Item 8.01 Other Events.

Holly Energy Partners, L.P. (the “Partnership”) is providing corrected affiliate terminal and loading rack volumes for its quarterly periods ending March 31, 2015 and March 31, 2016, and fiscal year ending December 31, 2015. For the avoidance of doubt, this Current Report on Form 8-K is not being filed to correct any error or omission in any financial statements previously filed.

On March 6, 2015, the Partnership completed the acquisition of an existing crude tank farm adjacent to HollyFrontier Corporation’s El Dorado Refinery (the “El Dorado Tanks”) from an unrelated third party. The terminal volumes from the El Dorado Tanks after their acquisition were inadvertently not included in the aggregate affiliate terminal and loading rack volumes and the total volumes for pipelines and terminal assets included in the Partnership’s “Management’s Discussion and Analysis of Financial Condition and Results of Operations” in the Partnership’s Form 10-Qs filed in 2015, and in the Partnership’s Form 10-K for the fiscal year ended December 31, 2015. The volumes from the El Dorado Tanks were included but were incorrectly recorded in the Partnership’s Form 10-Q for the quarterly period ended March 31, 2016. As a result, the Partnership is providing corrected affiliate terminal and loading rack volumes to properly include the volumes attributable to the El Dorado Tanks for its quarterly periods ending March 31, 2015 and March 31, 2016, and its fiscal year ending December 31, 2015, attached hereto as Exhibit 99.1.
