Item 8.01 Other Events.

On December 10, 2014, Ormat Technologies, Inc. (the "Company") publicly announced that in connection with the pending transaction to acquire Ormat Industries Ltd., an Israeli corporation which currently owns approximately 59.75% of the Company's outstanding common stock ("Parent"), the Company's board of directors approved a decision to list its shares on two international stock exchanges, in addition to its current listing on the New York Stock Exchange (NYSE), one of which will be the Tel Aviv Stock Exchange ("TASE").

On February 5, 2015, the TASE approved the listing of the Company's common stock on the TASE beginning on February 10, 2015. The Company's common stock will thereafter be listed on both the NYSE in the United States and the TASE in Israel.

The Company will remain subject to the rules and regulations of the NYSE and of the U.S. Securities and Exchange Commission ("SEC"). Under the local regime for dual listing, U.S.-listed companies, such as the Company, may dual-list on the TASE without additional regulatory requirements, using the same periodic reports, financial and other relevant disclosure information that they submit to the SEC and NYSE. However, as a result of the local regime requirements, the Company has undertaken, as part of the TASE listing, not to issue preferred stock for as long as its shares of common stock are listed on the TASE.

TASE links to the U.S. markets via a direct link to DTC, a subsidiary of the Depository Trust & Clearing Corporation, which facilitates the trading of dually-listed securities.
