The Board recommends that you vote FOR the capital reduction proposal.

QUESTIONS AND ANSWERS ABOUT THE MEETING AND VOTING

Why did I receive these proxy materials?

We are providing this Meeting notice, proxy statement and proxy card (collectively, the proxy materials) in connection with the solicitation by our Board of proxies to be voted at the Meeting, as well as any continuation, adjournment or postponement thereof. This proxy statement contains information you should consider when deciding how to vote in connection with the Meeting. We are first sending the proxy materials to shareholders on or about July [], 2014.

What is the purpose of the Meeting?

To consider and approve the capital reduction proposal, pursuant to which we will implement a reduction of capital through a customary court-approved process in the United Kingdom to ensure that we will continue to have sufficient distributable reserves under English law to enable us to pay regular dividends and to make future distributions or repurchase our shares as determined by the Board. The capital reduction proposal is discussed in further detail below.

Why am I being asked to approve a capital reduction?

Under English law, with limited exceptions, we generally may only pay dividends, make distributions or repurchase shares out of distributable reserves on our parent company stand-alone balance sheet, without regard to our consolidated financial statements. Under English law, distributable reserves are a company's accumulated, realized profits, so far as not previously utilized by distribution or capitalization, less its accumulated, realized losses, so far as not previously written off in a reduction or reorganization of capital duly made, calculated on a standalone basis.

In addition, we will not be permitted to pay dividends, make distributions or repurchase shares (i) if, at the time, the amount of our net assets (total excess of assets over liabilities) is less than the aggregate of our called up share capital and undistributable reserves or (ii) to the extent that the distribution would reduce the net assets below such amount.

As announced in January 2014, the Board approved a quarterly cash dividend policy. The first such quarterly dividend was declared in April 2014 in an amount of US\$0.10 per Class A Ordinary Share. While we generally anticipate that our subsidiaries will continue to make distributions up to our parent company over time in order to increase accumulated distributable reserves, we believe that it is in the best interests of the Company and its shareholders to complete a capital reduction to preserve flexibility to continue to pay regular dividends and to make future distributions or repurchase our shares as determined by the Board.

What will happen if shareholders do not approve the capital reduction proposal?

If shareholders do not approve the capital reduction proposal, future dividends will continue to be paid from accumulated distributable reserves to the extent permitted under English law. Distributable reserves would increase as we make distributions from our subsidiaries up to our parent company and decrease as we pay dividends to

shareholders and buy back shares. If distributable reserves become insufficient to pay future dividends, we may undertake other methods permitted under English law to achieve a reduction of capital to allow us to pay regular dividends and to make future distributions or repurchase our shares. These efforts may include certain customary intra-group reorganizations, which are established

Table of Contents

and often-used alternatives for the creation of distributable reserves in a U.K. public company, but which we believe are less advantageous than the court-approved capital reduction proposal. We therefore are asking shareholders to approve the capital reduction proposal at the Meeting.

What are the requirements to approve the capital reduction proposal and what is the Board's recommendation on how I should vote my Class A Ordinary Shares?

For the purposes of the Meeting, the shareholders present in person or by proxy who represent at least a majority of our shares entitled to vote at the Meeting will constitute a quorum.

You may cast your vote **FOR** or **AGAINST** the capital reduction proposal or **ABSTAIN** from voting your shares on the proposal. The capital reduction proposal is being proposed as a special resolution, which means the proposal will be approved if 75% of the votes cast are cast in favor of the proposal, assuming a quorum is present. Abstentions and broker non-votes are treated as shares that are present for purposes of determining whether there is a quorum, but will not be considered in determining the number of votes necessary for approval of the capital reduction proposal.

*The Board recommends that you vote **FOR** the capital reduction proposal.*

When and where is the Meeting, and who may attend?

The Meeting will be held on Friday, August 15, 2014, beginning at 8:00 a.m., London time (3:00 a.m., New York time) at the Four Seasons Hotel, Hamilton Place, Park Lane, London, United Kingdom W1J 7DR. Only shareholders who own shares as of June 19, 2014 (the record date) may attend the Meeting. Each shareholder may be asked to present valid picture identification, such as a driver's license or passport. Shareholders holding shares in street name through brokerage accounts or by a bank or other nominee may be asked to show a brokerage statement or account statement reflecting share ownership as of the record date in order to obtain admittance to the Meeting. Cameras, recording devices and other electronic devices will not be permitted at the Meeting.

Who is entitled to vote at the Meeting?

You are entitled to vote at the Meeting or any adjournment or postponement thereof if you owned shares as of the close of business on the record date. As of the record date, there were approximately [] outstanding shares entitled to vote at the Meeting. Subject to disenfranchisement in accordance with applicable law and/or our Articles of Association, each share is entitled to one vote on each matter properly brought before the Meeting. No other class of securities is entitled to vote at the Meeting. Pursuant to our Articles of Association, cumulative voting rights are prohibited.

A complete list of shareholders of record entitled to vote will be open to the examination of any shareholder for any purpose relevant to the Meeting for a period of 10 days prior to the Meeting at our offices in Houston, Texas during ordinary business hours. This list will also be available at the location of the Meeting and open to the examination of any shareholder present at the Meeting.

What is a proxy statement and what is a proxy?

A proxy statement is a document that U.S. Securities and Exchange Commission (SEC) regulations require us to provide you when we ask you to sign a proxy designating individuals to vote on your behalf. A proxy is your legal designation of another person to vote the shares you own. That other person is called a proxy. If you designate someone as your proxy in a written document, that document is also called a proxy or a proxy card. We have

designated the following individuals as proxies for the Meeting: Melanie M. Trent, Greg Hatfield, Nick Postolos, Heather McLemore and Sir Graham Hearne.

Who is soliciting my proxy to vote my shares?

Our Board is soliciting your proxy for our representatives to vote your shares. Your proxy will be effective for the Meeting and at any adjournment or postponement of that Meeting.

Table of Contents

Why did I receive a notice of Internet availability of proxy materials instead of printed proxy materials?

Pursuant to rules adopted by the SEC, we have elected to provide access to our proxy materials over the Internet. Accordingly, we are sending a notice of Internet availability of proxy materials (the notice) to our shareholders. All shareholders will have the ability to access the proxy materials on the website referenced in the notice. You may also request to receive a printed set of the proxy materials. The notice contains instructions on how to access this proxy statement, how to vote online or how to request a printed copy by mail. We encourage you to take advantage of the proxy materials on the Internet. By opting to receive the notice of availability and accessing your proxy materials online, you will save us the cost of producing and mailing documents and reduce the amount of mail you receive and help preserve environmental resources.

Why did I not receive a notice of the Internet availability of proxy materials?

If you elected to receive proxy materials by mail or e-mail for any of your holdings in the past, you were automatically enrolled in the same process for all of your share holdings this year. If you would like to change the method of delivery, please follow the instructions in the notice or in the question entitled *Can I choose the method in which I receive future proxy materials?* below.

Can I receive paper copies of the proxy materials?

You may request paper copies of the proxy materials by calling +1-800-579-1639, using the website www.proxyvote.com, by e-mail at sendmaterial@proxyvote.com or by writing to Vote Processing, c/o Broadridge, 51 Mercedes Way, Edgewood, NY 11717.

Can I choose the method in which I receive future proxy materials?

There are three methods by which shareholders of record and beneficial owners may receive future proxy materials or notice thereof:

Notice and Access: We furnish proxy materials over the Internet and mail the notice to most shareholders.

E-Mail: If you would like to have earlier access to proxy materials and reduce our costs of printing and delivering the proxy materials, you can instruct us to send all future proxy materials to you via e-mail. If you request future proxy materials via e-mail, you will receive an e-mail next year with instructions containing a link to those materials and a link to the proxy voting website. Your election to receive proxy materials via e-mail will remain in effect until you change it. If you desire to receive all future materials electronically, please visit www.proxyvote.com and, when prompted, indicate that you agree to receive or access shareholder communications electronically in future years.

Mail: You may request distribution of paper copies of future proxy materials by mail by calling +1-800-579-1639, using the website www.proxyvote.com, by e-mail at sendmaterial@proxyvote.com or by writing to Vote Processing, c/o Broadridge, 51 Mercedes Way, Edgewood, NY 11717.

How do I vote my shares?

Beneficial holders. If your shares are held in a stock brokerage account or by a broker, bank or other nominee, you are considered to hold shares in street name. If you hold shares in street name, you should follow the directions provided by your broker, bank or other nominee. You may submit instructions by telephone or via the Internet to your broker, bank or other nominee, or request and return a paper proxy card to your broker, bank or other nominee. We will distribute written ballots to anyone who wants to vote in person at the Meeting. If you hold shares in street name, you must obtain a legal proxy from your broker, bank or other nominee and present it to the inspector of election with your ballot to be able to vote at the Meeting.

Table of Contents

Registered holders. If you are registered holder on our register of members, you are considered a shareholder of record with respect to those shares. If you are a shareholder of record, you may appoint a proxy to vote on your behalf using any of the following methods:

by telephone using the toll-free telephone number shown on the proxy card;

via the Internet as instructed on the proxy card;

by completing and signing the proxy card and returning it in the prepaid envelope provided; or

by written ballot at the Meeting.

Telephone and Internet proxy appointment facilities for shareholders of record will be available 24 hours a day. If you give instructions as to your proxy appointment by telephone or via the Internet, such instructions must be received by 11:59 p.m. (New York time) on August 13, 2014. If you properly give instructions as to your proxy appointment by telephone, via the Internet or by executing and returning a paper proxy card, and your proxy appointment is not subsequently revoked, your shares will be voted in accordance with your instructions.

How will my shares be voted if I do not specify how they should be voted?

If your proxy does not indicate how you want your shares to be voted, your shares will be voted by the persons appointed as proxies in accordance with the recommendations of the Board.

Can I change my vote?

If you hold shares in street name, you may submit new voting instructions by contacting your broker, bank or other nominee. You may also vote in person at the Meeting if you obtain a legal proxy as described in the question entitled *How do I vote my shares?*

If you are a shareholder of record, you can change your vote or revoke your proxy at any time before the Meeting by:

entering a later-dated proxy by telephone or via the Internet;

delivering a valid, later-dated proxy card;

sending written notice to the Office of the Secretary; or

voting by ballot in person at the Meeting.

All shares that have been properly voted and not revoked will be voted at the Meeting. Attending the Meeting without taking further action will not automatically revoke your prior telephone or Internet vote or your proxy.

If you hold shares in street name through a broker, will my broker vote my shares for me?

We believe that a vote on the capital reduction proposal will be regarded as a non-discretionary matter under NYSE rules. As a result, your broker may not vote your shares if you have not provided voting instructions. Such broker non-votes will be considered present at the Meeting for purposes of determining a quorum, but will have no effect for purposes of determining whether the capital reduction proposal has been approved.

What happens if I abstain or withhold my vote on any proposal?

Abstentions will be considered present at the Meeting for purposes of determining a quorum, but will not be considered in determining the number of votes necessary for approval of the capital reduction proposal.

CAPITAL REDUCTION PROPOSAL

The capital reduction proposal would enhance our flexibility to return capital to our shareholders in the form of dividends and future distributions or share repurchases, and the Board recommends that that you vote FOR this proposal.

As a U.K. public company governed by the U.K. Companies Act 2006, we generally may only pay dividends, make distributions and repurchase shares out of distributable reserves on our parent company stand-alone balance sheet, without regard to our consolidated financial statements. Under English law, distributable reserves are a company's accumulated, realized profits, so far as not previously utilized by distribution or capitalization, less its accumulated, realized losses, so far as not previously written off in a reduction or reorganization of capital duly made, calculated on a standalone basis.

In addition, we are not permitted to pay dividends, make distributions or repurchase shares (i) if, at the time, the amount of our net assets (total excess of assets over liabilities) is less than the aggregate of our called up share capital and undistributable reserves or (ii) to the extent that the distribution would reduce the net assets below such amount. Our undistributable reserves include our capital contribution reserves noted below.

As announced in January 2014, the Board approved a quarterly cash dividend policy. The first such quarterly dividend was declared in April 2014 in an amount of US\$0.10 per Class A Ordinary Share. This dividend was paid, and future dividends will be paid from accumulated distributable reserves, which increase as we make distributions from our subsidiaries up to our parent company and decrease as we pay dividends to shareholders and buy back shares.

On the basis of our last filed interim unaudited U.K. statutory accounts, as of January 16, 2014, our parent company had approximately US\$91 million of distributable reserves which, absent an impairment, is expected to be sufficient to cover estimated dividend payments through the remainder of 2014 under our annual dividend policy. While we generally anticipate that our subsidiaries will be able to continue to make distributions up to our parent company over time in order to increase accumulated distributable reserves, we believe that it is in the best interests of the Company and its shareholders to complete a capital reduction to preserve flexibility to continue to pay regular dividends and to make future distributions or repurchase our shares as determined by the Board.

In order to accomplish the capital reduction, and as is customary in similar situations under U.K. law, the Board proposes that:

US\$2.0 billion of our capital contribution reserves be capitalized by issuing newly-created capital reduction shares (the "Capital Reduction Shares"); and

the Capital Reduction Shares be cancelled and the US\$2.0 billion par value of those shares be credited to our distributable reserves account.

This process is known under English law as a reduction of capital and is a customary court-approved process in the U.K. Following the capital reduction, the distributable reserves on our parent company stand-alone balance sheet would be increased by a total of US\$2.0 billion. The capital reduction would not change the total amount of shareholders' equity as reflected on our balance sheet.

If the capital reduction proposal is approved by shareholders at the Meeting, then we must obtain an order of the U.K. Court that the Capital Reduction Shares be cancelled, followed by delivery and registration of the Court order with the Registrar of Companies in the United Kingdom before the capital reduction becomes effective.

The Court only has the power to reduce share capital and other statutory reserves, including share premium and capital reserves, but not capital contribution reserves. Therefore, it is necessary that we first convert our capital contribution reserves to share capital (in the form of Capital Reduction Shares), in order for the Court thereafter to be able to cancel the Capital Reduction Shares and effectively convert the capital contribution reserves to distributable reserves.

Table of Contents

It is proposed that US\$2.0 billion of our capital contribution reserve be used to pay in full for new Capital Reduction Shares prior to the Court hearing. At our election, the Capital Reduction Shares will then be allotted and issued either as a bonus issue to holders of Class A Ordinary Shares at a record time to be determined by the Board on the basis of one Capital Reduction Share for every one Class A Ordinary Share or to one or more of our affiliates or a trust selected by the Board.

The Capital Reduction Shares will have extremely limited rights. In particular, the Capital Reduction Shares will carry no right (i) to receive any dividends or other distribution, whether capital or income, (ii) to receive notice of, or to attend or vote at, any general meeting of shareholders, (iii) to participate in the profits of the Company, or (iv) to participate in the Company's assets, except on a winding-up of the Company. We will have the right to cancel the Capital Reduction Shares without making any payment to the holders thereof. The Capital Reduction Shares will be transferable, but no market will exist for them.

It is anticipated that the Court will confirm the cancellation of the Capital Reduction Shares at the Court hearing on the day immediately after they have been issued. Accordingly, the Capital Reduction Shares will not be registered with the SEC or admitted to trading on the NYSE or any other market. No share certificates will be issued in respect of the Capital Reduction Shares.

In order to approve the proposed cancellation of the Capital Reduction Shares, the Court will need to be satisfied that the interests of our creditors will not be prejudiced as a result of the cancellation. In order to accomplish this, we will need to satisfy the Court that there is no real likelihood that the capital reduction would result in us being unable to discharge the debts or claims of any creditor when they fall due, giving such undertakings or other form of creditor protection as the Court may require for the benefit of our creditors on the date that the capital reduction becomes effective. The terms upon which the Court is willing to confirm the proposed cancellation are, ultimately, for the Court to determine, and we will provide the Court with such undertakings as we deem appropriate. While we believe that the process described above required to implement the capital reduction is customary in similar situations under U.K. law, if the U.K. Court does not approve the reduction of capital, the Company may cancel or repurchase the Capital Reduction Shares at any time without the approval of the holders of the Capital Reduction Shares (such purchase price not to exceed in the aggregate US\$0.01 for all outstanding Capital Reduction Shares). In such event, no corresponding credit will be made to our distributable reserves account upon the cancellation or repurchase of the Capital Reduction Shares.

It is anticipated that the initial Court hearing will take place in early September 2014. We expect that the final Court hearing will take place and the capital reduction will become effective two to three weeks following the initial Court hearing, following the necessary registration of the Court order.

The capital reduction will not involve us making any distribution or repayment of capital and will not reduce our underlying net assets. The distributable reserves arising from the capital reduction will, subject to the discharge of any undertakings required by the Court as explained above, provide flexibility and enhance our ability to continue to pay regular dividends and to make future distributions or repurchase our shares as determined by the Board.

Recommendation of the Board

The Board recommends that you vote FOR the capital reduction proposal. If no indication is given as to how you want your shares to be voted, the persons designated as proxies will vote the proxies received **FOR** the capital reduction proposal.

ADDITIONAL INFORMATION

General and Other Matters

Article 45.2 of our Articles of Association limits the business transacted at the Meeting to the purposes stated in the notice of the Meeting. We have not been notified of, and our Board is not aware of, any other matters to be presented for action at the Meeting. As such, the capital reduction proposal is the only matter that will be brought before the Meeting.

Dissenters Right of Appraisal

No action that will be taken in connection with the matters described in this proxy statement provide for a right of dissent or appraisal with respect to a shareholders shares under English law or our Articles of Association.

Householding

SEC rules now allow us to deliver a single copy of the notice (or proxy materials in the case of shareholders who receive paper copies of such materials) to any household at which two or more shareholders reside if we believe the shareholders are members of the same family. This rule benefits both you and the Company. We believe it eliminates wasteful duplicate mailings and reduces our printing and mailing costs. This rule applies to any annual report or proxy statement. Each shareholder will continue to receive a separate proxy card or voting instruction card.

Your household may have received a single set of the notice (or proxy materials in the case of shareholders who receive paper copies of such materials). If you prefer to receive your own copy, or if you have received multiple copies and prefer a single set, please make your request by calling +1-800-579-1639, using the website www.proxyvote.com, by e-mail at sendmaterial@proxyvote.com or in writing to Vote Processing, c/o Broadridge, 51 Mercedes Way, Edgewood, NY 11717.

If a broker, bank or other nominee holds your shares, you may continue to receive some duplicate mailings. Certain brokers will eliminate duplicate account mailings by allowing shareholders to consent to such elimination, or through implied consent if a shareholder does not request continuation of duplicate mailings. Since not all brokers and nominees may offer shareholders the opportunity to eliminate duplicate mailings, you may need to contact your broker, bank or nominee directly to discontinue duplicate mailings to your household.

If you received multiple notices or proxy cards in connection with the Meeting, please sign, date and return all proxy cards or use each proxy card or notice to vote by telephone or via the Internet to ensure that all of your shares are voted.
