RECENT EVENTS

As of July 2006, Iusacell's subscribers will now have international data service for easy access to mobile applications as a result of Iusacell's entering into a new agreement with Sprint of the USA. The Sprint data roaming agreement for coverage in North America is part of the international expansion of Iusacell in 2006.

Iusacell is extending the network coverage for its clients through data roaming agreements. Under the terms of this agreement, our users will be able to have easy access to email, Internet and corporative applications in the United States using selected cellular telephones, intelligent devices and broadband mobile cards as if they were connected to the local network of Iusacell.

3

SECOND QUARTER RESULTS

REVENUES

Net revenues in the second quarter of 2006 increased by 27% to Ps \$1,852 million, as compared to Ps \$1,460 million during the same period 2005. The increase is primarily a result of growth in postpaid revenues as well as higher revenues from value added services mainly attributable to an increase in the subscriber base. Grupo Iusacell ended the second quarter of 2006 with 2.0 million subscribers.

COST AND EXPENSES

During the second quarter of 2006, total cost, increased by 46% to Ps \$1,115 million as compared to Ps \$763 million in the second quarter 2005. Operating expenses increased by 12% to Ps \$437 million, as compared to Ps \$389 million in the same period 2005.

The increase in the total cost during the second quarter 2006 mainly reflects the increase in: (i) handset subsidy, (ii) the costs related to value added services and interconnection costs as a result of the increase in air time traffic and subscribers, (iii) technical expenses, and (iv) concessions rights.

The increase in operating expenses during the second quarter 2006 mainly reflects an increase in administrative expenses owing to the creation of regional sales and customer care structures, offset by the reduction in advertising expenses.

OPERATING INCOME BEFORE DEPRECIATION AND AMORTIZATION

Iusacell's operating income before depreciation and amortization for the second quarter of 2006 was Ps \$300 million, a decrease of 3% as compared to Ps \$308 million during the same period the year before.

NET INCOME

Iusacell registered a net loss of Ps \$867 million for the second

Edgar Filing: GRUPO IUSACELL SA DE CV - Form 6-K

quarter of 2006, compared to a net loss of Ps \$34 million during the same period in 2005. This loss is mainly a result of an increase in integral financing costs affected mainly by the exchange loss derived from the increase in exchange rates of the peso against the dollar.

CAPEX

During the second quarter of 2006, the Company made investments of approximately US \$17 million, mainly for the acquisition of cellular equipment related to the expansion of coverage and capacity of Iusacell's 3-G network and EV-DO services (Evolution Data Only).

DEBT

The Company continues with its debt restructuring process as announced through various press releases to date. In this respect and in furtherance of the debt restructuring process, the Company has commenced various proceedings for the legal implementation of the agreements reached with majority of its creditors, which we expect to be accomplished shortly.
