On April 28, 2015, one of our subsidiaries purchased approximately 43.0 million newly issued shares of GFI's common stock at the price of \$5.81 per share for an aggregate purchase price of \$250 million, which increased our ownership in GFI to approximately 67.0%. Resales of Exchange Notes

We believe that the exchange notes received in the exchange offer may be resold or otherwise transferred by you without compliance with the registration and prospectus delivery requirements of the Securities Act (subject to the limitations described below). This, however, is based on your representations to us that:

- (1) you are acquiring the exchange notes in the ordinary course of your business;
- (2) you are not engaging in and do not intend to engage in a distribution of the exchange notes;
- (3) you do not have an arrangement or understanding with any person or entity to participate in the distribution of the exchange notes;
- (4) you are not our affiliate, as that term is defined in Rule 405 under the Securities Act;
- (5) you are not a broker-dealer tendering old notes acquired directly from us for your own account; and
- (6) you are not acting on behalf of any person that could not truthfully make these representations.

Our belief is based on interpretations by the staff of the SEC, as set forth in no-action letters issued to third parties unrelated to us, including *Exxon Capital Holdings Corp.*, SEC no-action letter (April 13, 1988), *Morgan, Stanley & Co. Inc.*, SEC no-action letter (June 5, 1991) and *Shearman & Sterling*, SEC no-action letter (July 2, 1993). We have not asked the staff for a no-action letter in connection with the exchange offer, however, and we cannot assure you that the staff would make a similar determination with respect to the exchange offer.

If you cannot make the representations described above:

you cannot rely on the applicable interpretations of the staff of the SEC;

you may not participate in the exchange offer; and

you must, in the absence of an exemption therefrom, comply with the registration and prospectus delivery requirements of the Securities Act in connection with any resale or other transfer of your old notes.

Each broker-dealer that receives exchange notes for its own account in the exchange offer for old notes that were acquired as a result of market-making or other trading activities must acknowledge that it

Expiration Date

The exchange offer will expire at 5:00 p.m., New York City time, on _____, 2016, unless we decide to extend the exchange offer. We do not currently intend to extend the exchange offer, although we reserve the right to do so.

Conditions to the Exchange Offer

The exchange offer is subject to customary conditions, including that it not violate any applicable law or any applicable interpretation of the staff of the SEC. The exchange offer is not conditioned upon any minimum principal amount of old notes being tendered for exchange. See The Exchange Offer Conditions.

Procedures for Tendering Old Notes

The old notes were issued as global securities in fully registered form without coupons. Beneficial interests in the old notes that are held by direct or indirect participants in The Depository Trust Company (DTC) through certificateless depository interests are shown on, and transfers of the old notes can be made only through, records maintained in book-entry form by DTC with respect to its participants.

If you wish to exchange your old notes for exchange notes pursuant to the exchange offer, you must transmit to U.S. Bank National Association, our exchange agent, on or prior to the expiration of the exchange offer, either:

a computer-generated message transmitted through DTC's Automated Tender Offer Program (ATOP) system and received by the exchange agent and forming a part of a confirmation of book-entry transfer in which you acknowledge and agree to be bound by the terms of the letter of transmittal; or

a properly completed and duly executed letter of transmittal, which accompanies this prospectus, or a facsimile of the letter of transmittal, together with your old notes and any other required documentation, to the exchange agent at its address listed in this prospectus and on the front cover of the letter of transmittal.

By delivering a computer-generated message through DTC's ATOP system, you will make the representations to us described above under

Resales of Exchange Notes.

May 27 and November 27 of each year, commencing November 27, 2016.

Optional Redemption

We may redeem some or all of the exchange notes at any time or from time to time for cash at the make-whole redemption prices set forth under Description of Exchange Notes Optional Redemption.

Change of Control; Offer to Repurchase

If a Change of Control Triggering Event described under Description of Exchange Notes Offer to Repurchase Upon a Change of Control Triggering Event occurs, we must offer to repurchase the notes for cash at a purchase price equal to 101% of the principal amount plus accrued and unpaid interest to, but excluding, the repurchase date. See Description of Exchange Notes Offer to Repurchase Upon a Change of Control Triggering Event.

Use of Proceeds

We will not receive any cash proceeds from the issuance of the exchange notes pursuant to the exchange offer. In consideration for issuing the exchange notes as contemplated in this prospectus, we will receive in exchange a like principal amount of old notes, the terms of which are substantially identical to the exchange notes. The old notes surrendered in exchange for the exchange notes will be retired and cancelled and cannot be reissued. Accordingly, the issuance of the exchange notes will not result in any change in our capitalization. We have agreed to bear the expenses of the exchange offer. No underwriter is being used in connection with the exchange offer.

Book-Entry Form

The exchange notes will be issued in book-entry form and will be represented by permanent global certificates deposited with, or on behalf of, DTC, and registered in the name of Cede & Co., as nominee of DTC. Beneficial interests in any of the exchange notes will be shown on, and transfers will be effected only through, records maintained by DTC or its nominee, and any such interest may not be exchanged for certificated securities, except in limited circumstances described below. See Description of Exchange Notes Book-Entry System.

Trustee

The trustee for the exchange notes will be U.S. Bank National Association.

Governing Law

The indenture and the old notes are, and the exchange notes will be, governed by the laws of the State of New York without regard to conflict of laws principles thereof.

Risk Factors

You should refer to the section entitled **Risk Factors** and other information included or incorporated by reference in this prospectus for an explanation of certain risks of investing in the exchange notes. See **Risk Factors**.

Table of Contents

RISK FACTORS

In addition to the other information included in this prospectus, including the matters addressed under Forward-Looking Statements, you should carefully consider the risk factors that are set forth in our Annual Report on Form 10-K for the year ended December 31, 2015, filed with the SEC on February 29, 2016, and in our Quarterly Reports on Form 10-Q for the quarters ended March 31, 2016 and June 30, 2016, and any updates to those risk factors or new risk factors contained in our subsequent Quarterly Reports on Form 10-Q and Current Reports on Form 8-K filed with the SEC, which are incorporated by reference in this prospectus, and the following risks before investing in the exchange notes.

The risks and uncertainties discussed below and in the documents referred to above, as well as other matters discussed in this prospectus and in those documents, could materially and adversely affect our businesses, financial condition, liquidity and results of operations, liquidity and prospects, and the market price of the exchange notes. Moreover, the risks and uncertainties discussed below and in the foregoing documents are not the only risks and uncertainties that we face, and our businesses, financial condition, liquidity and results of operations and the market price of the exchange notes could be materially adversely affected by other matters that are not known to us or that we currently do not consider to be material risks to our businesses.

Risks Related to the Exchange Notes

The exchange notes will be structurally subordinated to the obligations of our subsidiaries and to any secured indebtedness, and this may limit our ability to satisfy our obligations under the exchange notes.

The exchange notes will be our senior unsecured obligations and will rank equally with all of our other indebtedness that is not expressly subordinated to the notes. As of June 30, 2016, we had outstanding approximately \$1.113 billion principal amount of senior unsecured indebtedness (exclusive of intercompany debt, trade payables, distributions payable and accrued expenses). However, the exchange notes will be structurally subordinated to all obligations of our subsidiaries and to any secured indebtedness we may incur to the extent of the value of the collateral securing such indebtedness. As of June 30, 2016, our subsidiaries had outstanding approximately \$2.8 billion of other liabilities (including approximately \$19.6 million of secured indebtedness).

We conduct substantially all of our operations through our subsidiaries. We do not have any material assets other than our direct and indirect ownership in the equity of our operating subsidiaries. As a result, our cash flow and our ability to service our debt, including the exchange notes, are dependent upon the earnings of our subsidiaries. In addition, we are dependent on the distribution of earnings, loans or other payments by our subsidiaries to us. Certain regulatory requirements and debt and security agreements entered into by our subsidiaries contain various restrictions, including restrictions on payments by our subsidiaries to us and the transfer by our subsidiaries of assets pledged as collateral. In the event of a bankruptcy, liquidation, dissolution, reorganization or similar proceeding with respect to any of our subsidiaries, we, as an equity owner of such subsidiary, and therefore holders of our debt, including the notes, will be subject to the prior claims of such subsidiary's creditors, including trade creditors, and any preferred equity holders.

The exchange notes will also be effectively subordinated to any secured indebtedness we may incur to the extent of the value of the collateral securing such indebtedness. As of June 30, 2016, we had no secured indebtedness, and our subsidiaries had approximately \$19.6 million principal amount of secured indebtedness. In the event of a bankruptcy, liquidation, dissolution, reorganization or similar proceeding with respect to us, the holders of any secured indebtedness will be entitled to proceed directly against the collateral that secures such secured indebtedness. Therefore, such collateral will not be available for satisfaction of any amounts owed under our unsecured indebtedness, including the exchange notes, until such secured indebtedness is satisfied in full.

There are limited covenants and protections in the indenture.

While the indenture governing the exchange notes contains terms intended to provide protection to holders upon the occurrence of certain events involving significant corporate transactions, these terms are limited and

Table of Contents

may not be sufficient to protect an investment in the exchange notes. For example, there are no financial covenants in the indenture. As a result, we are not restricted under the terms of the indenture and the exchange notes from entering into transactions that could increase the total amount of our outstanding indebtedness, adversely affect our capital structure or our credit ratings, or otherwise adversely affect the holders of the exchange notes.

As described under **Description of Exchange Notes Offer to Repurchase Upon a Change of Control Triggering Event**, upon the occurrence of a Change of Control Triggering Event, holders are entitled to require us to repurchase their exchange notes for cash at 101% of their principal amount. However, the definition of the term **Change of Control Triggering Event** is limited and does not cover a variety of transactions (such as acquisitions by us, recapitalizations or going private transactions by our affiliates) that could negatively affect the value of the exchange notes. A change of control transaction under the indenture may only occur if there is a change in the controlling interest in us. For a Change of Control Triggering Event to occur there must be not only a change of control transaction as defined in the indenture governing the exchange notes, but also a ratings downgrade resulting from such transaction. If we were to enter into a significant corporate transaction that negatively affects the value of the exchange notes, but would not constitute a Change of Control Triggering Event, holders would not have any rights to require us to repurchase the exchange notes prior to their maturity, which also would adversely affect their investment.

Ratings of the exchange notes may not reflect all risks of an investment in the exchange notes and changes in our credit rating could adversely affect the market price of the exchange notes.

Our long-term debt is currently rated by nationally recognized statistical rating organizations. A debt rating is not a recommendation to purchase, sell or hold the exchange notes. Moreover, a debt rating does not reflect all risks of an investment in the exchange notes and does not take into account market price or suitability for a particular investor. Following the offering, the market price for the exchange notes will be based on a number of factors, including our ratings with major rating agencies. Rating agencies revise their ratings for the companies that they follow from time to time, and our ratings may be revised or withdrawn in their entirety at any time. We cannot be sure that rating agencies will maintain their current ratings. Neither we nor any initial purchaser undertakes any obligation to maintain the ratings or to advise holders of exchange notes of any change in ratings. A negative change in our ratings could have an adverse effect on the market price or liquidity of the exchange notes.

Changes in the credit markets could adversely affect the market price of the exchange notes.

Following completion of the exchange offer, the market price for the exchange notes will be based on a number of factors, including:

the prevailing interest rates being paid by other companies similar to us; and

the overall condition of the financial markets.

The condition of the credit markets and prevailing interest rates have fluctuated in the past and can be expected to fluctuate in the future. Fluctuations in these factors could have an adverse effect on the price and liquidity of the exchange notes.

An active trading market may not develop for the exchange notes, which could adversely affect the price of the exchange notes in the secondary market and your ability to resell the exchange notes should you desire to do so.

The exchange notes are a new issue of securities and there is no established trading market for the exchange notes. We do not intend to apply for listing of the exchange notes on any securities exchange, and we do not expect an active trading market for the exchange notes to develop.

Table of Contents

We have been advised by certain of the initial purchasers of the old notes that they presently intend to make a market in the exchange notes after completion of the exchange offer. However, they are under no obligation to do so and may discontinue any market-making activities at any time without notice. We cannot make any assurance as to:

the development of an active trading market for the exchange notes;

the liquidity of any trading market that may develop;

the ability of holders to sell their exchange notes; or

the price at which the holders would be able to sell their exchange notes.

If a trading market were to develop, the future market prices of the exchange notes will depend on many factors, including prevailing interest rates, our credit ratings published by the rating agencies that rate our indebtedness, the market for similar securities and our operating performance and financial condition. If a trading market does develop, there is no assurance that it will continue. If an active public trading market for the exchange notes does not develop or does not continue, the market price and liquidity of the exchange notes are likely to be adversely affected, and the exchange notes may trade at a discount.

We may not be able to repurchase the exchange notes upon a Change of Control Triggering Event.

Upon the occurrence of a Change of Control Triggering Event (as defined in Description of Exchange Notes Offer to Repurchase Upon a Change of Control Triggering Event), unless we have exercised our right to redeem the exchange notes as described under Description of Exchange Notes Optional Redemption, holders of exchange notes will have the right to require us to repurchase all or any part of their exchange notes at a price in cash equal to 101% of the then-outstanding aggregate principal amount of exchange notes repurchased plus accrued and unpaid interest, if any, on the exchange notes repurchased, to, but excluding, the date of purchase. If we experience a Change of Control Triggering Event, we can offer no assurance that we would have sufficient financial resources available to satisfy our obligations to repurchase any or all of the exchange notes should any holder elect to cause us to do so. Our failure to repurchase any exchange notes as required would result in a default under the indenture, which in turn could result in defaults under agreements governing certain of our other indebtedness, including the acceleration of the payment of any borrowings thereunder, and have material adverse consequences for us and the holders of the exchange notes.

Possible Impact of Proposed Income Tax Regulations

On April 4, 2016, the U.S. Department of the Treasury and the Internal Revenue Service released proposed regulations regarding the treatment of certain related-party corporate debt as equity for U.S. federal income tax purposes. These regulations include provisions that may adversely affect the tax consequences of common transactions, including intercompany obligations and/or financing. These changes, if enacted as proposed, are expected to impact many companies in the financial services sector, including several of our customers and competitors. If adopted as proposed, or in some other form that affects our transactions, these regulations could have an adverse impact on our income tax position or could possibly cause us to change the manner in which we conduct certain financial activities in ways that impose other costs on us. We are unable to predict whether these proposals will be adopted in final regulations, in what form they may be adopted or the extent, if any, to which any such regulations

would adversely affect our businesses, prospects, financial condition and results of operations.

Risks Related to the Exchange Offer

If you fail to exchange your old notes, they will continue to be restricted securities and may become less liquid.

Old notes that you do not validly tender or that we do not accept will, following the exchange offer, continue to be restricted securities, and you may not offer to sell them except under an exemption from, or in a transaction not subject to, the Securities Act and applicable state securities laws. We will issue the exchange

Table of Contents

notes in exchange for the old notes in the exchange offer only following the satisfaction of the procedures and conditions set forth in The Exchange Offer Procedures for Tendering. Because we anticipate that most holders of the old notes will elect to exchange their outstanding old notes, we expect that the liquidity of the market for the old notes remaining after the completion of the exchange offer will be substantially limited. Any old notes tendered and exchanged in the exchange offer will reduce the aggregate principal amount of the outstanding old notes at maturity. Further, following the exchange offer, if you did not exchange your old notes, you generally will not have any further registration rights, and old notes will continue to be subject to certain transfer restrictions.

You may not receive the exchange notes in the exchange offer if the exchange offer procedures are not validly followed.

We will issue the exchange notes in exchange for your old notes only if you validly tender such old notes before expiration of the exchange offer. Neither we nor the exchange agent is under any duty to give notification of defects or irregularities with respect to the tenders of the old notes for exchange. If you are the beneficial holder of old notes that are held through your broker, dealer, commercial bank, trust company or other nominee, and you wish to tender such old notes in the exchange offer, you should promptly contact the person through whom your old notes are held and instruct that person to tender the old notes on your behalf.

THE EXCHANGE OFFER

Purpose and Effect of the Exchange Offer

We issued \$300,000,000 aggregate principal amount of the old notes in a private placement on May 27, 2016. The old notes were issued, and the exchange notes will be issued, under a base indenture dated as of June 26, 2012, as supplemented by a supplemental indenture, dated as of May 27, 2016 (collectively, the indenture), between us and U.S. Bank National Association, as trustee. In connection with the private placement, we entered into a registration rights agreement, which requires that we file this registration statement under the Securities Act with respect to the exchange notes to be issued in the exchange offer and, upon the effectiveness of this registration statement, offer to you the opportunity to exchange your old notes for a like principal amount of exchange notes. The exchange notes will be issued without a restrictive legend, and except as set forth below, you may resell or otherwise transfer them without registration under the Securities Act. After we complete the exchange offer, our obligation to register the exchange of exchange notes for old notes will terminate. A copy of the registration rights agreement has been filed as an exhibit to the registration statement of which this prospectus is a part.

Based on interpretations by the staff of the SEC set forth in no-action letters issued to third parties unrelated to us, including *Exxon Capital Holdings Corp.*, SEC no-action letter (April 13, 1988), *Morgan, Stanley & Co. Inc.*, SEC no-action letter (June 5, 1991) and *Shearman & Sterling*, SEC no-action letter (July 2, 1993), subject to the limitations described in the succeeding three paragraphs, we believe that you may resell or otherwise transfer the exchange notes issued to you in the exchange offer without compliance with the registration and prospectus delivery requirements of the Securities Act. Our belief, however, is based on your representations to us that:

you are acquiring the exchange notes in the ordinary course of your business;

you are not engaging in and do not intend to engage in a distribution of the exchange notes;

you do not have an arrangement or understanding with any person or entity to participate in the distribution of the exchange notes;

you are not our affiliate as that term is defined in Rule 405 under the Securities Act;

you are not a broker-dealer tendering old notes acquired directly from us for your own account; and

you are not acting on behalf of any person that could not truthfully make these representations.

If you cannot make the representation described above, you may not participate in the exchange offer, you may not rely on the staff's interpretations discussed above, and you must, in the absence of an exemption therefrom, comply with registration and the prospectus delivery requirements of the Securities Act in order to resell your old notes.

Each broker-dealer that receives exchange notes for its own account in the exchange offer for old notes that were acquired as a result of market-making or other trading activities must acknowledge that it will comply with the

prospectus delivery requirements of the Securities Act in connection with any resale or other transfer of the exchange notes received in the exchange offer. See Plan of Distribution.

We have not asked the staff for a no-action letter in connection with the exchange offer, however, and we cannot assure you that the staff would make a similar determination with respect to the exchange offer.

If you will not receive freely tradeable exchange notes in the exchange offer or are not eligible to participate in the exchange offer, you can elect to have your old notes registered for resale on a shelf registration statement pursuant to Rule 415 under the Securities Act. In the event that we are obligated to file a shelf registration statement, we will be required to keep the shelf registration statement effective for a period of two years

Table of Contents

following the date of original issuance of the old notes or such shorter period that will terminate when all of the old notes covered by the shelf registration statement have been sold pursuant to the shelf registration statement. Other than as set forth in this paragraph, you will not have the right to require us to register your old notes under the Securities Act. See Procedures for Tendering.

We have been informed by our affiliate, Cantor Fitzgerald Securities (CFS), that it holds \$15.0 million aggregate principal amount of the \$300.0 million aggregate principal amount of outstanding old notes. CFS will not participate in the exchange offer. After the completion of the exchange offer, we intend to file a shelf registration statement to enable CFS to resell such old notes pursuant to such registration statement. We expect that, following the resale of such old notes, if any, pursuant to such registration statement, such resold old notes and the exchange notes will bear the same CUSIP number.

Consequences of Failure to Exchange

If you do not participate or validly tender your old notes in the exchange offer:

you will retain your old notes that are not registered under the Securities Act and they will continue to be subject to restrictions on transfer that are described in the legend on the old notes;

you will not be able to require us to register your old notes under the Securities Act unless, as set forth above, you do not receive freely tradable exchange notes in the exchange offer or are not eligible to participate in the exchange offer, and we are obligated to file a shelf registration statement;

you will not be able to resell or otherwise transfer your old notes unless they are registered under the Securities Act or unless you offer to resell or transfer them pursuant to an exemption under the Securities Act; and

the trading market for your old notes will become more limited to the extent that other holders of old notes participate in the exchange offer.

Terms of the Exchange Offer

Upon the terms and subject to the conditions set forth in this prospectus and in the accompanying letter of transmittal, we will accept any and all old notes validly tendered and not withdrawn prior to 5:00 p.m., New York City time, on the expiration date of the exchange offer. We will issue \$1,000 principal amount of the exchange notes in exchange for each \$1,000 principal amount of the old notes accepted in the exchange offer. You may tender some or all of your old notes pursuant to the exchange offer; however, old notes may be tendered only in denominations of \$2,000 and integral multiples of \$1,000 in excess thereof.

The form and terms of the exchange notes are substantially identical to those of the old notes, except that the transfer restrictions and registration rights relating to the old notes will not apply to the exchange notes, and the exchange notes will not provide for the payment of additional interest in the event of a registration default. In addition, the exchange notes will bear a different CUSIP number than the old notes (except for old notes sold pursuant to the shelf registration statement described above). The exchange notes will be issued under and entitled to the benefits of the

same indenture that authorized the issuance of the old notes.

As of the date of this prospectus, \$300,000,000 aggregate principal amount of the old notes are outstanding and registered in the name of Cede & Co., as nominee for DTC. This prospectus, together with the letter of transmittal, is being sent to the registered holder and to others believed to have beneficial interests in the old notes. We intend to conduct the exchange offer in accordance with the applicable requirements of the Exchange Act and the rules and regulations of the SEC promulgated under the Exchange Act.

We will be deemed to have accepted validly tendered old notes if and when we have given oral (any such oral notice to be promptly confirmed in writing) or written notice of our acceptance to U.S. Bank National Association, the exchange agent for the exchange offer. The exchange agent will act as our agent for the purpose

of receiving from us the exchange notes for the tendering noteholders. If we do not accept any tendered old notes because of an invalid tender, the occurrence of certain other events set forth in this prospectus or otherwise, we will return certificates, if any, for any unaccepted old notes, without expense, to the tendering noteholder as promptly as practicable after the expiration date of the exchange offer.

You will not be required to pay brokerage commissions or fees or transfer taxes, except as set forth under **Transfer Taxes**, with respect to the exchange of your old notes in the exchange offer. We will pay all charges and expenses, other than certain applicable taxes, in connection with the exchange offer. See **Fees and Expenses**.

Expiration Date; Amendment

The expiration date for the exchange offer will be 5:00 p.m., New York City time, on _____, 2016 unless we determine, in our sole discretion, to extend the exchange offer, in which case it will expire at the later date and time to which it is extended. We do not currently intend to extend the exchange offer, however, although we reserve the right to do so. If we extend the exchange offer, we will give oral (any such oral notice to be promptly confirmed in writing) or written notice of the extension to the exchange agent and give each registered holder of old notes notice by means of a press release or other public announcement of any extension prior to 9:00 a.m., New York City time, on the next business day after the scheduled expiration date.

We also reserve the right, in our sole discretion:

to accept tendered old notes upon the expiration of the exchange offer, and extend the exchange offer with respect to untendered old notes;

to delay accepting any old notes or, if any of the conditions set forth under **Conditions** have not been satisfied or waived, to terminate the exchange offer by giving oral (any such oral notice to be promptly confirmed in writing) or written notice of such delay or termination to the exchange agent; or

to amend the terms and conditions of the exchange offer in any manner by complying with Rule 14e-1(d) under the Exchange Act, to the extent that rule applies.

We will notify you as promptly as we can of any extension, termination or amendment. In addition, we acknowledge and undertake to comply with the provisions of Rule 14e-1(c) under the Exchange Act, which requires us to issue the exchange notes, or return the old notes tendered for exchange, promptly after the termination or withdrawal of the exchange offer.

Procedures for Tendering Old Notes

Only a holder of old notes may tender the old notes in the exchange offer. Except as set forth under **Book-Entry Transfer**, to tender in the exchange offer a holder must complete, sign and date the letter of transmittal, or a copy of the letter of transmittal, have the signatures on the letter of transmittal guaranteed if required by the letter of transmittal and mail or otherwise deliver the letter of transmittal or copy to U.S. Bank National Association, the exchange agent, prior to the expiration date of the exchange offer. In addition:

the certificates representing your old notes must be received by the exchange agent prior to the expiration date; or

a timely confirmation of book-entry transfer of such old notes into the exchange agent's account at DTC pursuant to the procedure for book-entry transfers described under "Book-Entry Transfer" must be received by the exchange agent prior to the expiration date.

If you hold old notes through a broker, dealer, commercial bank, trust company or other nominee and you wish to tender your old notes, you should contact the registered holder of your old notes promptly and instruct the registered holder to tender on your behalf.

Table of Contents

If you tender an old note and you do not properly withdraw the tender prior to the expiration date, you will have made an agreement with us to participate in the exchange offer in accordance with the terms and subject to the conditions set forth in this prospectus and in the letter of transmittal.

Signatures on a letter of transmittal or a notice of withdrawal must be guaranteed by an eligible institution unless:

old notes tendered in the exchange offer are tendered either by a registered holder that has not completed the box titled **Special Registration Instructions** or **Special Delivery Instructions** on the holder's letter of transmittal or for the account of an eligible institution; and

the box titled **Special Registration Instructions** on the letter of transmittal has not been completed.

If signatures on a letter of transmittal or a notice of withdrawal are required to be guaranteed, the guarantee must be by a financial institution, which includes most banks, savings and loan associations and brokerage houses, that is a participant in the Securities Transfer Agents Medallion Program, the New York Stock Exchange Medallion Program or the Stock Exchanges Medallion Program.

If the letter of transmittal is signed by a person other than you, your old notes must be endorsed or accompanied by a properly completed bond power and signed by you as your name appears on those old notes.

If the letter of transmittal or any old notes or bond powers are signed by trustees, executors, administrators, guardians, attorneys-in-fact, officers of corporations or others acting in a fiduciary or representative capacity, those persons should so indicate when signing. Unless we waive this requirement, in this instance you must submit with the letter of transmittal proper evidence satisfactory to us of their authority to act on your behalf.

We will determine, in our sole discretion, all questions regarding the validity, form, eligibility, including time of receipt, acceptance and withdrawal of tendered old notes. Our determination will be final and binding. We reserve the absolute right to reject any and all old notes not validly tendered or any old notes our acceptance of which would, in the opinion of our counsel, be unlawful. We also reserve the right to waive any defects, irregularities or conditions of tender as to certain old notes. Our interpretation of the terms and conditions of the exchange offer, including the instructions in the letter of transmittal, will be final and binding on all parties.

You must cure any defects or irregularities in connection with tenders of your old notes within the time period that we determine unless we waive that defect or irregularity. Although we intend to notify you of defects or irregularities with respect to your tender of old notes, neither we, the exchange agent nor any other person will incur any liability for failure to give this notification. Your tender will not be deemed to have been made and your old notes will be returned to you unless otherwise provided in the letter of transmittal, as soon as practicable following the expiration of the exchange offer, if:

you invalidly tender your old notes;

you have not cured any defects or irregularities in your tender; and

we have not waived those defects, irregularities or invalid tender.

In addition, we reserve the right in our sole discretion to:

purchase or make offers for, or offer exchange notes for, any old notes that remain outstanding subsequent to the expiration of the exchange offer;

terminate the exchange offer; and

to the extent permitted by applicable law, purchase old notes in the open market, in privately negotiated transactions or otherwise.

The terms of any of these purchases of or offers for old notes could differ from the terms of the exchange offer.

Table of Contents

In all cases, the issuance of exchange notes for old notes that are accepted for exchange in the exchange offer will be made only after timely receipt by the exchange agent of certificates for your old notes or a timely book-entry confirmation of your old notes into the exchange agent's account at DTC, a properly completed and duly executed letter of transmittal or a computer-generated message instead of the letter of transmittal, and all other required documents. If any tendered old notes are not accepted for any reason set forth in the terms and conditions of the exchange offer or if old notes are submitted for a greater principal amount than you indicate your desire to exchange, the unaccepted or non-exchanged old notes, or old notes in substitution therefor, will be returned without expense to you. In addition, in the case of old notes tendered by book-entry transfer into the exchange agent's account at DTC pursuant to the book-entry transfer procedures described below, the non-exchanged old notes will be credited to your account maintained with DTC, as promptly as practicable after the expiration or termination of the exchange offer.

Book-Entry Transfer

The old notes were issued as global securities in fully registered form without interest coupons. Beneficial interests in the global securities, held by direct or indirect participants in DTC, are shown on, and transfers of these interests are effected only through, records maintained in book-entry form by DTC with respect to its participants.

The exchange agent will make a request to establish an account with respect to the old notes at DTC for purposes of the exchange offer within two business days after the date of this prospectus, and any financial institution that is a participant in DTC's systems may make book-entry delivery of old notes being tendered by causing DTC to transfer such old notes into the exchange agent's account at DTC in accordance with DTC's procedures for transfer.

The DTC's ATOP system is the only method of processing exchange offers through DTC. To accept the exchange offer through the ATOP system, participants in DTC must send electronic instructions to DTC through DTC's communication system instead of sending a signed, hard copy letter of transmittal. DTC is obligated to communicate those electronic instructions to the exchange agent. To tender old notes through the ATOP system, the electronic instructions sent to DTC and transmitted by DTC to the exchange agent must contain the character by which the participant acknowledges its receipt of, and agrees to be bound by, the letter of transmittal, including the representations to us described above under Purpose and Effect of the Exchange Offer.

If you hold your old notes in the form of book-entry interests and you wish to tender your old notes in exchange for exchange notes, you must instruct a participant in DTC to transmit to the exchange agent on or prior to the expiration date for the exchange offer a computer-generated message transmitted by means of the ATOP system and received by the exchange agent and forming a part of a confirmation of book-entry transfer, in which you acknowledge and agree to be bound by the terms of the letter of transmittal.

In addition, in order to deliver old notes held in the form of book-entry interests, a timely confirmation of book-entry transfer of such old notes into the exchange agent's account at DTC pursuant to the procedure for book-entry transfers described above must be received by the exchange agent prior to the expiration date.

Guaranteed Delivery Procedures

Guaranteed delivery procedures are not available in connection with the exchange offer.

Withdrawal Rights

You may withdraw tenders of your old notes at any time prior to 5:00 p.m., New York City time, on the expiration date of the exchange offer.

Edgar Filing: BGC Partners, Inc. - Form S-4

For your withdrawal to be effective, the exchange agent must receive a written or facsimile transmission of or, for DTC participants, an electronic ATOP transmission of the notice of withdrawal at its address set forth below under Exchange Agent prior to 5:00 p.m., New York City time, on the expiration date.

Table of Contents

The notice of withdrawal must:

state your name;

identify the specific old notes to be withdrawn, including the certificate number or numbers and the principal amounts of the old notes to be withdrawn;

be signed by you in the same manner as you signed the letter of transmittal when you tendered your old notes, including any required signature guarantees, or be accompanied by documents of transfer sufficient for the exchange agent to register the transfer of the old notes into your name; and

specify the name in which the old notes are to be registered, if different from yours.

We will determine all questions regarding the validity, form and eligibility, including time of receipt, of withdrawal notices. Our determination will be final and binding on all parties. Any old notes that have been withdrawn will be deemed not to have been validly tendered for exchange for purposes of the exchange offer. Any old notes that have been tendered for exchange but that are not exchanged for any reason will be returned to you without cost as soon as practicable after withdrawal, rejection of tender or termination of the exchange offer. Properly withdrawn old notes may be retendered by following one of the procedures described under **Procedures for Tendering** above at any time on or prior to 5:00 p.m., New York City time, on the expiration date.

Conditions

Notwithstanding any other provision of the exchange offer, and subject to our obligations under the related registration rights agreement, we will not be required to accept for exchange, or to issue exchange notes in exchange for, any old notes and may terminate or amend the exchange offer, if at any time before the acceptance of any old notes for exchange any one of the following events occurs:

any injunction, order or decree has been issued by any court or any governmental agency that would prohibit, prevent or otherwise materially impair our ability to complete the exchange offer; or

the exchange offer violates any applicable law or any applicable interpretation of the staff of the SEC. These conditions are for our sole benefit, and we may assert them regardless of the circumstances giving rise to them, subject to applicable law. We also may waive in whole or in part at any time and from time to time any particular condition in our sole discretion. If we waive a condition, we may be required, in order to comply with applicable securities laws, to extend the expiration date of the exchange offer. Our failure at any time to exercise any of the foregoing rights will not be deemed a waiver of these rights, and these rights will be deemed ongoing rights which may be asserted at any time and from time to time.

In addition, we will not accept for exchange any old notes validly tendered, and no exchange notes will be issued in exchange for any tendered old notes, if, at the time the old notes are tendered, any stop order is threatened by the SEC

or in effect with respect to the registration statement of which this prospectus is a part or the qualification of the indenture under the Trust Indenture Act of 1939, as amended.

The exchange offer is not conditioned on any minimum principal amount of old notes being tendered for exchange.

You will not be obligated to pay any transfer taxes in connection with a tender of your old notes unless you instruct us to register exchange notes in the name of, or request that old notes not tendered or not accepted in the exchange offer be returned to, a person other than the registered tendering holder of the old notes, in which event the registered tendering holder will be responsible for the payment of any applicable transfer tax.

Accounting Treatment

USE OF PROCEEDS

We will not receive any cash proceeds from the issuance of the exchange notes pursuant to the exchange offer. In consideration for issuing the exchange notes as contemplated in this prospectus, we will receive in exchange a like principal amount of old notes, the terms of which are substantially identical to the exchange notes. The old notes surrendered in exchange for the exchange notes will be retired and cancelled and cannot be reissued. Accordingly, the issuance of the exchange notes will not result in any change in our capitalization. We have agreed to bear the expenses of the exchange offer. No underwriter is being used in connection with the exchange offer.

The following table presents the ratio of earnings to fixed charges for us and our consolidated subsidiaries for the periods indicated, including GFI beginning on February 27, 2015. Fixed charges consist of interest expense incurred on all indebtedness, amortized premiums, discounts and capitalized expenses relating to indebtedness and interest within rental expense. Neither we nor any of our consolidated subsidiaries had any preferred shares outstanding for any of the periods reflected in this table.

DESCRIPTION OF EXCHANGE NOTES

We issued the old notes, and will issue the exchange notes, under a base indenture, dated as of June 26, 2012, as supplemented by a supplemental indenture, dated as of May 27, 2016 (collectively, the indenture), between us and U.S. Bank National Association, as trustee (the Trustee). Unless the context otherwise requires, for all purposes of the indenture and this Description of Exchange Notes, references to the notes (which shall constitute a single series of notes under the indenture) include the old notes and the exchange notes. The following description is a summary of the material provisions of the indenture. It does not restate the indenture in its entirety. We urge you to read the indenture, a copy of which is filed as an exhibit to the registration statement of which this prospectus forms a part, because it, and not this description, defines your rights as holders of the notes.

Capitalized terms used but not otherwise defined herein shall have the meanings given to them in the notes or the indenture, as applicable. In this description, the terms the Company, we, us and our refer only to BGC Partners, Inc. and not to any of its subsidiaries.

The registered holder of a note will be treated as the owner of it for all purposes. Only registered holders will have rights under the indenture.

General

The old notes are, and the exchanges notes will be, our senior unsecured obligations ranking equally in right of payment with all of our other senior unsecured indebtedness from time to time outstanding. The notes will mature on May 27, 2021, unless previously redeemed or repurchased in full by us as provided below under Optional Redemption or Offer to Repurchase Upon a Change of Control Triggering Event. The exchange notes and the old notes that remain outstanding after the exchange offer will be a single series under the indenture.

The old notes bear, and the exchange notes will bear, interest at the rate of 5.125% per annum from May 27, 2016, to the stated maturity or date of earlier redemption. Interest on the notes will be payable semi-annually in arrears on each May 27 and November 27, commencing on November 27, 2016, to the persons in whose names such notes were registered at the close of business on the immediately preceding the May 12 and November 12 (whether or not a business day), respectively.

Interest payments in the respect of the notes will equal the amount of interest accrued from and including the immediately preceding interest payment date in respect of which interest has been paid or duly provided for (or from and including the date of issue, if no interest has been paid or duly provided for with respect to the notes), to, but excluding, the applicable interest payment date or stated maturity date or date of early redemption, as the case may be. Interest on the notes will be computed on the basis of a 360-day year comprised of twelve 30-day months. The principal and interest (including any additional interest), if any, on the notes will be payable through The Depository Trust Company, which we refer to as *Depository*, as described under Same-Day Funds Settlement and Payment.

If an interest payment date or the stated maturity date or date of early redemption of the notes falls on a Saturday, Sunday or other day on which banking institutions in The City of New York are authorized or obligated by law or executive order to close, the required payment due on such date will instead be made on the next business day. No further interest will accrue as a result of such delayed payment.

We issued the old notes initially in an aggregate principal amount of \$300.0 million. The indenture does not limit the aggregate principal amount of the debt securities which we may issue thereunder and provides that we may issue debt securities thereunder from time to time in one or more series. We may, from time to time, without the consent of or

notice to holders of the notes, issue and sell additional debt securities ranking equally and

Table of Contents

ratably with the notes in all respects and having the same terms as the notes (other than the issue date, and to the extent applicable, issue price, initial date of interest accrual and initial interest payment date of such additional debt securities), so that such additional debt securities shall be consolidated and form a single series with the notes for all purposes, including voting; provided, that such additional debt securities are fungible with the previously issued notes for U.S. federal income tax purposes.

We agreed in the indenture to use the net proceeds from the offering of the old notes (after deducting the initial purchasers' discount and expenses payable by us in connection with the offering of the old notes) to make loans to our subsidiaries pursuant to one or more promissory notes. So long as the notes are outstanding, (1) the aggregate principal amount of all such promissory notes shall be not less than the amount of the net proceeds from the offering of the old notes (or if less, the aggregate principal amount of notes then outstanding), (2) such promissory notes shall bear interest at rates that shall not be less than that borne by the notes and (3) such promissory notes shall have terms not later than the stated maturity date of the notes; provided, that any transfer of such obligation from one subsidiary to another or any refinancing of any such obligation by another subsidiary shall be permitted from time to time. We further agreed that, for so long as the notes remain outstanding, any indebtedness for borrowed money we incur after the date of original issuance of the notes in one transaction, or in a series of related transactions, that is in excess of \$25.0 million will be subject to a similar covenant.

The notes will be issued only in fully registered form without coupons in minimum denominations of \$2,000 and integral multiples of \$1,000 in excess thereof. The notes may be presented for transfer (duly endorsed or accompanied by a written instrument of transfer, if so required by us or the security registrar) or exchanged for other notes (containing identical terms and provisions, in any authorized denominations, and of a like aggregate principal amount) at the office or agency maintained by us for such purposes (initially the corporate trust office of the Trustee). Such transfer or exchange will be made without service charge, but we may require payment of a sum sufficient to cover any tax or other governmental charge and any other expenses then payable. Prior to the due presentment of a note for registration of transfer, we, the Trustee and any other agent of ours or the Trustee may treat the registered holder of each note as the owner of such note for the purpose of receiving payments of principal of and interest on such note and for all other purposes whatsoever.

The indenture does not contain any provisions that would limit our ability to incur unsecured indebtedness or that would afford holders of the notes protection in the event of a sudden and significant decline in our credit quality or a takeover, recapitalization or highly leveraged or similar transaction involving us. Accordingly, we could in the future enter into transactions that could increase the amount of indebtedness outstanding at that time or otherwise affect our capital structure or credit rating.

The notes will not be entitled to the benefit of any mandatory redemption or sinking fund.

Optional Redemption

At any time and from time to time, we will be entitled at our option to redeem the notes, in whole or in part, at a redemption price equal to the greater of (i) 100% of the aggregate principal amount of the notes to be redeemed and (ii) the sum of the present values of the Remaining Scheduled Payments (as defined below), plus, in each case, accrued and unpaid interest thereon to, but excluding, the redemption date, subject to the rights of holders of the notes to be redeemed on the relevant record date to receive interest due on the relevant interest payment date.

In determining the present values of the Remaining Scheduled Payments, we will discount such payments to the redemption date on a semi-annual basis (assuming a 360-day year consisting of twelve 30-day months) using a discount rate equal to the Treasury Rate plus 50 basis points.

Table of Contents

The following terms are relevant to the determination of the redemption price:

Comparable Treasury Issue means the United States Treasury security selected by an Independent Investment Banker as having an actual or interpolated maturity comparable to the remaining term of the notes to be redeemed that would be utilized, at the time of selection and in accordance with customary financial practice, in pricing new issues of corporate debt securities of comparable maturity to the remaining term of such notes.

Comparable Treasury Price means, with respect to any redemption date, (1) the arithmetic average of the applicable Reference Treasury Dealer Quotations for such redemption date after excluding the highest and lowest Reference Treasury Dealer Quotations, (2) if the Company obtains fewer than four applicable Reference Treasury Dealer Quotations, the arithmetic average of all applicable Reference Treasury Dealer Quotations for such redemption date or (3) if only one Reference Treasury Dealer Quotation is received, such quotation.

Independent Investment Banker means one of the Reference Treasury Dealers, or their respective successors, as may be appointed from time to time by the Company; provided, however, that if the foregoing ceases to be a primary U.S. Government securities dealer in the United States (a primary treasury dealer), we will substitute another primary treasury dealer.

Reference Treasury Dealer means Merrill Lynch, Pierce, Fenner & Smith Incorporated and three other primary treasury dealers selected by the Company, and each of their respective successors and any other primary treasury dealers selected by the Company.

Reference Treasury Dealer Quotations means, with respect to each Reference Treasury Dealer and any redemption date, the arithmetic average, as determined by the Company, of the bid and asked prices for the applicable Comparable Treasury Issue (expressed in each case as a percentage of its principal amount) quoted in writing to the Company by such Reference Treasury Dealer as of 3:30 p.m., New York City time, on the third business day preceding such redemption date.

Remaining Scheduled Payments means, with respect to any note to be redeemed, the remaining scheduled payments of the principal thereof and interest thereon that would be due after the related redemption date but for such redemption; provided, however, that, if such redemption date is not an interest payment date with respect to such note, the amount of the next scheduled interest payment thereon will be reduced by the amount of interest accrued thereon to such redemption date.

Treasury Rate means, with respect to any redemption date, the rate per annum equal to the semi-annual equivalent yield to maturity (computed as of the third business day immediately preceding that redemption date) of the applicable Comparable Treasury Issue. In determining this rate, the Company will assume a price for the applicable Comparable Treasury Issue (expressed as a percentage of its principal amount) equal to the applicable Comparable Treasury Price for such redemption date.

Offer to Repurchase Upon a Change of Control Triggering Event

If a Change of Control Triggering Event occurs, unless we have exercised our right to redeem the notes as described above, holders of notes will have the right to require us to repurchase all or any part (in minimum original principal amounts of \$2,000 and integral multiples of \$1,000 in excess thereof) of their notes pursuant to the offer described below (the *Change of Control Offer*) on the terms set forth in the notes. In the Change of Control Offer, we will be required to offer payment in cash equal to 101% of the then outstanding aggregate principal amount of notes repurchased plus accrued and unpaid interest, if any, on the notes repurchased, to, but not including, the date of

purchase (the *Change of Control Payment*). Within 30 days following any Change of Control Triggering Event, we will be required to mail a notice to holders of notes (with a copy to the Trustee) describing the transaction or transactions that constitute the Change of Control Triggering Event and offering to repurchase the notes on the date specified in the notice, which date will be no earlier than 30 days and no later than 60 days from the date such notice is mailed (the *Change of Control Payment Date*), pursuant to the procedures required by the notes and the indenture and described in such notice. We must comply with the

Table of Contents

requirements of Rule 14e-1 under the Securities Exchange Act of 1934, as amended, (the *Exchange Act*), and any other securities laws and regulations thereunder to the extent those laws and regulations are applicable in connection with the repurchase of the notes as a result of a Change of Control Triggering Event. To the extent that the provisions of any securities laws or regulations conflict with the Change of Control Triggering Event provisions of the notes, we will be required to comply with the applicable securities laws and regulations and will not be deemed to have breached our obligations under the Change of Control Triggering Event provisions of the notes by virtue of such conflicts.

On the Change of Control Payment Date, we will be required, to the extent lawful, to:

accept for payment all notes or portions thereof validly tendered pursuant to the Change of Control Offer;

deposit with the Trustee an amount equal to the Change of Control Payment in respect of all notes or portions of notes validly tendered; and

deliver or cause to be delivered to the Trustee the notes properly accepted together with a certificate executed by us, stating the aggregate principal amount of notes or portions of notes being purchased.

We will not be required to make a Change of Control Offer upon the occurrence of a Change of Control Triggering Event if a third party makes such an offer in the manner, at the times and otherwise in compliance with the requirements for a Change of Control Offer made by us and the third party repurchases all notes validly tendered and not withdrawn under its offer. In addition, we will not repurchase any notes if there has occurred and is continuing on the Change of Control Payment Date an event of default under the indenture, other than a default in the payment of the Change of Control Payment upon a Change of Control Triggering Event.

The change of control feature of the notes may in certain circumstances make more difficult or discourage a sale or takeover of us and, thus, the removal of incumbent management. We could, in the future, enter into certain transactions, including acquisitions, refinancings or other recapitalizations, that would not constitute a Change of Control under the notes, but that could increase the amount of our indebtedness outstanding at such time or otherwise affect our capital structure or credit ratings on the notes.

For purposes of the foregoing discussion of a repurchase at the option of holders, the following definitions are applicable:

Below Investment Grade Rating Event means the notes cease to be rated at as above an Investment Grade Rating by both Rating Agencies (as defined below) on any date during the period (the *Trigger Period*) commencing 60 days prior to the first public announcement by the Company of any Change of Control (or pending Change of Control) and ending 60 days following consummation of such Change of Control (which Trigger Period will be extended following consummation of a Change of Control for so long as either of the Rating Agencies has publicly announced that it is considering a possible ratings change). If a Rating Agency is not providing a rating for the notes at the commencement of any Trigger Period, the notes will be deemed to have ceased to be rated Investment Grade by such Rating Agency during that Trigger Period.

A *Change of Control* will be deemed to have occurred at such time after the original issuance of the old notes when any of the following has occurred:

(1) a person or group within the meaning of Section 13(d) of the Exchange Act other than us, our Subsidiaries, our and their respective employee benefit plans and any Permitted Holder, has become the direct or indirect beneficial owner, as defined in Rule 13d-3 under the Exchange Act, of our capital stock representing, in the aggregate, more than 50% of the voting power of all classes of our capital stock; or

(2) one or more Permitted Holders shall cease to (i) own and control, beneficially, capital stock of ours that possesses the voting power under normal circumstances to cast 50% or more of the total votes entitled to be cast for the election of directors of ours; or (ii) have the voting power or the contractual right to elect a majority of our directors; or

Table of Contents

(3) our liquidation or dissolution or the stockholders of the Company approve any plan or proposal for our liquidation or dissolution; or

(4) any conveyance, transfer, sale, lease or other disposition of all or substantially all of the properties and assets of ours to another person, other than:

any transaction:

- (i) that does not result in any reclassification, conversion, exchange or cancellation of our outstanding equity interests; or
- (ii) pursuant to which holders of our outstanding equity interests, immediately prior to the transaction, have the entitlement to exercise, directly or indirectly, 50% or more of the total voting power of all equity interests entitled to vote generally in elections of directors or managers of the continuing or surviving or successor entity immediately after giving effect to such issuance; or

any transfer of assets or similar transaction solely for the purpose of changing our jurisdiction of organization and resulting in a reclassification, conversion or exchange of our outstanding equity interests, if at all, solely into outstanding equity interests of the surviving entity or a direct or indirect parent of the surviving entity; or

any conveyance, transfer, sale, lease or other disposition with or into any of our subsidiaries, so long as such conveyance, transfer, sale, lease or other disposition is not part of a plan or a series of transactions designed to or having the effect of merging or consolidating with, or conveying, transferring, selling, leasing or disposing all or substantially all our properties and assets to, any other person.

Notwithstanding the foregoing, no Change of Control will be deemed to have occurred in the event any successor issuer of the notes shall be a corporation so long as one or more Permitted Holders shall maintain the beneficial ownership of shares of the capital stock of such successor possessing the voting power under normal circumstances to elect, or one or more Permitted Holders shall have the contractual right to elect, a majority of the directors of such successor corporation. Notwithstanding the foregoing, a transaction will not be deemed to result in a Change of Control if (a) Cantor Fitzgerald L.P. becomes a wholly owned subsidiary of a holding company and (b) the holders of the voting capital stock of such holding company immediately following that transaction are substantially the same as the holders of Cantor Fitzgerald L.P.'s voting partnership interests immediately prior to that transaction.

Change of Control Triggering Event means the occurrence of both a Change of Control and a Below Investment Grade Rating Event.

Fitch means Fitch Ratings.

Investment Grade Rating means a rating equal to or higher than BBB- (or the equivalent) by Fitch or BBB- (or the equivalent) by S&P.

Permitted Holder means Howard W. Lutnick, any Person controlled by him or any trust established for Mr. Lutnick's benefit or for the benefit of his spouse, any of his descendants or any of his relatives, in each case, so long as he is alive and, upon his death or incapacity, any person who shall, as a result of Mr. Lutnick's death or incapacity, become a beneficial owner (as defined in Rule 13d-3 under the Exchange Act) of the Company's capital stock by operation of a trust, by will or the laws of descent and distribution or by operation of law.

Person means an individual, a corporation, a limited liability company, an association, a partnership, a joint venture, a joint stock company, a trust, an unincorporated organization or a government or agency or political subdivision thereof.

Rating Agencies means (1) each of Fitch and S&P; and (2) if either of Fitch or S&P ceases to rate the notes or fails to make a rating of the notes publicly available for reasons outside of our control, a nationally

recognized statistical rating organization within the meaning of Section 3(a)(62) of the Exchange Act, selected by us (as certified by a resolution of our Board of Directors) as a replacement agency for Fitch or S&P, or both of them, as the case may be.

S&P means Standard & Poor's Ratings Services, a division of The McGraw-Hill Companies, Inc.

Certain Covenants

Limitations on Liens on Stock of Subsidiaries

Under the indenture, we covenant that, so long as any of the notes are outstanding, we will not, and will not permit any Designated Subsidiary to, create, assume, incur, guarantee or otherwise permit to exist any Indebtedness secured by any mortgage, pledge, lien, security interest or other encumbrance (a *lien*) upon any shares of capital stock of any Designated Subsidiary directly or indirectly held by us (whether such capital stock is now owned or hereafter acquired) without effectively providing concurrently that the notes (and, if we so elect, any other Indebtedness of ours that is not subordinate to the notes and with respect to which the governing instruments of such Indebtedness require, or pursuant to which we are otherwise obligated, to provide such security) will be secured equally and ratably with, or prior to, such Indebtedness for at least the time period such other Indebtedness is so secured. The foregoing will not apply to liens on the securities of any entity existing at the time it becomes a Designated Subsidiary (and any extensions, renewals or replacements thereof).

For purposes of the indenture, *capital stock* of any Person means any and all shares, interests, rights to purchase, warrants, options, participations or other equivalents of or interests in (however designated) equity of such Person, including preferred stock, but excluding any debt securities convertible into such equity.

The term *Designated Subsidiary* means each of (i) BGC Holdings, L.P. (*BGC Holdings*), (ii) BGC Global Holdings, L.P. (*BGC Global*), (iii) BGC Partners, L.P. (*BGC US*), and (iv) any other direct or indirect subsidiary now owned or hereafter acquired by us for which (a) the Net Assets constitute, as of the last day of the most recently ended fiscal quarter, 5% or more of our Total Stockholders' Equity or (b) the net revenues constitute, as of the last day of the most recently ended fiscal quarter, 10% or more of the consolidated net revenues of ours during the most recently ended period of four consecutive fiscal quarters; provided, however, that the following shall not be Designated Subsidiaries:

- (1) any Person in which the Company or any of its Subsidiaries does not own sufficient equity or voting interests to elect a majority of the directors (or persons performing similar functions);
- (2) any Person whose financial results would not be consolidated with those of the Company and its consolidated subsidiaries in accordance with accounting principles generally accepted in the United States of America (*U.S. GAAP*); and
- (3) any subsidiary of any Person described in clauses (1) and (2) above.

The term *Indebtedness* means, without duplication, with respect to any Person, whether or not contingent:

Edgar Filing: BGC Partners, Inc. - Form S-4

- (1) the principal of and any premium and interest on (a) indebtedness of such Person for money borrowed or (b) indebtedness evidenced by notes, debentures, bonds or other similar instruments for the payment of which such Person is responsible or liable;
- (2) all capitalized lease obligations of such Person;
- (3) all obligations of such Person incurred or assumed as the deferred purchased price of property, all conditional sale obligations and all obligations under any title retention agreement (but excluding trade accounts payable arising in the ordinary course of business);
- (4) all obligations of such Person for the reimbursement of any obligor on any banker's acceptance, bank guarantees, surety bonds or similar credit transaction; and
- (5) any amendments, modifications, refundings, renewals or extensions of any indebtedness or obligation described as Indebtedness in clauses (1) through (4) above;

Table of Contents

if and to the extent any of the preceding items (other than letters of credit) would appear as a liability upon a balance sheet of such Person prepared in accordance with U.S. GAAP; provided, however, the term *Indebtedness* includes all of the following items, whether or not any such items would appear as a liability on a balance sheet of such Person prepared in accordance with generally accepted accounting principles:

- (i) all *Indebtedness* of others secured by any mortgage, pledge, lien, security interest or other encumbrance on any property or asset of such Person (whether or not such *Indebtedness* is assumed by such Person);
- (ii) to the extent not otherwise included, any guarantee by such person of *Indebtedness* of any other Person; and
- (iii) preferred stock or other equity interests providing for mandatory redemption or sinking fund or similar payments issued by any subsidiary of such Person.

The term *Net Assets* means, with respect to any Person, the excess (if positive) of (a) such Person's consolidated assets over (b) such Person's consolidated liabilities, in each case determined in accordance with U.S. GAAP.

The term *Total Stockholders Equity* means, as of the date of determination, without duplication, all items which in conformity with U.S. GAAP would be included under total stockholders' equity on our consolidated statement of financial condition. For purposes of any determination of total stockholders' equity, we may include the amount of any capital to be returned pursuant to the terms of the Amended and Restated Agreement of Limited Partnership of BGC Holdings, as amended from time to time, to any limited or general partner who has been terminated or withdrawn until such time as the amount of such partners' capital has been paid to such limited or general partner pursuant to the terms of such Partnership Agreement plus, without duplication, redeemable partnership interests representing former partner's equity in us. For the avoidance of doubt, Total Stockholders' Equity is inclusive of non-controlling interests in subsidiaries on our consolidated statement of financial condition.

Consolidation, Merger or Sale

We may not consolidate or merge with or into, or transfer or lease all or substantially all of our assets to, any Person unless either (a) we will be the continuing entity or (b) the successor entity or Person to which our assets are transferred or leased is an entity organized under the laws of the United States, any state of the United States or the District of Columbia and it expressly assumes our obligations on the notes and under the indenture. In addition, we cannot effect such a transaction unless immediately after giving effect to such transaction, no default or event of default under the indenture shall have occurred and be continuing. Subject to certain exceptions, when the Person to whom our assets are transferred or leased has assumed our obligations under the notes and the indenture, we will be discharged from all our obligations under the notes and the indenture, except in limited circumstances.

This covenant does not apply to any recapitalization transaction, a change of control of us or a highly leveraged transaction, unless the transaction or change of control were structured to include a merger or consolidation or transfer or lease of all or substantially all of our assets.

Modification, Amendment or Waiver

We may from time to time amend or supplement the indenture and the notes without the consent of registered holders to, among other things, (a) modify the restrictions on and procedures for resale, attempted resale, and other transfers of the notes or interests therein to reflect any change in applicable law or regulation (or interpretation thereof) or in practices relating to the resale or transfer of restricted securities generally or (b) to cure any ambiguity or defect in and to correct or supplement any provision of the indenture or any note that may

Table of Contents

be inconsistent with any other provision in the indenture or the notes, provided, however, that any such cure, correction or supplement shall not adversely affect the interests of the holders of the notes in any material respect.

With certain exceptions, we may make modifications and amendments of the indenture with the consent of the registered holders of not less than a majority in aggregate principal amount of the notes of a series at the time outstanding under the indenture. Compliance with certain covenants may be waived on behalf of registered holders of notes of a series, either generally or in a specific instance and either before or after the time for compliance with those covenants, with the consent of holders of not less than a majority in aggregate principal amount of the then outstanding notes of such series. Nevertheless, without the consent of each registered holder of the notes affected thereby, no such modification or amendment may, among other things, reduce the principal of or interest on any of the outstanding notes, extend the stated maturity of the notes, change the interest payment dates or terms of payment for the notes, or reduce the percentage of registered holders necessary to modify or amend the indenture and the notes.

Events of Default

Unless otherwise indicated, the term *Event of Default*, when used in the indenture with respect to the notes, means any of the following:

failure to pay interest (including any additional interest) for 30 days after the date payment on any note is due and payable;

failure to pay principal or premium, if any, on any note when due, either at maturity, upon any redemption, by declaration or otherwise;

a default by us in the payment in respect of any Indebtedness for borrowed money, including obligations evidenced by any mortgage, indenture, bond, debenture, note, guarantee or similar instrument, in an aggregate principal amount of at least \$50 million beyond any applicable grace period, or default in the performance or compliance with any term respecting such debt, if as a consequence such debt becomes due and payable before its stated maturity, and such default shall not have been rescinded or annulled or such Indebtedness shall not have been discharged and such default continues for a period of 15 consecutive days after written notice to us by the Trustee or the holders of not less than 25% in aggregate principal amount of the notes;

failure by us to perform any other covenant in the indenture or the notes for 90 days after notice that performance was required; or

events related to our bankruptcy, insolvency, reorganization or liquidation.

If an Event of Default relating to the payment of interest (including any additional interest) or principal with respect to the notes has occurred and is continuing, the Trustee or the holders of not less than 25% in aggregate principal amount of the notes may declare the entire principal of the notes to be due and payable immediately.

If an Event of Default relating to the performance of other covenants occurs and is continuing, then the Trustee or the holders of not less than 25% in aggregate principal amount of the notes may declare the entire principal amount of the notes to be due and payable immediately.

The holders of not less than a majority in aggregate principal amount of the notes may, after satisfying conditions, rescind and annul any of the above-described declarations and consequences.

If an Event of Default relating to events of our bankruptcy, insolvency, reorganization or liquidation occurs and is continuing, then the principal amount of the notes outstanding, and any accrued interest, will automatically become due and payable immediately, without any declaration or other act by the Trustee or any holder.

Table of Contents

The indenture imposes limitations on suits brought by holders of notes against us. Except as provided below, no holder of notes may institute any action against us under the indenture unless:

the holder has previously given to the Trustee written notice of default and continuance of that default;

the holders of at least 25% in principal amount of the notes have requested in writing that the Trustee institute the action;

the requesting holders have offered the Trustee security or indemnity satisfactory to it for expenses and liabilities that may be incurred by bringing the action;

the Trustee has not instituted the action within 60 days after the request; and

the Trustee has not received inconsistent direction by the holders of a majority in principal amount of the outstanding notes.

Notwithstanding the foregoing, each holder of notes of any series has the right, which is absolute and unconditional, to receive payment of the principal of, and premium and interest, if any, on, the notes when due and to institute suit for the enforcement of any such payment, and such rights may not be impaired without the consent of that holder of notes.

We will be required to file annually with the Trustee a certificate, signed by an officer of the Company, stating whether or not the officer knows of any default by us in the performance, observance or fulfillment of any condition or covenant of the indenture.

Discharge, Defeasance and Covenant Defeasance

We can discharge or defease our obligations under the indenture and the notes as set forth below.

We may discharge our obligations to holders of notes that have not already been delivered to the Trustee for cancellation and that have become due and payable within one year (or are scheduled for redemption within one year). We may effect a discharge by irrevocably depositing with the Trustee cash or U.S. government obligations, as trust funds, in an amount certified to be sufficient to pay when due, whether at maturity, upon redemption or otherwise, the principal of, and premium, if any, and interest on, the notes.

We may also discharge any and all of our obligations to holders of notes at any time (*legal defeasance*). We also may be released from the obligations imposed by any covenants of any outstanding series of debt securities and provisions of the indenture, and we may omit to comply with those covenants without creating an Event of Default (*covenant defeasance*). We may effect legal defeasance and covenant defeasance only if, among other things:

we irrevocably deposit with the Trustee cash or U.S. government obligations, as trust funds, in an amount certified to be sufficient to pay when due (whether at maturity, upon redemption, or otherwise) the principal

of, and premium, if any, and interest on all outstanding notes; and

we deliver to the Trustee an opinion of counsel from a nationally recognized law firm to the effect that the holders and beneficial owners of the notes will not recognize income, gain or loss for U.S. federal income tax purposes as a result of the legal defeasance or covenant defeasance and that legal defeasance or covenant defeasance will not otherwise alter the holders and beneficial owners' U.S. federal income tax treatment of principal, premium, if any, and interest payments on the notes, which opinion, in the case of legal defeasance, must be based on a ruling of the Internal Revenue Service or a change in U.S. federal income tax law issued or pronounced after the date of this prospectus.

Although we may discharge or defease our obligations under the indenture as described in the two preceding paragraphs, we may not avoid, among other things, our duty to register the transfer or exchange of any notes, to replace any temporary, mutilated, destroyed, lost or stolen notes or to maintain an office or agency in respect of the notes.

Book-Entry System

The certificates representing the notes will be issued in the form of one or more fully-registered global notes without coupons (the Global Note) and will be deposited with, or on behalf of, the Depository and registered in the name of Cede & Co., as the nominee of the Depository. Except in limited circumstances, the notes will not be issuable in definitive form. Unless and until they are exchanged in whole or in part for the individual notes represented thereby, any interests in the Global Note may not be transferred except as a whole by the Depository to a nominee of the Depository or by a nominee of the Depository to the Depository or another nominee of the Depository or by the Depository or any nominee of the Depository to a successor depository or any nominee of such successor.

The Depository is under no obligation to provide its services as Depository for the certificates of any series and may discontinue providing its services at any time. Neither we nor the Trustee will have any responsibility for the performance by the Depository or its direct or indirect participants under the rules and procedures governing the Depository. As noted above, owners of beneficial interests in the Global Note will not receive certificates representing their interests. However, we will prepare and deliver certificates for the notes of that series in exchange for beneficial interests in the Global Note if:

the Depository notifies us that it is unwilling or unable to continue as a Depository for the Global Note of any series or if the Depository ceases to be a clearing agency registered under the Exchange Act and a successor Depository is not appointed by us within 90 days after the notification or of our becoming aware of the Depository's ceasing to be so registered, as the case may be;

we determine, in our sole discretion, not to have the notes of any series represented by one or more Global Notes; or

an Event of Default has occurred and is continuing with respect to the debt securities of any series, and the Depository wishes to exchange such Global Note for definitive certificated debt securities.

Any beneficial interest in a Global Note that is exchangeable under the circumstances described in the preceding sentence will be exchangeable for notes in definitive certificated form registered in the names that the Depository shall direct. It is expected that these directions will be based upon directions received by the Depository from its participants with respect to ownership of beneficial interests in the Global Note.

The Depository has advised us that the Depository is a limited-purpose trust company organized under the New York Banking Law, a banking organization within the meaning of the New York Banking Law, a member of the Federal Reserve System, a clearing corporation within the meaning of the New York Uniform Commercial Code, and a clearing agency registered pursuant to the provisions of Section 17A of the Exchange Act. The Depository holds securities that its participants (Direct Participants) deposit with the Depository. The Depository also facilitates the post-trade settlement among Direct Participants of sales and other securities transactions in deposited securities, through electronic computerized book-entry transfers and pledges between Direct Participants' accounts. This eliminates the need for physical movement of securities certificates. Direct Participants include both U.S. and non-U.S. securities brokers and dealers, banks, trust companies, clearing corporations, and certain other organizations. The Depository is a wholly owned subsidiary of The Depository Trust & Clearing Corporation (DTCC). DTCC is the holding company for the Depository, National Securities Clearing Corporation and Fixed Income Clearing Corporation, all of which are registered clearing agencies. DTCC is owned by the users of its regulated subsidiaries.

Access to the Depository system is also available to others such as both U.S. and non-U.S. securities brokers and dealers, banks, trust companies and clearing corporations that clear through or maintain a custodial relationship with a Direct Participant, either directly or indirectly.

Conveyance of notices and other communications by the Depository to Direct Participants, by Direct Participants to indirect participants and by direct and indirect participants to beneficial owners will be governed by arrangements among them, subject to any legal requirements in effect from time to time.

Table of Contents

Redemption notices shall be sent to the Depository or its nominee. If less than all of the notes are being redeemed, the Depository will reduce the amount of the interest of Direct Participants in such notes in accordance with its procedures.

A beneficial owner of notes shall give written notice to elect to have its notes repurchased or tendered, through its participant, to the Trustee and shall effect delivery of such notes by causing the Direct Participant to transfer the participant's interest in such notes, on the Depository's records, to the Trustee. The requirement for physical delivery of notes in connection with a repurchase or tender will be deemed satisfied when the ownership rights in such notes are transferred by Direct Participants on the Depository's records and followed by a book-entry credit of such notes to the Trustee's the Depository account.

In any case where a vote may be required with respect to the notes of any series, neither the Depository nor Cede & Co. will give consents for or vote such global debt securities. Under its usual procedures, the Depository will mail an omnibus proxy to us as soon as possible after the record date. The omnibus proxy assigns the consenting or voting rights of Cede & Co. to those Direct Participants to whose accounts the notes are credited on the record date identified in a listing attached to the omnibus proxy.

Principal of and premium, if any, and interest, if any, on the Global Note will be paid to Cede & Co., as nominee of the Depository. The Depository's practice is to credit Direct Participants' accounts on the relevant payment date unless the Depository has reason to believe that it will not receive payments on the payment date. Payments by direct and indirect participants to beneficial owners will be governed by standing instructions and customary practices, as is the case with securities held for the account of customers in bearer form or registered in street name. Those payments will be the responsibility of participants and not of the Depository or us, subject to any legal requirements in effect from time to time. Payment of principal, premium, if any, and interest, if any, to Cede & Co. is our responsibility, disbursement of payments to Direct Participants is the responsibility of the Depository, and disbursement of payments to the beneficial owners is the responsibility of direct and indirect participants.

The rules applicable to the Depository and its Direct Participants are on file with the SEC. The information in this section concerning the Depository and the Depository's book-entry system has been obtained from sources that we believe to be reliable, but we take no responsibility for the accuracy thereof.

Same-Day Funds Settlement and Payment

All payments of principal, premium if any, and interest in respect of notes in book-entry form will be made by us in immediately available funds to the accounts specified by the Depository.

Governing Law

The indenture and old notes are, and the exchange notes will be, governed by, and construed in accordance with, the laws of the State of New York applicable to agreements made or instruments entered into and, in each case, performed in that state.

Concerning the Trustee

U.S. Bank National Association is the trustee under the indenture with respect to the notes and will also serve as the registrar and paying agent. We maintain corporate trust relationships in the ordinary course of business with the Trustee. The Trustee is also serving as the exchange agent for the exchange offer.

Table of Contents**MATERIAL UNITED STATES FEDERAL INCOME TAX CONSIDERATIONS**

The following is a summary of the United States federal income tax consequences of an exchange of unregistered old notes for registered exchange notes pursuant to the exchange offer, but does not purport to be a complete analysis of all the potential tax considerations relating to the exchange offer or the exchange notes. This summary is based on current provisions of the Internal Revenue Code of 1986, as amended (the Code), applicable Treasury Regulations promulgated thereunder, judicial interpretations thereof and administrative rulings and pronouncements of the Internal Revenue Service, all as in effect as of the date of this prospectus and all of which are subject to change, possibly with retroactive effect, or different interpretations. This summary is for general information only and does not purport to address all aspects of United States federal income taxation that may be relevant to particular holders in light of their particular circumstances and does not apply to holders subject to special rules under the U.S. federal income tax laws (including, for example, persons subject to special rules applicable to former citizens and residents of the United States, banks or other financial institutions, persons subject to the alternative minimum tax, grantor trusts, entities or arrangements treated as partnerships for U.S. federal income tax purposes (or investors therein), subchapter S corporations, retirement plans, individual retirement accounts or other tax-deferred accounts, real estate investment trusts, regulated investment companies, insurance companies, tax-exempt entities, dealers in securities or currencies, traders in securities who elect to apply a mark-to-market method of accounting, persons holding notes in connection with a hedging transaction, straddle, conversion transaction or other integrated transaction, U.S. Holders (as defined below) that have a functional currency other than the U.S. dollar, and corporations treated as personal holding companies, controlled foreign corporations, or passive foreign investment companies). In addition, this summary is limited to persons that hold the old notes and that will hold the exchange notes as capital assets within the meaning of Section 1221 of the Code (generally, property held for investment). This summary does not address United States federal tax laws other than those pertaining to the federal income tax (such as the gift tax, the estate tax and the Medicare tax) or the effect of any applicable state, local or foreign tax laws. You are urged to consult your own tax advisor regarding the United States federal, state, local and foreign tax consequences of exchanging the old notes for exchange notes and of holding and disposing of the exchange notes given your particular situation.

For purposes of this summary, a U.S. Holder is a beneficial owner of an exchange note that is, for United States federal income tax purposes, (i) an individual who is a citizen or resident of the United States, (ii) a corporation created in or organized under the law of the United States or any state or political subdivision thereof, (iii) an estate the income of which is includible in gross income for United States federal income tax purposes regardless of its source, or (iv) a trust (A) the administration of which is subject to the primary supervision of a United States court and with respect to which one or more United States persons have the authority to control all substantial decisions of the trust, or (B) that has in effect a valid election under applicable United States Treasury regulations to be treated as a United States person. If a partnership (including any entity or arrangement treated as a partnership for United States federal income tax purposes) is a beneficial owner of exchange notes, the treatment of a partner in the partnership generally will depend upon the status of the partner and the activities of the partnership. A holder of exchange notes that is a partnership and partners in such a partnership are urged to consult their tax advisors about the United States federal income tax consequences of the exchange offer and of the holding and disposing of exchange notes.

The exchange of an old note for an exchange note pursuant to the exchange offer generally will not constitute a taxable exchange for United States federal income tax purposes because the exchange notes generally will not be considered to differ materially in kind or extent from the old notes. Rather, the exchange note you receive will be treated for United States federal income tax purposes as a continuation of your investment in the corresponding old note surrendered in the exchange offer. Consequently, you generally will not recognize any taxable income, gain or loss upon the receipt of an exchange note pursuant to the exchange offer, your holding period for an exchange note generally will include your holding period of the old note exchanged therefor, and your tax basis in an exchange note generally will be the same as your adjusted tax basis in the old note immediately before such exchange. The United

States federal income tax consequences of holding and disposing of an exchange note received pursuant to the exchange offer generally will be the same as the United States federal income tax consequences of holding and disposing of an old note.

PLAN OF DISTRIBUTION

Each broker-dealer that receives exchange notes for its own account pursuant to the exchange offer in exchange for old notes where such old notes were acquired as a result of market-making or other trading activities must acknowledge that it will deliver a prospectus in connection with any resale or other transfer of such exchange notes. This prospectus, as it may be amended or supplemented from time to time, may be used by such a broker-dealer in connection with resales or other transfers of such exchange notes. To the extent any such broker-dealer participates in the exchange offer, we have agreed that, for a period of up to 180 days after the completion of the exchange offer, upon request of such broker-dealer, we will make this prospectus, as amended or supplemented, available to such broker-dealer for use in connection with any such resales or other transfers of exchange notes, and will deliver as many additional copies of this prospectus and each amendment or supplement to this prospectus and any documents incorporated by reference in this prospectus as such broker-dealer may reasonably request.

We will not receive any proceeds from any resales or other transfers of exchange notes by such broker-dealers. Exchange notes received by such broker-dealers for their own accounts pursuant to the exchange offer may be resold from time to time in one or more transactions in the over-the-counter market, in negotiated transactions, through the writing of options on the exchange notes or a combination of these methods of resale, at market prices prevailing at the time of resale, at prices related to such prevailing market prices or at negotiated prices. Any such resale may be made directly to purchasers or to or through brokers or dealers who may receive compensation in the form of commissions or concessions from any such broker-dealer or the purchasers of any such exchange notes. Any such broker-dealer that resells exchange notes that were received by it for its own account pursuant to the exchange offer and any broker or dealer that participates in a distribution of such exchange notes may be deemed to be an underwriter of the exchange notes within the meaning of the Securities Act, and any profit on any such resale of exchange notes and any commissions or concessions received by any such persons may be deemed to be underwriting compensation under the Securities Act. The accompanying letter of transmittal states that, by acknowledging that it will deliver and by delivering a prospectus, such broker-dealer will not be deemed to admit that it is an underwriter of the exchange notes within the meaning of the Securities Act.

We have been informed by our affiliate, CFS, that it holds \$15,000,000 aggregate principal amount of the \$300,000,000 aggregate principal amount of outstanding old notes. CFS will not participate in the exchange offer. After the completion of the exchange offer, we intend to file a shelf registration statement to enable CFS to resell such old notes pursuant to such registration statement. We expect that, following the resale of such old notes, if any, pursuant to such registration statement, such old notes resold and the exchange notes will bear the same CUSIP number.

PART II

INFORMATION NOT REQUIRED IN PROSPECTUS

Item 20. Indemnification of Directors and Officers.

Section 145 of the Delaware General Corporation Law (the "DGCL") provides that a corporation may indemnify directors and officers as well as other employees and individuals against expenses (including attorneys' fees), judgments, fines and amounts paid in settlement actually and reasonably incurred by such person in connection with any threatened, pending or completed actions, suits or proceedings in which such person is made a party by reason of such person being or having been a director, officer, employee or agent of the Registrant. The DGCL provides that Section 145 is not exclusive of other rights to which those seeking indemnification may be entitled under any bylaws, agreement, vote of stockholders or disinterested directors or otherwise. The Registrant's Restated Certificate of Incorporation and Amended and Restated Bylaws provide for indemnification by the Registrant of its directors and officers to the fullest extent permitted by the DGCL.

Section 102(b)(7) of the DGCL permits a corporation to provide in its certificate of incorporation that a director of the corporation shall not be personally liable to the corporation or its stockholders for monetary damages for breach of fiduciary duty as a director, except for liability (1) for any breach of the director's duty of loyalty to the corporation or its stockholders, (2) for acts or omissions not in good faith or which involve intentional misconduct or a knowing violation of law, (3) for unlawful payments of dividends or unlawful stock repurchases, redemptions or other distributions or (4) for any transaction from which the director derived an improper personal benefit. The Registrant's Restated Certificate of Incorporation provides for such limitation of liability to the fullest extent permitted by the DGCL.

The Registrant maintains standard policies of insurance under which coverage is provided (1) to its directors and officers against loss arising from claims made by reason of breach of duty or other wrongful act, while acting in their capacity as directors and officers of the Registrant, and (2) to the Registrant with respect to payments which may be made by the Registrant to such directors and officers pursuant to any indemnification provision contained in the Registrant's Restated Certificate of Incorporation and Amended and Restated Bylaws or otherwise as a matter of law.

The undersigned Registrant hereby undertakes:

- (a) To file, during any period in which offers or sales are being made, a post-effective amendment to this registration statement:

- (ii) to reflect in the prospectus any facts or events arising after the effective date of the registration statement (or the most recent post-effective amendment thereof) which, individually or in the aggregate, represent a fundamental change in the information set forth in the registration statement. Notwithstanding the foregoing, any increase or decrease in the volume of securities offered (if the total dollar value of securities offered would not exceed that which was registered) and any deviation from the low or high end of the estimated maximum offering range may be reflected in the form of prospectus filed with the Commission pursuant to Rule 424(b) if, in the aggregate, the changes in volume and price represent no more than 20 percent change in the maximum aggregate offering price set forth in the Calculation of Registration Fee table in the effective registration statement; and
 - (iii) to include any material information with respect to the plan of distribution not previously disclosed in the registration statement or any material change to such information in the registration statement;
- (b) That, for the purpose of determining any liability under the Securities Act, each such post-effective amendment shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial *bona fide* offering thereof.
- (c) To remove from registration by means of a post-effective amendment any of the securities being registered which remain unsold at the termination of the offering.
- (d) That, for the purpose of determining liability under the Securities Act to any purchaser, if the Registrant is subject to Rule 430C, each prospectus filed pursuant to Rule 424(b) as part of a registration statement relating to an offering, other than registration statements relying on Rule 430B or other than prospectuses filed in reliance on Rule 430A, shall be deemed to be part of and included in the registration statement as of the date it is first used after effectiveness. *Provided, however*, that no statement made in a registration statement or prospectus that is part of the registration statement or made in a document incorporated or deemed incorporated by reference into the registration statement or prospectus that is part of the registration statement will, as to a purchaser with a time of contract of sale prior to such first use, supersede or modify any statement that was made in the registration statement or prospectus that was part of the registration statement or made in any such document immediately prior to such date of first use.
- (e) That, for the purpose of determining liability of the Registrant under the Securities Act to any purchaser in the initial distribution of securities, the undersigned Registrant undertakes that in a primary offering of securities of the undersigned Registrant pursuant to this registration statement, regardless of the underwriting method used to sell the securities to the purchaser, if the securities are offered or sold to such purchaser by means of any of the following communications, the undersigned Registrant will be a seller to the purchaser and will be considered to offer or sell such securities to such purchaser:
 - (i) Any preliminary prospectus or prospectus of the undersigned Registrant relating to the offering required to be filed pursuant to Rule 424;

Edgar Filing: BGC Partners, Inc. - Form S-4

- (ii) Any free writing prospectus relating to the offering prepared by or on behalf of the undersigned Registrant or used or referred to by the undersigned Registrant;
 - (iii) The portion of any other free writing prospectus relating to the offering containing material information about the undersigned Registrant or its securities provided by or on behalf of the undersigned Registrant; and
 - (iv) Any other communication that is an offer in the offering made by the undersigned Registrant to the purchaser.
- (f) That, for purposes of determining any liability under the Securities Act, each filing of the Registrant's annual report pursuant to Section 13(a) or 15(d) of the Securities Exchange Act of 1934 (and, where applicable, each filing of an employee benefit plan's annual report pursuant to Section 15(d) of the

Securities Exchange Act of 1934) that is incorporated by reference in the registration statement shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial *bona fide* offering thereof.

- (g) Insofar as indemnification for liabilities arising under the Securities Act may be permitted to directors, officers and controlling persons of the Registrant pursuant to the foregoing provisions, or otherwise, the Registrant has been advised that in the opinion of the Securities and Exchange Commission such indemnification is against public policy as expressed in the Securities Act and is, therefore, unenforceable. In the event that a claim for indemnification against such liabilities (other than the payment by the Registrant of expenses incurred or paid by a director, officer or controlling person of the Registrant in the successful defense of any action, suit or proceeding) is asserted by such director, officer or controlling person in connection with the securities being registered, the Registrant will, unless in the opinion of its counsel the matter has been settled by controlling precedent, submit to a court of appropriate jurisdiction the question whether such indemnification by it is against public policy as expressed in the Securities Act and will be governed by the final adjudication of such issue.

- (h) To respond to requests for information that is incorporated by reference into the prospectus pursuant to Items 4, 10(b), 11 or 13 of this Form, within one business day of receipt of such request, and to send the incorporated documents by first class mail or other equally prompt means. This includes information contained in documents filed subsequent to the effective date of the registration statement through the date of responding to the request.

- (i) To supply by means of a post-effective amendment all information concerning a transaction, and the company being acquired involved therein, that was not the subject of and included in the registration statement when it became effective.
