Item 1.01 Entry into a Material Definitive Agreement.

On November 4, 2010, W&T Offshore, Inc. (the "Company"), through its wholly-owned subsidiary, W & T Energy VI, LLC, acquired interests in five offshore producing fields located in the deepwater Gulf of Mexico from Shell Offshore Inc. pursuant to an Asset Purchase Agreement dated November 3, 2010 for an aggregate purchase price of \$395.0 million cash and the assumption of asset retirement obligations for plugging and abandonment liability for the acquired interests. Certain non-operated interests included in the acquisition have been closed into escrow pending the exercise or waiver of an operator's preferential right of purchase. The Company also entered into a letter of intent to acquire the interests of Shell Offshore Inc. in a sixth field located in the shallow shelf waters of the Gulf of Mexico along with certain associated assets for an additional \$55.0 million cash plus assumption of related asset retirement obligations, subject to completion of due diligence and negotiation of definitive agreements. The acquisitions are being funded with cash on hand and from borrowings on the Company's revolving loan facility.

Pursuant to the Asset Purchase Agreement, on November 4, 2010, the Company acquired (i) operated working interests in the Tahoe (70% W.I.) and Southeast Tahoe (100% W.I.) fields, located in Viosca Knoll 783 and 784 Federal lease blocks respectively, (ii) non-operated working interests in the Marlin (11.5-25% W.I.) and Dorado (25% W.I.) fields, located in the Viosca Knoll 871 and 915 Federal lease blocks and (iii) a 6.25% of 8/8ths overriding royalty interest in the Droshky oil field, located in the Green Canyon 244 Federal lease block. The acquisition of the interests in the Marlin and Dorado fields was funded in escrow for approximately 30 days pending waiver or exercise of a preferential purchase right held by the third party operator of the fields. In the event the Droshky oil field cumulatively produces over 30 million barrel equivalents from and after September 1, 2010, the Company's overriding royalty interest will change to 5.25% of 8/8ths.

The working interest acquisitions include interests in wells, platforms, pipelines, and related contracts. Shell Offshore Inc. will provide certain transitional services in connection with the operated properties. The purchase price is subject to adjustment for an economic effective date of September 1, 2010 and other customary post-effective date adjustments. The Company estimates that it will accrue approximately \$50 million for asset retirement obligations for the interests in the six fields.
