PROXY STATEMENT

FOR ANNUAL MEETING OF STOCKHOLDERS

TO BE HELD ON MAY 17, 2012

GENERAL INFORMATION

These proxy materials are furnished to you in connection with the solicitation of proxies by the Board of Directors of Halcón Resources Corporation, a Delaware corporation (referred to in this proxy statement as Halcón, the Company, we, us, or our) for the annual meeting of our stockholders to be held on Thursday, May 17, 2012 at 10:00 a.m., Central Daylight Time, at the Company's corporate headquarters located at, 1000 Louisiana St., Suite 6700, Houston, Texas 77002. The proxies also may be voted at any adjournments or postponements of the annual meeting.

This proxy statement, together with our annual report on Form 10-K for the year ended December 31, 2011, are being mailed on or about April 16, 2012 to holders of record of our common stock as of April 5, 2012. The specific proposals to be considered and voted upon at the annual meeting are summarized in the notice of annual meeting of stockholders. Each proposal is described in more detail in this proxy statement.

Voting and Revocation of Proxies

If you provide specific voting instructions, your shares will be voted as you instruct. Whether you hold shares directly as a stockholder of record, or beneficially in street name, you may direct how your shares are voted at the annual meeting. If you are a stockholder of record, you may vote by submitting a proxy or by voting in person at the annual meeting, and if you hold your shares in street name, you may vote by submitting voting instructions to your broker or trustee or nominee. You may cast your vote by proxy as follows:

By Internet you may vote using the Internet and voting at the website listed on the enclosed proxy/voting instruction card, or the proxy card ;

By telephone you may vote by using the toll-free telephone number listed on the enclosed proxy card; or

By mailing the proxy card you may vote by completing, signing, dating and mailing the enclosed proxy card in the enclosed pre-addressed postage-paid envelope.

Unless you otherwise direct in your proxy, the individuals named in the proxy card will vote the shares represented by such proxy in accordance with the recommendations of our Board unless otherwise indicated. If you hold your shares in street name, please refer to the proxy card forwarded by your bank, broker, or other nominee to see which voting options are available to you and directions on how to vote. If you vote by Internet or by telephone, you need not return your proxy card. Proxies granted by telephone or over the Internet, in accordance with the procedures set forth on the proxy card, will be valid under Delaware law.

Table of Contents

If you sign the proxy card of your broker, trustee or other nominee but do not provide instructions, your shares will not be voted unless your broker, trustee or other nominee has discretionary authority to vote. When a broker, trustee, or other nominee holding shares for a beneficial owner does not vote on a particular proposal because the broker does not have authority to vote in the absence of timely instructions from the beneficial owner, this is referred to as a broker non-vote. The New York Stock Exchange, or the NYSE, permits brokers to have discretionary authority to vote the shares of a beneficial owner in the ratification of Deloitte & Touche LLP (Deloitte) as our independent registered public accountants. **NYSE rules provide that brokers do not have discretionary voting authority with respect to the election of directors or material revisions to the terms of an existing equity compensation plan. Out of the three proposals that will be brought to a vote at our 2012 annual meeting of stockholders, brokers will only have discretionary voting authority with respect to the ratification of the appointment of our registered independent public accountants. It is therefore very important that you indicate on the proxy card of your broker how you want your shares to be voted in the election of the three nominees named in this proxy statement and each of the other proposals to be voted upon at our 2012 annual meeting of stockholders.**

The Board of Directors is not aware of any business to be brought before the annual meeting other than as indicated in the notice of annual meeting of stockholders. If other matters do come before the meeting, the persons named in the proxy card will vote the shares represented by the proxy in his or her best judgment.

Revocation of Proxy. A proxy may be revoked by a stockholder at any time prior to it being voted by:

delivering a revised proxy (by one of the methods described above) bearing a later date;

voting in person at the annual meeting; or

notifying our Secretary of the revocation in writing at our address set forth above in time to be received before the annual meeting. Attendance at the meeting alone will not effectively revoke a previously executed and delivered proxy. If a proxy is properly executed and is not revoked by the stockholder, the shares it represents will be voted at the meeting in accordance with the instructions from the stockholder. If the proxy card is signed and returned without specifying choices, the shares will be voted in accordance with the recommendations of our Board of Directors.

If your shares are held in an account at a broker or other nominee, you should contact your broker or other nominee to change your vote.

Record Date and Vote Required for Approval. The record date with respect to this solicitation is April 5, 2012. All holders of record of our common stock as of the close of business on April 5, 2012 are entitled to vote at the annual meeting and any adjournment or postponement thereof for which a new record date has not been established. As of April 5, 2012, we had approximately 99.4 million shares of common stock outstanding. Each share of common stock is entitled to one vote. Our stockholders do not have cumulative voting rights. In accordance with our bylaws, the holders of a majority of the outstanding shares of our common stock entitled to vote, represented in person or by proxy, shall constitute a quorum at the annual meeting. If a quorum is not present at the annual meeting, a vote for adjournment will be taken among the stockholders present or represented by proxy. If a majority of the stockholders present or represented by proxy vote for adjournment, it is our intention to adjourn the meeting until a later date and to vote proxies received at such adjourned meeting. The place and date to which the annual meeting would be adjourned would be announced at the meeting, but would in no event be expected to be more than 30 days after the date of the annual meeting.

Assuming that a quorum is present, the affirmative vote of a plurality of the votes cast is required for the election of directors at the annual meeting. This means that the director nominees receiving the most affirmative votes are elected for the available Board positions. Any shares not voted (whether by withholding the vote, broker non-vote or otherwise) have no impact in the election of directors, except to the extent that the failure to vote for an individual results in another candidate receiving a larger number of votes.

Table of Contents

Delaware law and our bylaws provide that with respect to the remaining proposals, the affirmative vote of a majority of the shares of common stock present in person or represented by proxy at the meeting and entitled to vote on the subject matter is required for approval. Therefore, the approval of the proposed amendments to our 2006 Long-Term Incentive Plan and the ratification of the appointment of Deloitte as our independent registered public accountants require the affirmative vote of a majority of the shares of common stock present in person or represented by proxy at the meeting and entitled to vote on those matters.

If you hold shares beneficially in street name and do not provide your broker with voting instructions, your shares may constitute broker non-votes. Generally, broker non-votes occur when a broker is not permitted to vote on that matter without instructions from the beneficial owner and instructions are not given. Brokers that have not received voting instructions from their clients cannot vote on their clients' behalf on non-routine proposals. For purposes of our 2012 annual meeting, brokers will be prohibited from exercising discretionary authority with respect to all proposals except the ratification of the appointment of our independent registered public accountants. While broker non-votes are counted for the purposes of obtaining a quorum for the meeting, in tabulating the voting result for any particular proposal, shares that constitute broker non-votes are not considered entitled to vote. Thus, assuming that a quorum is obtained, broker non-votes will not affect the outcome of any of the proposals. Abstentions are counted as shares present at the meeting for purposes of determining the presence of a quorum and entitled to vote with respect to any matters being voted upon at the meeting. Abstentions will have no effect on the outcome of the election of directors but, with respect to each of the remaining proposals, an abstention will operate to prevent the approval of such proposal to the same extent as a vote against such proposal.

Proxy Solicitation. We will bear all costs relating to the solicitation of proxies. Proxies may be solicited by officers, directors and employees personally, by mail, or by telephone, facsimile transmission or other electronic means. On request, we will pay brokers and other persons holding shares of stock in their names or in those of their nominees, which in each case are beneficially owned by others, for their reasonable expenses in sending soliciting material to, and seeking instructions from, their principals.

Submission of Stockholder Proposals. The deadline for submitting stockholder proposals for inclusion in our 2013 proxy statement and form of proxy for our annual meeting in 2013 is December 17, 2012. See Submission of Stockholder Proposals for Our 2013 Annual Meeting of Stockholders below for additional information.

We will provide to any stockholder, without charge and upon the written request of the stockholder, a copy (without exhibits, unless otherwise requested) of our annual report on Form 10-K as filed with the United States Securities and Exchange Commission (the SEC) for our fiscal year ended December 31, 2011. Any such request should be directed to Scott Zuehlke, Director Investor Relations at 1000 Louisiana St., Suite 6700, Houston, Texas 77002, telephone number: (832) 538-0314. The annual report on Form 10-K for our fiscal year ended December 31, 2011 accompanying this proxy statement is not part of the proxy solicitation materials.

Table of Contents**SECURITY OWNERSHIP OF CERTAIN BENEFICIAL OWNERS**

The following sets forth beneficial ownership of our common stock by beneficial owners of more than five percent of our common stock as of April 5, 2012, based solely upon statements they have filed with the SEC pursuant to Sections 13(g) or 13(d) of the Securities Exchange Act of 1934, as amended (the "1934 Act"). Unless otherwise indicated, the named person below has the sole voting and dispositive powers with respect to the shares of our common stock set forth opposite such person's name.

Name and Address of Beneficial Owner	Amount and Nature of Beneficial Ownership	Percent of Class
HALRES LLC	110,000,001 ⁽¹⁾	80.8% ⁽²⁾

Houston, Texas 77002		

- (1) According to, and based solely upon, Schedule 13G filed by HALRES LLC (formerly called Halcón Resources LLC) with the SEC on February 17, 2012. HALRES LLC has the sole power to vote, direct the vote and to direct the disposition of 73,333,334 shares of Halcón common stock and 36,666,667 shares of Halcón common stock issuable upon exercise of a warrant. Additionally, each of David B. Miller, D. Martin Phillips, Gary R. Petersen and Robert L. Zorich may be deemed to share voting and dispositive power over the securities held by HALRES LLC and, thus, also be deemed to be beneficial owners of these securities, which ownership is disclaimed to the extent in excess of such individual's pecuniary interest in such securities.
- (2) After giving effect to the automatic conversion of our 8% automatically convertible preferred stock into common stock on April 17, 2012, HALRES LLC would own approximately 60.9% of our outstanding common stock as of April 5, 2012.

OUR BOARD OF DIRECTORS AND ITS COMMITTEES*The Board of Directors*

Our business and affairs are managed under the direction of our Board of Directors. Our bylaws specify that we shall not have less than one nor more than ten directors, and our Board currently has ten members. Under our bylaws, each director holds office until the annual stockholders meeting at which such director's class is up for re-election and until the director's successor is duly elected and qualified, or until such director's earlier death, resignation or removal. Our certificate of incorporation provides that our Board of Directors is classified into three classes: Class A, Class B and Class C, each class having a three-year term of office.

On February 8, 2012, we closed a transaction, which we refer to as the HALRES Transaction, in which we issued, after giving effect to our subsequent one-for-three reverse stock split, 73.3 million shares of our common stock, an 8% senior convertible promissory note due 2017 in the principal amount of \$275 million (the "Note"), and five-year warrants to purchase up to an additional 36.7 million shares of our common stock to HALRES LLC (formerly Halcón Resources LLC), a privately-held company founded by Floyd C. Wilson, in exchange for \$550 million in cash, before transaction expenses.

Simultaneously with the closing of the HALRES Transaction, each member of our Board of Directors at the time, John M. Reardon, Sean P. Lane, Gerald R. Marshall and Larry E. Lee resigned from their positions on our Board of Directors, and the current members of our Board of Directors, consisting of Floyd C. Wilson, Tucker S. Bridwell, James W. Christmas, Thomas R. Fuller, James L. Irish III, E. Murphy Markham IV, David B. Miller, Daniel A. Rioux, Stephen P. Smiley and Mark A. Welsh IV, were appointed as directors. Because our Board of Directors is divided into three classes, each director was appointed to one class. Messrs. Wilson, Bridwell and Welsh were appointed as Class B directors. As discussed more fully below under Proposal I Election of Directors, Messrs. Wilson, Bridwell and Welsh have been nominated for reelection at our 2012 annual meeting because of the expiration of the term of their class, Class B, on our classified Board of Directors.

Also simultaneously with the closing of the HALRES Transaction, our executive officers at the time, Larry E. Lee, G. Les Austin, Larry G. Rampey and Drake N. Smiley, each resigned as executive officers. Following the

Table of Contents

resignation of our former executive officers, our new Board of Directors appointed Floyd C. Wilson as Chief Executive Officer and President and Mark J. Mize as Executive Vice President, Chief Financial Officer and Treasurer.

The following table sets forth the names and ages of all current directors, the positions and offices with us held by such persons, the years in which their current terms as directors expire and the length of their continuous service as a director:

Name	Director Since	Age	Position	Expiration of Term
Floyd C. Wilson	Feb. 2012	64	Chairman of the Board, President and Chief Executive Officer	2012
Tucker S. Bridwell	Feb. 2012	60	Director	2012
James W. Christmas	Feb. 2012	64	Director	2014
Thomas R. Fuller	Feb. 2012	63	Director	2014
James L. Irish III	Feb. 2012	67	Director	2013
E. Murphy Markham	Feb. 2012	53	Director	2013
David B. Miller	Feb. 2012	61	Director	2014
Daniel A. Rioux	Feb. 2012	43	Director	2013

The Nominating and Corporate Governance Committee, in reviewing and assessing Mr. Bridwell's contributions to the Board, determined that his experience in energy banking, finance and accounting provide a significant contribution to the Company's Board of Directors.

James W. Christmas became a director in February 2012 as a result of the HALRES Transaction. Mr. Christmas has also served on the board of directors of Petrohawk Energy Corporation since its merger with KCS Energy, Inc. on July 12, 2006. Mr. Christmas was a Certified Public Accountant in New York and was with Arthur Andersen & Co. from 1970 until 1978 before leaving to join National Utilities & Industries (NUI), a diversified energy company, as Vice President and Controller. As an auditor and audit manager, controller and in his role as CEO of KCS, Mr. Christmas was directly or indirectly responsible for financial reporting and compliance with SEC regulations, and as such has extensive experience in reviewing and evaluating financial reports, as well as in evaluating executive and board performance and in recruiting directors.

retirement. Mr. Irish has been named since 1987 in Corporate Law by The Best Lawyers in America and has been included as a Texas Super Lawyer by Texas Monthly in Energy & Natural Resources and Securities & Corporate Finance.

Meetings of Our Board of Directors and Committees of the Board

Our Board of Directors has the responsibility for establishing our broad corporate policies and for our overall performance. However, the Board of Directors is not involved in our day-to-day operations. The Board of Directors is kept informed of our business through discussions with our Chairman, President and Chief Executive Officer and other officers, by reviewing analyses and reports provided to it on a regular basis, and by participating in Board of Directors and committee meetings. Our Board of Directors held 18 meetings during 2011, including telephonic meetings, and all of our directors were in attendance at each of these meetings.

Our Board currently has four standing committees: Audit, Compensation, Nominating and Corporate Governance, and Reserves. Actions taken by our committees are reported to the full Board. The Reserves Committee was formed following the HALRES Transaction on February 8, 2012. In conjunction with the HALRES Transaction, all of the individuals serving on our Board and on the Audit, Compensation and Nominating and Corporate Governance Committees of our Board resigned and our current Board and committee members were appointed.

Audit Committee

The members of the Audit Committee during 2011 were Sean P. Lane, Gerald R. Marshall and John M. Reardon, with Mr. Marshall acting as chairman. During all of 2011, the Audit Committee was composed solely of non-employee directors who met the independence standards of The NASDAQ Stock Market and of Rule 10A-3 promulgated under the Securities Exchange Act of 1934, as amended, or the Exchange Act.

Subsequent to the HALRES Transaction, the members of our Audit Committee are James L. Irish III, James W. Christmas and Stephen P. Smiley, with Mr. Irish acting as chairman. Our Audit Committee is composed solely of non-employee directors who meet the independence standards of The NASDAQ Stock Market, of the NYSE and of Rule 10A-3 promulgated under the Exchange Act.

The Board has also determined that Messrs. Christmas and Smiley are audit committee financial experts (as defined in the SEC rules) because they each have the following attributes: (i) an understanding of generally accepted accounting principles in the United States of America (GAAP) and financial statements; (ii) the

Table of Contents

ability to assess the general application of such principles in connection with the accounting for estimates, accruals and reserves; (iii) experience analyzing and evaluating financial statements that present a breadth and level of complexity of accounting issues that are generally comparable to the breadth and complexity of issues that can reasonably be expected to be raised by our financial statements; (iv) an understanding of internal control over financial reporting; and (v) an understanding of audit committee functions. Messrs. Christmas and Smiley have acquired these attributes by their educational backgrounds and by having held various positions that provided relevant experience, as described in their biographical information under "Our Board of Directors and its Committees - The Board of Directors" above.

The Audit Committee annually considers the qualifications of our independent auditor and selects and engages our independent auditor. The Audit Committee meets quarterly with representatives of the independent auditor and is available to meet at the request of the independent auditor. During these meetings, the Audit Committee receives reports regarding our books of accounts, accounting procedures, financial statements, audit policies and procedures, internal accounting and financial controls, and other matters within the scope of the Audit Committee's duties. The Audit Committee reviews the plans for and the results of audits for us and our subsidiaries. The Audit Committee reviews the independence of the independent auditor, and considers and authorizes the fees for both audit and non-audit services provided by the independent auditor. In 2011, our Audit Committee held six meetings, including telephonic meetings, and all members of our Audit Committee were in attendance at each of these meetings.

The current version of the written charter adopted by our Audit Committee is available on our website at www.halconresources.com.

Compensation Committee

The members of our Compensation Committee during 2011 were Sean P. Lane, Gerald R. Marshall and John M. Reardon, with Mr. Reardon acting as chairman. During all of 2011, the Compensation Committee was composed solely of non-employee directors who met the independence standards of The NASDAQ Stock Market.

Subsequent to the HALRES Transaction, the members of our Compensation Committee are Stephen P. Smiley, Tucker S. Bridwell, E. Murphy Markham IV and Daniel A. Rioux, with Mr. Smiley acting as chairman. Our Compensation Committee is composed solely of non-employee directors who meet the independence standards of The NASDAQ Stock Market and of the NYSE.

The Compensation Committee reviews and approves the compensation of our officers. The Compensation Committee also administers our 2006 Long-Term Incentive Plan, or Plan, and approves restricted stock awards, SAR awards and other stock-based grants for our executive officers and other employees. In 2011, our Compensation Committee held seven meetings, including telephonic meetings, and all members of our Compensation Committee attended each meeting. Our Compensation Committee also took action by written consent one time in 2011.

Our Compensation Committee engaged Pearl Meyer & Partners, an outside compensation consulting firm, to assist the Board of Directors and the Compensation Committee in crafting our total compensation program for our executive officers for 2011 and to assist the Board of Directors in determining compensation for our directors. In connection with its engagement, Pearl Meyer was tasked with (i) providing the Compensation Committee with a report and competitive salary analysis showing market average compensation for executive officers and directors in companies similar to ours, and (ii) making recommendations to the Compensation Committee with respect to the compensation paid to our executive officers and directors.

The current version of the written charter adopted by our Compensation Committee is available on our website at www.halconresources.com.

The Nominating and Corporate Governance Committee will consider persons identified by our Board members, management, stockholders, investment bankers and others.

Our Nominating and Corporate Governance Committee is responsible for identifying qualified candidates to be presented to our Board of Directors for nomination as directors, ensuring that our Board of Directors and our organizational documents are structured in a way that best serves our practices and objectives, and developing and recommending a set of corporate governance principles. In 2011, our Nominating and Corporate Governance Committee held six meetings, and all members of the Committee were in attendance at each meeting.

Our Reserves Committee is composed solely of non-employee directors who meet the independence standards of The NASDAQ Stock Market and of the NYSE. website our corporate governance guidelines, which are required to address certain matters relating to our Board of Directors, including the qualifications of individuals elected as directors; director responsibilities, compensation, access to management and independent advisors; director orientation and continuing education; management succession; and an annual performance evaluation of the Board of Directors. Our corporate governance guidelines will be posted on our website promptly following adoption.

Director Independence. On March 26, 2012, our common stock began trading on the NYSE under the symbol **HK** and we became subject to the rules of the NYSE applicable to NYSE listed companies, including the NYSE corporate governance rules. Prior to March 26, 2012, we were subject to the rules of NASDAQ applicable to NASDAQ listed companies, including the NASDAQ corporate governance rules. The Board, at its meeting held on February 8, 2012, affirmatively determined that each of Messrs. Bridwell, Christmas, Fuller, Irish, Markham, Rioux, Smiley and Welsh is an independent director with respect to Halcón under the independence standards of the NASDAQ.

The current listing standards of the NYSE require our Board to affirmatively determine the independence of each director and to disclose such determination in the proxy statement for each annual meeting of our stockholders. The Board, at its meeting held on March 2, 2012, affirmatively determined that each of Messrs. Bridwell, Christmas, Fuller, Irish, Markham, Rioux, Smiley and Welsh is an independent director with respect to Halcón under the guidelines described below and the independence rules of the NYSE codified in Section 303A of the NYSE Listed Company Manual.

In connection with its assessment of independence, our Board reviewed information regarding relevant relationships, arrangements or transactions between the Company and each director or parties affiliated with such director. For example, the Board reviewed the interests of certain directors in entities that own interests in HALRES LLC, our majority stockholder. See **Certain Relationships and Related Party Transactions**.

Our Board has established the following standards for determining director independence in our corporate governance guidelines:

A majority of the directors on our Board must be independent. No director qualifies as independent unless the Board affirmatively determines that the director has no material relationship with Halcón, either directly, or as a partner, shareholder or officer of an organization that has a relationship with Halcón. A material relationship is a relationship that the Board determines, after a consideration of all relevant facts and circumstances, compromises the director's independence from management. Our Board's determination of independence must be consistent with all applicable requirements of the NYSE, the SEC, and any other applicable legal requirements. Our Board may adopt specific standards or guidelines for independence in its discretion from time to time, consistent with those requirements. As set forth in the NYSE Listed Company Manual Section 303A.02, our Board must consider the following factors that preclude a finding by the Board of a member's or prospective member's independence from Halcón:

1. A director who is, or who has been within the last three years, an employee of Halcón (including in each case subsidiaries or parent entities in a consolidated group), or an immediate family member who is, or has been within the last three years, an executive officer, of Halcón;
2. A director who has received, or has an immediate family member who has received, during any twelve-month period within the last three years, more than \$120,000 in direct compensation from Halcón, other than director and committee fees and pension or other forms of deferred compensation for prior service (provided such compensation is not contingent in any way on continued service); provided, that, compensation received by a director for former service as an interim Chairman or CEO or other executive officer need not be considered in determining independence under this test, and compensation received by an immediate family member for service as an employee of Halcón need not be considered in determining independence under this test;

Table of Contents

3. (A) A director is a current partner or employee of a firm that is Halcón's internal or external auditor; (B) a director who has an immediate family member who is a current partner of such a firm; (C) a director who has an immediate family member who is a current employee of such a firm and who participates in Halcón's audit; or (D) a director or an immediate family member who was within the last three years (but is no longer) a partner or employee of such a firm and personally worked on Halcón's audit within that time;
4. A director or an immediate family member who is, or who has been within the last three years, employed as an executive officer of another company where any of Halcón's present executive officers at the same time serves or served on that company's compensation committee; and
5. A director who is a current employee, or an immediate family member who is a current executive officer, of a company that has made payments to, or received payments from, Halcón for property or services in an amount which, in any of the last three fiscal years, exceeds the greater of \$1 million, or 2% of such other company's consolidated gross revenues.

For purposes of determining independence of a director based on the tests set forth above, among other things, the following applies:

- A. In applying the test in paragraph 5 above, both the payments and the consolidated gross revenues to be measured are those reported in the last completed fiscal year. The look-back provision for this test applies solely to the financial relationship between Halcón and the director or immediate family member's current employer; Halcón is not required to consider former employment of the director or the immediate family member.
- B. For purposes of paragraph 5 above, contributions to tax exempt organizations are not considered payments, although Halcón still considers the materiality of any such relationship in determining the independence of a director.
- C. For purposes of determining independence, an immediate family member includes a person's spouse, parents, children, siblings, mothers and fathers-in-law, sons and daughters-in-law, brothers and sisters-in-law, and anyone (other than a domestic employee) who shares such person's home, and does not include individuals who are no longer immediate family members as a result of legal separation or divorce, or those who have died or become incapacitated.

Our corporate governance guidelines set forth our policy with respect to qualifications of the members of the Board, the standards of director independence, director responsibilities, board meetings, director access to management and independent advisors, director orientation and continuing education, director compensation, chairman and CEO dual responsibilities, management evaluation and succession, annual performance evaluation of the Board, and executive sessions.

Nomination Process. We do not have any restrictions on stockholder nominations under our certificate of incorporation or bylaws. The Nominating and Corporate Governance Committee will consider stockholder nominees for election as directors. Any stockholder nominations must be received by us not less than sixty (60) days nor more than ninety (90) days prior to the annual meeting; provided however, that in the event that less than seventy (70) days notice or prior public disclosure of the date of the meeting is given or made to stockholders, notice by the stockholder, to be timely, must be received no later than the close of business on the tenth (10th) day following the day on which such notice of the date of the meeting was mailed or such public disclosure was made, whichever first occurs. Nominations should be delivered to the Nominating and Corporate Governance Committee at the following address: The Halcón Resources Nominating and Corporate Governance Committee, c/o James W. Christmas, Committee Chairman, Halcón Resources Corporation, 1000 Louisiana St., Suite 6700, Houston, Texas 77002. The stockholder's nomination notice shall set forth: (i) as to each person whom the stockholder proposes to nominate for election or reelection as a director: (a) the name, age, business address and residence address of the person; (b) the principal occupation or employment and business experience

Table of Contents

of the person for at least the previous five years; (c) the class and number of shares of our capital stock which are beneficially owned by the person; and (d) any other information relating to the person that is required to be disclosed in solicitations for proxies for election of directors pursuant to the rules and regulations of the SEC under Section 14 of the Exchange Act; and (ii) as to the stockholder giving the notice: (a) the name and record address of the stockholder; and (b) the class and number of shares of our capital stock which is beneficially owned by the stockholder. Such submission must be accompanied by the written consent of the proposed nominee to be named as a nominee and to serve as a director, if elected. We may require any proposed nominee to furnish such other information as may reasonably be required by us to determine the eligibility of such proposed nominee to serve as a director.

In considering possible candidates for election as a director, the Nominating and Corporate Governance Committee is guided by the principles that each director should be an individual of high character and integrity and have:

independence;

wisdom;

an understanding and general acceptance of our corporate philosophies;

business or professional knowledge and experience that can bear on our challenges and deliberations and those of our Board of Directors;

a proven record of accomplishment with an excellent organization;

an inquiring mind;

a willingness to speak one's mind;

an ability to challenge and stimulate management; and

a willingness to commit time and energy to our business affairs.

In addition to considering possible candidates for election as directors, the Nominating and Corporate Governance Committee may, in its discretion, review the qualifications and backgrounds of existing directors and other nominees (without regard to whether a nominee has been recommended by stockholders), as well as the overall composition of our Board of Directors, and recommend the slate of directors to be nominated for election at the ensuing annual meeting of stockholders. Currently, we do not employ or pay a fee to any third party to identify or evaluate, or assist in identifying or evaluating, potential director nominees.

The charter of our Nominating and Corporate Governance Committee provides that the Committee will evaluate our corporate governance effectiveness and recommend such revisions as it deems appropriate to improve our corporate governance. The areas of evaluation may include such matters as the size and independence requirements of our Board of Directors, Board committees, management succession and planning, and regular meetings of our non-employee directors without management in executive sessions.

The Nominating and Corporate Governance Committee did not receive any stockholder recommendations for nomination to our Board of Directors in connection with this year's annual meeting. The Nominating and Corporate Governance Committee has recommended Messrs. Wilson, Bridwell and Welsh who are current Class B directors, for reelection as the term of their class is expiring on our classified Board of Directors.

Board Diversity. Our Board of Directors does not have a formal written policy with regard to the consideration of diversity in identifying director nominees. Our Nominating and Corporate Governance Committee charter, however, requires the committee to review the composition of the Board as a whole and

Table of Contents

recommend, if necessary, measures to be taken so that our Board not only contains the required number of independent directors, but also reflects the balance of knowledge, experience, skills, expertise, integrity, analytical ability and diversity as a whole that the committee deems appropriate. This review includes an assessment as to our Board's current and anticipated need for directors with specific qualities, skills, experience or backgrounds; the availability of highly qualified candidates; committee workloads and membership needs; and anticipated director retirements.

Leadership Structure. Our Board currently combines the role of chairman of the Board with the role of Chief Executive Officer (CEO), and maintains a separate empowered lead independent director position to further strengthen our governance structure. Our Board believes this provides an efficient and effective leadership model for the Company. Combining the chairman and CEO roles fosters clear accountability, effective decision-making and alignment on corporate strategy while reducing the potential for fractured leadership that can undermine successful implementation of policy.

Our Board believes that the Company is strengthened by the chairmanship of Mr. Wilson, who provides strategic, operational and technical expertise, vision and a proven ability to lead the Company. Our Board believes that, under the present circumstances, the interests of the Company and its stockholders are best served by the leadership and direction of Mr. Wilson as chairman and CEO. Our Board recognizes that no single leadership model is right for all companies and at all times and that, depending on the circumstances, other leadership models, such as a separate independent chairman of the Board, might be appropriate.

Following the HALRES Transaction, our Board elected a Lead Director (lead independent director), currently Mr. James L. Irish III, who is an independent and non-management director. A Lead Director will be elected annually by our Board. Our Lead Director serves as a key component of our governance structure, subject to oversight by the independent members of our Board. The Lead Director's responsibilities and authority generally include:

presiding over all executive sessions of the independent or non-management directors and all other board meetings at which the Chairman is not present;

calling special meetings of the non-employee directors when necessary and appropriate;

coordinating the agenda for, and moderating, sessions of the Board's independent directors and other non-management directors;

serving as a liaison between the Chairman and the independent or non-management directors;

consulting with the Chairman to include and provide at meetings of the directors specific agenda items and additional materials suggested by independent Board members;

approving the scheduling of regular and, where feasible, special meetings of the Board to ensure that there is sufficient time for discussion of all agenda items;

facilitating communications among the other members of the Board;

consulting with the chairs of the Board committees and soliciting their participation to avoid diluting their authority or responsibilities; and

Edgar Filing: HALCON RESOURCES CORP - Form DEF 14A

performing other duties as the Board may from time to time delegate.

Our corporate governance guidelines currently provide that non-management directors must meet at regularly scheduled executive sessions without management. Mr. Irish, as Lead Director, presides over the executive sessions of our non-management directors.

Risk Oversight. It is the job of our Chief Executive Officer, Chief Financial Officer and other members of our senior management to identify, assess, and manage our exposure to risk. Our Board plays an important role in

Table of Contents

overseeing management's performance of these functions. Our Board of Directors has approved the charter of its Audit Committee, which lists the primary responsibilities of the Audit Committee. Those responsibilities require the Audit Committee to discuss with management our major financial risk exposures and the steps management has taken to monitor and control such exposures, including the substance of any significant litigation, contingencies or claims that had, or may have, a significant impact on the financial statements. The Audit Committee is also required to discuss with management and review the mechanisms, guidelines and policies that govern the processes by which risk assessment and management are undertaken.

Each of the Board's other committees also oversees the management of risks that fall within such committee's area of responsibility. Our Compensation Committee incorporates risk considerations, including the risk of loss of key personnel, as it evaluates the performance of our Chief Executive Officer and other executive officers, reviews management development and succession plans, and determines compensation structure and amounts. Our Nominating and Corporate Governance Committee focuses on issues and risks relating to Board composition, leadership structures and corporate governance matters. The focus of our Reserves Committee is on the integrity of the process of selecting our independent petroleum engineers and whether reports prepared by our independent petroleum engineers are prepared in accordance with the accepted or required petroleum engineering standards.

Our Board receives reports from its committees regarding the risks considered in their respective areas to ensure that our Board has a broad view of our strategy and overall risk management process. In performing its risk oversight function, each committee has full access to management, as well as the ability to engage advisors. Each committee's charter is posted on our web site at www.halconresources.com.

Communications with the Board. Our stockholders may communicate concerns to any director, Board committee or to the full Board of Directors by sending letters addressed to such directors, Board committees or the full Board of Halcón Resources Corporation at 1000 Louisiana St., Suite 6700, Houston, Texas 77002, Attention: Mark J. Mize. Mr. Mize will then, as appropriate, forward the communication to the intended director or directors, Board committee or the full Board of Directors. If the stockholder wishes the communication to be confidential, then the communication should be provided in a form that will maintain confidentiality such as stamping the envelope and the contents as confidential.

Communications with the Non-Management Directors. Interested parties may communicate concerns to the non-management members of our Board of Directors by sending a communication to the Lead Director and chairman of the Audit Committee, James L. Irish III, 1722 Routh Street, Suite 1500, Dallas, Texas 75201. Mr. Irish will then forward such communication to all of our other non-management directors.

Directors Attendance at Stockholder Meetings. Our corporate governance guidelines provide that our directors are encouraged to attend annual meetings of our stockholders. All of the individuals serving as directors during 2011 attended last year's annual meeting of stockholders.

CERTAIN RELATIONSHIPS AND RELATED PARTY TRANSACTIONS

During 2011, Brandon Lee, the son of Larry Lee, who was our chairman, president and chief executive officer prior to the closing of the HALRES Transaction, served as our Manager of Business Development. Total compensation paid to Brandon Lee as a result of base salary, bonus, award grants under our Plan, and other benefits totaled \$162,331 in 2011. Brandon Lee and Larry Lee each resigned effective upon the closing of the HALRES Transaction.

Conflicts Committee

Various members of our Board of Directors and management hold investments in entities that own membership interests in HALRES LLC. For instance, Mr. Wilson owns an approximate 44% interest in an entity

Table of Contents

that owns a 10% membership interest in HALRES LLC. Messrs. Miller, Welsh and Markham are associated with EnCap Investments L.P., which advises EnCap Energy Capital Fund VIII, L.P., the majority investor in HALRES LLC. Mr. Bridwell is president of Mansefeldt Investment Corporation, which advises Mansefeldt Halcón Partners and Mansefeldt Hawk Partners, which hold membership interests in HALRES LLC and an entity that owns a membership interest in HALRES LLC, respectively. Mr. Rioux is associated with Liberty Energy Holdings, LLC, which advises Kellen Holdings, LLC, which also holds a membership interest in HALRES LLC. Other directors also own interests in entities that own membership interests in HALRES LLC. As a consequence of these indirect interests in HALRES LLC, on February 8, 2012, our Board of Directors established a Conflicts Committee and appointed Mr. Thomas R. Fuller to serve on the Conflicts Committee to evaluate proposed transactions between HALRES LLC and the Company, discussed below. Mr. Fuller is an independent director who did not have any direct or indirect ownership interest in HALRES LLC.

The Conflicts Committee was given the authority to determine, direct and conduct the process to be undertaken by the Company with respect to proposed transactions between the Company and HALRES LLC. The Conflicts Committee also has the authority to appoint independent legal counsel, independent appraisers, financial advisors and engineering consultants in connection with this evaluation, and to negotiate the proposed terms and conditions of any transaction. The Conflicts Committee was also given the authority to reject any proposed transaction between the Company and HALRES LLC if the committee deemed such transaction not to be in the best interests of the Company.

Reimbursement of Expenses Relating to the HALRES Transaction

Under the terms of the Securities Purchase Agreement dated December 21, 2011, the Company agreed to reimburse HALRES LLC for all reasonable costs and expenses incurred by HALRES LLC in connection with the HALRES Transaction. To the extent practicable, expenses incurred by HALRES LLC prior to the closing were reimbursed or paid directly at closing, while others were subsequently submitted by HALRES LLC to the Company for reimbursement. The Conflicts Committee reviewed the list of expenses subsequently submitted by HALRES LLC for reimbursement, as well as invoices and other supporting documentation, and concluded that such expenses were reasonable. The Company has reimbursed HALRES LLC approximately \$6.89 million for such costs and expenses incurred.

Acquisition of Assets from HALRES LLC

Prior to the HALRES Transaction in February 2012, HALRES LLC had begun a program of accumulating leasehold acreage and other oil and gas properties and related assets, focused in areas that are consistent with the Company's current plans for leasing and acquisitions. The Company acquired these properties and rights from HALRES LLC at the lower of HALRES LLC's cost or fair market value after the closing of the HALRES Transaction. After conducting an evaluation of the properties and rights to be acquired by the Company, as well as the reimbursement of consulting and legal fees and other expenses associated with such properties and rights, the Conflicts Committee determined that the Company's acquisition from HALRES LLC of its leasehold acreage and other oil and gas properties and related assets was in the best interests of the Company. The Company acquired these assets from HALRES for approximately \$5.89 million.

RELATED PARTY TRANSACTION REVIEW POLICIES AND PROCEDURES

A transaction or series of similar transactions to which we are a party in which the amount involved exceeds \$120,000 and involves a director, executive officer, 5% stockholder or any immediate family members of these persons is generally evaluated by a special committee of disinterested directors formed by our Board of Directors to evaluate such transactions. In addition, our code of ethics provides that every employee should disclose any material transaction or relationship that could reasonably be expected to give rise to a conflict of interest to upper management or the Company's Audit Committee. The Audit Committee has the authority to evaluate any such conflicts of interest and recommend actions to be taken by our Board in connection with such conflicts of interest or to report the existence of any such conflicts of interest to the full Board for it to take action.

Table of Contents**SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE**

Section 16(a) of the Exchange Act requires our directors, executive officers and persons who beneficially own more than 10% of our common stock to file certain reports with the SEC concerning their beneficial ownership of our equity securities. The SEC's regulations also require that a copy of all such Section 16(a) forms filed must be furnished to us by the executive officers, directors and greater than 10% stockholders. During 2011, (i) Gerald R. Marshall failed to timely file two Forms 4, relating to 12 transactions, and (ii) Larry E. Lee, Larry G. Rampey, Drake N. Smiley, Sean P. Lane, John M. Reardon and G. Les Austin each failed to timely file one Form 4 relating to one transaction each. To our knowledge, based solely on a review of the copies of such forms and amendments thereto received by us with respect to 2011, all other Section 16(a) filing requirements were timely met.

MANAGEMENT

The following table sets forth the names and ages of all of our current executive officers, the positions and offices with us held by such persons and the months and years in which continuous service as officers began:

(The foregoing Compensation Committee Report does not constitute soliciting material and should not be deemed to be filed or incorporated by reference into any other filing of Halcón under the Securities Act of 1933, as amended, or the Securities Exchange Act of 1934, as amended, except to the extent that Halcón specifically incorporates the Report by reference therein.)

2011 EXECUTIVE AND DIRECTOR COMPENSATION

As discussed above, the persons serving as our executive officers and as members of the Compensation Committee of our Board of Directors changed upon the closing of the HALRES Transaction on February 8, 2012, as have our compensation programs subsequent to that transaction. For information relating to the compensation of our current executive officers and directors, read the discussion under the heading *2012 Executive and Director Compensation* below. The discussion appearing below under the heading *Compensation Discussion and Analysis* and the information contained in the tables that follow relate to the compensation of our executive officers and compensation processes and decision-making of our Compensation Committee for the fiscal year ended December 31, 2011, which was prior to the closing of the HALRES Transaction.

Compensation Discussion and Analysis

Overview of Compensation Program

Our Board of Directors has overall responsibility for establishing compensation for our directors and executive officers. Our Board of Directors has delegated to the Compensation Committee of the Board of Directors the responsibility for establishing, implementing and continually monitoring adherence with our compensation philosophy with respect to our executive officers. The Committee ensures that the total compensation paid to our executive officers is fair, reasonable and competitive. While our Board of Directors strives to create incentives that encourage a level of risk-taking behavior consistent with our business strategy, we believe our compensation policies and practices do not create risks that are reasonably likely to have a material adverse effect on our operations or financial condition.

Throughout this proxy statement, the individuals who served as our chief executive officer and chief financial officer during fiscal 2011, as well as the other individuals included in the Summary Compensation Table provided below, are referred to as our named executive officers. With the exception of Larry E. Lee, our president and chief executive officer during 2011, and G. Les Austin, our chief operating officer and chief financial officer during 2011, the types of compensation and benefits provided to our named executive officers are similar to those provided to other executive officers. Compensation and benefits provided to Mr. Lee, and certain benefits provided to Mr. Austin, are controlled by their employment agreement or arrangement described below.

Compensation Philosophy and Objectives

The Committee believes that the most effective executive compensation program is one designed to obtain and retain our key executives, reward longevity of employment, reward the achievement of annual, long-term and strategic goals, align the executives' interests with those of the stockholders and ultimately improve stockholder value. The Committee evaluates both performance and compensation to ensure we maintain our ability to attract and retain superior employees in key positions and that compensation provided to our key employees remains competitive relative to the compensation paid to similarly situated executives of our peer companies. To that end, the Committee believes that the executive compensation packages provided to our executives, including our named executive officers, should include both cash and stock-based compensation. The Committee's philosophy concerning the grant of equity awards under our Plan is as follows:

our most important asset is a highly educated, well-trained, experienced and dedicated management, professional and support staff;

in the current environment in the oil and natural gas exploration and production industry, attracting and retaining top quality management, professional and support staff is more competitive than ever;

in order to build and preserve this most important asset, we must offer attractive compensation and equity-based incentives to our key management, professional and support staff;

equity-based awards create an identity of interest between our key employees and our stockholders; and

equity-based awards incentivize award recipients to give their best efforts toward maximizing the value of our oil and natural gas assets and controlling costs, thereby creating the circumstances most likely to result in stock price natural appreciation for the benefit of all equity holders.

During 2011, the Committee continued its commitment to granting equity-based awards in the form of restricted stock rather than stock options or other types of equity-based awards available under the Plan because:

restricted stock awards are more desirable, from the employee's standpoint, because they are more immediate and substantive than options;

Table of Contents

employees receiving stock awards are stockholders with voting rights and the right to receive current dividends, instead of just option holders with the possibility of becoming stockholders in the future, thereby creating an immediate identity of interest with the public stockholders; and

restricted stock awards are more attractive to us because fewer shares are required to achieve the same incentive result.

During 2011, the Committee also granted equity-based awards in the form of SARs because of the decreasing number of shares of restricted stock available for issuance under the Plan and because it concluded that granting our officers a mix of restricted stock and SARs awards would be the most effective way to accomplish our equity incentive award objectives for 2011.

Effective January 1, 2010, the Committee approved the framework of an annual cash bonus incentive program for our officers (the Annual Bonus Program) designed to reward performance measured by the attainment of specified short-term goals set by the Committee on an annual basis, subject, in all respects, to the discretion of the Committee based upon the individual contribution of each named executive officer.

Role of Executive Officers in Compensation Decisions

The Committee makes all compensation decisions for all of our executive officers and, after consultation with our president and chief executive officer, approves equity awards to all of our employees. Decisions regarding the non-equity compensation of other employees are made by our president and chief executive officer after consultation with the Committee.

Our president and chief executive officer annually reviews the performance of each executive officer (other than himself, whose performance is reviewed by the Committee). The conclusions reached as the result of and recommendations based on these reviews, including recommendations with respect to salary adjustments and annual bonus or equity award amounts, are presented to the Committee. The Committee then exercises its discretion in determining adjustments or awards to executive officers.

Setting Executive Compensation

Our Compensation Committee engaged Pearl Meyer & Partners, an outside compensation consulting firm, to assist the Board of Directors and the Committee in crafting our total compensation program for our executive officers and to assist the Board of Directors in determining compensation for our directors.

In its reports, Pearl Meyer provided the Committee with relevant market data and alternatives to consider when making both cash compensation and equity-based compensation decisions for our executive officers, and in making recommendations to our Board of Directors for cash compensation and equity-based awards to our non-employee directors. The reports included a competitive salary analysis of general industry and energy compensation surveys showing market average salaries for executive officers and directors in companies similar to ours. Utilizing in part this report, the Committee approved the increase in our other executive officers' base salaries and made recommendations to our Board of Directors regarding director compensation, which recommendations subsequently were approved. Bonuses paid pursuant to our Annual Bonus Program were based upon the attainment of only one of the 2011 performance goals set by the Committee. See Performance-Based and Incentive Compensation Annual Bonus Program below for a more detailed description of the Annual Bonus Program.

The Committee monitors the results of the advisory say-on-pay proposal vote and incorporates such results as one of many factors considered in connection with the discharge of its responsibilities, although no

Table of Contents

such factor is assigned a quantitative weighting. Because a majority (65%) of our stockholders approved the compensation program described in our proxy statement in 2011, the Committee did not implement changes to our executive compensation program as a result of the stockholder advisory vote.

2011 Executive Compensation Components

The Committee designs cash and stock-based incentive compensation awards intended to accomplish the following goals:

improve our operating performance and financial results;

maintain competitive levels of compensation in order to retain key employees due to the continuing competitive environment in the energy industry;

reward key employees for job performance over the past year;

recognize longevity as an important aspect of the officer ranks, which results in more predictable leadership and more efficient and productive employees throughout our organization;

provide incentive to continue the provision of high-level job performance; and

in all matters involving compensation of our officers and employees, provide fairness to the officers and employees on the one hand, and to our stockholders on the other hand, by setting compensation in a manner that aligns the interests of the parties with the ultimate goal of enhancing our long-term performance.

For the fiscal year ended December 31, 2011, the principal components of compensation for our named executive officers were:

base salary;

performance-based incentive compensation; and

perquisites and other personal benefits.

Base Salary

We provide our named executive officers with base salary to compensate them for services rendered during the fiscal year. The base salary is designed to provide a competitive fixed rate of pay recognizing different levels of responsibility and performance within our company. Base salary ranges for our named executive officers are determined for each executive based on his or her position and responsibility, by using market data, and by performance evaluations. Base salary ranges are designed so that salary opportunities for a given position generally will be within the 50th percentile of the market salary surveyed.

During its review of base salaries for executives, the Committee primarily considers:

market data provided by our outside consultant;

internal review of the executive's compensation, both individually and relative to other officers; and

individual performance of the executive.

Table of Contents

Salary levels are typically considered annually as part of our performance review process as well as upon a promotion or other change in job responsibility. Merit-based increases to salaries of named executive officers are based on the Committee's assessment of the individual's performance based upon recommendations of our chief executive officer.

For 2011, the Committee approved base salary increases for the named executive officers, other than our chief executive officer, in percentages ranging from 5.0% to 8.0%, which were based on such factors as the amount of shortfall of such officers' base salary compared to the market median as shown in the Pearl Meyer report, individual performance, responsibilities, peer salaries, longevity and overall value to the Company.

Effective October 4, 2011, the Committee appointed Mr. Austin to a newly established position of chief operating officer of the Company. Along with the new title and new responsibilities incident to the position, our Board and the Committee also approved an increase in Mr. Austin's base salary from \$299,250 to \$350,000 per year. The Committee approved the appointment and increase in Mr. Austin's base salary recognizing that Mr. Austin did an excellent job as our chief financial officer since joining us in 2008, that he has developed a good understanding of all aspects of our business, and that he, therefore, has the ideal set of skills to fill the chief operating officer position, which was designed to strengthen our management team and to enhance the coordination among our various departments in order to assure prompt and efficient execution of our business plan.

We believe that a competitive base salary is essential to retain our named executive officers and that the increases in such officers' base salaries for 2011 fit into our overall compensation objectives of retaining our named executive officers, rewarding them for their performance, and incentivizing them to continue the provision of high-level job performance. We supplement our executive officers' base salary with the other elements of compensation discussed below in order to achieve an overall compensation package that aligns the interests of our officers and our stockholders.

Performance-Based and Incentive Compensation

We pay performance-based and incentive compensation to our named executive officers pursuant to the Plan and the Annual Bonus Program, both of which are described below.

The Plan

Performance-based and incentive compensation under the Plan may be paid in the form of cash bonuses, grants of restricted stock, share units, stock options, SARs, performance units and performance bonuses, or some combination of these awards. In granting these awards, the Committee may establish any conditions or restrictions it deems appropriate. Stock-based awards will generally vest between one and five years after the date of the grant. Ownership of restricted stock granted under our Plan by our named executive officers is set forth under the heading Outstanding Equity Awards at Fiscal Year-End. We believe that these awards fit into our overall compensation objectives by motivating employees and rewarding achievement of financial and other performance measures and, in the case of stock-based awards, providing incentive for long-term creation of stockholder value and aligning the interests of our named executive officers and our stockholders.

All stock-based awards under our Plan are made at the market price of our common stock at the time of the award. The Committee may grant awards of stock options, SARs, or restricted stock awards to executives at any regularly scheduled or special meeting. The grant date of any stock option, SARs, or restricted stock award will be determined in accordance with FASB ASC TOPIC 718.

Table of Contents

The following table sets forth awards granted under our Plan to named executive officers in 2011:

Named Executive Officers	Restricted Shares	SARs
Larry E. Lee	100,000	200,000
Drake N. Smiley	100,000	100,000
G. Les Austin	100,000	100,000

300,000 400,000

On May 5, 2011, after considering the information provided by Pearl Meyer and reviewing Mr. Lee's recommendations, the Committee approved the grant to our officers of 1,415,000 SARs and of restricted stock awards for 595,000 shares of our common stock, with such awards effective May 5, 2011. The grants to our named executive officers are reflected above. The awards are subject to a four-year vesting schedule, with the first vesting scheduled to occur on January 1, 2012. The market price of our common stock on the grant date was \$1.73 per share. Also on May 5, 2011, our Board of Directors approved and granted restricted stock awards to our independent directors totaling 138,726 shares of our common stock, or 46,242 shares each, in payment of the equity component of our independent directors' annual compensation. The grants to our independent directors are scheduled to vest in full one year from the date of grant, or May 5, 2012.

See Grants of Plan-based Awards in 2011 and 2011 Director Compensation below for more information about award grants to our named executive officers and directors.

Annual Bonus Program

We provide short-term, performance-based cash incentives to our named executive officers in the form of cash bonuses under our Annual Bonus Program. Payment of cash bonuses under the Annual Bonus Program is generally linked to our attainment of certain financial and operational goals, but in all cases is subject to individual performance evaluations. The Annual Bonus Program is intended to provide a framework and guidelines for the administration of short-term incentive cash bonus awards to our executive officers. Final awards, if any, are made in the sole discretion of the Committee.

The Annual Bonus Program was established by the Committee to accomplish several important objectives:

improve our operating performance and financial results;

promote the successful completion of drilling programs;

promote growth in production volumes over the short and long-term;

motivate and reward plan participants for achievements in relation to the metrics of the plan; and

enable us to attract, motivate and retain high-caliber talent.

Table of Contents

Incentive opportunity ranges are used to provide an opportunity for incentive awards to our named executive officers in relation to their responsibility levels. Each incentive opportunity range has a Threshold (minimum award), a Target (expected award), and an Outstanding (maximum award) level. These levels are designed to correspond to performance goals in relation to the performance measurements of the plan. Incentive opportunity ranges for our named executive officers are as follows:

Incentive Opportunity Range (% Salary)

Name and Title	Threshold	Target	Outstanding
Larry E. Lee, President and Chief Executive Officer	45.0	90.0	180.0
Larry G. Rampey, Sr. Vice President, Operations	35.0	70.0	140.0
G. Les Austin, Chief Operating Officer and Chief Financial Officer	35.0	70.0	140.0
Drake N. Smiley, Sr. Vice President, Land & Exploration	32.5	65.0	130.0

Incentive award payments are calculated as a percentage of a participant's base salary payable during the fiscal year. For example, our chief executive officer might expect an award of 90.0% of base salary when targeted performance levels are achieved, and no award when less than the threshold level of performance is achieved.

Awards under the Annual Bonus Program are based on performance in relation to weighted performance measurements. The performance measurements and the weight assigned to such measurements are recommended annually by management and approved by the Committee. Based on the weighting of each measurement, a threshold, target and outstanding performance goal is determined. The performance goals are set in good faith based on our historical performance, internal forecasts, budgets and various other factors.

The Committee approves performance measurements and sets performance goals tied to the measurements that it believes will benefit our stockholders the most if those performance goals are met. Because of the expected benefits to us and our stockholders if such performance goals are met, the Committee believes it is appropriate to tie the ability of our named executive officers to receive cash bonuses under the Annual Bonus Program to the attainment of such performance goals. Based upon recommendations by management, the Committee established the following weighted performance measurements and corresponding performance goals for fiscal year 2011:

Performance Measurements and Performance Goals

Objective Measure	Weight	2011 Budget Or Prior Year Actual	Threshold	Target	Outstanding
Successful Refinancing of Senior Secured Credit Facility	20%	Yes/No	N/A	Yes	N/A
Acquire Producing Assets (Proved PV-10 Values)	20%	\$ 50,000	\$ 25,000	\$ 50,000	\$ 100,000
Production Growth (MBOE) (% of growth from prior year level)	10%	1,786	0.0%	5.0%	10.0%
Projected Current Year Modified EBITDA	30%	\$ 52,000	\$ 52,000	\$ 55,000	\$ 60,000
G&A Expense Reduction per BOE (% reduction from prior year level / net of incentive compensation)	10%	\$ 6.84	-11.8%	-13.5%	-16.5%
LOE Expense Reduction per BOE (% reduction from prior year level / net of incentive compensation)	10%	\$ 17.24	-6.8%	-8.5%	-11.7%

Table of Contents

The Modified EBITDA target was set at a number 6% in excess of the Modified EBITDA projected in the current year business plan, to encourage and award above-budgeted performance. The production growth, debt reduction, general and administrative expense reduction and lease operating expense reduction targets were set at levels to encourage increasing production while reducing debt and controlling costs. With the exception of the refinancing of our senior secured credit facility and the acquisition of producing assets measures, all of the objective measures identified are essentially self-funding with respect to the Annual Bonus Program, inasmuch as the achievement of those measures provides additional cash to fund the award amounts. This combination of these incentive measures and targets was believed by the Committee to provide a framework for rewarding growth and enhancing stockholder value while encouraging efficient and economic operating practices.

In 2011, the only performance measurement we achieved was the measurement related to refinancing of our senior secured credit facility, which we closed in March 2011 and, as specified in the above table, carries a 20% weighting factor. After evaluating each named executive officer's contribution to achieving the refinancing of our senior secured credit facility performance, the Committee awarded the following cash bonuses to our named executive officers consistent with the metrics under the Annual Bonus Program in 2011:

Named Executive Officers	Cash Bonuses
Larry E. Lee	\$ 99,000
Larry G. Rampey	44,800
Drake N. Smiley	38,350
G. Les Austin	37,050
	\$ 219,200

Retirement and Other Benefits

Our 401(k) Profit Sharing Plan is a tax-qualified retirement savings plan pursuant to which all employees, including the named executive officers, are able to contribute the lesser of up to 100% of their annual salary or the limit prescribed by the Internal Revenue Service to the plan on a before-tax basis. For 2009, 2010 and 2011, our Compensation Committee determined that we would make a safe harbor match of 100% of employee contributions up to 6% of the employee's salary. All contributions to the plan as well as any matching contributions are fully vested upon contribution.

Perquisites and Other Personal Benefits

We provide our executive officers with perquisites and other personal benefits that we believe are reasonable and consistent with our overall compensation program to better enable us to attract and retain superior employees for key positions. The Committee periodically reviews the levels of perquisites and other personal benefits provided to our executive officers. The perquisites provided to our named executive officers are set forth in footnote 6 of the Summary Compensation Table below. Attributed costs of the personal benefits for the named executive officers for the fiscal year ended December 31, 2011 are included in column (i) and footnote 6 of the Summary Compensation Table below.

Executive Employment Agreements and Arrangements

Larry E. Lee. In connection with the consummation of our merger with RAM Energy in May 2006, we entered into an employment agreement with Larry E. Lee, under the terms of which Mr. Lee serves as our president and chief executive officer. The initial term of the employment agreement was three years. Pursuant to an amendment to the employment agreement effective March 8, 2011, the term of the employment agreement was extended through April 30, 2013. Under the terms of the employment agreement, we pay the annual premium on a term life insurance policy owned by Mr. Lee, the costs of his annual physical examinations, and certain country club dues and expenses. Mr. Lee also may be awarded a bonus for any fiscal year during the employment term, either pursuant to an incentive compensation plan maintained by us or as otherwise may be determined by our Board of Directors.

Table of Contents

The employment agreement provides for certain payments in the event of Mr. Lee's termination. The termination payments are discussed below under the heading Potential Payments Upon Termination or Change of Control.

The employment agreement contains certain restrictive covenants that prohibit Mr. Lee from disclosing information that is confidential to us and our subsidiaries and generally prohibits him, during the employment term and for one year thereafter, from soliciting or hiring our employees and those of our subsidiaries. The employment agreement does not contain any restrictive covenants that otherwise limit Mr. Lee's ability to compete with us and our subsidiaries following his employment.

G. Les Austin. Effective April 1, 2008 we entered into a compensation arrangement with G. Les Austin, our senior vice president, chief operating officer, chief financial officer, treasurer and secretary, which provides for the following continuing benefits: (i) a term life insurance policy providing a death benefit of \$700,000 during the term of his employment, (ii) substantially the same perquisites provided to our other senior vice presidents, and (iii) certain severance and change of control protections. Effective March 23, 2011, we extended the severance and change of control protections under Mr. Austin's compensation arrangement through April 1, 2012. These protections are described below under the heading Potential Payments Upon Termination or Change of Control.

Tax and Accounting Implications

The Committee reviews and considers the deductibility of executive compensation under Section 162(m) of the Code, which provides that we may not deduct compensation of more than \$1,000,000 paid to certain individuals in any taxable year. We believe compensation paid by us is generally fully deductible for federal income tax purposes. However, in certain situations, the Committee may approve compensation that will not meet these requirements in order to ensure competitive levels of total compensation for our executive officers. For fiscal year 2011, all amounts paid to our named executive officers were deductible.

Beginning on January 1, 2006, we began accounting for stock-based payments including grants and awards under our Plan in accordance with the requirements of FASB ASC TOPIC 718.

Table of Contents**Summary Compensation Table**

The table below summarizes the total compensation paid to or earned by each of the named executive officers for the fiscal year ended December 31, 2011. Substantially all of the compensation paid to our president and chief executive officer, Larry E. Lee, results from the terms of his employment agreement. We have not entered into any employment agreements with any of the other named executive officers, although we do have an agreement with Mr. Austin that provides for certain perquisites and benefits, along with severance and change-in-control protections through April 1, 2013.

Based on the fair value of equity awards granted to our named executive officers in 2011 and the base salary of the named executive officers, salary accounted for approximately 47% of the total compensation of the named executive officers, bonus incentive compensation accounted for approximately 7%, stock awards accounted for 16%, option awards accounted for approximately 16% and other compensation accounted for 14% of the total compensation of the named executive officers.

Potential Payments Upon Termination or Change of Control

Our employment agreements with Messrs. Lee and Austin obligate us to pay certain separation benefits to them in the event of termination of such executive's employment or upon a change of control. In addition, effective March 10, 2009, we adopted a separation benefit plan entitled the Change in Control Separation Benefit Plan of RAM Energy Resources, Inc., and Participating Subsidiaries, or the 2009 CIC Plan. The 2009 CIC Plan provides certain separation benefits to our senior vice presidents and our vice presidents (including our named executive officers, other than Mr. Lee), as well as the senior vice presidents and vice presidents of our affiliates. The terms of the 2009 CIC Plan are described below.

The amounts in the tables below reflect the actual amounts paid to the named executive officers in connection with the HALRES Transaction. For the amounts of potential payments upon a termination or change in control as of December 31, 2011, please refer to the Company's Information Statement dated as of January 17, 2012, that was first mailed to stockholders on or about January 18, 2012.

Table of Contents

Mr. Lee's Employment Agreement

The amount of separation benefits payable to Larry E. Lee, as set forth in his employment agreement, upon voluntary termination, termination for cause, termination for good reason and termination in the event of disability or death is shown below. The amounts shown assume that such termination is effective as of February 8, 2012, and thus includes amounts earned through such time and are estimates of the amounts which would be paid out to Mr. Lee upon his termination. The actual amounts to be paid out can only be determined at the time of his separation from us.

The term "disability" means disability (either physical or mental) which (i) materially and adversely affects Mr. Lee's ability to perform his duties required of his office, and (ii) at least 26 weeks after its commencement, is determined to be total and permanent by a physician selected by us or our insurers and acceptable to Mr. Lee or his legal representative. The term "cause" means termination for one of the following reasons:

the conviction of Mr. Lee of a felony by a federal or state court of competent jurisdiction;

an act or acts of dishonesty taken by Mr. Lee and intended to result in substantial personal enrichment of Mr. Lee at our expense; or

Mr. Lee's failure to follow a direct, reasonable and lawful written order from the Board of Directors, within the reasonable scope of his duties, which failure is not cured within 30 days.

The term "good reason" means:

the assignment to Mr. Lee of any material duties inconsistent in any respect with his position (including status, offices, titles and reporting requirements), authority, duties or responsibilities as contemplated by the employment agreement;

any other action taken by us which results in a diminution in Mr. Lee's position, compensation, authority, duties or responsibilities, excluding for this purpose an isolated, insubstantial and inadvertent action not taken in bad faith and which we remedy within ten (10) days after receipt of notice thereof given by Mr. Lee;

any material failure by us to otherwise perform our obligations under the employment agreement, other than an isolated, insubstantial and inadvertent failure not occurring in bad faith and which we remedy within ten (10) days after receipt of notice thereof given by Mr. Lee;

our requiring Mr. Lee to be based at any office or location other than that described in the employment agreement, except for periodic travel reasonably required in the performance of his responsibilities;

any purported termination by us of Mr. Lee's employment otherwise than as expressly permitted by the employment agreement; or

any failure by us to cause any successor entity to assume our obligations to Mr. Lee under the employment agreement.

Payments Made Upon Termination Other Than for Cause, Death or Disability, or by Mr. Lee for Good Reason. In the event Mr. Lee is terminated for reasons other than cause, death or disability, or Mr. Lee complies with the requirements to permit him to resign, and he does resign, for good reason, we will be obligated to pay to Mr. Lee in a lump sum payment the following amounts:

his annual base salary through the date of termination to the extent not already paid;

Table of Contents

the highest bonus paid to Mr. Lee during his employment term for a full fiscal year, pro rated for that portion of the year of termination in which Mr. Lee is employed by us;

an amount equal to 200% of Mr. Lee's base salary in effect on the date of termination;

any deferred compensation and accrued vacation pay;

if Mr. Lee qualifies for accelerated vesting of stock options, restricted stock awards or other employee benefits, but the acceleration would adversely affect the tax status of the plan or other participants in the plan, an amount equal to the benefit he would receive had accelerated vesting occurred;

a gross-up payment in an amount equal to any excise tax, or interest or penalties related to any excise tax, assessed against Mr. Lee pursuant to Section 4999 of the Code, based upon the payments discussed above, the vesting of any stock or option rights under any benefit plan and the payment of the gross-up amount;

all of Mr. Lee's stock options and restricted stock awards will vest; and

Mr. Lee and his family, if applicable, may continue to participate in any welfare benefit plan offered by us through the term of the employment agreement to the same extent as if Mr. Lee continued to be employed by us through the full term of the employment agreement.

Payments Made Upon Termination for Cause or by Mr. Lee for other than Good Reason. In the event Mr. Lee is terminated for cause, or Mr. Lee resigns for other than good reason, we have no further obligations to Mr. Lee other than a lump sum payment of the following amounts:

his annual base salary through the date of termination to the extent not already paid;

any deferred compensation; and

a gross-up payment in an amount equal to any excise tax, or interest or penalties related to any excise tax, assessed against Mr. Lee pursuant to Section 4999 of the Code, based upon the payments discussed above and the payment of the gross-up amount.

Payments Made Upon Death or Disability. In the event of Mr. Lee's death or disability, we will be obligated to pay to Mr. Lee in a lump sum payment the following amounts:

his annual base salary through the date of termination to the extent not already paid;

the bonus paid to Mr. Lee for the last full fiscal year, pro rated for that portion of the year of termination during which year Mr. Lee is employed by us;

an amount equal to Mr. Lee's base salary in effect on the date of termination for the lesser of twelve (12) months or the remaining term of the employment agreement;

any deferred compensation and accrued vacation pay;

if Mr. Lee qualifies for accelerated vesting of stock options, restricted stock awards or other employee benefits, but the acceleration would adversely affect the tax status of the plan or other participants in the plan, an amount equal to the benefit he would receive had accelerated vesting occurred;

a gross-up payment in an amount equal to any excise tax, or interest or penalties related to any excise tax, assessed against Mr. Lee pursuant to Section 4999 of the Code, based upon the payments discussed above, the vesting of any stock or option rights under any benefit plan and the payment of the gross-up amount; and

all of Mr. Lee's stock options and restricted stock awards will vest.

(5) Mr. Lee has no accrued vacation pay.

Payments of separation benefits may be delayed if (i) Mr. Lee is a specified employee within the meaning of Section 409A of the Code (Section 409A) as of the date of his separation from service and (ii) the amount of any separation benefits payable to him are subject to Section 409A. In such instance, the separation benefits will not be paid to Mr. Lee until six months after the date of separation from service (or, if earlier, the date of his death). Any delayed payment will be paid in a single lump sum in cash on the first day of the seventh month following Mr. Lee's separation from service (or, if earlier, upon his death).

Mr. Austin's Compensation Arrangement

If, during the period ending April 1, 2012, either (i) Mr. Austin's employment with us is terminated (in a manner that constitutes a separation from service under Section 409A) by us other than for cause or (ii) a change of control occurs, and upon such change of control or within six months thereafter, his employment with us is terminated (in a manner that constitutes a separation from service under Section 409A) either (y) by us other than for cause, or (z) by him for good reason, then we must pay to Mr. Austin as a severance benefit an amount equal to the sum of:

his then current base salary; plus

a bonus payment equal to the average of his three then most recent annual cash bonuses.

Table of Contents

The term **change of control** means any change in the composition of our Board of Directors such that the incumbent directors comprise less than one-half of the membership of our Board. The term **incumbent directors** means those persons currently serving as our directors, any person selected by the current directors to replace a director who dies, resigns or is removed as a director (and any such person shall thereafter be deemed to be a current director), or any person nominated by the current directors, or whose nomination is supported by the current directors, and who thereafter is elected by the stockholders as a director (and any such person shall thereafter be deemed to be a current director).

The term **cause** means:

conviction of a felony;

an act or acts of dishonesty intended to result in personal enrichment at our expense; or

failure to follow a reasonable and lawful order from our chief executive officer or the Board, within the reasonable scope of his duties and responsibilities, which failure is not cured within ten (10) days after notice.

The term **good reason** means the termination by Mr. Austin of his employment within the period ending six (6) months following a change of control for any of the following events, unless he has consented in writing to such event:

a material diminution of his base annual salary;

his assignment of any duties materially inconsistent with his position as chief financial officer (including status, offices, titles, and reporting requirements), or any material diminution of his authority, duties, or responsibilities, other than an isolated, insubstantial, or inadvertent action not taken in bad faith and which we remedy promptly after receipt of notice from Mr. Austin; or

any required relocation of his principal office to a location more than fifty (50) miles from Tulsa, Oklahoma.

The following table shows the potential payments upon termination of Mr. Austin's employment with us as provided in his compensation arrangement:

Executive Benefits and Payments Upon Separation	Change of Control Event	Involuntary Not For Cause Termination
Base Salary(1)	\$ 350,000	\$ 350,000
Bonus	53,950	53,950
Accruals(2)	50,888	50,888
Total	\$ 454,838	\$ 454,838

(1) Assumes termination as of January 31, 2012 and all salary due and payable, and all matching contributions pursuant to our 401(k) plan have been paid.

(2) Accrued vacation balance payable as of January 31, 2012.

Mr. Austin's employment arrangement contemplated the adoption of the 2009 CIC Plan, and includes specific provisions that address potential differences in the payment of change of control separation benefits. If

Table of Contents

circumstances under which the change of control separation benefit payable to Mr. Austin in the 2009 CIC Plan are substantially similar to the circumstances specified under his employment agreement, then the provisions of the 2009 CIC Plan will control. If, however, events subsequently occur that would have entitled Mr. Austin to the payment of change of control separation benefits under his employment agreement that are greater than those payable under the 2009 CIC Plan, we must make a cash payment to Mr. Austin equal to the increase in benefits payable. Assuming a termination as of January 31, 2012, the severance benefit payable to Mr. Austin under the 2009 CIC Plan would be greater than the benefit payable under his employment agreement.

Any payments of separation benefits may be delayed to ensure compliance with Section 409A in the same manner as described above under Mr. Lee's employment agreement.

Change in Control Separation Benefit Plan of RAM Energy Resources, Inc., and Participating Subsidiaries

We adopted the 2009 CIC Plan to assure that we will have the continued dedication of each of our senior vice presidents and vice presidents (Executives), notwithstanding the possibility, threat, or occurrence of a change in control. Our Board of Directors believed it was important to diminish the inevitable distraction of these Executives by virtue of the personal uncertainties and risks created by a pending or threatened change in control, and to encourage these Executives' full attention and dedication to our affairs during the term of the 2009 CIC Plan and upon the occurrence of such event. Our Board of Directors also believed that we are best served by providing these Executives with compensation arrangements upon a change in control which provide these Executives with individual financial security and which are competitive with those of other corporations. The principal provisions of the 2009 CIC Plan are as follows.

Change in Control

For purposes of the 2009 CIC Plan, a change in control shall be deemed to have occurred as of the first day that any one or more of the following conditions shall have been satisfied:

at the close of business day next following the day on which we learn of the acquisition by any unaffiliated person of beneficial ownership, within the meaning of Rule 13d-3 promulgated under the Exchange Act, of 50% or more of the then outstanding shares of our common stock;

at any time the incumbent directors (defined below) shall cease for any reason to constitute a majority of our Board;

upon the consummation of a reorganization, merger or consolidation, or a sale or other disposition of all or substantially all of our assets, with certain limited exceptions where our stockholders continue to control the resulting entity (or the entity which purchases our assets) and the incumbent directors control the board of directors of the resulting entity (or the entity which purchases our assets); or

approval by our stockholders of a plan of complete liquidation or dissolution.

The incumbent directors are the members of the Board of Directors on the date of adoption of the 2009 CIC Plan, together with any person who thereafter becomes our director and whose election or nomination for election was approved by a vote of at least a majority of the incumbent directors (including directors so appointed or elected by incumbent directors) then on the Board; provided, however, that no individual initially elected or nominated as our director as a result of an actual or threatened election contest (as described in Rule 14a-11 under the Exchange Act) or other actual or threatened solicitation of proxies or consents by or on behalf of any person other than the Board, including by reason of any agreement intended to avoid or settle any such election contest or solicitation of proxies or consents, shall be deemed an incumbent director.

Reasons for Termination of Employment of an Executive

Termination Upon Death or Becoming Disabled. An Executive's employment shall terminate immediately upon the Executive's death and we will have no further obligation under the 2009 CIC Plan to the deceased Executive or such Executive's legal representatives. If the Executive's employment is terminated due to the Executive becoming disabled, we will have no further obligation under the 2009 CIC Plan to the Executive or such Executive's legal representatives. The term "disabled" means, with respect to any Executive, that (i) such Executive has received disability payments under our long-term disability plan for a period of three months or more, or (ii) based upon the written report of a mutually agreeable qualified physician designated by us and the Executive or the Executive's representative, our Compensation Committee determines, in accordance with Section 409A, that the Executive has become physically or mentally incapable of performing the Executive's essential job functions with or without reasonable accommodation or job protection as required by law for a continuous period expected to last not less than twelve months.

Termination by the Company; Cause. We may terminate an Executive's employment at any time whether with or without cause. For purposes of the 2009 CIC Plan, "cause" means the termination of Executive's employment due to:

the failure of the Executive to perform in any material respect the Executive's prescribed duties to us (other than any such failure resulting from the Executive becoming disabled);

the commission by the Executive of a wrongful act that caused or was reasonably likely to cause damage to us;

an act of gross negligence, fraud, unfair competition, dishonesty or misrepresentation in the performance of the Executive's duties on our behalf;

the conviction of or the entry of a plea of nolo contendere by the Executive to any felony or the conviction of or the entry of a plea of nolo contendere to any offense involving dishonesty, breach of trust or moral turpitude; or

a breach of the Executive's fiduciary duty involving personal profit.

If we terminate the Executive's employment for cause within the year following a change in control (the "Change in Control Period"), then such termination for cause shall not be effective for purposes of determining that the Executive is not entitled to payment of the separation benefit under the 2009 CIC Plan unless and until two-thirds of the Board of Directors adopt a resolution approving the termination of the Executive for cause, following notice and an opportunity to the Executive to be heard at a meeting called by the Board of Directors to discuss the Executive's employment.

Termination by the Executive; Good Reason. The Executive may terminate the Executive's employment at any time whether with or without good reason. The term "good reason" means the termination by the Executive of the Executive's employment during the Change in Control Period for any of the following events, unless the Executive has consented in writing to such event:

any material diminution in the Executive's annual base salary;

the assignment to the Executive of any duties materially inconsistent with the Executive's position (including status, offices, titles, and reporting requirements), authority, duties, or responsibilities, other than an isolated, insubstantial, or inadvertent action not taken in bad faith and which we remedy promptly after receipt of notice from the Executive;

Table of Contents

any failure by us to require any successor or assignee to assume the obligations under the 2009 CIC Plan; or

any relocation of the Executive's principal office to a location more than fifty (50) miles from the Executive's principal office prior to such relocation.

No termination of employment for good reason shall be effective for purposes of determining that the Executive is entitled to payment of the separation benefits under the 2009 CIC Plan unless (i) following receipt of proper notice, we fail to either cure the offending cause or notify the Executive of our intended method of cure, and (ii) the Executive timely delivers a notice of termination.

Termination Prior to a Change in Control. If we terminate the Executive's employment other than for cause, the Executive's death or the Executive becoming disabled, and a change in control occurs within six (6) months following the date of termination, then for purposes determining eligibility for payment of the separation benefits under the 2009 CIC Plan, such change in control shall be deemed to have occurred immediately prior to the date of termination if either (i) the date of termination occurs following the execution of an agreement (including a letter of intent) that provides for a transaction that subsequently is consummated and constitutes such change in control, or (ii) the Executive reasonably demonstrates that such termination was effected in connection with, or in anticipation of, such change in control.

Separation Benefits Upon Termination of the Executive under the 2009 CIC Plan

Accrued Obligations. Upon any termination of the Executive's employment for any reason, we will pay the Executive any unpaid portion the Executive's annual base salary through the date of termination and any accrued, unused vacation through the date of termination (the *Accrued Obligations*).

Termination for Good Reason; Other Than for Cause, Death, or Becoming Disabled. If during the Change in Control Period (i) we terminate the Executive's employment other than for cause, the Executive's death, or the Executive becoming disabled, or (ii) the Executive terminates the Executive's employment for good reason, then we will, in addition to the payment of the *Accrued Obligations*, pay the following separation benefits to the Executive:

If the Executive is a vice president, we will pay the Executive a lump sum in cash equal to one times the sum of the greater of (x) the Executive's annual base salary as of the date of termination, and (y) the Executive's annual base salary at any time during the one-year period before the change in control.

If the Executive is a senior vice president, we will pay the Executive a lump sum in cash equal to two times the sum of the greater of (x) the Executive's annual base salary as of the date of termination, and (y) the Executive's annual base salary at any time during the one-year period before the change in control.

We will also provide the Executive:

with limited exceptions and for the period allowed under Section 4980B of the Code (not less than 18 months), the same level of health and dental insurance benefits for the Executive (and the Executive's dependents, if applicable) upon substantially similar terms and conditions (including contributions required by the Executive for such benefits) as existed immediately before the date of termination; and

for a period of 18 months, the same level of life and disability insurance benefits for the Executive, upon substantially similar terms and conditions (including contributions required by the Executive for such benefits) as existed immediately before the date of termination.

Table of Contents

Cause; Other than for Good Reason. If during the Change in Control Period the Executive's employment is terminated for cause, or by reason of death or disability, or the Executive terminates the Executive's employment without good reason, then the Executive shall have no further rights and we will have no further obligations to the Executive under the 2009 CIC Plan, other than for payment of the Accrued Obligations.

The following tables show the potential separation benefits to be paid upon termination of our named executive officers other than Mr. Lee, who is not eligible for separation benefits under the 2009 CIC Plan:

Table of Contents**2011 Director Compensation**

Our Board of Directors determines all cash and non-cash compensation paid to our independent directors. Mr. Lee, our only management director, received no compensation as a director. We use a combination of cash and stock-based incentive compensation to attract and retain qualified candidates to serve on our Board of Directors. In March of 2010, our Compensation Committee reviewed the Director Compensation Review prepared by Pearl Meyer & Partners that reflected that our independent directors were paid significantly less than directors of peer group companies, both in total cash compensation and in equity grants. The Compensation Committee determined that because each of our independent directors is a committee chair, and each member serves on each Board committee, the independent members of our Board of Directors have considerably more responsibility than the average director on a much larger board. The Committee also noted that because we have such a small board of directors in comparison with the peer group, our overall board compensation burden is substantially less than the peer group. After consideration of these and other factors, the Committee recommended, and the Board of Directors approved, the payment of annual compensation to our independent directors for 2011 as follows:

Cash compensation of the following:

an annual base retainer of \$50,000;

a meeting fee of \$1,000 per meeting attended for all in-person and telephonic meetings of the Board of Directors and each Board committee subject to a \$15,000 per-year cap on meeting fees;

an additional annual retainer of \$15,000 for the chairman of the Audit Committee;

an additional annual retainer of \$15,000 for the chairman of the Compensation Committee; and

an additional annual retainer of \$15,000 for the chairman of the Nominating and Corporate Governance Committee; plus

Equity-based awards in the form of shares of restricted stock under our Plan having a fair market value on the date of grant equal to \$80,000.

On May 5, 2011, we granted restricted stock awards of 46,242 shares to each of Messrs. Lane, Marshall and Reardon. The market price of the shares of our common stock on the date of grant was \$1.73 per share. The fair market value of these awards totaled approximately \$80,000 as of the date of grant. All of the shares granted vest one year from the date of grant.

The table below summarizes the compensation paid by us to independent directors for the fiscal year ended December 31, 2011.

2006 Long-Term Incentive Plan

The purposes of our Plan are to create incentives which are designed to motivate participants to put forth maximum effort toward our success and growth and to enable us to attract and retain experienced individuals who, by their position, ability and diligence are able to make important contributions to our success.

Under our Plan, we may grant restricted stock, stock options, SARs or performance units to any of our directors, officers or employees or those of our subsidiaries or affiliates, and to any persons rendering consulting or advisory services to us or our subsidiaries or affiliates. We may also grant performance bonuses to any of our employees or those of our subsidiaries or affiliates. Generally, all classes of our employees are eligible to participate in our Plan.

Our Plan currently provides that a maximum of 3,700,000 shares of our common stock may be issued in conjunction with awards granted under our Plan. At December 31, 2011, 491,450 shares of our common stock remained available for awards to be granted under our Plan (as adjusted to reflect the one-for-three reverse stock split that occurred on February 10, 2012). Awards that are forfeited under the Plan will again be eligible for issuance as though the forfeited awards had never been issued. Similarly, awards settled in cash will not be counted against the shares authorized for issuance upon exercise of awards under the Plan.

Administration

The Compensation Committee of our Board of Directors administers our Plan. The members of our Compensation Committee serve at the pleasure of our Board of Directors. With respect to equity-based awards to be made to any of our directors, the Compensation Committee will make recommendations to our Board of Directors as to:

which of such persons should be granted equity-based awards;

the terms of proposed grants or awards to those selected by our Board of Directors to participate;

the exercise price for options and grant date value of SARs; and

any limitations, restrictions and conditions upon any equity-based awards.

Any equity-based award to any of our directors under our Plan must be approved by our Board of Directors.

In connection with the administration of our Plan, the Compensation Committee, with respect to equity-based awards to be made to any officer, employee or consultant who is not one of our directors, will:

determine which employees and other persons will be granted equity-based awards under our Plan;

grant the equity-based awards to those selected to participate;

determine the exercise price for options and grant date value of SARs; and

prescribe any limitations, restrictions and conditions upon any equity-based awards.

In addition, our Compensation Committee will:

interpret our Plan; and

make all other determinations and take all other actions that may be necessary or advisable to implement and administer our Plan.

Table of Contents

Types of Awards

Our Plan permits the Compensation Committee to make several types of awards and grants, the principal types of which are awards of shares of restricted stock, the grant of options to purchase shares of our common stock, and awards of SARs.

Restricted Stock. Restricted shares of our common stock may be granted under our Plan subject to such terms and conditions, including forfeiture and vesting provisions, and restrictions against sale, transfer or other disposition as our Board of Directors or the Compensation Committee may determine to be appropriate at the time of making the award. In addition, our Board of Directors or the Compensation Committee may direct that share certificates representing restricted stock be inscribed with a legend as to the restrictions on sale, transfer or other disposition, and may direct that the certificates, along with a stock power signed in blank by the employee, be delivered to and held by us until such restrictions lapse. Shares of restricted stock will immediately vest upon the occurrence of a change of control. Our Board of Directors or the Compensation Committee, in its discretion, may provide for a modification or acceleration of shares of restricted stock in the event of death or permanent disability of the employee, or for such other reasons as our Board of Directors or the Compensation Committee may deem appropriate in the event of the termination of employment of the covered employee.

Stock Options. Stock options are contractual rights entitling an optionee who has been granted a stock option to purchase a stated number of shares of our stock at an exercise price per share determined at the date of the grant. Options are evidenced by stock option agreements with the respective optionees. The exercise price for each stock option granted under our Plan will be determined by our Board of Directors or the Compensation Committee at the time of the grant. Either our Board of Directors or the Compensation Committee will also determine the duration of each option; however, no option may be exercisable more than ten years after the date the option is granted. Within the foregoing limitations, either our Board of Directors or the Compensation Committee may, in its discretion, impose limitations on the exercise of all or some options granted under our Plan, such as specifying minimum periods of time after grant during which options may not be exercised. Our Plan also provides for acceleration of the right of an individual employee to exercise his or her stock option in the event we experience a change of control. No cash consideration is payable to us in exchange for the grant of options.

Our Plan provides that the stock options may either be Incentive Stock Options within the meaning of Section 422 of the Code, or Nonqualified Options, which are stock options other than Incentive Stock Options within the meaning of Sections 82 and 421 of the Code.

Incentive Stock Options. Incentive Stock Options may be granted only to our employees or employees of our subsidiaries, and must be granted at a per share option price not less than the fair market value of our common stock on the date the Incentive Stock Option is granted. In the case of an Incentive Stock Option granted to a stockholder who owns shares of our outstanding stock of all classes representing more than 10% of the total combined voting power of all of our outstanding stock of all classes entitled to vote in the election of directors, the per share option price may not be less than 110% of the fair market value of one share of our common stock on the date the Incentive Stock Option is granted and the term of such option may not exceed five years. As required by the Code, the aggregate fair market value, determined at the time an Incentive Stock Option is granted, of our common stock with respect to which Incentive Stock Options may be exercised by an optionee for the first time during any calendar year under all of our incentive stock option plans may not exceed \$100,000. The maximum number of shares of our common stock underlying Incentive Stock Options granted under our Plan may not exceed 800,000.

Nonqualified Options. Nonqualified Options are stock options which do not qualify as Incentive Stock Options. Nonqualified Options may be granted to our directors and consultants, as well as to our employees, or those directors, consultants, and employees of subsidiaries in which we have a controlling interest. The exercise price for Nonqualified Options will be determined by the Compensation Committee at the time the Nonqualified

Table of Contents

Options are granted, but may not be less than the fair market value of our common stock on the date the Nonqualified Option is granted. Nonqualified Options are not subject to any of the restrictions described above with respect to Incentive Stock Options. Incentive Stock Options and Nonqualified Options are treated differently for federal income tax purposes as described below under Tax Treatment.

The exercise price of stock options may be paid in cash, in whole shares of our common stock, or in a combination of cash and our common stock, equal in value to the exercise price.

Stock Appreciation Rights. Awards of SARs entitle the recipient to receive a payment from us equal to the amount of any increase in the fair market value of the shares of our common stock subject to the SAR award between the date of the grant of the SAR award and the fair market value of these shares on the exercise date. Our Plan provides for payment in the form of shares of our common stock or cash. Our Plan provides for acceleration of the right of an individual employee to exercise his or her SAR in the event we experience a change of control.

Performance Unit Awards. Performance units entitle the recipient to receive a certain target, maximum or minimum value in cash or common stock per unit upon the achievement of performance goals established by our Board of Directors or our Compensation Committee.

Performance Bonuses. A performance bonus entitles the recipient to receive a bonus in the form of cash or our common stock upon the attainment of a performance target established by our Board of Directors or our Compensation Committee. Payments of performance bonuses are made within 60 days of the certification by our Board of Directors or our Compensation Committee that the performance target(s) have been achieved. The maximum amount that may be made subject to the grant of performance bonuses to any eligible employee in any calendar year may not exceed \$500,000.

Transferability

Restricted stock awards and awards of SARs are not transferable during the restriction period. Incentive Stock Options are not transferable other than by will or by the laws of descent and distribution. Nonqualified Stock Options are transferable on a limited basis. In no event may a stock option be exercised after the expiration of its stated term.

Termination

Rights to restricted stock, SARs and stock options which have not vested will generally terminate immediately upon the holder's termination of employment with us or any of our subsidiaries or affiliates for any reason other than retirement with our consent, disability or death. Our Board of Directors or the Compensation Committee may determine, at the time of the grant, that a holder's stock option agreement may contain provisions permitting the optionee to exercise the stock options for a specified period after such termination, or for any period our Board of Directors or the Compensation Committee determines to be advisable after the optionee's employment terminates by reason of retirement, disability, death, termination without cause, or following a change of control. Incentive Stock Options will, however, terminate no more than three months after termination of the holder's employment, twelve months after termination of the holder's employment due to disability and three years after termination of the holder's employment due to death. Our Board of Directors or the Compensation Committee may permit a deceased holder's stock options to be exercised by the holder's executor or heirs during a period acceptable to our Board of Directors or the Compensation Committee following the date of the optionee's death but such exercise must occur prior to the expiration date of the stock option.

Dilution; Substitution

Our Plan provides protection against substantial dilution or enlargement of the rights granted to holders of restricted stock and options in the event of stock splits, recapitalizations, mergers, consolidations, reorganizations

Table of Contents

or similar transactions. New option rights may, but need not, be substituted for the stock options granted under our Plan, or our obligations with respect to stock options outstanding under our Plan may, but need not, be assumed by another corporation in connection with any merger, consolidation, acquisition, separation, reorganization, sale or distribution of assets, liquidation or like occurrence in which we are involved. In the event that our Plan is assumed, the stock issuable upon the exercise of stock options previously granted under our Plan will thereafter include the stock of the corporation granting such new option rights or assuming our obligations under the Plan.

Amendment

Our Board of Directors may amend our Plan at any time. However, without stockholder approval, our Plan may not be amended in a manner that would increase the number of shares that may be issued under our Plan, extend the term of our Plan, or otherwise disqualify our Plan for coverage under Rule 16b-3 promulgated under the Exchange Act. Restricted stock or stock options previously granted under our Plan may not be impaired or affected by any amendment of our Plan, without the consent of the affected grantees.

Accounting Treatment

Under current generally accepted accounting principles, when we make a grant of restricted stock, an amount equal to the fair market value of the restricted stock at the date of grant is charged to our compensation expense over the period of the restriction. The fair value of any stock option or SARs as of the date of grant will likewise be charged to our compensation expense over the requisite service period of the option or SAR. The cash we receive upon the exercise of stock options would be reflected as an increase in our capital. No additional compensation expense will be recognized at the time stock options or SARs are exercised.

Tax Treatment

The following is a brief description of the federal income tax consequences, under existing law, with respect to restricted stock and stock options that may be granted as awards under our Plan.

Restricted Stock. A recipient of restricted stock generally will not recognize any taxable income until the shares of restricted stock become freely transferable or are no longer subject to a substantial risk of forfeiture. At that time, the excess of the fair market value of the restricted stock over the amount, if any, paid for the restricted stock is taxable to the recipient as ordinary income. If a recipient of restricted stock subsequently sells the shares, he or she generally will realize capital gain or loss in the year of such sale in an amount equal to the difference between the net proceeds from the sale and the price paid for the stock, if any, plus the amount previously included in income as ordinary income with respect to such restricted shares.

A recipient has the opportunity, within certain limits, to fix the amount and timing of the taxable income attributable to a grant of restricted stock. Section 83(b) of the Code permits a recipient of restricted stock, which is not yet required to be included in taxable income, to elect, within 30 days of the award of restricted stock, to include in income immediately the difference between the fair market value of the shares of restricted stock at the date of the award and the amount paid for the restricted stock, if any. The election permits the recipient of restricted stock to fix the amount of income that must be recognized by virtue of the restricted stock grant. Subject to Section 162(m) of the Code, we generally will be entitled to a deduction in the year the recipient is required (or elects) to recognize income by virtue of receipt of restricted stock, equal to the amount of taxable income recognized by the recipient.

Incentive Stock Options. An optionee will not realize any taxable income upon the grant or the exercise of an Incentive Stock Option. However, the amount by which the fair market value of the shares covered by the Incentive Stock Option (on the date of exercise) exceeds the option price paid will be an item of tax preference to which the alternative minimum tax may apply, depending on each optionee's individual circumstances. If the optionee does not dispose of the shares of our common stock acquired by exercising an Incentive Stock Option

Table of Contents

within two years from the date of the grant of the Incentive Stock Option or within one year after the shares are transferred to the optionee, when the optionee later sells or otherwise disposes of the stock, any amount realized by the optionee in excess of the option price will be taxed as a long-term capital gain and any loss will be recognized as a long-term capital loss. We generally will not be entitled to an income tax deduction with respect to the grant or exercise of an Incentive Stock Option.

If any shares of our common stock acquired upon exercise of an Incentive Stock Option are resold or disposed of before the expiration of the prescribed holding periods, the optionee would realize ordinary income instead of capital gain. The amount of the ordinary income realized would be equal to the lesser of (i) the excess of the fair market value of the stock on the exercise date over the option price; or (ii) in the case of a taxable sale or exchange, the amount of the gain realized. Any additional gain would be either long-term or short-term capital gain, depending on whether the applicable capital gain holding period has been satisfied. In the event of a premature disposition of shares of stock acquired by exercising an Incentive Stock Option, subject to Section 162(m) of the Code, we generally would be entitled to a deduction equal to the amount of ordinary income realized by the optionee.

Nonqualified Options and Stock Appreciation Rights. As a general rule, no federal income tax is imposed on the holder upon the grant of Nonqualified Options or SARs, and we are not entitled to a tax deduction by reason of the grant. Generally, upon the exercise of a Nonqualified Option, the optionee will be treated as receiving compensation taxable as ordinary income in the year of exercise in an amount equal to the excess of the fair market value of the shares at the time of exercise over the exercise price paid for the shares. In the case of the exercise of SARs, the holder will be treated as receiving compensation taxable as ordinary income in the year of exercise in an amount equal to the cash received and the fair market value of any shares distributed to the holder. Upon the exercise of a Nonqualified Option or a SAR, and subject to the application of Section 162(m) of the Code as discussed below, we may claim a deduction for compensation paid at the same time and in the same amount as compensation income is recognized by the optionee or holder assuming any federal income tax reporting requirements are satisfied. Upon a subsequent disposition of the shares received upon exercise of a Nonqualified Option or a SAR, any difference between the fair market value of the shares at the time of exercise and the amount realized on the disposition would be treated as capital gain or loss. If the shares received upon the exercise of a Nonqualified Option or a SAR are transferred to the optionee or holder subject to restrictions, then the taxable income realized by the optionee or holder, unless such person elects otherwise, and our tax deduction (assuming any federal income tax reporting requirements are satisfied) would be deferred and measured with reference to the fair market value of the shares at the time the restrictions lapse. The restrictions imposed on officers, directors and 10% stockholders by Section 16(b) of the Exchange Act is such a restriction during the period prescribed thereby if the exercise and any subsequent disposition could result in liability under Section 16(b).

Performance Units and Performance Bonuses. A recipient of performance units or a performance bonus will not realize any taxable income upon the grant of such award. The recipient will recognize ordinary income upon the receipt of cash and/or the transfer of shares in satisfaction of the award of performance units or performance bonus in an amount equal to the aggregate of any cash received and the fair market value of any shares so transferred. If an award is performance-based compensation under Section 162(m) of the Code, we generally will be entitled to a corresponding income tax deduction in the year of exercise equal to the ordinary income recognized by the recipient. If the recipient thereafter sells any shares received in satisfaction of the award, the difference between any amount realized on the sale and the fair market value of the shares at the time of their receipt will be taxed to the recipient as a capital gain or loss, short-term or long-term depending on the length of time the stock was held by the recipient before sale.

Code Section 162(m). Section 162(m) of the Code places a \$1 million cap on the deductible compensation that may be paid to certain executives of publicly-traded corporations. Amounts that qualify as performance-based compensation under Section 162(m) of the Code are exempt from the cap and do not count toward the \$1 million limit.

Following the amendment of our Plan, an additional 7.8 million shares will be available for issuance under our Plan.

2012 EXECUTIVE AND DIRECTOR COMPENSATION

The persons serving as our executive officers and as members of the Compensation Committee of our Board of Directors changed upon the closing of the HALRES Transaction on February 8, 2012, and so did our compensation arrangements. Currently, our executive officers are Floyd C. Wilson, Chairman, President and Chief Executive Officer, and Mark J. Mize, Executive Vice President, Chief Financial Officer and Treasurer. On March 2, 2012, our Board approved annual base salaries of \$600,000 for Mr. Wilson of \$350,000 for Mr. Mize.

The Compensation Committee of the Board, which is composed solely of independent directors within the meaning of NASDAQ and NYSE independence rules, recommended each of the items above to the Board for approval after consultation with an independent third party compensation consulting firm. The Compensation Committee considered reports on executive compensation provided by the independent third party compensation consulting firm that included an analysis of compensation arrangements with executives and directors in Halcón's compensation peer group, as well as recommendations based on these analyses. The salary increases reflect the Compensation Committee's determination of base salaries that are competitive with Halcón's market capitalization and peer group and are consistent with the compensation objectives and principles of the Company to recruit, motivate and retain talented executives to manage and grow the Company's business and achieve its business objectives.

Table of Contents

Also on March 2, 2012, our Board adopted a new non-management director compensation plan, pursuant to which each non-management director of the Company will receive \$50,000 per year, paid in quarterly installments, and each member of and the Chairman of each of the Audit, Compensation, Reserves, Nominating and Corporate Governance Committees shall be paid an additional annual amount, paid in quarterly installments, as follows:

Committee	Committee Chairperson Annual Retainer	Committee Member (excluding Chairperson) Annual Retainer
Audit	\$ 20,000	\$ 7,500
Compensation	\$ 10,000	\$ 5,000
Reserves	\$ 10,000	\$ 5,000
Nominating & Corporate Governance	\$ 10,000	\$ 5,000

Additionally, any non-management director serving on a committee established to address related party transactions, or Conflicts Committee, shall be paid \$1,000 per committee meeting held and attended and the Lead Director shall receive an annual amount of \$10,000, also paid in quarterly installments. Board members may elect to take all or a portion of the cash compensation we pay to them in shares of our common stock, with the number of shares determined by dividing such fees by the trading price per share of our common stock on the last day of each calendar quarter. Any such election must be made prior to the beginning of the quarter for which the compensation is to be paid and is irrevocable for that quarter.

The Compensation Committee recommended the above to the Board for approval after consultation with an independent third party compensation consulting firm, and considered reports on director compensation provided by the independent third party compensation consulting firm that included an analysis of compensation arrangements with directors in Halcón's peer group, as well as recommendations based on these analyses. The compensation of non-management directors reflect the Compensation Committee's determination of cash compensation arrangements that are competitive with Halcón's market capitalization and peer group and are consistent with the compensation objectives and principles of the Company to recruit, motivate and retain talented directors. Non-management directors are eligible to participate in and receive equity awards under the Plan.

Indemnification Agreements

We have entered into an indemnification agreement with each of our independent, non-management directors. These agreements provide for us to, among other things, indemnify such persons against certain liabilities that may arise by reason of their status or service as directors, to advance their expenses incurred as a result of a proceeding as to which they may be indemnified and to cover such person under any directors liability insurance policy we choose, in our discretion, to maintain. These indemnification agreements are intended to provide indemnification rights to the fullest extent permitted under applicable indemnification rights statutes in the State of Delaware and are in addition to any other rights such person may have under our certificate of incorporation, bylaws and applicable law. We believe these indemnification agreements enhance our ability to attract and retain knowledgeable and experienced independent, non-management directors.

Stock Ownership Policy

Effective March 2, 2012, our Board of Directors adopted a Stock Ownership Guidelines Policy (the Policy) applicable to our Board of Directors, Chief Executive Officer and persons holding office at the Executive Vice President level to ensure that they maintain a meaningful economic stake in the Company. The Policy is designed to maintain stock ownership by these individuals at a significant level so as to further align

Table of Contents

their interests with the interests of our stockholders in value creation. Our directors and Executive Vice Presidents are required to own or have a beneficial interest, directly or indirectly, in a number of shares of our common stock valued at three times (3x) the annual cash retainer or base salary, as applicable, paid to them by the Company and our Chief Executive Officer is required to hold a number of shares of our common stock valued at six times (6x) the base salary paid to him by the Company. Shares are valued at the average closing prices for our common stock for the previous year. Unexercised stock options and unvested restricted stock are not counted towards meeting these requirements, but shares owned indirectly (such as by a spouse, trust or similar vehicle, or an investment in an entity that is a stockholder of the Company) do count towards meeting these requirements.

Persons subject to the Policy have three years to comply with the ownership requirement starting from the later of the date the Policy was adopted and the date the person first became a member of the Board of Directors, Chief Executive Officer or Executive Vice President, as applicable. Until the applicable stock ownership level is attained, persons subject to the Policy are required to retain 50% of shares of common stock received as a result of the exercise of stock options or vesting of shares of restricted stock, in each case net of shares sold to pay applicable withholding taxes and, in the case of an option, the exercise price. Deviations and waivers from the Policy must be approved by the Board of Directors upon a recommendation from our Nominating and Corporate Governance Committee.

COMPENSATION COMMITTEE INTERLOCKS AND INSIDER PARTICIPATION

No member of the compensation committee during 2011 served as one of our officers or employees or of any of our subsidiaries during that year. In addition, during 2011, none of our executive officers served as a director or as a member of the compensation committee of a company which employs any of our directors.

ACCOUNTANTS AND AUDIT COMMITTEE

Audit Committee Report

Dear Stockholder:

The Audit Committee has reviewed and discussed with management of Halcón and UHY LLP (UHY), the firm serving as the independent registered public accountants of Halcón for the year ended December 31, 2011, the audited financial statements of Halcón as of, and for the fiscal year ended, December 31, 2011 (the Audited Financial Statements). In addition, we have discussed with UHY the matters required to be discussed by the statement on Auditing Standard No. 61, as amended (AICPA, *Professional Standards*, Vol. 1. AU section 380), as adopted by the Public Company Accounting Oversight Board in Rule 3200T.

The Audit Committee also has received the written disclosures and the letter from UHY required by Independence Standards Board Standard No. 1 (*Independence Discussions with Audit Committees*), as adopted by the Public Company Accounting Oversight Board in Rule 3600T, and the Committee has discussed with that firm its independence from Halcón. Upon such review, the Audit Committee has concluded that the independent registered public accountants are independent from Halcón and its management. We have also discussed with management of Halcón and UHY such other matters and received such assurances from them as we deemed appropriate.

Management is responsible for Halcón's internal controls and the financial reporting process. UHY is responsible for performing an independent audit of Halcón's financial statements and of its internal control over financial reporting in accordance with generally accepted auditing standards and issuing a report thereon. The Audit Committee's responsibility is to monitor and oversee these processes.

Table of Contents

Based on the foregoing monitoring and oversight process, discussions with management and a review of the report of UHY with respect to the Audited Financial Statements, and relying thereon, the Committee has recommended to the Board the inclusion of the Audited Financial Statements in Halcón's Annual Report on Form 10-K for the year ended December 31, 2011 for filing with the SEC.

The Audit Committee has considered the requirements of the Sarbanes-Oxley Act of 2002 with respect to the responsibilities of audit committees of public companies. The Audit Committee and the Board of Halcón are committed to compliance with all provisions of that statute and related regulations. Actions will be taken by the Audit Committee and the Board as statutory and regulatory provisions become effective for Halcón and for audit committees and independent registered public accountants generally.

Independent Registered Public Accounting Firm

UHY is the independent registered public accounting firm selected by our Audit Committee as the independent registered public accountants for the fiscal year ended December 31, 2011 and for the subsequent interim period through April 3, 2012. On April 3, 2012, we dismissed UHY and engaged Deloitte & Touche LLP to serve as our independent registered public accounting firm for the fiscal year ended December 31, 2012, and are proposing ratification of such appointment to our stockholders.

The decision to dismiss UHY was approved by our Audit Committee. UHY's reports on the Company's consolidated financial statements for each of the years ended December 31, 2011 and December 31, 2010 did not contain an adverse opinion or a disclaimer of opinion, nor were they qualified or modified as to uncertainty, audit scope or accounting principles.

During the years ended December 31, 2011 and December 31, 2010 and for the subsequent interim period through April 3, 2012, there were no disagreements between the Company and UHY on any matter of accounting principles or practices, financial statement disclosure or auditing scope or procedure which, if not resolved to UHY's satisfaction, would have caused UHY to make a reference to the subject matter of the disagreement in connection with its report for such years and subsequent interim periods; and there were no reportable events as defined in Item 304(a)(1)(v) of Regulation S-K for such years and for the subsequent interim period through the date of this report.

A copy of UHY's letter, dated April 4, 2012, stating its agreement with the above statements, is attached as Exhibit 16.1 on our Form 8-K filed with the SEC on April 4, 2012.

During the years ended December 31, 2011 and December 31, 2010 and for the subsequent interim period through the date of this report, neither the Company nor anyone acting on its behalf consulted Deloitte & Touche LLP with respect to the application of accounting principles to a specified transaction, either completed or proposed, or the type of audit opinion that might be rendered on the Company's consolidated financial statements, or any other matters or reportable events as defined in Items 304(a)(1)(iv) and (v) of Regulation S-K.

Table of Contents***Attendance at the Annual Meeting by UHY LLP Representative***

A representative of UHY is expected to be present at the annual meeting of the stockholders. UHY will have the opportunity to make a statement if it desires to do so, and the UHY representative is expected to be available to respond to appropriate questions.

Fees

UHY LLP has served as our independent public accountants for our fiscal years ended December 31, 2011 and 2010. UHY leases all its personnel, who work under the control of UHY partners, from wholly-owned subsidiaries of UHY Advisors, Inc., in an alternative practice structure. The following table presents fees billed for professional audit services rendered by UHY LLP for the audit of our annual financial statements for the years ended December 31, 2011 and December 31, 2010, and fees for other services rendered by UHY during those periods. Except as set forth below, we paid all such fees.

	2011	2010
Audit Fees	\$ 553,848	\$ 523,654
Audit-Related Fees	10,202	-
Tax Fees	-	49,624
All Other Fees	-	-
Total	\$ 564,050	\$ 573,278

As used above, the following terms have the meanings set forth below:

Audit Fees. The fees for professional services rendered by UHY for the audit of our annual financial statements, for the review of the financial statements included in our quarterly reports on Form 10-Q and for services that are normally provided by the accountants in connection with statutory and regulatory filings or engagements and private placements, including but not limited to registration statements on Forms S-3 and S-8, for the years ended December 31, 2011 and December 31, 2010.

Audit-Related Fees. The fees for assurance and related services by UHY that are reasonably related to the performance of the audit or review of our financial statements and are not otherwise reported under **Audit Fees**. We engaged UHY for the following professional services that would be considered audit-related services for the year ended December 31, 2011: audit of operating statements of certain properties.

Tax Fees. The fees for professional services rendered by UHY for tax compliance, tax advice, and tax planning.

All Other Fees. The fees for products and services provided by UHY, other than for the services reported under the headings **Audit Fees**, **Audit-Related Fees** and **Tax Fees**, for the period in question. We did not engage UHY for any additional professional services other than as disclosed above for the years ended December 31, 2011 and December 31, 2010.

Audit Committee Pre-Approval Policy

All audit fees, audit-related fees and tax fees as described above for the years ended December 31, 2011 and December 31, 2010, as applicable, were pre-approved by our Audit Committee, which concluded that the provision of such services by UHY was compatible with the maintenance of UHY's independence in the conduct of its auditing functions. Our Audit Committee's pre-approval policy provides that pre-approval of all such services must be approved separately by the Audit Committee. The Audit Committee has not delegated any such

pre-approval authority to anyone outside the Audit Committee. Each member of the Audit Committee has the authority to pre-approve non-audit services up to \$50,000 to be performed by our independent registered public accountants.

PROPOSALS FOR CONSIDERATION AT THE ANNUAL MEETING OF STOCKHOLDERS

PROPOSAL 1 ELECTION OF DIRECTORS

Our bylaws specify that we shall not have less than one nor more than ten directors, and each director holds office until the annual stockholders meeting at which such director's class is up for re-election and until the director's successor is duly elected and qualified, or until such director's earlier death, resignation or removal. As of the date of this proxy statement, our Board of Directors consists of ten directors, eight of whom have been determined to be independent directors as set forth in the corporate governance rules of the NYSE codified in Section 303A of the NYSE Listed Company Manual. Our certificate of incorporation provides that our Board of Directors is classified into three classes: Class A, Class B and Class C, each class being elected for a three-year term of office. As discussed more fully under "Our Board of Directors and Its Committees" in this proxy statement above, three of our current directors—Messrs. Wilson, Bridwell and Welsh—have been nominated for reelection at the 2012 annual meeting of our stockholders.

If any nominee should for any reason become unable to serve prior to the date of the annual meeting, the shares represented by all valid proxies will be voted for the election of such other person as the Board may designate as a replacement following the recommendation by the nominating and corporate governance committee, or the Board may reduce the number of directors to eliminate the vacancy.

Additional information regarding Messrs. Wilson, Bridwell and Welsh and all of our other current directors can be found under the "Our Board of Directors and Its Committees" section, the "Security Ownership of Directors and Executive Officers" section, and the "2012 Executive and Director Compensation" section of this proxy statement.

Votes Required

Directors are elected by a plurality vote of the shares present in person or represented by proxy at the annual meeting, meaning that the director nominee with the most affirmative votes for a particular slot is elected for that slot. Any shares not voted (whether by withholding the vote, broker non-vote or otherwise) have no impact in the election of directors, except to the extent the failure to vote for an individual results in another candidate receiving a larger number of votes. If you sign your proxy card but do not give instructions with respect to the voting of directors, your shares will be voted for Messrs. Wilson, Bridwell and Welsh. However, if you hold your shares in street name and do not instruct your broker how to vote in the election of directors, your shares will constitute a broker non-vote and will not be voted for any of the nominees. See the section of this proxy statement entitled "General Information—Voting and Revocation of Proxies."

The Board of Directors unanimously proposes and recommends that you vote FOR each of the nominees for the Board of Directors.

PROPOSAL 2 AMENDMENT AND RESTATEMENT OF 2006 LONG-TERM INCENTIVE PLAN

At the Annual Meeting, stockholders will be asked to approve several amendments to our 2006 Long-Term Incentive Plan, which we refer to as our Plan, and which will be thereafter referred to as the Halcón Resources Corporation 2012 Long-Term Incentive Plan, or the amended Plan. The Plan was originally approved by our stockholders on May 8, 2006. The principal amendments to the Plan include:

Increase in Shares Available under the Plan.

Our Plan currently provides that a maximum of 3.7 million shares of common stock may be issued in conjunction with awards granted under our Plan. This amount was adjusted from 11.1 million shares to reflect the one-for-three reverse stock split that occurred on February 10, 2012. At April 10, 2012, approximately 1.36 million shares of our common stock remained available for awards to be granted under our Plan. Our Board of Directors considers our Plan to be an important attraction, retention and motivational tool for eligible employees and believes that the number of shares currently available under our Plan is insufficient to continue our Plan in future periods. Therefore, subject to approval by our stockholders, our Board of Directors has approved an amendment to our Plan to increase the total number of shares of our common stock authorized to be issued in conjunction with awards made under our Plan by an additional 7.8 million shares, for a new share limit of 11.5 million shares, including an increase in the number of shares that may be issued pursuant to incentive stock options from 0.8 million shares (which number has been adjusted to take into account the one-for-three reverse stock split that occurred on February 10, 2012) to 11.5 million shares. These amendments to our Plan will not be effective without approval by our stockholders. We cannot determine the benefits to be received by our directors or officers as a result of the amendments to the Plan, or the benefits to be received by our directors and officers in prior years had the amendments to the Plan been in effect in those years.

Other Proposed Amendments to our Plan.

Our Board of Directors has approved certain other amendments to our Plan, which will not be effective without approval by our stockholders. The principal amendments to the Plan are as follows:

Extend the effectiveness of the Plan so that it is effective for ten years following the date of approval of the amended Plan by our stockholders.

Expand the types of awards that may be granted under the Plan by adding restricted stock units (with respect to which cash dividend rights and dividend unit rights may be granted), stock awards, and other incentive awards.

Limit the aggregate number of shares that may be subject to stock options and stock appreciation rights granted under the Plan to an eligible employee during any calendar year to 3.4 million shares and the aggregate number of shares that may be subject to restricted stock awards, restricted stock unit awards, performance unit awards, performance bonus awards, stock awards and other incentive awards granted to an eligible employee under the Plan during any calendar year to 3.4 million shares.

Increase the maximum amount that may be subject to grant of performance bonuses to an eligible employee under the Plan during any calendar year from \$500,000 to \$5,000,000.

Expand the permitted forms of payment of the exercise price of a stock option to include, subject to the discretion of our Board of Directors, payment by withholding shares of common stock which would otherwise be acquired on exercise.

Clarify restrictions relating to incentive stock options intended to allow such options to satisfy the requirements of Section 422 and 424 of the Internal Revenue Code of 1986, as amended, or the Code.

Edgar Filing: HALCON RESOURCES CORP - Form DEF 14A

Add provisions allowing our Board of Directors or Compensation Committee to determine whether all or any portion of a restricted stock award, restricted stock unit award, performance unit award, performance bonus, stock award or other incentive award is intended to satisfy the requirements for performance-based compensation under Section 162(m) of the Code.

Table of Contents

Revise the Plan's stock adjustment provisions to clarify that upon the occurrence of certain events, our Board of Directors will appropriately adjust, in accordance with applicable legal requirements, the number of shares of our common stock available for issuance under the Plan, the maximum number and kind of shares of our common stock for which an individual may receive awards in any calendar year under the Plan, the number and kind of shares of our common stock covered by outstanding awards, and the price per share or the applicable market value or performance target of such awards to reflect any increase or decrease in the number of, or change in kind or value of, issued shares of our common stock to preclude, to the extent practicable, the enlargement or dilatation of rights under such awards.

Provide that, upon the occurrence of a change of control event, our Board of Directors may, to the extent permitted by applicable law, cancel awards and make payments in respect thereof in cash; replace awards with other rights or property selected by our Board of Directors; provide that awards will be assumed by a successor or survivor entity (or a parent or subsidiary thereof) or be exchanged for similar rights or awards with respect to the successor or survivor entity (or a parent or subsidiary thereof); adjust outstanding awards as appropriate to reflect the change of control event; provide that awards are payable; and/or provide that awards terminate upon such event.

Clarify that we are entitled to deduct from any other compensation payable to a participant any withholding obligations with respect to awards granted under the Plan.

Require participants to abide by and be bound by our policies adopted pursuant to Section 954 of the Dodd-Frank Wall Street Reform and Consumer Protection Act and any rules or exchange listing standards promulgated thereunder calling for the repayment and/or forfeiture of any award or payment resulting from an accounting restatement.

Make various revisions intended to clarify certain provisions of the Plan, none of which materially impact the functioning of the Plan.

Summary of Principal Terms of the Plan

The following is a summary of the principal terms of our Plan. The full text of the amended Plan is set forth on Exhibit A to this proxy statement. Our Plan currently is effective until May 7, 2016. As amended, the amended Plan would be effective until the day prior to the tenth anniversary of the date the amended Plan is approved by our stockholders.

The purposes of our Plan are to create incentives which are designed to motivate participants to put forth maximum effort toward our success and growth and to enable us to attract and retain experienced individuals who, by their position, ability and diligence are able to make important contributions to our success.

Under our Plan, we may grant restricted stock, stock options, stock appreciation rights or performance units to any of our directors, officers or employees or those of our subsidiaries or affiliates, and to any persons rendering consulting or advisory services to us or our subsidiaries or affiliates. We may also grant performance

bonuses to any of our employees or those of our subsidiaries or affiliates. As amended, the amended Plan would also permit us to grant restricted stock units, stock awards and other incentive awards to any of our directors, officers or employees or those of our subsidiaries or affiliates. Generally, all classes of our employees are eligible to participate in our Plan.

Our Plan currently provides that a maximum of 3.7 million shares of our common stock may be issued in conjunction with awards granted under our Plan. This amount was adjusted from 11.1 million shares to reflect the one-for-three reverse stock split that occurred on February 10, 2012. As amended, the amended Plan would provide that a maximum of 11.5 million shares of our common stock could be issued in conjunction with awards granted under our amended Plan. At December 31, 2011, approximately 1.36 million shares of our common stock remained available for awards to be granted under our Plan. If the Plan is amended as proposed herein, approximately 9.16 million shares of our common stock would be available for awards to be granted under our amended Plan. Awards that are forfeited under the Plan will again be eligible for issuance as though the forfeited awards had never been issued. Similarly, awards settled in cash will not be counted against the shares authorized for issuance upon exercise of awards under the Plan.

Our Plan currently provides that a maximum of 0.8 million shares of our common stock may be issued in conjunction with Incentive Stock Options granted under our Plan. This amount was adjusted from 2.4 million shares to reflect the one-for-three reverse stock split that occurred on February 10, 2012. As amended, the amended Plan would provide that a maximum of 11.5 million shares of our common stock could be issued in conjunction with Incentive Stock Options granted under our amended Plan.

As amended, the amended Plan would also limit the aggregate number of shares of our common stock that may be issued in conjunction with stock options and/or stock appreciation rights to any eligible employee in any calendar year to 3.4 million shares. The amended Plan would also limit the aggregate number of shares of our common stock that may be issued in conjunction with the grant of restricted stock awards, restricted stock unit awards, performance unit awards, stock awards and other incentive awards to any eligible in any calendar year to 3.4 million shares.

Administration

The Compensation Committee of our Board of Directors administers our Plan. The members of our Compensation Committee serve at the pleasure of our Board of Directors. any limitations, restrictions and conditions upon any awards.

Any award to any of our directors under our Plan must be approved by our Board of Directors.

In connection with the administration of our Plan, the Compensation Committee, with respect to awards to be made to any officer, employee or consultant who is not one of our directors, will:

determine which employees and other persons will be granted awards under our Plan;

grant the awards to those selected to participate;
