State below in reasonable detail why Forms 10-K, 20-F, 11-K, 10-Q, 10-D, N-SAR, N-CSR, or the transition report or portion thereof, could not be filed within the prescribed time period.

Eagle Bulk Shipping Inc. (the "Company") is filing this Notification of Late Filing on Form 12b-25 with respect to its Annual Report on Form 10-K for the year ended December 31, 2015 (the "Form 10-K"). As previously disclosed in its recent Current Reports on Form 8-K filed with the Securities and Exchange Commission (the "SEC"), including the Company's Current Report on Form 8-K filed on March 9, 2016, the Company, certain of its shareholders, and the Company's lenders under its secured loan agreement have been engaged in discussions concerning financing alternatives to enhance the Company's liquidity. The Company continues to engage in such discussions with the aim of reaching an agreement to address the Company's liquidity in the near term. There can be no assurance that any refinancing or restructuring transaction will occur or, if any transaction occurs, that it will ultimately be successful, or that the Company's effort to address its liquidity will be achieved. Because the Company's management team and other finance and accounting personnel have devoted substantial attention to addressing the Company's liquidity position, including in connection with the above described discussions and the evaluation of various financing alternatives, the Company has not finalized its financial statements as of and for the year ended December 31, 2015, and will not be able to timely prepare and file the Form 10-K within the prescribed time period, without unreasonable effort or expense

Edgar Filing: Eagle Bulk Shipping Inc. - Form NT 10-K

The Company expects to file its Form 10-K with the SEC no later than the fifteenth calendar day following the prescribed due date, as permitted by Rule 12b-25 under the Securities Exchange Act of 1934, as amended (the "Exchange Act").

If the Company does not consummate a refinancing or restructuring transaction to enhance its liquidity before the issuance of the Company's audited financial statements as of and for the year ended December 31, 2015, and the filing of the Form 10-K, the Company believes that there would be substantial doubt about its ability to continue as a going concern. Further the Company believes that its independent registered public accounting firm will be required to issue an audit report that would contain an explanatory paragraph regarding the Company's ability to continue as a going concern. The inclusion of an audit opinion from the Company's independent registered public accounting firm with a going concern explanatory paragraph delivered in connection with the Company's financial statements would constitute an event of default under the Company's secured loan agreement.

PART IV – OTHER INFORMATION

Have all other periodic reports required under Section 13 or 15(d) of the Securities Exchange Act of 1934 or (2) Section 30 of the Investment Company Act of 1940 during the preceding 12 months or for such shorter period that the registrant was required to file such report(s) been filed? If the answer is no, identify report(s).

☒ Yes ☐ No

(3) Is it anticipated that any significant change in results of operations from the corresponding period for the last fiscal year will be reflected by the earnings statements to be included in the subject report or portion thereof?

☒ Yes ☐ No

If so, attach an explanation of the anticipated change, both narratively and quantitatively, and, if appropriate, state the reasons why a reasonable estimate of the results cannot be made.

The Company expects to report revenues, net of commissions of approximately \$102 million for the year ended December 31, 2015, compared to revenues, net of commissions of \$31.1 million for the Successor period from October 16, 2014 to December 31, 2014 and revenues, net of commissions of \$123.2 million for the Predecessor period from January 1, 2014 to October 15, 2014. The Company also expects to report an operating loss (before taking into account any impairment charges) of approximately \$84 million compared to an operating loss of \$8.3 million for the Successor period from October 16, 2014 to December 31, 2014 and an operating loss of \$43.3 million for the Predecessor period from January 1, 2014 to October 15, 2014. The decrease in revenues and increase in operating losses were primarily due to lower charter rates earned by our fleet in 2015. In addition, the Company is currently evaluating the carrying amounts of its vessels and whether any of its vessels are impaired under ASC 360, *Property, Plant and Equipment*. The operating loss for the year ended December 31, 2015 will be impacted by recorded impairment charges if any, which accordingly will result in an increase in operating loss for the year ended December 31, 2015.

References to “Predecessor” refer to the Company between the period January 1, 2014 and October 15, 2014. References to “Successor” refer to the Company after October 16, 2014.

This unaudited financial information is preliminary based upon estimates and currently available information, does not reflect subsequent events and final adjustments and is subject to completion of the Company’s financial closing procedures and an audit of the Company’s financial statements. The financial information presented above does not constitute a comprehensive statement of the Company’s financial results for the year ended December 31, 2015, and the Company’s final results may differ from these estimates. The Company’s independent registered public accounting firm has not audited or reviewed, and does not express an opinion with respect to, this information.

We disclaim any intent or obligation to update publicly any forward-looking statements, whether as a result of new information, future events or otherwise, except as may be required under applicable securities laws.
