrative expenses. For the three months ended September 30, 2009 and 2008, advertising costs totaled approximately \$4.2 million and \$4.5 million, respectively. For the nine months ended September 30, 2009 and 2008, advertising costs totaled approximately \$16.6 million and \$18.2 million, respectively. During the three and nine months ended September 30, 2008 there was approximately \$0.8 million and \$2 million, respectively of advertising costs related to Encore at Wynn Las Vegas that were included in pre-opening expenses.

Reclassifications

Certain amounts in the condensed consolidated financial statements for 2008 have been reclassified to be consistent with the current year presentation. These reclassifications had no effect on the previously reported net income.

Subsequent Events

In accordance with accounting standards for subsequent events, the Company has evaluated subsequent events through November 9, 2009, the date these financial statements were issued.

Recently Issued Accounting Standards

In September 2006, the Financial Accounting Standards Board (FASB) issued new accounting standards regarding fair value measurements. These standards define fair value, establish a framework for measuring fair value, and expand disclosures about fair value measurements under other accounting pronouncements that require or permit fair value measurements. These standards do not require any new fair value measurements. The Company partially adopted these new standards effective January 1, 2008 and adopted the remaining provisions on January 1, 2009. The Company currently does not have any non-financial assets or liabilities that are, or were recognized or disclosed at fair value on a recurring basis and accordingly the final adoption of these standards on January 1, 2009, did not have an impact the Company s condensed consolidated financial statements.

In December 2007, the FASB issued new accounting standards regarding business combinations. These new accounting standards establish principles and requirements for how an acquirer recognizes and measures in its financial statements the identifiable assets acquired, the liabilities assumed, and noncontrolling interest in the acquiree and the goodwill acquired. The revision is intended to simplify existing guidance and converge rulemaking under U.S. GAAP with international accounting rules. These new accounting standards apply prospectively to business combinations where the acquisition date is on or after the beginning of the first annual reporting period beginning on or after December 15, 2008. The adoption of these new accounting standards on January 1, 2009, did not impact the Company s condensed consolidated financial statements.

In December 2007, the FASB issued new accounting standards regarding noncontrolling interest in consolidated financial statements. These new accounting standards establish accounting and reporting standards for ownership interest in subsidiaries held by parties other than the parent and for the deconsolidation of a subsidiary. They also clarify that a noncontrolling interest in a subsidiary is an ownership interest in the consolidated entity that should be reported as equity in the consolidated financial statements. These new accounting standards change the way the consolidated income statement is presented by requiring consolidated

Table of Contents

net income to be reported at amounts that include the amount attributable to both the parent and the noncontrolling interests. These new accounting standards also establish reporting requirements that provide sufficient disclosure that clearly identify and distinguish between the interest of the parent and those of the noncontrolling owners. These new accounting standards are effective for fiscal years beginning on or after December 15, 2008. The adoption of these new accounting standards on January 1, 2009, did not impact the Company's condensed consolidated financial statements, however the new standards will apply beginning in the fourth quarter of 2009 as a result of the initial public offering of shares of Wynn Macau, Limited on the Hong Kong stock exchange as discussed in Note 18.

In March 2008, the FASB issued new accounting standards regarding disclosures about derivative instruments and hedging activities. These new accounting standards are intended to improve financial reporting about derivative instruments and hedging activities by requiring enhanced disclosures to enable investors to better understand their effects on an entity's financial position, financial performance, and cash flows. These new accounting standards are effective for fiscal years beginning after November 15, 2008. The adoption of these new accounting standards on January 1, 2009, did not have a material impact on the Company's condensed consolidated financial statements.

In June 2009, the FASB issued new accounting standards regarding the consolidation of variable interest entities. These new accounting standards address the effects of elimination of the qualifying special-purpose entity concept from previous standards. These new accounting standards amend previous guidance in determining whether an enterprise has a controlling financial interest in a variable interest entity. This determination identifies the primary beneficiary of a variable interest entity as the enterprise that has both the power to direct the activities of a variable interest entity that most significantly impacts the entity's economic performance and the ability to absorb losses or the right to receive benefits of the entity that could potentially be significant to the variable interest entity. These new accounting standards are effective January 1, 2010. The Company is currently evaluating the impact, if any, of adopting these new accounting standards on its condensed consolidated financial statements.

3. Earnings Per Share

Basic earnings per share (EPS), is computed by dividing net income by the weighted average number of shares outstanding during the period. Diluted EPS reflects the addition of potentially dilutive securities, which for the Company include stock options and nonvested stock.

The weighted average number of common and common equivalent shares used in the calculation of basic and diluted EPS consisted of the following (amounts in thousands):

	Three Months Ended September 30, 2009		Nine Months Ended September 30, 2009	
	2009	2008	2009	2008
Weighted average common shares outstanding (used in calculation of basic earnings per share)	122,200	103,266	119,011	108,915
Potential dilution from the assumed exercise of stock options and non-vested stock	410	1,004	252	1,191
Weighted average common and common equivalent shares outstanding (used in calculation of diluted earnings per share)	122,610	104,270	119,263	110,106

Table of Contents**4. Comprehensive Income**

Comprehensive income consisted of the following (amounts in thousands):

	Three Months Ended September 30,		Nine Months Ended September 30,	
	2009	2008	2009	2008
Net income	\$ 34,210	\$ 51,199	\$ 25,875	\$ 370,046
Currency translation adjustment		5,412	(260)	5,006
Comprehensive income	\$ 34,210	\$ 56,611	\$ 25,615	\$ 375,052

As of September 30, 2009 and December 31, 2008, accumulated other comprehensive income consisted solely of currency translation adjustments.

5. Supplemental Disclosure of Cash Flow Information

Interest paid for the nine months ended September 30, 2009 and 2008 totaled approximately \$139.7 million and \$145 million, respectively. Interest capitalized for the nine months ended September 30, 2009 and 2008 totaled approximately \$7.3 million and \$61.4 million, respectively.

During the nine months ended September 30, 2009 and 2008, capital expenditures include a decrease of \$179.1 million and an increase of approximately \$15 million, respectively, in construction payables and retention.

6. Receivables, net

Receivables, net consisted of the following (amounts in thousands):

	September 30, 2009	December 31, 2008
Casino	\$ 194,223	\$ 200,115
Hotel	27,922	18,311
Other	8,375	9,589
	230,520	228,015
Less: allowance for doubtful accounts	(108,262)	(102,819)
	\$ 122,258	\$ 125,196

7. Property and Equipment, net

Property and equipment, net consisted of the following (amounts in thousands):

	September 30, 2009	December 31, 2008
Land and improvements	\$ 709,436	\$ 707,531
Buildings and improvements	3,194,974	3,164,082

Table of Contents

As of September 30, 2009 and December 31, 2008, construction in progress primarily consisted of costs capitalized in conjunction with the development and construction of Encore at Wynn Macau.

8. Long-Term Debt

Long-term debt consisted of the following (amounts in thousands):

	September 30, 2009	December 31, 2008
6 ⁵ / ₈ % Wynn Las Vegas First Mortgage Notes, due December 1, 2014, net of original issue discount of \$7,141 at September 30, 2009, and \$9,561 at December 31, 2008	\$ 1,627,089	\$ 1,690,439
Wynn Resorts Term Loan Facility, due June 21, 2010; interest at LIBOR plus 2.25%		375,000
Wynn Las Vegas Revolving Credit Facility; due July 15, 2013; interest at LIBOR plus 2.8%	741,650	879,484
Wynn Las Vegas Term Loan Facility; \$112.5 million due September 30, 2012 with remaining \$112.5 million due August 15, 2013; interest at LIBOR plus 1.875%	225,000	225,000
Wynn Macau Senior Term Loan Facilities; due June 27, 2014; interest at LIBOR or HIBOR plus 1.75%	552,541	552,561
Wynn Macau Senior Revolving Credit Facility, due June 2012; interest at LIBOR or HIBOR plus 1.75%	979,559	502,356
\$42 million Note Payable; due April 1, 2017; interest at LIBOR plus 1.25%	38,500	39,550
\$32.5 million Note Payable; due August 10, 2012; interest at LIBOR plus 1.15%	27,083	28,709
Other		10
	4,191,422	4,293,109
Current portion of long-term debt	(2,675)	(2,685)
	\$ 4,188,747	\$ 4,290,424

Wynn Las Vegas 6⁵/₈% First Mortgage Notes

During the three and nine months ended September 30, 2009, Wynn Resorts purchased \$0 and \$65.8 million, respectively, face amount of the Wynn Las Vegas 6⁵/₈% First Mortgage Notes due 2014 (the "First Mortgage Notes") through open market purchases at a discount. These transactions resulted in gains on early extinguishment of debt, net of the write-off of unamortized debt discount and debt issue costs, of \$13.7 million for the nine months ended September 30, 2009. As of September 30, 2009, Wynn Resorts holds this debt and has not contributed it to its wholly-owned subsidiary, Wynn Las Vegas. For accounting purposes this transaction has been treated as an extinguishment of debt by Wynn Resorts.

Wynn Resorts Term Loan Facility

In June 2009, the Company purchased and retired outstanding loans of \$375 million under the Wynn Resorts Term Loan Facility for \$364.7 million, reflecting a discounted price of 97.25%. In connection with this transaction, the Company recognized an \$8.8 million gain on early retirement of debt, net of the write-off of unamortized debt issue cost.

Wynn Las Vegas Credit Facility

In April 2009, the Company entered into a fourth amendment to the Wynn Las Vegas Amended and Restated Credit Agreement (the "Credit Agreement"). This amendment, among other things, (i) provides a waiver of the Consolidated Leverage Ratio, as defined in the Credit Agreement, until the quarter ending June 30, 2011, and increases such thresholds thereafter; (ii) provides additional flexibility with the Consolidated Interest

Table of Contents

Coverage Ratio, as defined in the Credit Agreement, by reducing such ratio from 1.75 : 1 to 1.25 : 1 beginning June 30, 2009 through March 31, 2011; (iii) extends the maturity on approximately \$610 million of Wynn Las Vegas revolver commitments from August 15, 2011 to July 15, 2013 (after giving effect to the permanent reduction described below); and (iv) removes the dollar limit on the equity cure provisions for the purpose of the Consolidated Leverage Ratio and the Consolidated Interest Coverage Ratio over the life of the term of the loan. In exchange for the amendments, the Company (i) repaid 30% of the outstanding revolver loans of lenders consenting to the extension of their commitment (approximately \$238 million) and permanently reduced such lender commitments by 25% to approximately \$697 million; and (ii) agreed to an increase in the overall interest rate spread on the Wynn Las Vegas Credit Facilities from LIBOR plus 1.7% to LIBOR plus 2.6%.

Pursuant to the fourth amendment, the Wynn Las Vegas revolver commitments will reduce by an additional \$61 million on August 15, 2011, and a further \$55 million on August 15, 2012. The remaining commitments will mature on July 15, 2013. Lenders holding \$87 million of the Wynn Las Vegas revolver commitments did not agree to the amendment, with the result that their commitments mature on the original maturity date of August 15, 2011.

In August 2009, pursuant to the terms of the Credit Agreement, the Company expanded the availability of the Wynn Las Vegas revolver by \$65 million. All of the additional availability was borrowed as of September 30, 2009.

In September 2009, the Company entered into a fifth amendment to the Wynn Las Vegas Credit Agreement. This amendment, among other things, (i) permits Wynn Las Vegas to issue, on or before March 31, 2010, up to \$500 million of new senior secured notes and (ii) requires that 75% of the net cash proceeds of any issuance of new senior secured notes be applied to prepay loans and reduce commitments under the Credit Agreement.

Wynn Macau Senior Revolving Credit Facility

In February 2009, the Company borrowed approximately \$500 million under the Wynn Macau Senior Revolving Credit Facility. As of September 30, 2009, the outstanding balance was approximately \$980 million and the Company has approximately \$25 million of availability under the Wynn Macau Senior Revolving Credit Facility.

Debt Covenant Compliance

As of September 30, 2009, management believes the Company was in compliance with all debt covenants.

Fair Value of Long-term Debt

The estimated fair value of the Company's long-term debt at September 30, 2009 was approximately \$3.8 billion compared to the carrying value which was \$4.2 billion. The estimated fair value is based upon the most recent trades at September 30, 2009.

9. Interest Rate Swaps

The Company has entered into floating-for-fixed interest rate swap arrangements relating to certain of its debt facilities. These interest rate swap agreements modify the Company's exposure to interest rate risk by converting a portion of the Company's floating-rate debt to a fixed rate. These interest rate swaps essentially fix the interest rate at the percentages noted below, however, changes in the fair value of the interest rate swaps for each reporting period have been recorded in the increase/(decrease) in swap fair value in the accompanying Condensed Consolidated Statements of Operations, as the interest rate swaps do not qualify for hedge accounting.

The Company measures the fair value of its interest rate swaps on a recurring basis pursuant to accounting standards regarding fair value measurements. These standards establish a three-tier fair value hierarchy, which

Table of Contents

prioritizes the inputs used in measuring fair value. These tiers include: Level 1, defined as observable inputs such as quoted prices in active markets; Level 2, defined as inputs other than quoted prices in active markets that are either directly or indirectly observable; and Level 3, defined as unobservable inputs in which little or no market data exists, therefore requiring an entity to develop its own assumptions. The Company categorizes these swap contracts as Level 2.

The following table represents the historical fair values as of September 30, 2009 and December 31, 2008. The fair value approximates the amount the Company would pay if these contracts were settled at the respective valuation dates. Fair value is estimated based upon current, and predictions of future, interest rate levels along a yield curve, the remaining duration of the instruments and other market conditions, and therefore, is subject to significant estimation and a high degree of variability and fluctuation between periods. As of September 30, 2009, the Wynn Resorts interest rate swap is included in other current accrued liabilities and the Wynn Las Vegas and Wynn Macau interest rate swaps are included in other long-term liabilities.

Liability fair value at:

(amounts in thousands)	Wynn Resorts	Wynn Las Vegas	Wynn Macau	Total Interest Rate Swaps
September 30, 2009	\$ (9,561)	\$ (3,978)	\$ (15,322)	\$ (28,861)
December 31, 2008	\$ (15,334)	\$	\$ (12,539)	\$ (27,873)

Wynn Resorts Swap

The Company entered into this interest rate swap to hedge the underlying interest rate risk on all of the borrowings under the Wynn Resorts Term Loan Facility. Pursuant to the terms of this interest rate swap, the Company pays a fixed rate of 3.95% which had fixed the interest rate at approximately 6.2% through June 2010 on the related debt. Although the debt originally associated with this interest rate swap was retired in June 2009, the swap agreement is still effective. This will result in a monthly settlement with the counterparty equal to the difference between LIBOR (receive amount) and the fixed pay rate of 3.95% on the notional amount of \$375 million through June 2010, the date the swap agreement matures.

Wynn Las Vegas Swap

The Company entered into an interest rate swap agreement on August 14, 2009, with an effective date of November 27, 2009, to hedge a portion of the underlying interest rate risk on borrowings under the Wynn Las Vegas Credit Agreement. Under this new swap agreement, beginning November 27, 2009, the Company will pay a fixed interest rate of 2.485% on borrowings of \$250 million incurred under the Wynn Las Vegas Credit Agreement in exchange for receipts on the same amount at a variable interest rate based on the applicable LIBOR at the time of payment. This interest rate swap fixes the interest rate on \$250 million of borrowings under the Wynn Las Vegas Credit Agreement at approximately 5.485%. This interest rate swap agreement matures in November 2012.

Wynn Macau Swaps

The Company has two interest rate swap agreements to hedge a portion of the underlying interest rate risk on borrowings under the Wynn Macau Senior Term Loan Facilities (the "Wynn Macau Term Loan"). Under the first swap agreement, the Company pays a fixed interest rate of 3.632% on U.S. dollar borrowings of approximately \$153.8 million incurred under the Wynn Macau Term Loan in exchange for receipts on the same amount at a variable interest rate based on the applicable LIBOR at the time of payment. Under the second swap agreement, the Company pays a fixed interest rate of 3.39% on Hong Kong dollar borrowings of approximately HK \$991.6 million (approximately U.S. \$127.9 million) incurred under the Wynn Macau Term Loan in exchange for receipt on the same amount at a variable interest rate based on the applicable HIBOR at the time of payment. These interest rate swaps fix the interest rates on the U.S. dollar and the Hong Kong dollar borrowings under the Wynn Macau Term Loan at approximately 5.382% and 5.14%, respectively. These interest rate swap agreements mature in August 2011.

Table of Contents

The Company entered into an interest rate swap agreement on August 17, 2009, with an effective date of November 27, 2009, to hedge a portion of the underlying interest rate risk on borrowings under the Wynn Macau Senior Revolving Credit Facility. Under this new swap agreement, beginning November 27, 2009, the Company will pay a fixed interest rate of 2.15% on borrowings of approximately HK\$2.3 billion (approximately U.S. \$300 million) incurred under the Wynn Macau Senior Revolving Credit Facility in exchange for receipts on the same amount at a variable interest rate based on the applicable HIBOR at the time of payment. This interest rate swap fixes the interest rate on HK\$2.3 billion (approximately U.S. \$300 million) of borrowings under the Wynn Macau Senior Revolving Credit Facility at approximately 3.9%. This interest rate swap agreement matures in June 2012.

10. Related Party Transactions

Amounts Due to Officers

The Company periodically provides services to Stephen A. Wynn, Chairman of the Board of Directors and Chief Executive Officer (Mr. Wynn), and certain other officers and directors of the Company, including household employees, construction work and other personal services. Mr. Wynn and such officers and directors have deposits with the Company to prepay any such items, which are replenished on an ongoing basis as needed. As of September 30, 2009 and December 31, 2008, Mr. Wynn and the other officers and directors had a credit balance with the Company of approximately \$426,163 and \$434,003, respectively.

Villa Suite Lease

Effective July 1, 2005, Mr. Wynn and his wife, Elaine P. Wynn (Mrs. Wynn), who is also a director of Wynn Resorts, lease from year to year villa suites in the Wynn Las Vegas resort as their personal residences. Rent is determined by the Audit Committee of the Board of Directors of Wynn Resorts (the Audit Committee), and is based on the fair market value of the use of the suite accommodations. Based on third-party appraisals, the Audit Committee determined the rent for each year in the three-year period commencing July 1, 2005 and ended June 30, 2008 to be \$580,000. Certain services for, and maintenance of, the suite are included in the rental. For the two year period commencing July 1, 2008 and ending June 30, 2010, based on a third-party appraisal and a reduction in housekeeping services to be provided, the Audit Committee determined the rent for each year will be \$520,000. In March 2009, this lease was amended to add an additional unit to the leased premises. Based upon a third-party appraisal, there was no change in the rent due to the significant deterioration in the Las Vegas rental market.

The Wynn Surname Rights Agreement

On August 6, 2004, the Company entered into agreements with Mr. Wynn that confirm and clarify the Company's rights to use the Wynn name and Mr. Wynn's persona in connection with its casino resorts. Under the parties' Surname Rights Agreement, Mr. Wynn granted the Company an exclusive, fully paid-up, perpetual, worldwide license to use, and to own and register trademarks and service marks incorporating the Wynn name for casino resorts and related businesses, together with the right to sublicense the name and marks to its affiliates. Under the parties' Rights of Publicity License, Mr. Wynn granted the Company the exclusive, royalty-free, worldwide right to use his full name, persona and related rights of publicity for casino resorts and related businesses, together with the ability to sublicense the persona and publicity rights to its affiliates, until October 24, 2017.

Wynn Macau Intellectual Property License Agreement and Corporate Support Services

Wynn Resorts has licensed to Wynn Macau certain trademarks and service marks, other marks and works, and hotel/casino design, development and management know-how through an Intellectual Property License Agreement. Wynn Macau pays to Wynn Resorts a royalty fee pursuant to this agreement as a fixed percent of gross revenue. Wynn Macau was charged royalty fees of \$17.8 million and \$18.4 million during the three months

Table of Contents

ended September 30, 2009 and 2008, respectively. Such fees were \$51.3 million and \$58.3 million for the nine months ended September 30, 2009 and 2008, respectively. In the accompanying Condensed Consolidated Financial Statements these royalty fees have been eliminated in consolidation.

Wynn Resorts also provides corporate support services in large part related to assisting Wynn Macau with U.S. regulatory requirements. The costs of these services are billed to Wynn Macau based on the estimated time spent by the departments involved. Wynn Macau was charged \$1.6 million and \$3.6 million during the three months ended September 30, 2009 and 2008, respectively. Such costs were \$6.5 million and \$10.3 million for the nine months ended September 30, 2009 and 2008, respectively. In the accompanying Condensed Consolidated Financial Statements these corporate support service costs have been eliminated in consolidation.

11. Property Charges and Other

Property charges and other generally include costs related to the retirement of assets for remodels and asset abandonments. Property charges and other for the three months ended September 30, 2009 and 2008, were \$0.7 million and \$1.6 million, respectively, and related to miscellaneous remodels, abandonments and loss on sale of equipment at Wynn Las Vegas and Wynn Macau.

Property charges and other for the nine months ended September 30, 2009 include the write-off of \$14.9 million of aircraft purchase deposits in the first quarter of 2009, offset by the refund of \$8.1 million of such deposits in May 2009. On February 19, 2009, the Company cancelled the agreements to purchase two aircraft. The deposit on one of the aircraft was refundable to the extent another buyer was found. Due to the uncertainty as to the recoverability of this deposit and a \$1.5 million nonrefundable deposit on a second aircraft, the Company wrote off these deposits in the first quarter of 2009. In May 2009, another buyer was found for one of the aircraft and in accordance with the original purchase agreement, a portion of the Company's deposit was refunded. The remaining property charges during 2009 were related to renovations, abandonments and loss on sale of equipment at Wynn Las Vegas and Wynn Macau. Property charges and other for the nine months ended September 30, 2008 include \$17.8 million of costs associated with Spamalat at Wynn Las Vegas which closed in July 2008. The costs included the production rights that were included in intangible assets, show production costs that were included in other assets and certain other property and equipment. The Company also incurred a charge of \$3.6 million at Wynn Macau related to the abandonment of certain existing floor space to begin construction of a new restaurant. The remaining property charges during 2008 were related to renovations and abandonments at both Wynn Las Vegas and Wynn Macau.

12. Share-Based Compensation

The total compensation cost relating both to stock options and nonvested stock is allocated as follows (amounts in thousands):

	Three Months Ended September 30,		Nine Months Ended September 30,	
	2009	2008	2009	2008
Casino	\$ 2,295	\$ 2,000	\$ 6,257	\$ 4,938
Rooms	136	171	406	513
Food and beverage	55	217	289	667
Entertainment, retail and other	36	52	122	158
General and administrative	4,381	2,996	11,623	7,714
Total stock-based compensation expense	6,903	5,436	18,697	13,990
Total stock-based compensation capitalized	147	160	439	496
Total stock-based compensation costs	\$ 7,050	\$ 5,596	\$ 19,136	\$ 14,486

In May 2009, the Company granted 2.6 million stock options to employees and directors.

Table of Contents

13. Stockholders Equity

On March 20, 2009, the Company completed a secondary common stock offering of 11,040,000 shares with net proceeds of \$202.3 million.

14. Adoption of New Accounting Standards for Convertible Debt

In May 2008, new accounting standards were issued that require the issuer of certain convertible debt instruments that may be settled in cash on conversion to separately account for the liability (debt) and equity (conversion option) components of the instruments in a manner that reflects the issuer's nonconvertible debt borrowing rate. These new accounting standards were effective for financial statements issued for fiscal years beginning after December 15, 2008, and interim periods within those fiscal years and did not permit earlier application. However, the transition guidance required retrospective application to all periods presented and does not grandfather existing instruments.

In July 2003, the Company issued \$250 million aggregate principal amount of 6% Convertible Subordinated Debentures due July 15, 2015 (the Debentures). During 2006, \$25.9 million principal amount of the Debentures were converted into 1,124,862 shares of common stock. On June 15, 2007, the Company announced its intent to redeem all remaining amounts of the Debentures on July 20, 2007. Prior to redemption, in July 2007, all of the holders converted their Debentures into shares of the Company's common stock. Upon adoption of the new accounting standards on January 1, 2009, the Company recorded an adjustment to retained earnings as of December 31, 2008 of \$84.5 million which reflects the cumulative additional interest expense, net of capitalized interest of \$13.2 million and loss on extinguishment of debt, net of taxes, that the Company would have recorded related to the Debentures if it had followed the new accounting standards from the issuance date of such Debentures. The adoption of this new accounting standard did not have a material impact on our results of operations for the periods ended September 30, 2009 and 2008.

15. Commitments and Contingencies

Wynn Macau

Encore at Wynn Macau Construction and Development. Construction continues on a further expansion of Wynn Macau. Encore at Wynn Macau is expected to open in the first half of 2010, adding a fully-integrated resort hotel to Wynn Macau with approximately 400 luxury suites and four villas, along with restaurants, retail and gaming space. Wynn Macau, S.A. has executed a guaranteed maximum price contract with Leighton Contractors (Asia) Limited, China State Construction Engineering (Hong Kong) Limited and China Construction Engineering (Macau) Company Limited, acting together as the general contractor, for the construction of Encore at Wynn Macau. The contract sum, including change orders through September 30, 2009, totals \$417.4 million. The current project budget is approximately \$650 million.

Through September 30, 2009, the Company had incurred approximately \$375.6 million of project costs related to the development and construction of Encore at Wynn Macau.

Land Concession Contract. In June 2004, Wynn Macau, S.A. entered into a land concession contract for the Wynn Macau project site. Under the land concession contract, Wynn Macau, S.A. leases a parcel of approximately 16 acres from the Macau government for an initial term of 25 years, with a right to renew for additional periods with government approval. Wynn Macau, S.A. has made all payments to the Macau government under the land concession contract for total payments of approximately \$42.7 million. Wynn Macau, S.A. also paid approximately \$18 million to an unrelated third party for its relinquishment of rights to a portion of the land. During the term of the land concession contract, Wynn Macau, S.A. is also required to make annual lease payments of up to \$400,000. The Company has agreed with the Macau government regarding amendments to its land concession arrangement due to the construction of Encore at Wynn Macau and the additional square footage that will be added as a result of such construction. The Company will make an additional one-time land

Table of Contents

premium payment of approximately \$14.2 million that is expected to be paid prior to year end upon execution of the amendment. As of September 30, 2009, the Company has accrued this payment.

Cotai Land Agreement. On August 1, 2008, subsidiaries of Wynn Resorts, Limited entered into an agreement with an unrelated third party to make a one-time payment in the amount of \$50 million in consideration of the unrelated third party's relinquishment of certain rights with respect to a portion of approximately 52 acres of land in the Cotai area of Macau. The payment will be made within 15 days after the Government of the Special Administrative Region of the People's Republic of China publishes the Company's rights to the land in the government's official gazette. The Company has filed an application for the land with the government of Macau and is awaiting final approval.

Litigation

The Company does not have any material litigation as of September 30, 2009.

Sales and Use Tax on Complimentary Meals

In March 2008, the Nevada Supreme Court ruled, in the matter captioned *Sparks Nugget, Inc. vs. The State of Nevada Ex Rel. Department of Taxation*, that food and non-alcoholic beverages purchased for use in providing complimentary meals to customers and to employees was exempt from sales and use tax. In July 2008, the Court denied the State's motion for rehearing. Through April 2008, Wynn Las Vegas has paid use tax on these items and has filed for refunds for the periods from April 2005 to April 2008. The amount subject to these refunds is approximately \$5.4 million. As of September 30, 2009, the Company had not recorded a receivable related to this matter.

16. Income Taxes

During the three and nine months ended September 30, 2009, the Company recorded a tax benefit/(expense) of \$9.8 million and \$(25.6) million, respectively. Our provision for income taxes relates primarily to an increase in our domestic valuation allowance totaling \$28.7 million relating to foreign tax credits not considered more likely than not realizable in the future and to our current earnings including the gain on extinguishment of debt and forecasted effective tax rate. None of the Company's foreign earnings are considered permanently invested abroad. During the three and nine months ended September 30, 2009, the Company recognized income tax benefits related to excess tax deductions associated with stock based compensation costs of \$0 and \$45 million, respectively.

Effective September 6, 2006, Wynn Macau, S.A. received a 5-year exemption from Macau's 12% Complementary Tax on casino gaming profits. Accordingly, the Company was exempted from the payment of approximately \$7.7 million and \$22.9 million in such taxes during the three and nine months ended September 30, 2009, respectively. The Company's non-gaming profits remain subject to the Macau Complementary Tax and casino winnings remain subject to the Macau Special Gaming tax and other levies totaling 39% in accordance with its concession agreement. During June 2009, Wynn Macau, S.A. entered into an agreement with the Macau Special Administrative Region that provides for an annual payment of MOP \$7.2 million (approximately \$900,000 US dollars) to the Macau Special Administrative Region as complementary tax on dividends distributed to and otherwise due by shareholders. This agreement is effective as of 2006. Therefore, included in the tax provision for the three and nine months ended September 30, 2009 are the amounts related to the years 2006 through the nine months ended September 30, 2009 totaling approximately \$0.2 million and \$3.4 million respectively. This agreement on dividends is effective through 2010.

During the three and nine months ended September 30, 2009 the Company received the results of an Internal Revenue Service examination of its 2004 and 2005 tax returns. Subsequent to September 30, 2009 the Company filed its appeal of the examination's findings. In connection with that appeal, the Company agreed to extend the statute of limitations for its 2004 and 2005 tax returns to March 15, 2011. The Company does not expect resolution of the findings within 12 months. The Company believes that its liabilities for uncertain tax positions related to the examination's findings are adequate.

Table of Contents

17. Segment Information

The Company monitors its operations and evaluates earnings by reviewing the assets and operations of Wynn Las Vegas, including Encore at Wynn Las Vegas, and Wynn Macau, including Encore at Wynn Macau. The Company's total assets by segment are as follows (amounts in thousands):

	September 30, 2009	December 31, 2008
Total assets		
Wynn Las Vegas (including Encore at Wynn Las Vegas)	\$ 4,376,449	\$ 4,584,271

Table of Contents

income and expenses, and includes equity in income/(loss) from unconsolidated affiliates. Adjusted Property EBITDA is presented exclusively as a supplemental disclosure because management believes that it is widely used to measure the performance, and as a basis for valuation, of gaming companies. Management uses Adjusted Property EBITDA as a measure of the operating performance of its segments and to compare the operating performance of its properties with those of its competitors. The Company also presents Adjusted Property EBITDA because it is used by some investors as a way to measure a company's ability to incur and service debt, make capital expenditures and meet working capital requirements. Gaming companies have historically reported EBITDA as a supplement to financial measures in accordance with generally accepted accounting principles in the United States (GAAP). In order to view the operations of their casinos on a more stand-alone basis, gaming companies, including Wynn Resorts, Limited, have historically excluded from their EBITDA calculations pre-opening expenses, property charges and corporate expenses, which do not relate to the management of specific casino properties. However, Adjusted Property EBITDA should not be considered as an alternative to operating income as an indicator of the Company's performance, as an alternative to cash flows from operating activities as a measure of liquidity, or as an alternative to any other measure determined in accordance with GAAP. Unlike net income, Adjusted Property EBITDA does not include depreciation or interest expense and therefore does not reflect current or future capital expenditures or the cost of capital. The Company compensates for these limitations by using Adjusted Property EBITDA as only one of several comparative tools, together with GAAP measurements, to assist in the evaluation of operating performance. Such GAAP measurements include operating income, net income, cash flows from operations and cash flow data. The Company has significant uses of cash flows, including capital expenditures, interest payments, debt principal repayments, taxes and other non-recurring charges, which are not reflected in Adjusted Property EBITDA. Also, Wynn Resorts calculation of Adjusted Property EBITDA may be different from the calculation methods used by other companies and, therefore, comparability may be limited.

18. Subsequent Events

Macau Subsidiary IPO

In October 2009, Wynn Macau, Limited, a newly formed and indirect wholly owned subsidiary of the Company and the developer, owner and operator of Wynn Macau, had its ordinary shares of common stock listed on The Stock Exchange of Hong Kong Limited. Wynn Macau, Limited sold through an initial public offering, including the over allotment, 1,437,500 (27.7%) shares of this subsidiary's common stock. Net proceeds to the Company as a result of this transaction were approximately \$1.8 billion. The shares of Wynn Macau, Limited were not and will not be registered under the Securities Act of 1933, as amended, and may not be offered or sold in the United States absent a registration under the Securities Act of 1933, as amended, or an applicable exception from such registration requirements. As a result of this transaction, the Company will follow accounting standards for noncontrolling interest in consolidated financial statements beginning in October 2009.

Wynn Las Vegas Credit Agreement

In October 2009, pursuant to an offer to purchase loans outstanding under the Credit Agreement, the Company purchased loans with a face value of \$87.6 million for \$84.4 million, reflecting a discounted price of 96.37%. As a result of this transaction, the Wynn Las Vegas Revolving Facility has been permanently reduced by \$43.8 million and the Wynn Las Vegas Term Loan Facility has been permanently reduced by \$44.8 million. In connection with this transaction, the Company will recognize a gain of approximately \$2.1 million on early retirement of debt in the fourth quarter of 2009.

7⁷/8% Wynn Las Vegas First Mortgage Notes

In October 2009, Wynn Las Vegas, LLC and Wynn Las Vegas Capital Corp. (the Issuers), each a direct or indirect wholly owned subsidiary of Wynn Resorts, Limited, issued, in a private offering, \$500 million aggregate principal amount of 7⁷/8% First Mortgage Notes due November 1, 2017 at a price of 97.823% of the principal

Table of Contents

amount. Net proceeds to the Company were approximately \$480 million, after deducting the original issue discount and underwriting fees and other expenses. The notes rank pari passu with the borrowing under the Wynn Las Vegas credit facilities and the outstanding 6 5/8% First Mortgage Notes previously issued by the Issuers. The notes are senior secured obligations of the Issuers, are guaranteed by Wynn Las Vegas, LLC's subsidiaries (subject to some exceptions), and are secured on an equal and ratable basis by a first priority lien on substantially all the existing and future assets of the Issuers and guarantors. In accordance with the fifth amendment to the Wynn Las Vegas Credit Agreement (see Note 8), the Company used the proceeds of this offering to repay amounts outstanding under the Wynn Las Vegas Revolver and Term Loan facilities. Subsequent to this transaction and the offer to purchase loans discussed above, the outstanding balance under the Wynn Las Vegas Term Loan Facility is \$80.4 million and the outstanding balance under the Wynn Las Vegas Revolving Facility is \$317.9 million, with remaining availability of approximately \$120 million. In connection with the permanent reduction of borrowings under the Wynn Las Vegas Credit Agreement, the Company will write off debt issue cost of approximately \$5.8 million in the fourth quarter of 2009.

The notes have not been registered under the Securities Act of 1933 or under any state securities laws. Therefore, the holders may not offer or sell the notes within the United States to, or for the account or benefit of, any United States person unless the offer or sale would qualify for a registration exemption from the Securities Act and applicable state securities laws. The Issuers have agreed to make an offer to exchange the notes for registered, publically traded notes that have substantially identical terms as the notes.

Wynn Resorts Interest Rate Swap

In October 2009, the Company terminated the Wynn Resorts interest rate swap discussed in Note 9, with a payment of \$ 9.9 million.

Dividend

On November 6, 2009, the Company's Board of Directors declared a special cash dividend of \$4.00 per share on its outstanding common stock. This dividend will be payable on December 3, 2009, to stockholders of record on November 19, 2009. The stock will begin to trade ex-dividend on November 17, 2009. The Company's Board of Directors also approved the commencement of a regular cash dividend program, beginning in 2010. It is currently anticipated this regular cash dividend will be \$0.20 per common share for the first quarter of 2010, payable in the second quarter of 2010.

Item 2. Management's Discussion and Analysis of Financial Condition and Results of Operations

The following discussion should be read in conjunction with, and is qualified in its entirety by, the condensed consolidated financial statements and the notes thereto included elsewhere in this Quarterly Report on Form 10-Q. Unless the context otherwise requires, all references herein to the Company, we, us or our, or similar terms, refer to Wynn Resorts, Limited, a Nevada corporation and its consolidated subsidiaries.

Forward-Looking Statements

The Private Securities Litigation Reform Act of 1995 provides a safe harbor for forward-looking statements. Certain information included in this Quarterly Report on Form 10-Q contains statements that are forward-looking, including, but not limited to, statements relating to our business strategy and development activities as well as other capital spending, financing sources, the effects of regulation (including gaming and tax regulations), expectations concerning future operations, margins, profitability and competition. Any statements contained in this report that are not statements of historical fact may be deemed to be forward-looking statements. Without limiting the generality of the foregoing, in some cases you can identify forward-looking statements by terminology such as may, will, should, would, could, believe, expect, anticipate, intend, plan, continue or the negative of these terms or other comparable terminology. Such forward-looking information involves important risks and uncertainties that could significantly affect anticipated results in the future and, accordingly, such results may differ from those expressed in any forward-looking statements made by us. These risks and uncertainties include, but are not limited to:

adverse tourism trends reflecting current domestic and international economic conditions;

volatility and weakness in world-wide credit and financial markets;

general global macroeconomic conditions;

further decreases in levels of travel, leisure and consumer spending;

fluctuations in occupancy rates and average daily room rates;

conditions precedent to funding under the agreements governing the disbursement of the proceeds of borrowings under our credit facilities;

continued compliance with all provisions in our credit agreements;

competition in the casino/hotel and resort industries and actions taken by our competitors in reaction to adverse economic conditions;

completion of Encore at Wynn Macau on time and within budget;

our intention to fund a substantial portion of the development and construction costs of Encore at Wynn Macau with anticipated cash flows generated at Wynn Macau;

doing business in foreign locations such as Macau (including the risks associated with developing gaming regulatory frameworks and travel-related visa restrictions);

restrictions or conditions on visitation by citizens of mainland China to Macau;

new development and construction activities of competitors;

our dependence on Stephen A. Wynn and existing management;

our dependence on a limited number of properties and locations for all of our cash flow;

leverage and debt service (including sensitivity to fluctuations in interest rates);

changes in federal or state tax laws or the administration of such laws;

changes in state law regarding water rights;

Table of Contents

changes in gaming laws or regulations (including the legalization of gaming in certain jurisdictions);

approvals under applicable jurisdictional laws and regulations (including gaming laws and regulations);

the impact that an outbreak of an infectious disease, such as H1N1 influenza, avian flu, or the impact of a natural disaster may have on the travel and leisure industry;

the consequences of the wars in the Middle East and any future security alerts and/or terrorist attacks; and

pending or future legal proceedings.

Further information on potential factors that could affect our financial condition, results of operations and business are included in this report and our other filings with the SEC. You should not place undue reliance on any forward-looking statements, which are based only on information currently available to us. We undertake no obligation to publicly release any revisions to such forward-looking statements to reflect events or circumstances after the date of this report.

Overview

We are a developer, owner and operator of destination casino resorts. We currently own and operate two resort casinos. In Las Vegas, Nevada, we own and operate Wynn Las Vegas, a destination casino resort which opened on April 28, 2005. In December 2008, we expanded Wynn Las Vegas with the opening of Encore at Wynn Las Vegas. We refer to the fully integrated Wynn Las Vegas and Encore at Wynn Las Vegas as our Las Vegas Operations. In the Macau Special Administrative Region of the People's Republic of China (Macau), we own and operate Wynn Macau, which opened on September 6, 2006. We are currently constructing Encore at Wynn Macau, a further expansion of Wynn Macau, which is expected to open in the first half of 2010.

Our Resorts

The following table sets forth information about our operations as of November 2009:

	Hotel Rooms & Suites	Approximate Casino Square Footage	Approximate Number of Table Games	Approximate Number of Slots
Las Vegas	4,750	186,000	225	2,780
Macau	600	214,000	390	1,200
<i>Las Vegas Operations</i>				

Our Las Vegas Operations consist of Wynn Las Vegas and Encore at Wynn Las Vegas.

Wynn Las Vegas

Wynn Las Vegas is located at the intersection of the Las Vegas Strip and Sands Avenue, and occupies approximately 217 acres of land fronting the Las Vegas Strip. We also own approximately 18 additional acres of land across Sands Avenue, a portion of which is utilized for employee parking. Wynn Las Vegas currently features:

An approximately 110,000 square foot casino offering 24-hour gaming and a full range of games, including private gaming salons, a poker room, and a race and sports book;

Edgar Filing: WYNN RESORTS LTD - Form 10-Q

Luxury hotel accommodations in 2,716 spacious hotel rooms, suites and villas;

22 food and beverage outlets featuring signature chefs;

A Ferrari and Maserati automobile dealership;

Table of Contents

Approximately 74,000 square feet of high-end, brand-name retail shopping, including stores and boutiques by Alexander McQueen, Brioni, Cartier, Chanel, Dior, Graff, Louis Vuitton, Manolo Blahnik, Oscar de la Renta, Vertu and others;

Recreation and leisure facilities, including an 18-hole golf course, five swimming pools, private cabanas and a full service spa and salon; and

A showroom, two nightclubs and lounges.

Encore at Wynn Las Vegas

We opened Encore at Wynn Las Vegas on December 22, 2008. This resort is an expansion of Wynn Las Vegas. Encore at Wynn Las Vegas currently features:

An approximately 76,000 square foot casino offering 24-hour gaming and a full range of games, including private gaming salons and a sports book;

Luxury hotel accommodation in 2,034 all-suite rooms;

Twelve food and beverage outlets;

Approximately 27,000 square feet of high-end brand name retail shopping, including stores and boutiques by Hermes, Chanel and Rock & Republic;

Recreation and leisure facilities including swimming pools, private cabanas and a full service spa and salon; and

A showroom, nightclub and lounges.

In response to our evaluation of our Las Vegas Operations and the reactions of our guests, we have and expect to continue to make enhancements and refinements to our resort.

Wynn Macau

We opened Wynn Macau on September 6, 2006 and completed an expansion of this resort in December 2007. We operate Wynn Macau under a 20-year casino concession agreement granted by the Macau government in June 2002. Wynn Macau currently features:

An approximately 214,000 square foot casino offering 24-hour gaming and a full range of games, including private gaming salons;

Luxury hotel accommodations in 600 rooms and suites;

Casual and fine dining in five restaurants;

Edgar Filing: WYNN RESORTS LTD - Form 10-Q

Approximately 48,000 square feet of high-end, brand-name retail shopping, including stores and boutiques by Bvlgari, Chanel, Dior, Dunhill, Fendi, Ferrari, Giorgio Armani, Gucci, Hermes, Hugo Boss, Louis Vuitton, Miu Miu, Piaget, Prada, Rolex, Tiffany, Van Cleef & Arpels, Versace, Vertu and Zegna;

Recreation and leisure facilities, including a health club, pool and spa; and

Lounges and meeting facilities.

On September 30, 2009, we added a new high-limit gaming salon containing approximately 40 slot machines. On November 1, 2009, we opened an additional private gaming salon containing 14 VIP table games. We also are reconfiguring an adjacent area to add another private gaming salon, which will include 15 VIP table games. This last private gaming salon is expected to open in late November 2009.

Table of Contents

In June 2007, we commenced construction on a further expansion of Wynn Macau that will add a fully-integrated resort hotel named Encore at Wynn Macau, with approximately 400 luxury suites and four villas, as well as additional gaming areas that will include 37 VIP table games, approximately 20 high-limit slot machines, 24 premium mass market table games and 75 premium mass market slot machines, food and beverage and retail amenities. We expect Encore at Wynn Macau to open in the first half of 2010.

In response to our evaluation of Wynn Macau and the reactions of our guests, we have made and expect to continue to make, enhancements and refinements to the property.

Future Development

Approximately 142 acres of land comprising Wynn Las Vegas is currently improved with a golf course. While we may develop this property in the future, we have no immediate plans to develop this property due to the current economic environment and certain restrictions in our Wynn Las Vegas credit facilities.

We have applied to the government of Macau for a land concession for approximately 52 acres on Cotai and are awaiting final governmental approval of this concession. No construction timeline or budget have been prepared.

Current Economic and Operating Environment

Due to a number of factors affecting consumers, including a slowdown in global economies, contracting credit markets, reduced consumer spending, and new U.S. political leadership, the outlook for the gaming, travel and entertainment industries both domestically and abroad continues to remain highly uncertain. Auto traffic into Las Vegas, airline capacity and air travel to McCarran International airport have continued to decline year over year, resulting in lower casino volumes and a reduced demand for hotel rooms. This slow down was particularly significant in the fourth quarter of 2008 and has continued throughout 2009. Based on our experience over the last several quarters and current market conditions, we believe that our Las Vegas Operations will continue to experience lower than historical hotel occupancy rates, room rates, casino volumes and departmental profitability. In addition, new supply in Las Vegas which is expected to open in December 2009 will continue to put pressure on occupancy and room rates going forward. As a result of the current economic conditions, we have focused on efficiency initiatives that we began implementing at both of our properties and corporate offices in early 2009. These initiatives include reductions in pay for salaried employees, reduced work weeks for full-time hourly employees, a reduction of 2009 bonus accruals and a suspension of the employer match to the 401(k) plan. We continually review the cost structure of our operating properties and corporate offices to identify further opportunities to reduce costs. In addition to the slowing global economy, Wynn Macau was adversely affected by the visa restrictions implemented in September 2008.

Wynn Macau IPO

In October 2009, Wynn Macau, Limited, our newly formed and indirect wholly owned subsidiary and the developer, owner and operator of Wynn Macau, had its ordinary shares of common stock listed on The Stock Exchange of Hong Kong Limited. Wynn Macau, Limited sold through an initial public offering, including the over allotment, 1,437,500 (27.7%) shares of its common stock. We received net proceeds of approximately \$1.8 billion as a result of this transaction. We will follow accounting standards for noncontrolling interest in consolidated financial statements beginning in October 2009, which will require us to reflect the net income of the noncontrolling interest separate from net income attributable to our common share holders and our earnings per share will be reported based on net income attributable to our common share holders (excluding the net income attributable to the noncontrolling interest).

Results of Operations

Our results of operations for the periods presented are not comparable as the three and nine months ended September 30, 2009 includes Encore at Wynn Las Vegas which opened on December 22, 2008, whereas the prior

Table of Contents

year periods included only Wynn Las Vegas and Wynn Macau. We believe that our operating results at both properties for the three and nine months ended September 30, 2009, were adversely impacted by the weakened global economy. Disruptions in the global financial and stock markets and reduced levels of consumer spending have and may continue to adversely impact our financial results. In addition, as noted above, visa restrictions have placed certain limitations on visitation to Macau.

The table below presents our net revenues (amounts in thousands):

	Three Months Ended September 30, 2009		September 30, 2008	
	2009		2008	
Net Revenues				
Wynn Las Vegas, including Encore for 2009	\$ 324,550	\$ 294,430	\$ 928,640	\$ 876,850
Wynn Macau	448,521	474,756	1,307,642	1,496,199
Total Net Revenues	\$ 773,071	\$ 769,186	\$ 2,236,282	\$ 2,373,049

Reliance on only two properties (in two geographic regions) for our operating cash flow exposes us to certain risks that competitors, whose operations are more diversified, may be better able to control. In addition to the concentration of operations in two properties, many of our customers are high-end gaming customers who wager on credit, thus exposing us to increased credit risk. High-end gaming also increases the potential for variability in our results.

Operating Measures

Certain key operating statistics specific to the gaming industry are included in our discussion of the Company's operational performance for the periods in which a Condensed Consolidated Statement of Operations is presented. There are two methods used to calculate win percentage in the casino industry. In Las Vegas and in the general casino at Wynn Macau, customers primarily purchase gaming chips from gaming tables. The cash and net markers used to purchase the gaming chips from gaming tables are deposited in the gaming table's drop box. This is the base of measurement that we use in the casinos at Wynn Las Vegas, Encore at Wynn Las Vegas and in the general casino at Wynn Macau.

In our VIP casino at Wynn Macau, customers primarily purchase non-negotiable chips (Rolling Chips) from the casino cage and there is no deposit into a gaming table drop box from chips purchased from the cage. Non-negotiable chips can only be used to make wagers. Winning wagers are paid in cash chips. The loss of the non-negotiable chips in the VIP casino is recorded as turnover and provides the base for measuring VIP casino win percentage. Because of this difference in chip purchase activity, the measurement base used in the general casino is not the same as that used in the VIP casino. It is customary in Macau to measure VIP casino play using this Rolling Chip method.

The measurement method in Las Vegas and in the general casino at Wynn Macau tracks the initial purchase of chips, while the measurement method in the VIP casino at Wynn Macau tracks the sum of all losing wagers. Accordingly, the base measurement in the VIP casino is much larger than the general casino. As a result, the expected win percent with the same amount of gaming win (numerator) is smaller in the VIP casino at Wynn Macau as opposed to the general casino in Las Vegas and Macau.

Even though both use the same measurement method, we experience different win percentages in the general casino activity in Las Vegas versus Macau. This difference is primarily due to the difference in the mix of table games between the two casinos. Each type of table game has its own theoretical win percentage. The life to date win percentage for Wynn Las Vegas table games is 22.1% whereas the life to date win percentage for the general casino table games at Wynn Macau is 19.6%.

Table of Contents

Below are definitions of the statistics discussed:

Table games win is the amount of drop or turnover that is retained and recorded as casino revenue.

Drop is the amount of cash and net markers issued that are deposited in a gaming table's drop box.

Turnover is the sum of all losing Rolling Chip wagers within our Wynn Macau VIP program.

Rolling Chips are identifiable chips that are used to track VIP wagering volume (turnover) for purposes of calculating incentives.

Slot win is the amount of handle (representing the total amount wagered) that is retained by us and is recorded as casino revenue.

Average Daily Rate (ADR) is calculated by dividing total room revenue (less service charges, if any) by total rooms occupied.

Revenue per Available Room (REVPAR) is calculated by dividing total room revenue (less service charges, if any) by total rooms available.

Financial results for the three months ended September 30, 2009 compared to the three months ended September 30, 2008.

As noted earlier, our financial results for the three months ended September 30, 2009 are not comparable to the three months ended September 30, 2008, as the three months ended September 30, 2009 include the expansion of Wynn Las Vegas by Encore at Wynn Las Vegas which opened on December 22, 2008, whereas the prior year quarter includes only Wynn Las Vegas and Wynn Macau.

Revenues

Net revenues for the three months ended September 30, 2009 are comprised of \$565.1 million in casino revenues (73.1% of total net revenues) and \$208 million of net non-casino revenues (26.9% of total net revenues). Net revenues for the three months ended September 30, 2008 were comprised of \$590.6 million in casino revenues (76.8% of total net revenues) and \$178.6 million of net non-casino revenues (23.2% of total net revenues).

Casino revenues are comprised of the net win from our table games and slot machine operations. Casino revenues for the three months ended September 30, 2009 of approximately \$565.1 million represent a \$25.5 million (or 4.3%) decrease from casino revenues of \$590.6 million for the three months ended September 30, 2008. We expanded Wynn Las Vegas with the opening of Encore in December 2008. Encore added approximately 90 table games and approximately 800 slot machines to our casino operations in Las Vegas. Even with these additions, our Las Vegas Operations experienced an increase of only \$0.8 million in casino revenues compared to the prior year quarter. Drop decreased 2.4% and our average table games win percentage (before discounts) was 23.7% for the quarter ended September 30, 2009, which was within the expected range of 21% to 24% and compares to 24.3% for the prior year quarter. Slot handle at our Las Vegas Operations decreased less than 1% during the three months ended September 30, 2009 as compared to 2008, and the slot win percentage was within the expected range of 4.5% to 5.5%.

Casino revenues at Wynn Macau decreased \$26.3 million during the three months ended September 30, 2009, compared to the prior year quarter. At Wynn Macau, we experienced a 5.1% decrease in the VIP revenue segment due to a decrease in win percentage from 3.10% in the prior year quarter to 2.84% during the three months ended September 30, 2009. Our expected win percentage is 2.7% to 3.0%. This decrease in win percentage was offset by an increase in turnover of 5.9% compared to the prior year quarter. Our VIP casino segment win as a percent of turnover includes a nominal beneficial effect attributable to non-rolling chip play. In our general casino at Wynn Macau, drop decreased 11.8% when compared to the prior year quarter and the

Table of Contents

average table games win percentage was 20.8%, which was within the expected range of 19% to 21%. The average table game win percentage at Wynn Macau for the three months ended September 30, 2008 was 20.3%. Slot handle at Wynn Macau decreased 11.2% compared to the prior year quarter and the slot win percentage was within the expected range of 4.5% to 5.5%.

For the three months ended September 30, 2009, room revenues were approximately \$91.2 million, an increase of \$11.6 million compared to prior year room revenue of \$79.6 million. Room revenue at our Las Vegas Operations increased approximately \$11.5 million compared to the prior year quarter reflecting the addition of 2,034 suites at Encore at Wynn Las Vegas, which opened December 22, 2008. In Las Vegas, we continued to experience a significant decrease in occupancy and room rates during the three months ended September 30, 2009, compared to the three months ended September 30, 2008. Room revenue at Wynn Macau was flat.

The table below sets forth key operating measures related to room revenue.

	Three Months Ended September 30,	
	2009	2008
Average Daily Rate		
Wynn Las Vegas	\$ 210	\$ 272
Wynn Macau	263	272
Occupancy		
Wynn Las Vegas	83.9%	96.1%
Wynn Macau	89.2%	86.2%
REVPAR		
Wynn Las Vegas	\$ 176	\$ 261
Wynn Macau	235	234

Other non-casino revenues for the three months ended September 30, 2009 include food and beverage revenues of approximately \$109.2 million, retail revenues of approximately \$39.7 million, entertainment revenues of approximately \$16.6 million, and other revenues from outlets such as the spa and salon, of approximately \$15.2 million. Other non-gaming revenues for the three months ended September 30, 2008 included food and beverage revenues of approximately \$87.6 million, retail revenues of approximately \$40 million, entertainment revenues of approximately \$16 million, and other revenues from outlets, including the spa and salon, of approximately \$13.3 million. Food and beverage revenues at our Las Vegas Operations increased as a result of the additional 12 food and beverage outlets located in Encore at Wynn Las Vegas, which opened in December 2008, offset by a decrease of \$0.7 million at Wynn Macau, as compared to the prior year quarter. Although we added new retail outlets at Encore, retail revenues in Las Vegas decreased approximately \$2 million, offset by an increase at Wynn Macau.

Departmental, Administrative and Other Expenses

During the three months ended September 30, 2009, departmental expenses included casino expense of \$358.6 million, rooms expense of \$30.2 million, food and beverage expense of \$64 million, and entertainment, retail and other expense of \$43.6 million. Also included are general and administrative expenses of approximately \$88.9 million and approximately \$5.2 million charged as a provision for doubtful accounts receivable. During the three months ended September 30, 2008, departmental expenses included casino expenses of \$377.3 million, room expenses of \$19.3 million, food and beverage expenses of \$52.6 million, and entertainment and retail and other expenses of \$39.4 million. Also included for 2008 are general and administrative expenses of approximately \$85.4 million and approximately \$36.3 million charged as a provision for doubtful accounts receivable. Casino expenses have decreased during the three months ended September 30, 2009 due to a decrease in casino revenues especially at Wynn Macau where we incur a gaming revenue tax of 39%. Room, food and beverage and general and administrative expenses increased as a result of the opening of

Table of Contents

Encore at Wynn Las Vegas in December 2008. Entertainment, retail and other expense increased primarily in the entertainment department due to headliner performances during the quarter. Our provision for doubtful accounts receivable declined during the three months ended September 30, 2009, compared to the prior year quarter due in large part to the increase in reserves in the prior year in light of the economic uncertainty that existed at that time. Our reserves have also declined due to recent strong collection trends on our casino accounts receivables.

Pre-opening costs

During the three months ended September 30, 2009, we incurred \$0.3 million of pre-opening costs compared to \$13.9 million for the three months ended September 30, 2008. Pre-opening costs incurred during the three months ended September 30, 2009 were related to Encore at Wynn Macau. Pre-opening costs incurred during the three months ended September 30, 2008 were related to Encore at Wynn Las Vegas which opened in December 2008.

Depreciation and amortization

Depreciation and amortization for the three months ended September 30, 2009 of \$101.9 million increased by \$36.3 million when compared to the three months ended September 30, 2008, primarily due to depreciation of the assets of Encore at Wynn Las Vegas, which were placed into service in December 2008.

During the construction of our properties, costs incurred in the construction of the buildings, improvements to land and the purchases of assets for use in operations were capitalized. Once these properties opened, their assets were placed into service and we began recognizing the associated depreciation expense. Depreciation expenses will continue throughout the estimated useful lives of these assets. In addition, we continually evaluate the useful life of our property and equipment, intangibles and other assets and adjust them when warranted.

The maximum useful life of assets at Wynn Macau is the remaining life of the gaming concession or land concession, which currently expire in June 2022 and 2029, respectively. Consequently, depreciation related to Wynn Macau is charged on an accelerated basis when compared to our Las Vegas Operations.

Property charges and other

Property charges and other for the three months ended September 30, 2009 were \$0.7 million compared to \$1.6 million for the three months ended September 30, 2008. Property charges generally include costs related to the retirement of assets for remodels and asset abandonments. During the three months ended September 30, 2009 and 2008, these charges were related to miscellaneous remodels, abandonments and loss on sale of equipment at Wynn Las Vegas and Wynn Macau.

In response to our evaluation of our properties and the reactions of our guests, we continue to remodel and make enhancements at our properties. The costs relating to assets retired as a result of these enhancement and remodel efforts will be expensed as property charges.

Other non-operating costs and expenses

Interest income was \$0.4 million for the three months ended September 30, 2009, compared to \$2.7 million for the three months ended September 30, 2008. Interest income decreased \$2.3 million primarily due to a significant decrease in the average interest rates earned on invested cash balances compared to the prior year quarter.

Interest expense was \$50.1 million, net of capitalized interest of \$2.6 million, for the three months ended September 30, 2009, compared to \$40.3 million, net of capitalized interest of \$24 million, for the three months ended September 30, 2008. Our interest expense increased due to \$21.4 million less of capitalized interest related

Table of Contents

to our construction activities with the opening of Encore at Wynn Las Vegas in December 2008, approximately \$0.9 million related to additional borrowings on our Wynn Macau credit facilities and \$1.7 million associated with additional borrowings and higher interest rates on the Wynn Las Vegas revolver. These increases were offset by approximately \$10.6 million less interest expense due to the November 2008 paydown of the Wynn Resorts term loan, as well as the subsequent \$375 million payoff of such term loan in June 2009, and approximately \$3.6 million less interest due to lower average interest rates on the remainder of our debt.

The fair value of our interest rate swaps are recorded as either assets or liabilities. Changes in the fair value of our interest rate swaps are recorded as an increase (or decrease) in swap fair value in each period. We recorded an expense of approximately \$5.3 million for the three months ended September 30, 2009 resulting from the decrease in the fair value of our interest rate swaps from June 30, 2009 to September 30, 2009. During the three months ended September 30, 2008 we recorded an expense of \$3.6 million resulting from the net decrease in the fair value of interest rate swaps between June 30, 2008 and September 30, 2008. For further information on our interest rate swaps, see

Item 3 Quantitative and Qualitative Disclosures about Market Risk.

Income Taxes

During the three months ended September 30, 2009, we recorded a tax benefit of \$9.8 million and during the three months ended September 30, 2008 we recorded a tax benefit of \$17 million. Our benefit for income taxes for the three months ended September 30, 2009 relates primarily to the U.S. tax benefit associated with our domestic loss. During the quarter ended September 30, 2008 we recorded a deferred tax benefit primarily associated with foreign tax credits applicable to earnings not considered permanently invested abroad. None of our foreign earnings are considered permanently invested abroad.

Effective September 6, 2006, Wynn Macau, S.A. received a 5-year exemption from Macau's 12% Complementary Tax on casino gaming profits. Accordingly, we were exempted from the payment of approximately \$7.7 million in such taxes for the three months ended September 30, 2009. Our non-gaming profits remain subject to the Macau Complementary Tax and casino winnings remain subject to the Macau Special Gaming tax and other levies totaling 39% in accordance with its concession agreement. We recorded a provision of \$0.2 million during the three months ended September 30, 2009 as required under our dividend distribution tax agreement with the Macau Special Administrative Region.

During the three months ended September 30, 2009, we received the results of an Internal Revenue Service examination of our 2004 and 2005 tax returns. Subsequent to September 30, 2009, we filed an appeal of the examination's findings. In connection with that appeal, we agreed to extend the statute of limitations for our 2004 and 2005 tax returns to March 15, 2011. We do not expect resolution of the findings within 12 months. We believe that our liabilities for uncertain tax positions related to the examination's findings are adequate.

Financial results for the nine months ended September 30, 2009 compared to the nine months ended September 30, 2008.

As noted earlier, our financial results for the nine months ended September 30, 2009 are not comparable to the nine months ended September 30, 2008, as the nine months ended September 30, 2009 include the expansion of Wynn Las Vegas by Encore at Wynn Las Vegas which opened on December 22, 2008, whereas the prior year includes only Wynn Las Vegas and Wynn Macau.

Revenues

Net revenues for the nine months ended September 30, 2009 are comprised of \$1,615.1 million in casino revenues (72.2% of total net revenues) and \$621.2 million of net non-casino revenues (27.8% of total net revenues). Net revenues for the nine months ended September 30, 2008 were comprised of \$1,806 million in casino revenues (76.1% of total net revenues) and \$567.1 million of net non-casino revenues (23.9% of total net revenues).

Table of Contents

Casino revenues are comprised of the net win from our table games and slot machine operations. Casino revenues for the nine months ended September 30, 2009 of approximately \$1,615.1 million represents a \$190.9 million (or 10.6 %) decrease from casino revenues of \$1,806 million for the nine months ended September 30, 2008. We expanded Wynn Las Vegas with the opening of Encore at Wynn Las Vegas in December 2008. Encore added approximately 90 table games and approximately 800 slot machines to our Las Vegas casino operations. Even with these additions, our Las Vegas Operations experienced a 1% decrease in casino revenues compared to the prior year due to a 1.6% decrease in drop and a decrease in our average table games win percentage. Our average table games win percentage (before discounts) for the nine months ended September 30, 2009 was 20.7%, which was below the expected range of 21% to 24% and compares to 21.6% for the prior year. Slot handle at our Las Vegas Operations increased less than 1% during the nine months ended September 30, 2009 as compared to 2008, and the slot win percentage was within the expected range of 4.5% to 5.5%.

Casino revenues at Wynn Macau decreased \$187.7 million during the nine months ended September 30, 2009, compared to the prior year. At Wynn Macau, we experienced a 18.7% decrease in the VIP revenue segment primarily due to a 15.7% decrease in turnover. Our win as a percent of turnover was 2.98%, which was within the expected range of 2.7% to 3.0%, and compares to 3.02% in the prior year. Our VIP casino segment win as a percent of turnover includes a nominal beneficial effect attributable to non-rolling chip play in that segment. In our general casino at Wynn Macau, drop decreased 17% when compared to the prior year and the average table games win percentage was 21.5%, which was above the expected range of 19% to 21%. The average table game win percentage at Wynn Macau for the nine months ended September 30, 2008 was 19.6%. Slot handle at Wynn Macau increased 13.8% compared to the prior year and the slot win percentage was within the expected range of 4.5% to 5.5%. The increase in slot handle was primarily due to the play of several high-end slot customers.

For the nine months ended September 30, 2009, room revenues were approximately \$284.8 million, an increase of \$33.1 million compared to prior year room revenue of \$251.7 million. Room revenue at our Las Vegas Operations increased approximately \$35.4 million compared to the prior year due to the addition of 2,034 suites at Encore at Wynn Las Vegas, which opened December 22, 2008. In Las Vegas, we continued to experience a significant decrease in occupancy and room rates during the nine months ended September 30, 2009, compared to the nine months ended September 30, 2008. Room revenue at Wynn Macau decreased approximately \$2.3 million due to a decrease in occupancy and room rates compared to the prior year.

The table below sets forth key operating measures related to room revenue.

	Nine Months Ended September 30,	
	2009	2008
Average Daily Rate		
Wynn Las Vegas	\$ 217	\$ 291
Wynn Macau	265	275
Occupancy		
Wynn Las Vegas	86.6%	96.1%
Wynn Macau	86.4%	87.5%
REVPAR		
Wynn Las Vegas	\$ 188	\$ 280
Wynn Macau	229	241

Other non-casino revenues for the nine months ended September 30, 2009 include food and beverage revenues of approximately \$330.3 million, retail revenues of approximately \$114.5 million, entertainment revenues of approximately \$41.6 million, and other revenues from outlets such as the spa and salon, of approximately \$48 million. Other non-gaming revenues for the nine months ended September 30, 2008 included

Table of Contents

food and beverage revenues of approximately \$275.6 million, retail revenues of approximately \$113.2 million, entertainment revenues of approximately \$54.1 million, and other revenues from outlets, including the spa and salon, of approximately \$43.1 million. Food and beverage revenues at our Las Vegas Operations increased as a result of the additional 12 food and beverage outlets located in Encore at Wynn Las Vegas, which opened in December 2008, offset by a decrease of \$2.9 million at Wynn Macau, as compared to the prior year. Although we added new retail outlets at Encore, retail revenues in Las Vegas decreased, offset by an increase at Wynn Macau. Entertainment revenues decreased over the prior year primarily due to the closure of the Spamalot production show at Wynn Las Vegas in July 2008.

Departmental, Administrative and Other Expenses

During the nine months ended September 30, 2009, departmental expenses included casino expense of \$1,062.4 million, rooms expense of \$80.3 million, food and beverage expense of \$188.2 million, and entertainment, retail and other expense of \$119.7 million. Also included are general and administrative expenses of approximately \$265.5 million and approximately \$13 million charged as a provision for doubtful accounts receivable. During the nine months ended September 30, 2008, departmental expenses included casino expenses of \$1,165.6 million, room expenses of \$60.1 million, food and beverage expenses of \$159.4 million, and entertainment and retail and other expenses of \$127.3 million. Also included are general and administrative expenses of approximately \$249.6 million and approximately \$49 million charged as a provision for doubtful accounts receivable. Casino expenses have decreased during the nine months ended September 30, 2009, due to a decrease in casino revenues especially at Wynn Macau where we incur a gaming revenue tax of 39%. Room, food and beverage and general and administrative expenses increased as a result of the opening of Encore at Wynn Las Vegas in December 2008. Entertainment, retail and other expense declined primarily as a result of the closure of Spamalot at Wynn Las Vegas in July 2008. Our provision for doubtful accounts receivable declined during the nine months ended September 30, 2009, compared to the prior year due to recent strong collection trends on our casino accounts receivable. This strength has allowed us to reduce a portion of the additional reserves we recorded in the third quarter of 2008.

Pre-opening costs

During the nine months ended September 30, 2009, we incurred pre-opening costs of \$0.4 million compared to \$26.1 million for the nine months ended September 30, 2008. Pre-opening costs incurred during the nine months ended September 30, 2009 were related to Encore at Wynn Macau. Pre-opening costs incurred during the nine months ended September 30, 2008 were related to Encore at Wynn Las Vegas which opened in December 2008. We expect that pre-opening costs related to the expansion at Wynn Macau will accelerate as we get closer to opening in 2010.

Depreciation and amortization

Depreciation and amortization for the nine months ended September 30, 2009 of \$306.1 million increased by \$113.8 million when compared to the nine months ended September 30, 2008, primarily due to depreciation of the assets of Encore at Wynn Las Vegas which were placed into service in December 2008.

During the construction of our properties, costs incurred in the construction of the buildings, improvements to land and the purchases of assets for use in operations were capitalized. Once these properties opened, their assets were placed into service and we began recognizing the associated depreciation expense. Depreciation expenses will continue throughout the estimated useful lives of these assets. In addition, we continually evaluate the useful life of our property and equipment, intangibles and other assets and adjust them when warranted.

The maximum useful life of assets at Wynn Macau is the remaining life of the gaming concession or land concession, which currently expire in June 2022 and 2029, respectively. Consequently, depreciation related to Wynn Macau is charged on an accelerated basis when compared to our Las Vegas Operations.

Table of Contents

Property charges and other

Property charges and other for the nine months ended September 30, 2009 were \$11.3 million compared to approximately \$31.2 million for the nine months ended September 30, 2008. Property charges and other for the nine months ended September 30, 2009 include the \$14.9 million of aircraft purchase deposits written off during the first quarter of 2009. On February 19, 2009, we cancelled the agreements to purchase two aircraft. Subsequently, we received refunds of our deposits equal to \$8.1 million in May 2009 when another buyer for the aircraft was found. The remaining property charges of \$4.5 million were related to miscellaneous renovations, abandonments and loss on sale of equipment at Wynn Las Vegas and Wynn Macau.

Property charges and other for the nine months ended September 30, 2008 include \$17.8 million of costs associated with Spamalot at Wynn Las Vegas which closed in July 2008. The costs included the production rights that were included in intangible assets, show production costs that were included in other assets and certain other property and equipment. We also incurred a \$3.6 million charge at Wynn Macau related to the abandonment of certain existing floor space to begin construction of a new restaurant. The remaining property charges during 2008 were related to renovations and abandonments at both Wynn Las Vegas and Wynn Macau.

In response to our evaluation of our properties and the reactions of our guests, we continue to remodel and make enhancements at our properties. The costs relating to assets retired as a result of these enhancement and remodel efforts will be expensed as property charges.

Other non-operating costs and expenses

Interest income was \$1.2 million for the nine months ended September 30, 2009, compared to \$20.1 million for the nine months ended September 30, 2008. Interest income decreased \$18.9 million primarily due to a significant decrease in the average interest rates earned on invested cash balances compared to the prior year period.

Interest expense was \$160.9 million, net of capitalized interest of \$7.3 million, for the nine months ended September 30, 2009, compared to \$126.5 million, net of capitalized interest of \$61.4 million, for the nine months ended September 30, 2008. Our interest expense increased due to \$54.1 million less of capitalized interest related to our construction activities with the opening of Encore at Wynn Las Vegas in December 2008, approximately \$9.6 million related to additional borrowings on our Wynn Macau credit facilities in February 2009 and \$8 million associated with additional borrowings and increased interest rates on the Wynn Las Vegas revolver. These increases were offset by approximately \$27.9 million less interest due to the November 2008 paydown of the Wynn Resorts term loan, as well as the subsequent \$375 million payoff of such term loan in June 2009, and approximately \$9.4 million less interest due to lower average interest rates on the remainder of our debt including the expiration of the Wynn Las Vegas interest rate swap in December 2008.

Changes in the fair value of our interest rate swaps are recorded as an increase/(decrease) in swap fair value in each period. We recorded an expense of approximately \$1 million for the nine months ended September 30, 2009 resulting from the decrease in the fair value of our interest rate swaps from December 31, 2008 to September 30, 2009. During the nine months ended September 30, 2008 we recorded a gain of \$5.1 million resulting from the net increase in the fair value of interest rate swaps between December 31, 2007 and September 30, 2008. For further information on our interest rate swaps, see Item 3 Quantitative and Qualitative Disclosures about Market Risk.

During the nine months ended September 30, 2009, we purchased and retired outstanding loans of \$375 million under the Wynn Resorts Term Loan Facility at a discounted price of 97.25%. In connection with this transaction, we recognized an \$8.8 million gain on early retirement of debt, net of the write-off of unamortized debt issue cost. During this same period, we purchased \$65.8 million face amount of the Wynn Las Vegas 6⁵/₈% First Mortgage Notes due 2014 through open market purchases at a discount. This transaction resulted in a

Table of Contents

gain on early extinguishment of debt of \$13.7 million, net of the write off of unamortized debt discount and debt issue costs. As of September 30, 2009, Wynn Resorts holds this debt and has not contributed it to its wholly-owned subsidiary, Wynn Las Vegas. For accounting purposes this transaction has been treated as an extinguishment of debt by Wynn Resorts.

Income Taxes

During the nine months ended September 30, 2009, we recorded a tax expense of \$25.6 million. Our provision for income taxes is driven by the U.S. tax benefit associated with our domestic loss; an increase in our domestic valuation allowances totaling \$28.7 million relating to foreign tax credits not considered more likely than not realizable in the future; an increase in our earnings including the gain on extinguishment of debt; and forecasted effective tax rate. During the nine months ended September 30, 2008, we recorded a deferred tax benefit of \$160.2 million primarily associated with foreign tax credits applicable to earnings not considered permanently invested abroad. None of our foreign earnings are considered permanently invested abroad.

Effective September 6, 2006, Wynn Macau, S.A. received a 5-year exemption from Macau's 12% Complementary Tax on casino gaming profits. Accordingly, we were exempted from the payment of approximately \$22.9 million in such taxes for the nine months ended September 30, 2009. Our non-gaming profits remain subject to the Macau Complementary Tax and casino winnings remain subject to the Macau Special Gaming tax and other levies totaling 39% in accordance with its concession agreement. In June 2009, Wynn Macau, S.A. entered into an agreement with the Macau Special Administrative Region that provides for an annual payment of MOP \$7.2 million (approximately \$900,000 US dollars) to the Macau Special Administrative Region as complementary tax on dividends distributed to and otherwise due by shareholders. This agreement is effective as of 2006. Therefore, included in the tax provision for the nine months ended September 30, 2009, are the amounts related to the years 2006 through the first nine months of 2009 totaling \$3.4 million. This agreement on dividends is effective through 2010.

During the nine months ended September 30, 2009, we received the results of an Internal Revenue Service examination of our 2004 and 2005 tax returns. Subsequent to September 30, 2009, we filed an appeal of the examination's findings. In connection with that appeal, we agreed to extend the statute of limitations for our 2004 and 2005 tax returns to March 15, 2011. We do not expect resolution of the findings within 12 months. We believe that our liabilities for uncertain tax positions related to the examination's findings are adequate.

Liquidity and Capital Resources

Cash Flow from Operations

Net cash provided by operations for the nine months ended September 30, 2009 was \$447.2 million compared to \$488.8 million provided by operations for the nine months ended September 30, 2008. This decrease is primarily due to the decrease in operating income as discussed above offset by increased benefits from working capital changes and income tax benefits related to excess tax deductions associated with stock-based compensation costs that were not previously recognized.

Capital Resources

We require a certain amount of cash on hand for operations. At September 30, 2009, we had approximately \$1.3 billion of cash and cash equivalents available for operations, debt service and retirement, development activities, general corporate purposes, enhancements to our properties, funding the remaining construction and retention payables related to Encore at Wynn Las Vegas (approximately \$20.2 million) and to support the development and construction costs of Encore at Wynn Macau. As of September 30, 2009, approximately \$258.6 million of our cash balance was held by Wynn Resorts, Limited, which is not a guarantor of the debt of its subsidiaries, including Wynn Las Vegas, LLC and Wynn Macau, S.A. As of September 30, 2009, we had no availability under our Wynn Las Vegas credit facilities and approximately \$25 million under our Wynn Macau

Table of Contents

credit facilities. Except for scheduled quarterly payments on two notes payable, we have no outstanding debt maturities until August 2011. We believe that cash flow from operations and our existing cash balances will be adequate to satisfy our anticipated uses of capital during 2009.

In October 2009, Wynn Macau, Limited, a newly formed and indirect wholly owned subsidiary of the Company and the developer, owner, and operator of Wynn Macau completed an initial public offering of its ordinary shares on The Stock Exchange of Hong Kong Limited. Net proceeds as a result of this transaction were approximately \$1.8 billion. In addition, as disclosed in Note 18, in October 2009 Wynn Las Vegas issued \$500 million of first mortgage notes due November 2017. The proceeds of this note offering were used to repay amounts outstanding under the Wynn Las Vegas credit facility and result in availability under such credit facility of approximately \$120 million as of October 2009.

Cash and cash equivalents include investments in U.S. Treasury Bills, money market funds and bank time deposits, all with maturities of less than 90 days.

Investing Activities

Capital expenditures were approximately \$431.2 million for the nine months ended September 30, 2009, and related primarily to cash payments on construction and retention payables related to Encore at Wynn Las Vegas and the continued construction of Encore at Wynn Macau.

Encore at Wynn Macau

In June 2007, we commenced construction on Encore at Wynn Macau, a further expansion of Wynn Macau. Encore at Wynn Macau is a second hotel tower for Wynn Macau situated on top of a new low-rise podium. We expect Encore at Wynn Macau to open in the first half of 2010.

Design of the project continues to progress and current construction activities as of November 2009, include the following:

The exterior of the hotel tower structure is complete and fully enclosed;

Interior fit-out is in progress in all areas;

Air conditioning has been activated in the hotel tower; and

Furniture and fixtures are being installed in the hotel tower.

We have executed a guaranteed maximum price contract with Leighton Contractors (Asia) Limited, China State Construction Engineering (Hong Kong) Limited and China Construction Engineering (Macau) Company Limited, acting together as the general contractor for the construction of the Encore at Wynn Macau. The current guaranteed maximum price, including change orders as of September 30, 2009, is \$417.4 million.

We expect total development and construction costs to be approximately \$650 million. The project budget will be funded from our cash flow from operations at Wynn Macau and existing cash balances.

As of September 30, 2009, we had incurred approximately \$375.6 million of project costs related to the development and construction of Encore at Wynn Macau.

Financing Activities

Wynn Resorts

In March 2009, we completed a secondary common stock offering of approximately 11 million shares resulting in net proceeds of \$202.3 million.

Table of Contents

In June 2009, we purchased and retired outstanding loans of \$375 million under the Wynn Resorts Term Loan Facility for \$364.7 million reflecting a discounted price of 97.25%. In connection with this transaction, the Company recognized an \$8.8 million gain on early retirement of debt, net of the write-off of unamortized debt issue cost.

On November 6, 2009, the Company's Board of Directors declared a special cash dividend of \$4.00 per share on its outstanding common stock. This dividend will be payable on December 3, 2009, to stockholders of record on November 19, 2009. The stock will begin to trade ex-dividend on November 17, 2009. The Company's Board of Directors also approved the commencement of a regular cash dividend program, beginning in 2010. It is currently anticipated this regular cash dividend will be \$0.20 per common share for the first quarter of 2010, payable in the second quarter of 2010.

Wynn Las Vegas 6⁵/8% Fixed Mortgage Notes

During the nine months ended September 30, 2009, Wynn Resorts purchased \$65.8 million face amount of the Wynn Las Vegas 6⁵/8% First Mortgage Notes due 2014 through open market purchases at a discount. These transactions resulted in a gain on early extinguishment of debt of \$13.7 million, net of the write off of unamortized debt discount and debt issue costs. As of September 30, 2009, Wynn Resorts holds this debt and has not contributed such debt to its wholly-owned subsidiary Wynn Las Vegas. For accounting purposes this transaction has been treated as an extinguishment of debt by Wynn Resorts.

Las Vegas Operations

As of September 30, 2009, our Wynn Las Vegas credit facilities, as amended, consisted of a \$761.8 million revolving credit facility (the Revolver) and a \$225 million term loan facility (the Term Loan). As of September 30, 2009, we had borrowed \$741.7 million under the Revolver. We also had \$20.1 million of outstanding letters of credit that reduce our availability under the Revolver. Consequently, no amounts remain available under the Revolver for future borrowings as of September 30, 2009.

In April 2009, we entered into a fourth amendment to our Wynn Las Vegas Amended and Restated Credit Agreement (the Credit Agreement). This amendment, among other things, (i) provides a waiver of the Consolidated Leverage Ratio, as defined in the Credit Agreement, until the quarter ending June 30, 2011, and increases such thresholds thereafter; (ii) provides additional flexibility with our Consolidated Interest Coverage Ratio, as defined in the Credit Agreement, by reducing such ratio from 1.75 : 1 to 1.25 : 1 beginning June 30, 2009 through March 31, 2011; (iii) extends the maturity on approximately \$610 million of Wynn Las Vegas revolver commitments from August 15, 2011 to July 15, 2013 (after giving effect to the permanent reduction described below); and (iv) removes the dollar limit on the equity cure provisions for the purpose of the Consolidated Leverage Ratio and the Consolidated Interest Coverage Ratio over the life of the loan. In exchange for the amendments, we (i) repaid 30% of the outstanding revolver loans of lenders consenting to the extension of their commitment (approximately \$238 million) and permanently reduced such lender commitments by 25%; and (ii) agreed to an increase in the overall interest rate spread on the Wynn Las Vegas Credit Facility from LIBOR plus 1.7% to LIBOR plus 2.6%.

As amended, the Wynn Las Vegas revolver commitments will reduce by \$61 million on August 15, 2011, and an additional \$55 million on August 15, 2012. The remaining commitments will mature on July 15, 2013. Lenders holding \$87 million of the Wynn Las Vegas commitments did not agree to the amendment, with the result that their commitments will mature on the original maturity date of August 15, 2011. The Wynn Las Vegas Term Loan will mature in two installments: \$112.5 million will be payable on September 30, 2012 and the remaining \$112.5 million will be payable on August 15, 2013.

In August 2009, pursuant to the terms of the Credit Agreement, we expanded the availability of the Wynn Las Vegas Revolver by \$65 million. All of the additional availability was borrowed as of September 30, 2009.

Table of Contents

In September 2009, we entered into a fifth amendment to the Wynn Las Vegas Credit Agreement. This amendment, among other things, (i) permits Wynn Las Vegas to issue, on or before March 31, 2010, up to \$500 million of new senior secured notes and (ii) requires that 75% of the net cash proceeds of any issuance of new senior secured notes be applied to prepay loans and reduce commitments under the Credit Agreement.

In October 2009, pursuant to an offer to purchase loans outstanding under the Credit Agreement, we purchased loans with a face value of \$87.6 million for \$84.4 million, reflecting a discounted price of 96.37%. As a result of this transaction, the Wynn Las Vegas Revolver has been permanently reduced by \$43.8 million and the Wynn Las Vegas Term Loan has been permanently reduced by \$44.8 million. In connection with this transaction, we will recognize a gain of approximately \$2.1 million on early retirement of debt in the fourth quarter of 2009.

Also, in October 2009, Wynn Las Vegas, LLC and Wynn Las Vegas Capital Corp. (the Issuers), a direct and indirect wholly owned subsidiary of Wynn Resorts, Limited, respectively, issued, in a private offering, \$500 million aggregate principal amount of 7⁷/₈% First Mortgage Notes due November 1, 2017 at a price of 97.823% of the principal amount. The notes rank pari passu with the borrowing under the Wynn Las Vegas credit facilities and the outstanding 6⁵/₈% First Mortgage Notes previously issued by the Issuers. The notes are senior secured obligations of the Issuers, are guaranteed by Wynn Las Vegas, LLC's subsidiaries (subject to some exceptions), and are secured on an equal and ratable basis by a first priority lien on substantially all the existing and future assets of the Issuers and guarantors. In accordance with the fifth amendment to the Wynn Las Vegas Credit Agreement (see Note 8), we used the proceeds of this offering to repay amounts outstanding under the Wynn Las Vegas Revolver and Term Loan facilities. Subsequent to this transaction and the offer to purchase loans discussed above, the outstanding balance under the Wynn Las Vegas Term Loan is \$80.4 million and the outstanding balance under the Wynn Las Vegas Revolver is \$317.9 million, with remaining availability of \$120 million. In connection with the permanent reduction of borrowings under the Wynn Las Vegas Credit Agreement, we will write off debt issue cost of approximately \$5.8 million in the fourth quarter of 2009.

The Wynn Las Vegas credit facilities are obligations of Wynn Las Vegas, LLC and are guaranteed by and secured by substantially all of the assets (except the corporate aircraft) of each of its subsidiaries (other than Wynn Completion Guarantor, LLC). The obligations of Wynn Las Vegas, LLC and the guarantors under the Wynn Las Vegas Credit Facilities rank pari passu in right of payment with their existing and future senior indebtedness, including indebtedness with respect to the First Mortgage Notes and senior in right of payment to all of their existing and future subordinated indebtedness.

The Wynn Las Vegas Credit Agreement contains a requirement that the company must make mandatory repayments of indebtedness from specified percentages of excess cash flow beginning after the opening of Encore. If our Wynn Las Vegas subsidiary meets a Consolidated Leverage Ratio, as defined in the Credit Agreement, of greater than 3.5 : 1, such repayment is defined as 50% of Excess Cash Flow, as defined in the Credit Agreement. If the Consolidated Leverage Ratio is less than 3.5 : 1, then no repayment is required. Based on the current economic conditions in which we are operating, we do not believe that Wynn Las Vegas will have excess cash flow for mandatory repayment pursuant to this provision of the Credit Agreement during the fiscal year ending December 31, 2009, and therefore we do not expect to make any mandatory repayments pursuant to this requirement during 2009.

Wynn Macau

As of September 30, 2009, our Wynn Macau credit facilities consisted of a \$550 million equivalent fully funded senior term loan facility (the Wynn Macau Term Loan), and a \$1 billion senior revolving credit facility (the Wynn Macau Revolver) (together the Wynn Macau Credit Facilities), in a combination of Hong Kong and U.S. dollars. Wynn Macau has the ability to upsize the total facilities by an additional \$50 million pursuant to the terms and provisions of the Amended Common Terms Agreement.

Table of Contents

The Wynn Macau Term Loan matures in June 2014, and the Wynn Macau Revolver matures in June 2012. The principal amount of the term loans is required to be repaid in quarterly installments, commencing in September 2011. Borrowings under the Wynn Macau Credit Facilities bear interest at LIBOR or HIBOR plus 1.75%.

During the nine months ended September 30, 2009, we borrowed approximately \$500 million under the Wynn Macau Revolver and repaid approximately \$25 million. As of September 30, 2009, our outstanding balance was approximately \$980 million and we have approximately \$25 million available to borrow under the Wynn Macau Revolver.

Collateral for the Wynn Macau Credit Facilities consists of substantially all of the assets of Wynn Macau, S.A. Certain affiliates that own interests in Wynn Macau, S.A., either directly or indirectly through other subsidiaries, have executed guarantees of the loans and pledged their interests in Wynn Macau, S.A. as additional security for repayment of the loans.

Off Balance Sheet Arrangements

We have not entered into any transactions with special purpose entities nor do we engage in any derivatives except for straight forward interest rate swaps. We do not have any retained or contingent interest in assets transferred to an unconsolidated entity. At September 30, 2009, we had outstanding letters of credit totaling \$20.1 million.

Contractual Obligation and Commitments

As of September 30, 2009, there have been no material changes to our contractual obligations or off balance sheet arrangements as disclosed in our Current Report on Form 8-K filed on August 7, 2009, other than (i) the \$500 million draw under our Wynn Macau Revolver in February 2009, (ii) the \$375 million paydown of the Wynn Resorts term loan in June 2009, (iii) the \$138 million net paydown of the Wynn Las Vegas revolver, (iv) the reduction in construction related payables of approximately \$180 million related to Encore at Wynn Las Vegas, and (v) the cancellation of two aircraft purchases in February 2009 that had future commitments of \$85 million at December 31, 2008.

Other Liquidity Matters

Wynn Resorts is a holding company and, as a result, our ability to pay dividends is highly dependent on our ability to obtain funds and our subsidiaries' ability to provide funds to us. As a result of the sale of shares in Wynn Macau, Limited in October 2009, we have approximately \$1.8 billion of available cash that is not subject to such restrictions, a portion of which will be utilized to fund the December 2009 dividend described above. Restrictions imposed by our Wynn Las Vegas and Wynn Macau debt instruments significantly restrict our ability to pay dividends. Specifically, Wynn Las Vegas, LLC and certain of its subsidiaries are restricted under the indenture governing the First Mortgage Notes from making certain restricted payments as defined in the indenture. These restricted payments include the payment of dividends or distributions to any direct or indirect holders of equity interests of Wynn Las Vegas, LLC. These restricted payments may not be made unless certain financial and non-financial criteria have been satisfied. The credit facilities of Wynn Las Vegas, LLC and Wynn Macau, S.A. contain similar restrictions; although the Wynn Macau, S.A. loan agreements permit distribution of the net proceeds of the subconcession sale and, provided certain conditions are met, earnings and the distribution of loan proceeds.

Wynn Las Vegas, LLC intends to fund its operations and capital requirements from operating cash flow and to the extent additional funds are required, with additional contributions from Wynn Resorts. We cannot assure you, however, that our Las Vegas operations will generate sufficient cash flow from operations or that future contributions from Wynn Resorts or the availability of additional indebtedness will be sufficient to enable us to service and repay Wynn Las Vegas, LLC's indebtedness and to fund its other liquidity needs. Similarly, we expect that Wynn Macau will fund Wynn Macau, S.A.'s debt service obligations with existing cash and operating

Table of Contents

cash flow. However, we cannot assure you that operating cash flows be sufficient to do so. We may refinance all or a portion of our indebtedness on or before maturity. We cannot assure you that we will be able to refinance any of the indebtedness on acceptable terms or at all.

New business developments or other unforeseen events may occur, resulting in the need to raise additional funds. We continue to explore opportunities to develop additional gaming or related businesses in Las Vegas, as well as other domestic or international markets. There can be no assurances regarding the business prospects with respect to any other opportunity. Any other development would require us to obtain additional financing. We may decide to conduct any such development through Wynn Resorts or through subsidiaries separate from the Las Vegas or Macau-related entities.

Critical Accounting Policies and Estimates

A description of our critical accounting policies is included in Item 7 of the Current Report on Form 8-K, filed August 7, 2009. There has been no material change to these policies for the nine months ended September 30, 2009.

Recently Issued Accounting Standards

In September 2006, the Financial Accounting Standards Board (FASB) issued new accounting standards regarding fair value measurements. These standards define fair value, establish a framework for measuring fair value, and expand disclosures about fair value measurements under other accounting pronouncements that require or permit fair value measurements. These standards do not require any new fair value measurements. We partially adopted the new standards effective January 1, 2008 and adopted the remaining provisions on January 1, 2009. We currently do not have any non-financial assets or liabilities that are, or were recognized or disclosed at fair value on a recurring basis and accordingly the final adoption of this statement on January 1, 2009, did not have an impact the our condensed consolidated financial statements.

In December 2007, the FASB issued new accounting standards regarding business combinations. These new accounting standards establish principles and requirements for how an acquirer recognizes and measures in its financial statements the identifiable assets acquired, the liabilities assumed, and noncontrolling interest in the acquiree and the goodwill acquired. The revision is intended to simplify existing guidance and converge rulemaking under U.S. GAAP with international accounting rules. These new accounting standards apply prospectively to business combinations where the acquisition date is on or after the beginning of the first annual reporting period beginning on or after December 15, 2008. The adoption of these new accounting standards on January 1, 2009, did not impact our condensed consolidated financial statements.

In December 2007, the FASB issued new accounting standards regarding noncontrolling interest in consolidated financial statements. These new accounting standards establish accounting and reporting standards for ownership interest in subsidiaries held by parties other than the parent and for the deconsolidation of a subsidiary. They also clarify that a noncontrolling interest in a subsidiary is an ownership interest in the consolidated entity that should be reported as equity in the consolidated financial statements. These new accounting standards change the way the consolidated income statement is presented by requiring consolidated net income to be reported at amounts that include the amount attributable to both the parent and the noncontrolling interests. These new accounting standards also establish reporting requirements that provide sufficient disclosure that clearly identify and distinguish between the interest of the parent and those of the noncontrolling owners. These new accounting standards are effective for fiscal years beginning on or after December 15, 2008. The adoption of these new accounting standards on January 1, 2009, did not impact our condensed consolidated financial statements; however the new standards will apply upon the completion of the initial public offering of shares of Wynn Macau, Limited on the Hong Kong stock exchange as discussed in Note 18.

Table of Contents

In March 2008, the FASB issued new accounting standards regarding disclosures about derivative instruments and hedging activities. These new accounting standards are intended to improve financial reporting about derivative instruments and hedging activities by requiring enhanced disclosures to enable investors to better understand their effects on an entity's financial position, financial performance, and cash flows. These new accounting standards are effective for fiscal years beginning after November 15, 2008. The adoption of these new accounting standards on January 1, 2009, did not have a material impact on our condensed consolidated financial statements.

In June 2009, the FASB issued new accounting standards regarding the consolidation of variable interest entities. These new accounting standards address the effects of elimination of the qualifying special-purpose entity concept from previous standards. These new accounting standards also amend previous guidance in determining whether an enterprise has a controlling financial interest in a variable interest entity. This determination identifies the primary beneficiary of a variable interest entity as the enterprise that has both the power to direct the activities of a variable interest entity that most significantly impacts the entity's economic performance and the ability to absorb losses or the right to receive benefits of the entity that could potentially be significant to the variable interest entity. These new accounting standards are effective January 1, 2010. We are currently evaluating the impact, if any, of adopting these new accounting standards on our condensed consolidated financial statements.

Item 3. Quantitative and Qualitative Disclosures About Market Risk

Market risk is the risk of loss arising from adverse changes in market rates and prices, such as interest rates, foreign currency exchange rates and commodity prices.

Interest Rate Risks

One of our primary exposures to market risk is interest rate risk associated with our debt facilities that bear interest based on floating rates. We attempt to manage interest rate risk by managing the mix of long-term fixed rate borrowings and variable rate borrowings, and using hedging activities. We cannot assure you that these risk management strategies will have the desired effect, and interest rate fluctuations could have a negative impact on our results of operations. We do not use derivative financial instruments, other financial instruments or derivative commodity instruments for trading or speculative purposes.

Interest Rate Swap Information

We have entered into floating-for-fixed interest rate swap arrangements relating to certain of our floating-rate debt facilities. We measure the fair value of our interest rate swaps on a recurring basis.

Wynn Resorts Swap

We entered into an interest rate swap to hedge the underlying interest rate risk on all of the borrowings under the Wynn Resorts Term Loan Facility. Pursuant to the terms of this interest rate swap, we pay a fixed rate of 3.95% which had fixed the interest rate at approximately 6.2% through June 2010 on the related debt. Although the debt originally associated with this interest rate swap has been retired as of September 30, 2009, the swap agreement is still effective. This will result in a monthly settlement with the counterparty equal to the difference between LIBOR (receive amount) and the fixed pay rate of 3.95% on the notional amount of \$375 million through June 2010, the date the swap agreement matures. Changes in the fair value of this interest rate swap have and will continue to be recorded as an increase/(decrease) in swap fair value in our Condensed Consolidated Statements of Operations as the swap does not qualify for hedge accounting. In October 2009, we settled this interest rate swap with a payment of \$ 9.9 million.

Table of Contents*Wynn Las Vegas Swap*

We entered into an interest rate swap agreement on August 14, 2009, with an effective date of November 27, 2009, to hedge a portion of the underlying interest rate risk on borrowings under the Wynn Las Vegas Credit Agreement. Under this new swap agreement, beginning November 27, 2009, we will pay a fixed interest rate of 2.485% on borrowings of \$250 million incurred under the Wynn Las Vegas Credit Agreement in exchange for receipts on the same amount at a variable interest rate based on the applicable LIBOR at the time of payment. This interest rate swap fixes the interest rate on \$250 million of borrowings under the Wynn Las Vegas Credit Agreement at approximately 5.485%. This interest rate swap agreement matures in November 2012. Changes in the fair value of this interest rate swap have and will continue to be recorded as an increase/(decrease) in swap fair value in our Condensed Consolidated Statements of Operations as the swap does not qualify for hedge accounting.

Wynn Macau

As of September 30, 2009, we had two effective interest rate swaps intended to hedge a portion of the underlying interest rate risk on borrowings under the Wynn Macau Term Loan. Under the first swap agreement, we pay a fixed interest rate of 3.632% on U.S. dollar borrowings of \$153.8 million incurred under the Wynn Macau Term Loan in exchange for receipts on the same amounts at a variable interest rate based on the applicable LIBOR at the time of payment. Under the second swap agreement, we pay a fixed interest rate of 3.39% on Hong Kong dollar borrowings of approximately HK \$991.6 million (approximately U.S. \$127.9 million) incurred under the Wynn Macau Term Loan in exchange for receipts on the same amounts at a variable interest rate based on the applicable HIBOR at the time of payment. These interest rate swap agreements mature in August 2011.

These interest rate swaps fix the interest rates on the current U.S. dollar and Hong Kong dollar borrowings under the Wynn Macau Term Loan at approximately 5.382% and 5.14%, respectively. However, changes in the fair values of these interest rate swaps for each reporting period recorded are, and will continue to be, recognized as an increase/(decrease) in swap fair value in our Condensed Consolidated Statements of Operations, as the swaps do not qualify for hedge accounting.

We entered into a new interest rate swap agreement on August 17, 2009, with an effective date of November 27, 2009, to hedge a portion of the underlying interest rate risk on borrowings under the Wynn Macau Senior Revolving Credit Facility. Under this new swap agreement, beginning November 27, 2009, we will pay a fixed interest rate of 2.15% on borrowings of approximately HK\$2.3 billion (approximately U.S. \$300 million) incurred under the Wynn Macau Senior Revolving Credit Facility in exchange for receipts on the same amount at a variable interest rate based on the applicable HIBOR at the time of payment. This interest rate swap fixes the interest rate on HK\$2.3 billion (approximately U.S. \$300 million) of borrowings under the Wynn Macau Senior Revolving Credit Facility at approximately 3.9%. This interest rate swap agreement matures in June 2012.

Summary of Historical Fair Values

The following table presents the historical liability fair values of our interest rate swap arrangements as of September 30, 2009 and December 31, 2008 (all amounts in thousands):

	Wynn Resorts	Wynn Las Vegas	Wynn Macau	Net Total Interest Rate Swaps
Liability fair value at:				
September 30, 2009	\$ (9,561)	\$ (3,978)	\$ (15,322)	\$ (28,861)
December 31, 2008	\$ (15,334)	\$	\$ (12,539)	\$ (27,873)

The fair value approximates the amount the Company would pay if these contracts were settled at the respective valuation dates. Fair value is estimated based upon current, and predictions of future, interest rate levels along a yield curve, the remaining duration of the instruments and other market conditions, and therefore, is subject to significant estimation and a high degree of variability and fluctuation between periods.

Table of Contents

Interest Rate Sensitivity

As of September 30, 2009, approximately 46% of our long-term debt was based on fixed rates, including the notional amounts related to interest rate swaps that were effective as of September 30, 2009. Based on our borrowings as of September 30, 2009, an assumed 1% change in variable rates would cause our annual interest cost to change by \$22.8 million.

Foreign Currency Risks

The currency delineated in Wynn Macau's concession agreement with the government of Macau is the Macau pataca. The Macau pataca, which is not a freely convertible currency, is linked to the Hong Kong dollar, and in many cases the two are used interchangeably in Macau. The Hong Kong dollar is linked to the U.S. dollar and the exchange rate between these two currencies has remained relatively stable over the past several years. However, the exchange linkages of the Hong Kong dollar and the Macau pataca, and the Hong Kong dollar and the U.S. dollar, are subject to potential changes due to, among other things, changes in Chinese governmental policies and international economic and political developments.

If the Hong Kong dollar and the Macau pataca are not linked to the U.S. dollar in the future, severe fluctuations in the exchange rate for these currencies may result. We cannot assure you that the current rate of exchange fixed by the applicable monetary authorities for these currencies will remain at the same level.

Because many of Wynn Macau's payment and expenditure obligations are in Macau patacas, in the event of unfavorable Macau pataca or Hong Kong dollar rate changes, Wynn Macau's obligations, as denominated in U.S. dollars, would increase. In addition, because we expect that most of the revenues for any casino that Wynn Macau operates in Macau will be in Hong Kong dollars, we are subject to foreign exchange risk with respect to the exchange rate between the Hong Kong dollar and the U.S. dollar. Also, because our Macau-related entities incur U.S. dollar-denominated debt, fluctuations in the exchange rates of the Macau pataca or the Hong Kong dollar, in relation to the U.S. dollar, could have adverse effects on Wynn Macau's results of operations, financial condition and ability to service its debt.

Item 4. Controls and Procedures

(a) *Disclosure Controls and Procedures.* The Company's management, with the participation of the Company's Chief Executive Officer and Chief Financial Officer, has evaluated the effectiveness of the Company's disclosure controls and procedures (as such term is defined in Rules 13a-15(e) and 15d-15(e) under the Securities Exchange Act of 1934, as amended (the "Exchange Act")) as of the end of the period covered by this report. In designing and evaluating the disclosure controls and procedures, management recognized that any controls and procedures, no matter how well designed and operated, can only provide reasonable assurance of achieving the desired control objectives and management is required to apply its judgment in evaluating the cost-benefit relationship of possible controls and procedures. Based on such evaluation, the Company's Chief Executive Officer and Chief Financial Officer have concluded that, as of the end of such period, the Company's disclosure controls and procedures were effective, at the reasonable assurance level, in recording, processing, summarizing and reporting, on a timely basis, information required to be disclosed by the Company in the reports that it files or submits under the Exchange Act and were effective in ensuring that information required to be disclosed by the Company in the reports that it files or submits under the Exchange Act is accumulated and communicated to the Company's management, including the Company's Chief Executive Officer and Chief Financial Officer, as appropriate to allow timely decisions regarding required disclosure.

(b) *Internal Control Over Financial Reporting.* There were no changes in our internal control over financial reporting (as such term is defined in Rules 13a-15(f) and 15d-15(f) under the Exchange Act) during the quarter to which this report relates that materially affected, or are reasonably likely to materially affect, our internal control over financial reporting.

Table of Contents

Part II OTHER INFORMATION

Item 1A. Risk Factors

A description of our risk factors can be found in Item 1A of our Annual Report on Form 10-K for the year ended December 31, 2008. There were no material changes to those risk factors during the nine months ended September 30, 2009.

Item 2. Unregistered Sales of Equity Securities and Use of Proceeds

Dividend Restrictions

We have not adopted a policy regarding the payment of dividends, however we plan to evaluate the payment of dividends from time to time.

Wynn Resorts is a holding company and, as a result, our ability to pay dividends is highly dependent on our ability to obtain funds and our subsidiaries' ability to provide funds to us. Restrictions imposed by our subsidiaries' debt instruments significantly restrict our ability to pay dividends. Specifically, Wynn Las Vegas, LLC and certain of its subsidiaries are restricted under the indenture governing the First Mortgage Notes from making certain restricted payments as defined in the indenture. These restricted payments include the payment of dividends or distributions to any direct or indirect holders of equity interests of Wynn Las Vegas, LLC. These restricted payments may not be made unless certain financial and non-financial criteria have been satisfied. The credit facilities of Wynn Las Vegas, LLC and Wynn Macau, S.A. contain similar restrictions; although the Wynn Macau, S.A. loan agreements permit distribution of the net proceeds of the subconcession sale and, provided certain conditions are met, earnings and the distribution of loan proceeds.
