Item 8.01. Other Events.

On December 19, 2015, Zoetis signed an asset purchase agreement (the “Agreement”) with Huvepharma, a European animal health company, for the divestment by Zoetis of two manufacturing sites in the United States: Laurinburg, North Carolina, and Longmont, Colorado. Pursuant to the Agreement, Huvepharma will also assume the assets and operations and, subject to approval from the lessor, the lease of a Zoetis manufacturing and distribution site in Van Buren, Arkansas. Zoetis employees at all three sites will transfer to Huvepharma. The Agreement also provides for the divestment by Zoetis of a portfolio of products, most of which are associated with the Laurinburg, Longmont and Van Buren sites. These products include medicated feed additives, water soluble therapeutics and nutritional supplements for livestock sold in the United States and international markets.

Under the Agreement, Zoetis will receive \$40 million in cash and additional considerations. The transaction is not material to Zoetis Inc.

This transaction is an element of the Zoetis operational efficiency program announced on May 5, 2015, which is focused on reducing complexity, optimizing resource allocation and positioning the company for long-term profitable growth. The manufacturing sites to be divested under the Agreement are among those Zoetis expects to sell or exit as part of the efficiency program. The products to be divested under the Agreement represent a portion of the lower-revenue, lower-margin product stock keeping units that Zoetis expects to eliminate to help improve profitability and enhance the reliability and efficiency of the Zoetis supply network.

Zoetis expects to complete the transaction in the first quarter of 2016.
