The presence in person or by proxy of the holders of a majority of the shares of Common Stock issued and outstanding on the Record Date and entitled to vote is required to constitute a quorum at the Meeting. The Meeting may be adjourned to any other time, and to any other place at which meetings of the Company's stockholders may be held under its By-Laws, by the stockholders present in person or represented at the Meeting and entitled to vote, although less than a quorum, or, if no stockholders are present, by an officer of the Company entitled to preside at or act as Secretary of such meeting. It is not necessary to provide notice to stockholders of any adjournment of less than 30 days if the time and place of the adjourned meeting are announced at the Meeting, unless after adjournment a new record date is fixed for the adjourned meeting. At any adjourned meeting at which a quorum is present, any business may be transacted that might have been transacted at the Meeting as originally scheduled.

Abstentions and broker non-votes will count in determining whether a quorum is present at the Meeting and any adjourned meeting. A broker non-vote occurs when a beneficial owner of shares held in street name does not give instructions to the broker or nominee holding the shares as to how to vote on matters deemed non-routine. Generally, if the shares are held in street name, the beneficial owner of the shares is entitled to give voting instructions to the broker or nominee holding the shares. If the beneficial owner does not provide voting instructions, the broker or nominee is only entitled to exercise its discretionary authority and vote the shares on matters that are considered routine; they are not entitled to vote such shares absent instructions on non-routine matters. Under the rules and interpretations of the New York Stock Exchange, which generally govern this issue regardless of the exchange on which a company's securities are listed, non-routine matters are matters that may substantially affect the rights or privileges of stockholders, such as mergers, stockholder proposals, equity compensation matters, say on pay and say when on pay proposals, and the election of directors even in uncontested elections.

Horton Capital Partners Fund, L.P. and certain of its affiliates (Horton) has notified the Company that it intends to nominate up to five individuals for election as directors at the Meeting in opposition of the nominees recommended by the Company's Board of Directors. Horton has indicated, however, that if the terms of the four directors currently serving on the Board of Directors expire at the 2017 annual meeting, Horton will withdraw one of its nominees. You may receive proxy solicitation materials from Horton, including an opposition proxy statement and [] proxy card. Our Board of Directors recommends that you do not sign or otherwise vote using any [] proxy card sent to you by Horton. To vote as our Board of Directors recommends, stockholders must vote pursuant to the instructions on the Notice or on the white proxy card or attend the Meeting and vote in-person. Voting against any of Horton's nominees or voting

to withhold or abstain on the proxy card from Horton will not be counted as votes for our Board of Director's nominees and will result in the revocation of any previous vote you may have cast on the white proxy card. If you wish to vote pursuant to the recommendation of our Board of Directors, you should disregard any proxy card you receive other than the white proxy card. If you have

previously voted using the proxy card sent to you by Horton, you have the right to change your vote by executing a later dated white proxy card or by attending and voting at the Meeting. Only the latest dated proxy you submit will be counted.

At the Meeting, both of the proposals to be voted on by stockholders are considered non-routine and therefore brokers and nominees will not have any discretionary authority to vote on any of the proposals. Therefore, if you hold your shares in street name through a broker or other nominee, absent voting instructions from you, your shares will not be counted as voting and will have no effect on those proposals requiring approval by a plurality or majority of the votes cast. We recommend that you instruct your broker or other nominee, by following those instructions, to vote your shares for the matters presented on the white proxy card.

Proposals shall be voted on and approved as follows:

Proposal 1: Election of directors shall be determined by a plurality of the votes cast by stockholders entitled to vote. Abstentions, broker non-votes and votes withheld will not be included in the totals for director elections, and will have no effect on the outcome of the vote.

Proposal 2: The affirmative vote of the holders of a majority of the shares of Common Stock present or represented and voting on the matter shall be required for the stockholder advisory vote on the compensation of the Company's named executive officers as disclosed in the *Compensation* section (including the tables therein) of this Proxy Statement. Abstentions and broker non-votes will not be included in the totals for the proposal, and will have no effect on the outcome of the vote.

Interests of Certain Persons in Matters to Be Acted On

No director, executive officer or nominee for director, nor any associate of any of the foregoing, has any substantial interest, direct or indirect, by security holdings or otherwise, in any matter to be acted upon at the Meeting. Annex A to this proxy statement sets forth information relating to our directors, nominees, executive officers and employees who are considered participants in our solicitation under SEC rules.

Other Matters

If any other matter should be presented at the Meeting upon which a vote may be properly taken, shares represented by all proxies received by the Company will be voted with respect thereto in accordance with the judgment of the persons named as proxies.

CPS's By-Laws provide that if a stockholder desires to bring business before an annual meeting of stockholders, such stockholder must provide written notice thereof no less than 30 days prior to the first anniversary of the date of notice given to stockholders for the prior year's annual meeting of stockholders, but in no event is notice required to be given more than 50 days prior to the date of such meeting. The notice must set forth a full description of the item of business proposed to be brought before the meeting and the class and number of shares held of record, beneficially and represented by proxy of the proposing shareholder as of the record date of such meeting (if known) and as of the date of the notice.

If a stockholder desires to have the Company include in its proxy materials and form of proxy any proposal, it must provide notice to the Company no less than 120 days prior to the anniversary of the date of notice given to stockholders for the prior year's annual meeting of stockholders. Such notice must also comply with applicable law.

BACKGROUND TO THE SOLICITATION

The following timeline is provided to help stockholders understand the discussions that have been held between the Company and Horton regarding the Company and discussions about potential settlement discussions between the parties. These discussions were terminated by the Company and Horton with no agreement, and Horton has nominated five directors to serve in place of the four directors who are recommended by our Board of Directors for election. The Board of Directors does not endorse the Horton nominees and unanimously recommends you use the WHITE proxy card to vote FOR the election of each of the four nominees proposed by the Board of Directors.

Through April 2016, members of the Company's management team had numerous in-person meetings and conference calls with representatives of Horton, including Jim Saltzman, an investor in Horton and a member of its investment committee. These discussions covered a broad range of topics, including the Company's financial outlook and strategy for the future.

On April 29, 2016, at the request of Horton, the Board of Directors had another in-person meeting with representatives of Horton, during which meeting the Horton representatives provided a presentation to the Board of Directors. In particular, Horton's presentation expressed its views regarding certain issues relating to its business. Subsequently, the Horton representatives also provided a suggested list of M&A candidates for the Company to consider and expressed their view that the Company should be making acquisitions.

Also following this meeting, members of the Company's management team had at least five conference calls with representatives of Horton, which occurred on June 2, 2016, August 10, 2016, September 16, 2016, November 14, 2016 and December 16, 2016. These discussions covered a broad range of topics concerning the Company's business. The Board of Directors received periodic updates of these discussions. In August 2016, due to the frequency of calls, the parties agreed to schedule two conference calls per fiscal quarter with Horton.

During this period, Horton referred several other companies to the Company for the purposes potentially providing technical or operational assistance to the Company or as a potential new customer. The Company followed up on these referrals as well on additional M&A targets suggested by Horton. After due investigation, the Company informed Horton that the companies on Horton's M&A would not be strategic fits for the Company for a variety of reasons, including their size and lack of profitability.

Also during this period, Horton expressed its belief that the Company should strengthen its sales and marketing strategies. During these discussions, the Company indicated that it was conducting a search for a new head of sales, and on November 8, 2016, the Company announced that Thomas E. Breen was joining the Company in the newly created position of senior vice-president sales and marketing. Horton expressed its belief that Mr. Breen should make presentations concerning the Company's sales and marketing strategies to potential investors in the Company. However, the Company believed that Mr. Breen should spend at least the first part of 2017 focusing on the Company's business and, customers, and strategic plan rather than potential investors.

On December 16, 2016, Company management held a scheduled call with representatives of Horton and discussed a broad range of topics. Later that day, Horton sent a letter to the Board of Directors, dated December 16, 2016, criticizing various aspects of the Company's strategic plan, product development, M&A philosophy, capital management and composition of the Board of Directors. The letter also stated that Horton wanted the Board of Directors to immediately add two new directors, including one Horton representative. Horton did not suggest any specific director candidates. The letter also stated that the Company should form a strategic committee and hire an investment banker to evaluate M&A opportunities and should repurchase 10-20% of its common stock within the next year. The letter stated that Horton owned approximately 4% of the outstanding shares of the Company's common stock. In the letter, Horton issued an ultimatum that if Horton did not hear back from the Company by December 22, 2016, then Horton would publicly disclose the letter.

Following receipt of the letter, the directors discussed the issues raised therein and determined to provide a substantive response to Horton in early January 2017.

On December 21, 2016, the Company's chief executive officer, Grant Bennett, emailed Joseph Manko Jr., managing member of Horton Capital Partners, LLC, and indicated that the Company had received Horton's letter, and that the Board of Directors was reviewing it and would provide a substantive response in early January 2017.

On December 22, 2016, Horton issued a press release publicly disclosing their December 16 letter.

On January 3, 2017, Mr. Bennett called Mr. Saltzman and expressed the Company's disappointment that Horton had publicly disclosed the letter.

On January 5, 2017, Mr. Saltzman called Mr. Bennett to discuss the composition of our Board of Directors and other topics raised in Horton's December 16 letter. During this discussion, Mr. Saltzman suggested that the Company should consider Mitchell H. Herbets as a potential new director candidate. Mr. Bennett informed Mr. Saltzman that the Compensation and Nominating Committee of the Board of Directors (the Nominating Committee) follows a standard process for reviewing its composition to determine whether the Board of Directors needs to augment its skill sets and experience to discharge its role of oversight and support for management and its business. In connection with considering potential candidates for the Board of Directors, the Nominating Committee seeks to find candidates who are a complimentary fit with the current Board of Directors and have skill sets and experience that align with the Company's current business needs.

On January 6, 2017, Mr. Saltzman called Mr. Bennett to discuss the various issues raised in its letter.

On January 11, 2017, Mr. Manko emailed Mr. Bennett inquiring when the Company would respond to the substance of Horton's December 16 letter. Mr. Bennett responded that the Company would provide a written response by January 24, 2017.

Between January 12 and 24, 2017, Mr. Bennett had further discussions with Mr. Saltzman concerning a variety of topics.

On January 24, 2017, the Company sent a letter to Horton responding to the points raised in Horton's December 16 letter. In particular, the Company indicated that its strategic plan contains competitively sensitive information and is therefore kept confidential. The Company also indicated that although the Company's focus was on organic growth, it continues to evaluate opportunities for acquisitions that are supportive of the Company's strategic plan, but that none of the targets suggested by Horton fit within the strategic plan. The Company further indicated that share buybacks, or dividends, may be appropriate when a company has excess capital but that the Company does not currently have excess capital. The Company indicated its cash balance had increased as accounts receivable have declined, and that this cash will be invested in working capital as receivables increase because of growth. In the letter, the Company also stated that the Nominating Committee follows a standard process for evaluating and considering directors to add to our Board of Directors, and that Horton had not yet submitted any nominees to the Nominating Committee.

On January 25, 2017, Mr. Bennett and the Company's chief financial officer, Ralph Norwood, had a discussion with Mr. Manko and Mr. Saltzman. This discussion covered a broad range of topics, including the composition of our Board of Directors and the other topics addressed in the letters and previous conversations between the parties.

On January 27, 2017, at Horton's request, the Company agreed to an in-person meeting with Horton representatives.

On February 3, 2017, Mr. Bennett and Mr. Norwood had an in-person meeting with Michael Howe, a senior principal of Horton, in Providence, RI. During this meeting the parties discussed their respective positions on the topics discussed in Horton's December 16 letter and the Company's January 24 letter, including the composition of the Board of Directors. During this meeting, Mr. Howe indicated that Horton had additional director candidates for the Company to consider. Mr. Bennett again informed Mr. Howe that our Nominating Committee follows a standard process for evaluating and considering directors to add to our Board of Directors. Mr. Howe then asked if the Company would consider granting Horton an observer seat on the Board of Directors. Mr. Bennett said that granting a stockholder observation rights on the Board of Directors of a public company was very unusual and not appropriate in the current situation.

On February 7, 2017, Mr. Bennett and Mr. Norwood had a call with Mr. Howe, during which he stated that Horton wanted two candidates including one Horton representative to be added to the Board of Directors.

Between February 14 and 28, 2017, Mr. Bennett and Mr. Norwood had three calls with Mr. Howe, during which Mr. Howe reiterated Horton's desire for the Board of Directors to add two new candidates including one Horton representative. During these calls, Mr. Bennett again informed Mr. Howe that the Nominating Committee would consider any potential nominees but these nominations would be reviewed under the Nominating Committee's existing procedures for evaluating and considering candidates to the Board of Directors.

On March 3, 2017, Horton sent to the Company a notice of intent to nominate five candidates for election as directors at the Company's 2017 Annual Meeting of Stockholders, namely, Thomas J. Coffey, Mr. Herbets, Mr. Howe, Leo L. Linehan and Matthew Moynihan. This notice stated that if the Company nominated four candidates for reelection at the Company's 2017 Annual Meeting, then Horton would withdraw one of its nominees. According to the information provided in this notice, Horton and its affiliates collectively beneficially own 638,468 shares (or approximately 4.8%) of the Company's outstanding shares of common stock. Horton did not publicly disclose these nominations. Horton's notice also included a proposal to amend the Company's bylaws to (i) establish a majority voting standard in uncontested director elections, and a director resignation policy to address the status of an unelected director, and (ii) retain a plurality vote standard for contested director elections, when the number of nominees exceeds the number of board seats (collectively, the Majority Voting By-Law Provision).

On March 14, 2017, the Nominating Committee met to discuss and consider Horton's proposed nominees. The Nominating Committee considered the candidates proposed by Horton, including their individual skill set and experience in the industries in which the Company operates and what they would add to the current skill set of our Board of Directors. After careful evaluation, the Nominating Committee concluded that the current makeup of the Board of Directors, including the Company's existing four nominees for election at the 2017 Annual Meeting, represented the right combination of expertise, experience and independence, and determined to recommend that the Board of Directors reject the nomination of the Horton nominees and the proposed the nomination of Thomas J. Coffey, Mitchell H. Herbets, Michael J. Howe, Leo L. Linehan and Matthew Moynihan as directors of the 2017 Annual Meeting. On March 14, 2017 the Board of Directors voted to accept the Nominating Committee's recommendations.

On March 15, 2017, at Horton's request, Mr. Bennett and Mr. Norwood had a call with Mr. Howe where he delivered an ultimatum that if the Company did not respond within 24 hours with a response to Horton's nomination of director candidates, then Horton would make open market purchases and file a Schedule 13D with the SEC indicating that Horton had become at least a 5% stockholder in the Company and publicly disclose its director nominations and pursue a proxy contest.

Between March 16 and 22, 2017, counsel for the two parties had several conversations concerning the current status of the situation and potential alternative settlements which would be acceptable to their respective clients.

On March 24, 2017, the Board of Directors amended its bylaws to adopt the Majority Voting By-Law Provision proposed by Horton.

On March 27, 2017, the Company filed with the SEC a preliminary proxy statement with respect to the 2017 Annual Meeting.

PROPOSAL 1. ELECTION OF DIRECTORS

Pursuant to the Company's By-laws, the number of directors which shall constitute the whole Board of Directors of the Company is determined by a resolution of the stockholders or Board of Directors, but in no event may be less than one director. The Company's Board of Directors is currently authorized to consist of four members. Each director holds office until the next annual meeting of stockholders and until his or her successor is elected and qualified, or until his or her earlier death, resignation or removal. Directors need not be stockholders.

In the event of a vacancy on the Board of Directors, the remaining directors may exercise the powers of the full Board of Directors until the vacancy is filled except as otherwise provided by law. Unless and until filled by stockholders, any vacancy in the Board of Directors, however occurring and including a vacancy resulting from an enlargement of the Board of Directors, may be filled by a vote of the majority of the directors then in office, even though less than a quorum, or by a sole remaining director. Any director elected to fill a vacancy is elected for the unexpired term of his or her predecessor, and a director chosen to fill a vacancy resulting from an enlargement of the Board of Directors holds office until the next annual meeting of stockholders and until the director's successor shall have been elected and qualified or until his or her earlier death, resignation or removal.

Nominees for Director

The persons named in the proxy intend to vote the proxy for the election of each of the four nominees named in this proxy. The Board of Directors, as recommended by its Compensation and Nominating Committee, has nominated each of Grant C. Bennett, Thomas M. Culligan, Francis J. Hughes, Jr. and Daniel C. Snow for election to the Board of Directors. Each of Messrs. Bennett, Culligan and Hughes and Dr. Snow is currently a director of the Company and each has consented to being named in this Proxy Statement and to serve if elected. Each nominee named in this proxy statement is standing for re-election.

If elected, the nominees named in this proxy statement will hold office until the next annual meeting of stockholders and until their successors are duly elected and qualified. The Board of Directors knows of no reason why such nominees should be unable or unwilling to serve, but, if such should be the case, proxies may be voted for the election of some other person or persons or for fixing the number of directors at a lesser number.

We have received a notice from Horton for the nomination of up to five individuals for election to our Board of Directors at the Meeting in opposition to the director nominees named in this proxy statement. The Board of Directors does not endorse any of Horton's nominees and unanimously recommends that you (1) vote for the directors who have been named in this proxy statement and on the WHITE proxy card, and (2) do not sign or otherwise vote using any [] proxy card sent to you by Horton. **OUR BOARD OF DIRECTORS RECOMMENDS THAT YOU DO NOT SIGN ANY PROXY CARDS SENT TO YOU BY HORTON OR ANY OF ITS AFFILIATES. IF YOU HAVE PREVIOUSLY SIGNED OR OTHERWISE VOTED USING A [] PROXY CARD SENT TO YOU BY HORTON OR ANY OF ITS AFFILIATES, YOU CAN REVOKE IT BY SIGNING, DATING AND MAILING THE ENCLOSED WHITE PROXY CARD IN THE ENVELOPE PROVIDED.**

The affirmative vote of a majority of the votes cast at the Meeting by the shares entitled to vote thereon is required to elect a director in uncontested director elections. The affirmative vote of a plurality of the votes cast at the Meeting by the shares entitled to vote thereon is required to elect a director in a contested election when the number of director nominees exceeds the number of board seats. Thus, abstentions, broker non-votes and votes withheld will not be included in the totals and will have no effect on the outcome of the vote.

**THE BOARD OF DIRECTORS RECOMMENDS A VOTE FOR
THE ELECTION OF THE NOMINEES NAMED IN THIS PROXY STATEMENT.**

Corporate Governance

Board Composition and Independence; Meetings

The Board of Directors is currently composed of four members, each of whom, with the exception of Mr. Bennett, the Board of Directors has determined is an independent director as that term is defined in the rules and regulations of The Nasdaq Stock Market (Nasdaq), including Listing Rule 5605, and Rule 10A-3 of the Securities Exchange Act of 1934, as amended (the Exchange Act). The Company does not utilize any other definition or criteria for determining the independence of a director or nominee, and no other transactions, relationships, or other arrangements exist to the Board of Directors knowledge or were considered by the Board of Directors in determining any director s or nominee s independence.

The Board of Directors held six meetings during the fiscal year ended December 31, 2016. Each director attended at least 75% of the aggregate of (a) the total number of meetings of the Board of Directors he was eligible to attend, and (b) the total number of meetings of all committees of the Board of Directors on which he served that were held during the Company s 2016 fiscal year.

Board Structure; Role in Risk Oversight

The Board of Directors currently does not have a Chairman, although Mr. Bennett acts as chair of meetings held by the Board of Directors. The Company is led by Mr. Bennett, in his capacity as President and CEO. Given the Company s historic size and financial results, the Board of Directors has determined that neither appointing a Chairman nor designating a lead independent director is necessary or would result in significant benefits to the Company at this time.

The Board of Directors oversees the business of the Company, including management performance and risk management, to assure that the long-term interests of CPS s stockholders are being served. The process to identify, analyze, report and manage risks has been developed informally over time and involves managers reporting to the Chief Executive Officer and Chief Financial Officer, who, together with those and/or other senior managers, report to the Board of Directors on the significant risks facing the Company. As a relatively small organization, the Board of Directors, as well as its members individually, has frequent interactions with most senior managers as well as many of the other managers, thus facilitating an open dialogue on issues facing the Company. Each risk is discussed and quantified when possible and a plan is developed to address and mitigate identified risks. Each committee of the Board of Directors is also responsible for reviewing the risk exposure of the Company related to the committee s areas of responsibility and providing input to management and the Board of Directors on such risks. The Audit Committee is especially critical in this process, and such committee s responsibilities include reviewing risk management and compliance programs and consulting with management and the Board of Directors on risk identification, measurement and mitigation.

Committees

The Board of Directors currently has two committees, the Audit Committee and the Compensation and Nominating Committee, each as described below.

Audit Committee

The Audit Committee of the Board of Directors, which consists of Mr. Hughes (Chairman), Mr. Culligan and Dr. Snow, held four meetings during fiscal year 2016. The primary purpose of the Audit Committee is to assist the Board of Directors in fulfilling its responsibility to oversee management's conduct of the Company's

financial reporting processes, including the process of preparing the financial reports and other financial information CPS provides to any governmental or regulatory body, the public or other users thereof; reviewing the Company's systems of internal accounting and financial controls; overseeing the annual independent audit of its financial statements; and assessing the Company's legal compliance and ethics programs as established by management and the Board of Directors. In so doing, it is the responsibility of the Audit Committee to maintain free and open communication between and among the committee and the Board of Directors, the Company's independent registered public accounting firm, and management of the Company. The Audit Committee also is directly responsible for the appointment, retention, and termination of the Company's independent registered public accounting firm, which reports directly to the Audit Committee, and the work of the independent auditors. The committee further pre-approves all audit and non-audit services provided by the independent auditors.

The Audit Committee acts pursuant to the Audit Committee Charter, a copy of which is posted on the Company's website at www.alsic.com/governance-documents. The Audit Committee's charter requires that the committee review and reassess the charter at least annually, and requires the committee to perform an annual evaluation of its own performance to ensure it is functioning effectively. The Audit Committee's charter was affirmed in February 2017 without change.

The Board of Directors has determined that Mr. Hughes satisfies the definition of "audit committee financial expert" as promulgated by the Securities and Exchange Commission (the "Commission") by virtue of his work and educational experience as described above. Mr. Hughes, along with the other members of the Audit Committee, are deemed independent under Nasdaq's listing standards for directors and Audit Committee members under Nasdaq Listing Rules 5605(b) and (c).

Compensation and Nominating Committee

The Compensation and Nominating Committee of the Board of Directors (the "Compensation Committee") consists of Dr. Snow (Chairman) and Messrs. Culligan and Hughes, and held two meetings during the 2016 fiscal year. This committee was originally designated as the Compensation Committee of the Board of Directors and addressed solely compensation-related matters. In March 2014, the Board of Directors expanded the committee's responsibilities and duties to include those relating to nomination and governance matters, and adopted procedures for stockholder nominations and the desired qualifications of candidates, discussed below. The Board of Directors has determined that each of the Compensation Committee members satisfies applicable independence requirements for directors as well as members of such committee under Nasdaq Listing Rules 5605(d) and (e).

The primary function of the Compensation Committee is to assist the Board of Directors in discharging its responsibilities with respect to the Company's compensation and benefit programs, the organization and membership of the Board of Directors, and corporate governance matters. The Compensation Committee's goal is to assure that the composition, practices and operation of the Board of Directors contribute to value creation and effective representation of the Company's stockholders, and to play a leadership role in shaping the Company's corporate governance.

The Compensation Committee acts pursuant to the Compensation and Nominating Committee Charter, a copy of which is posted on the Company's website at www.alsic.com/governance-documents. The Compensation Committee's charter requires that the committee review and reassess the adequacy of the charter annually and recommend any proposed changes to the Board of Directors for approval. The Compensation Committee must also annually evaluate its own performance. The Compensation Committee's charter was reviewed and affirmed in February 2017.

The Board of Directors has approved policies and procedures for the Compensation Committee with respect to the nomination of candidates to the Board of Directors and any committees thereof. These policies and

procedures are available on the Company's website at www.alsic.com/governance-documents and are summarized below, and have not been changed since adoption. For a greater description of the Compensation Committee's role in evaluating and establishing compensation programs, policies and levels for the Company, see the *Compensation Discussion and Analysis* and *Compensation* sections below.

Nomination Policies and Procedures

The Compensation Committee will accept for consideration any candidate properly recommended by a stockholder; acceptance of a recommendation for consideration does not imply the Board of Directors will approve the nomination, or recommend for nomination to stockholders, the proposed candidate.

Stockholders who wish to nominate qualified candidates to serve as directors must notify the Company in writing, by notice delivered to the attention of the Secretary of the Company at the address of the Company's executive offices, of a proposed nominee. Submissions may be by mail or personal delivery. E-mail submissions will not be considered. In order to ensure meaningful consideration of such candidates, notice must be received no later than 50 calendar days prior to the first anniversary of the date of notice given to stockholders for the prior year's annual meeting of stockholders.

The notice must set forth as to each proposed nominee:

the nominee's name, age, business address and, if known, residence address,

his or her principal occupation or employment and business experience,

the number of shares of stock of the Company, if any, which are beneficially owned by such nominee, and

any other information concerning the nominee that must be disclosed as to nominees in proxy solicitations pursuant to applicable law, including but not limited to any arrangements or agreements regarding the proposed candidate's nomination, all relationships between the proposed nominee and the recommending stockholder and the Company, and all transactions between such parties.

The notice must also set forth with respect to the stockholder giving the notice the name and address of such stockholder and the class and number of shares of the Company that are held of record, held beneficially and represented by proxy by such stockholder as of the record date for the meeting (if such date has been made publicly available) and as of the date of such notice.

Submissions received through this process will be forwarded to the Compensation Committee and Board of Directors for review. Only those submissions that comply with these procedures and those nominees who satisfy the qualifications deemed necessary for directors of the Company will be considered. Notwithstanding the foregoing, as set forth in the Company's By-laws, the Board of Directors shall not be obligated to include information as to any nominee for director in any proxy statement or other communication sent to stockholders except as required under applicable law.

When considering candidates, the Company strives to achieve a balance of knowledge, experience and accomplishment such that the Board of Directors reflects a diversity of talent, age, skill, expertise and perspective. While there are no set minimum requirements, the Compensation Committee believes a candidate should:

reflect the highest personal and professional ethics, integrity and values,

be committed to representing the long-term interests of CPS shareholders,

possess superior business-related knowledge, skills and experience,

have excelled in both academic and professional settings,

be free of actual or potential conflicts of interest, and

satisfy all independence criteria imposed by applicable law.

In addition to the above criteria (which may be modified from time to time), the Compensation Committee and Board of Directors may consider such other factors deemed in the best interests of the Company and its stockholders, including a candidate's current or recent experience as a senior officer, his or her business, scientific and/or engineering experience, knowledge of the end-markets served by CPS, the nominee's contacts and relationships within the Company's industry, as well as his or her general ability to enhance the overall composition of the Board of Directors. The Company does not have a formal policy with regard to the consideration of diversity when identifying and evaluating nominees; however, in recommending directors, the Compensation Committee and Board of Directors consider the specific background and experience of incumbent directors and nominees and other personal attributes to provide a diverse mix of capabilities, contributions and viewpoints that they believe enable the Board of Directors to function as effectively as possible.

Potential candidates are identified through referrals and recommendations, including by incumbent directors, management and stockholders, as well as through business and other organizational networks. The Board of Directors may retain and compensate third parties, including executive search firms, to identify or evaluate, or assist in identifying or evaluating, potential director nominees.

Current members of the Board of Directors with the requisite skills and experience are considered for re-nomination, balancing the value of the member's continuity of service and familiarity with the Company with that of obtaining a new perspective, and considering each individual's contributions, performance and level of participation, the current composition of the Board of Directors, and the Company's needs. If any existing members do not want to continue in service or if it is decided not to re-nominate a director, new candidates are identified in accordance with those skills, experience and characteristics deemed necessary for new nominees, and are evaluated based on the qualifications set forth above. In every case, the Board of Directors meets (in person or telephonically) to discuss each candidate, and may require personal interviews before final approval.

Neither the Compensation Committee nor the Board of Directors currently differentiates, and they do not intend in the future to differentiate, between or alters the manner in which candidates are evaluated based on the constituency (including stockholders) that proposed the candidate.

Stockholder Communications and Director Attendance at Annual Stockholder Meetings

The Board of Directors welcomes communications from stockholders and has adopted a procedure for receiving and addressing such communications. Any stockholder who desires to communicate with the Board of Directors, non-management directors as a group, or any individual director may send a letter addressed to the same to CPS Technologies Corp., 111 South Worcester Street, Norton, MA 02766, Attn: Chief Financial Officer. The CFO will forward such communications directly to the addressee(s).

Recognizing that director attendance at the Company's annual meetings of stockholders can provide stockholders with an opportunity to communicate with members of the Board of Directors, it is the policy of the Board of Directors to strongly encourage, but not require, the members of the Board of Directors to attend such meetings. All then-current members of the Board of Directors attended the 2016 Annual Meeting of Stockholders.

CPS's policies regarding stockholder communications and director attendance (which may be modified from time to time) can be found on the Company's website at www.alsic.com/governance-documents.

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Exchange Act requires the Company's officers, directors, and persons who beneficially own more than 10% of a registered class of the Company's equity securities to file reports of ownership and changes in ownership with the Commission. Officers, directors and greater-than-10% stockholders are required by regulation to furnish the Company with copies of all Section 16(a) reports they file.

Based solely on the Company's review of the copies of such reports and any amendments thereto furnished to the Company during and with respect to the Company's 2016 fiscal year, or written representations from certain reporting persons that they were not required to file, the Company believes that during fiscal year 2016, its officers, directors, and beneficial owners of more than 10% of the Common Stock complied with all applicable Section 16(a) filing requirements.

Certain Relationships and Related Person Transactions; Legal Proceedings

There were no transactions during fiscal years 2016 or 2015, and there are no currently proposed transactions, to which the Company was or is to be a participant and in which any related person had or will have a direct or indirect material interest. There are no family relationships among the directors, executive officers or any nominee therefor, and to the Company's knowledge no arrangements or understandings exist between any director, executive officer or nominee and any other person pursuant to which such director, executive officer or nominee was or is to be selected as a director or executive officer.

There are no material proceedings to which a director, executive officer or nominee is a party adverse to the Company or any subsidiary or has a material interest adverse to the Company or any subsidiary, nor to the Company's knowledge are there any proceedings or events material to an evaluation of the ability or integrity of the Company's directors, nominees or executive officers.

Code of Ethics

The Company has adopted the CPS Code of Conduct, which applies to all directors, officers (including the principal executive officer, principal financial officer and treasurer) and employees. A copy of this code can be found on the Company's website at www.alsic.com/governance-documents.

REPORT OF THE AUDIT COMMITTEE

Our Audit Committee consists of three independent members of the Board of Directors as defined in the rules and regulations of The Nasdaq Stock Market, including Listing Rule 5605.

The primary purpose of the Audit Committee is to assist the Board of Directors in fulfilling its responsibility to oversee management's conduct of the Company's financial reporting processes, including the process of preparing the financial reports and other financial information CPS provides to any governmental or regulatory body, the public or other users thereof; reviewing the Company's systems of internal accounting and financial controls; overseeing the annual independent audit of the Company's financial statements; and assessing the Company's legal compliance and ethics programs as established by management and the Board of Directors. Management is responsible for the preparation, presentation, and integrity of our financial statements, accounting and financial reporting principles, internal controls, and procedures designed to ensure compliance with accounting standards, applicable laws and regulations. The independent auditors are responsible for auditing our financial statements and expressing an opinion as to their conformity with generally accepted accounting principles.

The Audit Committee has reviewed and discussed the Company's audited financial statements for the fiscal year ended December 31, 2016 with management. Furthermore, the Audit Committee has discussed with Wolf & Company, P.C., our independent auditors for the fiscal year ended December 31, 2016, the matters required to be discussed by Statement on Auditing Standards No. 1301, as amended. The Audit Committee has received the written disclosures and letter from Wolf & Company, P.C. required by applicable requirements of the Public Company Accounting Oversight Board regarding the independent accountant's communications with the Audit Committee concerning independence, and has discussed with Wolf & Company, P.C. such firm's independence.

Based on these reviews and discussions, the Audit Committee recommended to the Board of Directors that the audited financial statements be included in the Company's Annual Report on Form 10-K for the fiscal year ended December 31, 2016.

COMPENSATION DISCUSSION AND ANALYSIS

As noted above, the primary role of the Compensation and Nominating Committee of the Board of Directors, comprised solely of non-employee, independent directors, is to assist the Board of Directors with discharging its responsibilities relating to the compensation of CPS's employees, officers and directors, and the development and administration of the Company's compensation and benefit programs.

The Compensation Committee operates under a written charter, which is available at www.alsic.com/governance-documents. As set forth in the charter, the committee's authority and responsibilities with respect to compensation include:

For executives, to assist with the development of an executive compensation program supportive of the achievement of the Company's strategic goals and objectives, to review and approve the goals and objectives relevant to the compensation of the Chief Executive Officer of the Company, including an annual evaluation of the CEO's performance and the establishment of the CEO's compensation and other material terms of employment, and to review senior management team member compensation;

For directors, to annually evaluate the appropriate level and form of compensation for members of the Board of Directors and its committees, and to recommend changes to the Board of Directors when appropriate; and

For employees generally, to monitor and review all general compensation strategies and programs of the Company, including equity incentives and benefit programs.

The following discussion provides information about the Company's compensation plans and programs generally, as well as compensation awarded to, earned by or paid to our named executive officers pursuant to applicable Commission rules and regulations. For additional information, please see the *Compensation* section that follows this discussion and analysis.

Compensation Philosophy and Objectives

Our primary goal is to align compensation with the Company's business objectives and performance. Our aim is to attract, retain and reward executive officers and other key employees who contribute to our long-term success and to motivate those individuals to enhance long-term stockholder value. To establish this relationship between executive compensation and the creation of stockholder value, the Board of Directors has adopted a total compensation package comprised of base salary, bonus, and stock option awards. Key objectives of our compensation structure include:

We intend to pay competitively with leading companies with which we compete for talent.

We maintain annual incentive opportunities sufficient to provide motivation to achieve specific operating goals and to generate rewards that are intended to bring total compensation to competitive levels.

We provide meaningful equity-based incentives for executives and other key employees to ensure that individuals are motivated over the long-term to respond to our business challenges and opportunities as owners and not just as employees.

Procedure

Compensation decisions are tied to the Company's fiscal year for officers, and according to seniority date for non-officer employees of the Company. For each employee, a performance evaluation is conducted by his or her supervisor, the results of which are shared with the employee. The evaluation encompasses a review of the employee's individual performance over the course of the year, and includes recognition of the achievement by

CPS of its objectives and priorities. Compensation decisions are made after the results of the performance evaluations have been considered and an analysis is completed that considers the goals of market competitiveness and enhancement of stockholder value. Compensation levels at peer companies are considered as part of the process. No upward adjustment is made to an employee's compensation if the individual's performance does not merit, or if the Company's financial condition and performance do not support, such an adjustment.

The Compensation Committee does not make individual compensation decisions for non-officer employees. Rather, our Chief Executive Officer sets compensation levels and presents the aggregate information to the Compensation Committee for its information. Bonuses, if any, are typically paid in the first quarter following the employee's evaluation, and salary increases are effective the first pay period following approval.

Compensation packages for CPS's corporate officers are analyzed and discussed individually by the Compensation Committee, and decisions are made once the Compensation Committee has obtained all of the information it deems necessary. Information that is considered in making officer compensation decisions may include information provided to the Compensation Committee via presentations made to the committee by the officers themselves. The Compensation Committee also considers the Company's financial condition and performance, as well as the performance, financial condition and compensation levels of peer companies. For officers, bonuses are typically paid in the first quarter of the year following the year to which the bonus relates, and salary increases are effective the first pay period following approval.

The accounting and tax treatment of compensation decisions generally have not been material factors in determining the amount and type of compensation given to executive officers, other than to balance the potential cost to the Company with the benefit or value to the executive. The tax and accounting treatment of different compensation arrangements may play a greater role in the decision-making process in the future. The effects on Section 409A of the Internal Revenue Code of 1986, as amended (the Code) also would be considered when applicable.

The Compensation Committee has not to date employed any compensation consultants to assist it with compensation decisions, although it is authorized by its charter to do so and reserves the right to engage such consultants when and if deemed necessary or advisable. The Compensation Committee also has the authority to form, and delegate any of its responsibilities to, subcommittees as it deems appropriate, although to date it has not done so.

Compensation Components

The components of compensation provided to named executive officers (as well as non-officer employees) typically include base salary, annual discretionary bonuses, and equity incentives. In general, base salaries are reviewed annually and modified when corporate and/or individual performance dictates. During the first quarter of 2016 in response to an anticipated business slowdown, the Company implemented salary reductions of 5% for all salaried employees, while our CEO recommended a 10% reduction in his base salary, which recommendation was accepted. Bonuses and equity incentives have historically been granted in periods during which the Company's financial performance has supported such awards; such components of compensation are not granted when the Company's operating results have not been positive and/or the recipients have not achieved specified performance milestones. Following depressed operating results in fiscal 2012, the Company's financial condition improved during the 2013 through 2015 fiscal years, although fiscal 2016 results were significantly below those for 2015. As a result, our named executive officers were granted bonuses in the aggregate amount of \$23,000 for fiscal 2016 to reflect Company performance, as compared to aggregate bonuses of \$77,000 for the 2015 fiscal year. The Company also granted our named executive officers stock options to purchase an aggregate 142,500 shares of Common Stock in fiscal year 2016, which includes a one-time grant of an option to purchase 100,000 shares to our new Senior Vice President of Sales and Marketing upon his hiring. The Company granted options to purchase an aggregate 60,000 shares to the individuals serving as our named executive officers in 2015.

The Company's named executive officers also participate in the group benefits offered to all employees, such as medical and life insurance and a retirement savings plan.

Base Salary

Base salary levels for the Company's officers are reviewed annually and are tied to the Company's fiscal year. Among those factors taken into consideration when setting executive officer salaries are individual and corporate performance, level of responsibility, prior experience, breadth of knowledge of the industry, and competitive pay practices. Specific weight is not given to any particular factor when establishing base salaries, although most weight is typically given for individual performance. In unusual cases salaries may be reviewed more frequently if circumstances dictate.

Annual Bonuses

We believe that executive performance may be maximized through a system of incentive awards. Toward this end, the Company has established a discretionary cash incentive plan. Bonuses, when paid, are designed to tie awards to the achievement of specific corporate sales and earnings targets and individual performance objectives; the amount of the bonus award earned depends primarily on the extent to which such performance objectives are achieved. At the beginning of each fiscal year, the Compensation Committee establishes the annual sales and earnings objectives for CPS and the specific goals for each named executive officer, along with the milestones required to be achieved at each bonus level, and shares them with each individual officer. At year-end, the committee evaluates each individual's performance compared with each individual's specific goals and makes a determination as to whether the specified milestones have been reached.

Equity Incentives

As with base salary and bonus determinations, equity compensation awards are determined on an annual basis, typically in the first half of each fiscal year. An important objective of this component of compensation is to strengthen the relationship between the long-term value of the Company's stock price and the potential financial gain for employees, as well as retention of personnel. Historically the Company has awarded stock options to its employees, officers and directors as the equity component of compensation, which provide recipients the opportunity to purchase shares of our Common Stock upon vesting and become valuable only if the trading price of the Common Stock increases. The recipient is therefore motivated to remain with the Company until the options vest and motivated to improve individual performance in support of improved Company performance as reflected in an improved trading price.

In selecting employees eligible to receive equity compensation grants (whether at the initial hire date or through periodic grants) and determining the size of such grants, a variety of factors are considered. Determination of the employees eligible to receive awards and the size of such awards is based on a subjective analysis by the Compensation Committee, with input from Mr. Bennett, of each individual's position within the Company, his or her performance, his or her growth potential and that of the Company, and awards made to similarly situated employees at CPS's peer companies. For our named executive officers, consideration has also been given in the last several years, and is expected to continue to be given, to long-term beneficial ownership goals. An informal beneficial ownership target has been established for each officer, which is intended to be achieved within a specified time period, and the Compensation Committee considers such targets along with competitive practices at peer companies, individual performance, and seniority, among other factors when making decisions about the size of option awards for such officers.

Equity Plans

The Board of Directors currently administers the CPS Technologies 2009 Stock Incentive Plan, adopted in December 2009 and amended in 2014 (as amended, the 2009 Plan). The 2009 Plan provides for the grant of

equity incentive compensation to officers, directors and employees, as well as consultants and advisors, of the Company. The stated purpose of the 2009 Plan is to advance the interests of the Company's stockholders by enhancing the Company's ability to attract, retain and motivate persons who are expected to make important contributions to the Company and by providing such persons with equity ownership opportunities and performance-based incentives that are intended to better align the interests of such persons with those of the Company's stockholders.

Grants of options, stock appreciation rights (SARs), restricted stock, restricted stock units and other stock-based awards for up to 3,000,000 shares of Common Stock are possible under the 2009 Plan. Determinations as to recipients, duration, price, vesting, performance requirements and other material terms of awards are made by the Board of Directors, which has the authority to delegate any or all of its powers under the plan to one or more committees of the Board of Directors, although there are specific requirements as to the price and term of certain awards depending on the award type and recipient. As of December 31, 2016, the Company had issued awards representing 2,848,100 shares, of which 1,541,905 were outstanding, and 1,306,195 shares were still available for awards under the 2009 Plan. If any award under the 2009 Plan expires or is terminated, surrendered or canceled without having been fully exercised or is forfeited in whole or in part (including as a result of shares subject to an award being repurchased by the Company at the original issuance price pursuant to a contractual repurchase right), or if an award results in any Common Stock not being issued (including as a result of an independent SAR that could have been settled either in cash or stock actually being settled in cash), the unused shares of Common Stock covered by such award shall again be available for grant, with certain exceptions. At the same time, any shares delivered to the Company, whether by actual delivery, attestation or net exercise, by an award recipient to purchase shares of Common Stock upon exercise or to satisfy tax withholding obligations in connection with an award are not added back to the number of shares available for future grant under the 2009 Plan.

The Board of Directors also administers the Company's 1999 Stock Option Plan (the 1999 Plan), although the 1999 Plan expired on January 22, 2009 and therefore no further awards can be made under such plan. Nevertheless, at December 31, 2016 options to purchase an aggregate 16,000 shares of Common Stock remained outstanding and unexercised under the 1999 Plan. Under the terms of the 1999 Plan, which authorized awards for up to 1,250,000 shares of Common Stock, all of the Company's employees, officers, directors, consultants and advisors were eligible to be granted options, restricted stock awards, or other stock-based awards. All options outstanding under the 1999 Plan are non-statutory stock options exercisable at the fair market value of the stock on the date of grant, and expire ten years from the date of grant. The options granted to employees generally vest in equal annual installments over a five-year period. The options granted to directors under the 1999 Plan generally vest one year from date of grant.

Stock options representing the right to purchase an aggregate 274,000 shares of Common Stock were granted under the 2009 Plan during fiscal year 2016 to the Company's employees, of which options to purchase an aggregate 142,500 shares were granted to the Company's named executive officers. The Company's independent directors also were granted options representing the right to purchase an aggregate 45,000 shares of Common Stock during the year under the 2009 Plan.

Retirement, Severance, Change in Control and Similar Compensation

The Company does not currently offer or have in place any formal retirement, severance, change of control or similar compensation programs other than its retirement savings plan available to all eligible employees. Rather, the Company individually negotiates with those employees for whom retirement, severance, change of control or similar compensation is deemed necessary.

Perquisites and Other Benefits

The Company generally does not provide its named executive officers with perks or similar types of benefits. Our named executive officers have life insurance policies for which the Company pays the premium,

and the Company also matches up to a certain percentage of their contributions to the Company's retirement savings plan if the Company's financial condition permits. Both of these benefits are generally available to all Company employees, subject to certain limitations and restrictions. Our named executive officers, like other employees, also are entitled to participate in CPS's employee benefit plans offering group disability insurance and health insurance.

Tax Considerations

Section 162(m) of the Code generally disallows a tax deduction to public companies for compensation over \$1,000,000 paid to certain employees, generally the Chief Executive Officer and the four other most highly compensated executive officers. Qualifying performance-based compensation is not subject to the deduction limit if certain requirements are met. In fiscal 2016, no compensation paid by the Company was nondeductible as a result of the \$1,000,000 limitation. Furthermore, the Board of Directors believes that, given the general range of salaries and bonuses for executive officers of the Company, the \$1,000,000 threshold of Section 162(m) will not be reached by any executive officer of the Company in the foreseeable future. Accordingly, the Board of Directors has not formulated a policy to address non-qualifying compensation.

Say on Pay Proposals and Votes

As discussed under Proposal 2 below, stockholders will have the opportunity to cast their vote at the Meeting on the compensation of CPS's named executive officers as described in this Proxy Statement. The advisory vote will not be binding on the Compensation Committee or the Board of Directors. However, the Compensation Committee and the Board of Directors will review the voting results and any concerns raised by stockholders will be considered when determining future compensation arrangements and making decisions about future compensation programs and practices. The Board of Directors and Compensation Committee also may consult directly with stockholders to better understand any issues and concerns.

This reduction was in response to weakness in the Company's financial results.

Equity Incentive Plans

The Company currently administers two plans that provide for the grant of equity incentive compensation to officers, directors and employees: the 2009 Stock Incentive Plan and the 1999 Stock Option Plan. At December 31, 2016, there were an aggregate of 4,250,000 shares authorized under these plans, of which 1,541,905 were outstanding and 1,306,195 were available for future grant. The 1999 Plan expired in January 2009 and no further awards can be made under such plan. Generally, these plans provide for the grant of equity awards to employees, officers, directors, consultants and advisors of the Company, in each case in amounts, at prices and subject to such restrictions and limitations as determined by the Board of Directors or a committee thereof and applicable law. For more information about each plan, see *Equity Incentives* in the *Compensation Discussion and Analysis* section above. The goal of the Company's equity incentive awards is to promote the

success and interests of the Company and its stockholders by permitting and encouraging recipients to obtain a proprietary interest in the Company or any subsidiaries through the grant and exercise of such awards, and motivating such recipients to remain with the Company and work towards its success.

Grants in Fiscal 2016

On February 19, 2016, the Board of Directors approved the grant of options under the 2009 Plan to purchase 30,000 shares of Common Stock to Mr. Norwood and 12,500 shares to Mr. Adams. These incentive stock options, which are exercisable at \$1.83 per share, vest in equal annual installments over a five-year period commencing on the first anniversary of the date of grant and have a term of 10 years.

On February 19, 2016, the Board of Directors also approved the grant to each of the independent members of the Company's Board of Directors options under the 2009 Plan to purchase 15,000 shares of Common Stock, for an aggregate 45,000 shares. These non-qualified stock options, which are exercisable at \$1.83 per share, vested immediately on grant and have a term of 10 years.

On November 7, 2016, the Board of Directors approved the grant of stock options under the 2009 Plan to purchase 100,000 shares of Common Stock to Mr. Breen. These qualified stock options, which are exercisable at \$1.37 per share, vest in equal annual installments over a five-year period commencing on the first anniversary of the date of grant and have a term of 10 years.

Such grants were the only grants of stock options made to the named executive officers and directors of the Company during the 2016 fiscal year.

No retirement, severance or similar compensation was paid to any employee during the 2016 fiscal year. The Company does not offer or have in place any formal retirement, severance, change of control or similar compensation programs other than its retirement savings plan available to all eligible employees.

Hughes and Culligan and Dr. Snow options to purchase 15,000 shares of Common Stock at \$1.83 per share, the closing price of the Common Stock on the date of grant. Such options have a term of 10 years and were exercisable in full on the date of grant.

CPS may reimburse members of the Board of Directors for their reasonable out-of-pocket expenses incurred in attending meetings of the Board of Directors and committees. The Company believes that members of the Board of Directors received compensation during fiscal year 2016 commensurate with their responsibilities to the Company and appropriate for a company of CPS's size and revenues.

PROPOSAL 2. STOCKHOLDER ADVISORY VOTE ON
EXECUTIVE COMPENSATION

The Dodd-Frank Wall Street Reform and Consumer Protection Act (the Reform Act) and Section 14A of the Exchange Act entitle stockholders to cast a non-binding, advisory vote on the compensation of executives as described in a company's proxy statement, otherwise known as say on pay proposals. The legislation makes clear that these votes do not overrule a Board's compensation decisions, impose additional fiduciary duties on the Board of Directors, or limit stockholders' ability to make other compensation-related proposals.

CPS's primary goal when determining compensation is to align compensation with our business objectives and performance. Our aim is to attract, retain and reward executive officers and other key employees who contribute to our long-term success and to motivate those individuals to enhance long-term stockholder value. The Company aims to make executive compensation sensitive to Company performance, which is defined primarily in terms of sales and profits.

We believe that the Company's executive compensation programs have been effective at providing appropriate incentives for the achievement of targeted results, aligning pay and performance, creating an ownership culture in which award recipients think and act like stockholders, and enabling CPS to attract and retain some of the most talented executives in our industry.

Revenues for the 2016 fiscal year were \$ 15.4 million, compared to revenues of \$21.8 million in fiscal 2015, a 29% decrease. The Company incurred a net loss of \$454,000, or \$0.03 per share, for the 2016. This compares with net income of \$450,000, or \$0.03 per share, reported for 2015. The Company's fiscal 2016 results were adversely affected by lower shipments of baseplates.

Compensation actions taken with respect to fiscal 2016 for CPS's named executive officers reflected the Company's financial performance and individual achievement of performance milestones as compared to prior years. Specifically, temporary salary reductions were implemented during the first quarter of 2016 for all salaried employees, including a 10% reduction for our CEO. These reductions, which remain in effect, were made in response to a weakness in the Company's financial results. Annual performance bonuses awarded to our named executive officers for fiscal year 2016 totaled \$23,000, as compared annual performance bonuses totaling \$77,000 for fiscal 2015.

Stockholders are encouraged to read the *Compensation Discussion and Analysis* and *Compensation* sections of this Proxy Statement for a more detailed discussion of how the Company's compensation programs reflect our overarching compensation philosophy and core principles and how such philosophy and principles were implemented when making compensation decisions for 2016.

Our Board of Directors values constructive dialogue on compensation and other governance topics, and recognizes the interest that investors have in executive compensation. In response to the passage of the Reform Act and in recognition of growing support for advisory votes on compensation, stockholders now have the opportunity to vote on an advisory resolution concerning the compensation of our named executive officers on an annual basis. Stockholders will be given an opportunity to vote again on the frequency of the Company's say on pay vote at the 2020 annual meeting of stockholders.

Accordingly, stockholders are being asked to vote on the following resolution at the Meeting:

RESOLVED, that the compensation paid to the Company's named executive officers as disclosed in the *Compensation* section (including the tables and narrative discussion therein) of this Proxy Statement be hereby **APPROVED**.

Stockholders will have the opportunity to vote for or against such resolution, or abstain from voting. The affirmative vote of the holders of a majority of the shares of Common Stock voting on the matter shall be

required to approve the stockholder advisory vote on executive compensation as disclosed in this Proxy Statement. Abstentions and broker non-votes will not be included in the totals for the proposal, and will have no effect on the outcome of the vote.

The advisory vote will not be binding on the Compensation Committee or the Board of Directors. However, the Compensation Committee and Board of Directors will review the voting results and any concerns raised by stockholders will be considered when determining future compensation arrangements and making decisions about future compensation programs and practices. The Board of Directors and Compensation Committee also may consult directly with stockholders to better understand any issues and concerns.

**THE BOARD OF DIRECTORS RECOMMENDS A VOTE FOR
THE ADVISORY RESOLUTION APPROVING EXECUTIVE COMPENSATION.**

In addition, the Company may request banks, brokers, custodians, nominees, and fiduciaries to forward copies of the Company's proxy materials to those persons for whom they hold shares to request instructions for voting the proxies.
