RELEASE

Portugal Telecom informs about tender in Namibia

Lisbon, Portugal, 24 March 2006 Portugal Telecom informs that it has been selected by Namibia Post & Telecommunications (NPT) to the final stage of the acquisition of a 34% stake in Mobile Telecommunications Limited, currently the only mobile telecommunications operator in Namibia.

Following this decision, negotiations will be initiated over the transaction documentation required to execute the eventual acquisition of the referred stake, which is still subject to final agreement between PT and NPT, including in relation to the respective terms and conditions of the share purchase agreement and the shareholders agreement, and to the approval by the relevant regulatory authorities.

This information is also available on PT's IR website <http://ir.telecom.pt>.

FORWARD-LOOKING STATEMENTS

This press release may contain forward-looking statements. These statements are statements that are not historical facts, and are based on management's current view and estimates of future economic circumstances, industry conditions, company performance and financial results. The words "anticipates", "believes", "estimates", "expects", "plans" and similar expressions, as they relate to the company, are intended to identify forward-looking statements. Statements regarding the declaration or payment of dividends, the implementation of principal operating and financing strategies and capital expenditure plans, the direction of future operations and the factors or trends affecting financial condition, liquidity or results of operations are examples of forward-looking statements. Such statements reflect the current views of management and are subject to a number of risks and uncertainties. There is no guarantee that the expected events, trends or results will actually occur. The statements are based on many assumptions and factors, including general economic and market conditions, industry conditions, and operating factors. Any changes in such assumptions or factors could cause actual results to differ materially from current expectations.
