Report of Independent Registered Public Accounting Firm

We have audited the accompanying statements of net assets available for benefits of Investment Plan for Former Chris-Craft/UTV Employees as of December 31, 2009 and 2008, and the related statement of changes in net assets available for benefits for the year ended December 31, 2009. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. We were not engaged to perform an audit of the Plan's internal control over financial reporting. Our audits included consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, and evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan at December 31, 2009 and 2008, and the changes in its net assets available for benefits for the year ended December 31, 2009, in conformity with US generally accepted accounting principles.

Our audits were performed for the purpose of forming an opinion on the financial statements taken as a whole. The accompanying supplemental schedule of assets (held at end of year) as of December 31, 2009, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. This supplemental schedule is the responsibility of the Plan's management. The supplemental schedule has been subjected to the auditing procedures applied in our audits of the financial statements and, in our opinion, is fairly stated in all material respects in relation to the financial statements taken as a whole.

Investment Plan for Former Chris-Craft/UTV Employees

Notes to Financial Statements

December 31, 2009

1. Plan Description

The following description of the Investment Plan for Former Chris-Craft/UTV Employees (the Plan) provides only general information. Participants should refer to the Plan document for a complete description of the Plan's provisions.

General

The Plan is a defined contribution plan sponsored by Fox Entertainment Group, Inc. (the Plan Sponsor and the Company). The purpose of the Plan is to provide participants the opportunity to maintain their account balances in the Plan and provide them a choice of diverse investment options, including a choice of a financial interest in the Plan Sponsor's parent, News Corporation, through ownership of Class A Non Voting Common Stock. This type of Plan is generally referred to as an Employee Stock Purchase Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

Effective July 31, 2001, the Plan was frozen and employee contributions and employer matching contributions were no longer made to the Plan. The Plan Sponsor intends for the Plan to remain frozen indefinitely until such time as the Plan is terminated.

The Plan was amended and restated in its entirety effective as of January 1, 2008. This amendment and restatement was submitted to the Internal Revenue Service (IRS) for a determination as to its qualified status on January 31, 2008. No response has been received regarding this submission. The Plan was amended in June 2009 to incorporate the suspension of required minimum distributions (RMD) for calendar year 2009 pursuant to the Worker, Retiree and Employer Recovery Act of 2008 and permits participants to elect to receive their 2009 RMD in accordance with administrative procedures established by the Plan.

Vesting

Participants are 100% vested in their contributions and in the employer matching contributions.

Management of Trust Funds

Fidelity Management Trust Company (Fidelity) is the Trustee. The Plan provides for administration by a committee of at least two individuals appointed by the Board of Directors.

1. Plan Description (continued)

Participant Accounts

No contributions have been made to participant accounts for periods after July 31, 2001. Participant accounts are debited for any distributions. Investment gains, losses and expenses are allocated based on the participant's account balances in each fund.

Administrative Expenses

The Company may, at its discretion, elect to pay administrative expenses of the Plan. Plan expenses paid by the Company and the Plan were not significant for the year ended December 31, 2009.

Investment Options

Participants may direct their investment balances at any time, subject to the trading restrictions imposed by the registered investment companies, among various investment options outlined in the Summary Plan Description.

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements of the Plan have been prepared under the accrual method of accounting.

Use of Estimates

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Payment of Benefits

Benefits are recorded when paid.

Risks and Uncertainties

The Plan's exposure to credit loss in the event of nonperformance of investments is limited to the carrying value of such instruments. The Plan's concentration of credit risk and market risk is dictated by the Plan's provisions as well as those of ERISA and the participants' investment preferences.

The Plan's investment in News Corporation Class A Non Voting Common Stock amounted to \$8,456,558 and \$5,813,225 as of December 31, 2009 and 2008, respectively. Such investments represented approximately 71% and 60% of the Plan's total net assets as of December 31, 2009 and 2008, respectively. For risks and uncertainties regarding News Corporation, participants should refer to the News Corporation Current Report on Form 8-K filed with the Securities and Exchange Commission (SEC) on February 12, 2010, which should be read in connection with the News Corporation's Annual Report on Form 10-K for the fiscal year ended June 30, 2009 filed with the SEC on August 12, 2009.

Investments in News Corporation Class A Non Voting Common Stock, mutual funds, and money market funds are exposed to various risks such as the financial condition of News Corporation, interest rate, market and credit. Due to the level of risk associated with certain securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risk in the near term could materially affect participants' account balances and the amounts reported in the financial statements.

New Accounting Pronouncements

In April 2009, the Financial Accounting Standards Board (FASB) issued FASB Staff Position 157-4, *Determining Fair Value When the Volume and Level of Activity for the Asset or Liability Have Significantly Decreased and Identifying Transactions That Are Not Orderly* (FSP 157-4). FSP 157-4 amended FASB Accounting Standards Codification 820 (ASC 820) (formerly SFAS No. 157) to provide additional guidance on estimating fair value when the volume and level of activity for an asset or liability have significantly decreased in relation to its normal market activity. FSP 157-4 also provided additional guidance on circumstances that may indicate that a transaction is not orderly and on defining major categories of debt and equity securities to comply with the disclosure requirements of ASC 820. The Plan adopted the guidance in FSP 157-4 for the reporting period ended December 31, 2009. Adoption of FSP 157-4 did not have a material effect on the Plan's net assets available for benefits or its changes in net assets available for benefits.

2. Summary of Significant Accounting Policies (continued)

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (an exit price). See Note 4 for further discussion of fair value measurements.

In accordance with ASC 820, assets and liabilities measured at fair value are categorized into the following fair value hierarchy:

- Level 1 Unadjusted quoted prices in active markets that are accessible at the measurement date for identical, unrestricted assets or liabilities;
- Level 2 Quoted prices in markets that are not considered to be active or financial instruments without quoted market prices, but for which all significant inputs are observable, either directly or indirectly;
- Level 3 Prices or valuations that require inputs that are both significant to the fair value measurement and unobservable.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recognized when earned. Dividends are recorded on the ex-dividend date.

Net Appreciation in Fair Value of Investments

All realized and unrealized appreciation in the fair value of investments is shown in the accompanying statement of changes in net assets available for benefits as net appreciation in fair value of investments.

3. Investments

Effective December 29, 2008, News Corporation Class A Non Voting Common Stock shares are listed on the NASDAQ Global Select Market and traded under the symbol NWS.A.

Included in dividend and interest income on the statement of changes in net assets available for benefits for the year ended December 31, 2009 were dividends of \$75,370 on the News Corporation Class A Non Voting Common Stock.

The following table presents investments that represent 5% or more of the Plan's net assets:

	December 31	
	2009	2008
Common stock:		
News Corporation Class A Non Voting Common Stock	\$ 8,456,558	\$ 5,813,225
Money Market Portfolio:		
Fidelity Money Market Fund	2,426,661	2,944,158

The Plan's investments (including gains and losses on investments bought, sold and held during the year ended December 31, 2009) appreciated in value as follows:

News Corporation Class A Non Voting Common Stock	\$ 2,887,381
Mutual funds	169,173
Net appreciation in fair value of investments	\$ 3,056,554

4. Fair Value Measurement

The Plan investments are reported in accordance with ASC 820. Under ASC 820, fair value is defined as the price that would be received to sell an asset or paid to transfer a liability (i.e., the exit price) in an orderly transaction between market participants at the measurement date.

In accordance with ASC 820, the Plan classified its investments as of December 31, 2009 and 2008 based upon an established fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements).

4. Fair Value Measurement (continued)

Following is a description of the valuation methodologies used for assets and liabilities measured at fair value. Investments in News Corporation Class A Non Voting Common Stock and mutual funds are valued at quoted market prices, which represent the net asset value of the shares held by the Plan at December 31, 2009 and 2008. The money market fund is valued at cost plus interest earned, which approximates fair value.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2009:

	Assets at Fair Value as of December 31, 2009			
	Level 1	Level 2	Level 3	Total
News Corporation stock	\$ 8,456,558	\$	\$	\$ 8,456,558
Money market fund	2,427,832			2,427,832

5. Distributions to Participants for Terminations and Withdrawals

Benefits to participants or beneficiaries are available at any time and are payable in cash or for holdings in News Corporation Class A Non Voting Common Stock payable in whole shares with fractional shares of stock payable in cash.

6. Income Tax Status

The Plan has received a determination letter from the IRS dated November 22, 2002, stating that the Plan is qualified under section 401(a) of the Internal Revenue Code (the Code) and, therefore, the related trust is exempt from taxation. Subsequent to this determination by the IRS, the Plan was amended. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualification. The plan administrator believes the Plan is being operated in compliance with the applicable requirements of the Code and, therefore, believes that the Plan, as amended, is qualified and the related trust is tax exempt.

7. Expenses of the Plan

Participants' accounts are charged for brokerage fees and transfer taxes incurred by Fidelity in connection with the purchase of News Corporation Class A Non Voting Common Stock. The Plan provides that other expenses incurred in connection with its administration may also be charged to participants' accounts. However, such expenses have been paid by the Plan Sponsor for the year ended December 31, 2009.

8. Party-in-Interest Transactions

The Plan engages in certain transactions involving Fidelity, the Plan's Trustee, and News Corporation, Fox Entertainment Group's parent. Both Fidelity and News Corporation are parties-in-interest as defined by ERISA. These transactions involve the purchase and sale of News Corporation's common stock and investing Plan monies in money market and mutual funds managed by Fidelity or its related affiliates. Fees paid by the Plan Sponsor to Fidelity, or its affiliates, for the year ended December 31, 2009 were not significant. Investments managed by Fidelity amounted to \$2,917,941 and \$3,427,605 as of December 31, 2009 and 2008, respectively.
