ITEM 8.01	OTHER EVENTS
-----------	--------------

On August 8, 2008, Stryker Corporation was informed that the United States Department of Justice and the United States Department of Health and Human Services, Office of Inspector General ("HHS") would seek judicial enforcement of a subpoena that had been issued to the Company. By that time, the Company had produced numerous documents and other materials to HHS in response to the subpoena and had been working with HHS to attempt to narrow the scope of the requested production. On August 15, 2008, the Company filed a complaint in the United States District Court for the District of New Jersey to quash the subpoena and seek other appropriate relief on the grounds that the subpoena is overbroad and oppressive.

As previously announced in September 2007, the Company entered into a non-prosecution agreement with the United States Attorney's office in Newark, New Jersey in connection with its investigation of consulting practices in the orthopaedic industry. Subject to the satisfaction of certain conditions, the non-prosecution agreement provides that the Company will not be prosecuted for violations of physician self-referral and anti-kickback laws in connection with these consulting practices. The Company did not pay a fine in connection with the non-prosecution agreement and was not released from any civil liabilities. Subsequent to entering into the non-prosecution agreement, HHS issued the civil subpoena to the Company in connection with HHS's investigation of the Company for allegedly submitting false or otherwise improper Medicare and Medicaid claims and potential violations of physician self-referral and anti-kickback laws.
