QUESTIONS AND ANSWERS ABOUT THE ANNUAL MEETING

Q. Why am I receiving these materials?

The Board of Directors (the Board) of Stereotaxis, Inc. (the Company) is soliciting proxies from the Company's shareholders in connection with its 2016 Annual Meeting of Shareholders to be held on May 24, 2016, and any and all adjournments and postponements thereof. You are encouraged to vote on the proposals presented in these proxy materials. You are invited to attend the Annual Meeting, but you do not have to attend to vote.

Q. When and where is the Annual Meeting?

We will hold the Annual Meeting of Shareholders on May 24, 2016, at 9:00 a.m., Central Daylight Time, at our principal executive offices located at 4320 Forest Park Avenue, Suite 100, St. Louis, Missouri 63108.

Q. Why did I receive a notice in the mail regarding the Internet availability of proxy materials instead of a full set of proxy materials?

In accordance with rules adopted by the Securities and Exchange Commission (the SEC), we may furnish proxy materials, including this proxy statement and our 2015 Annual Report on Form 10-K to our shareholders by providing access to such documents on the Internet instead of mailing printed copies. Most shareholders will not receive printed copies of the proxy materials unless they request them. Instead, the Notice, which was mailed to most of our shareholders, will instruct you as to how you may access and review all of the proxy materials on the Internet. The Notice also instructs you as to how you may submit your proxy on the Internet. If you would like to receive a paper or email copy of our proxy materials, you should follow the instructions for requesting such materials in the Notice.

Q. How do I get electronic access to the proxy materials?

The Notice will provide you with instructions regarding how to view our proxy materials for the Annual Meeting on the Internet.

Q. Who is entitled to vote?

You are entitled to vote if you were a shareholder of record of shares of our common stock at the close of business on March 28, 2016 (the Record Date). On March 28, 2016, there were 21,667,941 shares of our common stock outstanding and entitled to vote and no shares of our preferred stock outstanding.

Q. What am I being asked to vote on?

We are asking our shareholders to (1) elect three Class III Directors to serve until our 2019 Annual Meeting of Shareholders, (2) ratify the appointment of Ernst & Young LLP as our independent registered public accounting firm for the 2016 fiscal year, (3) approve, by non-binding vote, executive compensation, (4) approve an amendment to our 2012 Stock Incentive Plan to increase the number of shares authorized for issuance thereunder by 1,500,000 and (5) transact such other business as may properly come before the meeting.

Q. What do I do if my shares of common stock are held in street name at a bank or brokerage firm?

If your shares are held in an account at a brokerage firm, bank, broker-dealer, trust or other similar organization, like the vast majority of our shareholders, you are considered the beneficial owner of shares held in street name, and the Notice was forwarded to you by that organization. As the beneficial owner, you have the right to direct your broker, bank, trustee or nominee how to vote your shares, and you are invited to attend the Annual Meeting.

Q. How do I vote?

Edgar Filing: Stereotaxis, Inc. - Form DEF 14A

Whether or not you expect to be present in person at the Annual Meeting, you are requested to vote your shares. Most shareholders will be able to choose whether they wish to vote using the Internet, by telephone or by mail. The availability of Internet voting or telephone voting for shareholders whose shares are held in street name by a bank or a broker may depend on the voting processes of that organization. If you vote using the Internet, you may incur costs such as telephone and Internet access charges for which you will be responsible. Internet and telephone voting facilities will be available 24 hours a day and will close at 11:59 p.m., Eastern Daylight Time, on May 23, 2016, the day before the date of the Annual Meeting. If you hold your shares directly as a shareholder of record and you attend the meeting, you may vote by ballot. If you hold your shares in street name through a bank or broker and you wish to vote at the meeting, you must obtain a proxy, executed in your favor, from your bank or broker.

Whether you hold shares directly as the shareholder of record or beneficially in street name, you may direct

Table of Contents

how your shares are voted without attending the Annual Meeting. If you are a shareholder of record, you may vote by proxy. You can vote by proxy over the Internet by following the instructions provided in the Notice or if you requested to receive printed proxy materials, you can also vote by mail, telephone, or the Internet pursuant to instructions provided on the proxy card. If you hold shares beneficially in street name, you may vote by proxy over the Internet by following the instructions provided in the Notice, or, if you requested to receive printed proxy materials, you can also vote by following the voting instruction card provided to you by your broker, bank, trustee or nominee.

Q. What if I want to change my vote?

If you are a shareholder of record, you can revoke your proxy at any time before it is voted at the Annual Meeting by:

timely delivering a properly executed, later-dated proxy;

submitting a later vote by Internet or telephone any time prior to 11:59 p.m., Eastern Daylight Time, on May 23, 2016;

delivering a written revocation of your proxy to our Secretary at our principal executive offices; or

voting by ballot at the meeting.

If your shares are held in the name of a bank or brokerage firm, you may change your vote by submitting new voting instructions to your bank or broker following the instructions that they provide.

Q. What vote of the shareholders is needed?

No business can be conducted at the Annual Meeting unless a majority of the outstanding shares of common stock entitled to vote is present in person or represented by proxy at the meeting. Each share of our common stock is entitled to one vote with respect to each matter on which it is entitled to vote. A plurality of the shares entitled to vote and present in person or by proxy at the meeting must be voted **FOR** a director nominee. A majority of shares entitled to vote and present in person or by proxy at the meeting must be voted **FOR** the ratification of Ernst & Young LLP as our independent registered public accounting firm for the 2016 fiscal year, **FOR** the non-binding approval of executive compensation, and **FOR** the amendment to our 2012 Stock Incentive Plan.

Q. What happens if I request a paper copy of proxy material and return my signed proxy card but forget to indicate how I want my shares of common stock voted?

If you sign, date and return your proxy and do not mark how you want to vote, your proxy will be counted as a vote **FOR** all of the nominees for directors, **FOR** the ratification of our independent registered public accounting firm, **FOR** the approval of executive compensation, and **FOR** the amendment to our 2012 Stock Incentive Plan, and in the discretion of the proxy holders for such other business as may properly come before the meeting.

Q. What happens if I do not instruct my broker how to vote or if I indicate I wish to abstain on the proxy?

If you hold shares in street name through a broker or other nominee and do not vote your shares or provide voting instructions, your broker may vote for you on routine proposals but not on non-routine proposals. The ratification of the Company's auditor is considered routine, but all of our other proposals are non-routine. Therefore, if you do not vote on the non-routine proposals or provide voting instructions, your broker will not be allowed to vote your shares. This will result in a broker non-vote. Broker non-votes are not counted as shares present and entitled to vote so they will not affect the outcome of the vote.

If you indicate that you wish to abstain, your vote will have the same effect as a vote against the proposal or the election of the applicable director.

Q. What if other matters are voted on at the Annual Meeting?

If any other matters are properly presented for consideration at the Annual Meeting and you have voted your shares by Internet, telephone or mail, the persons named as proxies in your proxy will have the discretion to vote on those matters for you. As of the date we filed this proxy statement with the Securities and Exchange Commission, the Board of Directors did not know of any other matter to be presented at the Annual Meeting.

Q. What do I need to do if I plan to attend the meeting in person?

All shareholders must present a form of personal identification in order to be admitted to the meeting. If your shares are held in the name of a bank, broker or other holder of record, you also must present proof of your ownership, such as a bank or brokerage account statement, to be admitted to the meeting.

CORPORATE GOVERNANCE INFORMATION

Board Leadership Structure and Board Role in Risk Oversight

William C. Mills III serves as the chairman of the Board and our chief executive officer. In February 2015, the Board appointed David W. Benfer as the lead independent director. The Board believes that it should have flexibility to make the determination of whether the same person should serve as both the chief executive officer and chairman of the board or if the roles should be separate. The Board believes that its current leadership structure, with Mr. Mills serving as both chief executive officer and chairman of the Board and Mr. Benfer serving as lead independent director, provides appropriate leadership for the Company and best serves the shareholders. In his dual role, Mr. Mills is able to utilize the perspective gained in running the Company to effectively guide our Board. Mr. Benfer provides independent leadership on the Board and interacts closely with Mr. Mills and the independent directors to facilitate communications. Our independent directors regularly have executive sessions as part of our regular meeting schedule during which only the independent directors are present. Mr. Benfer leads these sessions and provides feedback to the chief executive officer.

Our Board provides risk oversight to the Company through the Audit Committee and the Nominating and Corporate Governance Committee. The Audit Committee monitors financial risks faced by the Company and the Nominating and Corporate Governance Committee monitors healthcare compliance and regulatory risks. This oversight process takes place through discussions at committee meetings with the members of senior management who are responsible for the Company's risk management policies and procedures. In addition, the Audit Committee regularly meets in a private session with the Company's independent auditors.

Director Independence

Our Board determined that each of our directors and each member of the Audit Committee, Compensation Committee and Nominating and Corporate Governance Committee were independent in 2015 under the listing standards of the NASDAQ Capital Market, except Mr. Mills. Our Board currently has a majority of independent directors consistent with the listing standards of the NASDAQ Capital Market. During 2015, the Company had a consulting agreement with Dr. Prystowsky. The Board has determined that this agreement does not impair his independent judgment.

Director Nomination Process

The Nominating and Corporate Governance Committee is responsible for identifying and recommending to the Board candidates to serve as members of the Board. In carrying out this responsibility, the committee has adopted a written policy setting forth the minimum qualifications to serve as a director of the Company. These

Table of Contents

minimum qualifications emphasize integrity, independence, experience, strength of character, mature judgment and technical skills applicable to the Company. The committee also will consider whether the candidate is able to represent fairly and equally all shareholders of the Company without favoring or advancing any particular shareholder or other constituency of the Company.

The committee also seeks Board members from diverse professional backgrounds who combine a broad spectrum of experience and expertise with a reputation for integrity. Directors should have experience in positions with a high degree of responsibility, be leaders in the companies or institutions with which they are affiliated, and/or be selected based upon contributions they can make to the Company and Board. We do not have a formal policy regarding diversity, but the Board is committed to a diverse membership. In selecting nominees, the Board does not discriminate on the basis of race, color, national origin, gender, religion, disability, or sexual orientation.

In the committee's discretion, the committee may approve the candidacy of a nominee who does not satisfy all of these requirements if it believes the service of such nominee is in the best interests of the Company and its shareholders.

The committee has written procedures for identifying and evaluating candidates for election to the Board. The material elements of that process are as follows:

The committee in its discretion gives due consideration to the renomination of incumbent directors who desire to continue their service and who continue to satisfy the committee's criteria for membership on the Board.

If there is no qualified and available incumbent or if there is a vacancy on the Board, the committee will identify and evaluate new candidates and will solicit or entertain recommendations for nominees from other Board members and the Company's management. The committee also may engage a professional search firm to assist it in identifying qualified candidates.

Nomination of Directors by Shareholders

The Nominating and Corporate Governance Committee will evaluate candidates proposed by shareholders for nomination as directors under criteria similar to the evaluation of other candidates. Our bylaws provide that shareholders seeking to nominate candidates for election as directors at an annual meeting of shareholders must provide timely notice in writing. To be timely, a shareholder's notice must be delivered to or mailed and received at our principal executive offices not more than 120 days or less than 90 days prior to the anniversary date of the immediately preceding annual meeting of shareholders. However, in the event that the annual meeting is called for a date that is not within 30 days before or after such anniversary date, notice by the shareholder in order to be timely must be received not later than the close of business on the 10th day following the date on which notice of the date of the annual meeting was mailed to shareholders or made public, whichever first occurs. Our bylaws specify requirements as to the form and content of a shareholder's notice. These provisions may preclude shareholders from making nominations for directors at an annual meeting of shareholders.

The Nominating and Corporate Governance Committee has established a written policy that it will consider recommendations for the nomination of a candidate submitted by holders of the Company's shares entitled to vote generally in the election of directors. The material elements of that policy include the following:

the committee will give consideration to these recommendations for positions on the Board where the committee has determined not to re-nominate a qualified incumbent director;

for each annual meeting of shareholders, it is anticipated that the committee will accept for consideration only one recommendation from any shareholder or affiliated group of shareholders (within the meaning of SEC Regulation 13D); and

Table of Contents

while the committee has not established a minimum number of shares that a shareholder must own in order to present a nominating recommendation for consideration, or a minimum length of time during which the shareholder must own its shares, the committee may in its discretion take into account the size and duration of a recommending shareholder's ownership interest in the Company.

The committee may in its discretion also consider the extent to which the shareholder making the nominating recommendation intends to maintain its ownership interest in the Company, to the extent such information is available to the committee. The committee may elect not to consider recommendations of nominees who do not satisfy the criteria described above, including that a director must represent the interests of all shareholders and not serve for the purpose of favoring or advancing the interests of any particular shareholder group or other constituency. Absent special or unusual circumstances, only those recommendations whose submission complies with the procedural requirements adopted by the committee will be considered by the committee.

Any shareholder wishing to submit a candidate for consideration should send the following information to the Corporate Secretary, Stereotaxis, Inc., 4320 Forest Park Avenue, Suite 100, St. Louis, Missouri 63108:

Shareholder's name, number of shares owned, length of period held and proof of ownership;

A supporting statement which describes the candidate's reasons for seeking election to the Board and documents his/her ability to satisfy the director qualifications described herein;

Any information relating to the candidate that is required to be disclosed in the solicitation of proxies for election of director;

The class and number of shares of our capital stock that are beneficially owned by the candidate;

A description of any arrangements or understandings between the shareholder and the candidate; and

A signed statement from the candidate, confirming his/her willingness to serve on the Board.

Our Corporate Secretary will promptly forward such materials to the chair of our Nominating and Corporate Governance Committee and our chairman of the Board. Our Corporate Secretary will also maintain copies of such materials for future reference by the committee when filling Board positions. DIRECTOR COMPENSATION

Director Compensation Policy

The compensation of our non-employee directors was established by the Compensation Committee based on the recommendations of Radford, the committee's independent compensation consultant, who conducted an in-depth market study of director compensation. Non-employee directors receive cash compensation and equity awards for their services as Board members. Each non-employee director receives a \$35,000 annual retainer for Board membership. For serving on the Audit Committee, the committee chairman receives a \$15,000 annual retainer, and each committee member a \$7,500 annual retainer. For serving on the Compensation Committee, the committee chairman receives a \$10,000 annual retainer, and each committee member a \$5,000 annual retainer. For serving on the Nominating and Corporate Governance Committee, the committee chairman receives a \$6,000 annual retainer, and each committee member a \$3,000 annual retainer. The directors' annual retainer fees are paid quarterly.

Upon the appointment of Mr. Benfer as the lead independent director of the Board in February 2015, the Compensation Committee approved an additional cash retainer of \$15,000 per year, payable quarterly, for the lead independent director.

The non-employee directors also receive annual equity awards. As of the date of each annual shareholders' meeting, each non-employee director receives an annual grant of 10,000 restricted share units. The

annual grants of restricted share units vest one year from the date of grant or on the date of the next annual shareholders meeting, whichever is earlier.

PROPOSAL 1: ELECTION OF DIRECTORS

Under the Company's bylaws, the number of directors of the Company may be fixed or changed from time to time by resolution of a majority of the Board of Directors, provided the number shall be no less than three and no more than fifteen. Currently, the Board has set the number of directors of the Company at eight. The directors are divided into three classes, Class I, Class II and Class III, each class to be as nearly equal in number as possible. The term of office of each director shall be until the third annual meeting following his or her election and until the election and qualification of his or her successor.

Shareholders are being asked to elect three directors, Duane DeSisto, Fred A. Middleton, and William C. Mills III, as Class III directors to serve until the 2019 Annual Meeting of Shareholders. The Board nominated Messrs. DeSisto, Middleton and Mills for election at the 2016 Annual Meeting of Shareholders upon the recommendation of the Nominating and Corporate Governance Committee. Each nominee currently is a director of our Company. Certain information with respect to the nominees for election is set forth above under the headings "Information about the Board of Directors" and "Board Meetings and Committees."

The Board does not contemplate that any of the nominees will be unable to stand for election, but should any nominee become unable to serve or for good cause will not serve, all proxies (except proxies marked to the contrary) will be voted for the election of a substitute nominee as our Board may recommend.

THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS A VOTE FOR THE ELECTION OF THE NAMED NOMINEES AS DIRECTORS.

EXECUTIVE COMPENSATION

Executive Compensation Summary and Analysis

The Compensation Committee is tasked with discharging the Board of Directors' responsibilities related to oversight of the compensation of our directors and officers and ensuring that our executive compensation program meets our corporate objectives. The following is a summary and analysis of the various executive compensation policies, programs and practices developed by the Compensation Committee, and is intended to provide insight into the Compensation Committee's decision making process for determining the compensation for our Named Executive Officers for fiscal year 2015.

The Compensation Committee has established a compensation program designed to align executive pay with business performance through annual performance metrics under the Management Bonus Plan and grants of stock options and service-vested restricted share units. Additionally, the committee engages each year the services of its independent compensation consultant, Radford, to ensure pay programs continue to be consistent with our compensation philosophy.

The 2015 plan design and pay outcomes and actions reflect our continued success in deploying compensation programs that align pay realized by executives and the returns to our shareholders. The Compensation Committee further recognizes the importance of both providing market competitive pay opportunities and also motivating and retaining key talent in a challenging business environment. Specifically,

Table of Contents

we continue to be guided by our compensation philosophy, as described in the section following this Executive Summary, to ensure that compensation programs consistently support our business objectives.

Compensation Philosophy

The objective of our compensation program is to attract, retain and motivate highly qualified executive officers while aligning the interests of these executives with those of shareholders. When designing compensation packages to achieve this objective, the committee is guided by the following principles:

Align pay and performance: Provide total compensation that is commensurate with stock price performance, the operational and financial success of our business, and the individual performance contributions of executives.

Manage program cost and dilution: Balance other considerations for executive pay programs with their impact on earnings, cash flow and stock dilution.

Provide market competitive pay: Targeted compensation opportunities should generally reflect levels, both in terms of size of pay opportunity and mix of pay elements, observed in the competitive marketplace, as defined by the market median pay levels among companies with which we compete for talent.

We believe that adhering to these principles will create a total compensation program that supports our aim to deliver long-term shareholder value through business performance. In benchmarking the market competitiveness of total compensation, we utilize a peer group of select companies to represent our competitive labor market. Targeted total compensation opportunities are comprised of base salary, annual incentives and equity-based long-term incentives. In addition to the above principles, the Compensation Committee exercises its judgment in setting pay levels with respect to individual competencies and experience and the internal compensation equity among Named Executive Officers.

Role and Independence of the Consultant

From time-to-time, when deemed necessary, the Compensation Committee engages the services of an independent compensation consultant to provide the committee with market data and analysis, advice on incentive design practices, and an external perspective on pay trends and legal and regulatory developments.

In October 2014, the committee retained and continues to utilize Radford, an Aon Hewitt Company, as its independent compensation consultant (the Consultant). Radford does not provide any services to the Company other than those related to director and executive compensation consulting. The committee considers the Consultant to be fully independent and that the Consultant's work has not raised any conflict of interest.

Compensation Determination Process

The typical pay review process occurs at the beginning of the fiscal year at which time the Compensation Committee reviews and approves adjustments in executive compensation including base salaries, target annual incentive opportunities, annual equity awards, and the establishment of performance goals for the annual incentive plan and performance-vested long-term awards, if any. During the review process, the committee considers a number of factors, including competitive market data, input received from the Company's management, and an assessment of individual performance and the operating performance of the Company.

The committee has historically set targeted total compensation (base salaries, annual incentives, and long-term incentive awards) at the median of the competitive market. The committee may adjust targeted total compensation or the mix of total compensation based on other considerations such as business performance,

Table of Contents

company size and stock dilution. In addition, incentive programs are designed such that total compensation realized by executives is consistent with performance achievement.

This approach reflects the Compensation Committee’s philosophy to align executive pay outcomes directly with performance achievement. However, while incentive program designs are intended to be primarily objective and formulaic, the committee may also use its discretion to adjust compensation components for Named Executive Officers, as such discretion provides a means of acknowledging non-formulaic considerations such as the context in which certain performance achievement has occurred, the unique experience an individual brings to a role, and other factors the committee deems relevant.

To ensure the Company remained competitive in the marketplace, an in-depth study was conducted by Radford in 2014. The Consultant recommended to the Compensation Committee a new peer group of 20 companies (listed below) based on objective industry and financial criteria to assess the competitive labor market. The Consultant collected and presented proxy data from the recommended Industry Peer Group and market data from a broader sample of high technology companies contained within the Radford Global Technology Database to the committee.

Aastrom Biosciences	EnteroMedics Inc.	Solta Medical
Alphatec	Hansen Medical, Inc.	SurModics
AtriCure	InVivo	Uroplasty
BIOLASE, Inc.	IRIDEX Corporation	Vascular Solutions Inc.
Cardica	LeMaitre Vascular	Vasomedical Inc.
CryoLife	PhotoMedex, Inc.	Vision-Sciences Inc.
Cutera	Rockwell Medical, Inc.	

In 2015, the Consultant utilized updated market data from the Radford Global Technology Database while also referencing the proxy data from the Industry Peer Group used in the previous year to make compensation recommendations to the committee which are referenced in the 2015 Executive Compensation Program section.

Elements of the Compensation Program

The various elements of our executive compensation program, established through the process outlined above, are intended to provide competitive total compensation while aligning the behavior and actions of Named Executive Officers with shareholder interests. The elements of the compensation program are base salary, short-term incentive (annual bonus program), long-term incentive (Stock Appreciation Rights and Restricted Share Units), and benefits. Each of these is described in further detail in the following section.

Table of Contents**2015 Executive Compensation Program**

Annual Base Salary. As a result of the market study conducted by the Company's consultant, a 3% base salary increase was implemented for William C. Mills III and Frank J. Cheng effective March 1, 2015 in order to ensure the Company remained competitive in the marketplace. After receiving the market study results from the Consultant in 2014, it was determined that Martin C. Stammer should receive a base salary increase in a two-step adjustment to bring his salary in line with the market. Effective April 1, 2014, Mr. Stammer's base salary was adjusted from \$200,000 to \$250,000. Effective March 1, 2015, the second step was implemented, a 16% base salary increase, to raise his salary to \$290,000.

Name	4/1/14 Salary	3/1/15 Salary
William C. Mills III	\$475,000	\$489,250
Chief Executive Officer		
Frank J. Cheng	\$295,000	\$303,850
Senior Vice President, Marketing and Business Development		
Martin C. Stammer	\$250,000	\$290,000

Annual Incentive Plan. The Company's annual incentive plan, the Management Bonus Plan, is intended to motivate Named Executive Officers to drive the financial performance and strategic initiatives critical to generating shareholder value for the Company. In particular, our practice is generally to link target performance to our business plan and other key performance objectives for the year, taking into account the prior years performance and the anticipated financial and market circumstances the Company is expected to encounter.

The Compensation Committee establishes stretch objectives to ensure that incentive payouts are made only based on acceptable performance in a given year. The committee does, however, retain the ability to exercise its discretion in adjusting total bonus funding. Additionally, individual awards can be adjusted based on individual performance considerations, or for strategic management objectives (MBOs) which vary by Named Executive Officer. However, all individual adjustments are made such that the aggregate incentive payments awarded under the program do not exceed the total funding approved by the committee. Such individual adjustments for Named Executive Officers are subject to the review and approval of the Compensation Committee.

Under this program, each Named Executive Officer receives a target award opportunity, established each year and denominated as a percentage of each officer's base salary. For each performance component of the plan, if target performance is achieved, each Named Executive Officer's incentive will be funded at the target level. For performance above or below target, a straight line calculation is made to determine the payout level between threshold and target performance and between target and overachievement performance. For fiscal year 2015, award opportunities as a percentage of base salary for Named Executive Officers remained unchanged compared to 2014:

Name	Bonus Target (% of Base Salary)
William C. Mills III	60%
Chief Executive Officer	
Frank J. Cheng	50%
Senior Vice President, Marketing and Business Development	
Martin C. Stammer	50%
Chief Financial Officer	

Table of Contents

The Compensation Committee determined that the performance targets for 2015 under the Management Bonus Plan should consist of the most critical financial metric and at the same time place emphasis on a longer term view for Company success. Thus, the committee determined three components for the bonus plan: revenue goal (40%), internal technology development goals (30%), and external technology and business development goals (30%).

The Company achieved 102.8% of the 2015 revenue target, resulting in a weighted bonus funding as a percent of target award of 43% for the revenue goal. In addition, the committee approved several critical technology and business development objectives for 2015 with a combined weighting of 60%. The committee assessed the Company's performance against the established technology and business development objectives and determined the Company had achieved a 50% of performance target yielding a weighted bonus funding as a percent of target award of 30% for these two categories. These accomplishments resulted in an overall payout of 73% of target award for our Named Executive Officers.

Long-Term Incentive Compensation. The objective of the Company's long-term incentive program is to directly align compensation outcomes with returns received by shareholders, build equity ownership within the management team, and motivate the sustainable financial performance that supports stock price growth. Long-term incentive awards are made pursuant to the Company's 2012 Stock Incentive Plan, which permits grants of cash awards, stock options, stock appreciation rights or stock awards (e.g., restricted stock and RSUs). The committee throughout the year may also approve awards in connection with employee promotions, employee retention, an individual newly hired to the Company, or for purposes otherwise deemed to be in the best interest of the Company. The timing of these equity award grants is not based on the timing of the release of material, non-public information, nor is such information released for the purpose of affecting the value of executive compensation.

For 2015, in order to continue to provide a balance between executive retention and a focus on stock appreciation, the committee mirrored the 2014 grants for the Named Executive Officers with 50% of the value of the equity incentive component in stock appreciation rights and 50% in service-vested restricted share units. In February, a grant of service-vested RSUs, vesting 25% on the first anniversary and 25% each of the following three anniversaries, and SARs, vesting 25% on the first anniversary and 2.083% per month thereafter through the fourth anniversary, was made with the intention of emphasizing retention and the criticality of shareholder alignment during this key phase in the Company's life-cycle.

Recoupment Policy

The Compensation Committee has a recoupment policy applicable to incentive compensation based on financial results, including the annual bonus and equity-based compensation, to our Named Executive Officers and other executives. If we are required to file a restatement of financial results due to fraud, gross negligence or willful misconduct, then our independent directors may take action to recoup any portion of the incentive compensation awarded to the executives that exceeded the amount that would have been awarded based on the restated financial results during the three fiscal years prior to the filing of the restated financial results.

Other Benefits

Healthcare and Other Insurance Programs: All of our employees, including the Named Executive Officers, are eligible to participate in medical, dental, short and long-term disability and life insurance plans. The terms of such benefits for our Named Executive Officers are the same as those for all of our employees.

401(k): We offer all eligible employees the opportunity to participate in a 401(k) plan. Employer matching contributions are discretionary under the 401(k) plan. Currently the Company does not match employee contributions.

Table of Contents

Employee Stock Purchase Plan: The Company offers an employee stock purchase plan, under which all of our employees, including our Named Executive Officers, who do not own 5% or more of our outstanding common stock, have the opportunity to buy an aggregate for all employees of up to 250,000 shares of Company common stock at 95% of market price with up to 15% of their salaries and incentives (subject to certain limits), with the objective of allowing employees to profit when the value of our stock increases over time.

Potential Payments upon Termination or Change of Control

The award agreements under our 2002 Stock Incentive Plan and 2012 Stock Incentive Plan provide for the acceleration of certain equity awards in the event of termination of the employee's employment due to a change of control of the Company. The provisions under the award agreements are generally applicable to awards granted to all participants in the Plan, including the Named Executive Officers. We have described those provisions generally below. Additionally, under the stock incentive plans, in the event of a change of control of the Company, the Compensation Committee has discretion to provide for termination of awards in exchange for cash payments or the issuance of substitute awards. Benefits or payments under other plans and arrangements that are generally available to the Company's employees on similar terms are not described.

In addition, we have entered into employment agreements with our Named Executive Officers that provide for a continuation of certain post-employment benefits, to the extent permitted under the applicable employment benefit plan(s). Each of the employment agreements provides for payments at, following, or in connection with a variety of circumstances following the Named Executive Officer's termination of employment or in the event of a change of control of the Company.

Provisions of awards under the Stock Incentive Plans

If a Named Executive Officer's employment is terminated on or within one year after a change of control (or in the case of restricted stock, restricted stock units or SARs, the employee leaves for good reason, as defined in the agreement), the award agreements for such restricted stock, restricted stock units, and SARs under the 2002 Stock Incentive Plan and 2012 Stock Incentive Plan provide as follows: (1) all unvested SARs will vest immediately and all unexercised SARs can be exercised for their remaining terms; and (2) all outstanding restricted stock and restricted stock units vest immediately and become non-forfeitable. Under the terms of award

Table of Contents

applicable to the restricted share units granted in 2013 to Mr. Mills as a director, if his service as a director terminates as a result of a change of control, all of such outstanding restricted share units will become vested.

The awards do not generally accelerate in connection with the retirement, resignation or other termination of employment (i.e., voluntary termination, termination for cause or involuntary termination) of any of the participants. In addition, none of the equity awards under the 2002 Stock Incentive Plan or 2012 Stock Incentive Plan accelerate in the event of termination by death or disability. SARs and options could be exercised for specified periods following retirement, death or disability.

Employment Agreements

If a Named Executive Officer is terminated by the Company without cause, the Named Executive Officer will receive his or her monthly base salary as of the date of termination for 12 months following the date of termination. The officer also will receive continuation of medical and dental benefits and life and disability insurance benefits (subject to any requirement for employee premium contributions) for 12 months, except that such benefits will terminate upon receipt of comparable benefits from another employer. In the event of termination by the Company without cause, the salary continuation payments will be offset by the amount of any compensation the officer receives during the severance period from the Company, any other employer or as an independent contractor.

In the event of a termination of a Named Executive Officer during the period commencing six months prior to a change of control of the Company and ending two years after a change of control (or one year, in Mr. Mills' case), or if the officer separates from service for good reason, as defined in the employment agreement, within two years (or one year, in Mr. Mills' case) after a change of control of the Company, then the officer will be entitled to a lump sum payment equal to the officer's annual base salary (or in Mr. Mills' case, two times his annual base salary) at a rate equal to the greater of the rate in effect immediately before the officer's separation or the rate in effect immediately before the change of control. In addition the officer will receive continued medical and dental coverage under the Company's benefit plans pursuant to COBRA for up to one year (two years in Mr. Mills' case) following the officer's separation from service at the Company's cost, and continued life and disability insurance benefits, also at the Company's cost. All outstanding unvested awards under the 2002 Stock Incentive Plan and the 2012 Stock Incentive Plan will become fully vested.

REPORT OF AUDIT COMMITTEE

Edgar Filing: Stereotaxis, Inc. - Form DEF 14A

Three non-employee directors comprise the Audit Committee. All are independent as defined in NASDAQ Rule 5605(a)(2) and Rule 10-A-3(b)(1) of the Securities Exchange Act of 1934. The Board has adopted a written charter for the Audit Committee, which is posted on our website at www.stereotaxis.com, Investors, Governance.

Page 24

Table of Contents

The Audit Committee assists the Board in providing oversight of our accounting and financial reporting process. Management has the primary responsibility for the financial statements and the reporting process, including our systems of internal control. Our independent registered public accountants are responsible for performing an independent audit of our financial statements in accordance with auditing standards generally accepted in the United States and expressing an opinion on the conformity of those financial statements with U.S. generally accepted accounting principles. The audit included consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances. In addition, the Company engages another accounting firm for assistance with internal audit services.

The Audit Committee reviews with management the Company's major financial risk exposures and the steps management has taken to monitor, mitigate and control such exposures. Management has the responsibility for the implementation of these activities. In fulfilling its oversight responsibilities, the committee reviewed and discussed the audited financial statements to be included in the Annual Report on Form 10-K for the year ended December 31, 2015 with management, including a discussion of the quality and the acceptability of our financial reporting practices and the internal controls over financial reporting.

The Audit Committee reviewed with the independent registered public accounting firm its judgments as to the quality and the acceptability of our financial reporting and such other matters as are required to be discussed with the committee under auditing standards of the Public Company Accounting Oversight Board (PCAOB). In addition, the committee discussed with the independent registered public accountants, the firm's independence from management and the Company, including the matters in the accountants' written disclosures regarding the auditors' independence required by PCAOB Ethics and Independence Rule 3526, *Communication with Audit Committees Concerning Independence*.

Our independent registered public accountants did not provide any non-audit services to us during 2015.

The Audit Committee also discussed with the Company's internal audit service provider and the independent registered public accounting firm in advance the overall scope and plans for their respective audits. The committee meets regularly with the internal audit service provider and the independent registered public accounting firm, with and without management present, to discuss the results of their examinations, their evaluations of the Company's internal controls, and the overall quality of the Company's financial reporting.

In reliance on the reviews and discussions referred to above, the Audit Committee recommended to the Board of Directors that the audited financial statements be included in our Annual Report on Form 10-K for the fiscal year ended December 31, 2015 for filing with the SEC. The committee has appointed Ernst & Young LLP as the Company's independent registered public accountants for fiscal year 2016.

Submitted by the Audit Committee of the Board of Directors.

The report of the Audit Committee will not be deemed incorporated by reference by any general statement incorporating by reference this proxy statement or portions thereof into any filing under the Securities Act of 1933 or the Securities Exchange Act of 1934, except to the extent that we specifically incorporate by reference the Audit Committee report, and will not otherwise be deemed filed under such Acts.

PROPOSAL 2: RATIFICATION OF INDEPENDENT REGISTERED PUBLIC ACCOUNTANTS

Our Audit Committee, pursuant to its charter, has appointed Ernst & Young LLP as the Company's independent registered public accountants to examine the financial statements of the Company for our 2016 fiscal year.

Table of Contents

While the Audit Committee is responsible for the appointment, compensation, retention, termination and oversight of the independent registered public accounting firm, the Audit Committee and our Board are requesting, as a matter of policy, that the shareholders ratify the appointment of Ernst & Young LLP as the Company's independent registered public accountants for 2016. The Audit Committee is not required to take any action as a result of the outcome of the vote on this proposal. However, if the shareholders do not ratify the appointment, the Audit Committee may investigate the reasons for shareholder rejection and may consider whether to retain Ernst & Young LLP or to appoint another firm. Furthermore, even if the appointment is ratified, the Audit Committee in its discretion may direct the appointment of a different independent registered public accounting firm at any time during the year if the Audit Committee determines that such a change would be in the best interests of the Company and its shareholders.

A formal statement by representatives of Ernst & Young LLP is not planned for the Annual Meeting. However, Ernst & Young LLP representatives are expected to be present at the meeting and available to respond to appropriate questions.

The affirmative vote of the holders of a majority of the shares present in person or by proxy and entitled to vote at the Annual Meeting will be required to ratify the selection of Ernst & Young LLP.

THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS A VOTE FOR THE RATIFICATION OF THE APPOINTMENT OF ERNST & YOUNG LLP AS THE COMPANY'S INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM FOR FISCAL YEAR 2016.

PROPOSAL 3: ADVISORY VOTE ON EXECUTIVE COMPENSATION

At the 2015 Annual Meeting of Shareholders, approximately 71% of the votes cast were in support of the Company's executive compensation program. Pursuant to Section 14A of the Exchange Act, our Board of Directors is again submitting a non-binding shareholder vote on our executive compensation as described in this proxy statement (commonly referred to as "say-on-pay"). We currently plan to hold this vote annually, and the next such vote will be held at our 2017 Annual Meeting of Shareholders.

While this vote is advisory and not binding on our Company, it will provide information to our Compensation Committee regarding shareholders sentiment about our executive compensation philosophy and practices, which the committee will be able to consider when determining executive compensation in the future.

As you consider how to cast your vote, we encourage you to review the Executive Compensation Summary and Analysis section of this proxy statement as well as the executive compensation tables and related narratives. As described in those sections, the primary goals of our executive compensation program are to attract, retain and motivate highly qualified executives and to align their interests with those of our shareholders. Our program, consisting of a mix of base salary, annual cash bonus, and equity awards, is designed to reflect a balance between short-term and long-term goals to create value for our shareholders.

The Board strongly endorses the Company's executive compensation program and recommends that the shareholders vote in favor of the following resolution:

RESOLVED, that the shareholders approve, on an advisory basis, the compensation of the Company's Named Executive Officers as described in this proxy statement under Executive Compensation, including the Executive Compensation Summary and Analysis and the tabular and narrative disclosure contained in this proxy statement.

OUR BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS A VOTE FOR THE APPROVAL OF THE COMPANY'S EXECUTIVE COMPENSATION.

PROPOSAL 4: APPROVAL OF AN AMENDMENT TO THE 2012 STOCK INCENTIVE PLAN

Our 2012 Stock Incentive Plan (Plan) was adopted by the Compensation Committee of our Board of Directors and approved by our shareholders in 2012. In April 2013, the committee approved an amendment to the Plan to increase the shares authorized for issuance thereunder by 1,000,000 shares, which was approved by our shareholders in June 2013. In March 2014, the committee approved a further amendment to the Plan to increase the shares authorized for issuance under the Plan by 1,000,000 shares, which was approved by our shareholders in June 2014.

Our Board of Directors believes that long-term incentive compensation programs align the interests of management, employees and the shareholders to create long-term shareholder value. The Board believes that plans such as the Plan increase our ability to achieve this objective by allowing for several different forms of long-term incentive awards, which the Board believes will help us recruit, reward, motivate and retain talented personnel.

As of February 29, 2016, a total of 2,790,000 shares of common stock have been authorized for issuance under the Plan. As of February 29, 2016, awards of approximately 2,750,000 shares of common stock were issued and outstanding under the Plan and approximately 40,000 shares of common stock are available for future awards under the Plan.

In February 2016, the Compensation Committee of our Board of Directors approved a proposal to further amend the 2012 Stock Incentive Plan to increase the shares authorized for issuance thereunder by 1,500,000 shares. We are seeking shareholder approval of this amendment to the 2012 Stock Incentive Plan.

Set forth below is a summary of the material provisions of the 2012 Stock Incentive Plan. The summary of the provisions below is qualified in its entirety by the full text of the 2012 Stock Incentive Plan. A copy of the 2012 Stock Incentive Plan as amended and restated by the proposed amendment is attached to this proxy statement as **Appendix A**.

Vote Required and Recommendation

The affirmative vote of a majority of the shares present in person or by proxy will be required to approve the amendment of the 2012 Stock Incentive Plan. Abstentions and broker non-votes will not be counted as having been voted on the proposal, and therefore, will have the same effect as negative votes.

The Board of Directors and our executive officers have an interest in this proposal as they may receive awards under the 2012 Stock Incentive Plan.

THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS A VOTE FOR APPROVAL OF THE AMENDMENT TO INCREASE THE SHARES AUTHORIZED UNDER THE 2012 STOCK INCENTIVE PLAN BY 1,500,000 SHARES.

Description of Material Provisions of the 2012 Stock Incentive Plan

Term of the Plan

The Plan will terminate ten years after the date on which the Board approved the Plan and no awards will be granted after the expiration of such ten-year period.

Eligible Participant

Any director or employee of the Company, or its subsidiaries, as well as any individual providing services to the Company may be selected to receive an award.

Administration

The Plan is administered by the Board of Directors through a committee appointed by the Board. The Compensation Committee administers the Plan. Every member of the Compensation Committee is (i) a Non-Employee Director within the meaning of Rule 16b-3 of the Exchange Act, and (ii) an Independent Director for purposes of the rules and regulations of the NASDAQ Capital Market.

The committee has full power to determine persons eligible to participate in the Plan, to interpret the Plan, to adopt the rules, regulations and guidelines necessary or proper to carry out the Plan and to determine the type and terms of any awards to be granted. The specific terms, conditions, performance requirements, limitations and restrictions of any award will be set forth in an award agreement, entered into between the Company and a participant.

Authorized Shares

Currently, the number of shares of stock authorized for issuance under the 2012 Plan is up to two million seven hundred ninety thousand (2,790,000).

Types of Awards

An award under the Plan may be a stock option, either qualified or nonqualified, a stock appreciation right, a performance share, restricted stock or other cash-based or stock-based awards.

Stock Options. The Compensation Committee is able to grant nonqualified stock options and incentive stock options under the 2012 Stock Incentive Plan. The exercise price of an incentive stock option may not be less than 100% of the fair market value of the common stock on the date the option is granted (110% in the case of a 10% shareholder), and the exercise price of a nonqualified option must be determined by the committee, but may not be less than 100% of the fair market value of the common stock on the date the option is granted. As our common stock is listed on the NASDAQ Capital Market, the fair market value is the per share closing sale price for the common stock (or the average of the closing bid and asked prices if no sales were reported that day) on the date the option is granted.

Stock Appreciation Rights. The Compensation Committee may grant stock appreciation rights under the Plan. Stock appreciation rights are the rights to receive the appreciation in fair market value of common stock between the exercise date and the date of grant. We can pay the appreciation in either cash, shares of our common stock, or a combination thereof. Stock appreciation rights will become exercisable at the times and on the terms established by the committee, subject to the terms of the 2012 Stock Incentive Plan.

Performance Shares. A performance share award is an award denominated in units of stock, which will provide for payment of stock if performance goals are achieved over specified performance periods. Once the performance share award vests, the participant shall be entitled to payout of the value of the award in shares of common stock.

Restricted Stock. Restricted stock is an award of common stock granted subject to restrictions on transfer and vesting as determined by the Compensation Committee. The committee shall have complete discretion to determine (i) the number of shares subject to a restricted stock award granted to any participant and (ii) the conditions for grant or for vesting that must be satisfied, which typically will be based principally or solely on continued service to us but may include a performance-based component. Shares of common stock granted under any restricted stock award may not be sold, transferred, pledged, assigned or otherwise alienated or hypothecated until all applicable restrictions are removed or have expired.

Other Stock-Based Award and Cash-Based Award. The Plan provides that awards of common stock, including fully vested stock grants, or other awards valued in whole or in part by reference to the fair market value of common stock may also be made under the Plan in the form of other stock-based awards.

Share Counting Rules

Any shares of stock tendered by a participant as full or partial payment to the Company to satisfy a purchase price of an award, any shares subject to an award under the Plan which are withheld to satisfy an applicable tax withholding, or any shares covered by a stock appreciation right which is settled for a lesser number of shares shall not become available for issuance under the Plan. However, any awards, which by their terms may only be settled in cash, do not reduce the number of shares available for issuance.

Term of Stock Options and Stock Appreciation Rights

A maximum term of 10 years from the date of grant is set for all stock options and stock appreciation rights.

Vesting Limitations

Each stock option and stock appreciation right shall have a minimum vesting period of three years from the date of grant, provided that such vesting may occur incrementally over the three years.

Change of Control

Change of control means the purchase or acquisition, by any person or group, of beneficial ownership of 35% or more of the then outstanding shares of common stock of the Company or the combined voting power of the Company's then outstanding securities entitled to vote in an election of directors.

The Compensation Committee may provide, in its sole discretion, for the termination of an award upon consummation of a change of control in exchange for a cash amount and/or issuance of a substitute award to substantially preserve the terms of any awards previously granted under the Plan. Any change must be in a manner consistent with Internal Revenue Code Section 409A.

Restrictions on Transferability

Awards granted under the Plan are generally not transferable by the participant except by law, will or the laws of descent and distribution, or by permission of the Compensation Committee.

Amendment of Award Agreements

The Compensation Committee is specifically prohibited from amending the terms of outstanding award agreements without the approval of Company shareholders if such amendments would either reduce the exercise price of outstanding stock options or stock appreciation rights, or cancel an outstanding stock option or stock appreciation right in exchange for cash, another award, or another stock option or stock appreciation right that has an exercise price less than that of the original stock option or stock appreciation right.

Dividends or Dividend Equivalents

No dividends or dividend equivalents shall be paid with respect to outstanding stock based awards that are intended to be performance-based awards, as that term is defined in the Plan, nor shall dividends or dividend equivalents be paid on any outstanding stock options or stock appreciation rights.

Anti-dilution

In the event of any change in outstanding stock of the Company by reason of stock split, stock dividend, combination or reclassification of shares, or similar events, the Compensation Committee shall make adjustments to numbers of shares available for issuance under the Plan and covered by outstanding awards, the exercise and grant prices relating to outstanding awards, or such other equitable adjustments as it deems appropriate.

Non-Employee Director Grants

It is the intent of the Company to provide equity grants to our non-employee directors through the 2012 Plan as opposed to being provided through a separately administered plan.

Federal Income Tax Aspects

The following paragraphs are a summary of the general federal income tax consequences to U.S. taxpayers and the Company of awards granted under the Plan. Tax consequences for any particular individual may be different.

Nonqualified Stock Options. No taxable income is realized when a nonqualified stock option with an exercise price equal to the fair market value of the underlying stock on the date of grant is granted to a participant. Upon exercise, the participant will recognize ordinary income in an amount by which the fair market value of the shares purchased on the date of exercise, exceeds the exercise price paid for such share. Any taxable income recognized in connection with an option exercise by an employee of the Company is subject to tax withholding by the Company. Any additional gain or loss recognized upon any later disposition of the shares would be capital gain or loss.

Incentive Stock Options. No taxable income is realized when an incentive stock option is granted or exercised (except for purposes of the alternative minimum tax, in which case the differential between the fair market value on the date of grant and the exercise price is an alternative minimum tax preference item). If a participant exercises the option and then later sells or otherwise disposes of the shares acquired pursuant to an incentive stock option more than two years after the grant date and more than one year after the exercise date, the difference between the sale price and the exercise price will be taxed as capital gain or loss. If the participant exercises the option and then later sells or otherwise disposes of the shares before the end of the two or one-year holding periods described above, he or she generally will realize ordinary income at the time of the disposition equal to the fair market value of the shares on the exercise date (or the sale price, if less) minus the exercise price of the option.

Stock Appreciation Rights. No taxable income is realized when a stock appreciation right with an exercise price equal to the fair market value of the underlying stock on the date of grant is granted to a participant. Upon exercise, the participant will recognize ordinary income in an amount equal to the amount of excess, if any, of the fair market value of the stock on the date of exercise over the fair market value of the stock on the date of grant. Any additional gain or loss recognized upon any later disposition of the shares would be capital gain or loss.

Restricted Stock. Unless a timely 83(b) election is made, as described in the following paragraph, a participant generally will not realize taxable income at the time an award of restricted stock is granted. Instead, he or she will recognize ordinary income in the first taxable year in which his or her interest in the shares underlying the award becomes either (i) freely transferable, or (ii) no longer subject to substantial risk of forfeiture. The amount of ordinary income recognized will be equal to the difference between the fair market value of the shares at the time any restrictions on transferability lapse and the original purchase price paid for the shares, if any.

A participant may elect, pursuant to Section 83(b) of the Internal Revenue Code, to recognize ordinary income at the time he or she is granted the award in an amount equal to the fair market value of the shares underlying the award (less the purchase price paid for the shares, if any) on the date the award is granted, notwithstanding that the restricted stock would otherwise not be includible in gross income at that time. Any change in the value of the shares after the date of grant would be taxed as a capital gain or loss if and when the shares are disposed of by the participant. If the section 83(b) election is made, the participant's holding period for capital gains begins on the date of grant.

Table of Contents

Performance Shares. A participant generally will not recognize taxable income upon the granting of an award of performance shares. Instead, he or she will recognize ordinary income in the first taxable year in which his or her interest in the shares underlying the award becomes either (i) freely transferable, or (ii) no longer subject to substantial risk of forfeiture. The amount of ordinary income recognized will be equal to the difference between the fair market value of the shares at the time any restrictions on transferability lapse and the original purchase price paid for the shares, if any. Upon selling shares of stock received in payment under a performance share, the participant will recognize a capital gain or loss in an amount equal to the difference between the sale price of the share and the participant's tax basis in the share.

Other Stock-Based Awards. A participant will generally recognize ordinary taxable income upon granting of a stock-based award that is not subject to vesting or performance achievement criteria. Any change in the value of the shares after the date of grant would be taxed as a capital gain or loss if and when the shares are disposed of by the participant. A participant will generally recognize ordinary taxable income upon the later to occur of the granting or the vesting of a cash-based award.

Tax Effect for the Company. We generally will be entitled to a tax deduction in connection with an award under the 2012 Plan in an amount equal to the ordinary income realized by a participant and at the time the participant recognizes such income (for example, the exercise of a nonqualified stock option). Special rules limit the deductibility of compensation paid to our chief executive officer and to each of our three most highly compensated executive officers (other than the chief executive officer and, in most circumstances, our chief financial officer). Under Section 162(m), the annual compensation paid to any of these specified executives will be deductible only to the extent that it does not exceed \$1,000,000. However, we can preserve the deductibility of certain compensation in excess of \$1,000,000 if the conditions of Section 162(m) are met. These conditions include shareholder approval of the Plan, setting limits on the number of awards that any individual may receive and for awards other than certain stock options and establishing performance criteria that must be met before the award actually will vest or be paid. The Plan has been designed to permit the committee to grant awards that qualify as performance-based for purposes of satisfying the conditions of Section 162(m), thereby permitting us to continue to receive a federal income tax deduction in connection with such awards.

Section 409A. Section 409A of the Code provides certain requirements with respect to non-qualified deferred compensation arrangements. These include new requirements with respect to an individual's election to defer compensation and the individual's election of the timing and form of distribution of the deferred compensation. Section 409A also generally provides that distributions may only be made on or following the occurrence of certain events (e.g., the individual's separation from service, a predetermined date, the individual's death or a change in control). Section 409A imposes restrictions on an individual's ability to change his or her distribution timing or form after the compensation has been deferred. For certain individuals who are specified employees, Section 409A requires that such individual's distribution commence no earlier than six months after such individual's separation from service. For purposes of Section 409A, the term specified employee includes officers with a certain level of compensation (\$165,000 in 2013) and employees with a certain level of ownership in the company.

Awards granted under the Plan with a deferral feature will be subject to the requirements of Section 409A. If an award is subject to and fails to satisfy the requirements of Section 409A, the recipient of that award may recognize ordinary income on the amounts deferred under the award, to the extent vested, which may be prior to when the compensation is actually or constructively received. Also, if an award that is subject to Section 409A fails to comply with the provisions of Section 409A, Section 409A imposes an additional 20% federal income tax on compensation recognized as ordinary income, as well as interest on such deferred compensation. Generally, we intend to structure any awards under the Plan to either be exempt from or meet the applicable tax law requirements under Section 409A in order to avoid its adverse tax consequences.

THE FOREGOING IS ONLY A SUMMARY OF CERTAIN FEDERAL INCOME TAX CONSEQUENCES TO THE PARTICIPANTS AND THE COMPANY WITH RESPECT TO THE GRANT

AND EXERCISE OF AWARDS UNDER THE PLAN. IT DOES NOT PURPORT TO BE COMPLETE, AND DOES NOT DISCUSS THE TAX CONSEQUENCES OF A PARTICIPANT'S DEATH OR THE PROVISIONS OF THE INCOME TAX LAWS OF ANY MUNICIPALITY, STATE OR FOREIGN COUNTRY IN WHICH THE PARTICIPANT MAY RESIDE.

Accounting Treatment

We adopted Statement of Financial Accounting Standards (SFAS) No. 123 (revised 2004), Share-Based Payment (SFAS 123(R)), in the first quarter of fiscal 2006. Upon the development of the Accounting Standards Codification, this guidance was subsequently referred to as ASC Topic 718. ASC Topic 718 requires the estimated fair market value of all share-based payments to employees, including grants of employee stock options, to be recognized as expense in the statement of operations. Share-based compensation expense to be recognized would include the estimated expense for all stock awards granted on and subsequent to January 29, 2006, based on the grant date fair value estimated in accordance with the provisions of ASC Topic 718 and the estimated expense for the portion vesting in the period for options granted prior to, but not vested as of January 29, 2006, based on the grant date fair value estimated in accordance with the original provisions of ASC Topic 718.

CERTAIN RELATIONSHIPS AND RELATED PARTY TRANSACTIONS

We review all relationships and transactions in which the Company and our directors, executive officers or their immediate family members participate to determine whether such persons have a direct or indirect material interest in such transactions or relationships. In addition, our Code of Ethics and Business Conduct generally prohibits our officers, directors and employees from engaging in activities that involve, or even appear to involve, a conflict between their personal interest and the interests of the Company. Our Code of Ethics and Business Conduct encourages our employees to report to us an actual or apparent conflict of interest.

Our Board of Directors or the Audit Committee, in either case, with any directors involved in the relevant transaction recusing themselves from the discussion and decision, reviews all related party transactions involving the Company and any of the Company's principal shareholders or members of our board of directors or senior management or any immediate family member of any of the foregoing. A general statement of this policy is set forth in our Audit Committee charter, which is published on our website at www.stereotaxis.com, Investors, Governance. However, the Board does not have detailed written policies and procedures for reviewing related party transactions. Rather, all facts and circumstances surrounding each related party transaction may be considered.

Since January 1, 2014, there has not been, nor is there currently planned, any transaction or series of transactions to which we were a party in which the amount involved exceeds either \$120,000 or one percent of the average of our total assets at year end for the last two completed fiscal years, and in which any director, executive officer or holder of more than 5% of our common stock or any member of such person's immediate family had or will have a direct or indirect material interest.

SECTION 16(A) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Securities Exchange Act of 1934 requires all Company executive officers, directors and persons owning more than 10% of any registered class of our capital stock to file reports of ownership and changes in ownership with the SEC. Based solely on the reports received by us and on written representations from our directors and executive officers, we believe that all such persons timely filed such reports during the last fiscal year.

Upon timely receipt of any such proposal, the Company will determine whether or not to include such proposal in the proxy statement and proxy in accordance with applicable regulations governing the solicitation of proxies.

Proposals Not Included in the Proxy Statement

Our bylaws provide that shareholders seeking to bring business before an annual meeting of shareholders, or to nominate candidates for election as directors at an annual meeting of shareholders, must provide timely notice in writing. To be timely, a shareholder's notice must be delivered to or mailed and received at our principal executive offices not more than 120 days or less than 90 days prior to the anniversary date of the

immediately preceding annual meeting of shareholders, i.e., not earlier than January 24, 2017, and not later than February 23, 2017, for the 2017 Annual Meeting. However, in the event that the annual meeting is called for a date that is not within 30 days before or after such anniversary date, notice by the shareholder in order to be timely must be received not later than the close of business on the 10th day following the date on which notice of the date of the annual meeting was mailed to shareholders or made public, whichever first occurs. Our restated bylaws specify requirements as to the form and content of a shareholder's notice. These provisions may preclude shareholders from bringing matters before an annual meeting of shareholders or from making nominations for directors at an annual meeting of shareholders.

Any shareholder wishing to submit a candidate for election to our Board of Directors should follow the procedures outlined in Director Nominations. For all other proposals, as to each matter of business proposed, the shareholder should send the following information to the Corporate Secretary, Stereotaxis, Inc., 4320 Forest Park Avenue, Suite 100, St. Louis, Missouri 63108:

A more complete description of this process is set forth in our bylaws.

HOUSEHOLDING OF PROXIES

This process is commonly referred to as householding. The Company and some brokers household annual reports, proxy materials, and Notices of Internet Availability of Proxy Materials, delivering a single annual report and/or proxy statement and/or Notice of Internet Availability of Proxy Materials to multiple shareholders sharing an address unless contrary instructions have been received from the affected shareholders.

Once you have received notice from your broker or the Company that your broker or we will be householding materials to your address, householding will continue until you are notified otherwise or until you request otherwise. If, at any time, you no longer wish to participate in householding and would prefer to receive a separate annual report and/or proxy statement and/or Notice of Internet Availability of Proxy Materials, in the future, please notify your broker if your shares are held in a brokerage account or us if you hold registered shares. If, at any time, you and another shareholder sharing the same address wish to participate in householding and

prefer to receive a single copy of our annual report and/or proxy statement and/or Notice of Internet Availability of Proxy Materials, please notify your broker if your shares are held in a brokerage account or us if you hold registered shares.

You may request to receive at any time a separate copy of our proxy materials, our Annual Report, or Notice of Internet Availability of Proxy Materials, or notify us that you do or do not wish to participate in householding by sending a written request to our Corporate Secretary at 4320 Forest Park Avenue, Suite 100, St. Louis, Missouri 63108, or by telephoning 314-678-6100. However, if any other matters, including a shareholder proposal excluded from this proxy statement pursuant to the rules of the SEC, properly come before the meeting or any of its adjournments, the person or persons voting the proxies will vote in accordance with their best judgment on such matters. Should any nominee for director be unable to serve or for good cause will not serve at the time of the meeting or any adjournments thereof, the persons named in the proxy will vote for the election of such other person for such directorship as the Board may recommend, unless, prior to the meeting, the Board has eliminated that directorship by reducing the size of the Board. The Company will bear the expense of preparing, printing and mailing this proxy material, as well as the cost of any required solicitation. Directors, officers or employees of the Company may solicit proxies on behalf of the Company. In addition, the Company will reimburse banks, brokerage firms and other custodians, nominees and fiduciaries for reasonable expenses incurred in forwarding proxy materials to beneficial owners of the Company's stock and obtaining their proxies.

The Company may, in its discretion, use shares of Stock held in the treasury in lieu of authorized but unissued shares of Stock. If any Award shall expire or terminate or be cancelled or forfeited for any reason, the shares subject to the Award shall again be available for the purposes of the Plan. Any shares of Stock which are tendered by a Participant as full or partial payment to the Company to satisfy a purchase price related to an Award shall not be available for the purposes of the Plan. To the extent any shares subject to an Award are not delivered to a Participant because such shares are used to satisfy an applicable tax-withholding obligation or used to satisfy a purchase price related to an Option, such withheld shares shall not be available for the purposes of the Plan. Shares of Stock subject to the grant of a Stock Appreciation Right shall not become available again for issuance under this Plan upon exercise or settlement of such Stock Appreciation Right for a lesser number of shares. Awards that by their terms may only be settled in cash shall not reduce the number of shares available for purposes of the Plan, and if cash is issued in lieu of Stock pursuant to an Award, such shares will not become available again for issuance under this Plan.

All the shares of Stock available under the Plan may be used for the grant of Incentive Stock Options.

4. **Administration.**

The Plan shall be administered by the Committee. Subject to the express provisions of the Plan, the Committee shall have plenary authority, in its discretion, to determine the individuals to whom, and the time or times at which, Awards shall be granted and the number of shares, if applicable, to be subject to each Award. In making such determinations, the Committee may take into account the nature of services rendered by the respective individuals, their present and potential contributions to the Employer's success and such other factors as the Committee, in its discretion, shall deem relevant. Subject to the express provisions of the Plan, the Committee shall also have plenary discretionary authority to interpret the Plan, to prescribe, amend and rescind

rules and regulations relating to it, to determine the terms and provisions of the respective Award Agreements (which need not be identical) and to make all other determinations necessary or advisable for the administration of the Plan. The Committee's determinations on the matters referred to in this Section 4 shall be conclusive.

Notwithstanding the foregoing, the Committee may not amend the terms of outstanding Award Agreements without the approval of the Company's shareholders in accordance with applicable law or regulation to either reduce the exercise price of any outstanding Option or Stock Appreciation Right, or cancel any outstanding Option or Stock Appreciation Right in exchange for cash, another Award, or another Option or Stock Appreciation Right with an exercise price that is less than the exercise price of the original Option or Stock Appreciation Right.

The Committee shall have the power and authority to determine which individuals, including individuals outside the United States, shall be eligible to receive Awards under the Plan. The Committee may adopt, amend or rescind rules, procedures or sub-plans relating to the operation and administration of the Plan to accommodate the specific requirements of local laws, procedures, and practices. Without limiting the generality of the foregoing, the Committee is specifically authorized to adopt rules, procedures and sub-plans with provisions that limit or modify rights on death, disability, retirement, separation from service or termination of employment, available methods of exercise or settlement of an Award, payment of income, social insurance contributions and payroll taxes, withholding procedures and handling of any stock certificates or other indicia of ownership which vary with local requirements. The Committee may also adopt rules, procedures or sub-plans applicable to Participants employed by particular Employers or at particular locations.

5. Options.

The Committee, in its discretion, may grant Options which are Incentive Stock Options or Non-Qualified Stock Options, as evidenced by the Award Agreement, and shall be subject to the foregoing and the following terms and conditions and to such other terms and conditions, not inconsistent therewith, as the Committee shall determine:

A. Type of Option. Incentive Stock Options may be granted to any individual classified by the Committee as an employee of the Company, a Parent or a Subsidiary. A Non-Qualified Stock Option may be granted to any individual selected by the Committee, provided that in no event shall a Non-Qualified Stock Option be granted in exchange for services performed by an individual unless the Company is an eligible issuer of service recipient stock within the meaning of Code Section 409A with respect to such individual. No individual may be granted Options to purchase more than 1,000,000 shares of Stock during any single fiscal year of the Company.

B. Option Prices. The purchase price of the Stock under each Option shall not be less than 100% of the Fair Market Value of the Stock at the time of the granting of the Option, as determined under Section 16; provided that, in the case of a Participant who owns more than 10% of the total combined voting power of all classes of stock of the Company, a Parent or a Subsidiary (as determined in accordance with Code Section 422), the purchase price of the Stock under each Incentive Stock Option shall not be less than 110% of the Fair Market Value of the Stock on the date such Option is granted.

C. Exercise Elections and Restrictions. The purchase price for an Option is to be paid in full upon the exercise of the Option, either (i) in cash, (ii) in the discretion of the Committee, by the tender to the Company (either actual or by attestation) of shares of Stock already owned by the Participant and registered in his or her name, having a Fair Market Value equal to the cash exercise price of the Option being exercised, (iii) through a net or cashless (including broker-assisted cashless exercise, to the extent permissible) form of exercise as permitted by the Committee, or (iv) in the discretion of the Committee, by any combination of the payment methods specified in clauses (i), (ii), or (iii) hereof; provided that, no shares of Stock may be tendered in exercise

of an Incentive Stock Option if such shares were acquired by the Participant through the exercise of an Incentive Stock Option unless (a) such shares have been held by the Participant for at least one year and (b) at least two years have elapsed since such prior Incentive Stock Option was granted.

D. Option Terms. The term of each Option shall not be more than ten (10) years from the date of granting thereof, as determined under Section 16, or such shorter period as is prescribed in the Award Agreement; provided that, in the case of a Participant who owns more than ten percent (10%) of the total combined voting power of all classes of stock of the Company, a Parent or a Subsidiary, the term of any Incentive Stock Option shall not be more than five (5) years from the date of granting thereof or such shorter period as prescribed in the Award Agreement. Within such limit, Options will be exercisable at such time or times, and subject to such restrictions and conditions, as the Committee shall, in each instance, approve, which need not be uniform for all Participants. The holder of an Option shall have none of the rights of a shareholder with respect to the shares subject to Option until such shares shall be issued to him or her upon the exercise of his or her Option. In no event shall Option holders be entitled to dividends or dividend equivalents with respect to such Options.

E. Successive Option Grants. As determined by the Committee, successive option grants may be made to any Participant under the Plan.

F. Additional Incentive Stock Option Requirements. The maximum aggregate Fair Market Value (determined at the time an Option is granted) of the Stock with respect to which Incentive Stock Options are exercisable for the first time by a Participant during any calendar year (under all plans of the Company, a Parent and a Subsidiary) shall not exceed \$100,000. A Participant who disposes of Stock acquired upon the exercise of an Incentive Stock Option either (i) within two years after the date of grant of such Incentive Stock Option or (ii) within one year after the transfer of such shares to the Participant, shall notify the Company of such disposition and of the amount realized upon such disposition.

6. Stock Appreciation Rights.

A. Grant Terms. The Committee may grant a Stock Appreciation Right independent of an Option or in connection with an Option or a portion thereof. A Stock Appreciation Right granted in connection with an Option or a portion thereof shall cover the same shares of Stock covered by the Option, or a lesser number as the Committee may determine. The maximum number of shares of Stock subject to Awards for Stock Appreciation Rights for grants intended to qualify as Performance-Based Awards during a calendar year shall be 1,000,000. The term of each Stock Appreciation Right shall not be more than ten (10) years from the date of granting thereof, as determined under Section 16, or such shorter period as is prescribed in the Award Agreement.

B. Exercise Terms. The exercise price per share of Stock of a Stock Appreciation Right shall not be less than 100% of the Fair Market Value of the Stock at the time of granting, as determined under Section 16, the Stock Appreciation Right. A Stock Appreciation Right granted independent of an Option shall entitle the Participant upon exercise to a payment from the Company in an amount equal to the excess of the Fair Market Value on the exercise date of a share of Stock over the exercise price per share, times the number of Stock Appreciation Rights exercised. A Stock Appreciation Right granted in connection with an Option shall entitle the Participant to surrender an unexercised Option (or portion thereof) and to receive in exchange an amount equal to the excess of the Fair Market Value on the exercise date of a share of Stock over the exercise price per share for the Option, times the number of shares covered by the Option (or portion thereof) which is surrendered. Payment may be made, in the discretion of the Committee, in (i) Stock, (ii) cash or (iii) any combination of Stock and cash. Cash shall be paid for fractional shares of Stock upon the exercise of a Stock Appreciation Right.

C. Limitations. The Committee may include in the Award Agreement such conditions upon the exercisability or transferability of Stock Appreciation Rights as it determines in its sole discretion. In no event shall Stock Appreciation Right holders be entitled to dividends or dividend equivalents with respect to such Stock Appreciation Rights.

7. Other Stock-Based Awards and Cash-Based Awards.

The Committee may, in its sole discretion, grant Awards of Stock, restricted Stock, restricted Stock units and other Awards that are valued in whole or in part by reference to the Fair Market Value of Stock. These Awards shall collectively be referred to herein as Other Stock-Based Awards. The Committee may also, in its sole discretion, grant Cash-Based Awards, which shall have a value as may be determined by the Committee. Other Stock-Based Awards shall be in such form, and dependent on such conditions, if any, as the Committee shall determine, including, but not limited to, the right to receive fully-vested shares or the right to receive one or more shares of Stock (or the cash-equivalent thereof) upon the completion of a specified period of service, the occurrence of an event or the attainment of performance objectives. Other Stock-Based Awards and Cash-Based Awards may be granted with or in addition to other Awards. Subject to the other terms of the Plan, Other Stock-Based Awards and Cash-Based Awards may be granted to such Participants in such amounts and upon such terms, and at any time and from time to time, as shall be determined by the Committee and set forth in an Award Agreement; provided that, the maximum Cash-Based Award that may be granted to a Participant in a calendar year is \$1,000,000 to the extent it is also a Performance-Based Award. Notwithstanding the foregoing, no dividends or dividend equivalents shall be paid with respect to unvested Other Stock-Based Awards, including Other Stock-Based Awards that are intended to be Performance-Based Awards.

8. Performance-Based Awards.

The Committee may, in its sole and absolute discretion, determine that certain Awards should be subject to such requirements so that they are deductible by the Employer under Code Section 162(m). If the Committee so determines, such Awards shall be considered Performance-Based Awards subject to the terms of this Section 8, as provided in the Award Agreement. A Performance-Based Award shall be granted by the Committee in a manner to satisfy the requirements of Code Section 162(m) and the regulations thereunder. The performance measures to be used for purposes of a Performance-Based Award shall be determined by the Committee, in its sole and absolute discretion, from among the following: the Company's earnings per share growth; earnings; earnings per share; cash flow; working capital; expense management; customer satisfaction; revenues; financial return ratios; market performance; shareholder return and/or value; operating income (loss) (including earnings (loss) before income taxes, depreciation and amortization); net income (loss); profit returns; margins; stock price; working capital; business trends; production cost; product cost; return on assets; project milestones; and plant and equipment performance. The performance measures may relate to the Company, a Parent, a Subsidiary, an Employer or one or more units of such an entity.

The Committee shall determine whether, with respect to a performance period, the applicable performance goals have been met with respect to an Award and, if they have, to so certify and ascertain the amount of the applicable Performance-Based Award. Each performance measure that constitutes a criteria measured by reference to the Company's financial statements shall be determined in accordance with generally accepted accounting principles as consistently applied by the Company and, if so determined by the Committee prior to the date the performance measures are established in writing, adjusted, to the extent permitted under Code Section 162(m), to omit the effects of extraordinary items, gain or loss on the disposal of a business segment, unusual or infrequently occurring events and transactions and cumulative effects of changes in accounting principles. The Committee shall have the discretion to adjust the amount payable on a Company-wide or divisional basis or to reflect individual performance and/or unanticipated factors; provided, however, that Awards which are designed to qualify as Performance-Based Awards may not be adjusted upward (the Committee shall retain the discretion to adjust such Awards downward).

9. Vesting Limitations.

Except as otherwise provided in this Plan, each Stock Option and Stock Appreciation Right shall have a minimum vesting period of three years from the date of grant of such award, provided that such vesting may occur incrementally over such three-year period. Except as otherwise provided in this Plan, the vesting schedule of any such Award may not accelerate except in the case of death, disability, retirement, a Change of Control,

involuntary termination of employment without cause or voluntary termination for good reason. Except as otherwise provided in this Plan, whether an Award will be subject to accelerated vesting upon the occurrence of one or more of these events shall be specified in Award Agreement relating to such Award or another agreement with the Participant, such as an employment agreement.

10. Withholding. Upon exercise of an Option, the Company shall withhold a sufficient number of shares to satisfy the Company's minimum required statutory withholding obligations for any taxes incurred as a result of such exercise (based on the minimum statutory withholding rates for federal and state tax purposes, including payroll taxes); provided that, in lieu of all or part of such withholding, the Participant may pay an equivalent amount of cash to the Company. Prior to the payment, settlement, or vesting of any Award other than an Option, the Participant shall pay to the Company, or make arrangements acceptable to the Company for the payment of, amounts sufficient for the Company to satisfy its required statutory withholding obligations. The Company shall have the right to satisfy its required statutory withholding obligations by withholding an amount of cash otherwise due to a Participant (or shares of Stock for Awards settled in shares of Stock) upon the settlement of any Award.

11. Nontransferability of Awards.

Unless otherwise determined by the Committee and expressly set forth in an Award Agreement, an Award granted under the Plan shall, by its terms, be non-transferable otherwise than by will or the laws of descent and distribution and an Award may be exercised, if applicable, during the lifetime of the Participant thereof, only by the Participant or his or her guardian or legal representative. Notwithstanding the above, the Committee may not provide in an Award Agreement that an Incentive Stock Option is transferable.

12. Investment Purpose.

Each Award under the Plan shall be awarded only on the condition that all purchases of Stock thereunder shall be for investment purposes, and not with a view to resale or distribution, except that the Committee may make such provision with respect to Awards granted under this Plan as it deems necessary or advisable for the release of such condition upon the registration with the Securities and Exchange Commission of Stock subject to the Award, or upon the happening of any other contingency warranting the release of such condition.

13. Adjustments Upon Changes in Capitalization or Corporation Acquisitions.

In the event of any change in the outstanding Stock of the Company by reason of a stock split, stock dividend, combination or reclassification of shares, recapitalization, consolidation, split-up, merger, or similar event, the Committee shall adjust appropriately: (a) the number of shares or kind of Stock (i) available for issuance under the Plan, (ii) for which Awards may be granted to an individual Participant, and (iii) covered by outstanding Awards denominated in stock or units of stock; (b) the exercise and grant prices related to outstanding Awards; and (c) the appropriate Fair Market Value and other price determinations for such Awards. In the event of any other change affecting the Stock or any distribution (other than normal cash dividends) to holders of Stock, such adjustments in the number and kind of shares and the exercise, grant and conversion prices of the affected Awards as may be deemed equitable by the Committee, including adjustments to avoid fractional shares, shall be made to give proper effect to such event. In the event of a corporate merger, consolidation, acquisition of property or stock, separation, reorganization or liquidation, the Committee shall be authorized to cause to issue or assume stock options, whether or not in a transaction to which section 424(a) of the Code applies, by means of substitution of new stock options for previously issued stock options or an assumption of previously issued stock options. In such event, the aggregate number of shares of Stock available for issuance under Awards under Section 3, including the individual Participant maximums, will be increased to reflect such substitution or assumption.

Table of Contents

In the event of a Change of Control, notwithstanding any other provisions of the Plan or an Award Agreement to the contrary, the Committee may, in its sole discretion, provide for:

(1) Termination of an Award upon the consummation of the Change of Control in exchange for the payment of a cash amount (but only in a manner which does not result in a violation of Code Section 409A and only to the extent the terminated Award has, in the discretion of the Committee, a positive value as of the termination date); and/or

(2) Issuance of substitute Awards to substantially preserve the terms of any Awards previously granted under the Plan (but only in a manner which does not result in a violation of Code Section 409A) which are outstanding upon the consummation of the Change of Control.

Prior to the consummation of a Change of Control, the Committee may also provide for accelerated vesting of any outstanding Awards that are otherwise unexercisable or unvested as of a date selected by the Committee.

14. Amendment and Termination.

The Board or the Committee may at any time terminate the Plan, or make such modifications to the Plan as either shall deem advisable; provided, however, that the Board or the Committee may not, without further approval by the shareholders of the Company, increase the maximum number of shares as to which Awards may be granted under the Plan (except under the anti-dilution provisions of Section 13), or change the class of employees to whom Incentive Stock Options may be granted. No termination or amendment of the Plan may, without the consent of the Participant to whom any Award shall theretofore have been granted, adversely affect the rights of such Participant under such Award.

15. Effectiveness of the Plan.

The Plan shall become effective upon adoption by the Board or the Committee subject, however, to its further approval by the shareholders of the Company given within twelve (12) months of the date the Plan is adopted by the Board or the Committee at a regular meeting of the shareholders or at a special meeting duly called and held for such purpose. Grants of Awards may be made prior to such shareholder approval but all Award grants made prior to shareholder approval shall be subject to the obtaining of such approval and if such approval is not obtained, such Awards shall not be effective for any purpose.

16. Time of Granting of an Award.

An Award grant under the Plan shall be deemed to be made on the date on which the Committee, by formal action of its members duly recorded in the records thereof, makes an Award to a Participant (but in no event prior to the adoption of the Plan by the Board or the Committee).

17. Term of Plan.

This Plan shall terminate ten (10) years after the date on which it is approved and adopted by the Board or the Committee and no Award shall be granted hereunder after the expiration of such ten-year period. Awards outstanding at the termination of the Plan shall continue in accordance with their terms and shall not be affected by such termination.

18. No Right To Continued Employment.

Nothing in the Plan or in any Award granted pursuant to the Plan shall confer on any individual any right to continue in the employ of the Employer or interfere in any way with the right of the Employer to terminate his or her employment at any time.

19. Choice of Law.

The Plan shall be governed by and construed in accordance with the laws of the State of Delaware without regard to conflicts of law. Unless otherwise provided in an Award Agreement, recipients of an Award under the Plan are deemed to submit to the exclusive jurisdiction and venue of the federal or state courts of Missouri, County of St. Louis, to resolve any and all issues that may arise out of or relate to the Plan or any Award Agreement.

20. Severability.

If any provision of the Plan is, becomes, or is deemed invalid, illegal, or unenforceable in any jurisdiction, or would disqualify the Plan or any Award under any law deemed applicable by the Committee, such provision shall be construed or deemed amended or limited in scope to conform to applicable laws or, in the discretion of the Committee, it shall be stricken and the remainder of the Plan shall remain in full force and effect.
