ANNUAL MEETING OF STOCKHOLDERS
TO BE HELD JUNE 6, 2013

PROXY STATEMENT

This Proxy Statement is furnished in connection with the solicitation by the Board of Directors of AmBase Corporation (the "Company") of proxies to be voted at the Annual Meeting of Stockholders of the Company (the "Annual Meeting") to be held at the Hyatt Regency Hotel, 1800 East Putnam Avenue, Greenwich, Connecticut, at 9:00 a.m., Eastern Daylight Time, on Thursday, June 6, 2013, and at any adjournments thereof. This Proxy Statement and the accompanying proxy are being mailed to stockholders commencing on or about April 17, 2013.

Shares represented by a duly executed proxy in the accompanying form received by the Company prior to the Annual Meeting will be voted at the Annual Meeting in accordance with instructions given by the stockholder in the proxy. Any stockholder granting a proxy may revoke it at any time before it is exercised by granting a proxy bearing a later date, by giving notice in writing to the Secretary of the Company or by voting in person at the Annual Meeting.

At the Annual Meeting, the stockholders will be asked: (i) to elect Mr. Salvatore Trani as a director of the Company to serve a three-year term ending in 2016; (ii) to ratify the approval of the appointment of Marcum LLP as the Company's independent registered public accounting firm for the year ending December 31, 2013; and (iii) to vote on a shareholder proposal.

The persons acting under the accompanying proxy have been designated by the Board of Directors and, unless contrary instructions are given, will vote the shares represented by a properly executed proxy (i) for the election of the nominee for director named above; (ii) for the approval of the appointment of Marcum LLP as the Company's independent registered public accounting firm; and (iii) against the shareholder proposal to liquidate the Company.

If a stockholder is not the record holder, such as where the shares are held through a broker, bank or other financial institution, the stockholder must provide voting instructions to the record holder of the shares in accordance with the record holder's requirements in order to ensure the shares are properly voted. Your broker will not be permitted to vote on your behalf on the election of the director, or on the shareholder proposal, unless you provide specific instructions by completing and returning the voting instruction form or following the instructions provided to you to vote your shares. For your vote to be counted, you now will need to communicate your voting decisions to your broker, bank or other financial institution before the date of the stockholders meeting.

The close of business on Wednesday, April 17, 2013, has been fixed by the Board of Directors as the record date for the determination of stockholders entitled to notice of and to vote at the Annual Meeting or any adjournments thereof. Only the holders of record of common stock of the Company, par value \$0.01 per share (the "Common Stock") at the close of business on the record date, are entitled to vote on the matters presented at the Annual Meeting. Each share of Common Stock entitles the holder to one vote on each matter presented at the Annual Meeting. As of Monday, March 25, 2013, there were approximately 43,163,605 shares of Common Stock issued and outstanding. The holders of a majority of the outstanding shares of Common Stock entitled to vote at the Annual Meeting shall constitute a quorum. If there is less than a quorum, a majority of those present in person or by proxy may adjourn the Annual Meeting. A plurality vote of the holders of the shares of Common Stock represented in person or by proxy and voting at the Annual Meeting, a quorum being present, is required for the election of the director. The affirmative vote of the holders of a majority of the shares of Common Stock represented in person or by proxy and voting at the Annual Meeting, a quorum being present, is necessary for the approval of Marcum LLP as the Company's independent

registered public accounting firm or to approve the shareholder proposal recommending the liquidation of the Company.

Abstentions, votes withheld and shares not voted, including broker non-votes, are not included in determining the number of votes cast for the approval of Marcum LLP as the Company's independent registered public accounting firm, for the election of the director, or for voting with regard for the shareholder proposal to liquidate the Company.

Abstentions, votes withheld and broker non-votes, are counted for purposes of determining whether a quorum is present at the Annual Meeting.

Director Independence

The Company periodically reviews the independence of each director. Pursuant to this review, the directors and officers of the Company, on an annual basis, are required to complete and forward to the Corporate Secretary a detailed questionnaire to determine if there are any transactions or relationships between any of the directors and/or officers of the Company (including immediate family and affiliates). If any transactions or relationships exist, the Company then considers whether such transaction(s) or relationship(s) are inconsistent with a determination that the director is independent. Pursuant to this process, in January 2012, the Company conducted its annual review of director independence and determined that no transactions or relationships existed that would disqualify any of our directors, under NASDAQ independence rules, except that Mr. Richard A. Bianco, who serves as the Chairman of the Board of Directors, also serves as the Company's President and Chief Executive Officer. Mr. Bianco does not serve as a member of the Company's Accounting and Audit Committee or the Company's Personnel Committee. Based on a review of the information provided by the directors and other information reviewed, the Company has concluded that none of the Company's non-employee directors have any relationship with the Company other than as a director or shareholder of the Company. Based upon that finding, our Board of Directors determined that Messrs. Carnegie and Trani are "independent," and they qualify as outside directors within the meaning of Code Section 162(m) and as non-employee directors within the meaning of Rule 16b-3.

INFORMATION CONCERNING THE BOARD AND ITS COMMITTEES

Meetings and Attendance

During 2012, the Company's Board of Directors held four (4) meetings. Matters were also addressed by unanimous written consent in accordance with Delaware law ten (10) times. All directors attended at least 75% of the meetings of the Board of Directors and the committees of the Board on which they served during 2012.

Committees of the Board

The Board of Directors currently has (i) an Accounting and Audit Committee and (ii) a Personnel Committee.

The Accounting and Audit Committee met one (1) time during 2012. Matters were also addressed by unanimous written consent in accordance with Delaware law three (3) times. The Accounting and Audit Committee currently consists of Mr. Carnegie, Chairman, Mr. Trani, Ms. Halloran, Mr. Horton and Mr. Schmidt. Mr. Horton and Mr. Schmidt joined the Board in March 2013. The Accounting and Audit Committee members are all independent directors of the Company. The Company, although not required to do so, generally follows rules of the NASDAQ as they relate to the Board of Directors and its committees. The Board of Directors has determined that Mr. Carnegie is an "audit committee financial expert" as that term is defined in Item 401(h) of Regulation S-K promulgated by the Securities and Exchange Commission (the "SEC").

The Accounting and Audit Committee is directly responsible for the appointment, compensation and oversight of the audit and related work of the Company's independent auditors. The Accounting and Audit Committee reviews the degree of their independence; approves the scope of the audit engagement, including the cost of the audit; approves any non-audit services rendered by the auditors and the fees for these services; reviews with the auditors and management the Company's policies and procedures with respect to internal accounting and financial controls and, upon completion of an audit, the results of the audit engagement; and reviews internal accounting and auditing procedures with the Company's financial staff and the extent to which recommendations made by the independent auditors have been implemented. The Accounting and Audit Committee has adopted a charter, which has been approved by the Company's Board of Directors. A copy of the Audit Committee Charter is included as Exhibit A to this Proxy Statement.

The Personnel Committee held two (2) meetings in 2012. Matters were also addressed by unanimous written consent in accordance with Delaware law three (3) times. The Personnel Committee currently consists of Mr. Trani, Chairman, Mr. Carnegie, Mr. Horton and Mr. Schmidt. Mr. Horton and Mr. Schmidt joined the Board in March 2013. The Personnel Committee members are all independent directors of the Company.

The principal functions of the Personnel Committee, which is equivalent to a compensation committee, are to consider and recommend nominees for the Board, to oversee the performance and approve the remuneration of officers and senior employees of the Company and its subsidiaries and to oversee and approve the employee benefit and retirement plans of the Company and its subsidiaries. The Personnel Committee is also responsible for reviewing and approving the goals and objectives relevant to compensation of officers and senior employees, evaluating the performance in light of those goals and objectives and determining and approving the compensation levels based on this evaluation. The Personnel Committee is responsible for setting and approving salary, bonus and other employment terms for the Company's Chief Executive Officer. The Chief Executive Officer recommends salary and bonus awards for other officers of the Company, which are subject to the modification and/or approval by the Personnel Committee. In connection therewith, the Personnel Committee approves and makes recommendations with respect to bonus and incentive-based compensation plans and equity based plans. The Personnel Committee will consider stockholder recommendations for director, submitted in accordance with the Company's By-Laws. The Personnel Committee does not currently have a written charter.

The Company's By-Laws require that in the event a stockholder wishes to nominate a person for election as a director, advance notice must be given to the Secretary of the Company not less than 120 days in advance of the date on which the Company's proxy statement is released to stockholders in connection with the previous year's annual meeting of stockholders, except that if no annual meeting was held in the previous year or if the date of the annual meeting has been changed by more than 30 calendar days from the date contemplated at the time of the previous year's proxy statement, such a proposal must be received by the Company a reasonable time before the solicitation is made, together with the name and address of the stockholder and of the person to be nominated; a representation that the stockholder is entitled to vote at the meeting and intends to appear in person or by proxy to make the nomination; a description of arrangements or understandings between the stockholder and others pursuant to which the nomination is to be made; such other information regarding the nominee as would be required in a proxy statement filed under the proxy rules as set forth in the Securities Exchange Act of 1934, as amended (the "Securities Exchange Act"); and the consent of the nominee to serve as a director if elected.

Communications with Directors

In order to provide the Company's security holders and other interested parties with a direct and open line of communication to the Board of Directors, the Board of Directors has adopted the following procedures for communications to directors. The Company's security holders and other interested persons may communicate with the Chairman of the Company's Accounting and Audit Committee, the Chairman of the Personnel Committee, or with the non-management directors of the Company as a group, by mailing a letter addressed in care of the Corporate Secretary, AmBase Corporation, 100 Putnam Green, 3rd Floor, Greenwich, Connecticut 06830.

All communications received in accordance with these procedures will be reviewed initially by the Company. The Company will relay all such communications to the appropriate director or directors unless the Secretary determines that the communication:

does not relate to the business or affairs of the Company or the functioning or constitution of the Board of Directors or any of its committees;

relates to routine or insignificant matters that do not warrant the attention of the Board of Directors;

is an advertisement or other commercial solicitation or communication;

is frivolous or offensive; or

is otherwise not appropriate for delivery to directors.

The director or directors who receive any such communication will have discretion to determine whether the subject matter of the communication should be brought to the attention of the full Board of Directors or one or more of its committees, and whether any response to the person sending the communication is appropriate. Any such response will be made only in accordance with applicable law and regulations relating to the disclosure of information.

The Secretary will retain copies of all communications received pursuant to these procedures for a period of at least one year. The Personnel Committee of the Board of Directors will review the effectiveness of these procedures from time to time and, if appropriate, recommend changes.

Board Attendance at Annual Meetings

We have not established a formal policy regarding director attendance at our annual meetings of shareholders, but our directors generally do attend the annual meeting. The Chairman of the Board presides at the Annual Meeting of

shareholders, and the Board of Directors holds one of its regular meetings in conjunction with the Annual Meeting of shareholders. Accordingly, unless one or more members of the Board are unable to attend, all members of the Board are expected to be present for the Annual Meeting. All of the three members of the Board at the time of the Company's 2012 Annual Meeting of Stockholders attended that meeting either in person or telephonically.

Nomination of Directors

The Personnel Committee has adopted specifications applicable to members of the Board of Directors and for identifying and evaluating nominees for the Board of Directors recommended by the Personnel Committee or by shareholders. The specifications provide that a candidate for director should:

- have a reputation in the business community for integrity, honesty, candor, fairness and discretion;
- be knowledgeable in his or her chosen industry or field of endeavor, which field should have relevance to our businesses as would contribute to the Company's success;
- be knowledgeable, or willing and able to become so quickly, in the critical aspects of our businesses, as well as overall operations; and
- be experienced and skillful in communicating with and serving as a competent overseer of, and trusted advisor and confidant to senior management, of a publicly held corporation or other corporation.

In addition, nominees for the Board of Directors should contribute to the mix of skills, core competencies and qualifications of the Board through expertise in one or more of the following areas: accounting and finance; the financial industry; international business; mergers and acquisitions; leadership; business and management; strategic planning; government relations; investor relations; executive leadership development; and executive compensation.

The Personnel Committee does not have a formal diversity policy, although it considers diversity when it evaluates nominees for the Board of Directors in light of the qualifications summarized above, and endeavors to comprise the Board of Directors of members with a broad mix of professional and personal backgrounds. The Personnel Committee will consider nominees recommended by stockholders for election at the 2014 Annual Meeting of Stockholders that are submitted prior to December 20, 2013, to our Secretary at the Company's offices, 100 Putnam Green, 3rd Floor, Greenwich, Connecticut 06830. There are no differences in the manner in which the Personnel Committee evaluates nominee(s) for directors based on whether the nominee is recommended by a shareholder or otherwise. Any recommendation must be in writing and must include a detailed description of the business experience and other qualifications of the recommended nominee as well as the signed consent of the nominee to serve if nominated and elected, so that the candidate may be properly considered. All stockholder recommendations will be reviewed in the same manner as other potential candidates for Board membership.

Section 16(a) Beneficial Ownership Reporting Compliance

Based solely upon a review of the forms filed with the SEC and written representations received by the Company pursuant to the requirements of Section 16(a) of the Securities Exchange Act, the Company believes that, during 2012, there were no transactions with respect to the Company's equity securities which were not reported on a timely basis to the SEC, no late reports nor other failure to file a required form by any director, officer or 10% stockholder of the Company.

Certain Relationships and Related Party Transactions

Pursuant to the Company's Code of Business Conduct and Ethics ("Code of Conduct"), all employees (including our Named Executive Officers) who have, or whose immediate family members have, any direct or indirect financial or other participation in any business that competes with, supplies goods or services to, or is a customer of the Company or its subsidiaries, are required to disclose to us and receive written approval prior to transacting such business. No such relationships have been reported. Our employees are expected to make reasoned and impartial decisions in the workplace. As a result, approval of a business relationship would be denied if it is believed that the employee's interest in such a relationship could influence decisions relative to the Company's business, or have the potential to adversely affect the Company's business or the objective performance of the employee's work. In addition, the Company's Code of Conduct requires adherence to a number of other underlying principles which are important to the Company. These items include, but are not limited to, restrictions on disclosure of Company information, insider trading, and the protection and use of Company assets.

In connection with the Company's annual review of Directors independence, as described under "Director Independence" above, the Company reviews whether or not there have been any transactions with "related persons" as such term is defined in Item 404(a) of Regulation S-K. If a transaction was deemed to be a related party transaction, that transaction would be reviewed by the Company's Board of Directors.

Corporate Governance

In addition to the various procedures followed by the Company's Board of Directors as described herein, the Company maintains a separate Audit Committee and Personnel Committee. The Company believes the functions of its Board of Directors and existing committees essentially perform the responsibilities of a nominating and a corporate governance committee and therefore, the Company does not maintain these additional separate committees.

Mr. Bianco, the Company's President and Chief Executive Officer, additionally serves as the Chairman of the Company's Board of Directors. Given the Company's history, operations and its continuing pursuit of recoveries in the Supervisory Goodwill legal and other proceedings, the Company and the Board of Directors believe it is appropriate and most effective for Mr. Bianco to serve in these dual capacities. These considerations were based on Mr. Bianco's combined business experience prior to joining the Company and his responsibilities with the Company over the last twenty (20) years, including his position as President and Chief Executive Officer of Carteret Saving Bank during 1991 and 1992. The Board of Directors also considered the size of the Company's operations, cost considerations and the effectiveness of communication between the Company's management and the Board of Directors.

Risk Oversight

The Board of Directors monitors overall risk and performs risk assessment on a proactive basis by maintaining frequent, informal communications with the Company's senior management, in addition to the formal updates during Board of Directors and committee meetings.

The Board of Directors additionally monitors risk through direct interaction with the Company's senior management and also to a lesser extent direct communication with the Company's outside professionals for a specific expertise.

The Company hires highly qualified professionals to work on the Company's outside proceedings. The Company's management works closely with these professionals, assisting in the management of the proceedings and interacting with the professionals on a regular basis.

In setting compensation, the Personnel Committee considers the risks to our stockholders and to the achievement of the Company's goals that may be inherent in our compensation programs. The Personnel Committee concluded that the Company's compensation programs are designed with the appropriate balance of risk and reward to align employees interests with those of the Company and our overall business, and do not incent employees to take unnecessary or excessive risks. Although a portion of executive compensation is performance based and "at-risk" we believe our executive compensation plans are appropriately structured and are not reasonably likely to result in a material adverse effect on the Company.

INDEPENDENT REGISTERED PUBLIC ACCOUNTANT MATTERS

Report of the Accounting and Audit Committee

As set forth in more detail in the Accounting and Audit Committee (the "Audit Committee") charter (which is attached as Exhibit A), the primary purpose of the Audit Committee is to assist the Board of Directors in fulfilling its responsibility to oversee management's conduct of the Company's financial reporting process, including the oversight of the following:

financial reports and other financial information provided by the Company to any governmental or regulatory body, the public or other users thereof;

the Company's internal accounting and financial controls over financial reporting; and

the annual independent audit of the Company's financial statements.

The Audit Committee reviewed the Company's audited financial statements and met with both Company management and Marcum LLP, the Company's independent registered public accounting firm, to discuss those financial statements.

Management has represented to us that the financial statements were prepared in accordance with accounting principles generally accepted in the United States of America.

The Audit Committee has received from and discussed with Marcum LLP the written disclosure and the letter required by Independence Standards Board Standard No. 1 "Independence Discussions with Audit Committees."

These items relate to that firm's independence from the Company. The Audit Committee also discussed with Marcum LLP any matters required to be discussed by PCAOB auditing standards.

Based on these reviews and discussions, the Audit Committee recommended to the Board of Directors that the Company's audited financial statements be included in the Company's Annual Report on Form 10-K for the fiscal year ended December 31, 2012.

Audit Committee Pre-Approval Policy

Pursuant to its charter, the Audit Committee is responsible for selection, approving compensation and overseeing the independence, qualifications and performance of the Company's independent accountants. The Audit Committee has adopted a pre-approval policy pursuant to which certain permissible audit and non-audit services may be provided by the independent accountants. Pre-approval is generally provided for up to one year, is detailed as to the particular service or category of services and may be subject to a specific budget. The Audit Committee may also pre-approve particular services on a case-by-case basis. In assessing requests for services by the Company's independent accountants, the Audit Committee considers whether such services are consistent with the auditor's independence; whether the Company's independent accountants are likely to provide the most effective and efficient service based

upon their familiarity with the Company; and whether the service could enhance our ability to manage or control risk or improve audit quality.

There was no non audit-related tax or other services provided by Marcum in fiscal years 2012 and 2011.

COMPENSATION NARRATIVE

The following compensation narrative describes the material elements of compensation for the Company's officers identified in the Summary Compensation Table ("Named Executive Officers"). As more fully described above herein, the Personnel Committee consists of two independent directors of the Company.

The Personnel Committee is responsible for establishing the Company's compensation programs including benefit plans, retirement plans and the Company's stock option program, including approving the granting of stock option awards to the Company's officer and employees. The Personnel Committee annually reviews and approves all compensation decisions relating to the Company's officers, including Named Executive Officers.

The day-to-day design and administration of health, welfare and paid time-off plans and policies applicable to salaried employees in general are handled by the Company's management. The Personnel Committee is responsible for certain plan design changes outside the day-to-day requirements necessary to maintain these plans and policies.

The Personnel Committee has the ability to, and may from time to time, utilize the services of independent compensation consultants or other outside advisors in reviewing the Company's compensation programs, as they deem necessary.

Objectives of the Compensation Program

The Personnel Committee's overall objective in administering the Company's compensation programs is to attract, motivate and retain qualified personnel, reward corporate performance and recognize individual contributions on both a short-term and long-term basis. The Personnel Committee seeks to align the interests of these executives with those of the Company's stockholders by encouraging stock ownership by executive officers to promote a proprietary interest in the Company's success, and to provide incentives to achieve the Company's goals. In furtherance of these objectives, the Company's executive compensation policies are designed to focus the executive officers on the Company's goals. The Personnel Committee determines salary, bonuses and equity incentives based upon the performance of the individual executive officer and the Company. Management compensation is intended to be set at levels that the Personnel Committee believes fully reflects the challenges confronted by management.

The Company strives to provide a combined, overall competitive salary and benefits package, including annual cash bonus incentives, to retain qualified personnel who are familiar with the Company's operations and critical to the long-term success of the Company. The Company rewards personnel for contributions to a variety of matters, including the pursuit of claims, recovery of claims, compromising of actual and contingent liabilities, and attention to the maintenance of a controlled level of expenditures. Cash bonus incentives are utilized to reward above average corporate performance and recognize individual initiative and achievement which provide immediate and/or long-term value to the Company. Due to the nature of the Company's operations, focusing on the recovery of assets, with an emphasis on the recovery of the Company's investment in Carteret Savings Bank ("Carteret") through the Supervisory Goodwill litigation (which was settled in October 2012 pursuant to which the Company received a settlement award of \$180,650,000) and other proceedings, the Personnel Committee intends to continue its strategy of compensation through programs that provide an incentive for performance and for contributions to the Company's efforts to realize recoveries, achieve asset appreciation, eliminate liabilities and control costs.

Elements of Compensation

The Company's total compensation program for its officers consists of competitive market salaries, annual cash bonus awards, other benefits such as health and other insurance programs, a retirement plan in the form of a 401(k) Savings Plan, which is a qualified plan within the meaning of the Internal Revenue Code of 1986, as amended (the "Code") and may include stock option awards.

Due to cost considerations, administrative requirements and as part of an overall compensation philosophy, the Company seeks to maintain a minimal level of benefit programs and other perquisites.

Section 162(m) of the Code, as amended, imposes a limitation on the deduction for certain executive officers' compensation unless certain requirements are met. In that regard, the Company maintains a Senior Management Incentive Compensation Plan (the "1994 Plan"), which provides for an annual bonus pool based on a percentage of an increase in the Company's total stockholders' equity and/or an increase in the Company's market value. Payments pursuant to the 1994 Plan are intended to qualify as performance based compensation, which is deductible under Section 162(m). The 1994 Plan is not the exclusive plan under which the Executive Officers may receive cash or other incentive compensation or bonuses.

The Company has paid in the past, and reserves the right to pay in the future, compensation that is not deductible if it believes it is in the best interests of the Company. The Personnel Committee considered the provisions of Section 162(m) with regard to compensation paid in 2012. For 2012, a portion of the compensation paid to Mr. Bianco may qualify for deduction under the 1994 Plan. No bonuses were paid attributable to the 1994 Plan for 2011.

Base Annual Salary

Base annual salaries for Named Executive Officers (as defined below) are determined initially by evaluating the responsibilities of the position, the experience of the individual and the competition in the marketplace for management talent, and also may include comparison with companies confronting problems of the magnitude and complexity faced by the Company.

Base annual salaries are intended to be competitive with the overall market place, commensurate with the qualifications and experience of the Named Executive Officer. The Company's compensation structure is intended to provide the necessary incentive to retain and motivate qualified personnel. Individuals are encouraged to add value and provide benefit in all aspects of the Company's operations currently and in the future.

Base annual salaries and salary adjustments are evaluated on a number of factors. The most important factor is the executive's performance and contribution to the Company, followed by the performance of the Company, any increased responsibilities assumed by the executive and the competition in the marketplace for similarly experienced executives.

The salaries of the Named Executive Officers are reviewed on an annual basis, typically at the end of each year and may also be adjusted from time to time based on changes in responsibilities, changes in benefit programs or as a result of other external and economic factors.

Annual Bonus Awards

The Personnel Committee approved cash bonuses for officers and employees for 2012. Factors considered included the performance of the individual, performance of the Company, the Supervisory Goodwill settlement, total compensation level, the Company's financial position and other pertinent factors. This analysis was necessarily a subjective process which utilized no specific weighting or formula with respect to the described factors in determining cash bonuses.

Mr. Bianco was paid a bonus of \$13,565,000 for 2012 and \$110,000 for 2011. Mr. Ferrara was paid a bonus of \$950,000 for 2012 and \$32,500 for 2011. Mr. J. Bianco was paid a bonus of \$175,000 for 2012 and \$15,000 for 2011. Based on various considerations, significantly the Company's success in achieving the Supervisory Goodwill Settlement, longevity of employees with the Company, asset recoveries the current economic environment, the status of the Company's other proceedings and operations, the Personnel Committee determined that the 2012 bonus awards were appropriate. Mr. Bianco's bonus of \$13,565,000 was paid pursuant to his Employment Agreement as previously set forth and approved by the Company's Board of Directors; calculated based upon a percentage of the Supervisory Goodwill recovery received. An additional amount, to be determined, could be due to Mr. Bianco pursuant to the 2007 Employment Agreement, based on value realized by the Company with respect a gross-up for federal taxes

imposed on the settlement amount.

For 2012, the Personnel Committee considered the Named Executive Officers' integral roles in the Company's Supervisory Goodwill case and other pending proceedings which are significant to the Company. Emphasis was placed upon the Supervisory Goodwill Settlement Award of \$180.65 million received in October 2012. The payment to Mr. Bianco was paid pursuant to his 2007 Employment Agreement. Consideration was given to management's role in realizing the Supervisory Goodwill recovery on behalf of the Company and the continuing pursuit of federal income tax refunds for several prior tax years. The Personnel Committee also recognized management's continuing years of service with the Company and management's role in the maintenance of a controlled level of expenditures and continued cost reductions.

2007 Employment Agreement with the Company's President and Chief Executive Officer

An employment agreement, as amended, is in effect between Mr. Bianco and the Company (the "2007 Employment Agreement"), which provides for him to serve as Chairman, President and Chief Executive Officer of the Company through May 31, 2015. The employment agreement also provides for additional benefits, including his participation in various employment benefit plans and annual bonus eligibility for work performed on non-Supervisory Goodwill activities.

A major objective and focus for the Company has been the recovery of the value of the Company's investment in Carteret Savings Bank ("Carteret"), through successful litigation efforts (the "CSB Recovery Litigation"). Mr. Bianco has been instrumental in managing the Company's overall litigation effort and in developing and executing litigation strategies being pursued. In addition, as the former President and Chief Executive Officer of Carteret from May 1991 to December 1992, and one of the individuals who led the recapitalization efforts during that time frame, Mr. Bianco has intimate knowledge of Carteret, its operations and financial position which provided a basis for the CSB Recovery Litigation.

As part of Mr. Bianco's 2007 Employment Agreement, the Board of Directors wanted to continue annual bonus eligibility at the discretion of the Personnel Committee. In addition, the Personnel Committee wanted to provide an incentive arrangement, contingent solely upon the eventual success of the CSB Recovery Litigation. The Board of Directors and Personnel Committee considered the obstacles faced by the Company and the extended length of time to obtain a recovery and; therefore, believed, given the demands of the task, it was appropriate to provide an incentive arrangement to Mr. Bianco.

As a result, including but not limited to, the above considerations, during 2006, the Company entered into an employment agreement with Mr. Bianco (the "2007 Employment Agreement"). As part of the 2007 Employment Agreement terms: (i) Mr. Bianco's annual rate of base salary was \$625,000 per year during the first three years of the 2007 Employment Agreement with the amount of Mr. Bianco's base salary for subsequent years to be determined by the Personnel Committee, in its sole discretion; and (ii) Mr. Bianco's annual bonus opportunity each year was no longer linked to recovery efforts in connection with the Company's Supervisory Goodwill litigation. Instead, the Company and Mr. Bianco agreed to a long term incentive bonus formula, at varying percentages ranging from 5% to 10%, or more, based upon recoveries received by the Company for its investment in Carteret, through litigation or otherwise (including the Company's Supervisory Goodwill litigation). See Annual Bonus Awards above for information with regard to Mr. Bianco's bonus payment in 2012 pursuant to his 2007 Employment Agreement.

The Board of Directors and Personnel Committee utilized the services of an independent outside compensation consultant, Pearl Meyer & Partners, other outside advisors and independent legal counsel in connection with the 2007 Employment Agreement.

With the advice and consultation of outside advisors and given the challenges faced by the Company in its efforts to obtain a CSB Litigation Recovery, including the projected timeframe to achieve such a recovery, the Personnel Committee believed the 2007 Employment Agreement with Mr. Bianco, and its various components provided the necessary and appropriate incentives for the best interests of the Company and its shareholders. See Employment Contracts, below for a further discussion of Mr. Bianco's employment agreements.

Retirement/Pension Benefits

401(k) Savings Plan

The only retirement type plan maintained by the Company is the Company's 401(k) Savings Plan (the "Savings Plan"). Pursuant to the terms of the Savings Plan, employees can make contributions which are 33% matched by the Company. The employee and the employer matching contribution are subject to the maximum limitations as set forth in the Internal Revenue Code of 1986, as amended.

The Company's matching contributions to the Named Executive Officers aggregated approximately \$22,000 in 2012 and \$21,000 in 2011.

Stock Options

The Company maintains the 1993 Stock Incentive Plan, which authorizes the grant of stock options. The Personnel Committee did not grant any stock options in 2012. In 2008, the Board of Directors of the Company and the Company's stockholders approved an amendment, the 1993 Stock Incentive Plan, to extend the termination date thereof for an additional ten (10) years to May 2018, with other appropriate amendments to keep the 1993 Stock Incentive Plan up to date with current regulations.

If awarded, stock option grants are generally awarded as incentive stock options intended to qualify for favorable tax treatment under Federal tax law. The exercise price of stock option grants is set at the fair market value of the Company's common stock on the date of grant. Accordingly, stock option grants would only have value if the market price of the common stock increases after the date of grant. Stock option grants generally have a 10 year term and vest in equal installments over a 2 year period. In determining the size of stock option grants to officers, the Personnel Committee considers the individual's contributions to the Company, Company performance and previously issued stock options grants.

Stock option awards are granted to encourage stock ownership by the Named Executive Officers, to provide further incentive to the achievement of the Company's goals and to align the interests of the Named Executive Officers with those of the Company's stockholders.

Practices Regarding the Grant of Stock Options Awards

If granted, the Personnel Committee makes grants of stock options or other equity based awards to the Named Executive Officers or employees of the Company generally at the beginning of each year. The Company does not have any program, plan or practice to time grants of stock options or other equity based awards in coordination with the release of material non-public information or otherwise.

All stock option awards made to the Company's Named Executive Officers, or any of our other employees, are made pursuant to the Company's 1993 Stock Incentive Plan with an exercise price equal to the fair market value of the Company's common stock on the date of grant. Fair market value is determined based upon the closing market price of a share of the Company's common stock on the date of grant. The Company does not have any program, plan or practice of awarding options and setting the exercise price based upon a stock price other than on the fair market value on the date of grant. The Company does not have a practice of determining the exercise price of options grants by using the lowest prices of the Company's common stock in a period preceding, surrounding or following the date of grant.

Other Benefits

The Company provides only a limited number of additional benefits and perquisites. Such additional items, to the extent provided, are included as Other Compensation in the Summary Compensation table presented herein. The benefits and other perquisites are reasonably consistent with general competitive market practices.

Items provided by the Company include, depending on the Named Executive Officer, Company paid term life insurance at up to two times the individual's base annual salary, Company paid long-term disability insurance with a monthly benefit up to 60% of the individual's base monthly salary, supplemental medical and dental coverage for costs not covered under the base health insurance plans, and depending on the Named Executive Officer, reimbursement for income tax services and Company provided transportation. Health and welfare plans are provided through outside insurance carriers. Benefits generally available to all full-time employees of the Company are not included herein.

The Company does not provide any other type of deferred compensation programs nor does it provide or have outstanding loans with the Named Executive Officers or any other employee of the Company.

1994 Senior Management Incentive Compensation Plan

Under the Company's 1994 Senior Management Incentive Compensation Plan (the "1994 Plan"), any executive officer of the Company whose compensation is required to be reported to stockholders under the Securities Exchange Act of 1934 (the "Participants") and who is serving as such at any time during the fiscal year as to which an award is granted, may receive an award of a cash bonus ("Bonus"), in an amount determined by the Personnel Committee of the Company's Board of Directors (the "Committee") and payable from an annual bonus fund (the "Annual Bonus Pool"). The Committee may award Bonuses under the 1994 Plan to Participants not later than 120 days after the end of each fiscal year (the "Reference Year").

If the Committee grants a Bonus under the 1994 Plan, the amount of the Annual Bonus Pool will be an amount equal to the sum of (i) plus (ii), where:

(i) is ten percent (10%) of the amount by which the Company's Total Stockholders' Equity, as defined, on the last day of a Reference Year increased over the Company's Total Stockholders' Equity, as defined, on the last day of the immediately preceding Reference Year; and

(ii) is five percent (5%) of the amount by which the Company's market value, as defined, on the last day of the Reference Year increased over the Company's market value on the last day of the immediately preceding Reference Year.

Notwithstanding the foregoing, the 1994 Plan provides that in the event of a decrease in either or both of items (i) and/or (ii) above, the Annual Bonus Pool is determined by reference to the last Reference Year in which there was an increase in such item. If the Committee determines within the 120-day time period to award a Bonus, the share of the Annual Bonus Pool to be allocated to each Participant shall be as follows: 45% of the Annual Bonus Pool shall be allocated to the Company's Chief Executive Officer, and 55% of the Annual Bonus Pool shall be allocated pro rata to each of the Company's Participants as determined by the Committee. The Committee in its discretion may reduce the percentage of the Annual Bonus Pool to any Participant for any Reference Year, and such reduction shall not increase the share of any other Participant. The 1994 Plan is not the exclusive plan under which the Executive Officers may receive cash or other incentive compensation or bonuses.

The Company has paid in the past, and reserves the right to pay in the future, compensation that is not deductible if it believes it is in the best interests of the Company. The Personnel Committee considered the provisions of Section 162(m) with regard to compensation paid in 2012. For 2012, a portion of the compensation paid to Mr. Bianco may qualify for deduction under the 1994 Plan. No bonuses were paid attributable to the 1994 Plan for 2011.

Personnel Committee Summary

The Personnel Committee believes that its compensation programs, mixing equity and cash incentives, will continue to focus the efforts of the Company's executive officers on long-term growth for the benefit of the Company and its stockholders. The Personnel Committee has found all the components of Company's officers' compensation to be fair, reasonable and appropriate.

The amounts shown for 2011 reflect the aggregate of the grant date fair value of stock option awards granted and vested in 2011. The values shown for stock options are theoretical. EMPLOYMENT CONTRACTS

An employment agreement, as amended, is in effect between Mr. Bianco and the Company, (the "2007 Employment Agreement"). The terms of the 2007 Employment Agreement provide for Mr. Bianco to serve as Chairman, President and Chief Executive Officer of the Company. On December 30, 2011, the Company and Mr. Bianco agreed to an amendment to Mr. Bianco's Employment Agreement with the Company, to extend the term of Mr. Bianco's employment with the Company to May 31, 2015 from May 31, 2012 (the "Employment Period"). Under the terms of the 2007 Employment Agreement, Mr. Bianco was entitled to receive an annual base salary of \$625,000 for the first three (3) years and was then eligible for discretionary increases to the amount of his base salary in subsequent years. The 2007 Employment Agreement provides for discretionary annual bonuses (which may not take into consideration his efforts to obtain a recovery for the Company of its investment in Carteret Savings Bank, FA), employee benefit plans participation, and certain long-term disability benefits. The 2007 Employment Agreement provides a long-term incentive arrangement for Mr. Bianco (the "Long-Term Incentive Award"), whereby, should the Company receive a recovery of its investment in Carteret Savings Bank, FA, through litigation or otherwise (including the Company's Supervisory Goodwill litigation) (the "Recovery Amount"), Mr. Bianco will receive, with certain exceptions, a lump-sum payment equal to a percentage of that recovery, as follows:

Long-Term Incentive Award = 5% of the first \$50,000,000 of Recovery Amount;

Plus

8% of Recovery Amount in excess of \$50,000,000 but not greater than \$150,000,000;

Plus

10% of Recovery Amount in excess of \$150,000,000 but not greater than \$250,000,000;

Plus

Discretionary amount (not less than 10%), to be determined by the Board, of Recovery Amount in excess of \$250,000,000.

Pursuant to the terms of the 2007 Employment Agreement between Mr. Bianco and the Company as amended, and the receipt by the Company of \$180,650,000 as part of the Supervisory Goodwill legal proceedings Settlement Agreement, Mr. Bianco received a bonus payment of \$13,565,000 as calculated in accordance with the 2007 Employment Agreement. An additional amount, to be determined, could be due to Mr. Bianco pursuant to the 2007 Employment Agreement, based on value realized by the Company with respect a gross-up for federal taxes imposed on the settlement amount.

Under the terms of the 2007 Employment Agreement, if no recovery has been obtained by the Company by the expiration of the 2007 Employment Agreement, the Company and Mr. Bianco can enter into a consulting arrangement pursuant to which, following his employment with the Company, he will continue to provide services to the Company as an independent contractor, solely for the purpose of assisting the Company in obtaining such a recovery.

The Long-Term Incentive Award to Mr. Bianco is to be paid in the future (i.e., whether during or after the Employment Period and/or the Consulting Period) except if Mr. Bianco willfully refuses to cooperate in a reasonable fashion with the Company and/or the Board in connection with the Company's efforts to obtain a Recovery Amount, in which case he would forfeit his entitlement to receive a Long-Term Incentive Award.

During the Employment Period, if Mr. Bianco voluntarily resigns or has his employment with the Company terminated by the Company for cause (as set forth in the 2007 Employment Agreement), Mr. Bianco will forfeit his entitlement to receive the Long-Term Incentive Award. If Mr. Bianco becomes disabled (as set forth in the 2007 Employment Agreement) or dies, Mr. Bianco or his estate, as applicable, would be entitled to receive the Long-Term Incentive Award upon the Company's receipt of the Recovery Amount, regardless of when the Recovery Amount is received by the Company. If the Company terminates Mr. Bianco's employment with the Company without cause, Mr. Bianco or his estate, as applicable would be entitled to receive the Long-Term Incentive Award upon the Company's receipt of the Recovery Amount, regardless of when the Recovery Amount is received by the Company.

Mr. Bianco's employment under the 2007 Employment Agreement automatically terminates if Mr. Bianco dies during the term of the Employment Period and can be terminated by the Company at its option for cause (as set forth in the 2007 Employment Agreement) or Mr. Bianco's inability to engage in any substantial gainful activity (as set forth in the 2007 Employment Agreement).

In the event the Company terminates Mr. Bianco's employment for any reason other than those permitted pursuant to the 2007 Employment Agreement, Mr. Bianco would be entitled to receive a lump-sum amount equal to the salary payments provided for in the 2007 Employment Agreement for the remaining term thereof, following the passage of a six (6) month period from the date of his termination. As of December 31, 2012, the aggregate lump-sum amount of such salary payments, pursuant to the 2007 Employment Agreement, would be approximately \$1,510,000.

In the event that the employment of an employee terminates by reason of retirement, option agreements generally shall be exercisable for a period of three years after such retirement date. If an option is exercised after cessation of employment for any reason, including retirement, it may only be exercised to the extent of shares previously vested, as of such date, provided, however, that the option may not be exercised after the expiration of the option term.

Additionally, stock options may, in the sole discretion of the Personnel Committee, become exercisable at any time prior to the expiration date of the option award for the full number of awarded shares or any part thereof, (less any options previously exercised under the option agreement) (i) after the employee ceases to be an employee of the Company as a result of the sale or other disposition by the Company of assets or property (including shares of any subsidiary), or (ii) in the case of a change in control of the Company. PROPOSAL NO. 2 - APPOINTMENT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

Based on the direction of the Audit Committee, the Board of Directors is proposing that the stockholders approve the appointment of Marcum LLP as the independent registered public accounting firm for the Company for the year ending December 31, 2013. The Company has been advised by Marcum LLP that neither that firm nor any of its partners had any direct financial interest or any material indirect financial interest in the Company, or any of its subsidiaries, except as independent certified public accountants. A representative of Marcum LLP is expected to be present at the Annual Meeting with the opportunity to make a statement, if he or she desires to do so, and to respond to appropriate questions from the stockholders.

The Board of Directors recommends a vote FOR approval of the appointment of Marcum LLP.

PROPOSAL NO. 3 – STOCKHOLDER PROPOSAL - RECOMMENDATION TO LIQUIDATE THE COMPANY

Mr. Elliot H. Herskowitz and Mr. Neil Herskowitz, owners of Riverside Contracting, LLC ("Riverside Contracting"), 730 Columbia Avenue, Suite 16F, New York, NY 10025, who together own 130,000 shares of common stock, have notified the Company that they intend to present the following proposal at the 2013 Annual Meeting of Stockholders. To be adopted, this resolution, which is opposed by the Board of Directors, would require the affirmative vote of the holders of at least a majority of the shares of common stock present in person or represented by proxy at the meeting and entitled to vote. The Board of Directors unanimously recommends that you vote AGAINST the proposal.

For the reasons discussed below, the Board of Directors believes implementation of the stockholder's proposal is not in the best interest of the Company's stockholders. **THE BOARD OF DIRECTORS URGES YOU TO VOTE "AGAINST" THE STOCKHOLDER RESOLUTION (VOTING ITEM 3).**

The stockholder proposal and the proponent's supporting statement, exactly as received from the Proponent is included below. All statements therein are the sole responsibility of Riverside Contracting. The proponent's statement is followed by the Board's explanation of its reasons for opposing the proposal.

SUPPORTING STATEMENT OF THE PROPONENT

RESOLVED – Shareholder request and recommend that the Company liquidate.

Supporting Statement

The primary goal of the Company well over the last fifteen years was the prosecution of the Company's claims in the Court of Federal Claims. On August 31, 2012, AmBase announced a settlement of their claims for over \$180 million. This was a remarkable accomplishment, and management certainly did a wonderful job in achieving this result. Indeed, based on previous compensation arrangements, management earned a very significant incentive award for this outstanding conclusion.

On December 10, 2012, the Company paid out a \$2.00 cash dividend to its shareholders. While this was a very significant distribution; it still left approximately \$90 million in cash or equivalents – virtually identical to the amount distributed. Shareholders of the Company waited a very long time to see the results of this litigation, in hopes of reaping the benefits when it occurred. To date, the Company has made no disclosure of how much cash it has left after the settlement and its related transactions. The Company has also been silent as to the potential usage of these sums.

Shareholders invested in the Company, to benefit from the results of the litigation. Now that this has come to fruition, shareholders deserve to see the entire benefit through a complete liquidation.

The above Resolution and Proposal is meant to help guide our Board in achieving the results long sought by its shareholders. Shareholders are strongly urged to vote "YES" on this proposal.

BOARD OF DIRECTORS' STATEMENT IN OPPOSITION TO THE STOCKHOLDER PROPOSAL

The Board of Directors unanimously recommends a vote AGAINST this proposal. For the reasons set forth below, the Board of Directors believes that the approval of this proposal would not be in the best interest of the Company and its stockholders.

The Board, which includes persons familiar with the Company's business over many years, believes that it is in the best position to make decisions about business matters affecting the Company and its stockholders. As in the past, the Board will continue to act in what it considers to be in the best interests of the Company's stockholders. In doing so, the Board on a continuing basis reviews with the Company's management available strategic alternatives in an effort to optimize the opportunities for enhancing overall stockholder value.

The stockholder proposal commends the Company's achievement of the Settlement Agreement as "a remarkable accomplishment and [that] management certainly did a wonderful job in achieving this result."

As noted by the stockholder and as demonstrated by the Company's success in achieving a \$180.65 million settlement of the Supervisory Goodwill proceeding, with a tax gross-up ("...in an amount to be determined if and when any federal taxes should be imposed on the Settlement Amount..."), the Company's strategy is working and the Board believes the continued efforts by the Company's management will provide greater stockholder returns than an immediate, complete liquidation of the Company.

The stockholder proposal focuses on the narrow alternative of liquidation and requests that the Board pursue a complete liquidation of the Company. The proposal also implies without any analysis or support for such conclusion that the Company could be liquidated at this time and if it could be liquidated currently, it would be for an amount that would result in an immediate distribution to stockholders that would exceed the value that could be realized by stockholders if other strategic alternatives are considered. We do not believe this is the case nor do we believe it would be a feasible course of action.

The Supervisory Goodwill legal proceeding Settlement Award of \$180.65 million was received in October 2012. Subsequently, the Board of Directors approved and in December 2012 paid to stockholders a \$2.00 per share cash dividend. Receipt of the Supervisory Goodwill Settlement award resulted in the Company's stock price increasing to a closing price of \$3.14 per share on October 31, 2012 from a closing price of \$1.07 per share on January 3, 2012. The Company's closing stock price on January 31, 2013, after payment of the December 2012, \$2.00 per share cash dividend, was \$1.18 per share. We believe this was a tremendous achievement for stockholder value.

As part of the Settlement Agreement, the Company "is entitled to a tax gross-up in an amount to be determined if and when any federal taxes should be imposed on the Settlement Amount." Pursuant to the Settlement Agreement, any proceedings relating to this provision shall be pursuant to Rule 60(b) of the Rules of the United States Court of Federal Claims. We believe a substantial amount of work is necessary to protect the Company's interests with regard to the federal tax gross-up. Potential federal taxes on the \$180.65 million Settlement Award, (not including federal tax on the gross-up payment and possible state taxes), could be in excess of \$60 million if tax attributes and the Settlement Agreement tax gross-up provisions are not utilized. The Company plans to continue to protect and maximize stockholder interests and value, with the goal of minimizing any federal and state tax liabilities and maximizing any federal tax gross-up recovery pursuant to the Settlement Agreement, including protecting the Company's valuable federal and state tax attributes. The Company believes that pursuing liquidation at this time could jeopardize, in whole or in part, the Company's rights to a recovery of a tax gross-up of federal taxes under the Supervisory Goodwill Settlement Agreement, which also could diminish stockholder value.

The Company is continuing to work through various federal and state tax return matters for numerous interrelated tax years. Due to the significant amounts to be reflected on the Company's 2012 income tax returns, the Company's tax returns could be subject to tax authority audits which could potentially take an extended period of time to finalize. In

this regard the Company, after these various matters are ultimately concluded, could be left with significant tax attributes which could have future value. If the Company were to liquidate at this time, it could lose potential valuable tax attributes.

The Company currently has a case pending in the United States Court of Appeals for the Second Circuit seeking federal tax refunds for tax year 1989, plus interest (the "Carryback Claims"). Although the Company can give no assurances as to the final amount of refunds in this matter, if any, or when they might be received, the Company is vigorously pursuing this matter in an effort to realize the maximum recovery possible for the Company and its stockholders. If the Company was to liquidate at this time, the chance of a recovery for these Carryback Claims could be compromised.

In addition, even if the Board believed it was beneficial to liquidate the Company at this time, due to the complexities relating to the Company's current tax positions, the Board does not believe it is in the best interests of the Company's stockholders to liquidate at this time. The Company would be required to follow taxing authority liquidation procedures including obtaining state tax clearance certificates. The Company would need to set aside significant funds and establish a mechanism, on behalf of the Company, to satisfy potential federal and state tax liabilities, and other potential liabilities, before any liquidation proceeds could be distributed to stockholders. Pursuant to transferee legal liability requirements if the Company distributed all of its assets without properly resolving, satisfying and/or providing for its tax liabilities, it is possible that stockholders-distributees of the Company could be held jointly and severally liable for unpaid taxes of the Company to the extent of assets received.

The Board of Directors and Company management will continue to work to enhance stockholder value. The Board will be considering future asset acquisitions to enhance stockholder value. Areas currently being considered are the acquisition of a controlling interest in another company or the purchase of commercial real estate.

For various reasons, included those noted herein, the Board believes that the implications arising from embracing a plan of complete liquidation would have a detrimental effect on the Company's stockholder value. The Board should retain its full discretion to determine the future course of the Company and should not be asked to pursue a limited course of a liquidation of the Company. The Board of Directors believes that your vote AGAINST the proposal will be in the best interests of the Company and all its stockholders.

FOR THE REASONS AS NOTED HEREIN, THE BOARD UNANIMOUSLY RECOMMENDS STOCKHOLDERS VOTE AGAINST THIS PROPOSAL.
