REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To the Trustees and Participants of

the 401(k) Savings Plan of Fiserv, Inc.

and Its Participating Subsidiaries:

We have audited the accompanying statements of net assets available for benefits of the 401(k) Savings Plan of Fiserv, Inc. and Its Participating Subsidiaries (the Plan) as of December 31, 2009 and 2008, and the related statements of changes in net assets available for benefits for the years then ended. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. We were not engaged to perform an audit of the Plan's internal control over financial reporting. Our audits included consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2009 and 2008, and the changes in net assets available for benefits for the years then ended in conformity with accounting principles generally accepted in the United States.

Our audits were performed for the purpose of forming an opinion on the basic financial statements taken as a whole. The additional supplemental schedule is presented for the purpose of additional analysis and is not a required part of the basic financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, and this schedule is the responsibility of the Plan's management. The supplemental schedule has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

401(k) SAVINGS PLAN OF FISERV, INC.

AND ITS PARTICIPATING SUBSIDIARIES

NOTES TO FINANCIAL STATEMENTS

AS OF AND FOR THE YEARS ENDED DECEMBER 31, 2009 AND 2008

1. PLAN DESCRIPTION

The following description of the 401(k) Savings Plan of Fiserv, Inc. and Its Participating Subsidiaries (the "Plan") is provided for general information only. Participants should refer to the Plan document for a complete description of the Plan's provisions.

General The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). Associates regularly scheduled to work at least 20 hours per week on the payroll and personnel records with Fiserv, Inc. (the "Company") or its participating subsidiaries are eligible to participate in the Plan on the first day of employment. If an associate is not regularly scheduled to work at least 20 hours per week but completes 1,000 hours of service during the twelve month period beginning on the associate's hire date and ending on the first anniversary of the associate's employment, the associate will become eligible to participate in the Plan on the first day of the month following or coinciding with the first anniversary date of the associate's hire.

Contributions Employer matching contributions are equal to 100% of the first 1% and 40% of the next 5% of salary reduction contributions made by Plan participants. However, to the extent permitted by ERISA and the Internal Revenue Code ("IRC"), the Company's board of directors (the "Board of Directors") may elect to decrease or eliminate the Company's matching contribution. The Board of Directors may also approve additional employer contributions, subject to federal tax limitations. During 2009, employer contributions were remitted to the Plan custodian each pay period. During 2008, employer contributions were remitted to the Plan custodian annually.

Participants may elect to make salary reduction contributions not to exceed a maximum percentage of compensation designated by the Board of Directors (50% of salary at December 31, 2009 and 2008). Contributions are subject to federal tax limitations. Rollover contributions consist of participants' transfers of balances into the Plan from other plans. Employer, participant and rollover contributions are invested as directed by Plan participants. The Company remits participant contributions to the Plan custodian within required time frames.

Participants may irrevocably designate all or any part of their elective deferrals to the Plan as Roth 401(k) deferrals, provided the eligibility requirements have been met. The Roth 401(k) deferrals are contributed to the Plan after-tax and are included in the computation of the participant's personal income. Because the amounts are contributed after-tax, the deferrals and, in most cases, earnings on the deferrals, are not subject to Federal income taxes when distributed to participants as long as the distributions are considered to be qualified. The combined total of pre-tax deferrals and Roth 401(k) deferrals may not exceed the maximum dollar limitation allowable under law.

Participant Accounts Individual accounts are maintained for each Plan participant. Each participant's account reflects participant contributions, employer contributions, transfers into and out of the Plan, benefits paid to participants, and allocations of investment income and losses and administrative expenses. Allocations are based on participant account earnings or balances. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Table of Contents

Vesting Plan participants are entitled to the accumulated interest in their respective accounts as of their respective termination date, 65th birthday, death or permanent disability. In the event of termination of employment, a participant is entitled to receive the vested balance in his or her account under the Plan. Employer contributions vest according to a two-year vesting schedule, pursuant to which participants become 100% vested after two years of employment with the Company. Participant contributions vest immediately.

Forfeitures Forfeitures totaled \$403,302 and \$869,823 at December 31, 2009 and 2008, respectively, and will be used to reduce future employer contributions. The Plan provides for restoration of forfeited funds upon re-employment of former participants in specified circumstances. During 2009 and 2008, employer contributions were reduced by \$1,558,193 and \$1,849,573, respectively, from forfeited nonvested accounts.

Investment Options Participants direct the investment of their account balance into various investment options of the Plan in 5% increments. The Plan offered mutual funds, a common collective trust, and the Fiserv Stock Fund as investment options for participants as of December 31, 2009 and 2008.

Participant Loans Participants may request loans of up to the lesser of \$50,000 or 50% of the current market value of the vested and nonforfeitable balances in their accounts. The rate of interest charged on participant loans is determined by the administrator of the Plan and is set as of the loan request date (4.25% to 11.5% at December 31, 2009). Generally, loans require repayment within five years; however, primary residence loan maturities can be up to 30 years.

Payment of Benefits Upon termination of employment for any reason, including death or disability, a participant may elect to receive a distribution in a lump sum of the vested portion of his or her account. If no such election is made within 90 days and the participant's vested interest in the Plan is more than \$1,000 but not more than \$5,000, it will automatically be rolled over to a new individual retirement account at Vanguard, the third party administrator of the Plan. If the vested interest is \$1,000 or less a lump sum cash distribution will be made. If a participant's vested interest exceeds \$5,000, the vested portion of his or her account will remain in the Plan until the participant or the participant's representative elects to receive a distribution.

Upon termination of employment, as part of a distribution in a lump sum, a participant may request that amounts invested in the Fiserv Stock Fund be distributed entirely in cash or stock. The Plan contains special rules prescribed by the IRC regarding the commencement of distributions to participants who attain age 70 1/2.

Administrative Expenses Certain expenses incurred in connection with administering the Plan are paid by the Company. Commission expenses incurred with respect to the transactions of the Fiserv Stock Fund are paid by the fund. Loan processing fees are charged directly to the account of the participant to whom the loan is made.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting The accompanying financial statements have been prepared in accordance with accounting principles generally accepted in the United States.

Investment Valuation and Income Recognition The Plan's investments are stated at fair value. The Vanguard Retirement Savings Trust Fund, a common collective trust which holds fully benefit-responsive guaranteed investment contracts, is valued at fair market value and then adjusted to contract value. This fund reported average yields of 3.2% and 3.7% for 2009 and 2008, respectively, and crediting interest rates of 3.3% and 3.7% at December 31, 2009 and 2008, respectively. Mutual funds are valued at quoted market prices which represent the net asset value of shares held by the Plan at year-end. Common stock of Fiserv, Inc. is valued at its year-end market price. Participant loans are valued at cost, which approximates fair value.

Table of Contents

Purchases and sales of investments are recorded on a trade-date basis. Interest income is accrued when earned. Dividend income is recorded on the ex-dividend date. Capital gain distributions are included in dividend income.

Payment of Benefits Benefit payments to participants are recorded upon distribution. At December 31, 2009 and 2008, no amounts were due to participants who elected to withdraw from participation in the Plan.

Use of Estimates The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ materially from those estimates.

Risks and Uncertainties The Plan invests in various investments. Investments, in general, are exposed to various risks, such as interest rate risk, credit risk, and overall market volatility. Due to the level of risk associated with investments, it is reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect the amounts reported in the financial statements.

3. FAIR VALUE MEASUREMENTS

The Plan's investments are reported at fair value in the accompanying statements of net assets available for benefits and are classified in the following categories at December 31, 2009 and 2008:

	Total	Level 1	Level 2	Level 3
December 31, 2009

Total	\$ 814,172,467	\$ 688,480,995	\$ 103,522,307	\$ 22,169,165

Table of Contents

The Plan uses valuation techniques based on the inputs available to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs, and Level 3 inputs are used only when Level 1 or Level 2 inputs are not available.

Level 1 Fair Value Measurements

The fair values of mutual funds are based on quoted net asset values of the shares held by the Plan. The fair values of the Fiserv Stock Fund are based on quoted market prices.

Level 2 Fair Value Measurements

The fair values of investment contracts held in the common collective trust are measured based on significant observable inputs other than quoted prices in active markets.

Level 3 Fair Value Measurements

Participant loans are not actively traded, and significant other observable inputs are not available. Thus, the fair values of participant loans are equal to the amortized cost of the loans because the loans are secured by each respective participant's account balance. The following table provides further details of the participant loans:

Balance - January 1, 2008	\$ 25,313,305
Issuances and settlements, net	(3,144,140)
Balance - December 31, 2008	22,169,165
Issuances and settlements, net	1,812,880
Asset transfers into the Plan	3,563,918
Balance - December 31, 2009	\$ 27,545,963

4. INVESTMENTS

The Plan's investments that represented five percent or more of the Plan's net assets available for benefits at December 31, 2009 and 2008 were as follows:

	2009	2008
Vanguard Wellington Fund Investor Shares*	\$ 228,806,495	\$ 181,292,988

Eaton Vance Large Cap Value Fund; A shares	**	50,279,949

* Represents a party-in-interest

** Less than 5% of net assets

5. ASSET TRANSFERS INTO AND OUT OF THE PLAN

Asset transfers into the Plan during 2009 and 2008 consisted of \$192,640,300 and \$75,056,975, respectively, of participant account balances transferred into the Plan from certain other terminated defined contribution plans. The terminated defined contribution plans were either previously sponsored by the Company or had sponsors that were acquired by the Company.

- 7 -

Table of Contents

Asset transfers out of the Plan during 2009 and 2008 totaled \$1,925,980 and \$60,213,045, respectively, and were comprised of participant account balances related to participants of the Company's divested businesses. These participant account balances were transferred into the defined contribution plans of the divested businesses.

6. PARTY-IN-INTEREST AND RELATED PARTY TRANSACTIONS

The Plan invests in certain mutual funds and a common collective trust managed by Vanguard. Vanguard is the administrator, custodian and recordkeeper of the Plan; therefore, these transactions qualify as party-in-interest transactions.

At December 31, 2009 and 2008, the Plan held 992,788 and 1,024,229 shares, respectively, of Fiserv, Inc. common stock with a cost basis of \$33,784,543 and \$34,041,947, respectively. Fiserv, Inc. is the sponsoring employer and, therefore, a related party of the Plan.

7. PLAN TERMINATION

Although it has not expressed any intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA. In the event that the Plan is terminated, participants would become 100% vested in their accounts.

8. TAX STATUS

The Internal Revenue Service has determined and informed the Company by a letter dated December 10, 2002, that the Plan and related trust were designed in accordance with the applicable regulations of the IRC. The Plan has been amended since receiving the determination letter; nevertheless, the Company and Plan management believe that the Plan is currently designed and operated in compliance with the applicable requirements of the IRC and the Plan and related trust continue to be tax exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements.
