#### Item 7.01 Regulation FD Disclosure.

On August 2, 2006, The Williams Companies, Inc. ("Williams") announced that it will record a nonrecurring, after-tax charge of approximately \$54 million in the second quarter of 2006 as a result of jury verdicts returned earlier this week against two of its subsidiaries.

The verdicts were returned in civil litigation that Williams has disclosed previously in its filings with the Securities and Exchange Commission.

The amount of the 2006 second quarter pre-tax charge represents Williams' estimate of the potential future exposure for actual damages of \$68 million and potential pre-judgment interest of approximately \$20 million.

It is reasonably possible that any ultimate judgment may include approximately \$185 million in excess of the 2006 second quarter charge. The latter amount represents Williams' estimate of potential punitive damage exposure under Texas law.

The jury verdicts are subject to trial and appellate court review. Entry of a judgment in the trial court is expected later in the third or fourth quarter of 2006. If the trial court enters a judgment consistent with the jury's verdicts against the company's subsidiaries, Williams indicated that it would seek a reversal through appeal.

A copy of Williams' press release publicly reporting the jury verdicts is furnished herewith as Exhibit 99.1 and is incorporated herein.

The press release is being furnished pursuant to Item 7.01, Regulation FD Disclosure. The information furnished is not deemed "filed" for purposes of Section 18 of the Securities Exchange Act of 1934, as amended, is not subject to the liabilities of that section and is not deemed incorporated by reference in any filing under the Securities Act of 1933, as amended.
