Compensatory Arrangements of Certain Officers

Edgar Filing: FLOTEK INDUSTRIES INC/CN/ - Form 8-K

On February 13, 2017, the Compensation Committee (the Compensation Committee) of the board of directors of the Company (the Board) approved base salaries for certain of the executive officers of the Company effective as of January 1, 2017 and, in order to provide appropriate incentives to work towards the continued growth

and success of the Company, adopted a Management Incentive Plan (the "2017 MIP") and Performance Unit Plan ("2017 PUP") with respect to certain of its senior executive officers. The table below sets forth the 2017 annual base salary for the Company's executive officers, including the principal executive officer, the principal financial officer and the other executive officers of the Company.

The 2017 MIP provides for the payment of cash bonuses to management personnel selected by the Compensation Committee, including all of the named executive officers. These bonuses are expressed as a percentage of each participant's 2017 annual base salary (the "Target Bonus Percentage"). The Target Bonus Percentage for the President, Chief Executive Officer and Chairman is 110% of base salary. The range for other participants is 75% to 85% of base salary. The table below sets forth the 2017 Target Bonus Percentage for purposes of the 2017 MIP for the Company's executive officers, including the principal executive officer, the principal financial officer and the other executive officers of the Company.

Bonuses under the 2017 MIP are made up of three separate parts: a bonus based on Earnings Before Interest, Taxes, Depreciation and Amortization (the "EBITDA Bonus"), a bonus based on revenues (the "Revenue Bonus") and a bonus based on the achievement of certain goals set by the Compensation Committee for each participant (the "Goal Bonus").

The EBITDA Bonus accounts for 60% of the total bonus potentially payable under the MIP. The EBITDA Bonus is based on the Company's 2017 Adjusted EBITDA. Adjusted EBITDA means the consolidated EBITDA of the Company, excluding the results from any operations considered discontinued operations for GAAP purposes, plus any amounts deducted in computing EBITDA with respect to incentive compensation (including stock compensation), the MIP, financing transaction costs (whether paid in cash or not), and other noncash and/or nonrecurring charges not directly related to the ongoing operations of the Company, equitably adjusted by the Compensation Committee (in its discretion) to reflect the effect of any acquisition or disposition of any assets and/or lines of business or the impact of any extraordinary or nonrecurring items. Depending on the performance of the Company's 2017 Adjusted EBITDA, a percentage (ranging from 0-200%) will be applied to each participant's Target Bonus Percentage (the "EBITDA Bonus Percentage"). The EBITDA Bonus of a participant shall equal 60% of the EBITDA Bonus Percentage of the participant, multiplied by the annual salary as of the date that the MIP becomes applicable to the participant.

The Revenue Bonus accounts for 20% of the total bonus potentially payable under the MIP. The Revenue Bonus is based on the performance of the Company's Adjusted Revenue. Adjusted Revenue is consolidated revenue, as determined pursuant to GAAP, excluding the results from any operations considered discontinued operations for GAAP purposes, equitably adjusted by the Compensation Committee (in its discretion) to reflect the effect of any acquisition or disposition of any assets and/or lines of business and other extraordinary, nonrecurring items. Similar to the EBITDA Bonus, depending on the performance of the Company's Adjusted Revenues, a percentage (ranging from 0-200%) will be applied to each participant's Target Bonus Percentage relating to the Revenue Bonus (the "Revenue Bonus Percentage"). The Revenue Bonus of a participant shall equal 20% of the Revenue Bonus Percentage of the participant, multiplied by the annual salary as of the date that the MIP becomes applicable to the participant.

The Goal Bonus accounts for 20% of the total bonus potentially payable under the MIP. The Compensation Committee shall, on or before March 15, 2017, inform the participant in writing of the goals which the Compensation Committee has established as being the criteria to be met by the participant in order to receive his/her Goal Bonus. The Compensation Committee may establish more than one goal for the participant and may allocate the Goal Bonus of that participant among the goals. The Goal Bonus (or a part thereof) shall be payable to the participant if the Compensation Committee determines, in its discretion, that the goal(s) that the Compensation Committee has determined to be applicable to that participant for that Goal Bonus has been achieved by the participant. The Goal Bonus shall equal 20% of the Target Bonus Percentage of that participant, multiplied by the annual base salary of the participant as of the date that the MIP becomes applicable to the participant.

The 2017 PUP permits the Company to grant Performance Units to certain of the officers, employees and other service providers of the Company. The 2017 PUP provides for an amount of Target Units to be granted to each participant. Such Target Units are calculated by multiplying the annual salary of the participant by the Award Value Multiple listed below and dividing such product by the greater of \$13.00 or the closing price on the New York Stock Exchange of the Common Stock of the Company as of the date of the award, February 13, 2017. Each participant shall be issued the number of shares of Restricted Stock equal to the number of Target Units held multiplied by the Performance Percentage. The Performance Percentage will be either 0%, 50%, 100% or 200% depending on the performance of the Company's stock relative to members of a peer group listed in the 2017 PUP.
