(Mark one)

ANNUAL REPORT PURSUANT TO SECTION 13 OR 15(d) OF THE SECURITIES EXCHANGE ACT OF 1934

For the fiscal year ended September 30, 2018

TRANSITION REPORT UNDER SECTION 13 OR 15 (d) OF THE SECURITIES EXCHANGE ACT OF 1934

For the Transition period from _____ to _____

Commission File Number: 001-33937

Live Ventures Incorporated

(Exact Name of Registrant as Specified in Its Charter)

Nevada

(State or Other Jurisdiction of Incorporation or Organization)

85-0206668

(IRS Employer Identification No.)

325 E Warm Springs Road, Suite 102, Las Vegas, Nevada 89119

Edgar Filing: LIVE VENTURES Inc - Form 10-K

(Address of principal executive offices)

(Zip Code)

Registrant's telephone number, including area code: **(702) 997-5968**

Securities registered under Section 12(b) of the Exchange Act: None

Securities registered under Section 12(g) of the Exchange Act:

Common Stock, \$.001 Par Value

(Title of Class)

Indicate by check mark if the registrant is a well-known seasoned issuer, as defined in Rule 405 of the Securities Act.
Yes No

Indicate by check mark if the registrant is not required to file reports pursuant to Section 13 or Section 15(d) of the Act. Yes No

Indicate by check mark whether the registrant: (1) has filed all reports required to be filed by Section 13 or 15(d) of the Securities Exchange Act of 1934 during the preceding 12 months (or for such shorter period that the registrant was required to file such reports), and (2) has been subject to such filing requirements for the past 90 days. Yes No

Indicate by check mark whether the registrant has submitted electronically every Interactive Data File required to be submitted pursuant to Rule 405 of Regulation S-T during the preceding 12 months (or for such shorter period that the registrant was required to submit such files). Yes No

Indicate by check mark if disclosure of delinquent filers pursuant to Item 405 of Regulation S-K is not contained herein, and will not be contained, to the best of registrant's knowledge, in definitive proxy or information statements incorporated by reference in Part III of this Form 10-K or any amendment to this Form 10-K

Indicate by check mark whether the registrant is a large accelerated filer, an accelerated filer, a non-accelerated filer, smaller reporting company, or an emerging growth company. See the definitions of "large accelerated filer," "accelerated

Edgar Filing: LIVE VENTURES Inc - Form 10-K

filer,” “smaller reporting company,” and “emerging growth company” in Rule 12b-2 of the Exchange Act.

Large accelerated filer Accelerated filer
Non-accelerated filer Smaller reporting company
Emerging growth company

If any emerging growth company, indicate by check mark if the registrant has elected not to use the extended transition period for complying with any new or revised financial accounting standards pursuant to Section 13(a) of the Exchange Act.

Indicate by check mark whether the registrant is a shell company (as defined in Rule 12b-2 of the Exchange Act).
Yes No

The aggregate market value of the registrant’s common stock held by non-affiliates computed based on the closing sales price of such stock on March 30, 2018 was \$11,845,020.

The number of shares outstanding of the registrant’s common stock, as of December 15, 2018, was 1,945,247 shares.

As used in this Annual Report on Form 10-K (this "Form 10-K"), unless otherwise stated or the context otherwise requires, references to "we," "us," "our," the "Company," "Live Ventures" and similar references refer collectively to Live Ventures Incorporated and its subsidiaries.

Forward-Looking Statements

This Form 10-K contains “forward-looking statements” within the meaning of the federal securities laws, which involve risks and uncertainties. You can identify forward-looking statements because they contain words such as “believes,” “expects,” “may,” “will,” “should,” “seeks,” “approximately,” “intends,” “plans,” “estimates” or “anticipates” or similar words or phrases that concern our strategy, plans or intentions. Any statements we make relating to our future operations, performance and results, and anticipated liquidity are forward-looking statements. All forward-looking statements are subject to risks and uncertainties that may change at any time, and, therefore, our actual results may differ materially from those we expected. We derive most of our forward-looking statements from our operating budgets and forecasts, which are based upon many detailed assumptions. While we believe that our assumptions are reasonable, we caution that it is very difficult to predict the impact of known factors, and, of course, it is impossible for us to anticipate all factors that could affect our actual results.

Important factors that could cause actual results to differ materially from our expectations, including, without limitation, in conjunction with the forward-looking statements included in this Form 10-K are disclosed in Item 1-Business, Item 1A – Risk Factors and Item 7 - Management’s Discussion and Analysis of Financial Condition and Results of Operations. Some of the factors that we believe could affect our results include:

- competitive and cyclical factors relating to the floor covering and retail industries;
- dependence of some of Marquis’ business on key customers;
- requirements of capital;
- requirements of our lenders;
- availability of raw materials;
- changes in import tariffs;
- product liabilities in excess of insurance;
- our ability to continue to make acquisitions and to successfully integrate and operate acquired businesses;

Edgar Filing: LIVE VENTURES Inc - Form 10-K

- risks of downturns in general economic conditions and in the floor covering and retail industries that could affect our business segments;
- technological developments;
- our ability to attract and retain key personnel;
- changes in governmental regulation and oversight;
 - domestic or international hostilities and terrorism; and
- the future trading prices of our common stock.

We caution you that the foregoing list of important factors may not contain all of the material factors that are important to you. In addition, in light of these risks and uncertainties, the matters referred to in the forward-looking statements contained in this Form 10-K may not in fact occur. We undertake no obligation to publicly update or revise any forward-looking statement as a result of new information, future events or otherwise, except as otherwise required by law.

Any information contained on our website (www.liveventures.com) or any other websites referenced in this Form 10-K are not a part of this Form 10-K.

PART I

ITEM 1. Business

Our Company

Live Ventures Incorporated, a Nevada corporation originally incorporated in the State of New Mexico in 1968 as Nuclear Corporation of New Mexico, is a publicly traded (NASDAQ: LIVE) holding company for diversified businesses. In fiscal year 2015 we commenced a strategic shift in our business plan away from solely providing online marketing solutions for small and medium business to acquiring profitable companies in various industries that have demonstrated a strong history of earnings power.

Under the Live Ventures brand, we seek opportunities to acquire profitable and well-managed companies. We work closely with third parties to help us identify target companies that fit within the criteria we have established for opportunities.

Products and Services

Manufacturing Segment

Marquis Industries, Inc.

Marquis Industries, Inc. (“Marquis”) is a leading carpet manufacturer and a manufacturer of innovative yarn products, as well as a reseller of hard surface flooring products. Over the last decade, Marquis has been an innovator and leader in the value-oriented polyester carpet sector. We focus on the residential, niche commercial, and hospitality end-markets and serve over 2,000 customers.

Since commencing operations in 1995, Marquis has built a strong reputation for outstanding value, styling, and customer service. Its innovation has yielded products and technologies that differentiate its brands in the flooring

marketplace. Marquis’s state-of-the-art operations enable high quality products, unique customization, and exceptionally short lead-times. Through its A-O Division, Marquis utilizes its state-of-the-art yarn extrusion capacity to market monofilament textured yarn products to the artificial turf industry. On December 21, 2018, Marquis sold its A-O division to a third party for approximately \$5.5 million in cash plus \$0.10 per pound of nylon sold by the purchaser during the 36 month period immediately following the closing of such sale. See “Item 9B – Other Information.”

At September 30, 2018, Marquis operated its business through 13 divisions, each specializing in a distinct area of the business. Marquis’ flooring source division is the largest of all of the operating divisions, with sales to over 2,000 carpet dealers. The following is a breakdown of each division and the specialized products sold:

Division	Products and/or Services
Marquis Industries	All forms of carpets to dealers
Marquis Carpet	Carpet products to home centers
Marquis Hard Surfaces	Hard surface products manufactured by third parties to dealers
A-O Industries	Monofilament nylon, polypropylene and polyethylene yarns for the outdoor turf industry
Omega Pattern Works	Specialty printed carpet to the entertainment industry (bowling alleys, fun centers, movie theaters, casinos)
Astro Carpet Mills	Specialty printed carpet to the entertainment industry and artificial turf
Artisans Hospitality	Carpets to commercial and hospitality markets
Artisans Carpet	Carpets to carpet distributors
Dalton Carpet Depot	Sells specials and off grade carpet products to dealers
M&M Fibers	Extrusion carpet fiber division supplying raw material to Marquis
Quantum Textiles	Internal twisting and heat set yarn plant – some commission work for local mills
B&H Tufters	Internal tufting operations
Constellation Industries	Contract commission printing

Products

Carpets & Rugs

Marquis produces innovative commercial products for the carpet industry. Marquis has 26 running line styles offering outstanding quality and value. It also offers special value in polyester styles and residential nylon roll buy. Marquis products feature high twist yarns produced with ultra-soft fibers and are designed to perform for active families.

Marquis's specialty print divisions offer printed patterned carpet designed for commercial applications. Patterns are tailored to a variety of end uses from fun centers, movies theatres, hotels, casinos and corporate. All products are printed on high performance nylon and are soil and stain resistant.

Hard Surfaces

The Marquis Hard Surface product lineup includes products designed for both residential and commercial end uses. Marquis's product offering has remained on the cutting edge of this rapidly evolving segment of the flooring industry and will continue to be an innovator in new technology and design. The 16 running line products currently offered include dry back and click luxury vinyl plank along with WPC and SPC rigid core tile and plank. In addition, Marquis Hard Surfaces also features hundreds of rolls of vinyl specials at promotional prices.

Yarns

Through its A-O Division, Marquis uses state-of-the-art yarn extrusion capacity to market monofilament textured yarn products to the artificial turf industry. As described above, the A-O Division was sold to a third party on December 21, 2018.

Industry and Market

Marquis is an integrated carpet manufacturer, seller of hard surface products and manufacturer of nylon and polypropylene monofilament turf yarn within a fragmented industry composed of a wide variety of companies from small privately held firms to large multinationals. In 2017, the U.S. floor covering industry had an estimated \$25.5 billion in sales.

Floor covering sales are influenced by the homeowner remodeling and residential builder markets, existing home sales and housing starts, average house size and home ownership. In addition, the level of sales in the floor covering industry is influenced by consumer confidence, spending for durable goods, the condition of residential and commercial construction, and overall strength of the economy.

Our Market

Carpet and Rugs

The carpet and rug industry had shipments of \$11.8 billion in 2017. The carpet and rugs industry has two primary markets, residential and commercial, with the residential market making up the largest portion of the industry. The industry has two primary sub-markets, replacement and new construction, with the replacement market making up the larger portion of the sub-markets. Approximately 61% of industry shipments are made in response to residential replacement demand.

Residential products consist of broadloom carpets and rugs in a broad range of styles, colors and textures. Commercial products consist primarily of broadloom carpet and modular carpet tile for a variety of institutional applications including office buildings, restaurant chains, schools and other commercial establishments. The carpet industry also manufactures carpet for the automotive, recreational vehicle, small boat and other industries.

The Carpet and Rug Institute (the “CRI”) is the national trade association representing carpet and rug manufacturers. Information compiled by the CRI suggests that the domestic carpet and rug industry is comprised of fewer than 100 manufacturers, with a meaningful percentage of the industry's production concentrated in a limited number of manufacturers focused on the lower end of the price curve.

Hard Surfaces

Hard flooring surfaces such as ceramic, luxury vinyl tile, hardwood, stone, and laminate had shipments of \$13.9 billion in 2017. As with carpet and rugs, the market is split between residential and commercial and replacement and new construction, with residential replacement being the largest segment of the market.

Synthetic Turf

Northwest Georgia is also the home to a thriving synthetic turf industry, a relative of the carpet industry. Early versions of artificial turf, or fake grass, in domed and open-air sports stadiums used to be referred to as Astro Turf by the athletes who played upon the turf. Today, artificial turf is more akin to a manmade organism, with advanced underlay, cushioning, and drainage systems. AstroTurf, the granddaddy of artificial turf, is headquartered in Dalton, GA.

Other major turf players in Georgia include Challenger Industries, Controlled Products, Synthetic Turf Resources, Fieldturf, and Turf Store. Marquis, through its A-O Industries division, has developed significant yarn extrusion expertise and services the synthetic turf industry through the sale of highest quality yarns. As discussed above, Marquis sold its A-O Division to a third party on December 21, 2018.

Competition

The North American flooring industry is highly competitive with an increasing variety of product categories, shifting consumer preferences and pressures from imported products, particularly in the rug and hard surface categories. Marquis competes with other flooring manufacturers and resellers. Marquis is a fully integrated carpet mill, and, as a result, is able to produce carpet at the lowest cost possible for its target price point. Marquis is a one stop shop for soft and hard surface products, allowing its customers to save time and receive exceptional service. Marquis offers innovative products and has quick turnaround times turning a new product in two weeks from order to delivery. The principal methods of competition are service, quality, price, product innovation and technology. Marquis' lean operating structure plus investments in manufacturing equipment, computer systems and marketing strategy contribute to its ability to provide exceptional value on the basis of performance, quality, style and service, rather than just competing on price.

Raw Materials and Suppliers

Our principal suppliers include Honeywell, DAK, Syntec, Global Backing, and Mattex. We believe that we will have access to an adequate supply of raw material on satisfactory commercial terms for the foreseeable future. We are not dependent on any one supplier.

Customers

Marquis sells products to flooring dealers, home centers, other flooring manufacturers and directly to end users. Approximately 70% of sales are to a network of over 2,000 flooring dealers across several different end markets, geographies, and product lines. Management believes that the dealer market is the most profitable market for its products because it's a diversified customer base that values innovation, style, and service. Dealer networks typically allow Marquis to achieve higher margin, lower volume accounts. As a result, we are not dependent on any one customer to sustain our revenue.

Manufacturing

Marquis has a manufacturing facility with state-of-the-art equipment in all phases of its vertically integrated production, from extrusion of yarn to yarn processing to tufting carpet. Marquis manufactures high quality products and offer unique customization with exceptionally short lead-times. Marquis has recently invested in new, efficient equipment to expand its yarn extrusion capacity to enter new markets. The new equipment allows Marquis to reduce production costs and increase margins. Marquis has existing capacity to grow sales by 25% without additional investment.

Marketing

Marquis has a team of 29 full-time salespeople who deepen customer relationships throughout its markets.

Retail and Online Segment

Vintage Stock

On November 3, 2016, Live Ventures, through its wholly-owned subsidiary Vintage Stock Holdings LLC, acquired 100% of Vintage Stock, V-Stock, Movie Trading Company and Entertain Mart (collectively "Vintage Stock").

Vintage Stock is an award-winning specialty entertainment retailer with 59 storefronts across the Midwest and Southwest. Vintage Stock enjoys a wide customer base comprised of electronic entertainment enthusiasts, avid collectors, female gamers, children, seniors and more. Vintage Stock offers a large selection of entertainment products including new and pre-owned movies, video games and music products, as well as ancillary products such as books, comics, toys and collectibles all available in a single location. With its integrated buy-sell-trade business model, Vintage Stock buys, sells and trades new and pre-owned movies, music, video games, electronics and collectibles through 34 Vintage Stock, 3 V-Stock, 13 Movie Trading company and 9 EntertainMart retail locations strategically positioned across Texas, Idaho, Oklahoma, Kansas, Missouri, Colorado, Illinois, Arkansas, Utah, and New Mexico. Stores range in size from 3,000 square feet to as large as 46,000 square feet depending on market draw and population density. In addition to offering a wide array of products, Vintage Stock also offers services to customers, such as rentals, special orders, disc and video game hardware repair and more. Vintage Stock also sells new and used movies, video games and toys through <http://www.vintagestock.com>. Vintage Stock's "Cooler Than Cash" program rewards loyal customers. When Vintage Stock customers bring in items to sell, the customer has two options: (i) sell their pre-owned products for cash or (ii) opt for store credit and receive a fifty percent bonus.

Vintage Stock sources its products through purchasing and trade-ins from customers as well as through distributors, including Ingram Entertainment, Inc., Alliance Entertainment, Inc., Ingram Book Company, Inc., and Diamond Comics, Inc.

ApplianceSmart

At September 30, 2018, ApplianceSmart operated seventeen stores: six in the Minneapolis/St. Paul market; one in Rochester, Minnesota; four in the Columbus, Ohio market; four in the Atlanta, Georgia market; and two in the San Antonio, Texas market. ApplianceSmart is a major household appliance retailer with two product categories: one consisting of typical and commonly available, innovative appliances, and the other consisting of affordable value-priced, niche offerings such as close-outs, factory overruns, discontinued models, and special-buy appliances, including open box merchandise and others. One example of a special-buy appliance may be due to manufacturer product redesign, in which a current model is updated to include a few new features and is then assigned a new model number. Because the major manufacturers—primarily Whirlpool, General Electric, and Electrolux—ship only the latest models to retailers, a large quantity of the previous models often remain in the manufacturers' inventories. Special-buy appliances typically are not integrated into the manufacturers' normal distribution channels and require a different method of management, which we provide. For many years, manufacturers relied on small appliance dealers to buy these specialty products to sell in their stores. However, today small retailers are struggling to compete with large appliance chains as the ten largest retailers of major appliances account for more than 85% of the sales volume. At the same time, expansion of big-box retailers that sell appliances has created an increase in the number of special-buy units, further straining the traditional outlet system for these appliances. Because these special-buy appliances have value, manufacturers and retailers need an efficient management system to recover their worth.

ApplianceSmart has entered into contracts for purchasing appliances that it sells in ApplianceSmart stores and in its commercial contracts. These contracts and arrangements are with the following five major manufacturers:

1. Electrolux
2. GE Appliances
3. LG
4. Samsung
5. Whirlpool

There are no guarantees on the number of units any of the manufacturers will sell us. However, we believe purchases from these manufacturers will provide an adequate supply of high-quality appliances for our ApplianceSmart stores and our commercial division.

Key components of our current agreements include:

1. We have no guarantees for the number or type of appliances that we purchase.
2. The agreements may be terminated by either party with 30 days' prior written notice.
3. We have agreed to indemnify certain manufacturers for certain claims, allegations or losses concerning the appliances we sell.

LiveDeal.com

In September 2013, we launched LiveDeal.com. LiveDeal.com is a real-time “deal engine” connecting restaurants with consumers. LiveDeal.com provides marketing solutions to restaurants to boost customer awareness and merchant visibility on the Internet. Restaurants can sign up to use the LiveDeal platform at our website.

Highlights of LiveDeal.com include:

an intuitive interface enabling restaurants to create limited-time offers and publish them immediately, or on a preset schedule that is fully customizable;

state-of-the-art scheduling technology giving restaurants the freedom to choose the days, times and duration of the offers, enabling them to create offers that entice consumers to visit their establishment during their slower periods;

We were best known for migrating print yellow pages to the Internet in 1994 and began to develop the model for LiveDeal.com after having worked closely with well-known publishers in the daily deal market.

Marketing

Vintage Stock. Vintage Stock markets its stores primarily via social media apps including but not limited to individual store & corporate Facebook and Twitter accounts. We have approximately 380,000 customer list for weekly distribution of our digital new release catalog and promotion of online and brick and mortar sales and coupons. In early 2018, Vintage Stock started converting accounts to mobile numbers to better engage its customers with offers and sales. Vintage Stock also uses guerrilla marketing by partnering and setting up booths with movie theaters for blockbuster releases, various trade fairs, and school donations.

ApplianceSmart. Our ApplianceSmart concept includes establishing large showrooms in metropolitan locations where we offer consumers a selection of hundreds of appliances at each of our stores. Our visual branding consists of ample display of product, manufacturers’ signage and custom-designed ApplianceSmart materials. We advertise our stores through television, radio, print media, social media and direct mail. Through www.ApplianceSmart.com, consumers can also search our inventory and purchase appliances online.

LiveDeal.com. We are currently not investing any resources in *livedeal.com*.

Our Market

Vintage Stock. According to the Entertainment Software Association, today's video games provide rich, engaging entertainment for players across all platforms. The 2018 Essential Facts About the Computer and Video Game Industry Report (the "Video Game Industry Report") underscores how video games have evolved into a mass medium, noting that more than 150 million Americans play video games, and 64 percent of American households are home to at least one person who plays video games regularly, or at least three hours per week and 60 percent of Americans play video games daily. In addition, the Video Game Industry Report also stated that in 2016, the industry sold over 24.5 billion games and generated more than \$30.4 billion in revenue. Total game sales included purchases of digital content such as online subscriptions, downloadable content, mobile applications, and social networking games. Total consumer spending in the video game industry reached \$36 billion in 2017, representing an 18% rise over 2016's \$30.4 billion, per recent data released by the Entertainment Software Association (ESA) and The NPD Group. These figures include mobile spending data, provided by App Annie, which include paid downloads and in-game purchases for mobile and tablet devices through Apple's App Store and Google Play. Separately, two-thirds (66%) of Americans ages 13 and older self-identify as gamers, up from 58% in 2013, according to a Nielsen study. Gamers are spending an average of 11% of their leisure time with video games this year, a figure that has remained largely consistently over the past few years, per Nielsen's data.

ApplianceSmart. The U.S. major appliance industry is increasing, growing by 2.9% over the course of the last five years and is expected to reach \$19 billion in 2018, according to IBISWorld. The Company also believes that the market is undergoing a significant advancement of “smart” or “connected” appliances. According to Grand View Research, manufacturers are investing substantially in research and development in the connected appliance space. With integrated computer chip and screens in refrigerators, consumers can sync up grocery lists, recipes, and even play a Pandora playlist through their appliance. According to Statista, these so called “smart appliances” generated approximately \$887 million in 2016, which is a significant increase over 2011 (approximately \$105 million). According to Grand View Research, the two major distribution channels for consumers to purchase appliances are brick and mortar retail and ecommerce. Brick and mortar retail holds the majority share in revenue and the Company believes will continue to increase through 2025.

Competition

Vintage Stock. Our industry is intensely competitive and subject to rapid changes in consumer preferences and frequent new product introductions. Competition is based on the ability to adopt new technology, aggressive franchising, establishment of brand names and quality of collections. The markets where we have a presence do not have many establishments that sell video games. For example, 0.6% of total video game retailers are in Oklahoma. In addition, although many competitors have entered the rental industry with streaming online content, the lack of broadband throughout the United States, particularly in the Midwest, has protected retailers of movies. Six of the seven states where Vintage Stock operates are among the 10 states with the slowest internet speed. We compete with mass merchants and regional chains; computer product and consumer electronics stores; other video game and PC software specialty stores; toy retail chains; direct sales by software publishers; and online retailers and game rental companies. We have, however, established a presence in areas where we can take a greater portion of market share. Video game products are also distributed through other methods such as digital delivery. We also compete with sellers of pre-owned and value video game products. Additionally, we compete with other forms of entertainment activities, including casual and mobile games, movies, television, theater, sporting events and family entertainment centers.

ApplianceSmart. Our competition comes mainly from new-appliance and other special-buy retailers. Each ApplianceSmart store competes with local and national retail appliance chains, as well as with independently owned retailers. Many of these retailers have been in business longer than us and may have significantly greater assets. Many factors, including obtaining adequate resources to create and support the infrastructure required to operate large-scale appliance recycling and replacement programs, affect competition in the industry.

Intellectual Property

Our success will depend significantly on our ability to develop and maintain the proprietary aspects of our technology and operate without infringing upon the intellectual property rights of third parties. We currently rely primarily on a

combination of copyright, trade secret and trademark laws, confidentiality procedures, contractual provisions, and similar measures to protect our intellectual property.

We estimate that reliance upon trade secrets and unpatented proprietary know-how will continue to be our principal method of protecting our trade secrets and other proprietary technologies. While we have hired third-party contractors to help develop our proprietary software and to provide various fulfillment services, we generally own (or have permissive licenses for) the intellectual property provided by these contractors. Our proprietary software is not substantially dependent on any third-party software, although our software does utilize open source code. Notwithstanding the use of this open source code, we do not believe our usage requires public disclosure of our own source code nor do we believe the use of open source code will have a material impact on our business.

We register some of our product names, slogans and logos in the United States. In addition, we generally require our employees, contractors and many of those with whom we have business relationships to sign non-disclosure and confidentiality agreements. Neither intellectual property laws, contractual arrangements, nor any of the other steps we have taken to protect our intellectual property, can ensure that third parties will not exploit our technologies or develop similar technologies.

Our proprietary publishing system provides an advanced set of integrated tools for design, service, and modifications to support our mobile web app services. Our mobile web app builder software enables easy and efficient design, end user modification and administration, and includes a variety of other tools accessible by our team members.

Services Segment

We continue to generate revenue from servicing our existing customers under our legacy product offerings, primarily our InstantProfile® line of products and services. These services primarily consist of directory listing services. Because of the change in our business strategy and product lines, we no longer accept new customers under our legacy product and service offerings.

Corporate Offices

Our principal offices are located at 325 E. Warm Springs Road, Suite 102, Las Vegas, Nevada 89119, our telephone number is (702) 939-0231, and our corporate website (which does not form part of this Form 10-K) is located at www.liveventures.com.

Employees

As of September 30, 2018, we had 1,155 employees, of which 703 were full-time employees, in the United States, none of whom is covered by a collective bargaining agreement.

ITEM 1A. Risk Factors

The following are certain risks that could affect our business and our results of operations. The risks identified below are not all encompassing but should be considered in establishing an opinion of our future operations.

RISKS RELATING TO OUR COMPANY GENERALLY

Our results of operations could fluctuate due to factors outside of our control.

Our operating results have historically fluctuated significantly, and we could continue to experience fluctuations or revert to declining operating results due to factors that may or may not be within our control. Such factors include the following:

- fluctuating demand for our products and services, which may depend on a number of factors including:
- changes in economic conditions and the amount of consumers' discretionary spending,
- changes in technologies favored by consumers,
- customer refunds or cancellations, and
- our ability to continue to bill through existing means;

- market acceptance of new or enhanced versions of our services or products;
- new product offerings or price competition (or pricing changes) by us or our competitors;
- with respect to our retail and online segment, the opening of new stores by competitors in our markets;
- with respect to our manufacturing segment, changes in import tariffs;
- the amount and timing of expenditures for the acquisition of new businesses and the expansion of our operations, including the hiring of new employees, capital expenditures, and related costs (including wage cost increases due to historically low unemployment);
- technical difficulties or failures affecting our systems in general;
- the fixed nature of a significant amount of our operating expenses; and
- the ability of our check processing service providers to continue to process and provide billing information.

If we do not effectively manage our growth and business, our management, administrative, operational, and financial infrastructure and results of operations may be materially adversely affected.

We have expanded our business over the past few years through the acquisition of different businesses in different industries and we intend to continue to acquire additional businesses (and possibly in different industries) in the future. Significant expansion of our present operations will be required to capitalize on potential growth in market opportunities and will require us to add additional management personnel and continue to upgrade our financial and management systems and controls and information technology infrastructure. Any further expansion will also place a significant strain on our existing management, operational, and financial resources. In order to manage our growth, we will be required to continue to implement and improve our operational, marketing and financial systems, to expand existing operations, to attract and retain superior management and personnel, and to train, manage, and expand our employee base. There is no assurance that we will be able to expand our operations effectively, our systems, procedures and controls may be inadequate to support our expanded operations, and our management may fail to implement our business plan successfully.

We may not be able to secure additional capital to expand our existing operations.

Although we currently have no material long-term needs for capital expenditures at our existing operating subsidiaries, we will likely be required to make increased capital expenditures to fund our anticipated growth of operations, infrastructure, and personnel. In the future, we may need to seek additional capital through the issuance of debt (including convertible debt) or equity, depending upon our results of operations, market conditions, or unforeseen needs or opportunities. Our future liquidity and capital requirements will depend on numerous factors, including:

- the pace of expansion of our operations;
- our need to respond to competitive pressures; and
- future acquisitions of complementary products, technologies or businesses.

The sale of equity or convertible debt securities could result in additional dilution to existing stockholders. There is no assurance that any financing arrangements will be available in amounts or on terms acceptable to us, if at all.

We may be exposed to litigation, claims and other legal proceedings relating to our company as a whole or our individual products and services, which could have a material adverse effect on our business and/or our stock price.

In the ordinary course of business, we may be subject to a variety of legal proceedings, including those relating to product liability, product warranty, product recall, personal injury, intellectual property infringement, and other matters and/or claims relating to our Company, including securities class action matters. A very large claim or several similar claims asserted by a large class of plaintiffs could have a material adverse effect on our business and cause our stock price to decline, if we are unable to successfully defend against or resolve these matters or if its insurance coverage is insufficient to satisfy any judgments against us or settlements relating to these matters. Although we have product liability insurance, the policies may not provide coverage for certain claims against us or may not be sufficient to cover all possible liabilities. Further, we may not be able to maintain insurance at commercially acceptable premium levels. Moreover, adverse publicity arising from claims made against us, even if the claims are not successful, could adversely affect our reputation or the reputation and sales of our products and cause our stock price to decline.

If we do not introduce new or enhanced offerings to our customers, we may be unable to attract and retain those customers, which would significantly impede our ability to generate revenue.

Management actively evaluates and improves our marketing efforts and our product and service offerings, as well as contracts with new partners and hire and train personnel for management, sales, and fulfillment. Any new product offering is subject to certain risks, including customer acceptance, competition, product differentiation, challenges relating to economies of scale and the ability to attract and retain qualified personnel, including management and designers. Many of our contracts with third party vendors permit our partners to terminate the contract, with short or no prior notice, for convenience, as well as in the event we default under the terms of the contract for failing to meet our contractual obligations.

The development of new products involves considerable costs and any new product may not generate sufficient customer interest and sales to become a profitable brand or to cover the costs of its development and subsequent promotions. There can be no assurance that any of our businesses will be able to develop and grow our current offerings, or any other new offerings, to a point where the new offerings will become profitable or generate positive cash flow. We may modify or terminate our current product and services offerings if our management determines that they are not yielding or will not yield desired results.

Our product introductions and improvements, along with our other marketplace initiatives, are designed to capitalize on customer demands and trends. In order to be successful, we must anticipate and react to changes in these demands and trends, and to modify existing products or develop new products or processes to address them. Potential customers

may not subscribe to our current offerings or other online marketing products and services that we may offer in the future or may discontinue use if they find these products and services to be too costly, or ineffective for meeting their business needs than other methods of advertising and marketing. Our business, prospects, financial condition or results of operations will be materially and adversely affected if we do not execute our strategy or our products and services are not adopted by a sufficient number of customers.

We may not be able to adequately protect our intellectual property rights.

Our success depends both on our internally developed technology and licensed third-party technology. We rely on a variety of trademarks, service marks, and designs to promote our brand names and identity. We also rely on a combination of contractual provisions, confidentiality procedures, and trademark, copyright, trade secrecy, unfair competition, and other intellectual property laws to protect the proprietary aspects of our products and services. The steps we take to protect our intellectual property rights may not be adequate to protect our intellectual property and may not prevent our competitors from gaining access to our intellectual property and proprietary information. In addition, we cannot provide assurance that courts will always uphold our intellectual property rights or enforce the contractual arrangements that we have entered into to obtain and protect our proprietary technology.

Third parties, including our partners, contractors or employees, may infringe or misappropriate our copyrights, trademarks, service marks, trade dress, and other proprietary rights. Any such infringement or misappropriation could have a material adverse effect on our business, prospects, financial condition, and results of operations. We may be unable to prevent third parties from acquiring domain names that are similar to, infringe upon or otherwise decrease the value of our trademarks and other proprietary rights, which may result in the dilution of the brand identity of our services.

We may decide to initiate litigation in order to enforce our intellectual property rights or to determine the validity and scope of our proprietary rights. Any such litigation could result in substantial expense and may not adequately protect our intellectual property rights. In addition, we may be exposed to future litigation by third parties based on claims that our products or services infringe or misappropriate their intellectual property rights. Any such claim or litigation against us, whether or not successful, could result in substantial costs and harm our reputation. In addition, such claims or litigation could force us to do one or more of the following:

- cease selling or using any of our products and services that incorporate the subject intellectual property, which would adversely affect our revenue;

- attempt to obtain a license from the holder of the intellectual property right alleged to have been infringed or misappropriated, which license may not be available on reasonable terms; and

- attempt to redesign or, in the case of trademark claims, rename our products or services to avoid infringing or misappropriating the intellectual property rights of third parties, which may be costly and time-consuming.

Even if we were to prevail, such claims or litigation could be time-consuming and expensive to prosecute or defend, and could result in the diversion of our management's time and attention. These expenses and diversion of managerial resources could have a material adverse effect on our business, prospects, financial condition, and results of operations.

We may be subject to intellectual property claims that create uncertainty about ownership or use of technology essential to our business and divert our managerial and other resources.

Our success depends, in part, on our ability to operate without infringing the intellectual property rights of others. Third parties may, in the future, claim our current or future services, products, trademarks, technologies, business methods or processes infringe their intellectual property rights, or challenge the validity of our intellectual property rights. We may be subject to patent infringement claims or other intellectual property infringement claims that would be costly to defend and could limit our ability to use certain critical technologies or business methods. We may also

become subject to interference proceedings conducted in the patent and trademark offices of various countries to determine the priority of inventions.

The defense and prosecution, if necessary, of intellectual property suits, interference proceedings and related legal and administrative proceedings can become very costly and may divert our technical and management personnel from their normal responsibilities. We may not prevail in any of these suits or proceedings. An adverse determination of any litigation or defense proceedings could require us to pay substantial compensatory and exemplary damages, could restrain us from using critical technologies, business methods or processes, and could result in us losing, or not gaining, valuable intellectual property rights.

Furthermore, due to the voluminous amount of discovery frequently conducted in connection with intellectual property litigation, some of our confidential information could be disclosed to competitors during this type of litigation. In addition, public announcements of the results of hearings, motions or other interim proceedings or developments in the litigation could be perceived negatively by investors, and thus have an adverse effect on the trading price of our common stock.

We may be required to expand or upgrade our infrastructure.

Our ability to provide high-quality services largely depends upon the efficient and uninterrupted operation of our internal controls and computer and communications systems. We (or our third-party service providers) may be required to expand or upgrade our (or their) technology, infrastructure, fulfillment capabilities, or customer support capabilities in order to accommodate any significant growth in customers or to replace aging or faulty equipment or technologies. We (or they) may not be able to project accurately the rate or timing of increases, if any, in the use of our services or expand and upgrade our (or their) systems and infrastructure to accommodate these increases in a timely manner.

Any expansion of our (or our third-party service providers') infrastructure may require us (or them) to make significant upfront expenditures for servers, routers, computer equipment, and additional internet and intranet equipment, as well as to increase bandwidth for internet connectivity. Any such expansion or enhancement may cause system disruptions.

Our (or our third-party service providers') inability to expand or upgrade our technology, infrastructure, fulfillment capabilities, customer support capabilities, or equipment as required or without disruptions could impair the reputation of our brand and our services and diminish the attractiveness of our service offerings to our clients.

We depend upon third parties to provide certain services and software, and our business may suffer if the relationships upon which we depend fail to produce the expected benefits or are terminated.

We depend upon third-party software to operate certain of our services. The failure of this software to perform as expected could have a material adverse effect on our business. Additionally, although we believe that several alternative sources for this software are available, any failure to obtain and maintain the rights to use such software could have a material adverse effect on our business, prospects, financial condition, and results of operations. We also depend upon third parties who provide the cloud computing services which host our customers' websites, including the mobile web apps, to be sufficiently reliable and provide sufficient capacity and bandwidth so that our business can function properly, and our customers' websites are responsive to current and anticipated traffic. Any restrictions or interruption in those providers' services or connection to the internet could have a material adverse effect on our business, prospects, financial condition, and results of operations. If we are forced to switch hosting facilities, we may not be successful in finding an alternative service provider on acceptable terms or in hosting the required computer servers and implementing the required technology ourselves. We may also be limited in our remedies against these providers in the event of a failure of service.

Our business could be negatively impacted if the security of our or our partners' equipment becomes compromised.

To the extent that our activities involve the storage and transmission of proprietary information about our customers or users, security breaches could damage our reputation and expose us to a risk of loss or litigation and possible liability. We may be required to expend significant capital and other resources to protect against security breaches or to minimize problems caused by security breaches. Our (or our third-party service providers') security measures may not prevent security breaches. The failure to prevent these security breaches or a misappropriation of proprietary information may have a material adverse effect on our business, prospects, financial condition, and results of operations.

Tax matters, including the changes in corporate tax rates, disagreements with taxing authorities and imposition of new taxes could impact our results of operations and financial condition.

We are subject to income and other taxes in the U.S. and our operations, plans and results are affected by tax and other initiatives. As a result of the passage of the Tax Cuts and Jobs Act, corporate tax rates in the United States decreased in 2018, which resulted in changes to our valuation of our deferred tax asset and liabilities. These changes in valuation were material to our income tax expense and deferred tax balances.

We are also subject to regular reviews, examinations, and audits by the Internal Revenue Service and other taxing authorities with respect to our taxes. Although we believe our tax estimates are reasonable, if a taxing authority disagrees with the positions we have taken, we could face additional tax liability, including interest and penalties. There can be no assurance that payment of such additional amounts upon final adjudication of any disputes will not have a material impact on our results of operations and financial position.

We also need to comply with new, evolving or revised tax laws and regulations. The enactment of or increases in tariffs, or other changes in the application or interpretation of the Tax Cuts and Jobs Act, or on specific products that we sell or with which our products compete, may have an adverse effect on our business or on our results of operations.

Our business is subject to the risks of earthquakes, fires, tornados, floods and other natural catastrophic events and to interruption by man-made problems such as computer viruses or terrorism.

Our service systems and operations are vulnerable to damage or interruption from earthquakes, fires, tornados, floods, power losses, telecommunications failures, terrorist attacks, acts of war, human errors, break-ins and similar events. For example, a significant natural disaster, such as an earthquake, fire, tornado or flood, could have a material adverse impact on our business, operating results and financial condition, and our insurance coverage will likely be insufficient to compensate us for losses that may occur. Our servers may also be vulnerable to computer viruses, break-ins and similar disruptions from unauthorized tampering with our computer systems, which could lead to interruptions, delays, loss of critical data or the unauthorized disclosure of confidential intellectual property or client data. We may not have sufficient protection or recovery plans in certain circumstances, such as the tornado that struck Tulsa, Oklahoma in August 2017 and damaged one of Vintage Stock's stores in our Retail and Online business, and our business interruption insurance may be insufficient to compensate us for losses that may occur. Such disruptions could negatively impact our ability to operate our business, which could have a material and adverse effect on our operating results and financial condition.

RISKS RELATED TO OUR BUSINESS STRATEGY

We may not be able to identify, acquire or establish control of, or effectively integrate previously acquired businesses, which could materially adversely affect our growth.

As part of our business strategy, we intend to pursue a wide array of potential strategic transactions, including acquisitions of new businesses, as well as strategic investments and joint ventures. Although we regularly evaluate such opportunities, we may not be able to successfully identify suitable acquisition candidates or investment

opportunities, obtain sufficient financing on acceptable terms or at all to fund such strategic transactions, complete acquisitions and integrate acquired businesses with our existing businesses, or manage profitable acquired businesses or strategic investments.

The acquisition of a company or business is accompanied by a number of risks, including:

- failure of due diligence during the acquisition process;
- adverse short-term effects on reported operating results;
- the potential loss of key partners or key personnel in connection with, or as the result of, a transaction;
- the impairment of relationships with clients of the acquired business, or our own customers, partners or employees, as a result of any integration of operations or the expansion of our offerings;

· the recording of goodwill and intangible assets that will be subject to impairment testing on a regular basis and potential periodic impairment charges;

· the diversion of management's time and resources;

· the risk of entering into markets or producing products where we have limited or no experience, including the integration or removal of the acquired or disposed products with or from our existing products; and

· the inability properly to implement or remediate internal controls, procedures and policies appropriate for a public company at businesses that prior to our acquisition were not subject to federal securities laws and may have lacked appropriate controls, procedures and policies.

The acquisition of new businesses is costly and such acquisitions may not enhance our financial condition.

Our growth strategy is to acquire companies and identify and acquire assets and technologies from companies in various industries that have a demonstrated history of strong earnings potential. The process to undertake a potential acquisition is time-consuming and costly. We expend significant resources to undertake business, financial, and legal due diligence on our potential acquisition target and there is no guarantee that we will acquire the company after completing due diligence.

Our acquisitions could result in the use of substantial amounts of cash, potentially dilutive issuances of equity securities or convertible debt securities, significant amortization expenses related to goodwill, and other intangible assets and exposure to undisclosed or potential liabilities of the acquired companies. To the extent that the goodwill arising from the acquisitions carried on the financial statements do not pass the annual goodwill impairment test, excess goodwill will be charged to, and reduce, future earnings.

Because we do not intend to use our own employees or members of management to run the daily operations at our acquired companies, business operations might be interrupted if employees at the acquired businesses were to resign.

As part of our acquisition strategy, we do not use our own employees or members of our management team to operate the acquired companies. Key members of management at these acquired companies have been in place for several years and have established relationships with their customers. Competition for executive-level personnel is strong and we can make no assurance that we will be able to retain these key members of management. Although we have entered into employment agreements with certain of these key members of management and provide incentives to stay

with the business after it's been acquired, if such key persons were to resign, we might face impairment of relationships with remaining employees or customers, which might cause long-term customers to terminate their relationships with the acquired companies, which may materially adversely affect our business, financial condition, and results of operations.

RISKS RELATED TO OUR FLOORING MANUFACTURING BUSINESS

The floor covering industry is sensitive to changes in general economic conditions, such as consumer confidence and income, corporate and government spending, interest rate levels, availability of credit and demand for housing. Significant or prolonged declines in the U.S. or global economies could have a material adverse effect on the Company's flooring manufacturing business.

Downturns in the U.S. and global economies, along with the residential and commercial markets in such economies, negatively impact the floor covering industry and our flooring manufacturing business. Although the difficult economic conditions have improved in the U.S., there may be additional downturns that could cause the industry to deteriorate in the foreseeable future. A significant or prolonged decline in residential or commercial remodeling or new construction activity could materially adversely affect our business, financial condition and results of operations.

We may be unable to predict customer preferences or demand accurately, or to respond to technological developments.

We operate in a market sector where demand is strongly influenced by rapidly changing customer preferences as to product design and technical features. Failure to quickly and effectively respond to changing customer demand or technological developments could materially adversely affect our business, financial condition and results of operations.

We face intense competition in the flooring industry that could decrease demand for our products or force us to lower prices, which could have a material adverse effect on our business.

The floor covering industry is highly competitive. We face competition from a number of manufacturers and independent distributors. Maintaining our competitive position may require substantial investments in our product development efforts, manufacturing facilities, distribution network and sales and marketing activities. Competitive pressures may also result in decreased demand for our products or force us to lower prices. Moreover, a strong U.S. dollar combined with lower fuel costs may contribute to more attractive pricing for imports that compete with our products, which may put pressure on our pricing. The occurrence of one or more of these factors could materially adversely affect our business, financial condition and results of operations.

In periods of rising costs, we may be unable to pass raw materials, energy and fuel-related cost increases on to its customers, which could have a material adverse effect on our business.

The prices of raw materials and fuel-related costs vary significantly with market conditions. Although we generally attempt to pass on increases in raw material, energy and fuel-related costs to our customers, our ability to do so is dependent upon the rate and magnitude of any increase, competitive pressures and market conditions for our products. There have been in the past, and may be in the future, periods of time during which increases in these costs cannot be recovered. During such periods of time, the occurrence of such events may materially adversely affect our business, financial condition and results of operations.

We source a substantial amount of our hard surface products from China and international trade conditions could adversely affect us.

A substantial amount of our hard surface products is manufactured in China and delivered to us by our brand partners as finished goods. As a result, tariffs, political or financial instability, labor strikes, natural disasters or other events resulting in the disruption of trade or transportation from China or the imposition of additional regulations relating to foreign trade could cause significant delays or interruptions in the supply of our merchandise or increase our costs, either of which could have an adverse effect on our business. If we are forced to source merchandise from other countries, such merchandise might be more expensive or of a different or inferior quality from the merchandise we now sell. If we were unable to adequately replace the merchandise we currently source with merchandise produced elsewhere, our business could be adversely affected.

On March 22, 2018, President Trump, pursuant to Section 301 of the Trade Act of 1974, directed the U.S. Trade Representative (“USTR”) to impose tariffs on \$50 billion worth of imports from China. On June 15, 2018, the USTR announced its intention to impose an incremental tariff of 25% on \$50 billion worth of imports from China comprised of (1) 818 product lines valued at \$34 billion (“List 1”) and (2) 284 additional product lines valued at \$16 billion (“List 2”). The List 1 tariffs went into effect on July 6, 2018 and the List 2 tariffs went into effect on August 23, 2018, (with respect to 279 of the 284 originally targeted product lines). On July 10, 2018, the USTR announced its intention to impose an incremental tariff of 10% on another \$200 billion worth of imports from China comprised of 6,031 additional product lines (“List 3”) following the completion of a public notice and comment period. The List 3 tariffs went into effect on September 24, 2018, with the incremental tariff increasing to 25% on March 2, 2019.

Our hard surface products that are imported from China are currently included in the List 3 product lines and are subject to the effective tariff. As a result, we are evaluating the potential impact of the effective tariffs on our supply chain, costs, sales and profitability and are considering strategies to mitigate such impact. Given the uncertainty regarding the scope and duration of the effective and proposed tariffs, as well as the potential for additional trade actions by the U.S. or other countries, the impact on our operations and results is uncertain and could be significant, and we can provide no assurance that any strategies we implement to mitigate the impact of such tariffs or other trade actions will be successful. To the extent that our supply chain, costs, sales or profitability are negatively affected by the tariffs or other trade actions, our business, financial condition and results of operations may be materially adversely affected.

RISKS RELATED TO OUR RETAIL AND ONLINE BUSINESS

Economic conditions in the U.S. could adversely affect demand for the products we sell.

Sales of our products by Vintage Stock are driven, in part, by discretionary spending by consumers. Consumers are typically more likely to make discretionary purchases, including purchasing movies, games, music and other discretionary products when there are favorable economic conditions. Consumer spending may be affected by many economic factors outside of our control. Some of these factors include consumer disposable income levels, consumer confidence in current and future economic conditions, levels of employment, consumer credit availability, consumer debt levels, inflation, political conditions and the effect of weather, natural disasters, and civil disturbances. These and other economic factors could adversely affect demand for Vintage Stock's products, which may negatively impact our business, results of operations and financial condition.

The video game industry is cyclical and affected by the introduction of next-generation consoles, which could negatively impact the demand for existing products or Vintage Stock's pre-owned business.

The video game industry has been cyclical in nature in response to the introduction and maturation of new technology. Following the introduction of new video game platforms, sales of these platforms and related software and accessories generally increase due to initial demand, while sales of older platforms and related products generally decrease as customers migrate toward the new platforms. A new console cycle began when Nintendo launched the Wii U in November 2012 and Sony and Microsoft each launched their next generation of consoles, the PlayStation 4 and Xbox One, respectively, in November 2013. In March 2017, Nintendo released their new Switch console to replace the underperforming Wii U. If the new video game platforms do not continue to be successful, ***Vintage Stock's*** sales of video game products could decline. The introduction of these next-generation consoles could negatively impact the demand for existing products or ***Vintage Stock's*** pre-owned business, which could have a negative impact on our business, results of operations, financial condition, cash flow and liquidity.

Technological advances in the delivery and types of video, video games and PC entertainment software, as well as changes in consumer behavior related to these new technologies, could lower Vintage Stock's sales

While it is currently possible to download video, video game content and music to the current generation of video and gaming systems, downloading is somewhat constrained by bandwidth capacity and video game and movie file sizes. However, broadband speeds are increasing and downloading technology is becoming more prevalent and continues to evolve rapidly. The current game consoles from Sony and Microsoft have facilitated download technology. If these consoles and other advances in technology continue to expand our customers' ability to access and download the

current format of video, music and games and incremental content from their games and videos through these and other sources, our customers may no longer choose to purchase videos, DVDs, video games and music in our stores or reduce their purchases in favor of other forms of video, digital and game delivery. As a result, our sales and earnings could decline.

Vintage Stock may not compete effectively as browser, mobile and social video viewing and gaming becomes more popular.

Listening to music, gaming and viewing video and digital content continues to evolve rapidly. The popularity of browser, mobile and social viewing and gaming have increased greatly, and this popularity is expected to continue to grow. Browser, mobile and social video viewing, listening to music and gaming is accessed through hardware other than the game consoles and traditional hand-held video and game devices we currently sell. If there is continued growth in popularity of browser, mobile and social viewing and gaming, our financial position, results of operations, cash flows and liquidity could be impacted negatively.

Sales of video games containing graphic violence may decrease as a result of actual violent events or other reasons, and Vintage Stock's, and our, financial results may be adversely affected as a result.

Many popular video games contain material with graphic violence. These games receive an “M” or “T” rating from the Entertainment Software Ratings Board. As actual violent events occur and are publicized, or for other reasons, public acceptance of graphic violence in video games may decline. Consumer advocacy groups may increase their efforts to oppose sales of graphically-violent video games and may seek legislation prohibiting their sales. As a result, our sales of those games may decrease, which could negatively impact our results of operations.

A disruption in ApplianceSmart's relationships with, or in the operations of, any of ApplianceSmart's key suppliers could cause ApplianceSmart's, and our, net sales and profitability to decline.

The success of ApplianceSmart's business and growth strategy depends to a significant degree on the availability of open box and b-line product from our suppliers. Our largest suppliers include GE Appliances, Whirlpool, Electrolux, LG, and Samsung. ApplianceSmart does not have long-term supply agreements or exclusive arrangements with its major suppliers. ApplianceSmart typically orders its inventory through the issuance of individual purchase orders to vendors allowing ApplianceSmart to remain selective of the quality and type of product it purchases. ApplianceSmart has no contractual assurance of the continued supply of merchandise in the amount and assortment currently offered to its customers and may be subjected to rationing by suppliers. In addition, ApplianceSmart relies heavily on a relatively small number of suppliers. The top three suppliers represented approximately 85% of its appliance purchases in fiscal 2018.

ApplianceSmart's suppliers also provide it with specific types of marketing allowances and volume rebates. If ApplianceSmart's suppliers fail to continue these incentives, it could have a materially adverse effect on the breadth at which the Company can achieve brand awareness that translates to net sales.

The financial condition of ApplianceSmart's suppliers may also adversely affect their access to capital liquidity with which to maintain their inventory, production levels and product quality and to operate their businesses, all of which could adversely affect its supply chain. Negative impacts on the financial condition of any of ApplianceSmart's suppliers may cause suppliers to reduce their offerings of customer incentives and vendor allowances, cooperative marketing expenditures and product promotions. It may also cause them to change their pricing policies, which could impact the demand for their products.

As a seller of certain consumer products, Vintage Stock and ApplianceSmart are subject to various federal, state and local laws, regulations, and statutes related to product safety and consumer protection.

While we take steps to comply with these laws, there can be no assurance that we will be in compliance, and failure to comply with these laws could result in penalties which could have a negative impact on our business, financial condition and results of operations, cash flows and liquidity. We may also be subject to involuntary or voluntary product recalls or product liability lawsuits. Direct costs or reputational damage associated with product recalls or product liability lawsuits, individually or in the aggregate, could have a negative impact on future revenues and results of operations, cash flows and liquidity.

International events could delay or prevent the delivery of products to our suppliers.

Some of our suppliers rely on foreign sources to manufacture a portion of the products we purchase from them. As a result, any event causing a disruption of imports, including natural disasters or the imposition of import restrictions or trade restrictions in the form of tariffs or quotas, could increase the cost and reduce the supply of products available to us, which could lower our sales and profitability.

If we are unable to renew or enter into new leases on favorable terms, our revenue growth may decline.

All of Vintage Stock's and ApplianceSmart's retail stores are located in leased premises. If the cost of leasing existing stores increases, we cannot be certain that we will be able to maintain our existing store locations as leases expire. In addition, we may not be able to enter into new leases on favorable terms or at all, or we may not be able to locate suitable alternative sites or additional sites for new store expansion in a timely manner. Our revenues and earnings may decline if we fail to maintain existing store locations, enter into new leases, locate alternative sites, or find additional sites for new store expansion.

An adverse trend in sales during the winter and holiday selling season could impact our financial results.

Our retail business, like that of many retailers, is seasonal, with a major portion of Vintage Stock's and ApplianceSmart's sales realized around various holidays and other days, including Black Friday, President's Day, tax refund season, Memorial Day, July 4th and Labor Day. Any adverse trend in sales during these times could negatively impact our results of operations.

Our results of operations may fluctuate from quarter to quarter.

Our results of operations may fluctuate from quarter to quarter depending upon several factors, some of which are beyond our control. These factors include, but are not limited to:

- the timing and allocations of new product releases;
- the timing of new store openings or closings;
- shifts in the timing or content of certain promotions or service offerings;
- the effect of changes in tax rates in the jurisdictions in which we are operating;
- acquisition costs and the integration of companies we acquire or invest in; and

- the costs associated with the exit of unprofitable markets or stores.

These and other factors could affect our business, financial condition and results of operations, cash flows and liquidity, and this makes the prediction of our financial results on a quarterly basis difficult. Also, it is possible that our quarterly financial results may be below the expectations of public market analysts.

Failure to effectively manage our new store openings could lower our sales and profitability.

Our growth strategy depends in part upon opening new stores and operating them profitably. Our ability to open new stores and operate them profitably depends upon a number of factors, some of which may be beyond our control. These factors include the ability to:

- identify new store locations, negotiate suitable leases and build out the stores in a timely and cost-efficient manner;
- hire and train skilled associates;

- integrate new stores into our existing operations; and
- increase sales at new store locations.

If we fail to manage new store openings in a timely and cost-efficient manner, our growth or profits may decrease.

If our management information systems fail to perform or are inadequate, our ability to manage our business could be disrupted.

We rely on computerized inventory and management systems to coordinate and manage the activities in our stores and distribution centers. We use inventory replenishment systems to track sales and inventory. Our ability to rapidly process incoming shipments of new products and deliver them to all of our stores, enables us to meet peak demand and replenish stores to keep our stores in stock at optimum levels and to move inventory efficiently. If our inventory or management information systems fail to adequately perform these functions, our business could be adversely affected. In addition, if operations in any of our distribution centers were to shut down or be disrupted for a prolonged period of time or if these centers were unable to accommodate the continued store growth in a particular region, our business would suffer.

Data breaches involving customer or employee data stored by us could adversely affect our reputation and revenues.

We store confidential information with respect to our customers and employees. A compromise of our data security systems or those of businesses with which we interact could result in information related to our customers or employees being obtained by unauthorized persons. Any such breach of our systems could lead to fraudulent activity resulting in claims and lawsuits against us or other operational problems or interruptions in connection with such breaches. Any breach or unauthorized access in the future could result in significant legal and financial exposure and damage to our reputation that could potentially have an adverse effect on our business. While we also seek to obtain assurances that others with whom we interact will protect confidential information, there is a risk the confidentiality of data held or accessed by others may be compromised. If a compromise of our data security or function of our computer systems or website were to occur, it could have a material adverse effect on our operating results and financial condition, cash flows and liquidity and possibly, subject us to additional legal, regulatory and operating costs and damage our reputation in the marketplace.

Also, the interpretation and enforcement of data protection laws in the United States are uncertain and, in certain circumstances contradictory. These laws may be interpreted and enforced in a manner that is inconsistent with our

policies and practices. If we are subject to data security breaches or government-imposed fines, we may have a loss in sales or be forced to pay damages or other amounts, which could adversely affect profitability, or be subject to substantial costs related to compliance.

We may record future goodwill impairment charges or other asset impairment charges which could negatively impact our future results of operations and financial condition.

In our most current reporting period we have recorded significant goodwill as a result of our acquisition of Vintage Stock. Because we have grown in part through acquisitions, goodwill and other acquired intangible assets represent a substantial portion of our assets. We also have long-lived assets consisting of property and equipment and other identifiable intangible assets which we review both on an annual basis as well as when events or circumstances indicate that the carrying amount of an asset may not be recoverable. If a determination is made that a significant impairment in value of goodwill, other intangible assets or long-lived assets has occurred, such determination could require us to impair a substantial portion of our assets. Asset impairments could have a material adverse effect on our financial condition and results of operations.

Because of our floating rate credit facilities, we may be adversely affected by interest rate changes.

Our financial position may be affected by fluctuations in interest rates, as our floating rate credit facilities are subject to floating interest rates. Interest rates are highly sensitive to many factors, including governmental monetary policies, domestic and international economic and political conditions and other factors beyond our control. If we were to borrow against our float rate credit facilities, a significant increase in interest rates could have an adverse effect on our financial condition and results of operations.

RISKS RELATED TO OUR SECURITIES

The trading price of our common stock may be volatile, and you could lose all or part of your investment.

The trading price of our common stock has been highly volatile over the past few years and investors could experience losses in response to factors including the following, many of which are beyond our control:

- variations in our operating results;
- changes in expectations of our future financial performance, including financial estimates by investors;
- the size of our public float;
- our failure to meet investors' expectations;
- announcement by us of significant acquisitions, joint marketing relationships, joint ventures or capital commitments;
- announcements by third parties of significant claims or proceedings, including securities class action claims, against us;
- changes in senior management or key personnel;

- future sales of convertible debt or our equity securities, including common stock; and
- general domestic and international economic conditions.

Domestic and international stock markets often experience significant price and volume fluctuations that are unrelated or disproportionate to the operating performance of companies with securities trading in those markets. These fluctuations, as well as political events, terrorist attacks, threatened or actual war, and general economic conditions unrelated to our performance, may adversely affect the price of our common stock. In the past, securities holders of other companies often have initiated securities class action litigation against those companies following periods of volatility in the market price of those companies' securities. If the market price of our stock fluctuates and our stockholders initiate this type of litigation, we could incur substantial costs and experience a diversion of our management's attention and resources, regardless of the outcome. This could materially and adversely affect our business, prospects, financial condition, and results of operations.

Due to our concentrated stock ownership, public stockholders may have no effective voice in our management and the trading price of our common stock may be adversely affected.

Isaac Capital Group LLC (ICG), together with Jon Isaac, our President and CEO and the President and sole member of ICG, control approximately 77.0% of the outstanding voting power of our company (assuming the exercise of all outstanding and exercisable warrants held by them). Jon Isaac has the sole power to vote the shares of our common stock owned by ICG. As a result, Jon Isaac, both individually and through ICG, is able to exercise significant influence over all matters that require us to obtain shareholder approval, including the election of directors to our board and approval of significant corporate transactions that we may consider, such as a merger or other sale of our company or its assets. Moreover, such a concentration of voting power could have the effect of delaying or preventing a third party from acquiring us. This significant concentration of share ownership may also adversely affect the trading price for our common stock because investors may perceive disadvantages in owning stock in companies with concentrated stock ownership.

Because we have no current plans to pay cash dividends on our common stock for foreseeable future, you may not receive any return on investment unless you sell your shares of common stock for a price greater than that which you paid for it.

We may retain future earnings, if any, for future operation, expansion, and debt repayment and, with the exception of dividends payable to our series E preferred stockholders, we have no current plans to pay cash dividends for the foreseeable future. Any decision to declare and pay dividends in the future will be made at the discretion of our board of directors and will depend on, among other things, our results of operations, financial condition, cash requirements, contractual restrictions and other factors that our board of directors may deem relevant. In addition, our ability to pay dividends may be limited by covenants of any existing and future outstanding indebtedness we or our subsidiaries incur. Therefore, any return on your investment would likely come only from an increase in the market value of our common stock. As a result, you may not receive any return on an investment in our common stock unless you sell your common stock for a price greater than that which you paid for it.

Certain provisions of Nevada law, in our organizational documents and in contracts to which we are party may prevent or delay a change of control of our company.

We are subject to the Nevada anti-takeover laws regulating corporate takeovers. These anti-takeover laws prevent Nevada corporations from engaging in a merger, consolidation, sales of its stock or assets, and certain other transactions with any stockholder, including all affiliates and associates of the stockholder, who owns 10% or more of the corporation's outstanding voting stock, for three years following the date that the stockholder acquired 10% or more of the corporation's voting stock, except in certain situations. In addition, our amended and restated articles of incorporation and bylaws include a number of provisions that may deter or impede hostile takeovers or changes of

control or management. These provisions include the following:

· the authority of our Board of Directors to issue up to 5,000,000 shares of preferred stock and to determine the price, rights, preferences, and privileges of these shares, without stockholder approval;

· stockholders must comply with advance notice requirements to transact any business at the annual meeting;

· all stockholder actions must be effected at a duly called meeting of stockholders and not by written consent, unless such action or proposal is first approved by our Board of Directors;

· special meetings of the stockholders may be called only by the Chairman of the Board, the Chief Executive Officer, or the President of our company;

· a director may be removed from office only for cause by the holders of at least two-thirds of the voting power entitled to vote at an election of directors;

- our Board of Directors is expressly authorized to alter, amend or repeal our bylaws;

- newly-created directorships and vacancies on our Board of Directors may only be filled by a majority of remaining directors, and not by our stockholders; and

- cumulative voting is not allowed in the election of our directors.

These provisions of Nevada law and our articles and bylaws could prohibit or delay mergers or other takeover or change of control of our company and may discourage attempts by other companies to acquire us, even if such a transaction would be beneficial to our stockholders.

We are involved in an ongoing SEC investigation, which could divert management's focus, result in substantial investigation expenses and have an adverse impact on our reputation, financial condition, results of operations and cash flows.

On February 21, 2018, the Company received a subpoena from the Securities and Exchange Commission ("SEC") and a letter from the SEC stating that it is conducting an investigation. The subpoena requests documents and information concerning, among other things the restatement of the Company's financial statements for the quarterly periods ended December 31, 2016, March 31, 2017, and June 30, 2017, the acquisition of Marquis Industries, Inc., Vintage Stock, Inc., and ApplianceSmart, Inc., and the change in auditors. We have incurred significant legal and accounting expenditures in connection with the SEC's investigation. We are unable to predict how long the SEC's investigation will continue or its outcome.

If securities analysts do not publish research or reports about our business or if they publish unfavorable commentary about us or our industry or downgrade our common stock, the trading price of our common stock could decline.

We expect that the trading price for our common stock will be affected by any research or reports that securities analysts publish about us or our business. If one or more of the analysts who may elect to cover us or our business downgrade their evaluations of our common stock, the price of our common stock would likely decline. We may be unable or slow to attract research coverage and if one or more analysts cease coverage of our company, we could lose visibility in the market for our common stock, which in turn could cause our stock price to decline.

ITEM 1B. Unresolved Staff Comments

None.

ITEM 2. Properties

At September 30, 2018, we leased approximately 11,000 square feet of space located in Las Vegas, Nevada which we utilize as principal executive and administrative offices.

We believe that our existing facilities are well maintained, in good operating condition and are adequate for our present level of operations.

Manufacturing Segment

Marquis owns or leases all of the land, and owns all of the improvements on such leased land, as described in the following table, which also provides information regarding the general location and use at September 30, 2018:

Property	Location	Owned or Leased
Corporate Offices and Warehouse	Chatsworth, Georgia	Leased
Sales Offices, Showroom and Warehouse	Chatsworth, Georgia	Owned
Warehouse	Chatsworth, Georgia	Leased
Office and Storage	Chatsworth, Georgia	Leased
Tufting Department	Chatsworth, Georgia	Leased
Machine Storage and Forklift	Chatsworth, Georgia	Leased
Storage and Extrusion	Dalton, Georgia	Leased
Yarn Processing Facility	Dalton, Georgia	Leased
Printing Facility	Calhoun, Georgia	Leased

On June 14, 2016, Marquis entered into a transaction with Store Capital Acquisitions, LLC. The transaction included a sale-leaseback of land owned by Marquis and a loan secured by the improvements on such land. The total aggregate proceeds received from the sale of the land and the loan was \$10,000,000, which consisted of \$644,479 from the sale of the land and a note payable of \$9,355,521. In connection with the transaction, Marquis entered into a lease with a 15-year term commencing on the closing of the transaction, which provides Marquis an option to extend the lease upon the expiration of its term. The initial annual lease rate is \$59,614.

Retail and Online Segment

At September 30, 2018, Vintage Stock leased all 59 of its stores under leases that vary as to rental amounts, expiration dates, renewal options and other rental provisions. Vintage Stock leased its corporate offices in Joplin, Missouri.

The following is a breakdown by state and brand of Vintage Stock retail stores:

State	Retail Stores	Brand(s)
Arkansas	3	Vintage Stock and EntertainMart
Colorado	1	EntertainMart
Idaho	1	EntertainMart

Edgar Filing: LIVE VENTURES Inc - Form 10-K

Illinois	1	Vintage Stock
Kansas	7	Vintage Stock
Missouri	17	Vintage Stock and EntertainMart
New Mexico	1	EntertainMart
Oklahoma	12	Vintage Stock
Texas	15	Movie Trading Co. and EntertainMart
Utah	1	EntertainMart

At September 30, 2018, ApplianceSmart leased all 17 stores under leases that vary as to rental amounts, expiration dates, renewal options, and other rental provisions. The following is a breakdown by state of ApplianceSmart retail stores:

State	Retail Stores
Georgia	4
Minnesota	7
Ohio	4
Texas	2

ITEM 3. Legal Proceedings

On February 21, 2018, the Company received a subpoena from the Securities and Exchange Commission (“SEC”) and a letter from the SEC stating that it is conducting an investigation. The subpoena requests documents and information concerning, among other things the restatement of the Company’s financial statements for the quarterly periods ended December 31, 2016, March 31, 2017, and June 30, 2017, the acquisition of Marquis Industries, Inc., Vintage Stock, Inc., and ApplianceSmart, Inc., and the change in auditors. The letter from the SEC states that “this inquiry does not mean that the SEC has concluded that the Company or any of its officers and directors has broken the law or that the SEC has a negative opinion of any person, entity, or security.” The Company is cooperating with the SEC in its investigation.

On October 1, 2018, the Company received a letter from the SEC requesting information regarding a potential violation of Section 13(a) of the Securities Exchange Act of 1934, based upon the timing of the Company’s Form 8-K filed on February 14, 2018. The Company provided a response to the SEC on October 26, 2018. The Company is cooperating with the SEC in its inquiry.

We are involved in various claims and lawsuits arising in the normal course of business. The ultimate results of claims and litigation cannot be predicted with certainty. We currently believe that the ultimate outcome of such lawsuits and proceedings will not, individually or in the aggregate, have a material adverse effect on our consolidated financial position, results of operations or cash flows.

ITEM 4. Mine Safety Disclosures

Not applicable.

PART II**ITEM 5. Market for Registrant’s Common Equity, Related Stockholder Matters and Issuer Purchases of Equity Securities****Our Common Stock**

Our common stock is traded on the NASDAQ Capital Market under the symbol “LIVE”.

The following table sets forth the quarterly high and low sales prices per share of our common stock during the last two fiscal years. All prices reflect a reverse stock split one-for-six (1:6) effective for stockholders of record as of December 5, 2016.

	Quarter Ended	High	Low
2018	October 1 – December 31, 2017	\$ 19.97	\$ 11.63
	January 1 – March 31, 2018	\$ 17.33	\$ 12.16
	April 1 – June 30, 2018	\$ 14.45	\$ 11.86
	July 1 – September 30, 2018	\$ 13.20	\$ 8.99
2017	October 1 – December 31, 2016	\$ 27.68	\$ 10.86
	January 1 – March 31, 2017	\$ 23.41	\$ 13.95
	April 1 – June 30, 2017	\$ 15.75	\$ 9.11
	July 1 – September 30, 2017	\$ 12.98	\$ 9.66

Holder of Record

On September 30, 2018, there were approximately 195 holders of record of our common stock, approximately 29 holders of record of our Series E Preferred Stock and 2 holders of record of our Series B Convertible Preferred Stock (“Series B Preferred Stock”), in each case, according to our transfer agent. We have no record of the number of stockholders who hold our common stock in “street name” with various brokers.

Dividend Policy

We have two classes of authorized preferred stock. Our Series E Preferred Stock had 127,840 shares issued and 77,840 outstanding. Each share of Series E Preferred Stock is entitled to and receives a dividend of \$0.015 per year. At September 30, 2018, the Company had accrued but unpaid preferred stock dividends totaling \$1,168.

Our Series B Preferred Stock, as of September 30, 2018 had 214,244 shares issued and outstanding. The shares, as a series, have waived their rights to dividends and are not entitled to dividends, unless they are declared by the Board of Directors through special action, subject to a \$1.00 (in the aggregate for all then-issued and outstanding shares of Series B Convertible Preferred Stock).

Presently, we do not pay dividends on shares of our common stock or our Series B Preferred Stock. Our declaration and payment of cash dividends in the future and the amount thereof will depend upon our results of operations, financial condition, cash requirements, future prospects, limitations imposed by credit agreements or indentures governing debt securities and other factors deemed relevant by our Board of Directors.

Issuer Purchases of Equity Securities

On January 21, 2016, the Company announced a \$10 million common stock repurchase program. This initial repurchase plan expired on January 20, 2018. On February 20, 2018, the Company announced a \$10 million common stock repurchase plan. Below are the treasury stock purchases since inception of the two Company repurchase programs.

Period	Number of Shares	Average Purchase Price Paid	Number of Share Purchases as Part of a Publicly Announced Plan or Program	Maximum Amount that May be Purchased Under the Announced Plan or Program
January 2016	–	\$ –	–	\$ 10,000,000
February 2016	4,752	8.98	4,752	9,957,330
March 2016	4,167	9.03	4,167	9,919,705
May 2016	9,698	10.37	9,698	9,819,137
June 2016	1,994	10.61	1,994	9,797,979
July 2016	9,511	10.31	9,511	9,699,917
May 2017	8,128	11.24	8,128	9,608,558
June 2017	39,523	10.25	39,523	9,203,447
July 2017	1,150	10.56	1,150	9,191,303
August 2017	6,060	10.56	6,060	9,127,309
September 2017	11,324	11.22	11,324	9,000,254
October 2017	17,173	12.55	17,173	8,784,687
November 2017	2,570	13.16	2,570	8,750,862
				10,000,000
March 2018	10,000	12.81	10,000	9,871,945
April 2018	2,077	11.98	2,077	9,847,064

ITEM 7. Management's Discussion and Analysis of Financial Condition and Results of Operations

For a description of our significant accounting policies and an understanding of the significant factors that influenced our performance during the year ended September 30, 2018, this "Management's Discussion and Analysis of Financial Condition and Results of Operations" (hereafter referred to as "MD&A") should be read in conjunction with the consolidated financial statements, including the related notes, appearing in Part II, Item 8 of this Annual Report on Form 10-K for the fiscal year ended September 30, 2018.

Note about Forward-Looking Statements

This Annual Report on Form 10-K (this "Form 10-K") includes statements that constitute "forward-looking statements." These forward-looking statements are often characterized by the terms "may," "believes," "projects," "intends," "plans," "expects" or "anticipates," and do not reflect historical facts.

Specific forward-looking statements contained in this portion of the Annual Report include, but are not limited to: (i) statements that are based on current projections and expectations about the markets in which we operate, (ii) statements about current projections and expectations of general economic conditions, (iii) statements about specific industry projections and expectations of economic activity, (iv) statements relating to our future operations and prospects, (v) statements about future results and future performance, (vi) statements that the cash on hand and additional cash generated from operations together with potential sources of cash through issuance of debt or equity will provide the Company with sufficient liquidity for the next 12 months, and (vii) statements that the outcome of pending legal proceedings will not have a material adverse effect on business, financial position and results of operations, cash flow or liquidity.

Forward-looking statements involve risks, uncertainties and other factors, which may cause our actual results, performance or achievements to be materially different from those expressed or implied by such forward-looking statements. Factors and risks that could affect our results, future performance and capital requirements and cause them to materially differ from those contained in the forward-looking statements include those identified in this Form 10-K under Item 1A "Risk Factors", as well as other factors that we are currently unable to identify or quantify, but that may exist in the future.

In addition, the foregoing factors may generally affect our business, results of operations and financial position. Forward-looking statements speak only as of the date the statements were made. We do not undertake and specifically decline any obligation to update any forward-looking statements. Any information contained on our website www.live-ventures.com or any other websites referenced in this Annual Report are not part of this Annual Report.

Our Company

Live Ventures Incorporated is a holding company of diversified businesses, which, together with our subsidiaries, we refer to as the “Company”, “Live Ventures”, “we”, “us” or “our”. We acquire and operate profitable companies in various industries that have demonstrated a strong history of earnings power. We currently have three segments to our business, Manufacturing, Retail and Online, and Services.

Under the Live Ventures brand, we seek opportunities to acquire profitable and well-managed companies. We will work closely with consultants who will help us identify target companies that fit within the criteria we have established for opportunities that will provide synergies with our businesses.

Our principal offices are located at 325 E. Warm Springs Road, Suite 102, Las Vegas, Nevada 89119, our telephone number is (702) 939-0231, and our corporate website (which does not form part of this report Form 10-K) is located at www.liveventures.com. Our common stock trades on the NASDAQ Capital Market under the symbol “LIVE”.

Manufacturing Segment

Marquis Industries

Our Manufacturing segment is composed of Marquis Affiliated Holdings LLC and wholly-owned subsidiaries (“Marquis”). Marquis is a leading carpet manufacturer and a manufacturer of innovative yarn products, as well as a reseller of hard surface flooring products. Over the last decade, Marquis has been an innovator and leader in the value-oriented polyester carpet sector, which is currently the market’s fastest-growing fiber category. We focus on the residential, niche commercial, and hospitality end-markets and serve over 2,000 customers.

Since commencing operations in 1995, Marquis has built a strong reputation for outstanding value, styling, and customer service. Its innovation has yielded products and technologies that differentiate its brands in the flooring marketplace. Marquis’s state-of-the-art operations enable high quality products, unique customization, and exceptionally short lead-times. Furthermore, the Company has recently invested in additional capacity to grow several attractive lines of business, including printed carpet and yarn extrusion.

Retail and Online Segment

Our Retail and Online Segment is composed of Vintage Stock, ApplianceSmart and the legacy operations of Modern Everyday and LiveDeal.

Vintage Stock

On November 3, 2016, Live Ventures through its wholly-owned subsidiary Vintage Stock Holdings LLC acquired 100% of Vintage Stock, V-Stock, Movie Trading Company and EntertainMart (collectively “Vintage Stock”). Vintage Stock is an award-winning specialty entertainment retailer. Vintage Stock offers a large selection of entertainment products including new and pre-owned movies, video games and music products, as well as ancillary products such as books, comics, toys and collectibles all available in a single location. With its integrated buy-sell-trade business model, Vintage Stock buys, sells and trades new and pre-owned movies, music, video games, electronics and collectibles through 34 Vintage Stock, 3 V-Stock, 13 Movie Trading Company and 9 EntertainMart retail locations strategically positioned across Texas, Idaho, Oklahoma, Kansas, Missouri, Colorado, Illinois, Arkansas and Utah.

ApplianceSmart

On December 30, 2017, Live Ventures through its wholly-owned subsidiary ApplianceSmart Affiliated Holdings LLC acquired 100% of ApplianceSmart Inc. and ApplianceSmart Contracting, Inc. At September 30, 2018, ApplianceSmart operated seventeen stores: six in the Minneapolis/St. Paul market; one in Rochester, Minnesota; four in the Columbus, Ohio market; four in the Atlanta, Georgia market; and two in the San Antonio, Texas market. ApplianceSmart is a major household appliance retailer with two product categories: one consisting of typical and commonly available, innovative appliances, and the other consisting of affordable value-priced, niche offerings such as close-outs, factory overruns, discontinued models, and special-buy appliances, including open box merchandise and others. In addition to retailing household appliances, ApplianceSmart through ApplianceSmart Contracting Inc. provides household appliances to builders and developers in the Minnesota and Ohio markets.

Modern Everyday

Modern Everyday, Inc. (“MEI”) was a specialty retailer offering consumers a selection of products that range from home, kitchen and dining products, apparel and sporting goods to children's toys and beauty products. The Company has decided not to invest additional funds in this line of business and is in the process of selling the remaining inventory.

LiveDeal

LiveDeal Inc. operates a real time “deal engine” connecting restaurants with consumers. LiveDeal.com provides marketing solutions to restaurants to boost customer awareness and merchant visibility on the internet. The marketing solutions that LiveDeal.com provides has not provided any revenue to date.

Services Segment

Telco

Telco Billing Inc. (“Telco”) provides legacy services primarily under our InstantProfile® line of directory listing services. We no longer accept new customers under our legacy service offerings.

Critical Accounting Policies

Our consolidated financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America (“GAAP”). Preparation of these statements requires us to make judgments and estimates. Some accounting policies have a significant and material impact on amounts reported in these financial statements. Estimates and assumptions are based on management's experience and other information available prior to the issuance of our financial statements. Our actual realized results may differ materially from management's initial estimates as reported. Our critical and significant accounting policies include Trade and Other Receivables, Inventories, Goodwill, Revenue Recognition, Fair Value Measurements, Stock Based Compensation, Income Taxes, Segment Reporting and Concentrations of Credit Risk.

Results of Operations

The following table sets forth certain statement of income items and as a percentage of revenue, for the periods indicated:

Edgar Filing: LIVE VENTURES Inc - Form 10-K

	Year Ended September 30, 2018			Year Ended September 30, 2017

Revenue

Revenue increased \$47,572,409, or 31.3% for the year ended September 30, 2018 as compared to the year ended September 30, 2017.

The increase in revenue was primarily attributable to the following:

Revenue from ApplianceSmart for the period of December 31, 2017 through September 30, 2018-Retail Appliance Boxed Sales \$22,221,833 or 11.1% of total revenue, Retail Appliance Unboxed Sales \$8,603,754 or 4.3% of total revenue, Retail Appliance Delivery, Warranty, and Other \$2,116,696 or 1.1% of total revenue.

Revenue increased in the following categories as compared to the prior year:

Used Movies, Music, Games and Other \$2,261,129 or 5.5%, New Movies, Music, Games and Other \$3,457,786 or 11.7%, Rentals, Concessions and Other \$72,589 or 6.5%, Carpets \$941,012 or 1.6%, Hard Surface Products \$8,018,093 or 49.5%, and Synthetic Turf Products \$117,767 or 2.0%.

The revenue increases were partially offset by the following decreases in revenue as compared to the prior year period:

Kitchen and Home Products \$128,904 or 100%

Directory Services \$109,346 or 12.8%

Cost of Revenue

Cost of revenue increased \$35,940,287, or 40.2% for the year ended September 30, 2018 as compared to the year ended September 30, 2017, primarily because of the change in revenue discussed above as well as the changes in gross profit discussed below.

Gross Profit

Gross profit increased \$11,632,122 or 18.6%, for the year ended September 30, 2018 as compared to the year ended September 30, 2017.

The increase in gross profit was primarily attributable to the following:

Gross Profits from newly acquired ApplianceSmart for the period of December 31, 2017 through September 30, 2018-Retail Appliance Boxed Sales \$4,288,474 or 19.3% gross profit margin, Retail Appliance Unboxed Sales \$4,197,427 or 48.8% gross profit margin.

Gross profit increased in the following categories as compared to the prior year:

Gross Profits from Vintage Stock-Used Movies, Music, Games and Other increased \$1,720,727 or 5.3%. New Movies, Music, Games and Other gross profit increased \$217,513 or 2.7%. Rentals, Concessions and Other gross profit increased \$73,312 or 10.6%.

Hard Surface Products gross profit increased \$2,145,467 or 50.9%. Hard surface products gross profit margin increased to 26.2% from 26.0% or 20bps. Carpets gross profit increased \$321,099 or 2.1%. Carpets gross profit margin increased to 26.6% from 26.5% or 10bps.

Gross profit increases were partially offset by the following decreases in gross profit as compared to the prior year:

Synthetic Turf Products gross profit decreased \$669,300 or 55.2%. Synthetic Turf Products gross profit margin decreased to 8.9% from 20.3% due to adding an additional machine.

Directory Services gross profit decreased \$103,310 or 12.7%. Directory Services gross profit margin increased to 95.1% from 95.0% or 10bps.

General and Administrative Expense

General and Administrative expense increased \$13,065,684 or 36.1%, for the year ended September 30, 2018 as compared to the year ended September 30, 2017. The increase in general and administrative expense was primarily attributable to general and administrative expense from ApplianceSmart for the period of December 31, 2017 through September 30, 2018 of \$7,863,304, and increase of \$4,627,421 from Vintage Stock and Modern Everyday, an increase of \$575,214 associated with Marquis, partially offset by a decrease of \$255 associated with our Directory services business, Telco.

Selling and Marketing Expense

Selling and marketing expense increased \$5,865,566 or 70.9%, for the year ended September 30, 2018 as compared to the year ended September 30, 2017. The increase was primarily attributable to ApplianceSmart having \$5,218,260 selling and marketing expense as well as an increase in Marquis selling and marketing expense of \$880,981, and partially offset by the decrease in selling and marketing expense associated with Vintage Stock of \$233,675.

Operating Income

Because of the factors described above, operating income was \$10,800,249 for the year ended September 30, 2018, representing a decrease of \$7,299,128 over the comparable prior year of \$18,099,377, or 40.3%.

Interest Expense, net

Interest expense net increased \$1,046,353 or 13.8%, for the year ended September 30, 2018 as compared to the year ended September 30, 2017, primarily due to increased borrowing costs for Marquis and Vintage Stock.

Other Income and Expense

Other income and expense increased \$797,944, for the year ended September 30, 2018 as compared to the year ended September 30, 2017.

Bargain Purchase Gain

Bargain Purchase Gain for the year ended September 30, 2018 was \$7,293,756, which was a result of the ApplianceSmart acquisition.

Provision for Income Taxes

Provision for income taxes increased \$325,280, for the year ended September 30, 2018 as compared to the year ended September 30, 2017.

Net Income

The factors described above led to net income of \$5,922,719 for the year ended September 30, 2018, or a 8.9% decrease from net income of \$6,501,780 for the year ended September 30, 2017.

Retail and Online Segment

Segment results for Retail and Online include Vintage Stock, ApplianceSmart, Modern Everyday and LiveDeal. Revenue for the year ended September 30, 2018 increased \$39,604,883, or 54.0%, as compared to the prior year, as a result of the acquisition of the ApplianceSmart business on December 30, 2017 which provided \$22,221,833 of Retail Appliance Boxed Sales revenue; \$8,603,754 of Retail Appliance Unboxed Sales revenue; \$2,116,696 of Retail Appliance Delivery, Warranty and Other revenue. Cost of revenue for the year ended September 30, 2018 increased \$28,666,717, or 94.2%, because of ApplianceSmart’s business which had cost of revenue of \$25,099,548 from December 31, 2017 through September 30, 2018. Operating income for the year ended September 30, 2018 decreased \$7,537,159 because of an increase in gross profit of \$9,938,166, an increase in general and administrative expense of \$12,490,725 and an increase in selling and marketing expense of \$4,984,600.

Manufacturing Segment

Segment results for Manufacturing include Marquis, which is our carpet, hard surface and synthetic turf products business. Revenue for the year ended September 30, 2018 increased \$9,076,872, or 11.4%, as compared to the prior year period, because of increased sales of carpets of \$941,012, hard surface products of \$8,018,093 and synthetic turf products of \$117,767. Cost of revenue for the year ended September 30, 2018 increased \$7,279,606, or 12.3%, as compared to the prior year period, because of an increase in the cost of revenue of synthetic turf products of \$787,067, hard surface products of \$5,872,626, and an increase in cost of revenue of carpets of \$619,913. Operating income for the year ended September 30, 2018 increased \$341,085, or 4.1%, as compared to the prior year period, because of an increase in gross profit of \$1,797,266, partially offset by an increase in general and administrative expense of \$575,214 and an increase in selling and marketing expense of \$880,967.

Services Segment

Segment results for Services include Telco results, which is our directory services business. Revenues for the year ended September 30, 2018 decreased \$109,346, or 12.8%, as compared to the prior year period, because of decreasing renewals. Operating earnings for the year ended September 30, 2018 decreased \$103,054, or 12.7%, compared to the prior year period, primarily due to decreased renewal revenues. We expect revenue and operating income from this segment to continue to decrease in the future. We are no longer accepting new customers in our directory services business.

Liquidity and Capital Resources

Overview

Based on our current operating plans, we believe that available cash balances, cash generated from our operating activities and funds available under our asset based revolver lines of credit will provide sufficient liquidity to fund our operations, pay our scheduled loan payments, fund our continued investments in store openings and remodeling activities, continue to repurchase shares, and pay dividends on our shares of Series E Preferred Stock as declared by the Board of Directors, for at least the next 12 months.

We have two asset-based revolver lines of credit (i) Bank of America Revolver Loan (“BofA Revolver”) that Marquis uses and (ii) Texas Capital Bank Revolver Loan (“TCB Revolver”) that Vintage Stock uses.

As of September 30, 2018, we had total cash on hand of \$1,991,622 and an additional \$7,326,680 of available borrowing under the BofA Revolver and an additional \$107,405 of available borrowing under the TCB Revolver. As we continue to pursue acquisitions, and other strategic transactions to expand and grow our business, we regularly monitor capital market conditions and may raise additional funds through borrowings or public or private sales of debt or equity securities. The amount, nature and timing of any borrowings or sales of debt or equity securities will depend on our operating performance and other circumstances; our then-current commitments and obligations; the amount, nature and timing of our capital requirements; any limitations imposed by our current credit arrangements; and overall market conditions.

Sources of Liquidity

We utilize cash on hand and cash generated from operations and have funds available to us under our two revolving loan facilities (BofA Revolver and TCB Revolver) to cover normal and seasonal fluctuations in cash flows and to support our various growth initiatives. Our cash and cash equivalents are carried at cost and consist primarily of demand deposits with commercial banks. Our term debt facilities are not revolving credit facilities and require scheduled payments of principal and interest.

BofA Revolver

Marquis may borrow funds for operations under the BofA Revolver subject to availability as described in Note 8 to the consolidated financial statements. On September 30, 2018, we had \$7,326,680 of additional borrowing availability on the BofA Revolver, respectively. Maximum borrowing under the BofA Revolver is \$15,000,000. A total of approximately \$72,715 of letters of credit were outstanding at September 30, 2018. The weighted average interest rate for the period of October 1, 2017 through September 30, 2018 was 3.79%. We borrowed \$94,696,505 and repaid \$91,946,715 on the BofA Revolver during the twelve months ended September 30, 2018, leaving an outstanding balance on the BofA Revolver of \$7,600,605 at September 30, 2018.

TCB Revolver

Vintage Stock may borrow funds for operations under the TCB Revolver subject to availability as described in Note 4 to the consolidated financial statements. On September 30, 2018 – we had \$107,405 of additional borrowing availability on the TCB Revolver. Maximum borrowing under the TCB Revolver is \$12,000,000. No letters of credit were outstanding at any time during the period of October 1, 2017 through September 30, 2018. The weighted average interest rate for the period of October 1, 2017 through September 30, 2018 was 4.26%. We borrowed \$76,190,921 and repaid \$76,818,763 on the TCB Revolver during the period of October 1, 2017 through September 30, 2018, leaving an outstanding balance on the TCB Revolver of \$11,892,595 at September 30, 2018.

Loan Covenant Compliance

We are in compliance with all loan covenants under our existing revolving and other loan agreements as of September 30, 2018.

Cash Flows from Operating Activities

The Company's cash and cash equivalents at September 30, 2018 was \$1,991,622 compared to \$3,972,539 at September 30, 2017, a decrease of \$1,980,917. The principal reason for this decrease was cash provided by operating profits used to pay down debt.

Net cash provided by operations was \$11,823,970 for the year ended September 30, 2018 as compared to net cash provided by operations of \$7,874,332 for the same period in 2017. This change in cash provided by operations of \$3,949,638 was due to an decrease in net income of \$579,061, an increase in non-cash depreciation and amortization expense of \$1,022,832, a decrease of \$7,293,756 due to the bargain purchase gain associated with ApplianceSmart in the current fiscal year, an increase in loss on disposal of property and equipment of \$65,315, an increase in charge-off and amortization of debt issuance cost of \$802,293, an increase in stock based compensation expense of \$293,467, a decrease in deferred rent of \$55,719, a decrease in change in reserve for uncollectible accounts of \$235,303, an increase in the change in reserve for obsolete inventory of \$1,291,143, an increase in the change in other of \$410,385, an increase in the change in deferred income taxes of \$655,516, plus changes in assets and liabilities including an increase in accounts receivable of \$1,695,174, an increase in prepaid expenses and other current assets of \$5,099,050, a decrease in inventories of \$1,134,575, an increase in deposits and other assets of \$855,973, an increase in accounts payable of \$7,319,157, a decrease in accrued liabilities of \$5,310,173 and a decrease in income taxes payable of \$952,080.

Our primary source of cash inflows is from customer receipts from sales on account, factor accounts receivable proceeds and net remittances from directory services customers processed in the form of ACH billings. Our most significant cash outflows include payments for raw materials and general operating expenses, including payroll costs and general and administrative expenses that typically occur within close proximity of expense recognition.

Cash Flows from Investing Activities

Our cash flows used in investing activities during the year ended September 30, 2018 consisted of purchase of intangibles of \$683,642 and purchases of property and equipment of \$8,710,033. Our cash flows used in investing activities during the year ended September 30, 2017 consisted of acquisition of the Vintage Stock business, net of cash acquired, and seller financing provided of \$47,381,108, \$6,414,971 of equipment purchases, purchases of intangibles \$95,976; offset by the sale proceeds from property and equipment of \$159,911.

Cash Flows from Financing Activities

Our cash flows used in financing activities during the year ended September 30, 2018 consisted of \$27,776,756 from the issuance of notes payable and \$2,121,948 in net borrowings under revolver loans, offset by payments of debt issuance costs of \$1,318,069, purchase of series E preferred treasury stock of \$4,000, purchase of common treasury stock of \$550,427 and payment on notes payable of \$32,437,420. Our cash flows provided by financing activities during the year ended September 30, 2017 consisted of \$36,984,434 from the issuance of notes payable and \$17,148,662 in net borrowings under revolver loans, offset by payment of series E preferred stock dividends of \$959, payment of debt issuance costs of \$1,155,000, purchase of treasury stock \$699,557 and payment on notes payable \$3,218,124.

The Company does not engage in any off-balance sheet financing arrangements. Currently, the Company is not issuing common shares for liquidity purposes. We prefer to use asset-based lending arrangements and mezzanine financing together with Company provided capital to finance acquisitions and have done so historically. Occasionally as our Company history has demonstrated we will issue stock and derivative instruments linked to stock for services and or debt settlement.

Working Capital

We had working capital of \$28,405,238 as of September 30, 2018 as compared to a working capital deficit of \$10,892,860 as of September 30, 2017 with current assets increasing by \$10,118,944 and current liabilities decreasing by \$29,179,154 from September 30, 2017 to September 30, 2018. Such changes in working capital were primarily attributable to the increase in inventory associated with the acquisition of ApplianceSmart, increased borrowing from revolver loans and the payoff of the Capitala Term Loan, debt previously classified as current debt, from the proceeds of new long-term financing from the Comvest term loan, classified as long-term debt.

Equipment Loans

On June 20, 2016 and August 5, 2016, Marquis entered into a transaction which provided for a master agreement and separate loan schedules Notes #1 through #5 (the "Equipment Loans") with Banc of America Leasing & Capital, LLC which provided:

Edgar Filing: LIVE VENTURES Inc - Form 10-K

Note #1 is \$5 million, secured by equipment. The Equipment Loan #1 is due September 23, 2021, payable in 59 monthly payments of \$84,273 beginning September 23, 2016, with a final payment in the sum of \$584,273, bearing interest at 3.8905% per annum.

Note #2 is \$2,209,807, secured by equipment. The Equipment Loan #2 is due January 30, 2022, payable in 59 monthly payments of \$34,768 beginning January 30, 2017, with a final payment in the sum of \$476,729, bearing interest at 4.63% per annum.

Note #3 is \$3,679,514, secured by equipment. The Equipment Loan #3 is due December 30, 2023, payable in 84 monthly payments of \$51,658 beginning January 30, 2017, with a final payment due December 30, 2023, bearing interest rate at 4.7985% per annum.

Note #4 is \$1,095,113, secured by equipment. The Equipment Loan #4 is due December 30, 2023, payable in 81 monthly payments of \$15,901 beginning April 30, 2017, with final payment due December 30, 2023, bearing interest at 4.8907% per annum.

Note #5 is \$3,931,591, secured by equipment. The Equipment Loan #5 is due December 28, 2024, payable in 84 monthly payments of \$54,943 beginning January 28, 2018, with the final payment due December 28, 2024, bearing interest at 4.67% per annum.

At September 30, 2018 we had \$3,230,555, \$1,636,940, \$2,871,849, \$881,937 and \$3,568,925 outstanding on Equipment Loan Note #1 through Note #5, respectively. At September 30, 2017 we had \$4,097,764, \$1,969,954, \$3,341,642 and \$1,025,782 outstanding on Equipment Loan Note #1 through Note #4, respectively.

Real Estate Financing

On June 14, 2016, we entered into a transaction with Store Capital Acquisitions, LLC. The transaction included a sale-leaseback of land owned by Marquis Industries, Inc. (“Marquis”) and a loan secured by the improvements on such land. The total aggregate proceeds received from the sale of the land and the loan was \$10,000,000, which consisted of \$644,479 from the sale of the land and a note payable of \$9,355,521. In connection with the transaction, we entered into a lease with a 15-year term commencing on the closing of the transaction, which provides the Company an option to extend the lease upon the expiration of its term. The initial annual lease rate is \$59,614. The proceeds from this transaction were used to pay down the BofA Revolver and Bank of America Term loans, related party loan, as well as to purchase a building from the previous owners of Marquis that was not purchased in the July 2015 transaction. At September 30, 2018 and September 30, 2017, we had \$9,302,346 and \$9,328,208 outstanding, respectively, on the Store Capital Acquisition, LLC loan. At September 30, 2018 and September 30, 2017, there are un-amortized debt issuance costs associated with this loan in the amounts of \$432,961 and \$444,402, respectively.

Future Sources of Cash; New Products and Services

We may require additional debt financing and or capital to finance new acquisitions, refinance existing indebtedness or other strategic investments in our business. Other sources of financing may include stock issuances and additional loans; or other forms of financing. Any financing obtained may further dilute or otherwise impair the ownership interest of our existing stockholders.

Contractual Obligations

The following table summarizes our contractual obligations consisting of operating lease agreements and debt obligations and the effect such obligations are expected to have on our future liquidity and cash flows:

	Payments due by Period				Total
	Less Than One Year	One to Three Years	Three to Five Years	More Than Five Years	
Notes payable	\$13,958,355	\$23,499,498	\$26,828,861	\$10,130,567	\$74,417,281
Notes Payable - related party	391,949	5,429,557	–	–	5,821,506
Noncancelable service contracts	–	–	–	–	–
Lease obligations	3,136,734	4,737,761	2,658,012	2,648,943	13,181,450
Total	\$17,487,038	\$33,666,816	\$29,486,873	\$12,779,510	\$93,420,237

Off-Balance Sheet Arrangements

At September 30, 2018, we had no off-balance sheet arrangements, commitments or guarantees that require additional disclosure or measurement.

ITEM 7A. Quantitative and Qualitative Disclosures about Market Risk

As of September 30, 2018, we did not participate in any market risk-sensitive commodity instruments for which fair value disclosure would be required. We believe we are not subject in any material way to other forms of market risk, such as foreign currency exchange risk or foreign customer purchases (of which there were none in fiscal year 2018 or 2017) or commodity price risk.

REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To the Board of Directors and
Stockholders of Live Ventures Incorporated and Subsidiaries
Las Vegas, Nevada

Opinion on the Financial Statements

We have audited the accompanying consolidated balance sheet of Live Ventures Incorporated and Subsidiaries (the Company) as of September 30, 2018, and the related consolidated statements of income, changes in stockholders' equity, and cash flows for the year then ended, and the related notes (collectively referred to as the financial statements). In our opinion, the consolidated financial statements present fairly, in all material respects, the financial position of the Company as of September 30, 2018, and the results of its operations and its cash flows for the year then ended, in conformity with accounting principles generally accepted in the United States of America.

Basis for Opinion

These consolidated financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on the Company's consolidated financial statements based on our audit. We are a public accounting firm registered with the Public Company Accounting Oversight Board (United States) (PCAOB) and are required to be independent with respect to the Company in accordance with the U.S. federal securities laws and the applicable rules and regulations of the Securities and Exchange Commission and the PCAOB.

We conducted our audits in accordance with the standards of the PCAOB. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement, whether due to error or fraud. The Company is not required to have, nor were we engaged to perform, an audit of its internal control over financial reporting. As part of our audit, we are required to obtain an understanding of internal control over financial reporting, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control over financial reporting. Accordingly, we express no such opinion.

Edgar Filing: LIVE VENTURES Inc - Form 10-K

Our audit included performing procedures to assess the risks of material misstatement of the financial statements, whether due to error or fraud, and performing procedures that respond to those risks. Such procedures included examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements. Our audits also included evaluating the accounting principles used and significant estimates made by management, as well as evaluating the overall presentation of the financial statements. We believe that our audits provide a reasonable basis for our opinion.

Report of Independent Registered Public Accounting Firm

Board of Directors and Stockholders

Live Ventures Incorporated

Las Vegas, Nevada

We have audited the accompanying consolidated balance sheet of Live Ventures Incorporated as of September 30, 2017 and the related consolidated statements of income, stockholders' equity, and cash flows for the year then ended. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. The Company is not required to have, nor were we engaged to perform, an audit of its internal control over financial reporting. Our audit included consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control over financial reporting. Accordingly, we express no such opinion. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the consolidated financial statements referred to above present fairly, in all material respects, the financial position of Live Ventures Incorporated at September 30, 2017, and the results of its operations and its cash flows for the year then ended, in conformity with accounting principles generally accepted in the United States of America.

LIVE VENTURES INCORPORATED AND SUBSIDIARIES
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS
FOR THE YEARS ENDED SEPTEMBER 30, 2018 AND 2017

Note 1: Background and Basis of Presentation

The accompanying condensed consolidated financial statements include the accounts of Live Ventures Incorporated, a Nevada corporation, and its subsidiaries (collectively, the “Company”). Commencing in fiscal year 2015, the Company began a strategic shift in its business plan away from providing online marketing solutions for small and medium sized business to acquiring profitable companies in various industries that have demonstrated a strong history of earnings power. The Company continues to actively develop, revise and evaluate its products, services and its marketing strategies in its businesses. The Company has three operating segments: Manufacturing, Retail and Online (our new name for the previously named Marketplace Platform segment) and Services. With Marquis Industries, Inc. (“Marquis”), the Company is engaged in the manufacture and sale of carpet and the sale of vinyl and wood floorcoverings. With Vintage Stock, Inc. (“Vintage Stock”), the Company is engaged in the retail sale of new and used movies, music, collectibles, comics, books, games, game systems and components. With ApplianceSmart, Inc. (“ApplianceSmart”), the Company is engaged in the sale of new major appliances through a chain of company-owned retail stores.

All data for common stock, options and warrants have been adjusted to reflect the 1-for-6 reverse stock split (which took effect on December 5, 2016) for all periods presented. In addition, all common stock prices, and per share data for all periods presented have been adjusted to reflect the 1-for-6 reverse stock split.

Note 2: Summary of Significant Accounting Policies

Principles of Consolidation

The accompanying consolidated financial statements for fiscal years 2018 and 2017 include the accounts of Live Ventures Incorporated and its wholly-owned subsidiaries. On July 6, 2015, the Company acquired 80% of Marquis Industries, Inc. and subsidiaries (“Marquis”). Effective November 30, 2015, the Company acquired the remaining 20% of Marquis. On November 3, 2016, the Company acquired 100% of Vintage Stock, Inc., a Missouri corporation (“Vintage Stock”), through its newly formed, wholly-owned subsidiary, Vintage Stock Affiliated Holdings LLC (“VSAH”). Effective December 30, 2017, the Company acquired 100% of ApplianceSmart through its newly formed,

wholly-owned subsidiary, ApplianceSmart Holdings LLC (“ASH”). All intercompany transactions and balances have been eliminated in consolidation.

Use of Estimates

The preparation of the consolidated financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the consolidated financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Significant estimates made in connection with the accompanying consolidated financial statements include the estimate of dilution and fees associated with billings, the estimated reserve for doubtful current and long-term trade and other receivables, the estimated reserve for excess and obsolete inventory, estimated fair value and forfeiture rates for stock-based compensation, fair values in connection with the analysis of goodwill, other intangibles and long-lived assets for impairment, current portion of notes payable, valuation allowance against deferred tax assets and estimated useful lives for intangible assets and property and equipment.

Financial Instruments

Financial instruments consist primarily of cash equivalents, trade and other receivables, advances to affiliates and obligations under accounts payable, accrued expenses and notes payable. The carrying amounts of cash equivalents, trade receivables and other receivables, accounts payable, accrued expenses and short-term notes payable approximate fair value because of the short maturity of these instruments. The fair value of the long-term debt is calculated based on interest rates available for debt with terms and maturities similar to the Company’s existing debt arrangements, unless quoted market prices are available (Level 2 inputs). The carrying amounts of long-term debt at September 30, 2018 and 2017 approximate fair value.

Restricted Cash

Restricted cash represents funds on account at a bank used to secure a letter of credit in favor of Whirlpool Corporation in the face amount of \$750,000.

Cash and Cash Equivalents

Cash and Cash equivalents consist of highly liquid investments with a maturity of three months or less at the time of purchase. Restricted cash consists of balances on deposit, \$750,447 as of September 30, 2018, pledged as collateral for a letter of credit. Fair value of cash equivalents and restricted cash approximates carrying value.

Trade Receivables

The Company grants trade credit to customers under credit terms that it believes are customary in the industry it operates and does not require collateral to support customer trade receivables. Some of the Company's trade receivables are factored primarily through two factors. Factored trade receivables are sold without recourse for substantially all of the balance receivable for credit approved accounts. The factor purchases the trade receivable(s) for the gross amount of the respective invoice(s), less factoring commissions, trade and cash discounts. The factor charges the Company a factoring commission for each trade account, which is between 0.75-1.00% of the gross amount of the invoice(s) factored on the date of the purchase, plus interest calculated at 3.25%-6% per annum. The minimum annual commission due the factor is \$112,500 per contract year.

Allowance for Doubtful Accounts

The Company maintains an allowance for doubtful accounts, which includes allowances for accounts and factored trade receivables, customer refunds, dilution and fees from LEC billing aggregators and other uncollectible accounts. The allowance for doubtful accounts is based upon historical bad debt experience and periodic evaluations of the aging and collectability of the trade receivables. This allowance is maintained at a level which the Company believes is sufficient to cover potential credit losses and trade receivables are only written off to bad debt expense as uncollectible after all reasonable collection efforts have been made. The Company has also purchased accounts receivable credit insurance to cover non-factored trade and other receivables which helps reduce potential losses due to doubtful accounts. At September 30, 2018 and 2017, the allowance for doubtful accounts was \$855,709 and \$1,091,223, respectively.

Inventories

Manufacturing Segment

Inventories are valued at the lower of the inventory's cost (first in, first out basis) or market of the inventory. Management compares the cost of inventory with its net realizable value and an allowance is made to write down inventory to net realizable value, if lower. Management also reviews inventory to determine if excess or obsolete inventory is present and a reserve is made to reduce the carrying value for inventory for such excess and or obsolete inventory. At September 30, 2018 and September 30, 2017, the reserve for obsolete inventory was \$91,940.

Retail and Online Segment

Merchandise Inventories are valued at the lower of cost or market using the average cost method which approximates first in first out ("FIFO"). Under the average cost method, as new product is received from vendors, its current cost is added to the existing cost of product on-hand and this amount is re-averaged over the cumulative units in inventory available for sale. Pre-owned products traded in by customers are recorded as merchandise inventory for the amount of cash consideration or store credit less any premiums given to the customer. Management reviews the merchandise inventory to make required adjustments to reflect potential obsolescence or the lower of cost or market. In valuing merchandise inventory, management considers quantities on hand, recent sales, potential price protections, returns to vendors and other factors. Management's ability to assess these factors is dependent upon forecasting customer demand and providing a well-balanced merchandise assortment. Merchandise Inventory valuation is adjusted based on anticipated physical inventory losses or shrinkage and actual losses resulting from periodic physical inventory counts. Merchandise inventory reserves as of September 30, 2018 and September 30, 2017 were \$1,110,729 and \$1,256,629, respectively.

Property and Equipment

Property and Equipment are stated at cost less accumulated depreciation. Expenditures for repairs and maintenance are charged to expense as incurred and additions and improvements that significantly extend the lives of assets are capitalized. Upon sale or other retirement of depreciable property, the cost and accumulated depreciation are removed from the related accounts and any gain or loss is reflected in operations. Depreciation is computed using the straight-line method over the estimated useful lives of the assets. The useful lives of building and improvements are three to forty years, transportation equipment is five to ten years, machinery and equipment are five to ten years, furnishings and fixtures are three to five years and office and computer equipment are three to five years. Depreciation expense was \$4,647,798 and \$4,141,684 for the years ended September 30, 2018, and 2017, respectively.

We periodically review our property and equipment when events or changes in circumstances indicate that their carrying amounts may not be recoverable or their depreciation or amortization periods should be accelerated. We assess recoverability based on several factors, including our intention with respect to our stores and those stores projected undiscounted cash flows. An impairment loss would be recognized for the amount by which the carrying amount of the assets exceeds their fair value, as approximated by the present value of their projected discounted cash flows.

Goodwill

The Company accounts for purchased goodwill and intangible assets in accordance with ASC 350, *Intangibles—Goodwill and Other*. Under ASC 350, purchased goodwill are not amortized; rather, they are tested for impairment on at least an annual basis. Goodwill represents the excess of consideration paid over the fair value of underlying identifiable net assets of business acquired.

We test goodwill annually on July 1 of each fiscal year or more frequently if events arise or circumstances change that indicate that goodwill may be impaired. The Company assesses whether goodwill impairment exists using both the qualitative and quantitative assessments. The qualitative assessment involves determining whether events or circumstances exist that indicate it is more likely than not that the fair value of a reporting unit is less than its' carrying amount, including goodwill. If based on this qualitative assessment the Company determines it is not more likely than not that the fair value of a reporting unit is less than its carrying amount or if the Company elects not to perform a qualitative assessment, a quantitative assessment is performed using a two-step approach required by ASC 350 to determine whether a goodwill impairment exists.

The first step of the quantitative test is to compare the carrying amount of the reporting unit's assets to the fair value of the reporting unit. If the fair value exceeds the carrying value, no further evaluation is required, and no impairment loss is recognized. If the carrying amount exceeds the fair value, then the second step is required to be completed, which involves allocating the fair value of the reporting unit to each asset and liability using the guidance in ASC 805 ("*Business Combinations, Accounting for Identifiable Intangible Assets in a Business Combination*"), with the excess being applied to goodwill. An impairment loss occurs if the amount of the recorded goodwill exceeds the implied goodwill. The determination of the fair value of our reporting units is based, among other things, on estimates of future operating performance of the reporting unit being valued. We are required to complete an impairment test for goodwill and record any resulting impairment losses at least annually. Changes in market conditions, among other factors, may have an impact on these estimates and require interim impairment assessments.

When performing the two-step quantitative impairment test, the Company's methodology includes the use of an income approach which discounts future net cash flows to their present value at a rate that reflects the Company's cost of capital, otherwise known as the discounted cash flow method ("DCF"). These estimated fair values are based on estimates of future cash flows of the businesses. Factors affecting these future cash flows include the continued market acceptance of the products and services offered by the businesses, the development of new products and services by the businesses and the underlying cost of development, the future cost structure of the businesses, and future technological changes. The Company also incorporates market multiples for comparable companies in determining the fair value of our reporting units. Any such impairment would be recognized in full in the reporting period in which it has been identified.

Intangible Assets

The Company's intangible assets consist of customer relationship intangibles, favorable leases, trade names, licenses for the use of internet domain names, Universal Resource Locators, or URL's, software, and marketing and technology related intangibles. Upon acquisition, critical estimates are made in valuing acquired intangible assets, which include but are not limited to: future expected cash flows from customer contracts, customer lists, and estimating cash flows from projects when completed; tradename and market position, as well as assumptions about the period of time that customer relationships will continue; and discount rates. Management's estimates of fair value are based upon assumptions believed to be reasonable, but which are inherently uncertain and unpredictable and, as a result, actual results may differ from the assumptions used in determining the fair values. All intangible assets are capitalized at their original cost and amortized over their estimated useful lives as follows: domain name and marketing – 3 to 20 years; software – 3 to 5 years, customer relationships – 7 to 15 years, favorable leases – over the life of the lease, customer lists – to 20 years, trade names – to 20 years. Intangible amortization expense is \$1,400,582 and \$863,864 for the years ended September 30, 2018, and 2017, respectively.

Revenue Recognition

Manufacturing Segment

The Manufacturing Segment derives revenue primarily from the sale of carpet products, including shipping and handling amounts, which are recognized when the following requirements have been met: (i) there is persuasive evidence of an arrangement, (ii) the sales transaction price is fixed or determinable, (iii) title, ownership and risk of loss have been transferred to the customer, (iv) allocation of sales price to specific performance obligations, and (v) performance obligations are satisfied. At the time revenue is recognized, the Company records a provision for the estimated amount of future returns based primarily on historical experience and any known trends or conditions that exist at the time revenue is recognized. Revenues are recorded net of taxes collected from customers. All direct costs are either paid and or accrued for in the period in which the sale is recorded.

Retail and Online Segment

The Retail and Online Segment derives revenue primarily from direct sales of entertainment and appliance products and services, including shipping and handling amounts, which are recognized when the following requirements have been met: (i) there is persuasive evidence of an arrangement, (ii) the sales transaction price is fixed or determinable, (iii) title or use rights, ownership and risk of loss have been transferred to the customer, (iv) allocation of sales price to specific performance obligations, and (v) performance obligations are satisfied. At the time revenue is recognized, the

Company records a provision for the estimated amount of future returns based primarily on historical experience and any known trends or conditions that exist at the time revenue is recognized. Revenues are recorded net of taxes collected from customers. All direct costs are either paid and or accrued for in the period in which the sale is recorded.

Services Segment

The Services Segment recognizes revenue from directory subscription services as billed for and accepted by the customer. Directory services revenue is billed and recognized monthly for directory services subscribed. The Company has utilized outside billing companies to perform direct ACH withdrawals. For billings via ACH withdrawals, revenue is recognized when such billings are accepted by the customer. Customer refunds are recorded as an offset to gross Services Segment revenue.

Revenue for billings to certain customers that are billed directly by the Company and not through outside billing companies is recognized based on estimated future collections which are reasonably assured. The Company continuously reviews this estimate for reasonableness based on its collection experience.

Shipping and Handling

The Company classifies shipping and handling charged to customers as revenues and classifies costs relating to shipping and handling as cost of revenues.

Customer Liabilities

The Company establishes a liability upon the issuance of merchandise credits and the sale of gift cards. Breakage income related to gift cards which are no longer reportable under state escheatment laws of \$47,603 and \$158,532 for the period of November 3, 2016 through September 30, 2017 and fiscal year ended September 30, 2018, respectively, is recorded in other income in our consolidated financial statements. No amounts were recorded for breakage for any period prior to November 3, 2016.

Advertising Expense

Advertising expense is charged to operations as incurred. Advertising expense totaled \$493,789 and \$746,041 for the years ended September 30, 2018 and 2017, respectively.

Fair Value Measurements

ASC Topic 820, "Fair Value Measurements and Disclosures," requires disclosure of the fair value of financial instruments held by the Company. ASC topic 825, "Financial Instruments," defines fair value, and establishes a three-level valuation hierarchy for disclosures of fair value measurement that enhances disclosure requirements for fair value measures. The three levels of valuation hierarchy are defined as follows: Level 1 - inputs to the valuation methodology are quoted prices for identical assets or liabilities in active markets. Level 2 - to the valuation methodology include quoted prices for similar assets and liabilities in active markets, and inputs that are observable for the asset or liability, either directly or indirectly, for substantially the full term of the financial instrument. Level 3 - inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Income Taxes

The Company accounts for income taxes using the asset and liability method. The asset and liability method requires recognition of deferred tax assets and liabilities for expected future tax consequences of temporary differences that currently exist between tax bases and financial reporting bases of the Company's assets and liabilities. Deferred income tax assets and liabilities are measured using enacted tax rates expected to apply to taxable income in the years in which these temporary differences are expected to be recovered or settled. The effect on deferred tax assets and liabilities of a change in tax rates is recognized in income in the period that includes the enactment date. A valuation allowance is provided on deferred taxes if it is determined that it is more likely than not that the asset will not be

realized. The Company recognizes penalties and interest accrued related to income tax liabilities in the provision for income taxes in its Consolidated Statements of Income.

Significant management judgment is required to determine the amount of benefit to be recognized in relation to an uncertain tax position. The Company uses a two-step process to evaluate tax positions. The first step requires an entity to determine whether it is more likely than not (greater than 50% chance) that the tax position will be sustained. The second step requires an entity to recognize in the financial statements the benefit of a tax position that meets the more-likely-than-not recognition criterion. The amounts ultimately paid upon resolution of issues raised by taxing authorities may differ materially from the amounts accrued and may materially impact the financial statements of the Company in future periods.

Lease Accounting

We lease retail stores, warehouse facilities and office space. These assets and properties are generally leased under noncancelable agreements that expire at various dates through 2024 with various renewal options for additional periods. The agreements, which have been classified as operating leases, generally provide for minimum and, in some cases percentage rent and require us to pay all insurance, taxes and other maintenance costs. Leases with step rent provisions, escalation clauses or other lease concessions are accounted for on a straight-line basis over the lease term and include “rent holidays” (periods in which we are not obligated to pay rent). Cash or lease incentives received upon entering into certain store leases (“tenant improvement allowances”) are recognized on a straight-line basis as a reduction to rent expense over the lease term. We record the unamortized portion of tenant improvement allowances as a part of deferred rent. We do not have leases with capital improvement funding. Percentage rentals are based on sales performance in excess of specified minimums at various stores and are accounted for in the period in which the amount of percentage rent can be accurately estimated.

Stock-Based Compensation

The Company from time to time grants restricted stock awards and options to employees, non-employees and Company executives and directors. Such awards are valued based on the grant date fair-value of the instruments, net of estimated forfeitures. The value of each award is amortized on a straight-line basis over the vesting period.

Earnings Per Share

Earnings per share is calculated in accordance with ASC 260, “*Earnings Per share*”. Under ASC 260 basic earnings per share is computed using the weighted average number of common shares outstanding during the period except that it does not include unvested restricted stock subject to cancellation. Diluted earnings per share is computed using the weighted average number of common shares and, if dilutive, potential common shares outstanding during the period. Potential common shares consist of the incremental common shares issuable upon the exercise of warrants, options, restricted shares and convertible preferred stock. The dilutive effect of outstanding restricted shares, options and warrants is reflected in diluted earnings per share by application of the treasury stock method. Convertible preferred stock is reflected on an if-converted basis.

Segment Reporting

ASC Topic 280, “*Segment Reporting*,” requires use of the “management approach” model for segment reporting. The management approach model is based on the way a Company’s management organizes segments within the Company for making operating decisions and assessing performance. The Company determined it has three reportable segments (See Note 17).

Concentration of Credit Risk

The Company maintains cash balances at several banks in several states including, Arkansas, California, Colorado, Georgia, Idaho, Illinois, Kansas, Missouri, Minnesota, Nevada, New Mexico, New York, Ohio, Oklahoma, Texas, and Utah. Accounts are insured by the Federal Deposit Insurance Corporation up to \$250,000 per institution as of September 30, 2018. At times, balances may exceed federally insured limits.

Recently Issued Accounting Pronouncements

ASU 2016-02, *Leases (Topic 842)*. The standard requires a lessee to recognize a liability to make lease payments and a right-of-use asset representing a right to use the underlying asset for the lease term on the balance sheet. The ASU is effective for fiscal years, and interim periods within those years, beginning after December 15, 2018, with early adoption permitted. We are currently evaluating the impact that this standard will have on our consolidated financial statements.

Note 3: Comprehensive Income

Comprehensive income is the sum of net income and other items that must bypass the income statement because they have not been realized, including items like an unrealized holding gain or loss from available for sale securities and foreign currency translation gains or losses. For our Company, for years ended September 30, 2018 and 2017, net income does not differ from comprehensive income.

Note 4: Acquisitions

Acquisition of Vintage Stock Inc.

On November 3, 2016 (the “Closing Date”), the Company, through its newly formed, wholly-owned subsidiary, VSAH, entered into a series of agreements in connection with its purchase of Vintage Stock. Vintage Stock is a retailer that sells, buys and trades new and used movies, books, collectibles, games, comics, music and other retail products.

Total consideration paid of \$57,653,698 was paid through a combination of \$8,000,000 of capital provided by the Company and debt financing provided by (i) Texas Capital Bank Revolver Loan in the aggregate amount of approximately \$12,000,000, mezzanine financing from the Capital Term Loan of approximately \$30 million, and the Company issued \$10,000,000 in subordinated acquisition notes payable to the sellers of Vintage Stock, as more fully described in Note 9.

The following table below summarizes our final purchase price allocation of the consideration paid to the respective fair values of the assets acquired and liabilities assumed in the Vintage Stock acquisition as of the closing date. The Company finalized its estimates after it was able to determine that it had obtained all necessary information that existed as of the acquisition date related to these matters.

Cash and cash equivalents	\$272,590
Trade and other receivables	177,338
Inventory	18,711,192
Prepaid expenses and other current assets	814,201
Property and equipment	4,859,676
Intangible - leases	1,033,412
Intangible - trade names	1,200,000
Intangible - customer list	50,000
Intangible - customer relationship	1,000,000
Goodwill	36,946,735
Notes payable	(542,074)
Accounts payable	(5,165,612)
Accrued expenses	(1,703,760)
	\$57,653,698

In connection with the purchase of Vintage Stock, we incurred bank fees of \$15,000, appraisal fees of \$20,497, legal fees of \$192,339 and consulting fees of \$119,774 – for a total of \$347,610; all of which was recorded as general and administrative expense during the year ended September 30, 2017. Goodwill of \$36,946,735 is the excess of total consideration less identifiable assets at fair value less debt assumed at fair value and is tax deductible. Goodwill is attributable to Vintage Stock’s management, assembled workforce, operating model, the number of stores, locations and competitive presence in each of its respective markets.

The operating results of Vintage Stock have been included in our consolidated financial statements beginning on November 3, 2016 and are reported in our Retail and Online segment.

The estimated fair value of the customer relationship intangible related to Vintage Stock was determined using the income approach, which discounts expected future cash flows to present value. The Company estimated the fair value of this intangible asset using the residual method and a present value discount rate of 17%, totaling \$1,000,000. Customer relationships relate to the Company's ability to sell existing and future products. The Company is amortizing the Customer relationships intangible asset on a straight-line basis over an estimated life of 5 years.

The estimated fair value of the trade names intangible that Vintage Stock uses – “Vintage Stock”, “EntertainMart” and “Movie Trading Company” was determined using a royalty income approach, which estimates an assumed royalty income stream and then discounts that expected future revenue or cash flow stream to present value. The Company estimated the fair value of this intangible asset using the residual method and a present value discount rate of 17%, totaling \$1,200,000. Trade names relate to the Company's brand awareness by consumers in the market place. The Company is amortizing the trade names intangible asset on a straight-line basis over an estimated life of 7 years.

The estimated fair value of the customer list intangible asset was determined using the cost approach, which estimates the cost to acquire each email address in the list. The Company estimated the fair value of this intangible asset to be \$0.19 per acquired email address, less a discount 40% attributable to domain and trade names or a net cost per email address of \$0.11 or approximately \$50,000. The Company is amortizing the customer list intangible asset on a straight-line basis over an estimated life of 3 years.

The unaudited pro forma information below presents statement of income data for the years ended September 30, 2017, as if the acquisition of Vintage Stock took place on October 1, 2016.

	Year Ended September 30, 2017
Net revenue	\$76,133,061
Gross profit	43,735,263
Operating income	11,167,940
Net income	5,517,942
Earnings per basic common share	\$2.50

Acquisition of ApplianceSmart Inc.

On December 30, 2017 (the “ApplianceSmart Closing Date”), the Company, through its newly formed, wholly-owned subsidiary, ApplianceSmart Affiliated Holdings LLC (“ASH”), entered into a series of agreements in connection with its purchase of ApplianceSmart. ApplianceSmart is a retailer engaged in the sale of new major appliances through a chain of company-owned retail stores.

Total consideration was \$6,500,000, with no liabilities assumed by ASH. On December 30, 2017, ASH agreed to pay the \$6,500,000 no later than March 31, 2018. Effective April 1, 2018, ASH issued an interest bearing promissory note to the Seller, with interest at 5% per annum, with a three-year term in the original amount of \$3,919,494 for the balance of the purchase price. Interest is payable monthly in arrears. Ten percent of the outstanding principal amount is due to be repaid annually on a quarterly basis, with any remainder due and payable on maturity, April 1, 2021. This promissory note is guaranteed by ApplianceSmart. The remaining \$2,580,506 was paid in cash by ASH to the Seller. ASH may reborrow funds, and pay interest on such re-borrowings, from the Seller up to the Original Principal amount. On December 31, 2017, ASH offset certain liabilities and was provided certain assets from the Seller in the net amount of \$1,607,369, against the amount due to the Seller. ASH and Seller agreed to the offset as if it were payment in cash against the purchase price. At September 30, 2018, the net amount owing to the Seller was \$3,821,507 and is included in long term debt, related parties. See Note 9.

Net liabilities assumed by ASH on December 31, 2017:

Accounts payable	\$1,374,647
Accrued expenses	1,080,255

Edgar Filing: LIVE VENTURES Inc - Form 10-K

Capital leases	29,631
Credit card receivables	(255,301)
Cash	(621,863)
Total net liabilities assumed by ASH	\$1,607,369

The table below summarizes our final purchase price allocation of the consideration paid to the respective fair values of the assets acquired in the ApplianceSmart acquisition as of the ApplianceSmart Closing Date. The Company finalized its estimates after it determined that it had obtained all necessary information that existed as of the ApplianceSmart Acquisition Date related to these matters.

Trade receivables	\$1,805,545
Inventory	7,444,282
Prepaid expenses	69,347
Refundable deposits	1,003,841
Intangible asset - trade names	2,015,000
Intangible asset - customer list	5,202
Intangible asset - leases	1,205,596
Restricted cash	750,000
Property and equipment	1,094,503
Deferred income tax	(1,599,560)
Bargain gain on acquisition	(7,293,756)
	\$6,500,000

The operating results of ApplianceSmart are included in our audited consolidated financial statements beginning on December 31, 2017 and are reported in our Retail and Online Segment.

The estimated fair value of the customer list intangible asset was determined using the cost approach, which estimates the cost to acquire each email address in the list. The Company estimated the fair value of this intangible asset to be \$0.10 per acquired active contact email or approximately \$5,202. The Company is amortizing the customer list intangible asset on a straight-line basis over an estimated life of 20 years.

The estimated fair value of the trade names intangible that ApplianceSmart uses – “ApplianceSmart” was determined using a royalty income approach, which estimates an assumed royalty income stream and then discounts that expected future revenue or cash flow stream to present value. The Company estimated the fair value of this intangible asset using the residual method of 0.5% and a present value discount rate of 18.6%, or \$2,015,000. Trade name relates to the Company’s brand awareness by consumers in the market place. The Company is amortizing the trade name intangible asset on a straight-line basis over an estimated life of 20 years.

The estimated fair value of the lease assets that ApplianceSmart leases was determined comparing the existing leases assumed to current market rates within a three-mile radius of existing stores. These market rates were then compared to existing ApplianceSmart contracted lease rates over the remaining lease terms. If the lease contract began within six months of acquisition date or the square footage price difference was within 10% of the contracted lease rate, or the overall discounted cash flow effect of the difference was less than \$150,000, the lease was excluded for intangible valuation purposes. The remaining leases that were included were then compared to market rates, with the differences discounted using a discount rate of 7.50% to determine the discounted present value of the lease intangibles. The Company is amortizing the lease intangibles on a straight-line basis over the remaining life of each lease ranging between two and ten years.

The unaudited pro forma information below presents statement of income data for the years ended September 30, 2018 and September 30, 2017, as if the acquisition of ApplianceSmart took place on October 1, 2016.

	Year Ended September 30, 2018	Year Ended September 30, 2017
Net revenue	\$44,138,639	\$59,112,048
Gross profit	9,301,315	16,122,521
Operating income	(7,161,319)	1,410,022
Net income	637,819	676,636
Earnings per basic common share	\$0.32	\$0.31

F-17

Note 6: Intangibles

The Company's intangible assets consist of customer relationship intangibles, trade names, favorable leases, licenses for the use of internet domain names, Universal Resource Locators, or URL's, software, and marketing and technology related intangibles. All such assets are capitalized at their original cost and amortized over their estimated useful lives as follows: domain name and marketing – 3 to 20 years; software – 3 to 5 years, customer relationships – 7 to 15 years, favorable leases – over the life of the lease, outstanding lists – 20 years, trade names – 20 years. When certain events or changes in operating conditions occur, an impairment assessment is performed and lives of intangible assets with determined lives may be adjusted. Intangible amortization expense is \$1,400,582 and \$863,864 for the years ended September 30, 2018 and 2017, respectively.

The following summarizes estimated future amortization expense related to intangible assets that have net balances:

As of September 30.

2019	\$1,287,603
2020	1,107,465
2021	1,052,377
2022	841,974
2023	514,407
Thereafter	1,862,021
	\$6,665,847

Note 7: Goodwill

Goodwill is not amortized, rather it is evaluated for impairment on July 1 annually or when indicators of a potential impairment are present. The annual evaluation for impairment of goodwill is based on valuation models that incorporate assumptions and internal projections of expected future cash flows and operating plans. We believe such assumptions are also comparable to those that would be used by other marketplace participants. There was no goodwill impairment during fiscal 2018.

Note 8: Long-Term Debt

Bank of America Revolver Loan

On July 6, 2015, Marquis entered into a \$15 million revolving credit agreement with Bank of America Corporation (“BofA Revolver”). The BofA Revolver is a five-year, asset-based facility that is secured by substantially all of Marquis’ assets. Availability under the BofA Revolver is subject to a monthly borrowing base calculation.

Payment obligations under the BofA Revolver include monthly payments of interest and all outstanding principal and accrued interest thereon due in July 2020, which is when the BofA Revolver loan agreement terminates. The BofA Revolver is recorded as a currently liability due to a lockbox requirement, and a subjective acceleration clause as part of the agreement.

Borrowing availability under the BofA Revolver is limited to a borrowing base which allows Marquis to borrow up to 85% of eligible accounts receivable, plus the lesser of (i) \$7,500,000; (ii) 65% of the value of eligible inventory; or (iii) 85% of the appraisal value of the eligible inventory. For purposes of clarity, the advance rate for inventory is 55.3% for raw materials, 0% for work-in-process and 70% for finished goods subject to eligibility, special reserves and advance limit. Letters of credit reduce the amount available to borrow under the BofA Revolver by an amount equal to the face value of the letters of credit.

As of February 22, 2017, Marquis’ ability to make prepayments against Marquis subordinated debt, including the related party loan with Isaac Capital Group, LLC (“ICG”) and pay cash dividends is generally permitted if (i) excess availability under the BofA Revolver is more than \$4 million, and has been for each of the 90 days preceding the requested distribution and (ii) excess availability under the BofA Revolver is more than \$4 million, and the fixed charge coverage ratio, as calculated on a pro-forma basis for the prior 12 months is 2:1 or greater. Restrictions apply to our ability to make additional prepayments against Marquis subordinated debt and pay cash dividends if the fixed charge coverage ratio, as calculated on a pro-forma basis for the prior 12 months is less than 2:1 and excess availability under the BofA Revolver is less than \$4 million at the time of payment or distribution. There is no restriction on dividends that can be taken by the Company so long as Marquis maintains \$4 million of current availability at the time of the dividend or distribution. This translates to having no restriction on Net Income so long as the Company retains sufficient assets to establish \$4 million of current availability and continues to meet the required fixed charge coverage ratio of 2:1 as stated above.

The BofA Revolver places certain restrictions and covenants on Marquis, including a limitation on asset sales, additional liens, investment, loans, guarantees, acquisitions, incurrence of additional indebtedness for Marquis to maintain a fixed charge coverage ratio of at least 1.05 to 1, tested as of the last day of each month for the twelve consecutive months ending on such day.

The BofA Revolver Loan bears interest at a variable rate based on a base rate plus a margin. The current base rate is the greater of (i) Bank of America prime rate, (ii) the current federal funds rate plus 0.50%, or (iii) 30-day LIBOR plus 1.00% plus the margin, which varies, depending on the fixed coverage ratio table below. Levels I – IV determine the interest rate to be charged Marquis which is based on the fixed charge coverage ratio achieved.

Level	Fixed Charge Coverage Ratio	Base Rate Revolver	LIBOR Revolver	Base Rate Term	LIBOR Term Loans
I	>2.00 to 1.00	0.50%	1.50%	0.75%	1.75%
II	<2.00 to 1.00 but >1.50 to 1.00	0.75%	1.75%	1.00%	2.00%
III	<1.50 to 1.00 but >1.20 to 1.00	1.00%	2.00%	1.25%	2.25%
IV	<1.2 to 1.00	1.25%	2.25%	1.50%	2.50%

On October 20, 2016, Marquis and Bank of America agreed that Level IV interest rates would be applicable until October 20, 2017, and the Level would subsequently be adjusted up or down on a quarterly basis going forward based upon the above fixed coverage ratio achieved by Marquis.

The BofA Revolver provides for customary events of default with corresponding grace periods, including failure to pay any principal or interest when due, failure to comply with covenants, change in control of Marquis, a material representation or warranty made by us or the borrowers proving to be false in any material respect, certain bankruptcy, insolvency or receivership events affecting Marquis or its subsidiaries, defaults relating to certain other indebtedness, imposition of certain judgments and mergers or the liquidation of Marquis or certain of its subsidiaries. On September 30, 2017, total additional availability under the BofA Revolver was \$9,691,672, with \$4,850,815 outstanding, and outstanding standby letters of credit of \$72,715. During the period of October 1, 2017 through September 30, 2018, Marquis cumulatively borrowed \$94,696,505 and repaid \$91,946,715 under the BofA Revolver. Maximum borrowing under the BofA Revolver is \$15,000,000. Our maximum borrowings outstanding during the same period were \$8,530,510. Our weighted average interest rate on those outstanding borrowings for the period of October 1, 2017 through September 30, 2018 was 3.79%. As of September 30, 2018, total additional availability under the BofA Revolver was \$7,326,680; with \$7,600,605 outstanding, and outstanding standby letters of credit of \$72,715.

Real Estate Transaction

On June 14, 2016, Marquis entered into a transaction with Store Capital Acquisitions, LLC. The transaction included a sale-leaseback of land owned by Marquis and a loan secured by the improvements on such land. The total aggregate proceeds received from the sale of the land and the loan was \$10,000,000, which consisted of \$644,479 from the sale of the land and a note payable of \$9,355,521. In connection with the transaction, Marquis entered into a lease with a 15-year term commencing on the closing of the transaction, which provides Marquis an option to extend the lease upon the expiration of its term. The initial annual lease rate is \$59,614. The proceeds from this transaction were used to pay down the BofA Revolver and Term loans, and related party loan, as well as purchasing a building from the previous owners of Marquis that was not purchased in the July 2015 transaction. The note payable bears interest at 9.25% per annum, with principal and interest due monthly. The note payable matures June 13, 2056. For the first five years of the note payable, there is a pre-payment penalty of 5%, which declines by 1% for each year the loan remains un-paid. At the end of five years, there is no pre-payment penalty. In connection with the note payable, Marquis incurred \$457,757 in transaction costs that are being recognized as a debt issuance cost that is being amortized and recorded as interest expense over the term of the note payable.

Kingston Diversified Holdings LLC Agreement (\$2 Million Line of Credit)

On December 21, 2016, the Company and Kingston Diversified Holdings LLC (“Kingston”) entered into an agreement (the “December 21 Agreement”) modifying its then existing agreement between the parties. The December 21 Agreement, effective September 15, 2016, memorializes an October 2015 interim agreement to extend the maturity date of notes issued by Kingston to the Company (the “Kingston Notes”) by twelve months for 55,888 shares of the Company’s Series B Convertible Preferred Stock with a value on September 15, 2016 of \$2,800,000, as a compromise between the parties in respect of certain of their respective rights and duties under the agreement. The December 21 Agreement also decreases the maximum principal amount of the Kingston Notes from \$10,000,000 in principal amount to \$2,000,000 in principal amount, and eliminates any and all actual, contingent, or other obligations of the Company to issue to Kingston any shares of the Company’s common stock, or to grant any rights, warrants, options, or other derivatives that are exercisable or convertible into shares of the Company’s common stock.

Kingston acknowledges that from the effective date through and including December 31, 2021, it shall not sell, transfer, assign, hypothecate, pledge, margin, hedge, trade, or otherwise obtain or attempt to obtain any economic value from any of the shares of Series B Preferred Stock or any shares into which they may be converted or from which they may be exchanged. As a result of the December 21 Agreement, the Company recorded \$2,800,000 as an outstanding accrued liability as of September 30, 2016. As of September 30, 2018, and September 30, 2017, the Company had no borrowings on the Kingston line of credit. On December 29, 2016, the Company issued 55,888 shares of Series B Convertible Preferred Stock in settlement of the outstanding accrued liability due Kingston of \$2,800,000.

Equipment Loans

On June 20, 2016 and August 5, 2016, Marquis entered into a transaction which provided for a master agreement and separate loan schedules (the "Equipment Loans") with Banc of America Leasing & Capital, LLC which provided:

Note #1 is \$5 million, secured by equipment. The Equipment Loan #1 is due September 23, 2021, payable in 59 monthly payments of \$84,273 beginning September 23, 2016, with a final payment in the sum of \$584,273, bearing interest at 3.8905% per annum.

Note #2 is \$2,209,807, secured by equipment. The Equipment Loan #2 is due January 30, 2022, payable in 59 monthly payments of \$34,768 beginning January 30, 2017, with a final payment in the sum of \$476,729, bearing interest at 4.63% per annum.

Note #3 is \$3,679,514, secured by equipment. The Equipment Loan #3 is due December 30, 2023, payable in 84 monthly payments of \$51,658 beginning January 30, 2017, with a final payment due December 30, 2023, bearing interest rate at 4.7985% per annum.

Note #4 is \$1,095,113, secured by equipment. The Equipment Loan #4 is due December 30, 2023, payable in 81 monthly payments of \$15,901 beginning April 30, 2017, with final payment due December 30, 2023, bearing interest at 4.8907% per annum.

Note #5 is \$3,931,591, secured by equipment. The Equipment Loan #5 is due December 28, 2024, payable in 84 monthly payments of \$54,944 beginning January 28, 2018, with the final payment due December 28, 2024, bearing interest at 4.66% per annum.

Texas Capital Bank Revolver Loan

On November 3, 2016, Vintage Stock entered into a \$20 million credit agreement (as amended on January 23, 2017 and as further amended on September 20, 2017) with Texas Capital Bank (“TCB Revolver”). The TCB Revolver is a five-year, asset-based facility that is secured by substantially all of Vintage Stock’s assets. Availability under the TCB Revolver is subject to a monthly borrowing base calculation. On June 7, 2018, the credit agreement was amended reducing the maximum revolving facility to \$12 million. The TCB Revolver matures November 3, 2020.

Payment obligations under the TCB Revolver include monthly payments of interest and all outstanding principal and accrued interest thereon due in November 2020, which is when the TCB Revolver loan agreement terminates. The TCB Revolver has been classified as a non-current liability due to the removal of the subjective acceleration clause as part of the credit agreement amendment on June 7, 2018.

Borrowing availability under the TCB Revolver is limited to a borrowing base which allows Vintage Stock to borrow up to 95% of the appraisal value of the inventory, plus 85% of eligible receivables, net of certain reserves. The borrowing base provides for borrowing up to 95% of the appraisal value for the period of November 4, 2016 through December 31, 2016, then 90% of the appraisal value during the fiscal months of January through September and 92.5% of the appraisal value during the fiscal months of October through December. Letters of credit reduce the amount available to borrow under the TCB Revolver by an amount equal to the face value of the letters of credit.

Vintage Stock's ability to make prepayments against Vintage Stock subordinated debt including the Comvest Term Loan and pay cash dividends is generally permitted if (i) excess availability under the TCB Revolver is more than \$2 million, and is projected to be within 12 months after such payment and (ii) excess availability under the TCB Revolver is more than \$2 million, and the fixed charge coverage ratio, as calculated on a pro-forma basis for the prior 12 months is 1.2:1.0 or greater. Restrictions apply to our ability to make additional prepayments against Vintage Stock subordinated debt including the Comvest Term Loan and pay cash dividends if the fixed charge coverage ratio, as calculated on a pro-forma basis for the prior 12 months is less than 1.2:1.0 and excess availability under the TCB Revolver is less than \$2 million at the time of payment or distribution. There is no restriction on dividends that can be taken by the Company so long as Vintage Stock maintains \$2 million of current availability at the time of the dividend or distribution. This translates to having no restriction on Net Income so long as the Company retains sufficient assets to establish \$2 million of current availability and continues to meet the required fixed charge coverage ratio of 1.2:1 as stated above.

The TCB Revolver places certain restrictions on Vintage Stock, including a limitation on asset sales, a limitation of 25 new leases in any fiscal year, additional liens, investment, loans, guarantees, acquisitions and incurrence of additional indebtedness.

The per annum interest rate under the TCB Revolver is variable and is equal to the one-month LIBOR rate for deposits in United States Dollars that appears on Thomson Reuters British Bankers Association LIBOR Rates Page (or the successor thereto) as of 11:00 a.m., London, England time, on the applicable determination date plus a margin of 2.25%, effective June 7, 2018.

The TCB Revolver provides for customary events of default with corresponding grace periods, including failure to pay any principal or interest when due, failure to comply with covenants, change in control of Vintage Stock, a material representation or warranty made by us or the borrowers proving to be false in any material respect, certain bankruptcy, insolvency or receivership events affecting Vintage Stock, defaults relating to certain other indebtedness, imposition of certain judgments and mergers or the liquidation of Vintage Stock. On September 30, 2018 and September 30, 2017 – we had \$107,405 and \$3,250,393 of additional borrowing availability on the TCB Revolver, respectively. We borrowed \$76,190,921 and repaid \$76,818,763 under the TCB Revolver during the period of October 1, 2017 through September 30, 2018, leaving an outstanding balance on the TCB Revolver of \$11,892,595 and \$12,520,437 at September 30, 2018 and September 30, 2017, respectively. Our maximum borrowings outstanding during the period of October 1, 2017 through September 30, 2018 was \$16,077,915. Our weighted average interest rate on those outstanding borrowings for the period of October 1, 2017 through September 30, 2018 was 4.26%. In connection with the TCB Revolver, Vintage incurred \$25,000 in transaction cost that is being recognized as debt issuance cost that is being amortized and recorded as interest expense over the term of the TCB Revolver.

Capital Term Loan

On November 3, 2016, the Company, through VSAH, entered into a series of agreements in connection with its purchase of Vintage Stock. As a part of those agreements, VSAH and Vintage Stock (the “Term Loan Borrowers”) obtained \$29,871,650 of mezzanine financing from the lenders (the “Term Loan Lenders”) as defined in the term loan agreement (the “Term Loan Agreement”) between the Term Loan Borrowers and Capitala Private Credit Fund V, L.P., in its capacity as lead arranger. Wilmington Trust, National Association, acts as administrative and collateral agent on behalf of the Term Loan Lenders (the “Term Loan Administrative Agent”).

The term loans under the term loan agreement (collectively, the “Capitala Term Loan”) bore interest at the LIBO rate (as described below) or base rate, plus an applicable margin in each case. In their loan notice to the Term Loan Administrative Agent, the Term Loan Borrowers selected the LIBO rate for the initial term loans made under the term loan agreement on the Closing Date.

The interest rate for LIBO rate loans under the term loan agreement were equal to the sum of (a) the greater of (i) a rate per annum equal to (A) the offered rate for deposits in United States Dollars for the applicable interest period and for the amount of the applicable loan that is a LIBOR loan that appears on Bloomberg ICE LIBOR Screen (or any successor thereto) that displays an average ICE Benchmark Administration Limited Interest Settlement Rate for deposits in United States Dollars (for delivery on the first day of such interest period) with a term equivalent to such interest period, determined as of approximately 11:00 a.m. (London time) two business days prior to the first day of such interest period, divided by (B) the sum of one minus the daily average during such interest period of the aggregate maximum reserve requirement (expressed as a decimal) then imposed under Regulation D of the Federal Reserve Board for “Eurocurrency Liabilities” (as defined therein), and (ii) 0.50% per annum, *plus* (b) the sum of (i) 12.50% per annum in cash pay *plus* (ii) 3.00% per annum payable in kind by compounding such interest to the principal amount of the obligations under the Term Loan Agreement on each interest payment date.

The interest rate for base rate loans under the term loan agreement was equal to the sum of (a) the highest of (with a minimum of 1.50%) (i) the federal funds rate plus 0.50%, (ii) the prime rate, and (iii) the LIBO rate plus 1.00%, *plus* (b) the sum of (i) 11.50% per annum payable in cash *plus* (ii) 3.00% per annum payable in kind by compounding such interest to the principal amount of the obligations under the Term Loan Agreement on each interest payment date.

The Term Loans placed certain restrictions and covenants on Vintage Stock, including a limitation on asset sales, additional liens, investment, loans, guarantees, acquisitions and incurrence of additional indebtedness for Vintage Stock. Vintage Stock was required to maintain a fixed charge coverage ratio of 1.3 for year ended September 30, 2017, 1.4 for year ended September 30, 2018 and 1.5 for all years thereafter. For years ended September 30, 2017 and thereafter, Vintage Stock was required to incur no more than \$1.2 million in annual capital expenditures subject to certain cumulative quarter and year to date covenants. Vintage Stock was required to maintain a total leverage ratio of 3.25 for year ended September 30, 2017, 2.5 for year ended September 30, 2018 and 2.0 for all years thereafter. In addition, for quarter ended December 31, 2017, the total leverage ratio could not exceed 3.0 and for quarters ended March 31, 2018 and June 30, 2018, the total leverage ratio could not exceed 2.75.

The Capitala Term Loans provided for customary events of default with corresponding grace periods, including failure to pay any principal or interest when due, failure to comply with covenants, change in control of Vintage Stock, a material representation or warranty made by us or the borrowers proving to be false in any material respect, certain bankruptcy, insolvency or receivership events affecting Marquis or its subsidiaries, defaults relating to certain other indebtedness, imposition of certain judgments and mergers or the liquidation of Vintage Stock or certain of its subsidiaries.

The payment obligations under the Term Loan Agreement included (i) monthly payments of interest and (ii) principal installment payments in an amount equal to \$725,000 due on March 31, June 30, September 30, and December 31 of each year, with the first such payment was due on December 31, 2016. The outstanding principal amounts of the term loans and all accrued interest thereon under the Term Loan Agreement were due and payable in November 2021.

The Term Loan Borrowers could prepay the term loans under the term loan agreement from time to time, subject to the payment (with certain exceptions described below) of a prepayment premium of: (i) an amount equal to 2.0% of the principal amount of the term loan prepaid if prepaid during the period of time from and after the Closing Date up to the first anniversary of the Closing Date; (ii) 1.0% of the principal amount of the term loan prepaid if prepaid during the period of time from and after the first anniversary of the Closing Date up to the second anniversary of the Closing Date; and (iii) zero if prepaid from and after the second anniversary of the Closing Date.

The Term Loan Borrowers may make the following prepayments of the term loans under term loan agreement without being required to pay any prepayment premium:

(i) an amount not to exceed \$3 million of the term loans;

(ii) in addition to any amount prepaid in respect of item (i), an additional amount not to exceed \$1.45 million, but only if that additional amount is paid prior to the first anniversary of the Closing Date; and

(iii) in addition to any amount prepaid in respect of item (i), an additional amount not to exceed the difference between \$2.9 million and any amount prepaid in respect of item (ii), but only if that additional amount is paid from and after the first anniversary of the Closing Date but prior to the second anniversary of the Closing Date.

There were also various mandatory prepayment triggers under the Term Loan Agreement, including in respect of excess cash flow, dispositions, equity and debt issuances, extraordinary receipts, equity contributions, change in control, and failure to obtain required landlord consents. Our weighted average interest rate on our Capitala Term Loan outstanding borrowings for the period of October 1, 2017 through June 7, 2018 was 16.94%. In connection with the Capitala Term Loan, Vintage Stock incurred \$1,088,000 in transaction cost that was being recognized as debt issuance cost that was being amortized and recorded as interest expense over the term of the Capitala Term Loan. On June 7, 2018, the Capitala Term Loan was paid in full, and the Company recorded as additional interest expense \$742,000 of un-amortized debt issuance cost related to the Capitala Term Loan.

Sellers Subordinated Acquisition Note

In connection with the purchase of Vintage Stock, on November 3, 2016, VSAH and Vintage Stock entered into a seller financed mezzanine loan in the amount of \$10 million with the previous owners of Vintage Stock. The Sellers Subordinated Acquisition Note bears interest at 8% per annum, with interest payable monthly in arrears. The Sellers Subordinated Acquisition Note originally had a maturity date of five years and six months from November 3, 2016. On June 7, 2018, in connection with the Comvest Term Loan refinance of the Capitala Term Loan, the Sellers Subordinated Acquisition Note was amended and restated to have a maturity date of September 23, 2023.

Comvest Term Loan

On June 7, 2018, Vintage Stock Affiliated Holdings LLC (“Holdings”) and Vintage Stock, Inc. (the “Borrower”), entered into an Amended and Restated Credit Agreement (the “Credit Agreement”) by and among Borrower, Holdings, the lenders party thereto and Comvest Capital IV, L.P. (“Comvest”), as agent. The Credit Agreement provides for a \$24,000,000 secured term loan (the “Term Loan”). The proceeds of the Term Loan, together with a cash equity contribution of approximately \$4.0 million from the Company to the Borrower, will be used by the Borrower (i) to refinance and terminate the Borrower’s credit facility (the “Prior Credit Facility”) with Capitala Private Credit Fund and certain of its affiliates, as lenders, and Wilmington Trust National Association (the “Term Loan Administrative Agent”), as agent, (ii) to pay transaction costs, and (iii) for the Borrower’s working capital and other general corporate purposes. In connection with the closing of the refinancing transaction with Comvest, all defaults under the Prior Credit Facility were extinguished.

The Term Loan bears interest at the base or LIBOR rates (as described below) plus an applicable margin in each case. The applicable margin ranges from 8.00% to 9.50% per annum (subject to a LIBOR floor of 1.00%) and is determined based on the Borrower’s senior leverage ratio pricing grid. The applicable margin during the first six months following the June 7, 2018 closing is 9.50%.

The base rate under the Comvest Credit Agreement is equal to the greatest of (i) the per annum rate of interest which is identified as the “Prime Rate” and normally published in the Money Rates section of The Wall Street Journal (or, if such rate ceases to be so published, as quoted from such other generally available and recognizable source as Agent may select), (ii) the sum of the Federal Funds Rate plus one half percent (0.50%), (iii) the most recently used LIBO Rate and (iv) two percent (2.00%) per annum.

LIBOR rate is defined as the greater of (a) a rate per annum equal to the London interbank offered rate for deposits in Dollars for a period of one month and for the outstanding principal amount of the Term Loan as published in the

“Money Rates” section of The Wall Street Journal (or another national publication selected by Agent if such rate is not so published), two Business Days prior to the first day of such one month period and (b) one percent (1.00%) per annum.

The Term Loan matures on May 26, 2023 and is subject to amortization of 12.5% (decreasing to 10% upon the Borrower’s senior leverage ratio being less than 1.50 times the Borrower’s EBITDA (as defined in the Credit Agreement)) of principal per annum payable in equal quarterly installments due on March 31, June 30, September 30, and December 31 of each year, with the first such payment due on June 30, 2018; plus, to the extent the Borrower generates excess cash flow (as defined in the Credit Agreement), a percent of such excess cash flow (ranging from 50% to 100%), all in accordance with the terms of the Credit Agreement.

Under the Credit Agreement, any and all mandatory prepayments arising from any voluntary act of the Borrower are subject to a prepayment premium, ranging from 5.00% of the principal amount prepaid plus a make-whole amount to 1.00%, depending on when the mandatory prepayment is made. There is no prepayment premium after June 7, 2021.

The Term Loan is secured by a pledge of substantially all of the assets of the Borrower and a pledge of the capital stock of the Borrower. In addition, the Company is guaranteeing (the “Sponsor Guaranty”) that portion of the Term Loan that results in the Borrower’s senior leverage ratio being greater than 2.30:1.00, and only for so long as such ratio exceeds 2.30:1.00. The Sponsor Guaranty terminates on the date that the Borrower’s senior leverage ratio is less than 2.30:1.00 for two consecutive fiscal quarters.

The Term Loans place certain restrictions and covenants on Vintage Stock, including a limitation on asset sales, additional liens, investment, loans, guarantees, acquisitions and incurrence of additional indebtedness for Vintage Stock. Vintage Stock is required to maintain a minimum of \$12,000,000 of EBITDA on a trailing twelve months basis as measured quarterly starting June 30, 2018 through December 31, 2018. Beginning quarter ending March 31, 2019 and thereafter, Vintage Stock is required to maintain a minimum of \$12,500,000 of EBITDA on a trailing twelve months basis. So long as the Senior leverage ratio is greater than 2.0 to 1.0, Vintage Stock is required to spend no more than \$1,000,000 on capital expenditures in fiscal year 2018, \$1,500,000 in fiscal year 2019, \$2,000,000 in fiscal year 2020, \$1,750,000 in fiscal year 2021, and \$1,500,000 in fiscal years 2022 and thereafter. Vintage Stock is required to maintain a declining maximum senior leverage ratio on a trailing twelve month basis beginning June 30, 2018 of 2.85:1.00, September 30, 2018 2.85:1.00, December 31, 2018 2.65:1.00, March 31, 2019 2.60:1.00, June 30, 2019 2.40:1.00, September 30, 2019 2.10:1.00, December 31, 2019 1.90:1.00, March 31, 2020 1.80:1.00, June 30, 2020 1.75:1.00 and September 30, 2020 and each fiscal quarter thereafter 1.50:1.00. Vintage Stock is required to maintain on a trailing twelve-month basis a minimum fixed charge ratio of no less than 1.30:1.00 for quarters ending June 30, 2018, September 30, 2018 and December 31, 2018. For quarter ending March 31, 2019 1.10:1.00. For quarters ending June 30, 2019, September 30, 2019 and December 31, 2019 1.30:1.00. For quarter ending March 31, 2020 and each fiscal quarter thereafter 1.40:1.00. Vintage Stock may only open three new retail locations within a twelve-month period so long as the senior leverage ratio is 2.00:1.00 or more. If the senior leverage ratio is less than 2.00:1.00, Vintage Stock may only open no more than four new retail locations within a twelve-month period. At all times that the senior leverage ratio is greater than or equal to 1.50:1.00, Vintage Stock cannot have the same store sales percentage to be less than or equal to a negative 5.5 percent as of the last day of any fiscal quarter. Vintage Stock may cure both payment and financial covenant defaults through infusion of equity cures as determined by the Credit Agreement. EBITDA, senior leverage ratio, same store sales decline percentage and fixed charge ratio are terms defined within the Credit Agreement.

In connection with the Comvest Term Loan, Vintage Stock incurred \$1,318,069 in transaction cost that is being recognized as debt issuance cost that is being amortized and recorded as interest expense over the term of the Comvest Term Loan.

Loan Covenant Compliance

We were in compliance with all covenants under our existing revolving and other loan agreements as of September 30, 2017, due to waivers granted by both Texas Capital Bank for the TCB Revolver and Capitala for the Capitala Term Loan. We were not in compliance as of December 31, 2017, with the Capitala Term Loan total leverage ratio and did not anticipate that we would regain compliance with this covenant until sometime in fiscal year ended September 30, 2019, based upon our then current operating forecast. We sought alternatives to resolve the out-of-compliance condition, including negotiating with Capitala and seeking alternative credit sources. The resolution of the out-of-compliance condition had not occurred as of the date of issuance of our fiscal 2017 financial statements. The Capitala Term Loan was classified as a short-term obligation at September 30, 2017, as a result of this default. We were in compliance with all covenants under our existing revolving and other loan agreements as of September 30, 2017 due to waivers granted by both Texas Capital Bank for the TCB Revolver and Capitala for the Capitala Term Loan. We are in compliance as of September 30, 2018 with all covenants under our existing revolving

and other loan agreements.

F-24

Notes Payable as of September 30, 2018 and 2017 consisted of the following:

	September 30, 2018	September 30, 2017
Bank of America Revolver Loan - variable interest rate based upon a base rate plus a margin, interest payable monthly, maturity date July 2020, secured by substantially all Marquis assets	\$7,600,605	\$4,850,815
Texas Capital Bank Revolver Loan - variable interest rate based upon the one-month LIBOR rate plus a margin, interest payable monthly, maturity date November 2020, secured by substantially all Vintage Stock assets and common stock	11,892,595	12,520,437
Note Payable Capitala Term Loan - variable interest rate based upon a base rate plus a margin, 3% per annum interest payable in kind, with the balance of interest payable monthly in cash, principal due quarterly in the amount of \$725,000, maturity date November 2021, note subordinate to Texas Capital Bank Revolver Loan, secured by Vintage Stock Assets	–	28,310,505
Note Payable Comvest Term Loan - variable interest rate based upon LIBOR rate plus a margin, interest payable monthly in cash, principal due quarterly March 31, June 30, September 30, December 31, subject to a variable amortization of principal, maturity date May 26, 2023 note subordinate to Texas Capital Bank Revolver Loan, secured by Vintage Stock Assets	22,500,000	–

Note payable to individual, interest at 11% per annum, payable on a 90 day written notice, unsecured	206,529	206,529
Note payable to individual, interest at 10% per annum, payable on a 90 day written notice, unsecured	500,000	500,000
Note payable to individual, interest at 8.5% per annum, payable on a 120 day written demand notice, unsecured	225,000	225,000
Total notes payable	74,417,281	76,801,159
Less unamortized debt issuance costs	(1,653,458)	(1,353,352)
Net amount	72,763,823	75,447,807
Less current portion	(13,958,355)	(48,877,536)
Long-term portion	\$58,805,468	\$26,570,271

Future maturities of long-term debt at September 30, 2018 are as follows excluding related party debt:

Years ending September 30,	
2019	\$ 13,958,355
2020	5,536,873
2021	17,962,625
2022	4,900,705
2023	21,928,156
Thereafter	10,130,567
Total	\$ 74,417,281

Note 9: Notes payable, related parties

Appliance Recycling Centers of America, Inc. Note

As previously announced by Live Ventures Incorporated (the “Company”), on December 30, 2017, ASH entered into a Stock Purchase Agreement (the “Agreement”) with Appliance Recycling Centers of America, Inc. (the “Seller”) and ApplianceSmart, Inc. (“ApplianceSmart”), a subsidiary of the Seller. Pursuant to the Agreement, ASH purchased (the “Transaction”) from the Seller all of the issued and outstanding shares of capital stock of ApplianceSmart in exchange for \$6,500,000 (the “Purchase Price”). ASH was required to deliver the Purchase Price, and a portion of the Purchase Price was delivered, to the Seller prior to March 31, 2018. Between March 31, 2018 and April 24, 2018, ASH and the Seller negotiated in good faith the method of payment of the remaining outstanding balance of the Purchase Price.

On April 25, 2018, ASH delivered to the Seller that certain Promissory Note (the “ApplianceSmart Note”) in the original principal amount of \$3,919,494 (the “Original Principal Amount”), as such amount may be adjusted per the terms of the ApplianceSmart Note. The ApplianceSmart Note is effective as of April 1, 2018 and matures on April 1, 2021 (the “Maturity Date”). The ApplianceSmart Note bears interest at 5% per annum with interest payable monthly in arrears. Ten percent of the outstanding principal amount will be repaid annually on a quarterly basis, with the accrued and unpaid principal due on the Maturity Date. ApplianceSmart has agreed to guaranty repayment of the ApplianceSmart Note. The remaining \$2,580,506 of the Purchase Price was paid in cash by ASH to the Seller. ASH may reborrow funds, and pay interest on such re-borrowings, from the Seller up to the Original Principal Amount. As of September 30, 2018, there was \$3,821,507 outstanding on the ApplianceSmart Note.

On December 26, 2018, ASH and the Seller amended and restated the ApplianceSmart Note to, among other things, grant the Seller a security interest in the assets of ASH and ApplianceSmart in accordance with the terms of separate

security agreements entered into between ASH and ApplianceSmart, respectively, and the Seller.

Isaac Capital Fund Note

In connection with the acquisition of Marquis by the Company, the Company entered into a mezzanine loan in the amount of up to \$7,000,000 with Isaac Capital Fund (“ICF”), a private lender whose managing member is Jon Isaac, our President and Chief Executive Officer. The ICF mezzanine loan bears interest at 12.5% per annum with payment obligations of interest each month and all principal due in January 2021. As of September 30, 2018, and September 30, 2017, there was \$2,000,000 outstanding on this mezzanine loan.

Long-term debt, related parties as of September 30, 2018 and September 30, 2017 consisted of the following:

	September 30, 2018	September 30, 2017
Note Payable and revolving line of credit to the Sellers of ApplianceSmart, Inc., interest rate is 5% per annum, with interest payable monthly, maturity date April 1, 2021, 10% of principal will be repaid annually on a quarterly basis, with accrued interest and principal due at maturity. ApplianceSmart may reborrow funds up to the Original Principal amount	\$3,821,507	\$-
Note Payable to Isaac Capital Fund, interest rate is 12.5% per annum, with interest payable monthly, maturity date January 2021.	2,000,000	2,000,000
Total notes payable - related parties	5,821,507	2,000,000
Less unamortized debt issuance costs	-	-
Net amount	5,821,507	2,000,000
Less current portion	(391,949)	-
Long-term portion	\$5,429,558	\$2,000,000

Future maturities of notes payable, related parties at September 30, 2018 are as follows:

Years ending September 30,	
2019	\$391,949
2020	391,948
2021	5,037,609
2022	-
2023	-
Thereafter	-
Total	\$5,821,506

Note 10: Stockholders' Equity

Convertible Series B Preferred Shares

On December 27, 2016, the Company established a new series of preferred stock, Series B Convertible Preferred Stock. The shares, as a series, are entitled to dividends as declared by the board of directors in an amount equal to \$1.00 (in the aggregate for all then-issued and outstanding shares of Series B Convertible Preferred Stock). The series does not have any redemption rights or Stock basis, except as otherwise required by the Nevada Revised Statutes. The series does not provide for any specific allocation of seats on the Board of Directors. At any time and from time to time, the shares of Series B Convertible Preferred Stock are convertible into shares of common stock at a ratio of one share of Series B Preferred Stock into five shares of common stock, subject to equitable adjustment in the event of forward stock splits and reverse stock splits.

F-27

The holders of shares of the Series B Convertible Stock have agreed not to sell transfer, assign, hypothecate, pledge, margin, hedge, trade, or otherwise obtain or attempt to obtain any economic value from any of such shares or any shares into which they may be converted (e.g., common stock) or for which they may be exchanged. This “lockup” agreement expires on December 31, 2021. Our Warrant Agreements with ICG have been amended to provide that the shares underlying those warrants are exercisable into shares of Series B Convertible Preferred Stock, which warrant shares are also subject to the same “lockup” agreement as the currently outstanding shares of Series B Convertible Preferred Stock.

During the year ended September 30, 2018, the Company did not issue any Series B preferred shares.

During the year ended September 30, 2017, the Company issued:

55,888 shares of Series B Convertible Preferred Stock were issued to Kingston Diversified Holdings LLC on December 29, 2016 to settle and pay for an outstanding accrued liability in the amount of \$2,800,000. The 55,888 shares of Series B Convertible Preferred Stock issued is convertible at an exchange ratio of (five) shares of common stock for each share of Series B Convertible Preferred Stock, or 279,440 shares of common stock.

158,356 shares of Series B Convertible Preferred Stock were issued to Isaac Capital Group (“ICG”) on December 27, 2016 in exchange for 791,758 shares of our common stock at an exchange ratio of (five) shares of common stock for each share of Series B Convertible Preferred Stock.

Series E Convertible Preferred Stock

As of September 30, 2018, there were 127,840 shares of Series E Convertible Preferred Stock issued and 77,840 shares outstanding. The shares accrue dividends at the rate of 5% per annum on the liquidation preference per share, payable quarterly from legally available funds. The shares carry a cash liquidation preference of \$0.30 per share, plus any accrued but unpaid dividends. If such funds are not available, dividends shall continue to accumulate until they can be paid from legally available funds. Holders of the preferred shares are entitled, after two years from issuance, to convert them into shares of our common stock on a one-to-one basis together with payment of \$85.50 per converted share. On November 18, 2017, the Company repurchased 50,000 shares of Series E Convertible Preferred Stock for an aggregate purchase price of \$4,000.

During the years ended September 30, 2018 and 2017, the Company accrued dividends of \$1,168 and \$1,917, respectively, payable to holders of Series E preferred stock. At year end September 30, 2018, and 2017, respectively, unpaid dividends were \$1,168 and \$959.

Common Stock

On November 22, 2016, the Company's board of directors authorized a one-for-six (1:6) reverse stock split and a contemporaneous one-for-six (1:6) reduction in the number of authorized shares of common stock from 60,000,000 to 10,000,000 shares, to take effect for stockholders of record as of December 5, 2016. No fractional shares were issued. All share, option and warrant related information presented in these financial statements and footnotes has been retroactively adjusted to reflect the decreased number of shares resulting in this action.

During the year ended September 30, 2018, the Company did not issue any common stock.

During the year ended September 30, 2017, the Company issued:

58,333 of common stock were issued to Novalk Apps S.A.S. on December 28, 2016 to settle and pay for an outstanding accrued liability in the amount of \$584,500. The value was based on the market value of the Company's common stock on the date of issuance.

2,284 of common stock were issued to various holders of fractional shares of the Company's common stock pursuant to the 1:6 stock split effective for stockholders of record on December 5, 2016. All fractional shares of the Company's common stock were eliminated.

Treasury Stock

For year ended September 30, 2018, the Company purchased 46,632 shares of its common stock on the open market (treasury shares) for \$550,427. For year ended September 30, 2017, the Company purchased 66,185 shares of its common stock on the open market (treasury shares) for \$699,557. For year ended September 30, 2016, the Company purchased 30,122 shares of its common stock on the open market (treasury common shares) for \$300,027. The Company accounted for the purchase of these treasury shares using the cost method. At September 30, 2018, and 2017, the Company held 142,939 and 96,307 shares of its common stock as treasury shares at a cost of \$1,550,011 and \$999,584, respectively.

2014 Omnibus Equity Incentive Plan

On January 7, 2014, our Board of Directors adopted the 2014 Omnibus Equity Incentive Plan (the “2014 Plan”), which authorizes issuance of distribution equivalent rights, incentive stock options, non-qualified stock options, performance stock, performance units, restricted ordinary shares, restricted stock units, stock appreciation rights, tandem stock appreciation rights and unrestricted ordinary shares to our directors, officer, employees, consultants and advisors. The Company has reserved up to 300,000 shares of common stock for issuance under the 2014 Plan. The Company’s stockholders’ approved the 2014 Plan on July 11, 2014.

Note 11: Warrants

The Company issued several notes in prior periods and converted them resulting in the issuance of warrants. The following table summarizes information about the Company’s warrants at September 30, 2018 and September 30, 2017, respectively:

	Number of units - Series B Convertible preferred warrants	Weighted Average Exercise Price`	Weighted Average Remaining Contractual Term (in years)	Intrinsic Value
Outstanding at September 30, 2017	118,029	\$ 20.80	0.91	\$4,862,230
Exercisable at September 30, 2017	118,029	\$ 20.80	0.91	\$4,862,230
Outstanding at September 30, 2018	118,029	\$ 20.80	1.35	\$2,855,734

Edgar Filing: LIVE VENTURES Inc - Form 10-K

Exercisable at September 30, 2018	118,029	\$ 20.80	1.35	\$2,855,734
-----------------------------------	---------	----------	------	-------------

On December 27, 2016, ICG and the Company agreed to amend and exchange the common stock warrants for warrants to purchase shares of Series B Convertible Preferred Stock, and the number of warrants held adjusted by an exchange ratio of 5:1 shares of common stock for shares of Series B Convertible Preferred Stock. ICG, the holder of the warrants outstanding, is not permitted to sell, transfer, assign, hypothecate, pledge, margin, hedge, trade or otherwise obtain or attempt to obtain any economic value from the shares of Series B Convertible Preferred Stock should the warrants be exercised prior to December 31, 2021.

As of September 30, 2018, the Company had 118,029 common stock warrants outstanding with a weighted average exercise price, weighted average remaining contractual term and intrinsic value of \$20.80, 1.35 years and \$2,855,734, respectively. As of September 30, 2017, the Company had 118,029 common stock warrants outstanding with weighted average exercise price, weighted average remaining contractual term and intrinsic value of \$20.80, 0.91 years and \$4,862,230, respectively.

Warrants for 10,914, 12,383, 54,396 and 17,857 shares of Series B Convertible Preferred Stock were set to expire on September 10, 2017, December 11, 2017, March 27, 2018 and March 28, 2018, respectively. On January 16, 2018, the Company memorialized an agreement reached prior to any of the warrants expiring, to extend the expiration date for two years, just prior to expiration for all warrants listed. Warrants outstanding and exercisable as of September 30, 2018 and September 30, 2017 reflect the time extended warrants in addition to 22,479 warrants for shares of Series B Convertible Preferred Stock with an original expiration date of December 3, 2019. The Company recognized compensation expense of \$270,240 and \$0 during the years ended September 30, 2018 and 2017, respectively, related to warrant awards granted to certain employees and officers based on the grant date fair value of the awards, net of estimated forfeitures. No forfeitures are estimated.

The exercise price for the series B convertible preferred stock warrants outstanding and exercisable at September 30, 2018 is as follows:

Series B Convertible Preferred			
Outstanding		Exercisable	
Number of Warrants	Exercise Price	Number of Warrants	Exercise Price
54,396	\$ 16.60	54,396	\$ 16.60
17,857	16.80	17,857	16.80
12,383	24.30	12,383	24.30
33,393	28.50	33,393	28.50
118,029		118,029	

Note 12: Stock-Based Compensation

From time to time, the Company grants stock options and restricted stock awards to directors, officers and employees. These awards are valued at the grant date by determining the fair value of the instruments, net of estimated forfeitures. The value of each award is amortized on a straight-line basis over the requisite service period.

Stock Options

The following table summarizes stock option activity for the years ended September 30, 2018 and 2017:

	Number of Shares	Weighted Average Exercise Price	Weighted Average Remaining Contractual Life	Intrinsic Value
Outstanding at September 30, 2016	175,000	\$ 11.22	3.75	\$346,500
Granted	36,668	15.32	6.89	
Exercised	—

Outstanding at September 30, 2017	211,668	\$ 13.19	3.47	\$454,417

Edgar Filing: LIVE VENTURES Inc - Form 10-K

Exercisable at September 30, 2017	175,000	\$ 11.22	2.75	\$428,750
Outstanding at September 30, 2017	211,668	\$ 13.19	3.47	\$454,417
Granted	20,000	32.24	9.02	
Exercised	—			
Forfeited	—			
Outstanding at September 30, 2018	231,668	\$ 14.84	3.04	\$162,500
Exercisable at September 30, 2018	190,639	\$ 11.89	2.08	\$162,500

The Company recognized compensation expense of \$226,917 and \$203,690 during the years ended September 30, 2018 and 2017, respectively, related to stock option awards granted to certain employees and officers based on the grant date fair value of the awards, net of estimated forfeitures. No forfeitures are estimated.

F-30

At September 30, 2018 the Company had \$286,805 of unrecognized compensation expense (net of estimated forfeitures) associated with stock option awards which the Company expects will be recognized through December of 2021.

The exercise price for stock options outstanding and exercisable at September 30, 2018 is as follows:

Outstanding		Exercisable	
Number of Options	Exercise Price	Number of Options	Exercise Price
31,250	\$ 5.00	31,250	\$ 5.00
25,000	7.50	25,000	7.50
31,250	10.00	31,250	10.00
4,167	10.86	4,167	10.86
4,167	10.86	3,472	10.86
4,167	10.86	–	–
4,167	10.86	–	–
6,250	12.50	6,250	12.50
6,250	15.00	6,250	15.00
75,000	15.18	75,000	15.18
8,000	23.41	8,000	23.41
8,000	27.60	–	–
8,000	31.74	–	–
8,000	36.50	–	–
8,000	41.98	–	–
231,668		190,639	

The following table summarizes information about the Company's non-vested shares as of September 30, 2018:

	Number of Shares	Average Grant-Date Fair Value
Non-vested at September 30, 2017	36,668	\$ 17.70
Granted	20,000	\$ 10.14
Vested	(15,639)	\$ 15.72
Non-vested at September 30, 2018	41,029	\$ 12.88

For stock options granted during fiscal 2018 where the exercise price equaled the stock price at the date of the grant, the weighted-average fair value of such options was \$10.14, and the weighted-average exercise price of such options was \$32.24. For stock options granted during 2017 where the exercise price was above the stock price at the date of the grant, the weighted-average fair value of such options was \$21.07, and the weighted-average exercise price for such options was \$23.41.

F-31

The assumptions used in calculating the fair value of stock options granted use the Black-Scholes option pricing model for options granted in fiscal 2018 and 2017 are as follows:

Risk-free interest rate	1.25%
Expected life of the options	5 and 10 years
Expected volatility	107%
Expected dividend yield	0%

Note 13: Earnings Per Share

Net earnings per share is calculated using the weighted average number of shares of common stock outstanding during the applicable period. Basic weighted average common shares outstanding do not include shares of restricted stock that have not yet vested, although such shares are included as outstanding shares in the Company's Consolidated Balance Sheet. Diluted net earnings per share is computed using the weighted average number of common shares outstanding and if dilutive, potential common shares outstanding during the period. Potential common shares consist of the additional common shares issuable in respect of restricted share awards, stock options and convertible preferred stock. Preferred stock dividends are subtracted from net earnings to determine the amount available to common stockholders.

The following table presents the computation of basic and diluted net earnings per share:

	Years Ended September 30,	
	2018	2017
Basic		
Net income	\$5,922,719	\$6,501,780
Less: preferred stock dividends	(1,168)	(1,917)
Net income applicable to common stock	\$5,921,551	\$6,499,863
Weighted average common shares outstanding	1,965,595	2,210,104
Basic earnings per share	\$3.01	\$2.94
Diluted		
Net income applicable to common stock	\$5,921,551	\$6,499,863

Edgar Filing: LIVE VENTURES Inc - Form 10-K

Add: preferred stock dividends	1,168	1,917
Net income applicable for diluted earnings per share	\$5,922,719	\$6,501,780
Weighted average common shares outstanding	1,965,595	2,210,104
Add: Options	38,179	48,407
Add: Series B Preferred Stock	1,071,200	1,071,200
Add: Series B Preferred Stock Warrants	590,145	590,145
Add: Series E Preferred Stock	77,840	127,840
Assumed weighted average common shares outstanding	3,742,959	4,047,696
Diluted earnings per share	\$1.58	\$1.61

F-32

Potentially dilutive securities were excluded from the calculation of diluted net income per share for years ended September 30, 2018 and September 30, 2017. The weighted average number of dilutive securities excluded were 38,179 and 80,105, respectively for each fiscal year, because the effects were anti-dilutive based on the application of the treasury stock method.

Note 14: Related Party Transactions

In connection with its purchase of Marquis, Marquis entered into a mezzanine loan in the amount of up to \$7,000,000 with ICF. The ICF mezzanine loan bears interest at a rate of 12.5% per annum with payment obligations of interest each month and all principal due in January 2021. As of September 30, 2018, and September 30, 2017, respectively, there was \$2,000,000 outstanding on this mezzanine loan. During the year ended September 30, 2018 and 2017, we recognized total interest expense of \$253,472, associated with the ICF notes.

Customer Connexx LLC, a wholly-owned subsidiary of Appliance Recycling Centers of America, Inc. (“ARCA”), rents approximately 9,879 square feet of office space from the Company at its Las Vegas office which totals 11,100 square feet. ARCA paid the Company \$173,010 in rent and other common area reimbursed expenses for the year ended September 30, 2018. ARCA paid the Company \$164,516 in rent and other common area reimbursed expenses for the year ended September 30, 2017. Tony Isaac, a member of the Board of Directors of the Company and Virland Johnson, Chief Financial Officer of the Company, are Chief Executive Officer and Board of Directors member and Chief Financial Officer of ARCA, respectively.

Warrants for 10,914, 12,383, 54,396 and 17,857 shares of Series B Convertible Preferred Stock were set to expire on September 10, 2017, December 11, 2017, March 27, 2018 and March 28, 2018, respectively. On January 16, 2018, the Company memorialized an agreement reached prior to any of the warrants expiring, to extend the expiration date for two years, just prior to expiration for all warrants listed. Warrants outstanding and exercisable as of September 30, 2018 and September 30, 2017 reflect the time extended warrants in addition to 22,479 warrants for shares of Series B Convertible Preferred Stock with an original expiration date of December 3, 2019.

As previously announced by the Company, on December 30, 2017, ASH entered into the Agreement with the Seller and ApplianceSmart, a subsidiary of the Seller. Pursuant to the Agreement, ASH purchased from the Seller all of the issued and outstanding shares of capital stock of ApplianceSmart in exchange for the Purchase Price. ASH was required to deliver the Purchase Price, and a portion of the Purchase Price was delivered, to the Seller prior to March 31, 2018. Between March 31, 2018 and April 24, 2018, ASH and the Seller negotiated in good faith the method of payment of the remaining outstanding balance of the Purchase Price.

On April 25, 2018, ASH delivered to the Seller the ApplianceSmart Note in the Original Principal Amount, as such amount may be adjusted per the terms of the ApplianceSmart Note. The ApplianceSmart Note is effective as of April 1, 2018 and matures on the Maturity Date. The ApplianceSmart Note bears interest at 5% per annum with interest payable monthly in arrears. Ten percent of the outstanding principal amount will be repaid annually on a quarterly basis, with the accrued and unpaid principal due on the Maturity Date. ApplianceSmart has agreed to guaranty repayment of the ApplianceSmart Note. The remaining \$2,580,506 of the Purchase Price was paid in cash by ASH to the Seller. ASH may reborrow funds, and pay interest on such re-borrowings, from the Seller up to the Original Principal Amount. As of September 30, 2018, there was \$3,821,507 outstanding on the ApplianceSmart Note.

On December 26, 2018, ASH and the Seller amended and restated the ApplianceSmart Note to, among other things, grant the Seller a security interest in the assets of ASH and ApplianceSmart in accordance with the terms of separate security agreements entered into between ASH and ApplianceSmart, respectively, and the Seller.

In connection with the acquisition of Vintage Stock on November 3, 2016, Rodney Spriggs, President of Vintage Stock, holds a 41.134752% interest in the \$10,000,000 Seller Subordinated Acquisition Note payable by VSAH. The terms of payment are interest only, payable monthly on the 1st of each month, until maturity. On June 7, 2018, in connection with the Comvest Term Loan refinance of the Capitala Term Loan, the Sellers Subordinated Acquisition Note was amended and restated to have a maturity date of September 23, 2023. Interest paid to Mr. Spriggs in years ended September 30, 2018 and September 30, 2017 was \$333,649 and \$275,147, respectively. Interest unpaid and accrued as of September 30, 2018 and September 30, 2017 is \$27,423 and \$27,423, respectively.

Also see Note 4, 8, 9 and 10.

Note 15: Commitments and Contingencies

Litigation

On February 21, 2018, the Company received a subpoena from the Securities and Exchange Commission (“SEC”) and a letter from the SEC stating that it is conducting an investigation. The subpoena requests documents and information concerning, among other things, the restatement of the Company’s financial statements for the quarterly periods ended December 31, 2016, March 31, 2017, and June 30, 2017, the acquisition of Marquis Industries, Inc., Vintage Stock, Inc., and ApplianceSmart, Inc., and the change in auditors. The letter from the SEC states that “this inquiry does not mean that the SEC has concluded that the Company or any of its officers and directors has broken the law or that the SEC has a negative opinion of any person, entity, or security.” The Company is cooperating with the SEC in its investigation.

On October 1, 2018, the Company received a letter from the SEC requesting information regarding a potential violation of Section 13(a) of the Securities Exchange Act of 1934, based upon the timing of the Company’s Form 8-K filed on February 14, 2018. The Company provided a response to the SEC on October 26, 2018. The Company is cooperating with the SEC in its inquiry.

We are involved in various claims and lawsuits arising in the normal course of business. The ultimate results of claims and litigation cannot be predicted with certainty. We currently believe that the ultimate outcome of such lawsuits and proceedings will not, individually or in the aggregate, have a material adverse effect on our consolidated financial position, results of operations or cash flows.

Operating Leases and Service Contracts

The Company leases its office space, certain equipment and a building (from a related party) under long-term operating leases expiring through fiscal year 2018. Rent expense under these leases was \$13,541,827 and \$8,329,186 for the years ended September 30, 2018 and 2017, respectively. The Company has also entered into several non-cancelable service contracts. Rent expense may include certain common area charges.

As of September 30, 2018, future minimum annual payments under operating lease agreements for fiscal years ending September 30 are as follows:

2019	\$3,136,734
2020	2,637,822
2021	2,099,939
2022	1,595,455
2023	1,062,557
Thereafter	2,648,943
	\$13,181,450

Note 16: Income Taxes

Deferred income taxes reflect the net tax effects of temporary differences between the carrying amounts of assets and liabilities for financial reporting purposes and the amounts used for income tax purposes.

F-34

Income tax expense for the years ended September 30, 2018 and 2017 is as follows:

	Year Ended September 30, 2018	Year Ended September 30, 2017
Current expense:		
Federal	\$(16,621)	\$313,405
State	243,631	243,841
	227,010	557,246
Deferred expense:		
Federal	3,471,657	3,397,732
State	367,526	126,841
Change in valuation allowance	340,906	—
	4,180,089	3,524,573
Total income tax expense	\$4,407,099	4,081,819

A reconciliation of the differences between the effective and statutory income tax rates for years ended September 30:

	Year Ended September 30, 2018	Year Ended September 30, 2017
Federal statutory rates	\$2,507,740	\$3,598,424

F-35

At September 30, deferred income tax assets and liabilities were comprised of:

	Year Ended September 30, 2018	Year Ended September 30, 2017
Deferred income tax assets (liabilities):		
Allowance for bad debts	\$229,048	\$401,867
Accrued expenses	22,664	31,183
Inventory	(8,381)	772,656
Accrued compensation	33,670	–
Net operating loss	6,050,336	7,804,948
Tax credits	259,026	377,776
Stock compensation	2,252,254	2,982,009
Intangibles	(1,387,115)	13,126
Property & equipment	(3,890,234)	(3,387,298)
Other	–	3,743
Less: Valuation allowance	(340,906)	–
Total deferred income tax asset	\$3,220,362	\$9,000,010

The Company has federal and state net operating loss carryforwards of approximately \$26.9 million and \$3.7 million respectively as of September 30, 2018. The federal net operating loss amounts are subject to IRS code section 382 limitations and expire in 2030. State net operating loss amounts begin to expire in 2018. Federal and state tax credit carryforwards as of September 30, 2018 are \$0.2 million and \$0.1 million respectively. Due to the Tax Act, the federal tax credit carryforward is fully refundable in 2021 if not utilized before then. The 2015 through 2017 tax years are open to examination by the various federal and state jurisdictions.

The Company evaluates all available evidence to determine if a valuation allowance is needed to reduce its deferred tax assets. Management has concluded that it is more likely than not that a portion of its existing tax benefits will not be realized. Accordingly, the Company has recorded a valuation allowance of \$0.3 million at September 30, 2018 to reduce its deferred tax assets.

On December 22, 2017, the Tax Cuts and Jobs Act (the “Tax Act”) was enacted. The legislation significantly revises the U.S. corporate income tax system by, among other things, lowering corporate income tax rates from 35% to 21%, introducing new limitations on interest expense, subjecting foreign earnings in excess of an allowable return to U.S. taxation, adopting a territorial tax regime and imposing a one-time transitional tax on deemed repatriated earnings of foreign subsidiaries.

As a result of the enactment of the Tax Act, the Company’s deferred tax assets and liabilities were revalued at the

lower federal income tax rate. The Company recorded net deferred income tax expense during the year ended September 30, 2018 of approximately \$3.0 million.

The Company annually conducts an analysis of its tax positions and has concluded that it has no uncertain tax positions as of September 30, 2018. The Company's policy is to record uncertain tax positions as a component of income tax expense.

Note 17: Segment Reporting

The Company operates in three segments which are characterized as: (1) Manufacturing, (2) Retail and Online, and (3) Services. The Manufacturing Segment consists of Marquis Industries, the Retail and Online segment consists of Vintage Stock, ApplianceSmart, Modern Everyday and LiveDeal.com, and the Services segment consists of the directory services business.

The following tables summarize segment information for the years ended September 30, 2018 and 2017:

	Year Ended September 30, 2018		Year Ended September 30, 2017

Note 18: Subsequent Events

On December 21, 2018, Marquis entered into a Bill of Sale and Assignment and Assumption Agreement (the “Marquis Bill of Sale”) with Viridian Industries, Inc. (“Viridian”) pursuant to which Marquis sold to Viridian two turf extrusion lines in exchange for cash consideration of \$4.75 million, plus the book value of the raw material operating and

packing inventories associated with the turf extrusion lines, for a total purchase price of approximately \$5.5 million, plus \$0.10 per pound of nylon sold by Viridian during the 36 month period immediately following the closing, all on terms and conditions more fully described in the Marquis Bill of Sale. The foregoing description of the Marquis Bill of Sale does not purport to be complete and is qualified in its entirety by reference to the full text of the Marquis Bill of Sale, a copy of which is attached hereto as Exhibit 2.2 and is incorporated herein by reference.

F-38

ITEM 9. Changes in and Disagreements with Accountants on Accounting and Financial Disclosures

On January 29, 2018, BDO USA, LLP (“BDO”) informed the Company that it will not stand for re-election for the audit of the Company’s consolidated financial statements for the year ended September 30, 2018. The audit report of BDO on the Company’s financial statements for the fiscal year ended September 30, 2017, the only year for which BDO audited the Company’s financial statements, contained no adverse opinion or disclaimer of opinion and was not qualified or modified as to uncertainty, audit scope or accounting principles. During the Company’s most recent fiscal year ended September 30, 2017, the only year for which BDO audited the Company’s financial statements, and for the subsequent interim period through January 29, 2018, the Company had no “disagreements” (as described in Item 304(a)(1)(iv) of Regulation S-K) with BDO on any matter of accounting principles or practices, financial statement disclosure, or auditing scope or procedure, which disagreements, if not resolved to the satisfaction of BDO, would have caused it to make reference in connection with its opinion to the subject matter of the disagreements. During the Company’s most recent fiscal year ended September 30, 2017, the only year for which BDO audited the Company’s financial statements, and for the subsequent interim period through January 29, 2018, there was no “reportable event” within the meaning of Item 304(a)(1)(v) of Regulation S-K, except for the material weaknesses reported in the Company’s Annual Report on Form 10-K for the year ended September 30, 2017 related to the lack of (a) sufficient controls around the financial reporting process; (b) proper segregation of duties within the financial reporting process; (c) adequate controls surrounding management’s review of the income tax provision process; (d) controls surrounding the assessment of certain cash flow and balance sheet classifications; and (e) sufficient controls around the process for business combinations.

On February 6, 2018, the Audit Committee of the Board of Directors of the Company approved the appointment of SingerLewak LLP as the Company’s new independent registered public accounting firm, effective February 6, 2018. During the Company’s two most recent fiscal years ended September 30, 2017 and 2016 and for the subsequent interim period through the date of filing this Current Report on Form 8-K neither the Company, nor anyone on behalf of the Company consulted with SingerLewak LLP regarding either: (i) the application of accounting principles to a specified transaction, either completed or proposed; or the type of audit opinion that might be rendered on the Company’s financial statements, or (ii) any matter that was either the subject of a disagreement as described in Item 304(a)(1)(iv) of Regulation S-K or a reportable event within the meaning of Item 304(a)(1)(v) of Regulation S-K. On October 12, 2018, SingerLewak LLP informed the Company that it resigned as the Company’s independent registered public accounting firm. SingerLewak did not audit nor provide an opinion on any of the Company’s financial statements. During the Company’s two most recent fiscal years ended September 30, 2018 and September 30, 2017, and for the subsequent interim period through October 12, 2018, the Company had no “disagreements” (as described in Item 304(a)(1)(iv) of Regulation S-K) with SingerLewak on any matter of accounting principles or practices, financial statement disclosure, or auditing scope or procedure. SingerLewak did not audit or provide an opinion on the Company’s financial statements during the Company’s two most recent fiscal years or for the subsequent interim period through October 12, 2018. During the Company’s two most recent fiscal years ended September 30, 2018 and September 30, 2017, and for the subsequent interim period through October 12, 2018, except as described below, there was no “reportable event” within the meaning of Item 304(a)(1)(v) of Regulation S-K. The Company’s Annual Report on Form 10-K for the fiscal year ended September 30, 2017 (the “September 30, 2017 Form 10-K”), and the Company’s Quarterly Reports on Form 10-Q for the quarterly periods ended March 31, 2018, June 30, 2018, and September 30, 2018, described the following material weaknesses (which are “reportable events”) relating to the lack of (a) sufficient controls around the financial reporting process; (b) proper segregation of duties within the financial

reporting process; (c) adequate controls surrounding management's review of the income tax provision process; (d) controls surrounding the assessment of certain cash flow and balance sheet classifications; and (e) sufficient controls around the process for business combinations. As noted above, SingerLewak did not audit nor provide an opinion on the Company's financial statements contained in the September 30, 2017 Form 10-K.

On October 25, 2018, the Audit Committee of the Board of Directors of the Company approved the engagement of, and the Company engaged, WSRP, LLC as the Company's new independent registered public accounting firm, effective immediately. During the Company's two most recent fiscal years ended September 30, 2018 and 2017 and for the subsequent interim period through the date of filing this Current Report on Form 8-K, neither the Company, nor anyone on behalf of the Company consulted with WSRP, LLC regarding either: (i) the application of accounting principles to a specified transaction, either completed or proposed; or the type of audit opinion that might be rendered on the Company's financial statements, or (ii) any matter that was either the subject of a disagreement as described in Item 304(a)(1)(iv) of Regulation S-K or a reportable event within the meaning of Item 304(a)(1)(v) of Regulation S-K.

ITEM 9A. Controls and Procedures

Evaluation of Disclosure control and Procedures. We carried out an evaluation, under the supervision and with the participation of our management, including our principal executive officer and principal financial officer, of the effectiveness of our disclosure controls and procedures (as defined in Exchange Act Rules 13a-15(e) and 15d-15(e)). Based upon that evaluation, our principal executive officer and principal financial officer concluded that, as of September 30, 2018, the period covered in this report, our disclosure controls and procedures were not effective to ensure that information required to be disclosed in reports filed under the Securities Exchange Act of 1934 is recorded, processed, summarized and reported within the required time periods and is accumulated and communicated to our management, including our principal executive officer and principal financial officer, as appropriate to allow timely decisions regarding required disclosure.

Changes in Internal Control Over Financial Reporting. There were no changes in the Company's internal control over financial reporting during the quarter ended September 30, 2018, that have materially affected, or are reasonably likely to materially affect, the Company's internal control over financial reporting.

Management's Report on Internal Control Over Financial Reporting. Our management is responsible for establishing and maintaining adequate internal control over financial reporting (as defined in Exchange Act Rules 13a-15(f) and 15d-15(f)). Because of its inherent limitations, internal control over financial reporting may not prevent or detect misstatements. Also, projections of any evaluation of effectiveness to future periods are subject to the risk that controls may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Our management assessed the effectiveness of our internal control over financial reporting as of September 30, 2018. In making this assessment, we used the criteria set forth by the Committee of Sponsoring Organizations of the Treadway Commission ("COSO") of 2013 regarding Internal Control – Integrated Framework. Based on our assessment using those criteria, our management concluded that our internal control over financial reporting was effective as of September 30, 2018.

The Company's management, including the Company's CEO and CFO, do not expect that the Company's disclosure controls and procedures or the Company's internal control over financial reporting will prevent or detect all error and all fraud. A control system, regardless of how well conceived and operated, can provide only reasonable, not absolute, assurance that the objectives of the control system will be met. These inherent limitations include the following: judgements in decision-making can be faulty, and control and process breakdowns can occur because of simple errors or mistakes, controls can be circumvented by individuals, acting alone or in collusion with each other, or by management override, the design of any system of controls is based in part on certain assumptions about the likelihood of future events, and there can be no assurance that any design will succeed in achieving its stated goals

under all potential future conditions, over time, controls may become inadequate because of changes in conditions or deterioration in the degree of compliance with policies or procedures. Because of the inherent limitations in all control systems, no evaluation of controls can provide absolute assurance that all control issues and instances of fraud, if any, have been detected.

ITEM 9B. Other Information

Item 1.01. Entry into a Material Definitive Agreement.

Marquis

On December 21, 2018, Marquis entered into a Bill of Sale and Assignment and Assumption Agreement (the “Marquis Bill of Sale”) with Viridian Industries, Inc. (“Viridian”) pursuant to which Marquis sold to Viridian two turf extrusion lines in exchange for cash consideration of \$4.75 million, plus the book value of the raw material operating and packing inventories associated with the turf extrusion lines, for a total purchase price of approximately \$5.5 million, plus \$0.10 per pound of nylon sold by Viridian during the 36 month period immediately following the closing, all on terms and conditions more fully described in the Marquis Bill of Sale. The foregoing description of the Marquis Bill of Sale does not purport to be complete and is qualified in its entirety by reference to the full text of the Marquis Bill of Sale, a copy of which is attached hereto as Exhibit 2.2 and is incorporated herein by reference.

ApplianceSmart

As previously announced by the Company, on December 30, 2017, ASH entered into the Agreement with the Seller and ApplianceSmart, a subsidiary of the Seller. Pursuant to the Agreement, ASH purchased from the Seller all of the issued and outstanding shares of capital stock of ApplianceSmart in exchange for the Purchase Price. ASH was required to deliver the Purchase Price, and a portion of the Purchase Price was delivered, to the Seller prior to March 31, 2018. Between March 31, 2018 and April 24, 2018, ASH and the Seller negotiated in good faith the method of payment of the remaining outstanding balance of the Purchase Price.

On April 25, 2018, ASH delivered to the Seller the ApplianceSmart Note in the Original Principal Amount, as such amount may be adjusted per the terms of the ApplianceSmart Note. The ApplianceSmart Note is effective as of April 1, 2018 and matures on the Maturity Date. The ApplianceSmart Note bears interest at 5% per annum with interest payable monthly in arrears. Ten percent of the outstanding principal amount will be repaid annually on a quarterly basis, with the accrued and unpaid principal due on the Maturity Date. ApplianceSmart has agreed to guaranty repayment of the ApplianceSmart Note. The remaining \$2,580,506 of the Purchase Price was paid in cash by ASH to the Seller. ASH may reborrow funds, and pay interest on such re-borrowings, from the Seller up to the Original Principal Amount. As of September 30, 2018, there was \$3,821,507 outstanding on the ApplianceSmart Note.

On December 26, 2018, ASH and the Seller amended and restated the ApplianceSmart Note to, among other things, grant the Seller a security interest in the assets of ASH and ApplianceSmart in accordance with the terms of separate security agreements entered into between ASH and ApplianceSmart, respectively, and the Seller.

PART III

ITEM 10. Directors, Executive Officers and Corporate Governance

The directors of the Company and their ages as of September 30, 2018, are as follows:

Name	Age	Position
Jon Isaac	35	Chief Executive Officer, President and Director
Tony Isaac	64	Financial Planning and Strategist/Economist and Director
Richard D. Butler, Jr.	69	Director
Dennis (De) Gao	38	Director

Tyler Sickmeyer 32 Director

Set forth below are the respective principal occupations or brief employment histories of each of our directors and executive officers and the periods during which each has served as a director of the Company, as well as for our named executive officers.

Jon Isaac. Mr. Jon Isaac has served as a director of our Company since December 2011 and became our President and Chief Executive Officer in January 2012. He is the founder of Isaac Organization, a privately held investment company. At Isaac Organization, Mr. Isaac has closed a variety of multi-faceted real estate deals and has experience in aiding public companies to implement turnarounds and in raising capital. Mr. Isaac studied Economics and Finance at the University of Ottawa.

Specific Qualifications:

- Relevant educational background and business experience.
- Experience in aiding public companies to implement turnarounds and in raising capital.

Tony Isaac. Mr. Tony Isaac has served as a director of our Company since December 2011 and began serving as the Company's Financial Planning and Strategist/Economist in July 2012. Mr. Isaac's specialty is negotiation and problem-solving of complex real estate and business transactions. Mr. Isaac graduated from University of Ottawa in 1981, where he majored in Commerce and Business Administration and Economics.

Specific Qualifications:

- Relevant educational background and business experience.
- Experience in negotiation and problem-solving of complex real estate and business transactions

Richard D. Butler, Jr. Mr. Butler is Chairman of the Corporate Governance and Nominating Committee and has served as a director and member of the Audit Committee of our Company since August 2006 (including YP.com from 2006-2007). He is a veteran savings and loan and mortgage banking executive, co-founder and major shareholder of Aspen Healthcare, Inc. and Ref-Razzer Corporation, former Chief Executive Officer of Mt. Whitney Savings Bank, Chief Executive Officer of First Federal Mortgage Bank, Chief Executive Officer of Trafalgar Mortgage, and Executive Officer & Member of the President's Advisory Committee at State Savings & Loan Association (peak assets \$14 billion) and American Savings & Loan Association (NYSE: FCA; peak assets \$34 billion). Mr. Butler attended Bowling Green University in Ohio, San Joaquin Delta College in California and Southern Oregon State College.

Specific Qualifications:

- Relevant educational background and business experience.
- Extensive experience as Chief Executive Officer for several companies in the banking and finance industries.
- Experience as a public company director.
- Experience in workouts and restructurings, mergers, acquisitions, business development, and sales and marketing.
- Background and experience in finance required for service on Audit Committee.

Dennis (De) Gao. Mr. Gao has served as a director of our Company and as a member of the Audit Committee since January 2012. In July 2010, Mr. Gao co-founded and became the CFO at Oxstones Capital Management, a privately held company and a social and philanthropic enterprise, serving as an idea exchange for the global community. Prior to establishing Oxstones Capital Management, from June 2008 until July 2010, Mr. Gao was a product owner at Procter and Gamble for its consolidation system and was responsible for the Procter and Gamble's financial report consolidation process. From May 2007 to May 2008, Mr. Gao was a financial analyst at the Internal Revenue Service's CFO division. Mr. Gao has a dual major Bachelor of Science degree in Computer Science and Economics from University of Maryland, and an M.B.A. specializing in finance and accounting from Georgetown University's McDonough School of Business.

Specific Qualifications:

- Relevant educational background and business experience.

- Background and experience in finance required for service on Audit Committee.
- Experience having ultimate responsibility for the preparation and presentation of financial statements (“financial literacy” required by applicable NASDAQ rules for service as Audit Committee chairman).
- “Audit Committee Financial Expert” for purposes of SEC rules and regulations (required for service as Audit Committee chairman).

Tyler Sickmeyer. In August 2008, Mr. Sickmeyer founded and since that time has served as the CEO of Fidelitas Development, a full-service marketing firm that focuses on producing an improved return on investment rate for its clients. Mr. Sickmeyer has provided consulting services to a variety of companies, large and small alike, and specializes in creating efficiencies for developing brands. Mr. Sickmeyer studied business at Robert Morris University and Lincoln Christian University. Mr. Sickmeyer has been a director of the Company since August 2014.

Specific Qualifications:

Over a decade of experience in marketing, including promotion and brand development through the use of social media marketing

Executive Officers

In addition to the information provided above regarding Jon Isaac, the following sets forth the Company's current executive officers as of September 30, 2018:

Name	Age	Current Position and Offices
Tim Bailey	71	Former Chief Executive Officer of Marquis Industries, Inc.
Weston A. Godfrey, Jr.	40	Chief Executive Officer of Marquis Industries, Inc.
Rodney Spriggs	52	President and Chief Executive Officer of Vintage Stock, Inc.
Akram Mohamad	33	Chief Executive Officer of ApplianceSmart, Inc.
Virland A. Johnson	58	Chief Financial Officer of Live Ventures Incorporated
Michael J. Stein	45	Senior Vice President, General Counsel of Live Ventures Incorporated

Tim Bailey. Mr. Bailey was the Chief Executive Officer of Marquis Industries, Inc. until July 1, 2018. Mr. Bailey has 46 years of leadership experience in the floorcovering industry, including 23 years with Marquis Industries. Mr. Bailey holds a CPA license and spent the first 17 years of his career in a carpet industry-focused public accounting firm. In 1988, he left public accounting to become a shareholder and Executive VP / CFO of Grassmore, Inc., which manufactured grass carpet. Mr. Bailey installed the internal financial controls and helped Grassmore grow and oversaw its successful sale to Beaulieu of America in 1992. Mr. Bailey consulted with Beaulieu for two years before acquiring Marquis Industries in 1994. Marquis was small and struggling at the time of Mr. Bailey's acquisition. He was able to build a strong leadership team and turn the company into a top 10 residential carpet manufacturer in the US with a diversified product line of soft and hard surfaces for the residential and commercial markets.

Weston A. Godfrey, Jr. Mr. Godfrey became Chief Executive Officer of Marquis Industries, Inc. on July 1, 2018 after re-joining the company as Executive Vice President on January 22, 2018. Mr. Godfrey served as Sales Operations Manager and Senior Sales Manager for Samsung Electronics America, Inc for three years prior to re-joining the company, where he was responsible for financial operations, forecasting and sales in the Home Appliance business. Prior to joining Samsung Electronics America, Inc, Mr. Godfrey spent five years serving as Vice President of Operations for Marquis Industries, Inc reporting directly to the Chief Executive Officer and responsible for credit, claims, customer service, sales operations, supply chain, and purchasing. Early on in his career, Mr. Godfrey worked for Dupont's nylon fibers business where he was certified as a Six Sigma Black Belt. Mr. Godfrey's experiences include process improvement, supply chain optimization, demand planning, forecasting, business operations, strategic

selling and strategic purchasing. Mr. Godfrey holds a Bachelor of Business Administration in Marketing from the University of Georgia.

Rodney Spriggs. Mr. Spriggs is President and CEO of Vintage Stock. Mr. Spriggs joined Vintage Stock as General Manager in January 1990 and has served as President of Vintage Stock since 2002 and President of Moving Trading Company since 2006. He received a Bachelor's degree in Business Administration and a minor in marketing from Missouri Southern State University. Mr. Spriggs gained experience in the specialty retail business by selling baseball and other sports cards in his own retail store to pay his way through college. In addition to corporate oversight, Mr. Spriggs is responsible for new market openings, the specialty retail site selection, lease negotiation and product acquisitions.

Akram Mohamad. Mr. Mohamad became the President of ApplianceSmart, Inc. on February 14, 2018 and the Chief Executive Officer of ApplianceSmart, Inc. effective July 1, 2018. Mr. Mohamad joined ApplianceSmart, Inc. as a consultant on July 17, 2017. Mr. Mohamad served as a Director of Sales for Libre Tech in San Diego, California for two years prior to joining ApplianceSmart. During his time at Libre Tech, Mr. Mohamad implemented new sales systems, restructured and implemented sales processes, developed a new sales team, and created an affiliate training program. Prior to joining Libre Tech, Mr. Mohamad was a multi-unit Sales Director for T-Mobile for approximately four years. While at T-Mobile, Mr. Mohamad moved through the ranks, starting as a sales professional before being promoted to a director position. In the years prior to T-Mobile, Mr. Mohamad held various territory sales roles while attending Cal State University of San Marcos where he focused on a Bachelor of Science in Kinesiology with an emphasis in exercise physiology.

Virland A. Johnson. Mr. Johnson became our Chief Financial Officer on January 3, 2017. Mr. Johnson joined the Company in November 2016 as a consultant. Mr. Johnson was Sr. Director of Revenue for JDA Software for six years prior to joining the Company, where he was responsible for revenue recognition determination, sales and contract support while acting as a subject matter expert. Prior to joining JDA, Mr. Johnson provided leadership and strategic direction while serving in C-Level executive roles in public and privately held companies such as Cultural Experiences Abroad, Inc., Fender Musical Instruments Corp., Triumph Group, Inc., Unitech Industries, Inc. and Younger Brothers Group, Inc. Mr. Johnson's more than 25 years of experience is primarily in the areas of process improvement, complex debt financings, SEC and financial reporting, turn-arounds, corporate restructuring, global finance, merger and acquisitions and returning companies to profitability and enhancing shareholder value. Early on in his career, Mr. Johnson worked in public accounting while attending Arizona State University. Mr. Johnson holds a Bachelor's degree in Accountancy from Arizona State University.

Michael J. Stein. Mr. Stein became our Senior Vice President, General Counsel on October 2, 2017. Prior to joining the Company, Mr. Stein served as a corporate partner at the international law firm of DLA Piper LLP (US) where, from April 2016 and October 2017, and from April 2005 through June 2012, he advised public companies on corporate governance matters, debt and equity securities offerings (including several initial public offerings) and merger and acquisition transactions. Prior to rejoining DLA Piper in April 2016, Mr. Stein served as Associate Chief Counsel – Transactional at Caesars Entertainment Corporation (NASDAQ: CZR) and Senior Vice President, Deputy General Counsel at Everi Holdings Inc. (NYSE: EVRI). Mr. Stein holds a Juris Doctor from the University of Maryland and Bachelor's and Master's degrees in Accounting from the University of Florida.

Family Relationships

Jon Isaac, who is a director and serves as our President and Chief Executive Officer, is the son of Tony Isaac, who is also a director and serves as our Financial Planning and Strategist/Economist.

Involvement in Certain Legal Proceedings

To the best of our knowledge, there have been no events under any bankruptcy act, no criminal proceedings and no judgments, injunctions, orders or decrees material to the evaluation of the ability and integrity of any director, executive officer, promoter or control person of our Company during the past ten years.

Board Independence

Each year, the Board of Directors reviews the relationships that each director has with the Company and with other parties. Only those directors who do not have any of the categorical relationships that preclude them from being independent within the meaning of applicable NASDAQ Listing Rules and who the Board of Directors affirmatively determines have no relationships that would interfere with the exercise of independent judgment in carrying out the responsibilities of a director, are considered to be independent directors. The Board of Directors has reviewed a number of factors to evaluate the independence of each of its members. These factors include its members' current and historic relationships with the Company and its competitors, suppliers and customers; their relationships with management and other directors; the relationships their current and former employers have with the Company; and the relationships between the Company and other companies of which a member of the Company's Board of Directors is a director or executive officer.

After evaluating these factors, the Board of Directors has determined that a majority of the members of the Board of Directors, namely, Messrs. Butler, Gao and Sickmeyer do not have any relationships that would interfere with the exercise of independent judgment in carrying out their responsibilities as directors and that each such director is an independent director of the Company within the meaning of NASDAQ Listing Rule 5605(a)(2) and the related rules of the SEC.

The Board of Directors held one meeting during the year ended September 30, 2018; and took action by unanimous written consent four times.

Board Committees

Audit Committee

The Board has a separately-designated standing audit committee established in accordance with section 3(a)(58)(A) of the Exchange Act. Messrs. Gao (Chairman), Butler and Sickmeyer currently serve on our Audit Committee. Each member of the committee satisfies the independence standards specified in Rule 5605(a)(2) of the NASDAQ Listing Rules and the related rules of the SEC and has been determined by the Board to be “financially literate” with accounting or related financial management experience. The Board has also determined that Mr. Gao is an “audit committee financial expert” as defined under SEC rules and regulations and qualifies as a financially sophisticated audit committee member as required under Rule 5605(c)(2)(A) of the NASDAQ Listing Rules. There were five meetings of the Audit Committee during the year ended September 30, 2018.

Compensation Committee

The Compensation Committee assists the Board in discharging its responsibilities relating to compensation of the Company’s directors and executives and oversees and advises the Board on the adoption of policies that govern the Company’s compensation programs, including stock and benefit plans. The Compensation Committee currently consists of Messrs. Butler and Gao. The Compensation Committee did not meet during the year ended September 30, 2018 but took action one time by unanimous written consent.

Governance and Nominating Committee

The Governance and Nominating Committee identifies individuals who are qualified to become Board members, develops and recommends to the Board a set of governance principles applicable to the Company and oversees the evaluation of the Board and Company's management. The Governance and Nominating Committee currently consists of Mr. Butler. The Governance and Nominating Committee did not meet during the year ended September 30, 2018 but took action one time by unanimous written consent.

Changes in Procedures for Director Nominations by Stockholders

There have been no changes to the procedures by which stockholders' may recommend nominees to the Board.

Code of Ethics

We have adopted a Code of Business Conduct and Ethics that applies to all directors, officers and employees of our Company, including the Chief Executive Officer and other principal financial and operating officers of the Company. The Code of Business Conduct and Ethics is posted on our website at ir.live-ventures.com/governance-documents. If we make any amendment to, or grant any waivers of, a provision of the Code of Business Conduct and Ethics that applies to our principal executive officer, principal financial officer, principal accounting officer or controller where such amendment or waiver is required to be disclosed under applicable SEC rules, we intend to disclose such amendment or waiver and the reasons therefor on Form 8-K or on our website.

SECTION 16(A) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Exchange Act requires our directors, certain of our officers and persons who own at least 10% of a registered class of our equity securities to file reports of ownership and changes in ownership with the SEC.

Based solely on our review of copies of such reports and written representations from our executive officers and directors, we believe that our executive officers and directors complied with all Section 16(a) filing requirements during the fiscal year ended September 30, 2018.

ITEM 11. Executive Compensation

COMPENSATION DISCUSSION AND ANALYSIS

Overview

The purpose of this Compensation Discussion and Analysis (“CD&A”) is to provide material information about the Company’s compensation philosophy, objectives and other relevant policies and to explain and put into context the material elements of the disclosure that follows in this Form 10-K with respect to the compensation of our named executive officers (in this CD&A, referred to as the “NEOs”). For fiscal 2018, our NEOs were:

Jon Isaac, President and Chief Executive Officer

Timothy A. Bailey, Former Chief Executive Officer of Marquis

Rodney Spriggs, President and Chief Executive Officer of Vintage Stock

Michael J. Stein, Senior Vice President and General Counsel

The Compensation Committee

The Compensation Committee reviews the performance and compensation of the Chief Executive Officer or other principal executive officer (currently, our President and Chief Executive Officer) and the Company's other executive officers. Additionally, the Compensation Committee reviews compensation of outside directors for service on the Board and for service on committees of the Board and administers the Company's stock plans.

Role of Executives in Determining Executive Compensation

The Chief Executive Officer or other principal executive officer (currently, our President and Chief Executive Officer) provides input to the Compensation Committee regarding the performance of the other NEOs and offers recommendations regarding their compensation packages in light of such performance. The Compensation Committee is ultimately responsible, however, for determining the compensation of the NEOs, including the Chief Executive Officer or other principal executive officer.

Compensation Philosophy and Objectives

The Compensation Committee and the Board believe that the Company's compensation programs for its executive officers should reflect the Company's performance and the value created for its stockholders. In addition, we believe the compensation programs should support the goals and values of the Company and should reward individual contributions to the Company's success. Specifically, the Company's executive compensation program is intended to:

- attract and retain the highest caliber executive officers;
- drive achievement of business strategies and goals;
- motivate performance in an entrepreneurial, incentive-driven culture;
- closely align the interests of executive officers with the interests of the Company's stockholders;
- promote and maintain high ethical standards and business practices; and
- reward results and the creation of stockholder value.

Factors Considered in Determining Compensation; Components of Compensation

The Compensation Committee makes executive compensation decisions on the basis of total compensation, rather than on individual components of compensation. The Compensation Committee attempts to create an integrated total compensation program structured to balance both short and long-term financial and strategic goals. Our compensation should be competitive enough to attract and retain highly skilled individuals. In this regard, we utilize a combination of between two to four of the following types of compensation to compensate our executive officers:

- base salary;
- performance bonuses, which may be earned annually depending on the Company's achievement of pre-established goals;
- cash bonuses given at the discretion of the Board; and
- equity compensation, consisting of restricted stock and/or stock options.

The Compensation Committee periodically reviews each executive officer's base salary and makes appropriate recommendations to the Board. Salaries are based on the following factors:

- the Company's performance for the prior fiscal years and subjective evaluation of each executive's contribution to that performance;
- the performance of the particular executive in relation to established goals or strategic plans; and
- competitive levels of compensation for executive positions based on information drawn from compensation surveys and other relevant information.

Performance bonuses and equity compensation are awarded based upon the recommendation of the Compensation Committee. Restricted stock is granted under the Company's stockholder-approved equity incentive plan(s) and is priced at 100% of the closing price of the Company's common stock on the date of grant. Incentive and/or non-qualified stock options are generally granted under the Company's stockholder-approved equity incentive plan(s), as well, with the exercise price of such options set at 100% of the closing price of the Company's common stock on the date of grant. These grants are made with a view to linking executives' compensation to the long-term financial success of the Company.

Use of Benchmarking and Compensation Peer Groups

The Compensation Committee did not utilize any benchmarking measure in fiscal 2018 and traditionally has not tied compensation directly to a specific profitability measurement, market value of the Company's common stock or benchmark related to any established peer or industry group. Salary increases are based on the terms of the NEOs' employment agreements, if applicable, and correlated with the Board's and the Compensation Committee's assessment of each NEO's performance. The Company also generally seeks to increase or decrease compensation, as appropriate, based upon changes in an executive officer's functional responsibilities within the Company. Historically, the Compensation Committee has not used outside consultants in determining the compensation of the NEOs, and no such consultants were engaged during fiscal 2018.

Other Compensation Policies and Considerations; Tax Issues and Risk Management

The intention of the Company has been to compensate the NEOs in a manner that maximizes the Company's ability to deduct such compensation expenses for federal income tax purposes. However, the Compensation Committee has the discretion to provide compensation that is not "performance-based" under Section 162(m) of the Code if it determines that such compensation is in the best interests of the Company and its stockholders. For fiscal 2018, the Company expects to deduct all compensation expenses paid to the NEOs.

On an annual basis, the Compensation Committee evaluates the Company's compensation policies and practices for its employees, including the NEOs, to assess whether such policies and practices create risks that are reasonably likely to have a material adverse effect on the Company. Based on its evaluation, the Compensation Committee has determined that the Company's compensation policies and practices do not create such risks.

SUMMARY COMPENSATION TABLE

Name and principal Position	Year	Salary	Bonus	Stock Awards	Option Awards (1)	All Other Compensation	Total
Jon Isaac <i>President and CEO</i>	2018	\$200,000	\$0	\$ 0	\$0	\$ 54,000	(2) \$254,000
	2017	\$200,000	\$0	\$ 0	\$0	\$ 54,000	(2) \$254,000
Timothy A. Bailey (3) <i>Former Chief Executive Officer of Marquis Industries, Inc.</i>	2018	\$242,500	\$603,500	\$ 0	\$0	\$ 13,080	(4) \$859,080
	2017	\$225,000	\$245,000	\$ 0	\$0	\$ 12,000	(4) \$482,000
Rodney Spriggs <i>President and Chief Executive Officer of Vintage Stock, Inc.</i>	2018	\$270,000	\$0	\$ 0	\$46,745	\$ 0	\$316,745
	2017	\$249,039	\$0	\$ 0	\$54,780	\$ 0	\$303,819
Michael J. Stein (5) <i>Senior Vice President and General Counsel</i>	2018	\$298,077	\$0	\$ 0	\$50,701	\$ 3,711	(6) \$352,489
	2017	\$-	\$-	\$ -	\$-	\$ 20,706	(6) \$20,706

The amounts reflect the dollar amount recognized for financial statement reporting purposes in accordance with ASC 718. These amounts reflect Live Venture's accounting expense for these awards, and do not correspond to the (1) actual value that may be recognized by the NEOs. Please refer to Note 13, Stock-Based Compensation, in our consolidated financial statements included elsewhere in this Form 10-K for a discussion of the assumptions related to the calculation of such value.

(2) "All Other Compensation" for Mr. Isaac includes \$54,000 for each of 2018 and 2017, which was accrued by us for the reasonable housing allowance to which Mr. Isaac is entitled under his employment agreement.

(3) Mr. Bailey ceased being the Chief Executive Officer of Marquis Industries, Inc. effective July 1, 2018.

"All Other Compensation" for Mr. Bailey includes \$13,080 for 2018 for the car allowance health club membership, (4) and \$12,000 for 2017 for the car allowance, all of which Mr. Bailey is entitled to under this employment agreement.

(5) Mr. Stein's employment with the Company commenced on October 2, 2017

(6) "All Other Compensation" for Mr. Stein includes \$20,706 for moving expense reimbursement for 2017 and \$3,711 for work performed as an independent contractor prior to the commencement of his employment in 2018.

EMPLOYMENT AGREEMENTS

The Company entered into an employment agreement with Jon Isaac, its President and Chief Executive Officer, effective January 1, 2013, as amended on January 16, 2018. The agreement will expire on December 30, 2020. Mr. Isaac is entitled to a base annual salary in an amount of \$200,000, payable in periodic installments in accordance with the Company's regular payroll practices and subject to all applicable withholdings, including taxes. Mr. Isaac is eligible to receive an annual performance bonus at the sole discretion of the Compensation Committee of the Board or the entire Board. Mr. Isaac is entitled to reimbursement for all reasonable business expenses incurred by him in connection with his employment and the performance of his duties as President and Chief Executive Officer, including a reasonable housing expense, not to exceed \$7,000 per month. Mr. Isaac is eligible to participate fully in all health and benefit plans available to senior officers of the Company generally, as the same may be amended from time to time by the Board. Mr. Isaac's employment terminates upon the first to occur of the following dates: (i) date of Mr. Isaac's death; (ii) the date on which Mr. Isaac has experienced a Disability (as defined in his employment agreement), and we give Mr. Isaac notice of termination on account of Disability; (iii) the date on which Mr. Isaac has engaged in conduct that constitutes Cause (as defined in Mr. Isaac's employment agreement), and we give Mr. Isaac notice of termination for Cause; (iv) the date on which Mr. Isaac voluntarily terminates his relationship with us; or (v) the date on which we give Mr. Isaac notice of termination for any reason other than the reasons set forth in clauses (i) through (iv) above. Upon termination of Mr. Isaac's employment, we will have no further obligation to Mr. Isaac except that Mr. Isaac will be entitled to payment of any earned but unpaid salary through the date of termination and any unearned bonus in accordance with the terms of the employment agreement.

Marquis Industries, Inc., one of our subsidiaries, entered into an employment agreement with Timothy A. Bailey to employ him as its chief executive officer, effective as of July 6, 2015, and amended on January 16, 2018. The agreement will expire on December 31, 2018. From July 6, 2018 through December 31, 2018 (the “Extended Term”). Mr. Bailey will serve as an advisor to Marquis’ board of directors on an as-needed basis. Mr. Bailey is entitled to a base annual salary in an amount of \$165,000, which was subsequently increased to \$225,000, payable in periodic installments in accordance with Marquis’s customary payroll practices, and Marquis’s fringe benefits package. During the Extended Term, Mr. Bailey will be paid an aggregate of \$150,000. Mr. Bailey is also entitled to receive a car allowance of \$1,000 per month. Mr. Bailey is also eligible to participate in the Marquis Bonus Compensation Program, whereby cash bonuses are paid after the end of the fiscal year based on the attainment of certain actual EBITDA ranges of Marquis during the fiscal year. Except during the Extended Term, and as set forth in the employment agreement, as amended, Marquis may terminate Mr. Bailey for “cause” (as defined in Mr. Bailey’s employment agreement), or, in the event Mr. Bailey becomes permanently disabled or is prevented by injury or sickness from attention to his duties for six consecutive weeks or more, without “cause.” Mr. Bailey may terminate his employment for “good reason” (as defined in Mr. Bailey’s employment agreement). Except during the Extended Term, and as set forth in the employment agreement, as amended, if Mr. Bailey terminates his employment for a good reason, Mr. Bailey will continue to receive his unpaid annual salary and fringe benefits package and be eligible to participate in the cash bonus incentive program for the remainder of the employment term. Mr. Bailey’s employment agreement also contains customary confidentiality, non-competition and non-disparagement provisions.

Vintage Stock, Inc., one of our subsidiaries, entered into an employment agreement with Rodney Spriggs to employ him as its President and Chief Executive Officer, effective November 3, 2016. The agreement will expire on November 3, 2021, provided that, on such date and each anniversary thereafter, the agreement is deemed to be automatically extended for successive periods of one year unless at least 90 days prior to the applicable anniversary, either Vintage Stock or Mr. Spriggs provides written notice of its intention not to extend the term of the agreement. Mr. Spriggs is entitled to a base annual salary in an amount of \$270,000, payable in periodic installments in accordance with Vintage Stock’s customary payroll practices. For each complete fiscal year during the term, Mr. Spriggs is entitled to a bonus based upon the achievement of annual Vintage Stock performance goals established by the board of directors of Vintage Stock’s parent company. Mr. Spriggs is entitled to fringe benefits and perquisites consistent with the practices of Vintage Stock. If Mr. Spriggs is terminated by Vintage Stock without “cause” (as defined in Mr. Spriggs’ employment agreement) or Mr. Spriggs terminates his employment for “good reason” (as defined in his employment agreement), then Mr. Spriggs is entitled to, among other things, his base salary for a period of one year following the date of termination, payable in equal installments in accordance with Vintage Stock’s normal payroll practices and a pro-rata portion of his annual bonus in the fiscal year during which Mr. Spriggs was terminated. Mr. Spriggs’ employment agreement also contains customary confidentiality, non-competition and non-disparagement provisions.

The Company entered into an employment agreement with Michael J. Stein, its Senior Vice President, General Counsel, dated September 5, 2017. Mr. Stein’s employment commenced on October 2, 2017 and continues until his employment is terminated in accordance with the terms his employment agreement. Mr. Stein is entitled to a base annual salary in an amount of \$310,000, payable in periodic installments in accordance with the Company’s regular payroll practices and subject to all applicable withholdings, including taxes. Mr. Stein is eligible to participate fully in all benefit programs or plans sponsored by the Company, as the same may be amended from time to time. Mr. Stein’s employment terminates upon the first to occur of the following dates: (i) date of Mr. Stein’s death; (ii) the date on

which Mr. Stein has experienced a Disability (as defined in his employment agreement); (iii) the date on which Mr. Stein has engaged in conduct that constitutes Cause (as defined in Mr. Stein's employment agreement); (iv) the date on which we terminate Mr. Stein's employment for any reason other than Cause, provided that we give Mr. Stein 60 days written notice of such termination, (v) the date on which Mr. Stein voluntarily terminates his relationship with us, provided that Mr. Stein is required to give 30 days' advance written notice; or (vi) the date on which we give Mr. Stein notice of termination for any reason other than the reasons set forth in clauses (i) through (iv) above. Upon termination of Mr. Stein's employment, we will have no further obligation to Mr. Stein except that if we terminate Mr. Stein without cause or as a result of a Disability, Mr. Stein will continue to receive his unpaid annual salary for a period of three months following such termination, and, until the earlier of six months following Mr. Stein's date of termination and the date Mr. Stein is eligible to receive substantially similar coverage and benefits from a new employer, an amount equal to the difference between the COBRA continuation coverage premiums and the amount of premiums paid by similarly situated active employees of the Company under the Company's health insurance plans in which Mr. Stein and, if applicable, his family, were participating immediately prior to the termination date. Upon Mr. Stein's death, the Company will pay Mr. Stein's estate unpaid annual salary as lawfully required, and for a period of 12 months following his death, an amount equal to the difference between the COBRA continuation coverage premiums and the amount of premiums paid by similarly situated active employees of the Company under the Company's health insurance plans in which Mr. Stein and, if applicable, his family, were participating immediately prior to the termination date.

OUTSTANDING EQUITY AWARDS AT FISCAL YEAR END

The following table summarizes all stock options held by the NEOs as of the end of fiscal 2018.

Name	Number of Securities Underlying Unexercised Options (#)	Option Exercise Price (\$)	Option Expiration Date
Jon Isaac	25,000 (1)	\$4.98	1/15/2019
	25,000 (1)	\$7.50	1/15/2020
	25,000 (1)	\$10.02	1/15/2021
Timothy A. Bailey	–	\$ –	–
Rodney Spriggs	4,167 (2)	\$10.86	11/03/2021
	4,167 (2)	\$10.86	11/03/2021
	4,167 (2)	\$10.86	11/03/2021
	4,167 (2)	\$10.86	11/03/2021
Michael J. Stein	4,000 (3)	\$23.41	9/5/2027
	4,000 (3)	\$27.60	9/5/2027
	4,000 (3)	\$31.74	9/5/2027
	4,000 (3)	\$36.50	9/5/2027
	4,000 (3)	\$41.98	9/5/2027

25,000 shares (\$4.98 per share exercise price) vested on January 15, 2014. 25,000 shares (\$7.50 per share exercise (1) price) vested in 12 equal monthly installments beginning January 15, 2015. 25,000 shares (\$10.02 per share exercise price) vested in 12 equal monthly installments beginning January 15, 2016.

(2) 16,668 shares, of which 4,167 vested on November 3, 2017 and the remaining 12,501 vest evenly on a monthly basis over the next three years subject to Mr. Spriggs continued service as an employee of Vintage Stock.

(3) 4,000 shares vested on September 5, 2018. 4,000 shares vest on September 5, 2019. 4,000 shares vest on September 5, 2020. 4,000 shares vest on September 5, 2021. 4,000 shares vest on September 5, 2022.

DIRECTOR COMPENSATION

The following table summarizes compensation paid to each of our directors who served in such capacity during fiscal 2018. We have omitted from this table the columns for Stock Awards, Options Awards, Non-Equity Incentive Plan Compensation, and Nonqualified Deferred Compensation Earnings, as no amounts are required to be reported in any of those columns for any director during fiscal 2018.

None of our directors received separate compensation for attending meetings of our board of directors or any committees thereof. Our President and CEO, Jon Isaac, is the only director who is also an employee of Live Ventures. Jon Isaac is not entitled to separate compensation for his service on our board of directors.

Name	Fees Earned or Paid in Cash (\$)	All Other Compensation (\$)	Total (\$)
Jon Isaac (1)	–	–	–
Richard D. Butler, Jr. (2)	30,000	–	30,000
Dennis Gao (3)	30,000	–	30,000
Tony Isaac (4)	30,000	–	30,000
Tyler Sickmeyer (5)	18,000	–	18,000

(1) Mr. Jon Isaac is not entitled to receive compensation for his service on our Board of Directors.

(2) Mr. Butler receives \$2,500 monthly, or \$30,000 annually in cash compensation for his services as a director.

(3) Mr. Gao receives \$2,500 monthly, or \$30,000 annually in cash compensation for his services as a director.

(4) Mr. Tony Isaac receives \$2,500 monthly, or \$30,000 annually in cash compensation for his services as a director.

(5) Mr. Sickmeyer receives \$1,500 monthly, or \$18,000 annually in cash compensation for his services as a director.

EQUITY COMPENSATION PLAN INFORMATION

The following table summarizes securities available for issuance under Live Venture's equity compensation plans as of September 30, 2018:

Plan Category	Number of securities to be issued upon exercise of	Weighted-average exercise price of outstanding options, warrants and rights	Number of securities remaining available for future
---------------	--	---	---

Edgar Filing: LIVE VENTURES Inc - Form 10-K

	outstanding (a)	(b) options, warrants and rights	issuance under equity compensation plans (excluding securities reflected in column (a)) (c)
Equity compensation plans approved by security holders (1)	–	–	–
Equity compensation plans approved by security holders (2)	231,668	\$ 14.84	238,332
Equity compensation plans not approved by security holders	–	–	–
Total	231,668	\$ 14.84	238,332

(1) Comprised of the LiveDeal, Inc. Amended and Restated 2003 Stock Plan

(2) Comprised of the 2014 Omnibus Equity Incentive Plan

Live Ventures Incorporated Amended and Restated 2003 Stock Plan

During the fiscal year ended September 30, 2002, our stockholders approved the 2002 Employees, Officers & Directors Stock Option Plan (the “2002 Plan”), which was intended to replace our 1998 Stock Option Plan (the “1998 Plan”). The 2002 Plan was never implemented, however, and no options, shares or any other securities were issued or granted under the 2002 Plan. There were 90,000 shares of our common stock authorized for issuance under the 2002 Plan. On June 30, 2003 and July 21, 2003, respectively, the Board and a majority of our stockholders terminated both the 1998 Plan and the 2002 Plan and approved our 2003 Stock Plan. The 15,000 shares of common stock previously allocated to the 2002 Plan were re-allocated to the 2003 Stock Plan.

In April 2004, our stockholders and the Board approved an amendment to the 2003 Stock Plan to increase the aggregate number of shares available thereunder by 10,000 shares in order to have an adequate number of shares available for future grants. At our 2007 Annual Meeting, our stockholders approved an amendment that increased the aggregate number of shares available for issuance under the 2003 Stock Plan to 40,000 shares. At our 2008 Annual Meeting, our stockholders rejected an amendment that would have increased the number of shares available for issuance from 40,000 shares to 55,000 shares. At our 2009 Annual Meeting, our stockholders approved an amendment that increased the aggregate number of shares available for issuance under the 2003 Stock Plan by 30,000 shares, to 70,000 shares in the aggregate. At our 2012 Annual Meeting, our stockholders approved an amendment that increased the aggregate number of shares available for issuance under the 2003 Stock Plan by 100,000 shares, to 170,000 shares in the aggregate.

2014 Omnibus Equity Incentive Plan

On January 7, 2014, our Board of Directors adopted the 2014 Omnibus Equity Incentive Plan (the “2014 Plan”), which authorizes the issuance of distribution equivalent rights, incentive stock options, non-qualified stock options, performance stock, performance units, restricted ordinary shares, restricted stock units, stock appreciation rights, tandem stock appreciation rights and unrestricted ordinary shares to our officers, employees, directors, consultants and advisors. The Company has reserved up to 300,000 shares of common stock for issuance under the 2014 Plan.

ITEM 12. Security Ownership of Certain Beneficial Owners and Management and Related Stockholder Matters

The following table sets forth information regarding the beneficial ownership of our common stock as of September 30, 2018 of (i) each executive officer and each director of our Company; (ii) all executive officers and directors of our Company as a group; and (iii) each person known to the Company to be the beneficial owner of more than 5% of our

common stock. We deem shares of our common stock that may be acquired by an individual or group within 60 days of September 30, 2018, pursuant to the exercise of options or warrants or conversion of convertible securities, to be outstanding for the purpose of computing the percentage ownership of such individual or group, but these shares are not deemed to be outstanding for the purpose of computing the percentage ownership of any other person or group shown in the table. Percentage of ownership is based on 3,797,251 shares of common stock outstanding on December 15, 2018. The information as to beneficial ownership was either (i) furnished to us by or on behalf of the persons named or (ii) determined based on a review of the beneficial owners' Schedules 13D and Section 16 filings with respect to our common stock. Unless otherwise indicated, the business address of each person listed is 325 East Warm Springs Road, Suite 102, Las Vegas, Nevada 89119.

Name of Beneficial Owner	Amount and Nature of Beneficial Ownership	Percentage of Class

*Represents less than 1% of our issued and outstanding common stock.

Includes 158,356 shares of Series B Convertible Preferred Stock (“Series B Preferred Stock”) that are convertible into 791,759 shares of common stock owned by Isaac Capital Group, LLC (“ICG”), of which Jon Isaac is the President and sole member and according has sole voting and dispositive power with respect to such shares. Also (1) includes warrants to purchase 118,029 shares of Series B Preferred Stock which are convertible in 590,146 additional shares of common stock at exercise prices ranging from \$3.30 to \$5.71 per share held by ICG. Jon Isaac owns 115,632 shares of common stock. Finally, Mr. Isaac holds options to purchase up to 75,000 shares of common stock at exercise prices ranging from \$4.98 to \$10.02 per share, all of which are currently exercisable.

(2) Includes options to purchase 4,000 shares of common stock at an exercise price of \$23.41 per share.

(3) Includes options to purchase 7,639 shares of common stock at an exercise price of \$10.86 per share.

(4) Includes 158,356 shares of Series B Preferred Stock that are convertible into 791,759 shares of common stock owned by ICG. Also includes warrants to purchase 118,029 shares of Series B Preferred Stock which are convertible into 590,146 additional shares of common stock at exercise prices ranging from \$3.30 to \$5.71 per share held by ICG.

ITEM 13. Certain Relationships and Related Transactions, and Director Independence

Mezzanine Loan from Isaac Capital Fund

In connection with the purchase of Marquis Industries Inc., the Company entered into a mezzanine loan in an amount of up to \$7,000,000 provided by Isaac Capital Fund, a private lender whose managing member is Jon Isaac, the chief executive officer of the Company.

The Isaac Capital Fund mezzanine loan bears interest at 12.5% with payment obligations of interest each month and all principal due in January 2021 (six months after the final payments are due under the Bank of America Term and Revolving Loan). As of September 30, 2018, there was \$2,000,000 outstanding on this mezzanine loan.

ICG Note and Warrants

On January 16, 2018, we entered into an amendment to warrants with Isaac Capital Group, LLC which amends the expiration date of certain warrants issued to Isaac Capital Group, LLC to provide that if the specified warrant remains unexercised on the expiration date, then the expiration date shall be automatically extended for a period of two years from such date.

Customer Connexx

Customer Connexx LLC, a wholly owned subsidiary of Appliance Recycling Centers of America, Inc., sub-leases call center space from Live Ventures Incorporated in Las Vegas, Nevada. Total amount of sub-lease rent and common area charges was \$173,010 for fiscal year ended September 30, 2018.

Acquisition of ApplianceSmart

As previously announced by the Company, on December 30, 2017, ASH entered into the Agreement with the Seller and ApplianceSmart, a subsidiary of the Seller. Pursuant to the Agreement, ASH purchased from the Seller all of the

issued and outstanding shares of capital stock of ApplianceSmart in exchange for the Purchase Price. ASH was required to deliver the Purchase Price, and a portion of the Purchase Price was delivered, to the Seller prior to March 31, 2018. Between March 31, 2018 and April 24, 2018, ASH and the Seller negotiated in good faith the method of payment of the remaining outstanding balance of the Purchase Price.

On April 25, 2018, ASH delivered to the Seller the ApplianceSmart Note in the Original Principal Amount, as such amount may be adjusted per the terms of the ApplianceSmart Note. The ApplianceSmart Note is effective as of April 1, 2018 and matures on the Maturity Date. The ApplianceSmart Note bears interest at 5% per annum with interest payable monthly in arrears. Ten percent of the outstanding principal amount will be repaid annually on a quarterly basis, with the accrued and unpaid principal due on the Maturity Date. ApplianceSmart has agreed to guaranty repayment of the ApplianceSmart Note. The remaining \$2,580,506 of the Purchase Price was paid in cash by ASH to the Seller. ASH may reborrow funds, and pay interest on such re-borrowings, from the Seller up to the Original Principal Amount. As of September 30, 2018, there was \$3,821,507 outstanding on the ApplianceSmart Note.

On December 26, 2018, ASH and the Seller amended and restated the ApplianceSmart Note to, among other things, grant the Seller a security interest in the assets of ASH and ApplianceSmart in accordance with the terms of separate security agreements entered into between ASH and ApplianceSmart, respectively, and the Seller.

Procedures for Approval of Related Party Transactions

In accordance with its charter, the Audit Committee reviews and recommends for approval all related party transactions (as such term is defined for purposes of Item 404 of Regulation S-K). The Audit Committee participated in the approval of the transactions described above.

ITEM 14. Principal Accounting Fees and Services

Each year, the Audit Committee approves the annual audit engagement in advance. The Audit Committee also has established procedures to pre-approve all non-audit services provided by the Company's independent registered public accounting firm. All fiscal 2018 and 2017 non-audit services listed below were pre-approved.

Audit Fees: This category includes the audit of our annual financial statements and review of financial statements included in our annual and periodic reports that are filed with the SEC. This category also includes services performed for the preparation of responses to SEC and NASDAQ correspondence, travel expenses for our auditors, on audit and accounting matters that arose during, or as a result of, the audit or the review of interim financial statements, and the preparation of an annual "management letter" on internal control and other matters.

Tax Fees: This category consists of professional services rendered by our independent auditors for tax compliance.

We paid the following fees to our independent registered public accounting firm, WSRP, LLC and SingerLewak LLP for work performed in fiscal 2018, and BDO LLP for work performed in in fiscal 2017, and other tax service providers in fiscal 2018 and 2017:

	2018 (1)	2017
Audit Fees	\$308,440	\$434,500
Audit-Related Fees	97,831	–
Tax Fees	102,177	25,950
All Other Fees	273,310	–
Total	\$781,757	\$460,450

SingerLewak LLP reviewed the Company's quarterly financial statements for each of the first three fiscal quarters (1) during fiscal 2018. See Item 9, Changes in and Disagreements with Accountants on Accounting and Financial Disclosures.
