DEER VALLEY CORPORATION
[FORMERLY KNOWN AS CYTATION CORPORATION THROUGH JULY 24, 2006]
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS
(UNAUDITED)

1. BASIS OF PRESENTATION

The accompanying unaudited consolidated financial statements for the three and six month periods ended July 1, 2006 and June 30, 2005 have been prepared in accordance with accounting principles generally accepted in the United States of America for interim financial information and pursuant to the rules and regulations of the Securities and Exchange Commission for Form 10-Q. Accordingly, they do not include all the information and footnotes required by accounting principles generally accepted in the United States of America for complete financial statements.

The unaudited financial information included in this report includes all adjustments which are, in the opinion of management, necessary to reflect a fair statement of the results for the interim periods. The operations for the three and six month periods ended July 1, 2006 and June 30, 2005 are not necessarily indicative of the results of the full fiscal year.

The condensed consolidated financial statements included in this report should be read in conjunction with the financial statements and notes thereto included in the Registrant's December 31, 2005 Annual Report on Form 10-K and subsequent filings on Form 8-K and Schedule 14C.

2. INVENTORIES

Edgar Filing: DEER VALLEY CORP - Form 424B3

Inventories are stated at the lower of cost (first-in, first-out method) or market. Work-in-process and finished goods inventories include an allocation for labor and overhead costs. Inventories at July 1, 2006 and December 31, 2005 are summarized as follows:

	JULY 1, 2006 ----- (UNAUDITED)	DECEMBER 31, 2005 ----- (AUDITED)
Raw materials	\$1,436,724	\$ -
Work-in-process	424,581	-

TOTALS	\$2,516,825 =====	\$ - =====

3. ACCOUNTING FOR STOCK BASED COMPENSATION -----

At July 1, 2006, the Company had not yet created a stock incentive plan which

F-5

DEER VALLEY CORPORATION [FORMERLY KNOWN AS CYTATION CORPORATION THROUGH JULY 24, 2006] NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (UNAUDITED)

authorizes the issuance of options to purchase common stock. Prior to January 1, 2006, the Company accounted for Stock Options and Stock Based Compensation under the recognition and measurement provisions of APB Opinion No. 25, "Accounting for Stock Issued to Employees", and related Interpretations, as permitted by FASB Statement No. 123, "Accounting for Stock-Based Compensation". No stock-based employee compensation cost was recognized in the Statement of Operations for the three and six months ended June 30, 2005. Effective January 1, 2006, the Company adopted the fair value recognition provisions of SFAS No. 123(R), Share-Based Payment, using the modified-prospective-transition method. Under that transition method, compensation cost for all share-based payments granted prior to, but not yet vested as of January 1, 2006 are based on the grant date fair value estimated in accordance with the original provisions of SFAS No. 123, and (b) compensation cost for all share-based payments granted subsequent to January 1, 2006 are based on the grant-date fair value estimated in accordance with the provisions of SFAS No.123(R). Results for prior periods have not been restated.

As a result of adopting SFAS No.123(R) on January 1, 2006, this statement did not have any effect on the Company's net income and earning per share for the periods ended July 1, 2006 since no options were granted.

5. PRODUCT WARRANTIES

The Company provides the retail home buyer a one-year limited warranty covering defects in material or workmanship in home structure, plumbing, and electrical systems. The Company's estimated warranty costs are accrued at the time of the sale to the dealer following industry standards and historical warranty costs incurred. Periodic adjustments to the estimated warranty accrual are made as events occur which indicate changes are necessary. As of July 1, 2006, the Company has provided a liability of \$1,150,000 for estimated warranty costs relating to homes sold, based upon management's assessment of historical experience factors and current industry trends.

Management reviews its warranty requirements at the close of each reporting period and adjusts the reserves accordingly. The following tabular presentation reflects activity in warranty reserves during the periods presented:

	JULY 1, 2006	DECEMBER 31, 2005

6. CRITICAL ACCOUNTING POLICIES AND ESTIMATES

The Company applies judgment and estimates, which may have a material effect in the eventual outcome of assets, liabilities, revenues and expenses, for accounts receivable, inventory and goodwill. The following explains the basis and the procedure for each asset account where judgment and estimates are applied.

REVENUE RECOGNITION

The Company recognizes revenues for manufactured homes sold to independent dealers when all of the following conditions have been met:

- an order for the home has been received from the dealer,
- an agreement with respect to payment terms (usually in the form

F-8

DEER VALLEY CORPORATION
[FORMERLY KNOWN AS CYTATION CORPORATION THROUGH JULY 24, 2006]
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS
(UNAUDITED)

- of a written or verbal approval for payment has been received from the dealer's flooring institution),
- the home has been shipped, and
- risk of loss has passed to the independent dealer.

ADVERTISING COSTS

Advertising costs are charged to operations when incurred and are included in operating expenses. Advertising costs for the three and six month periods ending July 1, 2006 and June 30, 2005 were \$35,788, \$60,233, \$0, and \$0, respectively.

GOODWILL

As a result of the acquisition of DeerValley Acquisitions Corp. and Deer Valley Homebuilders, Inc., on January 18, 2006, goodwill is reflected on the consolidated balance sheets. A valuation was performed by the Company and it was determined that the estimated fair value of the goodwill in the accounts exceeded its book value by \$3,611,994. With the accrual for the Earnout Agreement an additional \$496,407 was booked for 2005 and \$823,298 has been booked to goodwill through July 1, 2006. There was an additional \$100,000 paid representing a purchase price adjustment bringing total goodwill as of July 1, 2006 to \$5,031,699. There is no assurance that the value of the acquired entities will not decrease in the future due to changing business conditions.

DEALER INCENTIVE PROGRAMS

The Company provides rebates to dealers based upon a predetermined formula applied to the volume of homes sold to the dealer during the year. These rebates are recorded at the time the dealer sales are consummated.

RESERVE FOR REPURCHASE COMMITMENTS

DVH is contingently liable under the terms of repurchase agreements with financial institutions providing inventory financing for retailers of DVH's

Edgar Filing: DEER VALLEY CORP - Form 424B3

products. These arrangements, which are customary in the industry, provide for the repurchase of products sold to retailers in the event of default by the retailer. The risk of loss under these agreements is spread over numerous retailers. The price DVH is obligated to pay generally declines over the period of the agreement (typically 18 to 24 months) and the risk of loss is further reduced by the sale value of repurchased homes. The maximum amount for which the Company is contingently liable under repurchase agreements is approximately \$13,546,000 at July 1, 2006. As of July 1, 2006 the Company had reserved \$65,275 for future repurchase losses, based on

F-9

DEER VALLEY CORPORATION
[FORMERLY KNOWN AS CITATION CORPORATION THROUGH JULY 24, 2006]
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS
(UNAUDITED)

prior experience and an evaluation of dealers' financial conditions. DVH to date has not experienced significant losses under these agreements, and management does not expect any future losses to have a material effect on the accompanying financial statements.

7. RECENT ACCOUNTING PRONOUNCEMENTS

The Financial Accounting Standards Board (FASB) has recently issued the following accounting standards, which are effective as of January 1, 2007.

FASB Interpretation No. 48 "Accounting for Uncertainty in Income Taxes" (FIN 48) is an interpretation which clarifies FASB No. 109, "Accounting for Income Taxes". This Statement addresses uncertainty in income taxes recognized in an enterprise's financial statements and prescribes a recognition threshold and measurement of a tax position taken or expected to be taken in a tax return. Any cumulative impact resulting from the adoption of FIN 48 would be recorded as an adjustment to beginning retained earnings. The Company is currently evaluating the impact of FIN 48 on the Company's Consolidated Financial Statements.

SFAS No. 155, "Accounting for Certain Hybrid Financial Instruments—an amendment of FASB Statements No. 133 and 140" (SFAS No. 155) addresses the application of beneficial interests in securitized financial assets. The adoption of SFAS No. 155 is not anticipated to have an impact on the Company's Consolidated Financial Statements.

8. COMMITMENTS AND CONTINGENT LIABILITIES

LITIGATION

The Company in the normal course of business is subject to claims and litigation. Management of the Company is of the opinion that, based on information available, such legal matters will not ultimately have a material adverse effect on the financial position or results of operation of the Company.

EARNOUT AGREEMENT

On January 18, 2006, the Company's wholly-owned subsidiary, DeerValley Acquisitions Corp. (dissolved on July 1, 2006), entered into an Earnout Agreement (the "Earnout Agreement"), between Deer Valley Homebuilders, Inc., DeerValley

Acquisitions Corp., and the former owners of Deer Valley Homebuilders, Inc. In connection with the Capital Stock Purchase Agreement, the Company entered into the Earnout Agreement, pursuant to which, additional payments may be paid to the former owners of Deer Valley Homebuilders, Inc., as an earnout, based upon the Net Income Before Taxes of Deer Valley Homebuilders, Inc. during the next five (5) years, up to a maximum of \$6,000,000. In any given year during the term of the Earnout Agreement, 50% of the pre-tax profit exceeding \$1,000,000 per year will be accrued and become distributable to the prior shareholders. For the Fourth quarter of 2005, such pre-tax profit shall be reduced to \$250,000. During the six month period ending July 1, 2006 the Company had pre-tax profit in the amount of \$2,646,596, of which \$1,646,596 was above the Company's earnout threshold of \$1,000,000. The Company accrued 50% of the amount in excess of earnout threshold in the amount of \$823,298. The maximum remaining potential accrual under the Earnout Agreement is \$4,680,295.

LOAN AND LETTER OF CREDIT

On April 12, 2006, DVH entered into a Loan and Security Agreement providing for a revolving line of credit in an amount not to exceed Two Million Five Hundred Thousand and No/100 Dollars (\$2,500,000.00) (the "Loan") evidenced by a revolving credit note (the "Note") and secured by accounts receivable, inventory, equipment and all other tangible and intangible personal property of DVH, DeerValley Acquisitions Corp. (a subsidiary of the Company, now dissolved), and the Company. The purpose of the Loan was to provide working capital, to provide Letter of Credit support, to replace DVH's previous revolving line of credit with State Bank and Trust, and to provide interim financing for the acquisition of the real property on which DVH operates a plant in Sulligent, Alabama. The Loan has a one year term and has a variable interest rate at 2.60% above LIBOR. Upon issuance of a letter of credit, DVH is charged a letter of credit fee equal 1.00% of the face amount of the letter of credit. The Loan provides for conditions to meet prior to each advance, including financial ratios.

In addition to the revolving line of credit described in the preceding paragraph, DVH, during its normal course of business, is required to issue irrevocable standby letters of credit in the favor of independent third party beneficiaries to cover obligations under repurchase agreements.

All of the Letters of Credit above are required under the terms of the Repurchase

Agreements described below in the section entitled "Reserve for Repurchase

irrevocable letters of credit by the beneficiaries.

On May 26, 2006, Deer Valley entered into a Loan Agreement with Fifth Third Bank (the "Lender") providing for a loan of Two Million and No/100 Dollars (\$2,000,000.00) (the "Loan") evidenced by a promissory note and secured by a first mortgage on Deer Valley's properties in Guin, Alabama and Sulligent, Alabama, including the structures and fixtures located thereon, as well as Deer Valley's interest in any lease thereof. The purpose of the loan is to pay off an existing loan from another bank secured by the Guin property and to reduce the outstanding balance on Deer Valley's revolving credit facility with the Lender. The net effect of the reduction in the revolving credit balance is to increase the credit available to the Company for working capital under its revolving facility. The Loan has a term from May 26, 2006 through June 1, 2011 and has a variable interest rate at 2.25% above LIBOR. There is no prepayment penalty. Future advances are available under the Loan Agreement, subject to approval by the Lender. Also on May 26, 2006, the Company and DVA guaranteed the Loan. Should Deer Valley default, thereby triggering acceleration of the Loan, Cytation and DVA would become liable for payment of the Loan.

EXECUTIVE AGREEMENT

On June 29, 2006 the Company elected Charles G. Masters to serve as President, Chief Executive Officer, and Chief Financial Officer. As compensation for services rendered relative to the integration of Deer Valley Homebuilders, Inc. and the ongoing operations of Cytation from January 18, 2006 to June 30, 2006 the Company authorized a lump-sum payment of \$60,000 (prior to deductions for federal or state withholding requirements). In addition the Board of Directors for the Company authorized \$120,000 as annual compensation for services rendered as President, Chief Executive Officer, and Chief Financial Officer. Mr. Masters will continue to pay for his own medical insurance, but shall be entitled to be reimbursed for reasonable business related expenses.

the issued and outstanding capital stock of Deer Valley Homebuilders, Inc. Upon completion of the acquisition of the capital stock of Deer Valley Homebuilders, Inc., Deer Valley Homebuilders, Inc. became an indirectly wholly-owned subsidiary of the Company. (With the dissolution of DeerValley Acquisitions Corp., Deer Valley Homebuilders, Inc. is now a wholly-owned subsidiary of the Company.)

In order to effectuate the Capital Stock Purchase Agreement, Cytation Corporation completed a series of transactions exempt from the registration requirements of the Securities Act of 1933, as amended, pursuant to Section 4(2) of the Act for transactions not involving a public offering and Rule 506

Edgar Filing: DEER VALLEY CORP - Form 424B3

promulgated by the United States Securities and Exchange Commission under the Securities Act of 1933, as amended. As of the date of these financials, the Company has closed on a private placement of approximately 745,622 shares of Series A Preferred Stock. Pursuant to the Securities Purchase and Share Exchange Agreement, dated as of January 18, 2006, the Company (a) issued and sold to the Purchasers, and the Purchasers purchased from the Company, (a) Series A Preferred Stock, (b) Series A Common Stock Purchase Warrants, and (c) Series B Common Stock Purchase Warrants. Also on January 18, 2006, the Company completed a share exchange pursuant to which the Company acquired 100% of the issued and outstanding capital stock of DeerValley Acquisitions, Corp. Pursuant to the Share Exchange Agreement, in exchange for 100% of the issued and outstanding common stock of DeerValley Acquisitions, Corp., the Company issued the following securities to the shareholders of DeerValley Acquisitions, Corp.: (a) Series B Preferred Stock, (b) Series C Preferred Stock, and (c) Series C Common Stock Purchase Warrants.

In connection with the Securities Purchase and Share Exchange Agreement, on January 18, 2006, the Company issued to a Lender an Interest Bearing Non-Convertible Installment Promissory Note ("the Note"), in the original principal amount of One Million Five Hundred Thousand and No/100 Dollars (\$1,500,000), together with interest accruing thereon at an annual rate of twelve percent (12%) per annum. The business purpose of executing the Note was to fund the acquisition of Deer Valley Homebuilders, Inc. On March 17, 2006 the Lender decided to convert the Note to stock.

Pursuant to the terms of a Debt Exchange Agreement, the Company issued the Lender its Series A Convertible Preferred Stock, Series A Warrants, and Series B Warrants to the investor, in exchange for the retirement of its obligations to repay such promissory note.

In January 2006, the Company issued 17,338 common shares to Sequence Advisors Corporation, an affiliate of two former directors.

DEER VALLEY CORPORATION
[FORMERLY KNOWN AS CYTATION CORPORATION THROUGH JULY 24, 2006]
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS
(UNAUDITED)

On January 18, 2006, DeerValley Acquisitions, Corp., a wholly-owned subsidiary of Cytation Corporation, acquired 100% of the issued and outstanding capital stock of Deer Valley Homebuilders, Inc. The results of Deer Valley Homebuilders, Inc. will be included in consolidated financial statements for periods after January 18, 2006. Deer Valley Homebuilders, Inc. is an Alabama corporation with its business offices located at 205 Carriage Street, P.O. Box 310, Guin, Alabama 35563 and is engaged in the production, sale and marketing of manufactured homes in the southeastern and south central U.S. housing market. Cytation Corporation purchased Deer Valley Homebuilders, Inc. to serve as its primary operating company and to gain entry into the manufactured home market. Deer Valley Homebuilders, Inc. comprises substantially all of Cytation Corporation's operations.

The aggregate purchase price for Deer Valley Homebuilders, Inc. was \$6,000,000, including \$5,500,000 cash and \$500,000 of Cytation Corporation's Series A Convertible Preferred Stock, Series A Common Stock Purchase Warrants, and Series B Common Stock Purchase Warrants. In addition, an Earnout Agreement was entered into, pursuant to which additional payments may be paid to the former owners of Deer Valley Homebuilders, Inc., as an earnout, based upon the Net Income Before Taxes of Deer Valley Homebuilders, Inc. during the next five (5) years, up to a

Edgar Filing: DEER VALLEY CORP - Form 424B3

maximum of \$6,000,000. The Company is accounting for the \$6,000,000 earnout as contingent consideration in accordance with paragraphs 25 through 28 of SFAS 141. Because the amount, if any, of contingent consideration was not determinable at the acquisition date, no amount for the contingency will be recorded in the Company's financial statements until the contingency is resolved, or the consideration is issued or becomes issuable.

The Company considered the effect of EITF 95-8 and based its analysis on the fact that the contingent consideration of a minimum of \$0 and a maximum of \$6,000,000 over the next five years was nothing more than a way for the Company to defer payments of purchase price so that the Company did not have to pay Deer Valley Homebuilders Inc.'s shareholders the full purchase price up front. Since Deer Valley Homebuilders, Inc. had a pre-tax profit in 2005 in excess of \$3,000,000, the Company concluded that Deer Valley Homebuilders, Inc.'s business was worth in excess of \$6,000,000, or approximately two times pre-tax profits. The sellers were interested in receiving all \$12 million up front, but the Company was unwilling to give it to them because Deer Valley Homebuilders, Inc. had been in business less than two years and it would be too dilutive to shareholders to raise all monies up front. Therefore the Company and previous shareholders of Deer Valley Homebuilders, Inc. agreed to the price adjustment target account ("PATA"). So long as Deer Valley Homebuilders, Inc. continues to have pre-tax profits in excess of one million dollars over the next five years, the shareholders, pursuant to their interest sold, will be given a pro-rata portion of the maximum \$6,000,000 PATA. Based on

F-14

DEER VALLEY CORPORATION
[FORMERLY KNOWN AS CYTATION CORPORATION THROUGH JULY 24, 2006]
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS
(UNAUDITED)

this analysis, the Company will account for all of the PATA, when earned, by recording it as additional consideration for the acquisition of Deer Valley Homebuilders, Inc. and will not record it as a period expense related to compensation. The Company will account for this on an ongoing basis and book any accrued liability in connection with the PATA as incurred.

The value of the Series A Convertible Preferred Stock, Series A Common Stock Purchase Warrants, and Series B Common Stock Purchase Warrants were determined in a private offering also completed on January 18, 2006.

In connection with the Series A Convertible Preferred Stock offering the Company Calculated the effect of EITF 00-27 and EITF 98-5 and determined on a relative fair value basis that, of the \$7,456,215 raised, \$5,669,186 was attributable to the beneficial conversion feature of the warrants and \$1,787,029 was attributable to the beneficial conversion feature of the preferred stock. As such, the Company adjusted its balance sheet to reflect an increase of \$5,699,186 to additional paid-in capital and \$1,787,029 to preferred stock. The Company also noted that, of the \$1,787,029 booked to preferred, 100% was allocated to the beneficial conversion feature and was recorded as a reduction to preferred stock and an increase to additional paid-in capital. During the three month period ending July 1, 2006, \$1,838,519 was amortized for the period. Conversion of the preferred stock can also occur anytime after the SEC declares effective a registration statement covering the common shares underlying the preferred stock. When the SEC declares such registration statement effective, all remaining un-amortized beneficial conversion features (as of July 1, 2006, \$4,126,453) shall be considered a deemed dividend to preferred stockholders during that period.

its Series D Convertible Preferred Stock and (b) Series E Common Stock Purchase Warrants entitling the holder to purchase up to an aggregate of 880,540 shares of its Common Stock at an exercise price of three dollars (\$3.00) per share.

The issuance of the Series D Convertible Preferred Stock and Series E Warrants were exempt from the registration requirements of the Securities Act of 1933, as amended, pursuant to Section 4(2) of the Act for transactions not involving a public offering and Rule 506 promulgated by the United States Securities and Exchange Commission under the Securities Act of 1933, as amended. Such securities were issued only to institutional, accredited investors, and a limited number of non-accredited investors.

In connection with the Series D Convertible Preferred Stock offering, the Company Calculated the effect of EITF 00-27 and EITF 98-5 and determined on a relative fair value basis that, of the \$1,320,810 raised, \$434,945 was attributable to the beneficial conversion feature of the warrants, and \$753,618 was attributable to the beneficial conversion feature of the preferred stock. As such, the Company adjusted its balance sheet to reflect an increase of \$434,945 to additional paid-in capital and \$753,618 to preferred stock. The Company also noted that, of the \$753,618 booked to preferred, 100% was allocated to the beneficial conversion feature and was recorded as a reduction to preferred stock and an increase to additional paid-in capital. During the three month period ending July 1, 2006, \$240,969 was amortized for the period. ITEM 2. MANAGEMENT'S DISCUSSION AND ANALYSIS OR PLAN OF OPERATION

CAUTIONARY NOTICE REGARDING FORWARD LOOKING STATEMENTS

We desire to take advantage of the "safe harbor" provisions of the Private Securities Litigation Reform Act of 1995. This filing contains a number of forward-looking statements which reflect management's current views and expectations with respect to our business, strategies, products, future results and events, and financial performance. All statements made in this filing other than statements of historical fact, including statements addressing operating performance, events, or developments which management expects or anticipates will or may occur in the future, including statements related to distributor channels, volume growth, revenues, profitability, new products, adequacy of funds from operations, statements expressing general optimism about future operating results, and non-historical information, are forward looking statements. In particular, the words "believe," "expect," "intend," "anticipate," "estimate," "may," variations of such words, and similar expressions identify forward-looking statements, but are not the exclusive means of identifying such statements, and their absence does not mean that the statement is not forward-looking. These forward-looking statements are subject to certain risks and uncertainties, including those discussed below. Our actual results, performance or achievements could differ materially from historical results as well as those expressed in, anticipated, or implied by these forward-looking statements. We do not undertake any obligation to revise these forward-looking statements to reflect any future events or circumstances.

Readers should not place undue reliance on these forward-looking statements, which are based on management's current expectations and projections about future events, are not guarantees of future performance, are subject to risks, uncertainties and assumptions (including those described below), and apply only as of the date of this filing. Our actual results, performance or achievements could differ materially from the results expressed in, or implied by, these forward-looking statements. Factors which could cause or contribute to such differences include, but are not limited to, the risks to be discussed in our Annual Report on form 10-KSB and in the press releases and other communications to shareholders issued by us from time to time which attempt to advise interested parties of the risks and factors which may affect our business. We undertake no obligation to publicly update or revise any forward-looking statements, whether as a result of new information, future events, or otherwise.

OVERVIEW

During the period commencing with the fourth quarter of 2002 and ending in December 2004, the Company, under the name Cytation Corporation, engaged in the business of providing consulting and related services to private companies which wished to become reporting companies under the Securities Exchange Act of 1934, but which lacked the financial resources for an initial public offering ("IPO") and which did not wish to become a reporting company via a reverse merger. The Company discontinued these operations in the first quarter of 2005 and was a shell company (as defined in Rule 12b-2 of the Exchange Act) from the first quarter of 2005 through January 18, 2006.

At the end of 2005, the Company had nominal operations. The Company had revenues of \$59,114 in fiscal year 2005, as compared to \$240,368 in fiscal year 2004. The Company had a net loss of \$173,605 in fiscal year 2005, as compared to a net loss of \$696,689 in fiscal year 2004. The differences in the foregoing figures are the result of the Company's discontinuation of operations and costs related to identification of an acquisition candidate in contemplation of a reverse merger, which did not occur.

Edgar Filing: DEER VALLEY CORP - Form 424B3

On January 18, 2006, the Company acquired an operating subsidiary, Deer Valley Homebuilders, Inc. Deer Valley Homebuilders, Inc. is a wholly-owned subsidiary of the Company which was formed in January, 2004. Deer Valley Homebuilders, Inc. manufactures and designs manufactured homes which are sold to a network of independent dealers located primarily in the southeastern and south

3

central regions of the United States. Deer Valley Homebuilders, Inc. maintains its business offices in Guin, Alabama and operates manufacturing facilities in Guin, Alabama and in Sulligent, Alabama. Deer Valley Corporation is not a holding company for multiple operating companies in several different businesses. Deer Valley Homebuilders, Inc. is the Company's only operating company, and the Company is engaged exclusively in the manufactured housing business.

As a result of the acquisition of Deer Valley Homebuilders, Inc. on January 18, 2006, the Company had gross revenues of \$31,865,474 for the six months ending on July 1, 2006, had assets of \$18,130,665 as of the same date, and has approximately 400 employees. Because the Company discontinued its prior operations in the first quarter of 2005 and was a shell company (as defined in Rule 12b-2 of the Exchange Act) from the first quarter of 2005 through January 18, 2006 and because the Company now has significant revenues from a subsidiary operating in an entirely different industry, management does not believe that it is informative or useful to compare the Company's results of operations for the three month and six month periods ended July 1, 2006 to the three month and six month periods ended June 30, 2005. As a result, the remainder of this discussion examines only the results of the Company's operations for the three month and six month periods ended July 1, 2006. In conjunction with this discussion it is imperative that investors read the footnotes to the financial statements attached to this filing.

The key performance indicators which management examines are (1) The Company's production rate, in "floors" produced per day, (2) the cost of sales, (3) product gross margins, and (4) the size of the Company's sales backlog. During the quarter ending July 1, 2006, the Company's management focused on achieving two primary objectives:

- 1) Obtaining permanent HUD certification for its recently opened plant in Sulligent, Alabama and increasing production at the Sulligent plant to four floors per day. This was achieved in May of this year.

- 2) Increasing sales and adjusting plant production levels to reduce its sales backlog to a level which is more compatible with the demands of the retail market. Prior to opening the Sulligent plant, the Company's backlog frequently reached twelve weeks, resulting in a loss of sales. The backlog currently stands at approximately seven to eight weeks, which management feels is near an optimal level.

In order to insure that we maintain the current balance between sales and production levels, the Company is developing new product offerings which are compatible with the high product quality standards and production techniques and systems now in use at its operating facilities. As a result of this ongoing effort, in July 2006, the Company introduced a new single-wide product series which is built to the same exacting specifications as its multisection homes. This single-wide series allows the Company to compete for the lower price retail buyer by reducing the size but not the quality of the home product.

To sustain the Company's growth rate in an industry which is not experiencing broad growth, management is seeking to continue to increase its

Edgar Filing: DEER VALLEY CORP - Form 424B3

market share. In addition, we are positioning the Company to take advantage of our Alabama location and reputation in Mississippi to become a major participant in the permanent rebuilding of the Gulf Coast area (see Hurricane Katrina paragraphs below). Toward that end, we are evaluating several new plant sites, as well as potential corporate acquisitions. As of this date, no definitive action has been taken to initiate a transaction which would result in such an expansion.

Management feels that the following areas present significant opportunities or risks for the Company:

1) Securities Compliance

Deer Valley Homebuilders, Inc. has been operated as a private company which is not subject to federal securities laws and, therefore, may lack the internal or financial control infrastructure and procedures necessary for public companies to comply with the provisions of the Securities Exchange Act and Sarbanes-Oxley regulations. Deer Valley Homebuilders, Inc. and Deer Valley Corporation are coordinating with legal counsel and auditors to put in place proper financial controls and procedures necessary to insure full compliance with and disclosure under all relevant securities laws. Of course, there can be no guarantee that there will be no significant deficiencies or material weaknesses in the quality of the Company's financial controls, as defined by Sarbanes-Oxley. The greatest challenge management foresees in implementing necessary controls and procedures is the cost to the Company of such compliance could be substantial, which could have a material adverse effect on our results of operations.

2) Downturn in the Manufactured Housing Industry

In recent years, the manufactured housing industry experienced a prolonged and significant downturn as consumer lenders began to tighten underwriting standards and curtail credit availability in response to higher

4

than anticipated rates of loan defaults and significant losses upon the repossession and resale of homes securing defaulted loans. According to the Manufactured Housing Institute, domestic shipments of manufactured homes peaked in calendar year 1998 with the shipment of 372,843 homes, before declining to a total of 130,802 manufactured homes in calendar year 2004. The manufactured housing industry's share of new single-family housing starts also increased to 24% in calendar year 1997 before declining to 7.5% of all new single-family housing starts in calendar year 2004. Other causes of the downturn include a reduced number of consumer lenders in the traditional chattel (home-only) lending sector and higher interest rates on home-only loans. These factors have resulted in declining wholesale shipments, excess manufacturing and retail locations, and surplus inventory.

Despite the industry decline, which commenced in calendar year 1999, we have been able to successfully launch and grow our business through efficient manufacturing and production facilities, flexible product designs, an experienced and capable sales team, stringent cost controls, and attention to dealer relations, customer satisfaction, and service efforts. Additionally, our affiliated dealers often endeavor to distinguish our products by selling our manufactured homes as part of a land-home package which may be financed by a conventional mortgage. Finally, we focus on the "heavy built", finished drywall sector of the manufactured housing market, which management feels offers the greatest potential for growth. Homes of this type often have the features and "feel" of traditional site-built homes, but are often more readily available and more competitively priced than site-built homes. Note: the term "heavy built"

Edgar Filing: DEER VALLEY CORP - Form 424B3

refers to the use of more closely spaced floor joists, thicker exterior wall construction, and more closely spaced roof trusses (1) than is strictly required by the HUD building code and (2) than is standard practice in much of the manufactured housing industry.

3) Market Adjustment as FEMA Orders from Hurricane Katrina Subside and Increased Competition as Competitors previously focused on FEMA Contracts aggressively enter the Higher End Market Segment

Hurricane Katrina created a great need for the rapid provision of temporary housing in the Gulf Coast Region. The lure of lucrative Federal Emergency Management Agency ("FEMA") contracts caused suppliers to disrupt or delay normal shipments to their dealers. Deer Valley Homebuilders, Inc. did not interrupt its service to its dealers in this way, which resulted in additional dealers seeking to establish new relationships or increase orders with Deer Valley Homebuilders, Inc. during the later part of 2005. We continue to cultivate the dealer relations which emerged from that period. In the first quarter of 2006, virtually all manufacturers completed production under FEMA contracts in the wake of Hurricane Katrina and are again focused on achieving sales through dealer channels.

With the FEMA demand "bubble" having passed, management concurs with others in the industry who believe that the overall market is slightly weaker than at this point in 2005 and continues to be pressured by a lack of new finance capacity for wholesale and retail sales. Many manufacturers believed that 2006 would see an increase in HUD-Code home orders, largely because of the need for more permanent replacement homes along the Gulf Coast, which would offset the lack of continuing FEMA orders. Unfortunately for the industry, reconstruction and replacement efforts have not developed at the pace expected, reflecting a complex and unpredictable interplay of FEMA, insurance claims, and other rebuilding issues. The industry continues to expect improvement in the second half of 2006, as these issues are resolved.

As a result of the FEMA demand bubble having passed and the replacement home demand not having yet materialized, we will likely face increased competition in our market segment as other producers increase their focus on the commercial supply market. Specifically, traditional producers of lower priced HUD-Code manufactured homes have recently begun to offer finished drywall products which are more nearly competitive with our product line.

4) Rising Interest Rates and "Floor Plan" Credit Available to Manufactured Home Dealers

Interest rates have a marked effect upon the manufactured housing market. Management feels that rising interest rates will drive buyers from new, traditional, "site built" homes toward the upper end of the manufactured housing market, where our products are positioned. As a counter effect, the increased interest rates have resulted in an increased inventory of site-built homes on the market, which, in turn, has increased pressure on the manufactured housing industry, leading to plant slowdowns, closings, and bankruptcies. This will likely increase competition in the industry. Moreover, additional increases in interest rates could eventually adversely affect buyers of our products and could cause dealers to reduce inventories because of "Floor-Plan" expenses.

Reduced availability of floor plan financing for manufactured home dealers could negatively impact our business. Sources of this financing are highly concentrated, with a few companies dominating the market. If one of the four largest providers were to discontinue floor plan financing programs for

Edgar Filing: DEER VALLEY CORP - Form 424B3

manufactured home dealers, approximately one-fourth of the floor plan financing available to manufactured home dealers would disappear. An occurrence of this type could have a material, adverse impact upon our business, since dealers would have additional difficulty in procuring funds to inventory homes based on floor plan financing. As of the date of this filing, the dealers to whom we sell have not experienced any disruption in their floor plan financing.

RESULTS OF OPERATIONS

The following discussion examines the results of the Company's operations for the three month and six month periods ended July 1, 2006. This discussion of our financial condition and results of operations should be read in conjunction with our financial statements, included herewith. This discussion should not be construed to imply that the results discussed herein will necessarily continue into the future, or that any conclusion reached herein will necessarily be indicative of actual operating results in the future. Such discussion represents only the best present assessment by our management. Historical financial information presented for the three month and six month periods ended July 1, 2006 is that of the Company on a consolidated basis with Deer Valley Homebuilders, Inc. and Deer Valley Acquisitions Corp., which reflects the Company's acquisition of Deer Valley Homebuilders, Inc. on January 18, 2006, retroactive to January 1, 2006. Deer Valley Acquisitions Corp. was dissolved on July 1, 2006.

HISTORICAL RESULTS - PERIODS ENDED JULY 1, 2006

REVENUES. Overall gross revenue for the three month and six month periods ended July 1, 2006 was \$18,952,394 and \$31,865,474, respectively. Our second plant in Sulligent Alabama (the "Sulligent Plant") began operations on or about March 1, 2006. Revenues for the three months ended July 1, 2006 reflect the first full quarter of operations for the Sulligent Plant.

SELLING, GENERAL, AND ADMINISTRATIVE EXPENSES. General and administrative expenses consisted of payroll and related expenses for executive, accounting, and administrative personnel, professional fees, and other general corporate expenses. Selling, general, and administrative expenses for the three month and six month periods ended July 1, 2006 were \$1,701,951 and \$2,983,004, respectively. These general and administrative costs have increased at our operating subsidiary, Deer Valley Homebuilders, Inc., primarily due to increased production, sales, and operating expenses. The production direct cost of goods has remained generally in the same ratio to sales, with increased quantity discounts being offset by a rise in material cost.

NET INCOME (LOSS). The net income for the three month and six month periods ended July 1, 2006 was \$988,465 and \$1,456,305, respectively. After accounting for the dividend payable to preferred shareholders and the deemed dividend to preferred shareholders on beneficial conversion features, the loss to common stockholders for the three month and six month periods ended July 1, 2006 was \$1,219,719 and \$2,356,208, respectively. Increased production and sales of our products have bolstered net income.

LIQUIDITY AND CAPITAL RESOURCES

Management believes that the Company currently has sufficient cash flow from operations, available bank borrowings, cash, and cash equivalents to meet its short-term working capital requirements. As of July 1, 2006, the Company had \$4,425,919 in cash and cash equivalents. Because of the current profits generated by operations and lack of significant capital demand under our current business plan, our cash reserves are expected to continue to grow each month. Should our costs and expenses prove to be greater than we currently anticipate, or should we change our current business plan in a manner which will increase or accelerate our anticipated costs or capital demand, such as through

Edgar Filing: DEER VALLEY CORP - Form 424B3

the acquisition of new products, our working capital could be depleted at an accelerated rate.

The Company spends its cash to fund increases in production capacity at its operating subsidiary, Deer Valley Homebuilders, Inc., for special legal, accounting, and audit services necessary to meet SEC reporting requirements, and to pay expenses. To the extent that it becomes necessary to raise additional cash in the future as our current cash and working capital resources are depleted, we will seek to raise it through the public or private sale of debt or equity securities, the procurement of advances on contracts or licenses, funding from joint-venture or strategic partners, debt financing or short-term loans, or a combination of the foregoing. We also may seek to satisfy indebtedness without any cash outlay through the private issuance of debt or equity securities.

The net cash provided by operating activities for the six month period ending July 1, 2006 was \$836,886. The net cash used in investing activities for the six month period ending July 1, 2006 was \$7,468,167, which primarily

6

reflects the amount related to the purchase of Deer Valley Homebuilders, Inc., which was \$6,475,000, net of cash acquired in the purchase, as well as purchases of equipment. The net cash provided by financing activities for the six month period ending July 1, 2006 was \$8,125,716, the majority of which resulted from the issuance of Series A and D preferred stock.

We are contingently liable under the terms of repurchase agreements with financial institutions providing inventory financing for retailers of our products. These arrangements, which are customary in the industry, provide for the repurchase of products sold to retailers in the event of default by the retailer. The risk of loss under these agreements is spread over numerous retailers. The price we are obligated to pay generally declines over the period of the agreement (typically 18 to 24 months) and the risk of loss is further reduced by the sale value of repurchased homes. The maximum amount for which the Company is contingently liable under repurchase agreements is approximately \$13,546,000 at July 1, 2006. As of July 1, 2006 the Company had reserved \$65,275 for future repurchase losses, based on prior experience and an evaluation of dealers' financial conditions. We to date have not experienced significant losses under these agreements, and management does not expect any future losses to have a material effect on the accompanying financial statements.

FINANCING

On April 12, 2006, Deer Valley Homebuilders, Inc. entered into a Loan and Security Agreement providing for a revolving line of credit in an amount not to exceed Two Million Five Hundred Thousand and No/100 Dollars (\$2,500,000.00) (the "Loan") evidenced by a revolving credit note (the "Note") and secured by accounts receivable, inventory, equipment and all other tangible and intangible personal property of Deer Valley Homebuilders, Inc., Deer Valley Acquisitions Corp. (a subsidiary of the Company, now dissolved), and the Company. The purpose of the Loan was to provide working capital, to provide Letter of Credit support, to replace Deer Valley Homebuilders, Inc.'s previous revolving line of credit with State Bank and Trust, and to provide interim financing for the acquisition of the real property on which we operate a plant in Sulligent, Alabama. The Loan has a one year term and has a variable interest rate at 2.60% above LIBOR. Upon issuance of a letter of credit, Deer Valley Homebuilders, Inc. is charged a letter of credit fee equal 1.00% of the face amount of the letter of credit. The Loan provides for conditions to meet prior to each advance, including financial ratios.

Edgar Filing: DEER VALLEY CORP - Form 424B3

In addition to the revolving line of credit described in the preceding paragraph, Deer Valley Homebuilders, Inc., during its normal course of business, is required to issue irrevocable standby letters of credit in the favor of independent third party beneficiaries to cover obligations under repurchase agreements.

As of July 1, 2006, the following letters of credit were issued and in force:

A letter of credit issued through State Bank & Trust in the amount of \$400,000 to the favor of beneficiary GE Commercial issued on January 27, 2006 and expiring January 27, 2007. Personally guaranteed by Joel Logan, President and General Manager of Deer Valley.

A letter of credit issued through State Bank & Trust in the amount of \$150,000 to the favor of beneficiary Textron.

A letter of credit issued through Fifth Third Bank in the amount of \$380,000 to the favor of beneficiary Universal Insurance, on a bond.

A letter of credit issued through Fifth Third Bank in the amount of \$50,000 to the favor of beneficiary Lincoln General, on a Florida bond.

A letter of credit issued through Fifth Third Bank in the amount of \$350,000 to the favor of beneficiary 21st Mortgage.

All of the Letters of Credit above are required under the terms of the Repurchase Agreements described below in the section entitled "Reserve for Repurchase Commitments." As of July 1, 2006, no amounts had been drawn on the above irrevocable letters of credit by the beneficiaries.

On May 26, 2006, Deer Valley Homebuilders, Inc. entered into a Loan Agreement with Fifth Third Bank (the "Lender") providing for a loan of Two Million and No/100 Dollars (\$2,000,000.00) (the "Loan") evidenced by a promissory note and secured by a first mortgage on Deer Valley Homebuilders, Inc.'s properties in Guin, Alabama and Sulligent, Alabama, including the structures and fixtures located thereon, as well as its interest in any lease thereof. The purpose of the loan is to pay off an existing loan from another

7

bank secured by the Guin property and to reduce the outstanding balance on Deer Valley Homebuilders, Inc.'s revolving credit facility with the Lender. The net effect of the reduction in the revolving credit balance is to increase the credit available to Deer Valley Homebuilders, Inc. for working capital under its revolving facility. The Loan has a term from May 26, 2006 through June 1, 2011 and has a variable interest rate at 2.25% above LIBOR. There is no prepayment penalty. Future advances are available under the Loan Agreement, subject to approval by the Lender. Also on May 26, 2006, the Company guaranteed the Loan. Should Deer Valley Homebuilders, Inc. default, thereby triggering acceleration of the Loan, the Company would become liable for payment of the Loan.

CRITICAL ACCOUNTING POLICIES

Our discussion and analysis of our financial condition and results of operations are based upon our financial statements, which have been prepared in accordance with accounting principles generally accepted in the United States of America. The preparation of these consolidated financial statements requires us to make estimates and judgments which affect the reported amounts of assets, liabilities, revenues and expenses, and related disclosures of contingent assets

Edgar Filing: DEER VALLEY CORP - Form 424B3

and liabilities. For a description of those estimates, see Note 6, Critical Accounting Policies and Estimates, contained in the explanatory notes to the Company's financial statements for the quarter ended July 1, 2006, contained in this filing. On an ongoing basis, we evaluate our estimates, including those related to reserves, deferred tax assets, valuation allowances, impairment of long-lived assets, fair value of equity instruments issued to consultants for services, and estimates of costs to complete contracts. We base our estimates on historical experience and on various other assumptions which we believe to be reasonable under the circumstances, the results of which form the basis for making judgments about the carrying value of assets and liabilities which are not readily apparent from other sources. Actual results may differ from these estimates under different assumptions or conditions. However, we believe that our estimates, including those for the above-described items, are reasonable.

CRITICAL ACCOUNTING ESTIMATES

Management is aware that certain changes in accounting estimates employed in generating financial statements can have the effect of making the Company look more or less profitable than it actually is. Management does not believe that either the Company or its auditors have made any such changes in accounting estimates. A summary of the most critical accounting estimates employed by the Company in generating financial statements follows below.

WARRANTIES

We provide our retail buyers with a one-year limited warranty covering defects in material or workmanship, including plumbing and electrical systems. We record a liability for estimated future warranty costs relating to homes sold, based upon our assessment of historical experience and industry trends. In making this estimate, we evaluate historical sales amounts, warranty costs related to homes sold and timing in which any work orders are completed. We had a reserve for estimated warranties of \$1,150,000 as of July 1, 2006. Although we maintain reserves for such claims, there can be no assurance that warranty expense levels will remain at current levels or that the reserves that we have set aside will continue to be adequate. A large number of warranty claims which exceed our current warranty expense levels could have a material adverse affect upon our results of operations.

VOLUME INCENTIVES PAYABLE

We have relied upon volume incentive payments to our independent dealers who retail our products. These volume incentive payments are accounted for as a reduction to gross sales, and are estimated and accrued when sales of our manufactured homes are made to our independent dealers. Volume incentive reserves are recorded based upon the annualized purchases of our independent dealers who purchase a qualifying amount of home products from us. We accrue a liability to our dealers, based upon estimates derived from historical payout rates. We had a reserve for volume incentives payable of \$632,428 as of July 1, 2006.

RESERVE FOR REPURCHASE COMMITMENTS

Most of our independent dealers finance their purchases under a wholesale floor plan financing arrangement under which a financial institution provides the dealer with a loan for the purchase price of the home and maintains a security interest in the home as collateral. When entering into a floor plan arrangement, the financial institution routinely requires that we enter into a separate repurchase agreement with the lender, under which we are obligated, upon default by the independent dealer, to repurchase the manufactured home at

our original invoice price less the cost of administrative and shipping expenses. Our potential loss under a repurchase obligation depends upon the estimated net resale value of the home, as compared to the repurchase price that we are obligated to pay. This amount generally declines on a predetermined schedule over a period that usually does not exceed 24 months.

The risk of loss that we face under these repurchase agreements is lessened by several factors, including the following:

- (i) the sales of our products are spread over a number of independent dealers,
- (ii) we have had only isolated instances where we have incurred a repurchase obligation,
- (iii) the price we are obligated to pay under such repurchase agreements declines based upon a predetermined amount over a period which usually does not exceed 24 months, and
- (iv) we have been able to resell homes repurchased from lenders at current market prices, although there is no guarantee that we will continue to be able to do so.

The maximum amount for which the Company is contingently liable under repurchase agreements is approximately \$13,546,000 at July 1, 2006. As of July 1, 2006 the Company had reserved \$65,275 for future repurchase commitments, based upon our prior experience and evaluation of our independent dealers' financial conditions. Because Deer Valley Homebuilders, Inc. to date has not experienced any significant losses under these agreements, management does not expect any future losses to have a material effect on our accompanying financial statements.

REVENUE RECOGNITION

Revenue for our products sold to independent dealers is generally recorded when all of the following conditions have been met: (i) an order for the home has been received from the dealer, (ii) an agreement with respect to payment terms has been received, and (iii) the home has been shipped and risk of loss has passed to the dealer.

RECENT ACCOUNTING PRONOUNCEMENTS

The Financial Accounting Standards Board (FASB) has recently issued the following accounting standards, which are effective as of January 1, 2007.

FASB Interpretation No. 48, "Accounting for Uncertainty in Income Taxes" (FIN 48) is an interpretation which clarifies FASB Statement No. 109, "Accounting for Income Taxes." This Statement addresses uncertainty in income taxes recognized in an enterprise's financial statements and prescribes a recognition threshold and measurement of a tax position taken or expected to be taken in a tax return. Any cumulative impact resulting from the adoption of FIN 48 would be recorded as an adjustment to beginning retained earnings. The Company is currently evaluating the impact of FIN 48 on the Company's Consolidated Financial Statements.

Statement of Financial Accounting Standards (SFAS) No. 156, "Accounting for Servicing of Financial Assets - an amendment of FASB Statement No. 140" (SFAS No. 156) simplifies the accounting for servicing assets and liabilities. The adoption of SFAS No. 156 is not anticipated to have an impact on the Company's Consolidated Financial Statements.

SFAS No. 155, "Accounting for Certain Hybrid Financial Instruments - an amendment of FASB Statements No. 133 and 140" (SFAS No. 155) addresses the

Edgar Filing: DEER VALLEY CORP - Form 424B3

application of beneficial interests in securitized financial assets. The adoption of SFAS No. 155 is not anticipated to have an impact on the Company's Consolidated Financial Statements.

PROPERTY

The Company's executive and operating offices are located at 4902 Eisenhower Blvd., Suite 185, Tampa, FL 33634. The telephone number at the Company's executive offices is (813) 885-5998. Deer Valley Homebuilders, Inc.'s

9

principal manufacturing plant and offices are located at 205 Carriage Street, Guin, Alabama 35563, and its telephone number is (205) 468-8400. Deer Valley Homebuilders, Inc.'s principal manufacturing plant and company offices consists of a manufacturing plant with 107,511 square feet, a frame shop with 10,800 square feet, material shed of 23,172 square feet and offices with 11,250 square feet of space. Deer Valley Homebuilders, Inc. owns the buildings and 25.5 acres underlying these facilities. Deer Valley Homebuilders, Inc.'s second manufacturing plant is located at 7668 Highway 278 in Sulligent, Alabama (the "Sulligent Plant"). The Sulligent Plant consists of a 65,992 square foot manufacturing plant located on approximately 13 acres of land.

OFF-BALANCE SHEET ARRANGEMENTS

In connection with the purchase of Deer Valley Homebuilders, Inc. on January 18, 2006, the Company entered into the Earnout Agreement, pursuant to which additional payments, up to a maximum of \$6,000,000, may be paid to the former owners of Deer Valley Homebuilders, Inc. as an earnout, based upon the Net Income Before Taxes of Deer Valley Homebuilders, Inc. during the next five (5) years. The business purpose of executing the Earnout Agreement was to set the purchase price of Deer Valley Homebuilders, Inc. by an objective standard, given that the owners of Deer Valley Homebuilders, Inc. and the Company could not agree on an outright purchase price

During the term of the Earnout Agreement, 50% of the pre-tax profit exceeding \$1,000,000 per year will be accrued and become distributable to the former owners of Deer Valley Homebuilders, Inc. For the fourth quarter of 2005, such pre-tax profit target was reduced to a quarterly figure of \$250,000. During the quarter ended April 1, 2006, Deer Valley Homebuilders, Inc. did not achieve \$1,000,000 in pre-tax profit, so the Company did not accrue any earnout attributable to the quarter ending April 1, 2006.

Deer Valley Homebuilders, Inc. had pre-tax profit in the fourth quarter of 2005 in the amount of \$1,242,814, of which \$992,814 was above the quarterly earnout threshold of \$250,000. Accordingly, the Company accrued 50% of the amount in excess of earnout threshold in the amount of \$496,407. Deer Valley Homebuilders, Inc. had pre-tax profit in the six months ended July 1, 2006 in the amount of \$2,646,596, of which \$1,646,596 was above the earnout threshold of \$1,000,000. Accordingly, the Company accrued 50% of the amount in excess of earnout threshold in the amount of \$823,298. The maximum remaining potential

Edgar Filing: DEER VALLEY CORP - Form 424B3

accrual under the Earnout Agreement is \$4,680,295.

ITEM 3. CONTROLS AND PROCEDURES

EVALUATION OF DISCLOSURE CONTROLS AND PROCEDURES

The Company's Chief Executive Officer and Chief Financial Officer has evaluated the effectiveness of the Company's disclosure controls and procedures (as defined in Rules 13a-15(e) and 15d-15(e) under the Exchange Act) as of the fiscal period ending July 1, 2006 covered by this Report on Form 10-QSB. Based upon such evaluation, the Chief Executive Officer and Chief Financial Officer has concluded that, as of the end of such period, the Company's disclosure controls and procedures were not effective as required under Rules 13a-15(e) and 15d-15(e) under the Exchange Act. This conclusion by the Company's Chief Executive Officer and Chief Financial Officer does not relate to reporting periods after July 1, 2006 or to the controls and procedures in place at the Company's subsidiary.

Several individuals were recently elected to the Board of Directors of the Company. It is anticipated that the new Board of Directors will establish various committees, including an audit committee. In addition, the Company's Chief Executive and Chief Financial Officer is devoting considerable effort to continue to develop and implement a system of disclosure controls and procedures to ensure that information required to be disclosed in our reports filed under the Securities Exchange Act of 1934 is accumulated and communicated to management and its officers, as appropriate, to allow timely decisions regarding required disclosure.

10

CHANGES IN INTERNAL CONTROLS OVER FINANCIAL REPORTING

Beginning after the year ending December 31, 2007, Section 404 of the Sarbanes-Oxley Act of 2002 will require us to include management's report on our internal control over financial reporting in our Annual Report on Form 10-K. The internal control report must contain (1) a statement of management's responsibility for establishing and maintaining adequate internal control over our financial reporting, (2) a statement identifying the framework used by management to conduct the required evaluation of the effectiveness of our internal control over financial reporting, (3) management's assessment of the effectiveness of our internal control over financial reporting as of the end of our most recent fiscal year, including a statement as to whether or not our internal control over financial reporting is effective, and (4) a statement that our registered independent public accounting firm has issued an attestation report on management's assessment of our internal control over financial reporting.

In order to achieve compliance with Section 404 within the prescribed period, management is planning to commence a Section 404 compliance project to assess the adequacy of our internal control over financial reporting, remediate any control deficiencies that may be identified, validate through testing that controls are functioning as documented, and implement a continuous reporting and improvement process for internal control over financial reporting. Except as described above, during the second quarter of fiscal year 2006, there have been no changes in our internal control over financial reporting that have materially affected, or are reasonably likely to materially affect our internal control over financial reporting.

INHERENT LIMITATIONS OF THE EFFECTIVENESS OF INTERNAL CONTROL

A control system, no matter how well conceived and operated, can provide

Edgar Filing: DEER VALLEY CORP - Form 424B3

only reasonable, not absolute, assurance that the objectives of the internal control system are met. Because of the inherent limitations of any internal control system, no evaluation of controls can provide absolute assurance that all control issues within a company, if any, have been detected.

PART II OTHER INFORMATION

ITEM 1. LEGAL PROCEEDINGS

Although the Company in the normal course of business is subject to claims and litigation, the Company is not a party to any material legal proceeding nor is the Company aware of any circumstance which may reasonably lead a third party to initiate legal proceeding against the Company.

As of the date of this filing, there are no material pending legal or governmental proceedings relating to our Company or properties to which we are a party, and to our knowledge there are no material proceedings to which any of our directors, executive officers, or affiliates are a party adverse to us or which have a material interest adverse to us.

ITEM 2. UNREGISTERED SALES OF EQUITY SECURITIES AND USE OF PROCEEDS

Unregistered Sales of Equity Securities

Other than the sales reported on Form 8-K, there were no unregistered sales of equity securities.

Issuer Purchases of Equity Securities

The Company did not repurchase any equity securities during the fiscal quarter ended July 1, 2006.

ITEM 3. DEFAULTS UPON SENIOR SECURITIES

On July 22, 2006, aggregate accrued dividends of approximately \$241,782 became due and payable on the Company's issued and outstanding Series A Preferred Stock. As of the date of this filing, the Company has not paid the dividends due on July 22, 2006. Such dividends are payable by the Company in cash or with registered common stock.

ITEM 4. SUBMISSION OF MATTERS TO A VOTE OF SECURITY HOLDERS

On July 24, 2006 at 2:00 p.m., Eastern Daylight Savings Time, at the Company's offices, located at 4902 Eisenhower Blvd., Suite 185, Tampa, Florida 33634, the Company held a Special Meeting of Stockholders not in lieu of an annual meeting, (the "Meeting"), which had previously been announced by the Company's Definitive Information Statement on Schedule 14C, filed with the

11

United States Securities and Exchange Commission on June 27, 2006 and mailed to shareholders on June 30, 2006 (the "Information Statement"). At the Meeting, the following actions were taken as previously reported in the Company's Current Report on Form 8-K, filed with the United States Securities and Exchange Commission ("SEC") on July 28, 2006:

1. The election of each of Hans Beyer, John Giordano, and Dale Phillips as directors to serve until the next annual meeting of the shareholders in the years in which their terms expire and until their successors are elected and qualified, or until their earlier resignation, removal from office, or death;

Edgar Filing: DEER VALLEY CORP - Form 424B3

2. The approval of an amendment to the Company's Certificate of Incorporation to increase the authorized preferred stock, par value \$0.01 per share, of the Company from 1,140,000 shares to 10,000,000 shares;
3. The approval of an amendment to the Company's Certificate of Incorporation to increase the authorized common stock, par value \$0.001 per share, of the Company from 2,000,000 shares to 100,000,000 shares;
4. The approval of an amendment to the Company's Certificate of Incorporation to change the name of the Company from Cytation Corporation to Deer Valley Corporation.; and
5. The approval of a merger with a Florida corporation, solely for purposes of establishing the Company's domicile in Florida.

In addition, the term of office of Charles G. Masters continued after the Meeting.

Votes cast in the election of directors were as follows:

Name of Nominee	Number of Votes Cast For	Number of Votes Withheld
Hans Beyer	4,772,300	0
John Giordano	4,772,300	0
Dale Phillips	4,772,300	0

None of the brokers for the 692 shareholders who held in street name as of the record date indicated that they had received voting instructions. There were no abstentions.

Vote totals for the remaining actions were identical to one another. Therefore, only one table presenting results for all of the remaining actions follows:

Number of Votes Cast For	Number of Votes Cast Against	Number of Votes Withheld
4,772,300	0	0

None of the brokers for the 692 shareholders who held in street name as of the record date indicated that they had received voting instructions. There were no abstentions.
