PROSPECTUS SUPPLEMENT NO. 3

Filed pursuant to Rule 424(b)(3)

(to Prospectus dated April 16, 2013)

Registration No. 333-187803

PROVECTUS PHARMACEUTICALS, INC.

8,453,941 Shares of Common Stock

This prospectus supplement relates to the prospectus dated April 16, 2013, which permits the resale of the following securities by the selling securityholders identified in the prospectus, as amended and supplemented from time to time:

3,400,001 shares of common stock issuable upon conversion of the Series A 8% Convertible Preferred Stock sold in our February 22, 2013 offering;

4,250,000 shares of common stock issuable upon exercise of the warrants sold in our February 22, 2013 offering which may be exercised at a price of \$1.00 per share; and

an estimated 803,940 shares of common stock issuable in lieu of the cash payment of dividends on the Series A 8% Convertible Preferred Stock sold in our February 22, 2013 offering payable through February 22, 2016.

We will pay the expenses of registering the shares, but we are not selling any shares of common stock in this offering and therefore will not receive any proceeds from this offering. We will, however, receive the exercise price of the warrants if and when the warrants are exercised for cash by the securityholders.

This prospectus supplement is being filed to update, amend, and supplement the information previously included in the prospectus with the information contained in our Quarterly Report on Form 10-Q filed with the Securities and Exchange Commission on November 12, 2013 (the "10-Q"). Accordingly, we have attached the 10-Q to this prospectus supplement. You should read this prospectus supplement together with the prospectus, which is to be delivered with this prospectus supplement.

Our common stock is quoted on the OTCQB under the symbol PVCT. On November 7, 2013, the last reported sale price of our common stock was \$0.83 per share.

Investing in our common stock involves risk. See Risk Factors beginning on page 4 of the prospectus to read about factors you should consider before buying shares of our common stock.

Neither the Securities and Exchange Commission nor any state securities commission has approved or disapproved of these securities or passed upon the adequacy or accuracy of the prospectus or this prospectus supplement. Any representation to the contrary is a criminal offense.

The date of this prospectus supplement is November 12, 2013.

CAUTIONARY NOTE REGARDING FORWARD-LOOKING STATEMENTS

This Quarterly Report on Form 10-Q contains forward-looking statements as defined under U.S. federal securities laws. These statements reflect management's current knowledge, assumptions, beliefs, estimates, and expectations and express management's current views of future performance, results, and trends and may be identified by their use of terms such as anticipate, believe, could, estimate, expect, intend, may, plan, predict, project, will, or similar terms. Forward-looking statements are subject to a number of risks and uncertainties that could cause our actual results to materially differ from those described in the forward-looking statements. Readers should not place undue reliance on forward-looking statements. Such statements are made as of the date of this Quarterly Report on Form 10-Q, and we undertake no obligation to update such statements after this date.

Risks and uncertainties that could cause our actual results to materially differ from those described in forward-looking statements include those discussed in our filings with the Securities and Exchange Commission (including those described in Item 1A of our Annual Report on Form 10-K for the year ended December 31, 2012, and elsewhere in this Quarterly Report on Form 10-Q), and the following:

our ability to license our dermatology drug product candidate, PH-10, on the basis of our Phase 2 atopic dermatitis and psoriasis results, which are in the process of being further developed;

our determination, based on guidance of the Food and Drug Administration (FDA), whether to proceed with or without a partner with a Phase 3 trial of PV-10 to treat recurrent melanoma and the costs associated with such a trial, unless the path to approval of PV-10 is accelerated, and whether Breakthrough Therapy Designation acceptance is viable and enables an accelerated path;

our determination whether to license PV-10, our recurrent melanoma drug product candidate, and other solid tumors such as liver cancer and cancers metastatic to the liver, if such licensure is appropriate considering the timing and structure of such a license, or to commercialize PV-10 on our own to treat recurrent and metastatic melanoma and other solid tumors such as liver cancer and cancers metastatic to the liver; and

our ability to raise additional capital if we determine to commercialize PH-10 and/or PV-10 on our own, although our expectation is to be acquired by a prospective pharmaceutical or biotech concern prior to commercialization.

NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS

(unaudited)

1. Basis of Presentation

The accompanying unaudited condensed consolidated financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America for interim financial information pursuant to Regulation S-X. Accordingly, they do not include all of the information and footnotes required by accounting principles generally accepted in the United States of America for complete financial statements. In the opinion of management, all adjustments (consisting of normal recurring accruals) considered necessary for a fair presentation have been included. Operating results for the nine months ended September 30, 2013 are not necessarily indicative of the results that may be expected for the year ended December 31, 2013. The Company has evaluated subsequent events through the date the condensed consolidated financial statements were issued.

2. Recapitalization and Merger

Provectus Pharmaceuticals, Inc., formerly known as Provectus Pharmaceutical, Inc. and SPM Group, Inc., was incorporated under Colorado law on May 1, 1978. SPM Group ceased operations in 1991, and became a development-stage company effective January 1, 1992, with the new corporate purpose of seeking out acquisitions of properties, businesses, or merger candidates, without limitation as to the nature of the business operations or geographic location of the acquisition candidate.

On April 1, 2002, SPM Group changed its name to Provectus Pharmaceutical, Inc. and reincorporated in Nevada in preparation for a transaction with Provectus Pharmaceuticals, Inc., a privately-held Tennessee corporation (PPI). On April 23, 2002, an Agreement and Plan of Reorganization between Provectus Pharmaceutical and PPI was approved by the written consent of a majority of the outstanding shares of Provectus Pharmaceutical. As a result, Provectus Pharmaceuticals, Inc. issued 6,680,000 shares of common stock in exchange for all of the issued and outstanding shares of PPI. As part of the acquisition, Provectus Pharmaceutical changed its name to Provectus Pharmaceuticals, Inc. and PPI became a wholly-owned subsidiary of Provectus. This transaction was recorded as a recapitalization of PPI.

On November 19, 2002, the Company acquired Valley Pharmaceuticals, Inc., a privately-held Tennessee corporation formerly known as Photogen, Inc., by merging PPI with and into Valley and naming the surviving corporation Xantech Pharmaceuticals, Inc. Photogen, Inc. was separated from Photogen Technologies, Inc. in a non-pro-rata split-off to some of its shareholders. The assets of Photogen, Inc. consisted primarily of the equipment and intangibles related to its therapeutic activity and were recorded at their fair value. The majority shareholders of Valley were also the majority shareholders of Provectus. Valley had no revenues prior to the transaction with the Company. By acquiring Valley, the Company acquired its intellectual property, including issued U.S. patents and patentable inventions.

3. Basic and Diluted Loss Per Common Share

Basic and diluted loss per common share is computed based on the weighted average number of common shares outstanding. Loss per share excludes the impact of outstanding options and warrants and convertible preferred stock as they are antidilutive. Potential common shares excluded from the calculation at September 30, 2013 and 2012, respectively, relate to 66,238,507 and 26,042,116 from warrants, 15,322,206 and 15,140,956 from options, and 3,705,000 and 2,941,665 from convertible preferred shares.

4. Equity Transactions

(a) During the three months ended March 31, 2013, the Company issued 75,000 shares of common stock to consultants in exchange for services. Consulting costs charged to operations were \$48,750. During the three months ended March 31, 2012, the Company issued 175,000 shares of common stock to consultants in exchange for services. Consulting costs charged to operations were \$160,000.

During the three months ended June 30, 2013, the Company issued 75,000 shares of common stock to consultants in exchange for services. Consulting costs charged to operations were \$49,500. During the three months ended June 30, 2012, the Company issued 75,000 shares of common stock to consultants in exchange for services. Consulting costs charged to operations were \$64,500.

During the three months ended September 30, 2013, the Company issued 75,000 shares of common stock to consultants in exchange for services. Consulting costs charged to operations were \$51,250. During the three months ended September 30, 2012, the Company issued 225,000 shares of common stock to consultants in exchange for services. Consulting costs charged to operations were \$184,750.

As the fair market value of these services was not readily determinable, these services were valued based on the fair market value, determined using the Black-Scholes option-pricing model.

Table of Contents

(b) During the three months ended March 31, 2013, the Company issued 1,924,973 warrants to consultants in exchange for services. Consulting costs charged to operations were \$409,640. During the three months ended March 31, 2013, 859,833 warrants were forfeited. During the three months ended March 31, 2012, the Company issued 1,003,000 warrants to consultants in exchange for services. Consulting costs charged to operations were \$475,668. During the three months ended March 31, 2012, 1,500 warrants were forfeited.

During the three months ended June 30, 2013, the Company issued 2,605,000 warrants to consultants in exchange for services. Consulting costs charged to operations were \$931,655. During the three months ended June 30, 2013, 1,051,500 warrants were forfeited. During the three months ended June 30, 2012, the Company issued 454,500 warrants to consultants in exchange for services. Consulting costs charged to operations were \$183,908. During the three months ended June 30, 2012, 4,368,644 warrants were forfeited.

During the three months ended September 30, 2013, the Company issued 442,000 warrants to consultants in exchange for services. Consulting costs charged to operations were \$186,223. During the three months ended September 30, 2013, 136,500 warrants were forfeited. During the three months ended September 30, 2012, the Company issued 1,732,135 warrants to consultants in exchange for services. Consulting costs charged to operations were \$721,753. During the three months ended September 30, 2012, 122,833 warrants were forfeited.

As the fair market value of these services was not readily determinable, these services were valued based on the fair market value, determined using the Black-Scholes option-pricing model.

(c) The Company determined that warrants issued January 13, 2011 and referred to as Series A Warrants and Series C Warrants should be classified as liabilities in accordance with ASC 815 because the warrants in question contain exercise price reset features that require the exercise price of the warrants be adjusted if the Company issues certain other equity related instruments at a lower price per share. The value of the warrant liability was determined based on the Monte-Carlo Simulation model at the date the warrants were issued. The warrant liability is then revalued at each subsequent quarter. For the three months ended March 31, 2013 and 2012, there was a loss recognized from the revaluation of the warrant liability of \$311,062 and \$148,364, respectively. For the three months ended June 30, 2013 and 2012, there was a gain recognized from the revaluation of the warrant liability of \$221,149 and \$222,546, respectively. For the three months ended September 30, 2013 there was a loss recognized from the revaluation of the warrant liability of \$337,244. For the three months ended September 30, 2012, there was a gain recognized from the revaluation of the warrant liability of \$429,818.

During the three months ended March 31, 2013 the Company completed a private offering of common stock and warrants to accredited investors for gross proceeds of \$4,045,510. The Company accepted subscriptions, in the aggregate, for 5,394,013 shares of common stock and five year warrants to purchase 7,277,264 shares of common stock. Investors received five year fully vested warrants to purchase up to 100% to 150% of the number of shares purchased by the investors in the offering. The warrants have an exercise price of \$1.00 per share. The purchase price for each share of common stock together with the warrants was \$0.75. The Company used the proceeds for working capital and other general corporate purposes. Network 1 Financial Securities, Inc. served as placement agent for the offering. In connection with the offering, the Company paid \$522,640 and issued five year fully vested warrants to purchase 539,401 shares of common stock with an exercise price of \$1.00 to Network 1 Financial Securities, Inc., which represents 10% of the total number of shares of common stock sold to investors solicited by Network 1 Financial Securities, Inc.

During the three months ended June 30, 2013 the Company completed a private offering of common stock and warrants to accredited investors for gross proceeds of \$2,641,501. The Company accepted subscriptions, in the aggregate, for 3,522,001 shares of common stock and five year warrants to purchase 5,283,003 shares of common

stock. Investors received five year fully vested warrants to purchase up to 150% of the number of shares purchased by the investors in the offering. The warrants have an exercise price of \$1.00 per share. The purchase price for each share of common stock together with the warrants was \$0.75. The Company used the proceeds for working capital and other general corporate purposes. Network 1 Financial Securities, Inc. served as placement agent for the offering. In connection with the offering, the Company paid \$314,173, accrued \$32,500 at June 30, 2013 which was paid in July 2013 and issued five year fully vested warrants to purchase 352,200 shares of common stock with an exercise price of \$1.00 to Network 1 Financial Securities, Inc., which represents 10% of the total number of shares of common stock sold to investors solicited by Network 1 Financial Securities, Inc.

During the three months ended September 30, 2013 the Company completed a private offering of common stock and warrants to accredited investors for gross proceeds of \$4,613,037. The Company accepted subscriptions, in the aggregate, for 6,150,718 shares of common stock and five year warrants to purchase 9,226,077 shares of common stock. Investors received five year fully vested warrants to purchase up to 150% of the number of shares purchased by the investors in the offering. The warrants have an exercise price of \$1.00 per share. The purchase price for each share of common stock together with the warrants was \$0.75. The Company used the proceeds for working capital and other general corporate purposes. Network 1 Financial Securities, Inc. served as placement agent for the offering. In connection with the offering, the Company paid \$564,686 and issued five year fully vested warrants to purchase 615,072 shares of common stock with an exercise price of \$1.00 to Network 1 Financial Securities, Inc., which represents 10% of the total number of shares of common stock sold to investors solicited by Network 1 Financial Securities, Inc.

Table of Contents

During the three months ended September 30, 2013 the Company completed a private offering of common stock and warrants to accredited investors for gross proceeds of \$2,687,500. The Company accepted subscriptions, in the aggregate, for 3,583,333 shares of common stock and five year warrants to purchase 5,375,000 shares of common stock. Investors received five year fully vested warrants to purchase up to 150% of the number of shares purchased by the investors in the offering. The warrants have an exercise price of \$1.00 per share. The purchase price for each share of common stock together with the warrants was \$0.75. The Company used the proceeds for working capital and other general corporate purposes. Maxim Group LLC served as placement agent for the offering. In connection with the offering, the Company paid \$349,375 and issued five year fully vested warrants to purchase 358,333 shares of common stock with an exercise price of \$1.00 to Maxim Group LLC, which represents 10% of the total number of shares of common stock sold to investors solicited by Maxim Group LLC.

(d) In March and April 2010, the Company had an issuance of 8% Convertible Preferred Stock with warrants. The Company determined that warrants issued with the 8% convertible preferred stock should be classified as liabilities in accordance with ASC 815 because the warrants in question contain exercise price reset features that require the exercise price of the warrants be adjusted if the Company issues certain other equity related instruments at a lower price per share. The value of the warrant liability was determined based on the Monte-Carlo Simulation model at the date the warrants were issued. The warrant liability is then revalued at each subsequent quarter. For the three months ended March 31, 2013 and 2012, there was a loss recognized from the revaluation of the warrant liability of \$446,698 and \$114,800, respectively. For the three months ended June 30, 2013 and 2012, there was a gain recognized from the revaluation of the warrant liability of \$399,057 and \$229,599, respectively. For the three months ended September 30, 2013 there was a loss recognized from the revaluation of the warrant liability of \$275,279. For the three months ended September 30, 2012, there was a gain recognized from the revaluation of the warrant liability of \$817,099.

Dividends on the 8% Convertible Preferred Stock accrue at an annual rate of 8% of the original issue price and are payable in either cash or common stock. If the dividend is paid in common stock, the number of shares of common stock will equal the quotient of the amount of cash dividends divided by the market price of the stock on the dividend payment date. The dividends are payable quarterly on the 15th day after the quarter-end. The Company anticipates paying the dividends in common stock. The Company has a deficit and, as a result, the dividends are recorded against additional paid-in capital. In January 2013, the Company issued 61,022 shares of common stock in dividends on preferred stock in lieu of cash dividends due as of January 15, 2013. At March 31, 2013, the Company recognized dividends of \$21,921 which are included in dividends on preferred stock on the consolidated statement of operations. During the three months ended March 31, 2013 there were 593,000 shares of the Company's redeemable preferred stock that converted into 593,000 shares of the Company's common stock. In April 2013, the Company issued 29,384 shares of common stock in dividends on preferred stock in lieu of cash dividends due as of April 15, 2013. At June 30, 2013, the Company recognized dividends of \$22,164 which are included in dividends on preferred stock on the consolidated statement of operations. During the three months ended June 30, 2013 there were 403,520 shares of the Company's redeemable preferred stock that converted into 403,520 shares of the Company's common stock. In July 2013, the Company issued 34,598 shares of common stock in dividends on preferred stock in lieu of cash dividends due as of July 15, 2013. At September 30, 2013, the Company recognized dividends of \$10,586 which are included in dividends on preferred stock on the consolidated statement of operations. During the three months ended September 30, 2013 there were 734,999 shares of the Company's redeemable preferred stock that converted into 734,999 shares of the Company's common stock.

(e) On February 22, 2013, the Company entered into a Securities Purchase Agreement with certain accredited investors for the issuance and sale in a private placement of an aggregate of \$2,550,000 of Units at a purchase price of \$0.75 per Unit. Each Unit consists of one share of Series A 8% Convertible Preferred Stock, par value \$.001 per share, and a warrant to purchase one and one-quarter shares of the Company's common stock, par value \$.001 per share (subject to adjustment) at an exercise price of \$1.00 per whole share (subject to adjustment). The total Series A 8%

Convertible Preferred Stock issued was 3,400,001 shares, and the total warrants were 4,250,000. The Company used the net proceeds of the private placement for working capital, FDA trials, securing licensing partnerships, and general corporate purposes.

The Company determined that warrants issued in February, 2013 with the Series A 8% Convertible Preferred Stock should be classified as liabilities in accordance with ASC 815 because the warrants in question contain exercise price reset features that require the exercise price of the warrants be adjusted if the Company issues certain other equity related instruments at a lower price per share. The preferred stock was determined to have characteristics more akin to equity than debt. As a result, the conversion option was determined to be clearly and closely related to the preferred stock and therefore does not need to be bifurcated and classified as a liability. The proceeds received from the issuance of the preferred stock were first allocated to the fair value of the warrants with the remainder allocated to the preferred stock. The fair value of the preferred stock if converted on the date of issuance was greater than the value allocated to the preferred stock. As a result, a beneficial conversion amount was recorded upon issuance. The fair value of the warrants recorded from the February 2013 issuance was \$1,297,950 resulting in a beneficial conversion amount of \$1,025,950. The beneficial conversion has been recorded as a deemed dividend as of March 31, 2013 and is included in dividends on preferred

Table of Contents

stock on the consolidated statements of operations. The value of the warrant liability was determined based on the Monte-Carlo Simulation model at the date the warrants were issued. The warrant liability is then revalued at each subsequent quarter. For the three months ended March 31, 2013 there was a loss recognized from the revaluation of the warrant liability of \$165,750. For the three months ended June 30, 2013 there was a gain recognized from the revaluation of the warrant liability of \$289,000. For the three months ended September 30, 2013 there was a loss recognized from the revaluation of the warrant liability of \$290,275.

Dividends on the Series A 8% Convertible Preferred Stock accrue at an annual rate of 8% of the original issue price and are payable in either cash or common stock. If the dividend is paid in common stock, the number of shares of common stock will equal the quotient of the amount of cash dividends divided by the market price of the stock on the dividend payment date. The dividends are payable quarterly on the 15th day after the quarter-end. The Company anticipates paying the dividends in common stock although was required to pay the initial dividends due in cash. The Company has a deficit and, as a result, the dividends are recorded against additional paid-in capital. At March 31, 2013, the Company recognized dividends of \$29,063 which are included in dividends on preferred stock on the consolidated statement of operations and were paid in April 2013. At June 30, 2013, the Company recognized dividends of \$50,860 which are included in dividends on preferred stock on the consolidated statement of operations. In July 2013, the Company issued 79,401 shares of common stock in dividends on preferred stock in lieu of cash dividends due as of July 15, 2013. At September 30, 2013, the Company recognized dividends of \$28,104 which are included in dividends on preferred stock on the consolidated statement of operations. During the three months ended September 30, 2013 there were 441,667 shares of the Company's Series A 8% Convertible Preferred Stock that converted into 441,667 shares of the Company's common stock.

On June 23, 2013, our agreement with Lincoln Park Capital Fund, LLC expired. On July 22, 2013 the Company entered into a Purchase Agreement with Alpha Capital Anstalt pursuant to which the Company may, in the Company's sole discretion, direct the purchase up to \$30,000,000 of the Company's common stock over the 30-month term of the Purchase Agreement. From time to time during the term of the Purchase Agreement, the Company may, in its sole discretion direct the purchase up to 100,000 shares of the Company's common stock at a per share purchase price equal to the lesser of (i) the lowest sale price of the Company's common stock reported on the OTCQB on the purchase date and (ii) the arithmetic average of the three lowest closing sale prices for the Company's common stock during the 12 consecutive business days ending on the business day immediately preceding the purchase date. The Company may, under certain circumstances, at its discretion, increase the amount of common stock that it sells on each purchase date. The committed obligation under any single regular purchase shall not exceed \$250,000, unless the parties mutually agree to increase the dollar amount of any regular purchase. In no event may Alpha Capital Anstalt purchase shares of the Company's common stock for less than \$0.75 per share. In consideration of entering into the Purchase Agreement and making the commitment to purchase the Purchase Shares, the Company issued 250,000 shares of the Company's common stock to Alpha Capital Anstalt. Costs charged to operations for this commitment fee were \$162,500. The Purchase Agreement may be terminated by the Company at any time, at its discretion, without cost to the Company.

5. Stock-Based Compensation

One employee of the Company exercised 18,750 options at an exercise price of \$0.32 per share of common stock for \$6,000 and 25,000 options at an exercise price of \$0.60 per share of common stock for \$15,000 during the three months ended June 30, 2013. One former non-employee member of the board forfeited 25,000 stock options on May 29, 2013. On August 19, 2013, the Company issued 250,000 stock options to its re-elected members of the board. All of the stock options issued in 2013 vest on the date of grant and have an exercise price equal to the fair market price on the date of issuance. On May 14, 2012, the Company issued 50,000 stock options to a newly appointed member of the board. On June 28, 2012, the Company issued 200,000 stock options to its re-elected members of the board. All of the stock options issued in 2012 vest on the date of grant and have an exercise price equal to the fair

market price on the date of issuance.

The compensation cost relating to stock options issued in 2013 is measured based on the fair value of the stock options issued. For purposes of estimating the fair value of each stock option on the date of grant, the Company utilized the Black-Scholes option-pricing model. The Black-Scholes option valuation model was developed for use in estimating the fair value of traded options, which have no vesting restrictions and are fully transferable. In addition, option valuation models require the input of highly subjective assumptions including the expected volatility factor of the market price of the Company's common stock (as determined by reviewing its historical public market closing prices). Because the Company's employee stock options have characteristics significantly different from those of traded options and because changes in the subjective input assumptions can materially affect the fair value estimate, in management's opinion, the existing models do not necessarily provide a reliable single measure of the fair value of its employee and board member stock options. Included in the results of operations for both the three and nine months ended September 30, 2013 is \$142,310 of stock-based compensation expense which relates to the fair value of stock options. Included in the results of operations for the three and nine months ended September 30, 2012 is \$0 and \$183,028, respectively, of stock-based compensation expense which relates to the fair value of stock options.

Table of Contents

The following is a summary of nonvested stock option activity for the nine months ended September 30, 2013:

	Number of Shares	Weighted Average Grant-Date Fair Value
Nonvested at December 31, 2012		\$
Granted	250,000	\$ 0.57
Vested	(250,000)	\$ 0.57
Canceled		
Nonvested at September 30, 2013		\$

As of September 30, 2013, there was no unrecognized compensation cost related to nonvested share-based compensation arrangements granted under the Plan.

6. Related Party Transaction

The Company paid one non-employee member of the board \$48,000 for consulting services performed as of September 30, 2013. The Company paid another non-employee member of the board \$75,000 for consulting services performed as of September 30, 2013. The Company paid a third non-employee member of the board \$75,000 for consulting services performed as of September 30, 2013.

7. Fair Value of Financial Instruments

The FASB's authoritative guidance on fair value measurements establishes a framework for measuring fair value, and expands disclosure about fair value measurements. This guidance enables the reader of the financial statements to assess the inputs used to develop those measurements by establishing a hierarchy for ranking the quality and reliability of the information used to determine fair values. Under this guidance, assets and liabilities carried at fair value must be classified and disclosed in one of the following three categories:

Level 1: Quoted market prices in active markets for identical assets or liabilities.

Level 2: Observable market based inputs or unobservable inputs that are corroborated by market data.

Level 3: Unobservable inputs that are not corroborated by market data.

In determining the appropriate levels, the Company performs a detailed analysis of the assets and liabilities that are measured and reported on a fair value basis. At each reporting period, all assets and liabilities for which the fair value measurement is based on significant unobservable inputs are classified as Level 3. The fair value of certain of the Company's financial instruments, including Cash and cash equivalents and Accounts payable, approximates the carrying value due to the relatively short maturity of such instruments. The fair value of derivative instruments is determined by management with the assistance of an independent third party valuation specialist. The warrant liability is a derivative instrument and is classified as Level 3. The Company used the Monte-Carlo Simulation model to estimate the fair value of the warrants. Significant assumptions used at March 31, 2013 for the 2010 warrants include a weighted average term of 2.0 years, a 5% probability that the warrant exercise price would be reset, volatility range of 58.0% to 59.1% and a risk free interest rate of 0.25%. Significant assumptions used at June 30, 2013 for the 2010 warrants include a weighted average term of 1.7 years, a 5% probability that the warrant exercise price would be reset,

volatility range of 55.7% to 56.5% and a risk free interest rate of 0.36%. Significant assumptions used at September 30, 2013 for the 2010 warrants include a weighted average term of 1.5 years, a 5% probability that the warrant exercise price would be reset, volatility range of 59.0% to 59.4% and a risk free interest rate of 0.33%. Significant assumptions used at March 31, 2013 for the 2011 warrants include a weighted average term of 2.8 years, a 5% probability that the warrant exercise price would be reset, volatility range of 58.0% to 59.1% and a risk free interest rate of 0.25%. Significant assumptions used at June 30, 2013 for the 2011 warrants include a weighted average term of 2.5 years, a 5% probability that the warrant exercise price would be reset, volatility of 59.1% and a risk free interest rate of 0.66%. Significant assumptions used at September 30, 2013 for the 2011 warrants include a weighted average term of 2.3 years, a 5% probability that the warrant exercise price would be reset, volatility of 58.6% and a risk free interest rate range of 0.33% to 0.63%. Significant assumptions used at March 31, 2013 for the 2013 warrants include a weighted average term of 4.9 years, a 5% probability that the warrant exercise price would be reset, volatility range of 58.0% to 66.7% and a risk free interest rate range of 0.25% to 0.77%. Significant assumptions used at June 30, 2013 for the 2013 warrants include a weighted average term of 4.7 years, a 5% probability that the warrant exercise price would be reset, volatility of 64.6% and a risk free interest rate of 1.41%. Significant assumptions used at September 30, 2013 for the 2013 warrants include a weighted average term of 4.4 years, a 5% probability that the warrant exercise price would be reset, volatility of 64.3% and a risk free interest rate of 1.39%.

Table of Contents

The warrant liability measured at fair value on a recurring basis is as follows:

	Total	Level 1	Level 2	Level 3
Derivative instruments:				
Warrant liability at September 30, 2013	\$ 3,514,622	\$	\$	\$ 3,514,622
Warrant liability at December 31, 2012	\$ 1,299,570	\$	\$	\$ 1,299,570

A reconciliation of the warranty liability measured at fair value on a recurring basis with the use of significant unobservable inputs (Level 3) from January 1, 2013 to September 30, 2013 follows:

Balance at January 1, 2013	\$ 1,299,570
Issuance of warrants	1,297,950
Net loss included in earnings	917,102
Exercise of warrants	
Balance at September 30, 2013	\$ 3,514,622

Table of Contents

ITEM 2. MANAGEMENT S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS.

The following discussion is intended to assist in the understanding and assessment of significant changes and trends related to our results of operations and our financial condition together with our consolidated subsidiaries. This discussion and analysis should be read in conjunction with the accompanying unaudited financial statements, our Annual Report on Form 10-K for the year ended December 31, 2012 (2012 Form 10-K), which includes additional information about our critical accounting policies and practices and risk factors, and Item 1A of Part II of this report, which updates those risk factors. Historical results and percentage relationships set forth in the statement of operations, including trends which might appear, are not necessarily indicative of future operations.

Plan of Operation

We have implemented our integrated business plan, including execution of the current and next phases in clinical development of our pharmaceutical products and continued execution of research programs for new research initiatives.

Our current plans include continuing to operate with our four employees during the immediate future, as well as four primary consultants and various vendor relationships, and anticipate adding additional personnel if necessary in the next 12 months. Our current plans also include minimal purchases of new property, plant and equipment, and increased research and development for additional clinical trials.

We believe that our prescription drug candidates PV-10 and PH-10 provide us with two products in multiple indications, which have been shown in clinical trials to be safe to treat serious cancers and diseases of the skin, and important immunologic data has been corroborated and characterized by institutions such as Moffitt Cancer Center in Tampa, Florida and another leading research facility. We continue to develop clinical trials for these products to show their safety and efficacy, which we believe will continue to be shown based on data in previous studies, and which will result in one or more license transactions with pharmaceutical and or biotech partners. Together with our non-core technologies, which we intend to sell or license in the future, we believe this combination represents the foundation for maximizing shareholder value this year and beyond.

Results of Operations

Comparison of Three and Nine Months Ended September 30, 2013 and September 30, 2012

Revenues

We had no revenue during the three and nine months ended September 30, 2013 and 2012.

Research and Development

Research and development costs of \$1,296,654 for the three months ended September 30, 2013 included payroll of \$411,119, consulting and contract labor of \$451,024, legal of \$93,515, insurance of \$61,049, lab supplies and pharmaceutical preparations of \$258,756, rent and utilities of \$19,641, and depreciation expense of \$1,550. Research and development costs of \$1,129,921 for the three months ended September 30, 2012 included payroll of \$302,064, consulting and contract labor of \$670,449, legal of \$62,568, insurance of \$60,228, lab supplies and pharmaceutical preparations of \$13,122, rent and utilities of \$19,864, and depreciation expense of \$1,626. The decrease in consulting and contract labor is due to decreased costs of current preclinical and clinical trial activity. The increase in lab supplies and pharmaceutical preparations is the result of securing drug substance and drug product for pivotal clinical studies

with the newly patented synthesis of Rose Bengal.

Research and development costs of \$2,815,519 for the nine months ended September 30, 2013 included payroll of \$1,135,095, consulting and contract labor of \$1,006,049, legal of \$174,539, insurance of \$148,549, lab supplies and pharmaceutical preparations of \$290,921, rent and utilities of \$55,716, and depreciation expense of \$4,650. Research and development costs of \$4,352,940 for the nine months ended September 30, 2012 included payroll of \$2,258,622, consulting and contract labor of \$1,737,376, legal of \$178,236, insurance of \$85,228, lab supplies and pharmaceutical preparations of \$32,564, rent and utilities of \$56,335, and depreciation expense of \$4,579. The decrease in payroll is the result of no bonuses being paid during the nine months ended September 30, 2013. The decrease in consulting and contract labor is due to decreased costs of current preclinical and clinical trial activity. The increase in lab supplies and pharmaceutical preparations is the result of securing drug substance and drug product for pivotal clinical studies with the newly patented synthesis of Rose Bengal.

Table of Contents

General and Administrative

General and administrative expenses decreased by \$110,881 in the three months ended September 30, 2013 to \$2,185,756 from \$2,296,637 for the three months ended September 30, 2012. General and administrative expenses were very similar for both periods, although investor relations expense decreased slightly in the three months ended September 30, 2013.

General and administrative expenses decreased by \$363,360 in the nine months ended September 30, 2013 to \$6,864,865 from \$7,228,225 for the nine months ended September 30, 2012. General and administrative expenses were very similar for both periods, although payroll expense was lower for the nine months ended September 30, 2013 versus the nine months ended September 30, 2012 as a result of no bonuses being paid during 2013.

Investment Income

Investment income was insignificant in both the three and nine months ended September 30, 2013 and 2012.

Loss on change in fair value of warrant liability

Loss on change in fair value of warrant liability increased by \$2,149,715 in the three months ended September 30, 2013 to a loss of \$902,798 from a gain of \$1,246,917 for the three months ended September 30, 2012. This activity results from accounting for the warrant liability described in Footnotes 4(c), 4(d), 4(e) and Footnote 7 to the financial statements.

Loss on change in fair value of warrant liability increased by \$2,353,000 in the nine months ended September 30, 2013 to a loss of \$917,102 from a gain of \$1,435,898 for the nine months ended September 30, 2012. This activity results from accounting for the warrant liability described in Footnotes 4(c), 4(d), 4(e) and Footnote 7 to the financial statements.

Liquidity and Capital Resources

Our cash and cash equivalents were \$8,253,591 at September 30, 2013, compared with \$1,221,701 at December 31, 2012. The increase of approximately \$7 million was due primarily to sales of common stock, preferred stock and warrants to purchase common stock in the nine months ended September 30, 2013.

By managing variable cash expenses due to minimal fixed costs, we believe our cash and cash equivalents on hand at September 30, 2013, together with approximately \$6 million received in the three months ending December 31, 2013 due to sales of common stock and warrants, will be sufficient to meet our current and planned operating needs until 2015 without consideration being given to additional cash inflows that might occur from the exercise of existing warrants or future sales of equity securities, although we may, in our sole discretion, direct Alpha Capital Anstalt (Investor) to purchase up to \$30,000,000 of our common stock per an existing agreement with Investor.

We are seeking to improve our cash flow through both the licensure of PH-10 on the basis of our Phase 2 atopic dermatitis and psoriasis results, and primarily the geographic licensure of PV-10 on the basis of our Phase 2 metastatic melanoma and Phase 1 liver results in certain areas of the world, as well as pursuing a strategic investment strategy, including equity sales to potential pharmaceutical and/or biotech partners. In addition, the data now available and forthcoming from Moffitt Cancer Center in Tampa, Florida has been and is expected to be particularly helpful in supporting our development plans with both the FDA and prospective partners. The geographic areas of interest for PV-10 principally include China, India, Japan and Middle East and North Africa (MENA). We are encouraged by the

interest in both PV-10 and PH-10 on a geographic basis and are continuing discussions with potential partners.

We are also considering the global licensure of PV-10 as well since it has come to our attention that this is of interest to potential partners. We have provided data on a confidential basis to both potential global and geographic partners for both PV-10 and PH-10 via a secure electronic data room that is monitored 24 hours a day, seven days a week and houses formal data submissions to the FDA as well as various corporate governance related documents.

We also expect to continue with the majority stake asset sale and licensure of our non-core assets. However, the primary objective of the Company is to strategically monetize the core value of PV-10 and PH-10 through various transactions, leveraging value creation up to and including an appropriate merger and acquisition transaction that includes upfront cash and acquirer stock in exchange for Company ownership as well as a contingency value right to facilitate potential upside post-acquisition. We believe regulatory clarity is determined by specifying the expected approval pathways of both PV-10 and PH-10. This may include the potential for breakthrough therapy designation for PV-10 to treat metastatic melanoma and an accelerated approval path for PV-10 to treat refractory recurrent melanoma. Such clarity will help facilitate transactions with potential partners. Additionally, the existing and forthcoming mechanism of action related clinical and nonclinical data for both PV-10 and PH-10 will further aid in both regulatory clarity and transactions with potential partners.

Table of Contents

However, we cannot assure you that we will be successful in either licensing of PH-10 or PV-10, any equity transaction, or selling a majority stake of the OTC and other non-core assets via a spin-out transaction and licensing our existing non-core products. Moreover, even if we are successful in improving our current cash flow position, we nonetheless plan to seek additional funds to meet our long-term requirements in 2014 and beyond. We anticipate that these funds will otherwise come from the proceeds of private placements, the exercise of existing warrants outstanding, or public offerings of debt or equity securities. While we believe that we have a reasonable basis for our expectation that we will be able to raise additional funds, we cannot assure you that we will be able to complete additional financing in a timely manner. In addition, any such financing may result in significant dilution to shareholders.

Critical Accounting Policies

Management's discussion and analysis of financial condition and results of operations is based upon our consolidated financial statements, which have been prepared in accordance with GAAP. The preparation of these consolidated financial statements requires management to make estimates and judgments that affect the reported amounts of assets, liabilities, revenues and expenses. Management bases its estimates on historical experience and assumptions that are believed to be reasonable under the circumstances, the results of which form the basis for making judgments about the carrying value of assets and liabilities that are not readily apparent from other sources. Actual results may differ from these estimates under different assumptions or conditions. We believe there have been no material changes to the items that we disclosed as our critical accounting policies under Item 7, Management's Discussion and Analysis of Financial Condition and Results of Operations, in our 2012 Form 10-K.

New Accounting Pronouncements

None.

Contractual Obligations - Leases

We lease office and laboratory space in Knoxville, Tennessee, on an annual basis, renewable for one year at our option. We have no lease commitments as of September 30, 2013. We are currently leasing on a month-to-month basis.

ITEM 3. QUANTITATIVE AND QUALITATIVE DISCLOSURES ABOUT MARKET RISK.

We had no holdings of financial or commodity instruments as of September 30, 2013, other than cash and cash equivalents, short-term deposits, money market funds, and interest bearing investments in U.S. governmental debt securities. We have accounted for certain warrants issued in March and April 2010, January 2011 and February 2013 as liabilities at their fair value upon issuance, which are remeasured at each period end with the change in fair value recorded in the statement of operations. See notes 4 and 7 of interim financial statements contained in this Quarterly Report on Form 10-Q.

All of our business is transacted in U.S. dollars and, accordingly, foreign exchange rate fluctuations have not had a significant impact on us, and they are not expected to have a significant impact on us in the foreseeable future.

ITEM 4. CONTROLS AND PROCEDURES.

(a) Evaluation of Disclosure Controls and Procedures. Our chief executive officer and chief financial officer have evaluated the effectiveness of the design and operation of our disclosure controls and procedures (as that term is defined in Rule 13a-15(e) under the Securities Exchange Act of 1934, as amended (the Exchange Act)) as of September 30, 2013, the end of the fiscal quarter covered by this Quarterly Report on Form 10-Q. Based on that evaluation, the chief executive officer and chief financial officer have concluded that our disclosure controls and procedures are effective.

(b) Changes in Internal Controls. There has been no change in our internal control over financial reporting that occurred during the fiscal quarter covered by this Quarterly Report on Form 10-Q that has materially affected, or is reasonably likely to materially affect, our internal control over financial reporting.

Table of Contents

PART II OTHER INFORMATION

ITEM 1. LEGAL PROCEEDINGS.

Except as described below, we are not involved in any legal proceedings nor are we party to any pending claims that we believe could reasonably be expected to have a material adverse effect on our business, financial condition, or results of operations.

On January 2, 2013, Glenn Kleba, derivatively on behalf of the Company as a nominal defendant (the Plaintiff), filed a shareholder derivative complaint in the Circuit Court for the State of Tennessee, Knox County, against H. Craig Dees, Timothy C. Scott, Eric A. Wachter, Stuart Fuchs, Kelly M. McMasters, Alfred E. Smith, IV and Peter R. Culpepper, and against the Company as a nominal defendant (the Shareholder Derivative Complaint). The Shareholder Derivative Complaint alleges (i) breach of fiduciary duties, (ii) waste of corporate assets, and (iii) unjust enrichment, all three claims based on the Plaintiff s allegations that the defendants authorized and/or accepted stock option awards in violation of the terms of the Company s 2002 Stock Plan (the Plan) by issuing stock options in excess of the amounts authorized under the Plan and delegated to defendant H. Craig Dees the sole authority to grant himself and other executive officers of the Company cash bonuses that the Plaintiff alleges to be excessive.

In April 2013, the Company s Board of Directors established a special litigation committee to investigate the allegations of the Shareholder Derivative Complaint and make a determination as to how the matter should be resolved. The special litigation committee has begun its investigation and proceedings in the case have been stayed pending the conclusion of the committee s investigation. In view of the inherent uncertainties of litigation and the early stage of this litigation, the outcome of this case cannot be predicted at this time. Likewise, the amount of any potential loss cannot be reasonably estimated.

ITEM 1A. RISK FACTORS.

There have been no material changes to the risk factors listed in Part I, Item 1A. Risk Factors in our Annual Report on Form 10-K for the year ended December 31, 2012. Such risk factors should be considered carefully with the information provided elsewhere in this report.

ITEM 2. UNREGISTERED SALES OF EQUITY SECURITIES AND USE OF PROCEEDS.

During the three months ended September 30, 2013, the Company issued 75,000 shares of common stock to consultants in exchange for services. On July 22, 2013 the Company entered into a Purchase Agreement with Alpha Capital Anstalt. In consideration of entering into the Purchase Agreement and making the commitment to purchase the Purchase Shares, the Company issued 250,000 shares of the Company s common stock to Alpha Capital Anstalt.

During the three months ended September 30, 2013, the Company issued 442,000 warrants to consultants in exchange for services.

During the three months ended September 30, 2013 the Company completed a private offering of common stock and warrants to accredited investors for gross proceeds of \$4,613,037. The Company accepted subscriptions, in the aggregate, for 6,150,718 shares of common stock and five year warrants to purchase 9,226,077 shares of common stock. Investors received five year fully vested warrants to purchase up to 150% of the number of shares purchased by

the investors in the offering. The warrants have an exercise price of \$1.00 per share. The purchase price for each share of common stock together with the warrants was \$0.75. The Company used the proceeds for working capital and other general corporate purposes. Network 1 Financial Securities, Inc. served as placement agent for the offering. In connection with the offering, the Company paid \$564,686 and issued five year fully vested warrants to purchase 615,072 shares of common stock with an exercise price of \$1.00 to Network 1 Financial Securities, Inc., which represents 10% of the total number of shares of common stock sold to investors solicited by Network 1 Financial Securities, Inc.

During the three months ended September 30, 2013 the Company completed a private offering of common stock and warrants to accredited investors for gross proceeds of \$2,687,500. The Company accepted subscriptions, in the aggregate, for 3,583,333 shares of common stock and five year warrants to purchase 5,375,000 shares of common stock. Investors received five year fully vested warrants to purchase up to 150% of the number of shares purchased by the investors in the offering. The warrants have an exercise price of \$1.00 per share. The purchase price for each share of common stock together with the warrants was \$0.75. The Company used the proceeds for working capital and other general corporate purposes. Maxim Group LLC served as placement agent for the offering. In connection with the offering, the Company paid \$349,375 and issued five year fully vested warrants to purchase 358,333 shares of common stock with an exercise price of \$1.00 to Maxim Group LLC, which represents 10% of the total number of shares of common stock sold to investors solicited by Maxim Group LLC.

The issuances of the securities were exempt from the registration requirements of the Securities Act of 1933 by virtue of Section 4(2) and Regulation D thereunder as transactions not involving a public offering.

The Company has used and intends to use the net proceeds of these issuances for working capital, FDA trials, securing licensing partnerships, and general corporate purposes.

CERTIFICATION

I, H. Craig Dees, Ph.D., certify that:

1. I have reviewed this Quarterly Report on Form 10-Q of Provectus Pharmaceuticals, Inc.;
2. Based on my knowledge, this report does not contain any untrue statement of a material fact or omit to state a material fact necessary to make the statements made, in light of the circumstances under which such statements were made, not misleading with respect to the period covered by this report;
3. Based on my knowledge, the financial statements, and other financial information included in this report, fairly present in all material respects the financial condition, results of operations and cash flows of the registrant as of, and for, the periods presented in this report;
4. The registrant's other certifying officer(s) and I are responsible for establishing and maintaining disclosure controls and procedures (as defined in Exchange Act Rules 13a-15(e) and 15d-15(e)) and internal control over financial reporting (as defined in Exchange Act Rule 13a-15(f) and 15d-15(f)) for the registrant and have:
 - (a) Designed such disclosure controls and procedures, or caused such disclosure controls and procedures to be designed under our supervision, to ensure that material information relating to the registrant, including its consolidated subsidiaries, is made known to us by others within those entities, particularly during the period in which this report is being prepared;
 - (b) Designed such internal control over financial reporting, or caused such internal control over financial reporting to be designed under our supervision, to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles;
 - (c) Evaluated the effectiveness of the registrant's disclosure controls and procedures and presented in this report our conclusions about the effectiveness of the disclosure controls and procedures, as of the end of the period covered by this report based on such evaluation;
 - (d) Disclosed in this report any change in the registrant's internal control over financial reporting that occurred during the registrant's most recent fiscal quarter (the registrant's fourth fiscal quarter in the case of an annual report) that has materially affected, or is reasonably likely to materially affect, the registrant's internal control over financial reporting; and

5. The registrant's other certifying officer(s) and I have disclosed, based on our most recent evaluation of internal control over financial reporting, to the registrant's auditors and the audit committee of the registrant's board of directors (or persons performing the equivalent functions):
- (a) All significant deficiencies and material weaknesses in the design or operation of internal control over financial reporting which are reasonably likely to adversely affect the registrant's ability to record, process, summarize and report financial information; and
 - (b) Any fraud, whether or not material, that involves management or other employees who have a significant role in the registrant's internal control over financial reporting.

CERTIFICATION

I, Peter R. Culpepper, certify that:

1. I have reviewed this Quarterly Report on Form 10-Q of Provectus Pharmaceuticals, Inc.;
2. Based on my knowledge, this report does not contain any untrue statement of a material fact or omit to state a material fact necessary to make the statements made, in light of the circumstances under which such statements were made, not misleading with respect to the period covered by this report;
3. Based on my knowledge, the financial statements, and other financial information included in this report, fairly present in all material respects the financial condition, results of operations and cash flows of the registrant as of, and for, the periods presented in this report;
4. The registrant's other certifying officer(s) and I are responsible for establishing and maintaining disclosure controls and procedures (as defined in Exchange Act Rules 13a-15(e) and 15d-15(e)) and internal control over financial reporting (as defined in Exchange Act Rule 13a-15(f) and 15d-15(f)) for the registrant and have:
 - (a) Designed such disclosure controls and procedures, or caused such disclosure controls and procedures to be designed under our supervision, to ensure that material information relating to the registrant, including its consolidated subsidiaries, is made known to us by others within those entities, particularly during the period in which this report is being prepared;
 - (b) Designed such internal control over financial reporting, or caused such internal control over financial reporting to be designed under our supervision, to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles;
 - (c) Evaluated the effectiveness of the registrant's disclosure controls and procedures and presented in this report our conclusions about the effectiveness of the disclosure controls and procedures, as of the end of the period covered by this report based on such evaluation;
 - (d) Disclosed in this report any change in the registrant's internal control over financial reporting that occurred during the registrant's most recent fiscal quarter (the registrant's fourth fiscal quarter in the case of an annual report) that has materially affected, or is reasonably likely to materially affect, the registrant's internal control over financial reporting; and

5. The registrant's other certifying officer(s) and I have disclosed, based on our most recent evaluation of internal control over financial reporting, to the registrant's auditors and the audit committee of the registrant's board of directors (or persons performing the equivalent functions):
- (a) All significant deficiencies and material weaknesses in the design or operation of internal control over financial reporting which are reasonably likely to adversely affect the registrant's ability to record, process, summarize and report financial information; and
 - (b) Any fraud, whether or not material, that involves management or other employees who have a significant role in the registrant's internal control over financial reporting.

**CERTIFICATION PURSUANT TO RULE 13a-14(b) UNDER
THE SECURITIES EXCHANGE ACT OF 1934 AND
SECTION 1350 OF CHAPTER 63 OF TITLE 18 OF THE UNITED STATES CODE**

Each of the undersigned, H. Craig Dees, the Chief Executive Officer of Provectus Pharmaceuticals, Inc. (the Company), and Peter R. Culpepper, Chief Financial Officer and Chief Operating Officer of the Company, certifies, pursuant to Rule 13a-14(b) under the Securities and Exchange Act of 1934 (the Exchange Act) and Section 1350 of Chapter 63 of Title 18 of the United States Code, that (1) this Quarterly Report on Form 10-Q for the quarter ended September 30, 2013, fully complies with the requirements of Section 13(a) or 15(d) of the Exchange Act, and (2) the information contained in this report fairly presents, in all material respects, the financial condition and results of operations of the Company.

This Certification is signed on November 11, 2013.
