ITEM 3. Past Contacts, Transactions, Negotiations and Agreements

Except as described below or in the Information Statement of the Company attached to this Schedule 14D-9 as Annex A, which is incorporated by reference herein (the **Information Statement**), as of the date hereof, there are no material agreements, arrangements or understandings or any actual or potential conflicts of interest between the Company or its affiliates, and: (i) its executive officers, directors or affiliates; or (ii) ABC, Purchaser or their respective executive officers, directors or affiliates. The Information Statement is being furnished to the Company shareholders pursuant to Section 14(f) of the Securities Exchange Act of 1934 (the **Exchange Act**), and Rule 14f-1 promulgated under the Exchange Act in connection with Purchaser's right pursuant to the Merger Agreement to designate persons to the Board of Directors of LaCrosse (the **LaCrosse Board**) after acquiring Shares pursuant to the Offer.

(a) Agreements with ABC and Purchaser

In connection with the transactions contemplated by the Merger Agreement, including the Offer and Merger, (i) LaCrosse, through its agent-in-fact, Wells Fargo Securities LLC (**Wells Fargo Securities**), and ABC entered into a Confidentiality Agreement, dated February 28, 2011 (the **Confidentiality Agreement**); (ii) LaCrosse and ABC entered into an Exclusivity Agreement, dated May 21, 2012 (the **Exclusivity Agreement**), and (iii) LaCrosse, ABC and Purchaser entered into the Merger Agreement.

Confidentiality Agreement

As a condition to being furnished non-public, confidential and proprietary information (**Information**) regarding LaCrosse, ABC agreed, among other things, to hold Information in confidence, and not to use the Information for any purpose except in connection with its consideration of a potential acquisition of LaCrosse.

In addition, pursuant to the Confidentiality Agreement ABC agreed, among other things, that for a period of two years from the date of the Confidentiality Agreement (the **Standstill Period**), ABC and its affiliates (including Purchaser), will not take any of the following actions without the prior written consent of LaCrosse: (i) acquire or agree, offer, seek or propose to acquire, or cause to be acquired, directly or indirectly, by purchase or otherwise, ownership of any voting securities or direct or indirect rights or options to acquire any voting securities of LaCrosse or any subsidiary thereof; (ii) enter into any contract, arrangement, understanding, plan or commitment in respect of any Derivative Securities (as defined in the Confidentiality Agreement); (iii) seek or propose to influence or control the management or policies of LaCrosse or to obtain representation on the LaCrosse Board, or solicit, or participate in the solicitation of, any proxies or consents with respect to any securities of LaCrosse, or make any public announcement with respect to any of the foregoing or request permission to do any of the foregoing; (iv) make any public announcement with respect to, or submit a proposal for, or offer of (with or without conditions) any extraordinary transaction involving LaCrosse or its securities or assets; or (v) enter into any discussions, negotiations, arrangements or understandings with any third party with respect to any of the foregoing. The obligations described in this paragraph are referred to as the **Standstill Obligations**.

Table of Contents

Provided that ABC and its representatives have not solicited, initiated, encouraged, or taken any action to facilitate or assist or participate in connection with any of the following, the Standstill Obligations will be inoperative and of no force or effect if, at any time during the Standstill Period: (a) any person or group shall have acquired or entered into a binding definitive agreement that has been approved by the LaCrosse Board (or any committee thereof composed entirely of independent directors) to acquire more than 50% of LaCrosse or assets of LaCrosse or its subsidiaries representing more than 50% of the consolidated earning power of LaCrosse and its subsidiaries, taken as a whole, (b) any person commences a tender or exchange offer which, if consummated, would result in such person's acquisition of beneficial ownership of more than 50% of the outstanding voting securities of LaCrosse, and in connection therewith, LaCrosse files with the SEC a Schedule 14D-9 with respect to such offer; or (c) the LaCrosse Board (or any committee thereof composed entirely of independent directors) shall have determined in good faith, after consultation with outside legal counsel, that the failure to waive, limit, amend, or otherwise modify the Confidentiality Agreement would be reasonably likely to be inconsistent with the fiduciary duties of LaCrosse's directors under applicable law.

ABC further agreed under the Confidentiality Agreement that, for a period of three years from the date of the Confidentiality Agreement, it would not, without the prior written consent of LaCrosse, solicit to employ or employ any LaCrosse employee. The foregoing restriction does not restrict or preclude ABC and its affiliates from hiring any employee of LaCrosse who initially contacts ABC or its affiliates without any direct or indirect solicitation or encouragement by ABC. The Confidentiality Agreement also provides that, until the earlier of (a) the consummation of an acquisition of LaCrosse by ABC, or (b) three years from the date of the Confidentiality Agreement, ABC will not, without the prior written consent of LaCrosse, (i) initiate or maintain contact (except in the ordinary course of business) with any officer, director, employee, supplier, distributor, broker or customer of LaCrosse for the purposes of obtaining information regarding LaCrosse's operations, assets, prospects or finances, or (ii) solicit or contract with any of the Company's potential or actual suppliers, customers, distributors or brokers to the extent identified in the Information, except such that have entered into contracts or transactions with ABC or have engaged in negotiations with ABC in respect of potential contracts or transactions prior to the time of ABC's receipt of such Information.

The foregoing summary of the Confidentiality Agreement is qualified in its entirety by reference to the Confidentiality Agreement, which is filed as Exhibit (e)(2) hereto and is incorporated herein by reference.

The Exclusivity Agreement

The Exclusivity Agreement provides that, in consideration of the substantial time and resources that the Company and ABC planned to devote to negotiating a possible acquisition of the Company by ABC, the Company agreed to not, directly or indirectly, solicit or initiate or enter into discussions or transactions with, encourage, or provide any information to any individual, corporation, partnership or other entity or group (other than ABC and its representatives) concerning any merger, recapitalization or sale of securities or assets (other than the sale of inventory in the ordinary course of the Company's business), or any similar transaction or alternative to the proposed transaction between the Company and ABC. The Exclusivity Agreement provides that it could be terminated at any time by mutual agreement of the Company and ABC. In addition, the Exclusivity Agreement provides that upon two (2) business days' prior written notice to the other party, the Exclusivity Agreement may be terminated by either party for any reason after June 22, 2012. Under the terms of the Exclusivity Agreement, the execution of the Merger Agreement terminated the Company's obligations under the Exclusivity Agreement.

The foregoing summary of the Exclusivity Agreement is qualified in its entirety by reference to the Exclusivity Agreement, which is filed as Exhibit (e)(4) hereto and is incorporated herein by reference.

The Merger Agreement

The summary of the material terms of the Merger Agreement set forth in Section 13 of the Offer to Purchase and the description of the conditions to the consummation of the Offer contained in Section 14 of the Offer to Purchase are incorporated by reference herein. Company shareholders are encouraged to read the Merger Agreement, a copy of which is filed as Exhibit (e)(1) hereto and incorporated herein by reference, in its entirety.

(b) Arrangements with Directors and Executive Officers of the Company

Certain agreements, arrangements or understandings between the Company and certain of its executive officers and directors are described in the Information Statement.

Interests of Certain Persons Generally

In considering the recommendation of the LaCrosse Board to tender Shares pursuant to the Offer or otherwise approve the Merger, Company shareholders should be aware that the vesting of certain stock options held by the Company's executive officers and directors will accelerate and the options will become immediately exercisable upon consummation of the Offer. As a result, these executive officers and directors have interests that differ from, or are in addition to, those of Company shareholders generally, and these interests may give rise to conflicts of interests. The LaCrosse Board was aware of these interests during its consideration and deliberations of the merits of the Merger Agreement and in determining the recommendation set forth in this Schedule 14D-9.

Tender and Voting Agreement

In order to induce ABC and Purchaser to enter into the Merger Agreement, all members of the LaCrosse Board and certain executive officers of the Company (in their capacity as shareholders of the Company) entered into Tender and Voting Agreements (the **Tender and Voting Agreements**) with ABC and Purchaser concurrently with the execution and delivery of the Merger Agreement. On the terms and subject to the conditions of the Tender and Voting Agreements, among other things, these individuals agreed to tender Shares beneficially owned by them into the Offer and to vote such shares in favor of the adoption and approval of the Merger Agreement and the transactions contemplated thereby at any special meeting of Company shareholders called for that purpose. Such shareholders owned in the aggregate approximately 7.5% of the outstanding Shares as of July 13, 2012.

The foregoing summary of the Tender and Voting Agreements is qualified in its entirety by reference to the form of Tender and Voting Agreement, which is filed as Exhibit (e)(3) hereto and is incorporated herein by reference.

Effect of the Offer and the Merger on LaCrosse's Equity Incentive Plans

Stock Options. In accordance with the terms of the Merger Agreement, the Compensation Committee of the LaCrosse Board, in its capacity as administrator of the Company's Stock Plans, has adopted a resolution providing that, immediately prior to the acceptance of Shares for payment in the Offer, all stock options issued under the Stock Plans (each a **Company Option** and collectively the **Company Options**) will vest and become exercisable as to all Shares subject to the Company Option.

In addition, in accordance with the terms of the Merger Agreement, the Compensation Committee of the LaCrosse Board has adopted resolutions and taken such other actions permitted under the Stock Plans to cause all outstanding Company Options to become fully vested and exercisable immediately prior to the time of acceptance for payment and payment for all Shares validly tendered and not validly withdrawn in the Offer (the **Acceptance Time**), and to provide that, to the extent such options are not exercised prior to the completion of the Merger, each such option held by an option holder who has consented to the treatment of the options as set forth in the Merger Agreement will be canceled in exchange for the right to receive an amount in cash, without interest and subject to deduction for any withholding taxes, equal to (x) the excess of the Offer Price over the

exercise price of each such Company Option, and (y) the number of Shares underlying each such Company Option. Under the terms of the Merger Agreement, holders of such cancelled Company Options will receive payment as soon as reasonably practicable following the date on which the Company is merged with Purchaser.

The following table sets forth the cash consideration that each executive officer and director would be entitled to receive in respect of his or her outstanding stock options at the Effective Time, pursuant to the Merger Agreement:

Director and Officer Exculpation, Indemnification and Insurance

Exculpation and Indemnification. The WBCL provides generally that a director is not liable to the corporation, its shareholders, or any person asserting rights on behalf of the corporation or its shareholders, for damages, settlements, fees, fines, penalties or other monetary liabilities arising from a breach of, or failure to perform, any duty arising solely from his status as a director. However, directors may be liable for a breach or failure to perform a duty that constitutes any of the following: (1) a willful failure to deal fairly with the corporation or its shareholders in connection with a matter in which the director has a material conflict of interest, (2) a violation of criminal law, unless the director had reasonable cause to believe that his conduct was lawful or no reasonable cause to believe that his conduct was unlawful, (3) a transaction from which the director derived an improper personal profit, or (4) willful misconduct. The immunity provided by the WBCL may be limited by a corporation in its articles of incorporation, but the Company's Articles of Incorporation contain no such limitation.

The WBCL requires that a corporation indemnify a director or officer, to the extent that he has been successful on the merits or otherwise in the defense of a proceeding, for all reasonable expenses incurred during that proceeding if he is a party due to his status of director or officer. Corporations must also indemnify directors and officers against liability incurred as an officer or director of the corporation, unless the officer or director breached or failed to perform a duty that he owes the corporation and the breach or failure constitutes any of the following: (1) a willful failure to deal fairly with the corporation or its shareholders in connection with a matter in which the director or officer has a material conflict of interest, (2) a violation of the criminal law, unless the director or officer had reasonable cause to believe that his conduct was lawful or no reasonable cause to believe that his conduct was unlawful, (3) a transaction from which the director or officer derived an improper personal profit, or (4) willful misconduct. An officer or director seeking to be indemnified may choose to have his eligibility for indemnification by any of the following methods: (i) by majority vote of a quorum of disinterested directors; (ii) by independent legal counsel; (iii) by a panel of three arbitrators; (iv) by an affirmative vote of shares; (v) by a court order as described below; or (vi) by any other method provided for in the articles of incorporation, bylaws, written agreements, or in resolutions by the board of directors. A corporation may pay or reimburse a director or officer's reasonable expenses incurred if he provides both a written affirmation of his

Table of Contents

good faith that he has not breached or failed to perform his duties to the corporation, and a written undertaking to repay the allowance and, if required by the corporation, to pay reasonable interest on the allowance to the extent that it is ultimately determined under the indemnification provisions of the WBCL that indemnification is not required and that indemnification has not been ordered by a court. The WBCL also authorizes a court to order indemnification if it determines either (1) that the director or officer is entitled to indemnification in accordance with a proceeding successfully defended or due to liability incurred without a breach of, or failure to perform, a duty, as discussed above, or (2) that the director or officer is fairly and reasonably entitled to indemnification in view of all relevant circumstances. A termination of a proceeding by judgment, order, settlement or conviction, or upon a plea of no contest or an equivalent plea, does not, by itself, create a presumption that indemnification is not required. A corporation may limit its obligation to indemnify directors and officers in its articles of incorporation, and may similarly alter the means by which indemnification is determined. The Company's Articles of Incorporation contain no such limitation, and the Company's Amended and Restated Bylaws provide that the Company shall indemnify its directors and officers to the fullest extent permitted by the WBCL.

Insurance. The Merger Agreement provides that for six (6) years after the Effective Time, ABC shall cause the Company and the Surviving Corporation or any of their respective subsidiaries, as the case may be, to the extent permitted by applicable law, (i) to indemnify and hold harmless, against any costs or expenses (including attorney's fees and expenses and disbursements), judgments, fines, losses, claims, damages or liabilities incurred in connection with any claim, action, suit, proceeding or investigation, whether civil, criminal, administrative or investigative, and provide advancement of expenses to, all past and present directors and officers of the Company and its subsidiaries (in all of their capacities) to the same extent such persons are indemnified or have the right to advancement of expenses as of the date of the Merger Agreement by the Company or any of its subsidiaries pursuant to the Company's articles of incorporation and bylaws, as amended, in existence on the date of the Merger Agreement; and (ii) to include and cause to be maintained in effect in the Company's or any successor's, as the case may be, charter and bylaws for a period of six (6) years after the date the Merger is completed, provisions regarding elimination of liability of directors, indemnification of officers and directors and advancement of expenses to officers and directors that are at least as favorable as those contained in the Company Charter Documents. If the Company or the Surviving Corporation, as the case may be, or any of their respective successors or assigns shall: (A) consolidate with or merge into any other corporations or entity and shall not be the continuing or surviving corporation or entity of such consolidation or merger; or (B) transfer all or substantially all of its properties and assets to any individual, corporation or other entity, then and in each such case, to the extent necessary, proper provisions shall be made so that the successors and assigns of the Company or the Surviving Corporation, as the case may be, shall assume all of the obligations set forth in Section 5.7 of the Merger Agreement.

The Merger Agreement further provides that the Company shall, prior to the expiration of the Offer, purchase a six (6) year tail prepaid policy on the same terms and conditions as the existing directors' and officers' liability (and fiduciary) insurance maintained by the Company, covering, without limitation, the Offer and the Merger; *provided*, that the cost of such tail policy shall in no event exceed 300% of the amount of the last annual premium paid by the Company for such existing directors' and officers' liability (and fiduciary) insurance.

ITEM 4. The Solicitation or Recommendation

(a) Solicitation/Recommendation

The LaCrosse Board, during a meeting held on July 5, 2012, by unanimous vote (i) concluded that the transactions contemplated by the Merger Agreement, including the Offer and the Merger, are advisable and fair to and in the best interests of LaCrosse and its shareholders, (ii) adopted and approved the Merger Agreement and the related transactions, including the Offer and the Merger, and (iii) recommended that the Company's shareholders accept the Offer, tender their Shares to Purchaser pursuant to the Offer and, to the extent applicable, adopt and approve the Merger Agreement. *Accordingly, the LaCrosse Board unanimously recommends that the*

Table of Contents

holders of the Shares accept the Offer and tender their Shares pursuant to the Offer, and, to the extent applicable, vote in favor of the adoption and approval of the Merger Agreement.

(b) Background of the Offer

As part of its ongoing oversight of the business and affairs of the Company, the LaCrosse Board periodically reviews trends and conditions affecting the Company's business and prospects in light of its corporate objectives and the delivery of shareholder value. As part of its ongoing review, the LaCrosse Board regularly reviews strategic options for the Company, including possible strategic business combinations or acquisitions. In addition, from time to time the Company has received unsolicited inquiries concerning potential strategic transactions involving the Company. In order to assist in these deliberations, from time to time the LaCrosse Board and the Company's executive officers have consulted with investment banks and financial advisors with experience in the footwear industry.

In 2010, the LaCrosse Board interviewed investment banks and financial advisors with experience in the footwear industry to advise the Company concerning its strategic alternatives. In July 2010, Wells Fargo Securities was engaged to act as the Company's exclusive financial advisor.

In the summer of 2010, an investment bank that had previously advised the Company contacted Joseph P. Schneider, the Company's Chief Executive Officer, and advised him that Company A had expressed interest in meeting with the Company to discuss a possible acquisition of the Company. The LaCrosse Board authorized Wells Fargo Securities to contact Company A, and on September 14, 2010, representatives of Wells Fargo Securities contacted representatives of Company A to better understand the nature of Company A's potential interest in the Company. During this conversation, Company A expressed a desire to meet with the Company. Over the next several weeks, the timing and logistics of a potential meeting between representatives of Company A and the Company were discussed. On October 6, 2010, Company A notified Wells Fargo Securities that, after further consideration, Company A was focused on other priorities at that time and no longer desired to meet with the Company.

On January 20, 2011, Mr. Schneider received a letter from a representative of Barclays Securities Japan Limited and its affiliates (collectively, **Barclays**), stating that Barclays had been approached by an unnamed third party to discuss the prospect of a merger with LaCrosse. Mr. Schneider contacted the representative of Barclays and advised him that he would report to the LaCrosse Board concerning the proposed discussions and advise him of their response. Mr. Schneider also advised the representative of Barclays that the Company had retained Wells Fargo Securities to act as its financial advisor.

On January 25, 2011, Mr. Berger called Mr. Schneider and advised him that ABC was the Company that had contacted Barclays. Mr. Schneider recognized ABC as a large Japanese footwear retailer that has been a long-standing customer of the Company's products.

On January 27, 2011, in conjunction with the regular quarterly meeting held on that date, the LaCrosse Board met to discuss the manner in which the Company should respond to Barclays. At the request of the LaCrosse Board, representatives of Wells Fargo Securities attended the meeting and discussed with the LaCrosse Board ABC's interest in a transaction with the Company, as well as recent mergers and acquisitions activity, including acquisitions in the footwear and apparel industry. The LaCrosse Board then authorized Mr. Schneider to meet with representatives of ABC during his next business trip to Japan and instructed Wells Fargo Securities to contact Barclays to obtain additional information concerning ABC's interest.

On February 16 and 17, 2011, Mr. Schneider and Mr. Carlson, the Company's Chief Financial Officer, met in the Tokyo offices of Barclays with Mr. Masahiro Miki, the founder and a principal shareholder of ABC, and Mr. Minoru Noguchi, the President of ABC. Representatives from the Tokyo office of Barclays also attended these meetings. During these meetings Mr. Miki and Mr. Noguchi discussed ABC's worldwide growth strategy.

Table of Contents

and expressed interest in the Company's brands and U.S. manufacturing capabilities. The meetings also included a tour of ABC's Tokyo offices. At the conclusion of these meetings, representatives of ABC expressed an interest in commencing negotiations for an acquisition of the Company and proposed that ABC and the Company enter into a non-disclosure agreement that would permit further discussions and the exchange of confidential information.

On February 18, 2011, Mr. Schneider reported on his February 16-17 meetings in a conference call with Richard A. Rosenthal, the Chairman of the LaCrosse Board, representatives of Wells Fargo Securities, and attorneys from Garvey Schubert Barer, the Company's outside legal counsel. During this call, the representatives of Wells Fargo Securities described their discussions with representatives of Barclays. Following this call, Mr. Rosenthal contacted each member of the LaCrosse Board and confirmed that all members of the LaCrosse Board were in agreement that the Company should enter into a confidentiality and standstill agreement with ABC on terms approved by Mr. Schneider and Mr. Rosenthal after consulting with Wells Fargo Securities and Garvey Schubert Barer.

On February 18, 2011, at the request of the LaCrosse Board, Wells Fargo Securities sent a form of confidentiality and standstill agreement approved by Mr. Rosenthal and Mr. Schneider to Barclays. Barclays responded with proposed changes to the agreement on February 24, 2011 and provided contact information for ABC's Japanese legal counsel. Final revisions to the agreement were resolved through communications between Garvey Schubert Barer and ABC's Japanese legal counsel.

On February 28, 2011, the Company and ABC entered into the Confidentiality Agreement as described under Item 3 of this Schedule 14D-9.

On March 2, 2011, in response to a request for information received from ABC, certain confidential information concerning the Company was provided to ABC pursuant to the terms of the Confidentiality Agreement. On March 11, 2011, Mr. Schneider once again travelled to Tokyo to meet with representatives of ABC. As these meetings were commencing, Japan was struck by an earthquake and tsunami and Mr. Schneider returned to the United States without further meetings. On March 18, 2011, a representative of Barclays informed Wells Fargo Securities that ABC was focused on operational issues related to the earthquake and tsunami, and that in the near term ABC would not be able to focus on the proposed transaction with the Company.

On March 24, 2011, Mr. Schneider received a letter from Mr. Noguchi, the President of ABC, stating that due to the natural disaster in Japan, ABC had decided to temporarily postpone discussions regarding a proposed transaction.

On April 12, 2011, Mr. Miki and a representative of Barclays toured the Company's Portland, Oregon facilities. Following the tour of the Company's manufacturing and distribution facilities, Mr. Schneider and Mr. Carlson provided an overview of the Company's product offerings and marketing initiatives.

On April 21, 2011, the Company issued a press release announcing results of operations for the first quarter of 2011. The Company reported a net loss of \$0.7 million or (\$0.10) per diluted share, compared to net income of \$1.7 million or \$0.25 per diluted share for the first quarter of 2010. The Company also reported net sales of \$25.2 million, compared to net sales of \$34.2 million for the first quarter of 2010.

On April 27, 2011, Wells Fargo Securities received a request for additional information concerning the Company from Barclays on behalf of ABC. The Company's Board of Directors met on April 28, 2011. At the meeting, Mr. Schneider and Wells Fargo Securities updated the LaCrosse Board concerning the status of discussions with ABC. In this meeting, the LaCrosse Board expressed concern about the impact of recent events on any transaction with ABC, including the continuing disruption caused by the Japanese earthquake and tsunami and the potential negative impact on the Company's valuation as a result of the Company's results of operations for the first quarter of 2011. The LaCrosse Board then instructed Mr. Schneider and Wells Fargo Securities concerning their continued discussions with ABC and the manner in which the Company should respond to ABC's most recent request for additional information.

Table of Contents

On May 6, 2011, in accordance with the LaCrosse Board's instructions, Wells Fargo Securities, on behalf of the Company, responded to ABC's request for information.

On May 10, 2011, Mr. Schneider, Mr. Carlson and representatives of Wells Fargo Securities participated in a conference call with representatives of Barclays and ABC to discuss the additional information provided on May 6 at the request of Barclays and ABC.

On May 19, 2011, Barclays contacted Wells Fargo Securities and informed Wells Fargo Securities that ABC's initial range of valuation for the Company was \$20.00 to \$21.50 per share. Representatives of Wells Fargo Securities consulted with Mr. Rosenthal and Mr. Schneider and confirmed the instructions provided by the LaCrosse Board in its April 28, 2011 meeting. At the direction of Mr. Rosenthal and Mr. Schneider, Wells Fargo Securities informed Barclays that the Company was not prepared to proceed with further discussions on the terms proposed by ABC. The Company and its representatives then ceased any further discussions with ABC or its representatives concerning a potential transaction.

At various times during the remainder of 2011, due to the business relationship between the Company and ABC, Mr. Schneider and other representatives of the Company's management team had periodic discussions and meetings with representatives of ABC. On September 7 and 8, 2011, while in Tokyo to attend a trade show, Mr. Schneider met with Mr. Miki and a representative from Barclays. Mr. Miki and the representative of Barclays advised Mr. Schneider that ABC was prepared to renew the parties' discussions related to a possible acquisition.

On October 4, 2011, Mr. Schneider, Mr. Carlson and Matthew Schneider, Mr. Schneider's son and an employee and shareholder of the Company, traveled to Tokyo to meet with LaCrosse's Japanese distributor. While in Tokyo, the LaCrosse representatives met with representatives of ABC and discussed business conditions and LaCrosse's recent results of operations. In this meeting, the representatives of ABC indicated that ABC remained interested in completing a transaction at a valuation below \$21.00 per share.

On October 9, 2011, Mr. Schneider reported to the LaCrosse Board on his October 4, 2011 meeting with ABC. In accordance with the LaCrosse Board's direction, on October 21, 2011, Mr. Schneider informed ABC that the LaCrosse Board was not prepared to authorize further discussions related to a transaction at the valuation suggested by ABC.

On December 12, 2011, Mr. Miki and Mr. Noguchi met with Mr. Schneider and other members of the Company's senior management team in Portland, Oregon. During these meetings, ABC expressed interest in re-engaging in discussions concerning a potential acquisition, but at a purchase price below that previously proposed by ABC.

In early January, 2012, Company A announced changes in its senior management. On January 12, 2012, a representative of Wells Fargo Securities contacted a representative of Company A and inquired about Company A's acquisition strategy following the announced management changes, including potential interest in revisiting past discussions. Company A indicated that it had renewed interest in pursuing acquisitions, including a possible acquisition of LaCrosse.

As a result of this conversation, a representative of Company A requested that a representative of Wells Fargo Securities arrange a meeting with LaCrosse at an upcoming industry trade show. After consulting with Mr. Schneider and Mr. Carlson, the representative of Wells Fargo Securities coordinated with representatives of Company A to schedule this meeting on January 18, 2012 at the industry trade show. The meeting included a representative of Company A, Mr. Schneider, Mr. Carlson and a representative of Wells Fargo Securities. Company A subsequently contacted Wells Fargo Securities on January 24, 2012 and requested that Wells Fargo Securities arrange another meeting between representatives of LaCrosse and Company A at the LaCrosse headquarters in Portland, Oregon. Wells Fargo Securities reported this request to Mr. Schneider, and Mr. Schneider reported the request to the LaCrosse Board.

On February 5 and 6, 2012, the Company's Board of Directors conducted its regular quarterly meeting in Portland, Oregon. At the request of the LaCrosse Board, a representative of Wells Fargo Securities participated in the meeting and updated the Board on current market conditions, recent developments in the footwear industry, and potential strategic alternatives.

On February 27, 2012, the LaCrosse Board met to discuss the advisability of meeting with representatives of Company A. The LaCrosse Board then authorized the Company's executive officers to meet with representatives of Company A on the condition that Company A first enter into a confidentiality and standstill agreement on terms similar to those set forth in the Confidentiality Agreement.

On March 5, 2012, after negotiations conducted through Garvey Schubert Barer and outside legal counsel for Company A, Company A signed a confidentiality and standstill agreement and a representative of Company A met with Mr. Schneider, Mr. Carlson and a representative of Wells Fargo Securities at the Company's headquarters in Portland, Oregon. The representatives of Company A toured the Company's factory and factory store and discussed the Company's products and distribution model.

On March 7, 2012, a representative of Wells Fargo Securities contacted Company A to follow up on the March 5, 2012 meetings. The representative of Company A responded that Company A's potential range of valuation for an acquisition of LaCrosse would not likely represent a significant premium, if any, to the Company's then current trading price. On that date, trading in LaCrosse common stock closed at \$12.80 per share. Wells Fargo Securities then reported this conversation to Mr. Schneider. The standstill provision in the agreement with Company A terminated according to its terms upon execution of the Merger Agreement.

On April 11, 2012, Mr. Schneider and Mr. Carlson met with representatives of ABC at the Company's manufacturing facility in Portland, Oregon. During these meetings, the representatives of ABC reaffirmed their interest in acquiring the Company.

On May 8, 2012, Mr. Schneider received a proposal from ABC and forwarded it to the LaCrosse Board, Wells Fargo Securities and Garvey Schubert Barer. ABC's proposal provided for the acquisition of all of the Company's outstanding shares through a tender offer at an offer price of \$20.00 to \$21.00 per share. The proposal stated that ABC had cash available of over \$525 million and that the offer was not subject to a financing contingency. The proposal stated that the offer was based on publicly available information and was contingent on satisfactory completion of business, legal, tax, accounting and other due diligence. In the proposal, ABC also proposed an accelerated timetable that would allow for the transaction to be completed on or about July 31, 2012. In the proposal ABC also proposed that, in consideration of the significant time and resources that ABC and the Company would commit to completing the transaction, the parties would agree that for a period of 45 days from the date of execution of the proposal by the parties, the Company would deal exclusively with ABC and would not, directly or indirectly, solicit or initiate or enter into discussions concerning any merger, recapitalization or sale of securities or assets, or any alternative to the transaction proposed by ABC.

The LaCrosse Board met on May 9, 2012 to discuss the proposal received from ABC. At the request of the LaCrosse Board, representatives of Wells Fargo Securities and Garvey Schubert Barer participated in the meeting. Mr. Schneider and Mr. Carlson reviewed their discussions with representatives of ABC over the past several months, including the discussions conducted during the April 11, 2012 meetings in Portland, Oregon. The representatives of Wells Fargo Securities in attendance at the meeting updated the LaCrosse Board regarding discussions with Barclays and discussed with the LaCrosse Board the valuation range and timing in the proposal. Representatives of Wells Fargo Securities also reviewed with the LaCrosse Board the financial terms of certain business combinations and other transactions. The LaCrosse Board then addressed questions to Mr. Schneider, Mr. Carlson and Wells Fargo Securities concerning current market conditions, the Company's competitive position, and the potential impact that receipt by the Company of large U.S. military orders on which the Company submitted a bid might have on ABC's proposal. The LaCrosse Board discussed whether it was advisable to commence a sale process prior to entering into such an agreement and considered the following:

Table of Contents

(1) the risk to the Company's business related to contacting other footwear companies as part of a sale process due to the concentration of the industry within the Portland area and the attendant risk of information leaks and loss of employees; (2) the Company's experience with ABC and the LaCrosse Board's prior evaluations of strategic transactions involving the Company and potential financial or strategic buyers; (3) the operational disruption related to commencing a sale process due to multiple requests for information and meetings; and (4) the risk that ABC would not proceed with the transaction as proposed if the Company refused to sign an exclusivity agreement and commence a sale process. The LaCrosse Board also received advice from Garvey Schubert Barer concerning the LaCrosse Board's fiduciary duties when considering a transaction as proposed by ABC and the actions required to complete the transaction as proposed by ABC.

At the conclusion of its May 9, 2012 meeting, the LaCrosse Board directed Wells Fargo Securities to notify Barclays that the Company was not prepared to enter into a letter of intent or an exclusivity agreement as proposed by Barclays, but that the LaCrosse Board was prepared to authorize the Company's officers, with the assistance of Wells Fargo Securities and Garvey Schubert Barer, to enter into negotiations with ABC. The LaCrosse Board also authorized Garvey Schubert Barer to prepare a proposed form of exclusivity agreement for consideration by the LaCrosse Board in the event ABC was unwilling to proceed without an exclusivity agreement.

At the direction of the LaCrosse Board, Wells Fargo Securities contacted Barclays following the LaCrosse Board's May 9, 2012 meeting and advised them of the LaCrosse Board's response. On May 10, 2012, Barclays advised Wells Fargo Securities that ABC was willing to proceed without a letter of intent but that ABC was not willing to proceed unless the Company entered into an exclusivity agreement. The representatives of Barclays reported that completing the transaction according to the timetable presented in ABC's proposal was a critical factor in ABC's valuation of the Company and the proposed transaction.

The LaCrosse Board met on May 14, 2012 and continued its discussions from the May 9, 2012 meeting related to the transaction proposed by ABC. In advance of the meeting, all members of the LaCrosse Board received a draft exclusivity agreement prepared by Garvey Schubert Barer. At the request of the LaCrosse Board, representatives of Wells Fargo Securities participated in the meeting and provided details on their discussions with Barclays following the LaCrosse Board's May 9, 2012 meeting. Wells Fargo Securities also provided details regarding their March 7, 2012 discussion with Company A and indicated that, based on these discussions, Wells Fargo Securities believed it was unlikely that Company A would make a proposal for a transaction with the Company that would provide a significant premium to the current trading price for the Company's common stock. The representatives of Wells Fargo Securities also updated the LaCrosse Board concerning potential strategic alternatives, economic conditions, capital market trends, conditions in the footwear industry, and the Company's competitive position. After addressing questions to Wells Fargo Securities and Garvey Schubert Barer, the LaCrosse Board authorized Wells Fargo Securities to deliver the form of exclusivity agreement reviewed in this meeting to Barclays and approved the execution on behalf of the Company of an exclusivity agreement in substantially the form reviewed in that meeting. In addition, the LaCrosse Board authorized the Company's senior management to make due diligence information available to ABC and to engage in due diligence meetings as proposed by ABC, in each case, with the assistance of Wells Fargo Securities and Garvey Schubert Barer.

Following the LaCrosse Board's May 14, 2012 meeting, Wells Fargo Securities, on behalf of the Company, sent the proposed form of exclusivity agreement to Barclays. On May 16, 2012, representatives of Garvey Schubert Barer engaged in discussions with representatives of Paul Hastings LLP (**Paul Hastings**), ABC's U.S. outside legal counsel, concerning the terms of the proposed exclusivity agreement. During this discussion, Paul Hastings proposed certain revisions to the exclusivity agreement. The LaCrosse Board met on May 18, 2012 and received a report from representatives of Garvey Schubert Barer on these proposed revisions. After discussion, the LaCrosse Board approved the proposed revisions and authorized Mr. Schneider to execute the exclusivity agreement on behalf of the Company. The Exclusivity Agreement, as described under Item 3 of this Schedule 14D-9, was executed by the parties effective May 21, 2012.

On June 15, 2012, Mr. Schneider and Mr. Carlson met with Mr. Noguchi and Mr. Kiichiro Hattori, a member of ABC's senior management, in the Portland, Oregon offices of Garvey Schubert Barer. On July 2, 2012, representatives of Garvey Schubert Barer and Paul Hastings conducted a telephonic conference to discuss the remaining issues in the merger agreement, including the amount of the termination fee and the definition of Company Material Adverse Effect. Following this conference, Paul Hastings delivered a revised draft of the merger agreement. On July 4, 2012, representatives of Garvey Schubert Barer and Paul Hastings worked on additional minor edits to the Merger Agreement.

On July 5, 2012, the LaCrosse Board met in the Portland, Oregon offices of Garvey Schubert Barer. At the request of the LaCrosse Board, representatives of Wells Fargo Securities, McGladrey and Garvey Schubert Barer participated in the meeting. Mr. Schneider and Mr. Carlson provided preliminary results of operations for the second quarter of 2012 and updated the LaCrosse Board regarding the Company's outlook for the remainder of 2012. Mr. Schneider also updated the LaCrosse Board concerning a large U.S. military contract solicitation on which the Company submitted a bid. The LaCrosse Board then received an update from representatives of Garvey Schubert Barer and Wells Fargo Securities concerning their discussions with representatives of ABC following the LaCrosse Board's June 26, 2012 meeting. Representatives of Garvey Schubert Barer reviewed the material terms of the merger agreement and the changes made from the earlier drafts reviewed by the LaCrosse Board. Representatives of Wells Fargo Securities then reviewed and discussed its financial analyses with respect to LaCrosse and the proposed offer and merger (together, the **Transaction**). Thereafter, at the request of the LaCrosse Board, Wells Fargo Securities rendered its oral opinion to the LaCrosse Board (which was subsequently confirmed in writing by delivery of Wells Fargo Securities' written opinion dated July 5, 2012) to the effect that, as of July 5, 2012, and based upon and subject to the procedures followed, assumptions made, qualifications and limitations on the review undertaken and other matters considered by Wells Fargo Securities in preparing its opinion and more fully described in

Item 4(f) Opinion of the Company's Financial Advisor, the per share consideration to be received by the Unaffiliated Shareholders in the Transaction pursuant to the Merger Agreement was fair, from a financial point of view, to such holders. As used in the opinion of Wells Fargo Securities and this Schedule 14D-9, Unaffiliated Shareholders means the holders of LaCrosse common stock other than the Company's directors and executive officers, ABC and their respective affiliates, including Purchaser. The LaCrosse Board then further discussed the proposed transaction and addressed questions to Wells Fargo Securities. Garvey Schubert Barer then reviewed the proposed resolutions to be adopted by the LaCrosse Board. Garvey Schubert Barer also presented a review of the LaCrosse Board's fiduciary duties under Wisconsin law. After further discussion, the LaCrosse Board: (i) concluded that the transactions contemplated by the Merger Agreement, including the Offer and the Merger were advisable and fair to and in the best interests of the Company and its shareholders, (ii) adopted and approved the Merger Agreement and the related transactions, including the Offer and the Merger, and (iii) recommended that the Company's shareholders accept the Offer, tender their Shares to the Purchaser pursuant to the Offer and, to the extent applicable, adopt and approve the Merger Agreement. At the conclusion of the LaCrosse Board meeting, representatives of Garvey Schubert Barer and Paul Hastings exchanged final copies of the Merger Agreement and Tender and Voting Agreements and, after confirming that all revisions had been completed, signature pages were exchanged by the parties.

(c) Reasons for the LaCrosse Board's Recommendation

As described above under Background of the Offer, the LaCrosse Board consulted with the Company's senior management, legal counsel and financial advisor numerous times in evaluating the Merger Agreement, the Offer, the Merger and the other transactions contemplated by the Merger Agreement, and in reaching its decision

Table of Contents

to recommend that the Company shareholders tender all of their Shares pursuant to the Offer and, to the extent applicable, vote their Shares in favor of the adoption and approval of the Merger Agreement. As part of this evaluation and recommendation process, the LaCrosse Board considered a number of factors, including the following favorable factors:

Premium to Market Price. The LaCrosse Board considered that the \$20.00 per Share price to be paid pursuant to the Offer and the Merger, which represented an 82% premium over the closing price of the Shares on July 5, 2012 (the last trading day before the LaCrosse Board approved the Merger Agreement), an 82% premium over the average closing price of the Shares over the last 30 days ended July 5, 2012, a 37% premium over the highest closing price of the Shares for the 52-week period ended July 5, 2012, and a 94% premium over the lowest closing price of the Shares for the 52-week period ended July 5, 2012.

Timing of Completion. The LaCrosse Board considered the anticipated timing of the consummation of the transactions contemplated by the Merger Agreement, and the structure of the transaction as a tender offer for all outstanding Shares, which could allow Company shareholders to receive the \$20.00 Offer Price in a relatively short time frame, followed by the Merger in which non-tendering Company shareholders would receive the same consideration as received in the Offer. The LaCrosse Board considered that the tender offer structure reduces the period of uncertainty during the pendency of the transaction on the Company's shareholders, employees and business partners. The LaCrosse Board also considered the business reputation of ABC, which the LaCrosse Board believed supported the conclusion that an acquisition transaction with ABC and Purchaser could be completed relatively quickly and in an orderly manner. The LaCrosse Board also considered the likelihood of obtaining required regulatory approvals.

Risks Associated with Remaining Independent. The LaCrosse Board discussed the current and historical financial condition, results of operations, business and prospects of the Company, as well as the Company's current financial plan, including risks associated with achieving and executing upon the Company's business plan, the uncertainty of being able to expand product lines and expand sales channels, the continued consolidation in the Company's industry and increased competition (especially from competitors and potential competitors with greater name recognition and financial and other resources), as well as the general risks of market conditions that could reduce the Company's stock price. The LaCrosse Board determined that remaining independent was not reasonably likely to present superior opportunities for the Company or to create greater value for the Company's shareholders, taking into account business, competitive, industry and market risks.

Cash Consideration; No Financing Condition. The LaCrosse Board considered that the Offer and the Merger, because they are solely for cash consideration, provide certainty as to the value of the consideration to be received in the Offer and the Merger. The LaCrosse Board also considered that the Offer is not subject to a financing condition.

Opinion of the Company's Financial Advisor. The LaCrosse Board considered the financial analyses reviewed and discussed with the LaCrosse Board by representatives of Wells Fargo Securities as well as the oral opinion of Wells Fargo Securities rendered to the LaCrosse Board on July 5, 2012 (which was subsequently confirmed in writing by delivery of Wells Fargo Securities' written opinion dated the same date) with respect to the fairness, from a financial point of view, to the Unaffiliated Shareholders of the per share consideration to be received by such holders in the transaction pursuant to the Merger Agreement, as more fully described below in this Item 4 under Opinion of the Company's Financial Advisor. The full text of the written opinion of Wells Fargo Securities, dated July 5, 2012, which sets forth the assumptions made, procedures followed, matters considered and limitations on the review undertaken in connection with the opinion, is attached hereto as Annex B and is incorporated herein by reference.

Ability to Respond to Certain Unsolicited Takeover Proposals. The LaCrosse Board considered the fact that, while the Merger Agreement prohibits the Company and its subsidiaries from, directly or

Table of Contents

indirectly, soliciting other potential acquisition proposals during the pendency of the Offer and the Merger, the Merger Agreement provides that:

- i. The Company can engage or participate in discussions and negotiations with respect to alternative acquisition proposals if certain conditions set forth in the Merger Agreement are satisfied, including that any such acquisition proposal was not solicited by the Company and the LaCrosse Board determines, in good faith after consulting with its outside counsel and financial advisors, that the proposal constitutes or would reasonably be expected to result in a Superior Proposal (as defined in the Merger Agreement) and the failure to take such action would be reasonably likely to constitute a breach of the LaCrosse Board's fiduciary duties to the Company's shareholders; and
- ii. The Company can terminate the Merger Agreement prior to completion of the Offer to enter into an alternative acquisition transaction that the LaCrosse Board determines to be a Superior Proposal, subject to payment by the Company of the Termination Fee (as defined below) and the Company's obligation under the Merger Agreement to negotiate in good faith with ABC and Purchaser to adjust the terms and conditions of the Merger Agreement so that the Superior Proposal ceases to constitute a Superior Proposal.

Termination Right. The LaCrosse Board considered the right of the Company to terminate the Merger Agreement if Purchaser has not completed the Offer and paid for the Shares tendered pursuant to the Offer by September 21, 2012.

Conditions to the Consummation of the Offer and the Merger; Likelihood of Closing. The LaCrosse Board considered the reasonable likelihood of the consummation of the transactions contemplated by the Merger Agreement in light of the limited conditions in the Merger Agreement to the obligations of the Purchaser to accept for payment and pay for the Shares tendered pursuant to the Offer.

Extension of Offer Period. The LaCrosse Board considered the fact that the Merger Agreement provides that, under certain circumstances, Purchaser would be required to extend the Offer beyond the initial expiration date of the Offer if certain conditions to the consummation of the Offer are not satisfied as of the initial expiration date of the Offer.

The LaCrosse Board weighed the foregoing positive factors against the following negative considerations:

Risks Associated with Nonconsummation. The LaCrosse Board considered the risk that, notwithstanding the likelihood of the Offer and the Merger being completed, that the Offer and the Merger might not be completed, including the effects that a failure to complete the Offer and the Merger might have on the trading price of the Shares and the Company's operating results.

Restrictions on Business Combinations. The LaCrosse Board considered the restrictions on the Company's ability to solicit or participate in discussions or negotiations regarding alternative business combination transactions, subject to specified exceptions. The LaCrosse Board understood that, while potentially having the effect of discouraging third parties from proposing a competing business combination transaction, these provisions were conditions to ABC's and Purchaser's willingness to enter into the Merger Agreement, and were believed by the LaCrosse Board to be reasonable in light of, among other things, the benefits of the Offer and the Merger to the Company shareholders and the ability of the LaCrosse Board to respond to unsolicited takeover proposals discussed above.

Company Termination Fee. The LaCrosse Board considered that upon the termination of the Merger Agreement under certain circumstances, including termination of the Merger Agreement to accept a Superior Proposal, the terms of the Merger Agreement provide that the Company will pay to ABC a termination fee of \$5.5 million. The LaCrosse Board also considered that the terms of the Merger Agreement provide that, under certain circumstances, the Company will reimburse ABC and Purchaser for their documented expenses incurred in connection with the transaction up to \$1 million (subject to offset against payment of the \$5.5

million fee) (such amounts, collectively, the **Termination Fee**). In

Table of Contents

particular, the LaCrosse Board considered the potential effect of the Termination Fee on the willingness of other potential acquirers to propose alternative transactions.

Pre-Closing Covenants. The LaCrosse Board considered that, under the terms of the Merger Agreement, the Company has agreed that it will conduct its business in the ordinary course of business consistent with past practice and, subject to specified exceptions, that the Company will not undertake various actions related to the conduct of its business without the prior written consent of ABC. The LaCrosse Board further considered that these provisions may limit the Company's ability to pursue certain types of business opportunities that may arise.

Potentially Disruptive Impact of the Proposed Transaction. The LaCrosse Board considered the potentially disruptive effect the announcement and pursuit of the transaction might have on management and other resources available for the continued operation of the Company's business in the ordinary course, the Company's ability to attract and retain key personnel, and the Company's ability to retain and attract customers and to maintain and grow sales.

Lack of Shareholder Participation in Future Growth. The LaCrosse Board considered that, while the consummation of the Offer and the Merger would give Company shareholders the opportunity to realize a premium over the prices at which the Shares were traded prior to the public announcement of the proposed transaction, the successful completion of the Offer would eliminate the opportunity for Company shareholders to participate in any future growth of the Company.

Tax Treatment. The LaCrosse Board considered that the consideration to be received by the holders of Shares in the Offer and the Merger would be taxable to certain holders for U.S. federal income tax purposes.

In making its recommendation, the LaCrosse Board was aware of and took into consideration the interests of certain Company executives, including the Chief Executive Officer, who is a member of the LaCrosse Board, in the Offer and the Merger as a result of their holding of Shares and options to purchase Shares as referenced in Item 3 of this Schedule 14D-9.

The LaCrosse Board concluded that the positive factors significantly outweighed the negative factors described above. The LaCrosse Board based its ultimate decision on its business judgment that the benefits of the Offer and the Merger to the Company's shareholders outweigh the benefits of other alternatives potentially available to the Company, including continuing to operate as a publicly traded company. The foregoing discussion of the material factors considered by the LaCrosse Board is not intended to be exhaustive. In view of the variety of factors considered in connection with its evaluation of the Merger Agreement, the Offer and the Merger, the Board did not find it practicable to, and did not, quantify or otherwise assign relative weights to the factors summarized above in reaching its recommendation, or determine that any factor was of particular importance. Rather, the LaCrosse Board viewed their position and recommendations as being based on the totality of the information presented to and considered by them. Individual members of the LaCrosse Board may have given different weight to different factors.

(d) Intent to Tender

Table of Contents**(e) Certain Financial Forecasts Utilized by LaCrosse in Connection with the Merger**

LaCrosse does not, as a matter of course, publicly disclose long-term forecasts or internal projections as to future performance, earnings or other results, and LaCrosse is particularly concerned with making such forecasts and projections due to the unpredictability of the underlying assumptions and estimates. In connection with the due diligence process related to the negotiation of the Merger Agreement, LaCrosse's senior management prepared financial forecasts regarding LaCrosse's net sales, operating profit, net income, EBITDA and fully diluted earnings per share (**EPS**) results for LaCrosse's 2012 through 2016 fiscal years. These unaudited financial forecasts were considered by the LaCrosse Board for purposes of evaluating the transactions contemplated by the Merger Agreement. The financial forecasts were not prepared for use in the Offer documents or with a view toward public disclosure. However, a summary of the financial forecasts has been included below to provide you access to certain non-public information that was furnished to third parties in connection with the Merger Agreement.

The financial forecasts included assumptions as to certain business decisions that are subject to change, as well as assumptions related to industry performance and general economic conditions, each of which assumptions are inherently subjective and beyond LaCrosse's control.

LaCrosse's financial forecasts presented below were reviewed with the LaCrosse Board and were used by Wells Fargo Securities in connection with its financial analysis of the consideration to be received by the Company shareholders. LaCrosse also provided ABC with the financial forecasts.

The inclusion of the financial forecasts in this Schedule 14D-9 should not be regarded as an indication that LaCrosse considered, or now considers, these forecasts to be material to Company shareholders or necessarily indicative of actual future results. You should not place undue reliance on the unaudited financial forecasts contained in this Schedule 14D-9. Please see the section of this Schedule 14D-9 entitled *Important Information about the Financial Forecasts*.

The below forecasts do not give effect to the Offer or the Merger or the failure of such events to occur. LaCrosse urges all stockholders to review LaCrosse's most recent SEC filings for a description of LaCrosse's reported financial results. Please see the section of this Schedule 14D-9 entitled *Where You Can Find More Information*. Important Information about the Financial Forecasts

While the above financial forecasts were prepared in good faith, no assurance can be made regarding future events. The estimates and assumptions underlying the financial forecasts involve judgments with respect to, among other things, future economic, competitive, regulatory and financial market conditions and future business decisions that may not be realized and that are inherently subject to significant business, economic, competitive and regulatory uncertainties and contingencies, including, among others, the risks and uncertainties described under the section of this Schedule 14D-9 entitled *Special Note Regarding Forward-Looking Statements*, all of which are difficult to predict and many of which are beyond LaCrosse's and/or ABC's control and will be beyond their control following the Offer and the Merger. There can be no assurance that the underlying assumptions will prove to be accurate or that the forecasted results will be realized, and actual results likely will differ, and may differ materially, from those reflected in the financial forecasts, whether or not the Merger is completed.

The financial forecasts summarized in this section were prepared solely for internal use by LaCrosse and not with a view toward public disclosure and not in compliance with published guidelines of the SEC, United States generally accepted accounting principles, or the guidelines established by the American Institute of Certified Public Accountants for preparation and presentations of financial forecasts. LaCrosse's senior management believes the forecasts were prepared in good faith and on a reasonable basis based on the best information available to LaCrosse senior management at the time of their preparation. The financial forecasts, however, are not actual results and should not be relied upon as being necessarily indicative of actual future results, and readers of this Schedule 14D-9 are cautioned not to place undue reliance on this information.

All of the financial forecasts summarized in this section were prepared by, and are the responsibility of, LaCrosse's senior management, as indicated. McGladrey, LaCrosse's independent registered public accounting firm, did not provide any assistance in preparing the financial forecasts and has not examined, compiled or otherwise performed any procedures with respect to the financial forecasts and, accordingly, McGladrey has not expressed any opinion or given any other form of assurance with respect thereto and assumes no responsibility for the prospective financial information. The report of McGladrey included in the Company's Annual Report on Form 10-K for the year ended December 31, 2011, which is incorporated herein by reference, relates solely to Company's historical financial information. Such report does not extend to the financial forecasts and should not be read to do so.

By including a summary of the financial forecasts in this Schedule 14D-9, neither LaCrosse nor any of its affiliates, advisors, officers, directors or representatives has made or makes any representation to any Company shareholder, investor, ABC, Purchaser or other person regarding the ultimate performance of LaCrosse compared to the information contained in LaCrosse's financial forecasts or that the forecasted results will be achieved. LaCrosse made no representation to ABC, in the Merger Agreement or otherwise, concerning the financial forecasts or LaCrosse's ultimate performance. The financial forecasts summarized in this section were prepared during the periods described above and have not been updated to reflect any changes since the date of this Schedule 14D-9 or any actual results of LaCrosse's operations. LaCrosse undertakes no obligation, except as required by law, to update or otherwise revise the financial forecasts to reflect circumstances existing since their preparation or to reflect the occurrence of unanticipated events, even in the event that any or all of the underlying assumptions are shown to be in error, or to reflect changes in general economic or industry conditions.

The foregoing summary of the financial forecasts is not included in this Schedule 14D-9 in order to induce any Company shareholder to accept the Offer.

(f) Opinion of the Company's Financial Advisor

On July 5, 2012, Wells Fargo Securities rendered its oral opinion to the LaCrosse Board (which was subsequently confirmed in writing by delivery of Wells Fargo Securities' written opinion dated July 5, 2012) to

the effect that, as of July 5, 2012, the per share consideration to be received by the Unaffiliated Shareholders in the Transaction pursuant to the Merger Agreement was fair, from a financial point of view, to such holders.

Wells Fargo Securities' opinion was directed to the LaCrosse Board and only addressed the fairness, from a financial point of view, to the Unaffiliated Shareholders of the per share consideration to be received by such holders in the Transaction pursuant to the merger agreement and did not address any other terms, aspects or implications of the Transaction. The summary of Wells Fargo Securities' opinion in this Schedule 14D-9 is qualified in its entirety by reference to the full text of its written opinion, which is included as Annex B to this Schedule 14D-9 and sets forth the procedures followed, assumptions made, qualifications and limitations on the review undertaken and other matters considered by Wells Fargo Securities in preparing its opinion. However, neither Wells Fargo Securities' written opinion nor the summary of its opinion and the related analyses set forth in this Schedule 14D-9 is intended to be, and they do not constitute, a recommendation as to or otherwise address whether any holder of LaCrosse common stock should tender their shares of LaCrosse common stock into the Offer or how the LaCrosse Board or any holder of LaCrosse common stock should vote or act in respect of the Merger or any other aspect of the Transaction or any related matter.

In arriving at its opinion, Wells Fargo Securities, among other things:

reviewed a draft, dated July 3, 2012, of the merger agreement;

reviewed certain publicly available business and financial information relating to LaCrosse;

reviewed certain other business and financial information relating to the business, operations and prospects of LaCrosse furnished to or discussed with Wells Fargo Securities by the management of LaCrosse, including financial forecasts, projections and estimates relating to the future financial performance of LaCrosse prepared by and discussed with the management of LaCrosse;

discussed with members of the management of LaCrosse the business, operations, financial condition and prospects of LaCrosse;

compared certain business, financial and other information regarding LaCrosse with publicly available business, financial and other information regarding certain companies with publicly-traded equity securities that Wells Fargo Securities deemed relevant;

reviewed the current and historical market prices and trading activity of LaCrosse common stock and the current and historical market prices and trading activity of publicly traded equity securities of other companies that Wells Fargo Securities deemed relevant;

compared the proposed financial terms of the Transaction with the financial terms of certain other business combinations and transactions that Wells Fargo Securities deemed relevant; and

conducted such other financial studies, analyses and investigations and considered such other information and factors as Wells Fargo Securities deemed appropriate.

In connection with its review, Wells Fargo Securities assumed and relied upon the accuracy and completeness of all of the financial and other information, provided or otherwise made available to it, discussed with or reviewed by it, or that was publicly available, and Wells Fargo Securities did not independently verify the accuracy or completeness of any such information. Wells Fargo Securities relied upon assurances of the management of LaCrosse that they were not aware of any facts or circumstances that would make any such information inaccurate or misleading. With respect to the financial forecasts, projections and estimates relating to the future financial performance of LaCrosse through December 31, 2016 prepared by and discussed with the management of LaCrosse and utilized in Wells Fargo Securities' analyses, Wells Fargo Securities was advised and, at LaCrosse's direction, assumed that they were reasonably prepared and reflected the best currently available

estimates, judgments and assumptions of the management of LaCrosse as to the future financial performance of LaCrosse. Wells Fargo Securities assumed no responsibility for, and expressed no view as to,

such forecasts, projections or estimates or the judgments or assumptions upon which they were based. Wells Fargo Securities also assumed that there were no material changes in the condition (financial or otherwise), results of operations, business or prospects of LaCrosse since the respective dates of the most recent financial statements and other information provided to it. In arriving at its opinion, Wells Fargo Securities did not conduct any physical inspection of any of the properties or assets or obtain any independent evaluations or appraisals of any of the assets or liabilities (contingent or otherwise) of LaCrosse nor did Wells Fargo Securities make any determination as to the solvency of any party to the Transaction. Wells Fargo Securities was not requested to, and did not, solicit third party indications of interest in acquiring all or any part of LaCrosse though, at LaCrosse's direction, Wells Fargo Securities participated in discussions with representatives of a third party that contacted LaCrosse regarding a potential transaction.

Wells Fargo Securities' opinion only addressed the fairness, from a financial point of view, to the Unaffiliated Shareholders, of the per share consideration to be received by such holders in the Transaction pursuant to the merger agreement to the extent expressly specified in such opinion and did not address any other terms, aspects or implications of the Transaction or any agreements, arrangements or understandings entered into in connection with the Transaction or otherwise, including, without limitation, the form or structure of the Transaction or the financing arrangements of Parent for the Transaction. In addition, the opinion did not address the fairness (financial or otherwise) of the amount or nature of, or any other aspect relating to, any compensation to be received by any officers, directors or employees of any parties to the Transaction, or class of such persons, relative to the per share consideration or otherwise. Wells Fargo Securities gave no opinion, counsel or interpretation as to matters that require legal, regulatory, accounting, insurance, tax or other similar professional advice and assumed that such opinions, counsel or interpretations were or would be obtained from the appropriate professional sources. Furthermore, Wells Fargo Securities, with LaCrosse's consent, relied upon the assessments by LaCrosse and its advisors as to all legal, regulatory, accounting, insurance and tax matters with respect to LaCrosse and the Transaction. The opinion does not address the merits of the underlying decision by the LaCrosse Board or LaCrosse to enter into the Merger Agreement or the relative merits of the Transaction as compared with alternative business strategies or transactions available to LaCrosse. Wells Fargo Securities' opinion does not constitute a recommendation as to or otherwise address whether any holder of LaCrosse common stock should tender their shares of LaCrosse common stock into the Offer or how the board of directors of LaCrosse or any holder of LaCrosse common stock should vote or act in respect of the Transaction or any related matter.

In rendering its opinion, Wells Fargo Securities assumed, with LaCrosse's consent, that the final form of the Merger Agreement would not differ from the draft reviewed by Wells Fargo Securities in any respect material to its analyses, that the Transaction would be consummated in accordance with the merger agreement and in compliance with all applicable laws, without waiver, modification or amendment of any terms or conditions material to Wells Fargo Securities' analyses, and that, in the course of obtaining any necessary legal, regulatory or third party consents or approvals for the Transaction, no delays, limitations, restrictions or conditions would be imposed that would have an adverse effect on LaCrosse or the contemplated benefits of the Transaction. Wells Fargo Securities' opinion was necessarily based on economic, market, financial and other conditions existing, and the information made available to it, as of the date of its opinion. Although subsequent developments may affect its opinion, Wells Fargo Securities has no obligation to update, revise or reaffirm its opinion.

Wells Fargo Securities' opinion was for the information and use of the LaCrosse Board (in its capacity as such) in connection with its evaluation of the Transaction and should not be construed as creating, and Wells Fargo Securities shall not be deemed to have, any fiduciary duty to the LaCrosse Board, LaCrosse, any security holder or creditor of LaCrosse or any other person, regardless of any prior or ongoing advice or relationships.

In preparing its opinion to the LaCrosse Board, Wells Fargo Securities performed a variety of analyses, including those described below. The summary of Wells Fargo Securities' financial analyses provided below is not a complete description of the analyses underlying Wells Fargo Securities' opinion. The preparation of a fairness opinion is a complex process involving various quantitative and qualitative judgments and

Table of Contents

determinations with respect to the financial, comparative and other analytic methods employed and the adaptation and application of those methods to the unique facts and circumstances presented. As a consequence, neither Wells Fargo Securities' opinion nor the analyses underlying its opinion are readily susceptible to partial analysis or summary description. Wells Fargo Securities arrived at its opinion based on the results of all analyses undertaken by it and assessed as a whole and did not draw, in isolation, conclusions from or with regard to any individual analysis, analytic method or factor. Accordingly, Wells Fargo Securities believes that its analyses must be considered as a whole and that selecting portions of its analyses, analytic methods and factors, without considering all analyses and factors or the narrative description of the analyses, could create a misleading or incomplete view of the processes underlying its analyses and opinion.

In performing its analyses, Wells Fargo Securities considered business, economic, industry and market conditions, financial and otherwise, and other matters as they existed on, and could be evaluated as of, the date of its opinion. No company, business or transaction used in Wells Fargo Securities' analyses for comparative purposes is identical to LaCrosse or the proposed transaction. While the results of each analysis were taken into account in reaching its overall conclusion with respect to fairness, Wells Fargo Securities did not make separate or quantifiable judgments regarding individual analyses. The implied per share valuation reference ranges and per share market price and implied enterprise value multiples indicated by Wells Fargo Securities' analyses are illustrative and not necessarily indicative of actual values nor predictive of future results or values, which may be significantly more or less favorable than those suggested by the analyses. In addition, any analyses relating to the value of assets, businesses or securities do not purport to be appraisals or to reflect the prices at which businesses or securities actually may be sold, which may depend on a variety of factors, many of which are beyond LaCrosse's control and the control of Wells Fargo Securities. Much of the information used in, and accordingly the results of, Wells Fargo Securities' analyses are inherently subject to substantial uncertainty.

Wells Fargo Securities' opinion and analyses were provided to the LaCrosse Board in connection with its evaluation of the proposed Transaction and were among many factors considered by the LaCrosse Board in evaluating the proposed Transaction. Neither Wells Fargo Securities' opinion nor its analyses were determinative of the per share consideration or of the views of the LaCrosse Board with respect to the proposed Transaction.

The following is a summary of the material financial analyses performed by Wells Fargo Securities in connection with its opinion rendered to the LaCrosse Board on July 5, 2012. The analyses summarized below include information presented in tabular format. The tables alone do not constitute a complete description of the analyses. Considering the data in the tables below without considering the full narrative description of the analyses, as well as the methodologies underlying, and the assumptions, qualifications and limitations affecting, each analysis, could create a misleading or incomplete view of Wells Fargo Securities' analyses.

For purposes of its analyses, Wells Fargo Securities reviewed a number of financial metrics including:

Enterprise Value generally the value as of a specified date of the relevant company's outstanding equity securities (taking into account its options and other outstanding convertible securities) plus the book value of its net debt (the value of its outstanding indebtedness, preferred stock and capital lease obligations less the amount of cash on its balance sheet) plus the book value of minority interests.

EBITDA generally the amount of the relevant company's earnings before interest, taxes, depreciation and amortization for a specified time period.

Unless the context indicates otherwise, share prices for the selected companies used in the selected companies analysis described below were as of July 3, 2012, and estimates of financial performance for LaCrosse for the years ending December 31, 2012 to 2016 were based on financial forecasts, projections and estimates relating to the future financial performance of LaCrosse through December 31, 2016 prepared by the management of LaCrosse. Estimates of future financial performance for the selected companies listed below were based on publicly available research analyst estimates for those companies. For purposes of the discounted cash flow analysis of LaCrosse described below, stock based compensation was treated as a cash expense.

(b) Board Actions to Render Business Combination Restrictions Inapplicable State Takeover Laws

A number of states have adopted laws which purport, to varying degrees, to apply to attempts to acquire corporations that are incorporated in, or which have substantial assets, stockholders, principal executive offices or principal places of business or whose business operations otherwise have substantial economic effects in, such states. To the extent that certain provisions of these laws purport to apply to the Offer, Merger or other business combination, we believe that there are reasonable bases for contesting such laws.

In 1982, in *Edgar v. MITE Corp.*, the Supreme Court of the United States invalidated on constitutional grounds the Illinois Business Takeover Statute that, as a matter of state securities law, made takeovers of corporations meeting certain requirements more difficult. However, in the 1987 case *CTS Corp. v. Dynamics Corp. of America*, the Supreme Court held that the State of Indiana could, as a matter of corporate law, constitutionally disqualify a potential acquirer from voting shares of a target corporation without the prior approval of the remaining stockholders where, among other things, the corporation is incorporated, and has a substantial number of stockholders, in the state. Subsequent federal district court decisions have limited the ability of state takeover statutes to exercise influence over corporations incorporated outside of those states.

We believe that *Edgar v. MITE Corp.* and later decisions supply reasonable bases for contesting any application of such state takeover laws to this Offer, Merger or other business combination. LaCrosse conducts some business in a number of states throughout the United States, some of which have enacted takeover laws. LaCrosse has not determined whether any of these state takeover laws and regulations will by their terms apply to the Offer or the Merger, other than the Wisconsin takeover statutes and regulations discussed below. LaCrosse reserves the right to challenge the applicability or validity of any state law or regulation purporting to apply to the Offer or the Merger, and neither anything in this Schedule 14D-9 nor any action taken in connection herewith is intended as a waiver of such a right. In the event it is established that one or more state takeover statutes is applicable to the Offer or the Merger and an appropriate court does not determine that such statute is inapplicable or invalid as applied to the Offer or the Merger, LaCrosse and/or Purchaser might be required to file certain information with, or to receive approval from, the relevant state authorities, and Purchaser might be unable to accept payment or pay for Shares tendered pursuant to the Offer, or be delayed in consummating the Offer.

Wisconsin Business Corporation Law

LaCrosse is incorporated under the laws of the State of Wisconsin. A number of takeover provisions of the WBCL apply only to resident domestic corporations. A resident domestic corporation is defined as a Wisconsin corporation that as of a relevant date satisfied any of the following four tests:

- (1) Its principal offices are located in the State of Wisconsin.
- (2) It has significant business operations in the State of Wisconsin.
- (3) More than 10 percent of the holders of record of its shares are residents of the State of Wisconsin.
- (4) More than 10 percent of its shares are held of record by residents of the State of Wisconsin.

For purposes of determining each of item 3 and 4, the relevant date is the most recent record date of the corporation before the date the person becomes an interested stockholder (as defined by the WBCL). LaCrosse has advised ABC and Purchaser that LaCrosse may satisfy the requirements to be a resident domestic corporation. As a result, the provisions of the WBCL described below may apply to the Offer and the Merger.

Sections 180.1140 to 180.1144 of the WBCL (the **Wisconsin Business Combination Statute**) regulate a broad range of business combinations between a resident domestic corporation and an interested stockholder. The Wisconsin Business Combination Statute defines a business combination to include a merger or share exchange with an interested stockholder or a corporation which is, or after such merger or share

Table of Contents

exchange would be, an affiliate or associate of an interested stockholder, or the sale, lease, exchange, mortgage, pledge, transfer or other disposition of assets equal to at least 5 percent of the aggregate market value of the stock or assets of the company or 10 percent of its earning power or income, or issuance of stock or rights to purchase stock with a market value of equal to at least 5 percent of the aggregate market value of all of the outstanding stock, adoption of a plan of liquidation and certain other transactions, all involving an interested stockholder or an affiliate or associate of an interested stockholder. An interested stockholder is generally defined as a person who beneficially owns 10 percent of the voting power of the outstanding voting stock of a resident domestic corporation. The Wisconsin Business Combination Statute prohibits a corporation from engaging in a business combination (other than a business combination of a type specifically excluded from the coverage of the statute) with an interested stockholder for a period of three years following the date such person becomes an interested stockholder, unless the board of directors of the corporation approved the business combination or the acquisition of stock that resulted in a person becoming an interested stockholder before such acquisition. Business combinations after the three-year period following the stock acquisition date are permitted only if (i) the board of directors approved the acquisition of the stock prior to the date on which the interested stockholder became such; (ii) the business combination is approved by a majority of the outstanding voting stock not beneficially owned by the interested stockholder; (iii) the consideration to be received by shareholders meets certain requirements of the statute with respect to form and amount; or (iv) the business combination is of a type excluded from the Wisconsin Business Combination Statute.

The Merger Agreement and the transactions contemplated thereby, including the Offer and the Merger, have been approved by the LaCrosse Board, and therefore the Wisconsin Business Combination Statute does not apply to the Merger Agreement and the transactions contemplated thereby, including the Offer or Merger.

Sections 180.1130 to 180.1132 of the WBCL (the **Wisconsin Fair Price Statute**) provide that a business combination involving a resident domestic corporation that has a class of voting stock registered or traded on a national securities exchange or that is registered under Section 12(g) or the Exchange Act and a significant shareholder is subject to a supermajority vote of shareholders, in addition to any approval otherwise required. The Wisconsin Fair Price Statute defines a business combination to include a merger or share exchange (except for certain mergers or share exchanges, including a merger pursuant to Section 180.1104 of the WBCL) with a significant shareholder or a corporation that is, or after such merger or share exchange would be, an affiliate of a significant shareholder or the sale, lease, exchange or other disposition involving all or substantially all of the property and assets of a corporation to a significant shareholder or an affiliate of a significant shareholder. A significant shareholder is generally defined as a person who beneficially owns 10 percent or more of the voting power of the outstanding voting shares of a resident domestic corporation.

Business combinations subject to the Wisconsin Fair Price Statute must be approved by 80 percent of the voting power of the corporation's stock and at least two-thirds of the voting power of the corporation's stock not beneficially owned by the significant shareholder who is party to the business combination or an affiliate or associate of a significant shareholder who is party to the business combination, in each case, voting together as a single group. The supermajority voting provisions do not apply if the following fair price standards have been met: (1) the aggregate value of the per share consideration to be received by shareholders in the business combination is equal to the highest of (A) the highest price paid for any common shares of the corporation by the significant shareholder in the transaction in which it became a significant shareholder or within two years before the date of the business combination, whichever is higher; (B) the market value of the corporation's shares on the date of commencement of any tender offer initiated by the significant shareholder, the date on which the person became a significant shareholder or the date of the first public announcement of the proposed business combination, whichever is higher; or (C) the highest preferential liquidation or dissolution distribution to which holders of the shares would be entitled; and (2) either cash, or the form of consideration used by the significant shareholder to acquire the largest number of shares previously acquired by it, is offered.

The Wisconsin Fair Price Statute will not apply to the Merger because the definition of a business combination subject to the statute excludes a short-form merger pursuant to Section 180.1104 of the WBCL.

Table of Contents

As discussed under Item 8(d) below, LaCrosse granted Purchaser an irrevocable Top-Up Option (as defined below) to purchase from LaCrosse up to that number of shares that, when added to the number of shares owned by ABC and Purchaser at the time of exercise of the Top-Up Option, will constitute 10,000 shares more than 90% of the shares of LaCrosse common stock outstanding. At the Acceptance Time, if necessary for Purchaser to own at least 90% of the outstanding shares of LaCrosse, Purchaser will immediately exercise the Top-Up Option to achieve the Short-Form Threshold (as defined in the Merger Agreement) and complete the Merger through the short-form procedures available under Section 180.1104 of the WBCL, without the necessity of holding a meeting of LaCrosse's shareholders to approve the Merger.

Under Section 180.1150 of the WBCL (the **Wisconsin Control Share Statute**), unless the articles of incorporation otherwise provide, or the board of directors of the corporation otherwise specifies, the voting power of shares, including shares issuable upon conversion of convertible securities or exercise of options or warrants, of a resident domestic corporation held by a person or persons acting as a group in excess of 20 percent of the voting power in the election of directors is limited to 10 percent of the full voting power of those shares. This restriction does not apply to shares acquired directly from the resident domestic corporation, shares acquired in certain specified transactions, or shares which have had their full voting power restored by the vote of a majority of the shareholders of the corporation.

The LaCrosse Board has specified that at and following the Acceptance Time the provisions of the Wisconsin Control Share Statute will not apply to any of the outstanding Shares, including any Shares held by ABC, Purchaser or any other affiliate of ABC.

(c) Dissenters' Rights

Holders of Shares tendered in the Offer will not be entitled to exercise statutory dissenters' rights under the WBCL. In addition, if a shareholder does not tender its Shares in the Offer and the Merger is consummated, it is anticipated that any such shareholder will not have dissenters' rights under Section 180.1302 of the WBCL because, at the Acceptance Time, if necessary for Purchaser to own at least 90% of the outstanding shares of LaCrosse, Purchaser will immediately exercise the Top-Up Option and purchase the Top-Up Option Shares up to that number of shares of LaCrosse common stock that, when added to the number of shares of LaCrosse common stock owned by ABC and Purchaser at the time of exercise of the Top-Up Option, will constitute 10,000 shares more than 90% of the shares of LaCrosse common stock then outstanding and complete a short-form merger under the WBCL, without the necessity of holding a meeting of LaCrosse's shareholders to approve the Merger. Under Section 180.1302 of the WBCL, holders of Shares will not have dissenters' rights if the LaCrosse common stock continues to be quoted on NASDAQ on the record date for purpose of determining whether the Merger may be consummated as a short-form merger.

(d) Top-Up Option

Pursuant to the terms of the Merger Agreement, LaCrosse granted Purchaser an irrevocable option (the **Top-Up Option**) to purchase from LaCrosse, at a price per share equal to the price to be paid in the Offer, up to that number of Shares (the **Top-Up Option Shares**) equal to the number of Shares that, when added to the number of Shares directly or indirectly owned by ABC or Purchaser at the time of such exercise, equals 10,000 Shares more than 90% of the then outstanding Shares (after giving effect to the issuance of the Top-Up Option Shares, and excluding from the calculation of the number of shares of LaCrosse common stock ABC and Purchaser then own, but not from the calculation of then-outstanding Shares, Shares tendered pursuant to guaranteed delivery procedures that have not yet been delivered in settlement or satisfaction of such guarantee). The aggregate purchase price for the Top-Up Option Shares purchased by Purchaser pursuant to the Top-Up Option will be paid by Purchaser at its option, either in cash or by delivery of cash and a promissory note. Any such promissory note shall bear interest at the simple rate of 2% per annum, shall mature on the first anniversary of the closing of the purchase of the Top-Up Option Shares, and may be prepaid without premium or penalty.

Table of Contents

The Top-Up Option may be exercised by Purchaser, in whole, at any time after Purchaser has accepted for payment and pays for all Shares validly tendered and not validly withdrawn pursuant to the Offer; provided, however, that the Top-Up Option may not be exercised (i) to purchase an amount of Top-Up Option Shares in excess of the number of shares of LaCrosse common stock authorized and unissued (treating shares owned by LaCrosse as treasury stock as unissued) and not otherwise reserved or committed for issuance at the time of exercise of the Top-Up Option, or (ii) if prohibited by applicable law. The Top-Up Option is intended to expedite the timing of the completion of the Merger by permitting Purchaser to effect a short-form merger pursuant to Section 180.1104 of the WBCL without a vote of the Company's shareholders at a time when the approval of the Merger at a meeting of Company shareholders would otherwise be assured because of Purchaser's and ABC's collective ownership of a majority of the Shares following completion of the Offer.

The foregoing summary of the Top-Up Option is qualified in its entirety by reference to the Merger Agreement, which is filed as Exhibit (e)(1) hereto and is incorporated herein by reference.

(e) Short-Form Merger

Section 180.1104 of the WBCL provides that a corporation owning at least 90% of the outstanding shares of each class of a subsidiary corporation may merge the subsidiary into itself or merge itself into the subsidiary without approval of the shareholders of the subsidiary (such merger, a **Short-Form Merger**). Accordingly, if, as a result of the Offer, the Top-Up Option or otherwise, Purchaser directly or indirectly owns at least 90% of the outstanding Shares, and all conditions to ABC's obligations to complete the Merger are satisfied, ABC and Purchaser will effect the Merger without prior notice to, or any action by, any other shareholder of LaCrosse. If Purchaser does not acquire sufficient Shares in the Offer and after expiration of any Subsequent Offering Period, to complete a Short-Form Merger, Purchaser expects to exercise the Top-Up Option, subject to the limitations set forth in the Merger Agreement, to purchase a number of Shares required to complete a Short-Form Merger, taking into account the Shares issued upon exercise of the Top-Up Option.

The Merger Agreement further provides that, should the Offer be completed and certain conditions met, on the terms and subject to the conditions contained in the Merger Agreement and in accordance with the relevant provisions of

Table of Contents

the Wisconsin Business Corporation Law (**WBCL**), Purchaser will be merged with and into the Company with the Company continuing as the surviving corporation and a wholly-owned subsidiary of Parent (the **Merger**). At the effective time of the Merger, should it occur, each Share outstanding immediately prior thereto (other than Shares that are owned by the Company, Parent, Purchaser or any of their respective direct or indirect subsidiaries, and any Shares held by Company shareholders who perfect dissenters' rights, if any, under the WBCL with respect to the Merger) will be converted into the right to receive an amount in cash equal to the Offer Price, without interest and subject to any required withholding of taxes. For more information on the availability of dissenters' rights, please see *Item 8. Additional Information, Dissenters' Rights* in the Schedule 14D-9. The Merger Agreement is filed as Exhibit (e)(1) to the Schedule 14D-9 and is incorporated herein by reference.

DIRECTORS DESIGNATED BY PURCHASER

Right to Designate Directors

The Merger Agreement provides that, effective upon the acceptance for payment of the Shares pursuant to the Offer, and from time to time thereafter, Parent will be entitled to designate a certain number of directors on the Board of Directors (**Designees**).

The number of Designees which Parent will have the right to designate will be equal to the product (rounded up to the next whole number) of (i) the total number of directors on the Board of Directors (after giving effect to any directors elected pursuant to Parent's right to designate) and (ii) the percentage that the number of Shares beneficially owned by Parent and its affiliates (including Purchaser) bears to the total number of Shares then outstanding. Under the Merger Agreement the Company is required to promptly take all actions necessary to cause the Designees to be elected or appointed to the Board of Directors, including by increasing the size of the Board and seeking and accepting resignations of incumbent directors.

The Merger Agreement further provides that, subject to any limitations imposed by applicable law, the Company shall also cause Designees to constitute the number of members, rounded up to the next whole number, on each committee of the Board of Directors that represents the same percentage as such individuals represented on the Board of Directors.

Notwithstanding the foregoing, prior to the effective time of the Merger, the Board of Directors shall always have at least two members who were members of the Board of Directors as of immediately prior to payment by Purchaser for Shares pursuant to the Offer (each such member a **Continuing Director** and, collectively, the **Continuing Directors**). If the number of directors who are Continuing Directors is reduced below two prior to the effective time of the Merger, the Board will cause the remaining director who is a Continuing Director to designate a person to the Board of Directors who is not an officer, director, employee or designee of Parent, Purchaser or any of their affiliates and who shall be considered a Continuing Director for purposes of the Merger Agreement.

In addition to the provisions of the Merger Agreement, the Company's obligations and Parent's rights with respect to appointing designees to the Board of Directors are subject to Section 14(f) of the Exchange Act and Rule 14f-1 promulgated thereunder.

Information with Respect to the Designees

As of the date of this Information Statement, Parent has not determined who will be the Designees. However, the Designees will be selected from the list of potential designees provided below (the **Potential Designees**). The Potential Designees have consented to serve as directors of the Company if so designated. None of the Potential Designees currently is a director of the Company, or holds any position with the Company.

List of Potential Designees

Set forth below is the name, age, present principal occupation or employment and past material occupations, positions, offices or employment for at least the past five years for each Potential Designee. It is expected that the Designees may assume office at any time following the time at which they are designated in accordance with the terms of the Merger Agreement and that, upon assuming office, the Designees will thereafter constitute at least a majority of the Board. It is anticipated that this step will be accomplished at a meeting or by written consent of the Board providing that the size of the Board will be increased and/or sufficient numbers of current directors will resign such that, immediately following such action, the number of vacancies to be filled by the Designees will constitute at least a majority of the available positions on the Board. It is not currently known which of the current directors of the Company may resign.

the Company. The Nominating and Governance Committee evaluates each nominee on a case-by-case basis regardless of the source of a prospective nominee's recommendation. The Nominating and Governance Committee does not have a specific policy with regard to the consideration of diversity, but rather considers diversity to be one of the many factors to evaluate in assessing a nominee. However, the Board believes that, to be recommended as a director nominee, each candidate must:

display the highest personal and professional ethics, integrity and values;

COMPENSATION DISCUSSION AND ANALYSIS

Introduction

In this section, we will provide an overview and analysis of our compensation programs and policies, the material compensation decisions we have made under those programs and policies, and the material factors that we considered in making those decisions. Later in this proxy statement under the heading Executive Compensation, we have included a series of tables containing specific information about the compensation earned or paid in 2011 to the individuals named in the Summary Compensation Table, whom we refer to as our named executive officers.

The discussion below is intended to enhance the understanding of the detailed information provided in those tables and put that information into context within our overall compensation program.

Compensation Philosophy and Objectives

We have a Compensation Committee composed of the independent members of our Board of Directors. The Compensation Committee is charged with responsibility to oversee the Company's compensation policies and programs, including developing compensation programs, providing oversight of the implementation of the policies and benefit plans, and specifically addressing the compensation of the Company's executive officers. The Compensation Committee views compensation as a key factor in our ability to execute our corporate strategy.

Our corporate strategy is to: (i) build and capitalize on the strength of our established footwear brands, (ii) develop innovative products and relevant technologies that will differentiate our footwear products from our competitors; (iii) offer superior customer service; and (iv) expand and enhance our network of sales channels and customer base. In order to achieve these strategic goals, we must recruit, motivate and retain the best talent possible and those employees must work as a cohesive team with common goals.

Our compensation philosophy is based on a foundation of pay-for-performance. Our compensation programs, when taken in total, are intended to:

Attract highly talented employees;

Motivate employees to high levels of individual and company performance;

Retain key human resources; and

Table of Contents

Link employee compensation to the creation of shareholder value.

We have built a compensation program that we believe incorporates pay-for-performance elements at the individual and corporate level and which ties compensation incentives to the Company's profitable growth objectives. Because we expect profitable growth to enhance shareholder value, we believe our compensation program ties our employees' and executives' incentives to the best interests of our shareholders.

Our compensation program has three distinct components that apply to each of our executive and non-union employees. These three components are:

Base pay;

Annual incentive compensation; and

Equity compensation in the form of non-qualified stock options.

Elements of our Compensation Program

Base Pay. We view base pay as compensation for the core competencies each employee brings to the Company. We use market data to establish competitive base pay for each of our employees. The source of market data includes Salary.com CompAnalyst. This survey allows us to benchmark against national, regional and local data for non-durable goods manufacturing companies with revenues between \$50M-\$20.000M. We also review proxy statements for competitive pay data of local (Portland, Oregon) companies of similar size to our Company. We believe we compete for talent nationally within the non-durable goods category generally, and more specifically within the footwear industry and with local companies. These data sets enable us to compare peer salary data that is targeted by industry and geography. We continually monitor relevant industry data to ensure our competitive position. We strive to set our total compensation package at approximately 100% of the relevant market average; however, each compensation decision is made based on, and can be significantly impacted by, the experience and performance of the individual employee.

Every employee is reviewed annually for performance and, if appropriate, receives a merit pay increase consistent with an individual performance rating based on pre-established criteria and relevant market data. A merit pay matrix is created wherein each employee is rated on an approved scale based on individual performance and position in pay range as a guide to set annual merit pay increases. In addition to upward adjustments of base pay based upon individual performance reviews, we may make adjustments to an individual's base pay if it is determined that such individual's base pay is below target market rates.

Base pay increases for all employees, including our named executive officers, are typically effective on or about March 1st of each year. For 2011, our named executive officers received base pay increases including merit and market adjustments ranging from 3.3% to 11.1% over their 2010 base pay. The Compensation Committee does not anticipate increasing the base pay levels for named executive officers relative to their 2011 base pay.

Annual Incentive Compensation. We view our annual incentive compensation program as a means by which to link our employees' cash compensation with a group of performance targets, the achievement of which we expect will enhance the Company's shareholder value.

All executive officers, as well as all non-union employees, are eligible to receive incentive compensation equal to a predetermined percentage of their base pay, which we refer to as target incentive compensation. The amount of target incentive compensation is based on the individual's past and potential impact on the Company's results, as well as market competitive data for similar positions. During 2011, target incentive compensation for our named executive officers was set as a percentage of each such officer's base pay as follows: (i) Mr. Schneider, 100%; (ii) Mr. Carlson, 70%; (iii) Mr. Vonhoff, 50%; (iv) Mr. Layton, 35% and (v) Mr. Cohen 40%. The individual's base pay, plus his target incentive compensation is the total target cash compensation for the year.

Table of Contents

The percentage of target incentive compensation our employees ultimately receive is determined by the Company's performance relative to annual performance targets set by the Compensation Committee at the beginning of each year. In 2011, as in prior years, the Compensation Committee set annual performance targets for net sales and operating profit. The Company's targets are set based on several factors, including benchmarks for sales growth and profits and the Company's past and anticipated future performance.

We believe the annual incentive compensation program drives performance by targeting incentives focused on the financial measures that we consider to be the primary driver of long-term shareholder valuation, which is profitable sales growth. The selected financial metrics for 2012 are sales growth (50%) and pre-tax profit (50%).

The level of incentive compensation paid is determined using a weighted average of the Company's performance against these targets. Incentive compensation will pay out at 100% of target if the Company achieves 100% of the target for the two measured factors. Performance below the targets will yield incentive compensation below target. Performance above the targets will yield incentive compensation payment above target. All 2012 contract military sales not in backlog as of December 31, 2011 will be excluded from the sales and pre-tax profit calculations for incentive compensation purposes. For eligible 2012 contract military sales, 15% of the gross margin dollars from such sales will be included in a separate incentive compensation payout pool and paid to individuals on a pro-rata basis based on incentive compensation payouts from the primary plan, subject to the limitation that we do not pay any incentive compensation if our pre-tax profit falls below 75% of the target under either the incentive compensation plan or the contract military component. The ultimate payout of incentive compensation is based entirely upon the above metrics; however, the Board retains discretion to increase or decrease an award. Participants must be actively employed and in good standing in terms of performance as of the date of payout to be eligible for the incentive compensation payment.

No payments were made under the incentive compensation plan for 2011 because the actual results for the year were below the minimum threshold for both net sales and operating profit. Our historical weighted average achievements are as follows:

Year	Weighted Average Achievement %
2010	114%
2009	96%
2008	89%
2007	100%
2006	111%

Equity Compensation – Stock Options. We believe that to effectively build long-term value in the Company, the interests of all our employees must be aligned with the interests of our shareholders. To this end, all of our non-union employees are eligible for annual non-qualified stock option awards. Typically, substantially all eligible employees receive annual stock option awards.

We grant stock option awards on the first business day of each year. We have historically used this date as the grant date and plan to continue to do so. On January 3, 2011, non-qualified stock options to purchase an aggregate of 146,650 shares were granted to 180 employees at an exercise price per share of \$16.73. On January 3, 2012, non-qualified stock options to purchase an aggregate of 145,550 shares were granted to 160 employees at an exercise price per share of \$12.80. In addition to annual grants of stock options, employees may receive additional options in connection with significant promotions. Certain new hires may also receive stock option grants on their hire date. Information regarding the number of options granted to our named executive officers in 2011 is contained in the table labeled "Grants of Plan Based Awards" under the heading "Executive Compensation."

The number of stock options reserved for grant during a particular year is determined by the Compensation Committee. In making such determination, the Compensation Committee seeks to accomplish the stated goal of aligning our employees' incentives with the interests of our shareholders, while also seeking to ensure that no

Table of Contents

significant dilution of our outstanding common stock occurs. The Compensation Committee has historically reserved for annual grants of options a number of shares equal to approximately 2% of our issued and outstanding common stock. Individual stock option grants are recommended to the Compensation Committee by management and are based on such individual's potential and historical impact on our financial results. Such impact is measured primarily through salary grades and subjective indicators of job scope and past performance. Individuals in higher pay grades with top performance will receive larger grants than employees in lower pay grades with lower performance.

Our Chief Executive Officer receives the largest grant (typically 15-20% of available budgeted options) and the grant sizes decrease down through the organization. We also assess the value of stock options granted to executives relative to market data. Typically our stock option grants to individual executives are modest in comparison to our competitors and the market due to our policy of granting options to non-union employees at all levels of the Company. As the employee population grows, we expect that the average size of individual grants will decrease.

The 2007 Long-Term Incentive Plan contains a change of control provision pursuant to which all stock options granted pursuant to the 2007 Long-Term Incentive Plan would become immediately exercisable, without regard to contingent vesting provision, upon a change of control event as defined in the plan.

Perquisites and Other Benefits. The Committee has determined that at this time we do not need to offer our executives and employees deferred compensation plans or executive perquisites beyond minimal perquisites. Currently, we do not have any stock or equity arrangements other than non-qualified stock options, and we have not offered our employees supplemental retirement plans. Executive officers receive standard benefits consistent with other employees for health, dental and life insurance, and employer matching contributions to employee retirement savings plans.

Role of Executive Officers and Others in Determining Compensation

Our senior management team, specifically the Chief Executive Officer, Chief Financial Officer, Vice President of Finance and Vice President of Administration, evaluate competitive market data and recommend compensation plans to the Compensation Committee that are consistent with our stated compensation philosophy. The Compensation Committee has delegated to these members of senior management responsibility for granting new hire stock options to non-executives, within the limits set by the Compensation Committee.

The Compensation Committee may engage third party compensation consultants, however no such consultants were engaged during 2011.

Risk Management Assessment

In setting the Company's compensation policies and practices, including the compensation of the named executive officers, the Compensation Committee considers the risks to the Company's shareholders and the achievement of the Company's goals that may be inherent in such policies and practices. Although a significant portion of our executives' compensation is performance-based and at-risk, the Compensation Committee believes the compensation policies and practices that the Company has adopted are appropriately structured and are not reasonably likely to materially adversely affect the Company. In particular:

The Company believes that incentive programs tied to the achievement of the Company's strategic objectives, financial performance goals and specific individual goals appropriately focus executives, including the named executive officers, and other employees on increasing shareholder value.

A portion of variable compensation is delivered in equity (stock options) with multi-year vesting. The Company believes that equity compensation helps reduce compensation risk by balancing financial and strategic goals against other factors management may consider to ensure long-term shareholder value is being sought.

Table of Contents

Impact of Accounting and Tax Treatment of Compensation

The accounting and tax treatment of compensation generally has not been a factor in determining the amounts of compensation for our executive officers. However, the Compensation Committee and management have considered the accounting and tax impact of various program designs to balance the potential cost with the benefit and value to the executive.

With regard to Section 162(m) of the Internal Revenue Code of 1986, as amended, it is the Compensation Committee's intent to maximize deductibility of executive compensation while retaining some discretion needed to compensate executives in a manner commensurate with performance and the competitive landscape for executive talent.

Our 1993, 1997 and 2001 stock incentive plans limited the granting of equity-based incentives to the form of stock options only. Stock options have historically received favorable accounting and tax treatment. However, beginning in 2006, the accounting treatment for stock options changed as a result of FASB Accounting Standards Codification Topic 718 Compensation Stock Compensation, making the accounting treatment of stock options less attractive. As a result of this change, the 2007 Long-Term Incentive Plan, which was adopted by the Board of Directors on March 12, 2007 and approved by our shareholders at our 2007 Annual Meeting of Shareholders, permits alternative forms of equity-based incentives.

Transactions with Related Persons

The Company's Board recognizes that related person transactions present a heightened risk of conflicts of interest and/or improper valuation (or the perception thereof) and therefore has adopted a related person transaction policy, which shall be followed in connection with all related person transactions. Specifically, this policy addresses our procedures for the review, approval and ratification of all related person transactions.

The Board has determined that the Audit Committee, which is comprised entirely of independent directors, is best suited to review and approve related person transactions. Accordingly, any related person transactions recommended by management shall be presented to the Audit Committee for approval at a regularly scheduled meeting of the Audit Committee. Any transaction with a related person (as such terms are defined in Item 404 of Regulation S-K) shall be consummated or shall continue only if the Audit Committee approves the transaction, the disinterested members of the Board approve the transaction, or the transaction involves compensation approved by the Company's Compensation Committee.

No material transactions occurred with related persons in 2010 or 2011.

Board Leadership Structure

We separate the roles of Chairman of the Board and Chief Executive Officer in recognition of the differences between the two positions. Mr. Rosenthal acts as the Chairman, oversees the Company broadly, leads the meetings of our Board, and provides guidance to the Company's management. Mr. Schneider serves on the Board, but as our Chief Executive Officer is also charged with oversight of the day-to-day operations of the business. We believe that consistency between day-to-day operations of the Company and the overall management is reached through Mr. Schneider's service as the Chief Executive Officer and a director, but the separation of the Chairman and Chief Executive Officer roles is important to achieve a balance of oversight that is favorable to the Company and our shareholders.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Exchange Act requires the Company's directors and executive officers to file reports concerning their ownership of Company equity securities with the SEC and the Company. Based solely on a review of copies of such forms furnished to us and written representations from executive officers, directors and 10% shareholders, we believe that all Section 16(a) filing requirements during 2011 were met.
